what I've learned from prison videos. Mixed raced guys fit in with one group. A guy can be half white, half latino, etc and have to fit in with one or the other. So a lot of these "white" guys are in fact mixed white race , who didn't want to fit in with their other parts and choose the white brotherhood instead. You can see there are white guys, and part white-guys. Just like there are probably guys in the black groups who are half black half latino, or half black /white, or what ever. As long as you identify in a group when you come in, they can accept you in if your partially part of that group.	Black, Race	Ethnicity - Black, Ethnicity - General	3/118	2.542

People in comments saying the to guys with full AB tattoos are Mexican. Btw Mexican is not a race you can be white as hell and still be mexican so. Also AB takes in Mexicans and Latinos that are white enough to be called white. Also why is that so many people think Spanish and Spaniards are some fucking Native Americans or what they are white Europeans (Celtic Heritage) Also Spanish is a Latin based to hence why people that speak Latin base tongue are called Latinos it has nothing to do with race . Also Romanians are latinos same for French people. Yo and Latin is 100 European stop appropriating our culture.	Nothing, Race	Age - Youngsters, Ethnicity - General	3/112	2.679

Racial segregation at San Quentin? PrisonsAcross the US and the world for that matter, always separate prisoners according to Race , not to do so only aggravates crimes like assault, sexual assault, battery and murder.While I understand that for the smallMinded just looking for yet another finger to point at the US, it pays to look at the racial segregation practices of ALL prisons before assuming it's just an American thing. Show me a prison where all the races are randomly mingled together and I'll show you a prison where corrections officers work non stop to stamp out violence.Yea yea yea, I know the response from the left who don't really try to understand what I'm saying....it's 'Your a racist' or 'Your the problem' or any of a host of accusations that are easier then examining the truth. Don't expect them to look it up either, if they don't want to admit being wrong in a comment thread, what makes anyone think they will do so in private ? I worked in maximum security in California ,and yup, its true. Their code, "races dont mix" except at ASH. ASH has an agreement that they can. And it's what the call the "bottom of the sewer" the MAXSEC forensic psych facility. Nobody messes with seriously mentally ill patients, it's far too dangerous, so there is a sort of truce between the races. It is utterly fascinating. Then they use that person for other illegal activities within gang, eventually I get caught and get sentenced for longer. It's. Brutal reality of our prison system, once you are in it's hard to be out. With felony on record, even u manage to finish ur sentence and want to change ur life outside, there are very few job opportunities for felons. No, it would not. I've worked in California prisons for 27 years. These guys are wolves. Even if there was just one race or gang per prison, they would still feed on each other. Also, without rivals, they would target staff more often. Another thing, San Quentin is a reception Center, Lvl II, and death row. For the most part, the RC and Lvl II are low level retards (as you have just seen). The real bad guys are at Pelican Bay, Corcoran, Salinas Valley, North Kern.	Race	Ethnicity - General	1/87	1.149

Let's say they make these prisons for just the Whites, the Browns, Etc... it would still get segregated within them... Segregation isnt just a race thing its a separation of protection (you get my back I'll get yours)...lets say these prisons exist...lets visit the just for Browns prison... now that they don't have to worry about the blacks n the whites they will segregate back to gangs bring in street rules ... Gang rivalry... getting revenge for gang shootings out in the streets or any small beef...if not maybe they still will be segregated in areas (Norteno n Surenos)... same applies to the blacks only prison... their gangs (Red or Blue)... oh n whites will fight amongst themselves too...who wants to be leader... whites always have a power trip hence the name White Power... so now they will fight amongst themselves n segregate into the meth heads, the rapist n molesters, the hardcore nazis n jus the regular woods... so you see there will never be peace in prison amongst inmates... it's predators n prey in there... the strong against the weak... Oddly southern prisons are not really racially segregated everyone gets along but the ones in Cali and other places are.Apparently because so many strong black gangs like crops and bloods had numbers they would literally just dominate all white inmates and extort them.That's why they had aryan brotherhood and other gangs. The aryan brotherhood even trades and does business with blacks. A lot of it seems to be purely political and for survival, of all the whites didn't band together then they'd just be totally at mercy of the black block.Notice how they never said anything racist just ' those are the blacks over there' and ' we don't want to program with them' there is racism but it's mostly political and to make sure they have numbers. In California they are systematically segregated by the administration, for example, after certain race gang violence, a whole race can get a lock down, whether you're in a gang or not, if a state of emergency is declared on the yard. It's not just the gangs that segregate, the prison administration itself will do it, as they realize they have to to avoid violence.	Race	Ethnicity - General	2/64	3.125

