You left out Tom Holland. His age would alter that significantly.	Age	Age - General	1/11	9.091
I don’t see why Marvel has to be limited to making popcorn movies. Wonder Woman had a well written story and brought up a number of interesting moral concerns, including the moral ambiguity of World War I, raising it above the popcorn level and making it an intellectually stimulating film. Its comic book fantasy written by nerds with delusions of grandeur you bunch of old manbaby paedophiles, not the fucking bible.The pretentiousness is OF THE CHARTS its Ridiculous	Old	Age - Over 65s	1/29	3.448
White men still watch the movies! This dont make no fucking sense! Why? Age ? Lol. Stupid ass Video!	Age	Age - General	1/18	5.556
It’s not about the age of the audience. It’s about the age of the actors. The actresses are younger on average than the actors.	Age	Age - General	2/24	8.333
lol you people don’t know how to attack her...you attack now for her age lol...WTF!?	Age	Age - General	1/15	6.667
I’m not attacking her. I’m attacking Marvel being ageist .	Ageist	Age - General	1/9	11.111
I agree but she certainly be a main actress at the age of 50 like the male characters are.	Age	Age - General	1/19	5.263
The thing with Carol Danvers is she was probably ion her late 20s during the events of Captain Marvel.Endgame is probably 25 years later in the timeline of the MCU. She would be late 40s early 50s.Also the notion of ageism with female actors is something that has been around since film began.	Ageism	Age - General	1/55	1.818

I would defend anyone other than Brie Larson regards ageism being a 42 year old white dude that I am (who won't ever be arsed enough to watch CM in any format anywhere). Age shouldn't matter hugely as Downey Jnr has proved but Larson looks washed out with her weird vacant stare. I tell you what I want now, I want Marvel to be stuck with Larson for 20 movies and never legally be able to have her removed from making an appearance in All related Marvel media. I think she should be everywhere.	Age, Ageism, Old, Weird	Age - General, Age - Over 65s, Physical Identity - Physical (and Mental) Impairments	4/94	4.255
Why is age the issue? Keeping politics out of movies should be the focus!	Age	Age - General	1/14	7.143
29 too old ?	Old	Age - Over 65s	1/3	33.333
Since I'm a male and automatically assumed to be sexist and bigot I can say that yes. If the they are going to cast a woman as the face of the MCU she should be attractive as both males and females prefer to watch attractive people. Attractive for women is young and beautiful. If she stays for for her complete contract she will be about 42. I'm done with the MCU with everything Disney is doing so yes,she should stay and allowed to speak her mind as much as possible. What is this list based on. It seems quite selective.For example - you have included some big baddies in the male list (like Thanos/Josh Brolin 51), but have omitted to include the main female baddie of the MCU to date (e.g. Hella/Cate Blanchett 49). There are a few older female characters too, like Nova Prime/Glen Close 71, The Intelligence/Annette Bening 60 and The Ancient One/Tilda Swinton 58. This would bring the female average up somewhat.Also, why does Tom Holland not appear in the male list. His inclusion would bring the male average down a bit. Seems like a big omission considering he has appeared in 3 MCU movies so far.I don't doubt that the average age of the female cast members is lower, that seems to be the way with Hollywood - but it would help your argument if it didn't look like you were cherry picking.	Age	Age - General	1/150	0.667
Hi, I have picked the older characters who physically use their powers and I went through the Captain Marvel and Endgame. The ages are not scientific but I think they do tell the picture...the selection of actresses is influenced by age . If I would do it again I would remove Jude Law but he wouldn't change the average age .	Age	Age - General	2/59	3.39

What do you think they should do over the next 5 years? I really like the look of Shang-Chi because Oriental can be very interesting.	Oriental	Ethnicity - Asian (East-China, Japan, Korea, Philippines, Vietnam), Nationality - Chinese, Nationality - Japanese	3/25	12.0
I think they first needs to look in the mirror, realize their mistakes and stop the pandering to special interest groups. They're too small to cater to and aren't loyal once you cross their wacko ideals. They're just not worth the attention in the long view. Product good material without any overt political bias. Create good stories and interesting characters. Stay as believable as possible. NO MARY SUES! Hollywood has gotten so lazy in rolling out dumb sequels, and chasing after minorities. That's why people aren't flocking to the movies like they used to. Go back to basic storytelling.	Dumb	Physical Identity - Physical (and Mental) Impairments	1/99	1.01
It should be. Even now she looks older than her age . Marvel and Disney will believe in their "equality" and feminism until they will lose millions and eventually their multi-billion MCU franchise.	Age	Age - General	1/32	3.125
Red That The reviews were messed with,negative reviews were removed,fake positive reviews by audience were added,official reviewers gave it forced positive reviews,there were charities funded to boost ticket sales and it opened it more cinemas than any movie and made less per cinema.Also the Last Jedi and Batman vs Superman made more money and were damaging to their franchise.
