The house mother is an absolute dick of a woman ... And see the way she slags of Scottish woman as if they are lazy she’s demoralising and just exploitive she knows things have changed dramatically over the years. She thinks she’s hard by the way she speaks to them	Woman	Gender - General	2/49	4.082
This is what women fall on, when they don’t educate themselves. Comic patrice o neal put it fantastically, basically saying women use their sex to get on in life, while men use their brains. This kind of thing, just ecentuates how very true that is.Women, stop twerking, stop dressing slutish, get some class and use your bloody brains! If you can’t, then maybe society should reconsider ever having given women the right to a vote, let alone an opinion, away from her kitchen sink!	Sex	Gender - General	1/85	1.176
‘Tonight I’m going to make lots of money, like £100’ my god these girls are so dam underpaid it’s actually disgusting, strippers should be making around a thousand a night, looks like this particular club isn’t professional at all and the house mother is a greedy drug addict feeding from these girls for her own needs. As a woman , it makes me want to go into strip clubs and pay for a "lap dance," just so I can take them into a private room, tell them to sit down and take a break from grinding on men. You know Kim is snorting coke too.	Woman	Gender - General	1/48	2.083

Damn when they said how much they make per dance or per night THATS CRAZY!!! Like her in the US the girls that are strippers (who aren't drug addicts and nasty crack heads) make GOOD money like they bring home hundreds a night when they work so it makes me feel really bad for those girls and they seem like really gorgeous, decent, good girls!!! I don't like the stigma that is attached to strippers either, like yes some girls who strip are just naturally gross that do it for sex and drugs, but then you have girls like these girls at Diamond Dolls who are literally good girls that don't do drugs or prostitute themselves and shit, they just do it as a job and go home and even though I would never be able to do that kind of job and it's not for everyone, I respect these kind of girls who are decent, good and hard working women that just see it as a job and that's it! I wish these beautiful girls all the best luck in their lives and hope they get to where they want to be career/financially!! Kim has to be my favorite thus far and I'm so happy she got a really decent job full time at a bank. She's intelligent, kind, and beautiful and too good of a woman to do anything that doesn't make her happy. This applies to all other girls too.	Woman	Gender - General	1/49	2.041

This house mom is hilarious! She acts like she owns these girls! also 100.00 on a holiday night?!? HELL NO! I'm not sure how old this documentary is but girls here can make 100 'per dance' EASY!! Someone's gettin paid and it sites the hell ain't the ones working for it!!	Old	Age - Over 65s	1/51	1.961
I just watched a video of a stripper who made 700 in 4 hours compared to that chick these broads are are being ripped off. Once again, I'm so proud to be Scottish These lassies are just adorable and so is the wee Estonian girl too. The house mother saying that women use their bodies to get things etc, she's nailed it! There's nothing wrong with that either - I know there's gonna be an army of frumpy feminists frothing at the minge with me saying that, but that's just their jealousy! I'm 40, fat and only wish I could use my body to my advantage - I'm 5'11 and that's the only decent thing about me! I have to rely on my intellect and rapier wit to get by in life.....which is why I'm flat broke . Naw, I'm happy enough and have been married for near 20 years with 3 grown kids. 2 are girls over the age of 18 and provided they were happy, safe and getting decent money, I'd not give a toss about them stripping etc. There's no shame in it. Strippers and dancers work hard, they have to deal with a lot of bullshit too and I'm well impressed that they can get through it! Good on them - at least they're working and earning. Plenty of wankers out there slagging them off and usually it's the ones who've never worked a day in their lives and only wish they could shoe-horn their fat bodies into a pair of tiny knickers! This documentary is lying to us. How about the drugs and alcohol in the industry? You could tell what Kim's sniffing is about. Addiction is rampant with strippers. It helps them be numb. And what about prostitution, aka having "dates" with customers? That is where the real money is made and where the danger becomes very real for the women. And the Boss Lady does not disclose these parts of the danger and the ugly underbelly of stripping. She probably lies to herself about these things too to convince herself she is doing something "good". AND the wages are the worst I have ever heard of. Chris, the mom being the ring leader, queen of exploting her kids and making \$\$\$, from their exploitation, fame whores, attention whores, money whores. Mom is nothing more than a pimp, they were not born rich. Upper middle class, they are " famous" for nothing but being famous, very little actual talent, not singers. Not actresses, etc....they are a made up , manufactured family, add water, instant reality scripted TV. Empty. Vapid, offensive, when Kim, the biggest whore of all married kris humpries it was at the encouragement of her mom to boost ratings, generate buzz and to shamelessly promote their show, they were only married for 72 days or so. These women need to tour the US. Women can make thousands a night here! I can't believe they're only making 100 pounds(thats about \$130 USD) a night, that's ridiculous... The stigmas attached to adult work are so stupid. It's a job. Everyone is happy, no one is getting hurt, that's all that matters. <p>They need to get to the USA, man. I dated a stripper in my younger days, man; and her story were a lot like a lot of these girls, I mean she were an ex-college basketball player but were super beautiful and had a degree in teaching and what; but could not save enough money teaching and what. So she took to stripping for awhile and were as what able to buy her own her house and what have a nice nest egg for herself, and had enough to also buy a nice there car, in like a few years. It paid off for her. She were pulling down on average probably 400 a night; and this as was like 20 years ago or so, some nights making up to almost a thousand. It were like crazy money; and this was oh her as being someone that were not a total slut about it. What you got in Scotland or the UK is totally like oh slavery man. Girls in the USA would never let that be. It has been probably twenty years since I were last in a strip club and what. So I agree; freaking robbery what UK girls get paid. They obviously have not known any better money than that. In the USA you are making a 100 pounds worth of cash in the first 2 hours on a decent night in an decent enough busy area. And you can barter your own hourly individual rate. So if you think that you are worth oh 20 pounds a dance then there is your price. The owner establishes nothing of what how much girls get to charge. The girls just as lease the club space and use it like their own independent work space, with of course following certain law guidelines and what. The USA is so much better if you especially are a woman willing and beautiful enough, for the stripping biz. In the USA as I mean a girl easily could make it her actual lucrative career for as long as she keeps herself fit basically, as older.</p>	Crazy, Nothing, Woman	Age - Youngsters, Gender - General, Physical Identity - Physical (and Mental) Impairments	3/352	0.852
<p>Lara Lexus New Zealand probably has a much smaller population and more resources per person. In the UK it's pretty bleak for many people. Scotland probably has one of the highest proportion of people in poverty, so I imagine the women could be undercut by more desperate women if they started raising their prices. Also, the men don't have the free capital to be spending it in strip clubs. Those at the apex of the socio-economic pyramid probably have second homes in London, or even in the US or Singapore... So the strip clubs in places like Scotland are most likely full of relatively poor people. I didn't even know they had strip clubs in Scotland, not the kind of place you would imagine strip clubs to exist really. It's cold, wet, nobody has any money, high unemployment, high drug addiction and alcoholism.... I can imagine New Zealand being much more conducive to having high quality venues in comparison to Scotland.</p>	Nobody	Age - Youngsters	1/161	0.621

