<p>Food for thought for the Ante-Semite: 'He who saves a life saves the world' is a quote from the Torah, thousands of years later it was paraphrased in the Koran. This statement's origins are undeniable. Had you been in a position to save the life of a physician who then went on to save many lives, in essence, through cause and effect you would not have saved just one life; but multitudes. It is arguable that had you been in a position to kill Adolf Hitler as a child, the opposite would be true and countless millions across Europe would not have perished. This, of course, is hypothetical but cause and effect has a vast impact on our lives and the existence of every human being. Anti-Semites are easily led and follow a particular pattern – in the main they are of low intelligence and are fascinated by conspiracy theories; (if suited to their purpose) which they eagerly adopt. The bearing of false witness is their predominant trait; passed down to them through the ages. As their antecedents were willing to bear false witness - so they have adopted the practice. This flouting of the Ninth Commandment is what their existence is based upon. In the modern world, we also have pseudo Ante-Semites, jumping on the bandwagon; they are your common or garden trolls who in the main hate humanity in general; invariably they have no life of their own and find gratification in hating all and sundry, masking their self-loathing in the process. Hatred of the Jews is primarily based on jealousy, the jealousy of success gained through hard work and ingenuity and a creed of helping each other; an eagerness to learn and to pass on that learning. The most famous Jew was of course Jesus Christ; who according to ancient history was born with these traits. From what moment in time do Ante-Semites find it acceptable to have a blanket hatred of Jews BC or AD? If it is BC then Christ's maternal grandparents, who were Jewish, would have been candidates for mindless hatred. The Irony of the Ante-Semites is that many of them would not exist today without the contribution that Jews have made to Medicine. If they themselves had not been saved by one of these medical breakthroughs; you can be sure that their antecedents would have been. Of course had their antecedents perished they would not exist. The following list speaks for itself. • [1] Fritz Haber, Synthetic Fertilizer (Haber-Bosch process): $(1/2) \times 2.72 \text{ Billion} = 1.36 \text{ Billion Lives Saved}$ • [3] Karl Landsteiner, Blood Transfusions (identification of blood groups): $(1/2) \times 1.16 \text{ Billion} = 580 \text{ Million Lives Saved}$ • [4] Richard Lewisohn, Blood Transfusions (sodium citrate blood preservation method): $(1/2) \times 1.16 \text{ Billion} = 580 \text{ Million Lives Saved}$ • [8] Abel Wolman, Chlorination of Drinking Water: $(1/2) \times 182 \text{ Million} = 91 \text{ Million Lives Saved}$ • [11] Benjamin Rubin, Smallpox Eradication (bifurcated inoculation needle): $(1/4) \times 142 \text{ Million} = 35.5 \text{ Million Lives Saved}$ • [12] Aaron Ismach, Smallpox Eradication (jet injector gun): $(1/4) \times 142 \text{ Million} = 35.5 \text{ Million Lives Saved}$ • [16] Samuel Katz, Measles Vaccine: $(1/8) \times 124 \text{ Million} = 15.5 \text{ Million Lives Saved}$ • [22] Sir Ernst Chain, Penicillin: $(1/4) \times 86 \text{ Million} = 21.5 \text{ Million Lives Saved}$ • [26] David Nalin, Oral Rehydration Therapy for Cholera: $(1/5) \times 59 \text{ Million} = 11.8 \text{ Million Lives Saved}$ • [28] Norbert Hirschhorn, Oral Rehydration Therapy for Cholera: $(1/5) \times 59$</p>	<p>Blind, Common, Fritz, Nation, Race</p>	<p>Ethnicity - General, Nationality - General, Nationality - German, Physical Identity - Physical (and Mental) Impairments, Social Class - Working class</p>	<p>18/1686</p>	<p>1.068</p>

The terrorist attacks on Israel are not about land at all, as has already been proven. They derive from religion, the religion of Islam, jihad and Jew hatred, something found in the verses and teachings of the koran. Israel's enemies do not want peace. They want the total destruction of Israel and its people, simply because they are Jews and "infidels." Also, their leaders do not want peace, since it would put a stop to their lives of luxury. And, so, they make up lie after lie after lie, and ignorant people, many of whom already harbor antisemitic feelings, believe them. Sadly, it seems to me that these kids would be fine with the massacre of Jews that the jihadis want to see. Their tolerance includes everyone but the Jews, the Jews, who want nothing more than to be left in peace and to live in their land in the only democracy in the Middle East. Israel is a terrorist state. Get over it. It's the truth. Yes sadly Israel will always exist, Jews shud have a home land sure, but they act like the nazis did to them. Anyone who denies Palestinians were there first is delusional. Give Palestine the right to exist and their rights and maybe they wud get along. But it's the Jews who refuse to accept anything other than their state, they are the issue, no one else .	Terrorist	Religious Identity - Muslim	1/78	1.282

Not surprising but nevertheless, trully shocking. This is not newwave anti-semitism at all. Demonising Israel by making false comparisons to Hitler, supporting terrorist organisations dedicated to exterminating Jews is all part of classic anti-semitism.What might be interesting is a follow up video where you interview Jewish students on campus and record their reactions to such statements of hatred against Israel. My guess is that they will bend over backwards to deny that it's really not that bad, that it doesn't really mean anything and perhaps it is partially our fault that theae Jewsa haters think the way they do. Result analysis:

- Taking into account the words that were detected, we can reach the conclusion these comments are associated with : : Ethnicity - General;Nationality - General;Nationality - German;Social Class - Working class;Physical Identity - Physical (and Mental) Impairments;Age - Youngsters;Religious Identity - Muslim;
- The percentage of hate speech related words is 0.5236.
- Considering that the variable **Ethnicity - General** has the most occurences in the post, we can interpret that this is the predominant hate speech.
- Overall there were 28/37 occurences of hate speech related comments.