'Multiculturalism' is suuuch a greeaat ideeea., right.. Science proves it again and again in all the more crystal clear fashion - we are all born 'racist', in that we prefer our own kind and are inexorably more suspicious of 'the other'. These predispositions are genetically encoded and work by strong unconscious social dynamics to a large degree beyond our control. Even pre-verbal babies show similar preferences on in-group vs out-group related behavior. Let people decide for themselves, NEVER force these things. Voluntary interaction is where inter-culturalism thrives - forced 'multiculturalism' = endless unsolvable conflict and war. THIS, is the plan set in motion in all nations particularly of majority European populations, i.e. The West - to Divide and Conquer by TPTB (follow the money, power over media, banks, etc). Don't play along, don't fall for this Machiavellian Global Strategy. These racial 'conflicts' are forced and completely unnecessary! You know your having big problems right now with China and Russia, and all they are doing is practicing getting better and better, learning how to use their weapons faster and faster than you would think. Why is the United States and all the allies that we have letting them get better. What is the United States and their friends doing, why are we given them the time to prepare to destroy us. We cannot wait this playing defense is nuts, I was taught in the Marine Corps to go out and get them before they get you. So what are we waiting for is the United States afraid of Russia and China I hope not, we are better and more powerful more experienced, pilots we also have to Fly the 22s and they should be used and we should have more than we have now. We have big ships with the big guns sitting there doing nothing i think it's time instead of building a new and spending tons of money we should take our big big guns on our ships that we have sitting, repair them send them out show them what we really have, they see the big guns they will stop, we should prepare the big guns and have them back in the water they can take a beating and still fight. They're like lineman On a football team do hit them once you hit him twice they get up in and fight back. Repair and use what we have just to see a plane that has hours of use on it, does not mean we need to make new airplanes when we can repair and replace parts that we need on our old planes. We should also build new planes at the same time, we will have more than enough to go out and destroy China, Russia and anybody else that wants to do it, we need to fight fast hard and hard to win. We are not afraid but we can not give them a chance to develop their skills maybe somebody could tell me from the United States why they keep talking about we can be ready by the year 2030, Does that mean we know when and if the war is going to happen, or is just a planned performance. Remember how fast people got together for what to do we will build them and making shit just rolling down the line building planes like to be 52 I believe why is today so slow, they are out contractors and they are charging so much money. Carlos The word you're looking for is Mestizo, from the French word miscere, meaning "to mix". As in mix your Mexican Spaniards with Sephardi Jews and Negroes to produce ereb offspring. Ereb, meaning "to grow dark", ie through race mixing. Lateraluz You're unbelievably dense. The first words are RELATING TO SPAIN (OR Spanish speaking countries). If you're looking for the racial distinction of North and South American non whites who happen to speak the white European language known as Spanish, it's MESTIZO. And guess what, they're Mestizo because they too are "related to Spain", Mestizo means MIXED...Asiatic Indians who were mixed with SPANISH DNA (& sometimes Negro). Countries don't just start speaking Spanish because it's a cool language, they speak it due to the presence of Spaniards. (Mestizos are only Spanish to the degree that they have Spanish DNA, the rest of them is whatever else they're mixed with)	Negro	Ethnicity - Black	1/109	0.917

