| This girl is sick. Nancy & others are supporting her? Saying she is victimize being a woman of color? You look at a face you feel for her but her heart is evil. Waoh! How weak & low can Nancy get? She has been in politics for too long, not to know right from wrong OR is Nancy continuuing with BHO agenda in giving this lady a free pass? If she knows much & learn alot from america, she can as well go help, clean her country, make it great again & still return to the US. After all, no place on earth is like home. Instead of getting so angry, trying hard to control, manipulate & detect to a country that took her in when she was in trouble & in need. I hope Nancy will be bold enough to rise up, shut this down immediate, stop playing & dancing around the squad! This is very sad, shameful & a failure on your part! | Woman | Gender - General | 1/165 | 0.606 |

| It is a pity America is not still aware of the tactics used by the enemies of Israel and America. They used terror and the might of sword brandishing to spread their religion! Now they are getting more skillful! They are using American values to rip up America! (as they continue to do in England and Europe) They are working from the inside out to pit the people against each other and dismantle the entire political and social fabric! One of their members heard me comment and replied ‘so what are you going to do, nothing! They’re assured, it seems Americans so passive they’d just sit and watch being ruined! Wake up America! Get evil out from among you; and stay vigilant! Nothing can separate Israel and America! | Nothing | Age - Youngsters | 2/129 | 1.55 |

| Rep. Mrs. Omar - let us remind you that she is a US citizen, and in the free elections she was elected to the Chamber - she asks in public very simple and very honest questions . She noticed, because every American sees it, that in the USA one can examine - with surgical precision - lobbying in Congress for pharmaceutical, oil and armaments concerns. Rep. Mrs. Omar also noticed, because every American sees it, for unknown reasons it is forbidden to study lobbying in Congress for a foreign state - Israel. Rep. Mrs. Omar asks why? If pro-Israel organizations in the US lobby in favor of Israel in Congress, and if it is lawful, why can not speak publicly about it and study the scale of this phenomenon? And why the attempt to expect a fair and honest answer to the questions posed immediately is stigmatized by the accusation of anti-Semitism? I would like to remind you that the German Nuremberg Act of 1935 was called - rightly - anti-Semitism. Almost all the actions of the Third Reich on nationality issues were anti-Semitic and anti-Slavic. Whether pro-Israeli environments in the US do not see the difference between what the Rep is asking for. Mrs. Omar and anti-Semitism phenomenon sensu stricto? | Nationality | Nationality - General | 1/211 | 0.474 |

| <p>She needs to be removed from office since she is Anti-American! However, do not confuse "The State of Israel" and "The Religion of Judaism". One may be against a nation's policies or support of "Israel" and not be anti-semitic. Shannon Bream, you should make that clarification between "Religion" and "State". Historically, the Nation of Judah and the Nation of Israel went to war against one another. Which nation is anti-semite there? Neither, I am showing you that a nation may rise up against another nation without being anti-semitic since we are talking about a nation's policies now.</p> <p>We don't want to give any nation, religion or people a free pass to commit crimes against another. I move we stop all foreign aid, especially abroad, until we are no longer in debt as a nation. I am not in favor of "dual citizenship" since that divides your loyalty, it's like having a "dual marriage". Hell Chavez was even a military officer who went rogue after battling Marxist insurgents. | Communist | Ideological and Political Identity - General | 1/48 | 2.083 |
| Myriam CWell for starters, "Communism" is not a type of government. It's the end goal of State Socialism, the abolition of the state/class, populist control of "the means of production". Calling the Soviet Union or Venezuela " communist " is actually ironic. As they built a police state, with class system based on party, and in the case of Venezuela the state only controls some strategic industry (i.e. Energy/Defense). Private industry also existed in the Soviet Union since 1965, opposed to the Cold War narrative.I'm not a Socialist, although people don't even know the basics of it's philosophy. They just repeat what they were told, without researching the subject. At the same time Capitalism does seize personal property, through eminent domain sutures. With private business using the government as a proxy. A government owned by private business itself is not ideal and is a flaw of unregulated Capitalism. | Communist | Ideological and Political Identity - General | 1/147 | 0.68 |
