lol people are down here saying depression rates for women are at a all time high. thats because back in the "good ol days" women were expected to have a fake smile on their faces at all times and if they told their husbands that they weren't happy, they were considered ungrateful and bratty or possibly be told their crazy . Mental illness was a taboo subject back then. And believe me, you would not want to go to an insane asylum in that time period	Mental	Physical Identity - Physical (and Mental) Impairments	1/26	3.846
in the first one, Sara is an INFJ personality type. Not a snob ... social anxiety, would rather read than be around small talking people, just wants someone to understand. We're not wired like most people, and we care too much to be snobs. Second one .. god loves us so much he threatens to kill us if we don't praise his narcissism. Third one ... neither sex is the weaker, just different from the other and if we believe what society tells us then we're all just stupider for it. The fourth one the only ones uncomfortable talking about "it" are the old white conservative pervs. The fifth one the only sexist thing I see is how logistical and mechanical SOME women are (and some men). I never understood how 'smart men" could be so confused at 'simple kitching devices'. The sixth one yeah, don't try to force intimacy guys (and gals). Personal space man ... personal space ... Brandon Coleman I think it's referring to the women of that time being told that 'finding a nice man' and pumping out kids was more important than their school work/career aspirations. Nobody took women seriously those days, and even encouraged not to work and thought educated women were 'full of sass.' Lol	Nobody	Age - Youngsters	1/52	1.923
marshall branin I hear a lot of teens from the time felt like they had nothing to look forward to in life and resented the fact they might end up like there mom because they wanted more in life than just having a family and staying in the house	Nothing	Age - Youngsters	1/49	2.041

Incredible back in the 50s wemon were thought as the weaker sex but actually werent.Also men were getting progressively more attentive to wemons jobs,they made more compromises and such,they also built things for them to make life easier,sexist. Now in the modern day it's even worse were "men" doing stuff like that even more now.	Sex	Gender - General	1/55	1.818
In the first video, I am trying to figure out what point is trying to be made...make friends or be lonely? Be civil to one another? Don't be an entitled bitch so you don't have a mental breakdown? What??? Sure, she's acting like a bitch to everyone, but I wish the video would have explained exactly why she was acting so crass to everyone beyond her yearbook design not getting chosen. Her classmates were trying to be nice, and her dad was trying to tell her in a kind way to quit being such a bitch to everyone, but did she listen? Nooooooooooooo! People should stfu when they say depression is at an all time high. It's higher for everyone—MEN AND WOMEN! We don't need sexism to be happy smdh. It's society. The fast pace, overpopulation, the number of choices...just one example is going into a store and finding 700 different kinds of Advil. Depression is defined as an overactive mind. Seeing so many choices, so many colors and signs and ads while our phone is going off constantly is what makes us depressed, idiots.	Sexism	Gender - General	1/82	1.22
The first video, I don't see any " sexism " there, all I can see was a young girl who always feels "entitled" to everything!	Sexism	Gender - General	1/23	4.348

I didn't find these really sexist. Except the "easy does it" one. It was like he was trying complimenting women but simultaneously mocking them. But it's forgivable, given its time. I really did find it funny though when he says "who said weaker sex ?" when he quite literally called us the weaker sex like...two minutes ago LOL.People are saying to bring these days back, and to bring " sexism " back because women were happier back then. They were probably happier because they worked less. And less work = less stress =being happier. But...I dunno, maybe they also felt..contained? I mean, the only thing that was really expected of a woman during those times were to hold down the household and to mother the children. Which isn't bad, but...I guess not all women wanted to be housewives. Which is understandable. Depression rates may be higher...and while that does suck, I take solace in the fact that women have more options in education and careers than they did before. The Sex Ed video after the 1st video, is hilarious. I almost thought it was a joke. I mean, the way they end it w/the credits playing and them replaying the old woman putting her finger in & out of her other hand making a circle or cylinder. They did it on the 3rd video too! W/o that even happening in that episode. Holy shit, the church really struggled w/those videos.	Old, Sex, Woman	Age - Over 65s, Gender - General	3/71	4.225
It's just so... Earnest though? Little old granny tryna drop some knowledge on sex ed. Bust out some cookies and tea while talking about intercourse. It's actually kind of sweet in a really awkward kind of way.	Old, Sex	Age - Over 65s, Gender - General	2/38	5.263
You're stupid. The One Who made sex gave us boundaries to prevent our demise by it.	Sex	Gender - General	1/16	6.25
men better stop being sexist. they need us more than anything. all they do is hurt us and say things that makes us feel like nothing . But we still help them for some reason. we should stop helping the sexist jerks	Nothing	Age - Youngsters	1/41	2.439
Cameron Hagon Your not a feminist, your a SJW feminist who think sexism only applies to females, do you know how hard it is in my school because I get in trouble when a girl is clearly the one doing it. They even brag that they never get in trouble but we do, that's the problem with women, it's always the man and never them. Men can be wrong and so can woman , maybe we should stop holding doors and pulling out chairs, but nooo then we're sexist. If you want equality then why can't boys hit girls but girls can hit boys? If we call you beautiful then we just care about your look but if we don't then we're rude.	Sexism, Woman	Gender - General	2/122	1.639
K I am a girl and I agree that this comment is a bit sexist. Yah that's right I said it men can be victims of sexism ! They arent all monsters and some men help to try and remove taxes on pads and tampons etc not all men want women wearing make up and not all men treat women with disrespect I told my guy friends to treat me like one of the guys and they did exactly that and they treat women just as they are asked. If they wanna be treated with a lot of respect they give them lots of respect. There is a difference between a feminist and a woman fighting for her rights. Feminists want men to be completely removed from earth but we need them just as much as they need us to repopulate. I mean yeah the world has gone to shit and there is no point to repopulate but we still do it. Woman fighting for their rights still treat nice men as people not garbage	Sexism, Woman	Gender - General	3/174	1.724
VonDiesel 3000 98 of men are good? Um.. what gender is the majority of rapist? Criminals? Physical abuse? 98..lol your hilarious.	Gender	Gender - General	1/21	4.762

Lilly Marie Yeah that's just the thing, you liberals/feminists/whatever, think every man is a monster out to get you. It's simple math. Yes, around 98 of men in this and other western developed nations, are good people. Good people can screw up of course, especially under the influence of drugs and alcohol , but the evil rapists, murderer, terrorists, etc, are a very small percentage. That doesn't mean it's not still a lot of people! If I were to expand my statement to the whole world, there are around 4 billion men on the planet. If 2 of them are evil rapists & murderers, then that's still 80million evil dudes on the planet. So in all honesty, the figure is probably more like 99 or 99.5 of men that are decent, hard working human beings. Bc 80million seems like way too many. I don't know how you could possibly argue that there are more than even 10 million evil scumbag guys on the earth, let alone more than 80.	alcohol	Behavioural Addiction - Alcohol	1/168	0.595
Gigantis the Fire Monster because that's how men are taught to me. Sometimes it's not their chose, society tells them to "man up" and if you cry or show weakness your a " pussy " and "not manly" which is bs. And to be very clear, I said the majority of rapists, murderers, child molesters, and criminals are men. Not the majority of men are rapists, murderers, child molesters, and criminals. There's a very big difference.	pussy	Nationality - Chinese	1/74	1.351