blickeroni I applaud the effort, but apparently you didn't read the whole entry, because after giving the EXACT OPPOSITE definition of Castizo, which means a pure and genuine representation of the race , it goes on to say historians question the actual existence of this usage in the Spanish colonies believing it to be a fabrication that started in the 1940s. Which makes perfect sense considering the word Mestizo means "a man of mixed race , especially one having Spanish and indigenous descent" and already existed. I'm sure some people considered a mostly Spanish person "good enough" to be considered Castizo, but that doesn't change the definition of the word from pure and genuine to mixed, especially when the Spanish already have a perfectly good word for mixed."Mestizo (/m sti zo , m -/;[1] Spanish: [mes tiso] is a term historically used in Spain, Spanish America and the Philippines that originally referred to a person of combined European and Indigenous American descent, regardless of where the person was born." [LINK] "Castizo (Spanish: [kas ti o] (fem. Castiza) or [kas tiso]) is a Spanish word with a general meaning of "pure", "genuine" or representative of its race (from the Spanish: "casta")."I'll continue to use Castizo and Mestizo the way Spaniards I know use it, to differentiate between themselves and persons of mixed Spanish heritage.	Race	Ethnicity - General	3/215	1.395
Why are people trying to steal European names for themselves? Spanish, Castizo, Latin, have all been hijacked by mixed race people from North and South America in recent history. Not only do they use these words to describe themselves, they want people to believe they are exclusive to them, and go so far as to hide their European origins and original meanings. Amazing since Caucasians are constantly being (falsely) accused of "cultural appropriation" for such silly things as dread locks and even our own ancient civilizations. (North Africa and the Levant were populated by Berbers, Phoenicians, Greeks, and Romans, among others, long before the Arab conquests that began after the advent of Islam in the 7th century)People should be proud of who they are, and honor their own ancestors, instead of trying to be something they're not. Dox Holiday - The southern most countries of Europe (along the Mediterranean) have plenty of Arabic (and north African) DNA. The Jews have also spread their genetics across Europe. There is evidence for this in historical records, architecture, language, music, culture & in DNA. The nations surrounding the Mediterranean and bordering between Europe and Asia have been interacting for thousands of years. This is why we see a gradual change in features on every border, and why we see dark-haired, dark-eyed, darker-skinned people walking amongst the lighter-skinned "white" individuals in these places. "Mixing" is an inevitable consequence of having neighbours of a different race . That said, what is the "white man" anyway? Personally I don't think it exists. I say this because I am an artist that has been painting people for many years (with some attempt at realism). Never have I painted a "white" person, or a "black" person. It just wouldnt look right. Ryan Angeline No they don't. The moors were in South Spain, and they got almost completely purged during the Reconquista. Some south Italians look a bit darker because they have Greek heritage. There's a long history of Greek and Carthagian rulership in south Italy and Sicily. Also many Germans, Swiss people and Italians have alpine heritage, meaning they have old Indo European blood, darker hair, tan skin. My family is German, all got dark hair, thick black eyebrows and tan skin. Depends though, North Germans tend to have nordic heritage, due to a long history of viking and Slavic invasions they also tend to have light hair and a bit more lighter skin. Although i can say that many Germans i met, if blonde or not, they still seem a bit darker skinned, which is a funny contrast to their light hair sometimes. Germans are white, English are white, Dutch are white....Of course when white nationalities came together under the same government they were going to use a term like white instead of focusing on old country distinctions that no longer apply. I used to say 'separating on race is stupid' but I've experienced it myself. I think it's just a natural thing, like you just gravitate toward similar culture. In high school I noticed the cultural Jamaicans all hung together, Second or first gen. Africans went together, Latin people went together, and Italian guys sat together. Then the AfricanAmerican and plain white people mostly spread among that or stuck with each other. Sometimes you get those few that hung with guys who weren't their ethnicity but for the most part that's how it was. It's weird . Even in the Army, I hung out mostly with the Latin guys. It's real weird but it just happens. Of course, I get along with all races but I've noticed mostly stick close with my own which is Latin. Even my grandfather said he's noticed the same thing in his life. Personally, I think it's more to do with the culture you grew up around. My brother mostly hangs with black kids because he grew up around them more in NJ whereas I grew up in a Latin neighborhood in NYC which explains me. If I grew up in a suburb in Connecticut I'd probably have more white friends. Even in Jersey, the Korean kids stick with each other for the most part. It's all just relating to your culture truthfully.	Black, Ethnicity, Race, Weird	Ethnicity - Black, Ethnicity - General, Physical Identity - Physical (and Mental) Impairments	5/226	2.212

