This is the SMARTER answer in the room. most people value what they lack and prefer the opposite of what they already have. if you are blonde would like to have a brunette hair, if you are too white would like to be a little darker, if you are too dark would like to be a little lighter. if you are too fat would like to be skinner if you are too skinner would like to gain weight. last but not least. if you are single would like to be married and if you are married would like to be single.	Fat	Physical Identity - Physical Features	1/101	0.99

If you have Black hair are you still considered a Burnett.My hair is jet black and people like my hair compare to my friends with blond and brown hair	Black	Ethnicity - Black	2/29	6.897

For anyone wondering what brunette means it is dark brown hair not black . Black hair is black . Also if you have brown hair but are fair skinned then you might not be a brunette, same is true if you have light eyes and brown hair. You need to have olive skin tone, brown eyes and dark brown hair. I am a brunette by definition in the dictionary. Lol just clearing that up	Black	Ethnicity - Black	2/72	2.778

Buffy Summers, Harley Quinn, Sonya Blade, Sarah Connors, The Bride, Black Canary, Helga Sinclair, Hitgirl (I know she wears a purple wig but she's still a blonde) etc are all blonde and they are total badasses. Besides what's wrong with being a girly girl? Not being rude just curious coming from a blonde girl myself.	Black	Ethnicity - Black	1/55	1.818
Ani b I like how society says you can't be pretty and smart. I also like how society says you can't be a 'badass' and strong woman and be girly at the same time. There is NOTHING wrong with embracing your femininity. Just be yourself. Don't give in to what society says. Prove them wrong. Watch Legally Blonde. It totally proves you can be smart and pretty. Plus it's not a movie about a girl finding her self worth, it's about her proving her self worth she already knows she has to people who says she's just a dumb pretty girl. It's scientifically proven that bleachig hair does kill brain cells so that's y ppl say that blondes are dumber. Besides, blonde hair is more popularly associated with the anglosaxan aryan white race the race jews were killed for not possessing. The aryan anglosaxan race was known back then to be the most superior race of all for having the lightest features. All those over 12 million jews that died were discriminated against just for not havig light hair features n light colored eyes like blonde hair n blue/green eyes. I know, pa-the-tic!