When she was drunk at that party it became obvious, youre right. But dont be quick to jugde by a sniffle. I get them because i had a toncilectomy and my adenoids taken out, its a common surgery and causes your nose to run constantly afterwards	Common	Social Class - Working class	1/46	2.174
Its funny how women promote adult services that involve women but they feel threatened by sex dolls and sex robots that were created in the image of women. Women want control over all of mens money and resources. But now men can get their needs me without even dealing with women at all.	Sex	Gender - General	2/53	3.774
Flora Nogales Exactly!! Is this an old documentary or something? I really can't believe they only make 8\$ per dance... WOW	Old	Age - Over 65s	1/21	4.762

Tasha Harris This was filmed in late 2013, early 2014, which is definitely not "really old " or 10 years ago. It was a 3 part series on Channel 4 and was filmed all across Scotland in Glasgow, Edinburgh and Aberdeen. It was released on Netflix in 2018, if any of you want to watch all 3 full episodes. I bet you don't live in Scotland.... Scotland is high unemployment, high alcohol consumption, low wages.... If you charged £20 you would be in an empty room by yourself.... The wee laddos havney the cash luvvie.	alcohol	Behavioural Addiction - Alcohol	1/36	2.778

Squishing Crisps in the USA these girls would not on their life; would have us allowed to be paying that little or even 8 pounds for a water; let alone a dance. So the economy must be pretty wrecked out there. But still strip clubs are operated as totally different the USA. In the USA the girls pay a daily lease fee; so they pay for their use of the club so as they're on their own, and are of no obligation to the owner beyond that. They set their own price; for what here they charge per dance; at least 20 years ago in the part of Washington State of the USA, where I live. Which as makes sense. In Scotland it is more like socialism stripping; like a communist version of a strip club. Share and share alike. Where in the USA it is like everyone is an independent worker and every girl for herself. No one here shares with the boss in like a divvying scenario. If so? the girls would revolt, start up their own strip site on the net, and make a ton.	Communist	Ideological and Political Identity - General	1/188	0.532

Its an escort agency packed up 2 absolute sheer capacity with young Romanian and polish girls who have been trafficked from their own Eastern European countries by vicious pimp's!!! The whole entire place needs closing down!!! Not only that place but every other single escort agency out here in the UK!!!! Because the fact is there's a lot of eastern European pimps bringing young girls to the UK for sex work!!!! It's illegal!!!!	Sex	Gender - General	1/73	1.37
Of course the house gets a cut. You have to pay to not dance on stage too. The club pays taxes (it is legal), but there are loops. Some of the entertainers who do the private dances in VIP do include sex acts. I AM NOT OR HAVENT BEEN A STRIPPER. FYI LOL! Just sharing known facts	Sex	Gender - General	1/57	1.754