Most people have some sort of mix going on in their family line. Even the average Latino living in the US as measured in a USA DNA study is just under 60 ish European (if I remember correctly). And with Latinos, each generation in the US, they slowly start self-identifying more as white. By 3rd to 4th generation in US more self-identify as white than latino. This aligns with what migration experts recognise, which is that usually by 3rd generation the average migrant will be almost fully integrated in the host nation . I'm guessing the guy in video is majority European, with other non-European ancestry (native, maybe even a little African etc), and he is 3rd+ gen in US. Gino Perez Mestizo is just mixed. Historically the term meant someone who was mixed with combined Spanish and Native American descent, regardless of where the person was born. But the term has developed a new meaning now, and has become a cultural term, see below:"Nowadays though, particularly in Latin America, mestizo has become more of a cultural term, with culturally mainstream Latin Americans regarded or termed as mestizos regardless of their actual ancestry and with the term Indian being reserved exclusively for people who have maintained a separate indigenous ethnic identity, language, tribal affiliation, etc. Consequently, today, the vast majority of Spanish-speaking Latin Americans are regarded as Mestizos""Mexico, the concept of the mestizo became central to the formation of a new independent identity that was neither wholly Spanish nor wholly indigenous and the word mestizo acquired its current meaning, with it being used by the government to refer to all Mexicans who do not speak indigenous languages,[2][3] including people of complete European or indigenous descent as well as Asians and Africans.[4][5]"	Ethnic, Indian	Ethnicity - General, Ethnicity - Native-American	2/173	1.156

Jeffrey Palmer How you going to use the Spanish definition of white when white isn't Spanish it is Scottish based. the mulattoes, have nothing to do with white, because mulattoes is the first-generation offspring of a black person lol so as mestizo. so as biracial, you are using terms you don't know what it means. let me write this again! white can't be dark because their pigment can't produce OC3- oculocorneutaneous albinsim. the people in the video aren't Mexicans they are white people saying they are Mexican. you might be smart when it comes to other topics but you are stupid on this topic. you remind me of my friend name Ingrid, she is very smart but when it comes to labels of africans, black Americans, and latinos but she very stupid like yourself.	Black, Nothing	Age - Youngsters, Ethnicity - Black	3/134	2.239

Jeffrey Palmer you just contradict yourself- –Latin definition of white is the one you used, you married to a Latin’ therefore latin is not identification it is something that you speak, how can you be married to a language? white people do not come in different shades they do not have that oculoccomeutaneous albinsim or that melanin to even produce it. like African or black American has. let me write this again white people aren’t color therefore they can’t produce nothing by white skin. many whites are mixed and different shades. think about your statement.you have no idea what the hell you are talking about. you proven it by mention- White can actually be quite dark lol and you use the Spanish definition of white that includes tens of millions of mestizo and mulattoes. and not understanding mulattoes is the first-generation offspring of a black person thats what mulattoes means- it means dark person	African, Black, Nothing	Age - Youngsters, Ethnicity - Black	4/155	2.581
Jeffrey Palmer You have no type critical thinking skills: I just wrote’ latin it is not identification it is something that you speak, your response with- a native or inhabitant of a country whose language developed from Latin, especially a Latin American. I’m sure you saw the 1st definition lol . Despite the fact my response correspond with language. You even said it yourself latin it is language it not person it has nothing with South America. S Lee Agreed, but one can say a person has an Italian look. Which means they are mostly Southern European looking; Al Pacino, Robert Deniro, Danny DeVito, etc. It's on the more olive side of the White race ...mediterranean (Spaniards, Greeks, Some French). Are there Arian looking Italians? Absolutely. But for the most part, folks attribute an "Italian look" to Caucasians with dark hair, dark eyes and even olive skin.Same with a Mexican look. The great majority of Mexicans are of a mix between Southern Europeans and Amerindians (i.e. Mayan). So, when one says "they look Mexican", as it pertains to race , one can assume they look Mestizo or Indigenous because the great majority of Mexicans are mixed or Indigenous, especially the poor who cross the border into the USA...this is what we know as Mexican. However, there are White Mexicans, Asians and even Blacks. So, technically Mexican is not a race , but because of the huge majority of them being of indigenous background, we can assume most will look a certain way.	Race	Ethnicity - General	3/173	1.734

The Ptolemaic dynasty was Greek rule in Egypt, Caucasians ruling over other Caucasians. Now, I don't believe for a second that Jews are the Israelites, but the world thought nothing about them settling Palestine because people used to actually study history, and knew all about the Caucasian presence in the Fertile Crescent thousands of years ago.It's strange, most people know full well that the New Testament was written in Greek, and that Judea and Samaria were under Roman rule 2,000 years ago, but turn right around and claim Caucasians weren't in that region. Most people don't have mixture in their family line because we practiced segregation until a few decades ago, and had Anti-Miscegenation laws. Dyonalex It has everything to do with race , and pretty much everything you said, you just plucked out of your arse. You do not speak truth to power at all. Humans can only know/care for 150 individuals max, therefore tribalism is an inherit physcholgical trait of man. Its only natural to seek out those who are like you and to form communities with those people. "In the outside world the different races get along more or less." Sure. The nation is not obsessed by asinine social theories like white privilege, systemic racism , intersectionality theory, unconscious bias, etc. Also, all the data that suggests that at least 85 of people in every racial group prefers to live, work, and go to school among their own is flawed because...I dunno...my gender humanities professor said so I guess. That said, there is a hierarchy of races that other races prefer to live with if forced to choose. No race , for example, wants to live with black people. In California prisons Latino gangs are controlled by either; The Mexican Mafia or Nuestra Familia, with the exception of The Bulldogs. You are coming across as white and trying to portray white prisoners as victims. Throughout the US prison system there are white gangs that operate independent of any other races gang, they might be allied with Mexicans or whatever but that doesn't make them subservient to them. I recall an interview I read, and I'm disappointed I can't provide the reference, but it was with a hardcore white supremacist that got locked up, ran with the local white prison gang to realize he had to work with, keyword is with, not for, Mexicans. He said in prison that race kept everyone separated and in line but that the objectives of these white gangs in prisom was not White Power, Nationalistic, anything. Money was what they were/are after and they will work with other races if it's profitable to them. They do things many actual white supremacists are against or wouldn't do. The same applies to every other prison gang that claims to empower the race or whatever	Race	Ethnicity - General	2/188	1.064

you know white nationalists are hurting when they let spaniards italians and irish join their HRElook , im happy the white race is divided about fiddy fiddy down the lines of liberal and conservative. if a race suffers for so much infighting ,just put it to rest. white girls ate cute and all, but if white supremacists really cared about the white race , they wouldnt be happy with hitler who disrupted the lives of many white bois and girls using white men to mostly killing other white men and disrupt the lives of the boys and girls.if white supremacists really cared about the white race , why is it okay when a white man (who cant compete with the black mans longer penis) dates an asian woman and has hapas kids? never do i see the white man admonished for having half asian babies, its always the woman who is held to the higher standard.its these internal contradictions that make the white supremact not that intellectually honest.also, what kind of self-cucking canonology puts your peoples IQ in third place? Souliban if you think Gasol brothers are the typical type of a spaniard you are very very wrong amigo. First, the average spaniard is not very tall, so putting these two as an example for the standard is outrageous. Secondly most of the coastal cities in Spain have been mixing with other cultures for centuries, so if you want a clean cut Iberian you will have to go to the inner cities that are a bit deserted (not Barcelona most def). Black hair, olive/white skin and brown eyes. If you want to use any basketball players as a standard, Juan Carlos Navarro, Jorge Garbajosa, Sergio Llull, Jose Manuel Calderon, Alex Mumbru would be much more accurate. Ofc there are exceptions, if you go north, lighter complexions are seen, if you go south to Extremadura, Murcia Andalucía, where I'm from you will see darker people, roughly put. Again Spain has a lot of ethnicities: the basque people, 1 million of Spanish gipsies, where apart from that we don't know how many are mestizos with 'payos' (not gipsies). Spaniards cannot be put into a box like you try to do, and even more now after globalization. On another note a good percentage of Spaniards has Italian and/or Greek blood, not a joke that these 3 countries call each other brothers. We don't have a demographic census, so you will come and see for yourself as the comments you make suggests that you just read shit on the internet. In France, prisoners don't self-segregate by race like their American counterparts, but by city, and then region of origin.And French prisons are curiously just a microcosm of the larger society, where Parisians still look down at everyone else, even if they end up doing time in the French riviera.My dad's best friend has been a prison warden in Marseille for 30 years, and whenever there was a convict from Paris, he usually acted with some kind of entitlement. <p>Foch Yoo its really not though. The segregation isnt because of the institution though. The segregation is self imposed for safety, its a very dangetous place, but what I said is correct. And btw im not a "conservative", as you obviously believe. Good try on the low key trash talking as well. You are fairly decent at being disrespectful and calling another person dumb without actually doing it. When I use a fake Troll Acct I dont bother, but "Foch Yoo" is a good name and I guess you would hate to lose it.1) health care is a long standing liberal/socialist platform going back to self xalled " liberal" FDR(look him up. Im sure you have no clue)2) free housing. Well,thats an easy one as HUD was established under President LBJ with Kennedy giving it the initial push. There was another agency with same name but since it was gutted and renamed the same initials its become an urban agency. Before that it was directed towards farm aid.3) federal food stamp program was started,again, by democrat JFK. Free food and food aid.4) guns, guns, guns!!! Every gun massacre in America is used as a rallying cry for total disarmament of americans. Even in the states that have strong gun control, as soon as an agreement is achieved the "left" wants MORE. There is 1 time when the USGovt enacted true gun control. On all Federally controlled Native American rezervations they decided that there should be no firearms. At gunpoinylt they disarmed the NA. . .and within 2minutes of the last rifle being given to the authorities, govt forces opened up and shot down over 100 UNARMED CIVILIANS. Look it up. Wounded Knee Massacre.Now that I have proved MY statement, which was off the cuff but accurate, your degrading comment on "why do CONSERVATIVES look for. . .blah, blah, blah" why did you get all racist by assuming im a conservative? Maybe im a liberal laughing at myself(although like most tyrants in training the "liberals" cant stand criticism and get personal with their reactionary comments), maybe Im a mpderate who feels that both left & right are assholes pushing us to civil unrest while sitting and texting.maybe im a White in all white neighborhoods talking ablot the struggles of blacks against white priveledge. I wrote all this knowing practically nobody will see it. . .you might not read it. . .but on record(its ALL on the record in case you diddnt know)I know that prison inside is the same as the inner city outside now. Only the victims who are roaming around dont know it. I live in it. Im hispanic and Im tired of leftist hypocrisy. Im tired of lilly white kids in sandals coming into the neighborhood thinking that cuz they call former uber liberal Trump a nazi that us dumb brown people will follow the "enlightened" white people in social revolt. So i clown them. And here you come saying "conservative" as if you are reflecting on the situation as an intelectual. Prison is not what right wants. The socialists have always built the prisons. Clinton put thousands in prison during his presidency. His wife hates brown people. . .the "super predators", even though she carries hot sauce in her purse(sure she does).It was a quick comment, and your reflex answer was too.I expect you to not make a big comment.I expect you to say," oh, you made this answer cuz you so full of hate"Something cheap and degrading.Bring it.I proved my comment.Prove yours.</p>	<p>Dumb, Nazi, Nobody, Racist</p>	<p>Ideological and Political Identity - General, Age - Youngsters, Ethnicity - General, Physical Identity - Physical (and Mental) Impairments</p>	<p>5/598</p>	<p>0.836</p>

Most of the Slavs that are mixed are mixed with other Europeans, either West Slavs, Nords, or some with the Steppe Turks, (who were already very mixed themselves). Complete bullshit, every prison is different. If you are in Chino then yes, that is Southsider headquarters. If you are in San Quentin then that is Norteno headquarters. If you are in Susanville then you are in white headquarters. There is no gang or race that runs all prisons. All prisons are ran by the majority. But all gangs and race have respect. If a white owes money to a southsider for drugs, then the white will be handled by the whites to avoid a riot. Same goes for any other race or gang allies. Typically the whites ride with the southerners and the northerners run with the blacks. Once a race calls a green light (go) on another race or gang, there will be a riot and a war will begin. Genetics and tats are at play there, as said above, and "yard tan " is also a thing if you've been inside for years.	Tan	Nationality - British	1/23	4.348

Yard tan is a real thing. Inmates in southern states, including California, are often shirtless for various reasons (the heat/sun + working out, as well as the warrior culture). In turn, that same sun can make you darker. But yes, racial mixing is a more significant cause. Several of these guys look like they're mixed Hispanic/Anglo. Plenty of white gangs exist in areas with mixed demographics and so their members probably have mixed ethnic backgrounds.Some of these guys might be straight 50/50 white/Hispanic. Prison 'racial' segregation isn't always strictly determined by biology. If they choose to identify as white guys and not Hispanics (which means they basically seem like white guys, have no Hispanic 'accent', have no ties to Hispanic gangs), then they'll belong to the white car while in prison. Their ancestors came from Europe to Latin American centuries ago. They don't need to have blonde hair, blue eyes like you said. Most of their ancestors came from Spain, Portugal, Italy and they have dark eyes/hair and some are a lil tan just like these white latinos. Megadeth Meister Spaniards are European and white as are Portuguese and Italians, even the tanned Italians in the south are white, you clearly know nothing about race and genes, white people come in shades just like black people, there are dark dark black people and there are lighter black people..both are black . Mediterranean people are white. Henrik Lundqvist looks like the majority of Italian men, I guess to you Lundqvist isn't white? and I said white Swedish women are going extinct that is a fact, the men are also going extinct, the birth rates among white Swedes is very low and below the replacement rate, thus the white Swedish population is declining and has been for years, meanwhile the immigrant population has a much higher birth rate, native Swedes will soon be a minority in their own country, if you deny this you are obviously clueless as to what is happening to your country right now. With regards to Italians, as I said watch the video I provided of an Italian talk show, Europeans are white period. You're just a nazi extremist who only considers the most pale white people as white. Heck even Hitler knew that the Italians, Greeks, Spaniards and Portuguese were white. Clowns? Post surgery MJ? That's about it. Technically people should be referring to caucasian and genetics. The term comes from the caucasus and transcaucasia mountain regions (eastern europe/western asia) given by philosopher (not a scientist) in the 1700s, who claimed that was where the race originated, although he stated the germans were the purest of all caucasians, most beautiful, whitest etc. yes.. he was..german, lol. technically caucasian refers to genetic make up eg bone structure and features, since skin color melanin content changes over many generations as natural protection from UV light depending on location, but some people have generalised the term caucasian to mean 'white', and vice versa	Race	Ethnicity - General	1/110	0.909

<p>Aryan, as in Aryan Brotherhood, is less about pure white ancestry and more about being the most vicious. Being the minority they gotta be the hardest for their own good. Its nothing to do with hating the other races, although theres those guys too. Its about protecting your own. Nothing like seeing five guys of another race run into a cell with a couple young kids and get to listen to them being raped and you cant do shit, even though you dont know any of them. That kinda hypocritical racism was caused by the fucked up ways blacks were discriminated against throughout Americas recent past. The problem is the young blacks target whites they can reach. . ."poor white trash", the elite hate them so they let blacks attackbthem. Then these poor and mostly uneducated guys defend themsrlves. <p>NEVER AGAIN I can understand your apprehension, but that is generally not true. People believing jews are plotting a takeover are paranoid. . BUT jews DO run the media, TV,radio, music and news information centers as well as pretty much the entire entertainment industry as well as teaching and the legal profession. The numbers prove all this. The fact that 30 of our National Congress and almost 20(39 actually) Senators are holding dual citizenship with Israel. . Thats all facts and Jews are proud of their accomplishments here in the USA. They have accomplished more here than in any other country in any other time .But as long as they insist on being in other countries governments while saying "Im not American or British or French or whatever. Im Jewish!", as long as they keep pointing out that the same God as Christians and Moslems chose them to rule ALL lands they are gonna have problems.Praising themselves for the movie industry(good reason) and then saying its racist to point this out is the hypocrisy that has caused them problems.Never Again-i hope not, but keep pokin the bear it WILL happen again; the elite will run and hide while the average jew living a humble life will pay. Its historical. But. . jews not only run with the whites, and need a thick skin cuz people gonna talk shit; but everybody gonna get tested and messed with. We do that to each other, but no white will use a weapon against you and if you got a problem its with 1 guy. If you run seperate you have problem with everyone. You guys are equals. A family , then the neighbours , then a nation , as a whole - White race , we all protect our own genes and future , its instinct. Deliicioso Lets cut the BS. They ALL preach hate and segregation, and they ALL have "a reason behind them" - this is true color blind nature of the subject. So it seams pretty stupid to hype only the existence of the so called "White" gangs. PS: I'm bored. Ciao.	Blind	Physical Identity - Physical (and Mental) Impairments	1/49	2.041
HolbergEM ohh please... obviously white people arnt the only ones racist . buts thats not what i was talking about i was talking about the ones in the gangs. they preach about white power and how much they hate blacks hispanics or whatever anything else but white. As for the black and latino gangs there is a reason behind them, how the gangs started and why they are the way they are.	Black, Racist	Ethnicity - Black, Ethnicity - General	2/71	2.817

MrHochbichler " Tattooing is thought to go back to the Paleolithic era in Japan, some ten thousand years ago. Various other cultures have had their own tattoo traditions, ranging from rubbing cuts and other wounds with ashes, to hand-pricking the skin to insert dyes. Tattooing has been practiced for centuries worldwide. The Ainu, the indigenous people of Japan, traditionally wore facial tattoos. " These are the facts but im pretty sure black people in Africa invented it first.	Black	Ethnicity - Black	1/78	1.282
88bluebirds Are you dumb ? The telephone wasn't a significant tradition in a white persons race . Your comparing something with a significant meaning to something materialistic ,an important part of peoples culture to an invention made to make life easier. Obviously two totally different things. evinkayavarronay not really that funny! iv heard much crazier things ,like thats not a big shock to the everyday kinda guy,like i didnt see it on cnn or fox news lol and im pretty sure ancient celtic tribes used to ingrave weird symbols into there skin.and alexander graham bell invented the telephone and i see alot of black supremicists like to use telephones too ! :)	Black, Weird	Ethnicity - Black, Physical Identity - Physical (and Mental) Impairments	2/66	3.03
Its funny how white people get so much tattoos when it was every other type of race besides the white that invented tattoos and have been doing it for thousands of years as it is part of their culture, tradition and history. If they are all about White pride why are they doing something that is not a white thing.	Race	Ethnicity - General	1/60	1.667
HolbergEM Dude it's prison they're all pricks anyway, they don't have anything to lose might as well be racist it's a given that's why they don't focus on the other gangs, it'll be the same stuff and they probably just talk trash about the white people, and mostly white people who watch so they dont want to offend them. People, calm the hell down! They didn't really imply that they were racist or hate and or completely discriminate against another race , all they said was "White Power". I don't see how that could be directly branded as racist , because the manner in which it was presented wasn't honestly that bad. " Black Power" and "White Power" can simply be slogans for a sense of Nationalism for one's race . What people need to understand is their is a fine line between Nationalism , Racism , and discrimination	Black, Nationalism, Race, Racism, Racist	Ethnicity - Black, Ethnicity - General, Nationality - General	8/84	9.524

hopelesscasewtf Nah, I'm white... That's what I thought, if someone gets locked up and they're half black /half white they will only be accepted by blacks, the whites will class them as "different"... Just like how black people accept Obama as one of them even thought he has white in him, but white people class him as black . It's kinda fucked up if you ask me.I dunno what the big deal is.
