South Africa has always had messed up <b>race</b> relations. During the days of apartheid, the small minority of whites controlled the entire government and were discriminating against blacks. The <b>common</b> white man (IN ALL COUNTRIES) has had enough of being subjected to hate by all other ethnicities, for crimes the 3 elite committed 100's of years ago. Alot of Europe was plundered and raped many times over by Arabs, Moors and Saracens, yet that was okay right? And still the same descendants of those very people come to Europe and are given homes, healthcare , and more rights than the people that built and live in their countries. And when a white European tries the same in a non European country, he has no rights, no help, and is beaten in the streets like a dog. But white ppl are <b>racist</b> yeah? Sure. How many white ppl are going to call me a <b>racist</b> for being truthful, and stating facts that can be verified? Wait... <b>black</b> people are the majority in South Africa, and are the ones with institutional power. So by your new, leftist definition of " <b>racism</b> ", white people in South Africa cannot be <b>racist</b> , by definition. Well then it's inherently impossible for a minority to be <b>racist</b> towards <b>black</b> people, in South Africa.	Black, Racism, Racist	Ethnicity - Black, Ethnicity - General	6/66	9.091

Nimbust, well now there is no apartheid, and blacks are the majority <b>race</b> , who also hold the political power. So, if you buy the new leftist definition of " <b>racism</b> ", then no, I'm not wrong. Luckily I don't buy the leftist redefinition, so I believe that <b>racism</b> could come from any <b>race</b> , towards any other <b>race</b> . My point wasn't that "White South Africans can't be <b>racist</b> ", my point was that the leftist redefinition of " <b>racism</b> " is absurd, and if you follow the principle to it's ends, you get somewhere ridiculous, like claiming that White South Africans can't be <b>racist</b> towards <b>Black</b> South Africans, because the Whites are a minority <b>race</b> , who don't hold institutional power. <p>Kai for your information the PC or laptop or tablet that you typed your crap on was probably made in China - Malaysia - India or Japan - Yet Whites claim they are the most cleaver most inventive compared to other races. Whites have colonized lands with destructive results displacing people who did not need their intervention which for all intensive purposes served the wealth interests of whites only and no one else. How about Americans put a real American in power such an indigenous American <b>Indian</b> who are the rightful owners of America instead of having an idiot in power like Donal <b>Tramp</b>! "Yes <b>Tramp</b>" that's what he is. Blacks in America certainly have not had the same opportunities as the whites have had for so long and how ungrateful the whites are too given the fact that as slaves Africans including Asians, Indians and many other races contributed to America through forced labor in the building of infrastructure, farms, buildings and so on. How convenient to tell these people to leave after everything they've done without compensation. What's even more wildly preposterous is that in places like South Africa where the <b>black</b> man lives and comes from are still being treated with hate, indifference, prejudice and racialism on there own land by whites who have the audacity to say the land is theirs. So how can people of color stay true to their "convictions" when it's always stolen from them? We are all human and are capable of treating each other with respect. We don't need to subscribe to notions of <b>nationalism</b> nor do we need to sympathize with the supremacy of certain races/ethnic group. Apartheid was one of the worst disasters that human beings decided to partake in. We don't even need <b>race</b> to justify hate amongst each other. We can just say that they're from a different tribe or from another <b>nation</b> . Perhaps they follow the wrong political party. A popular finger-pointer for sure is religion. This is the dark side of humanity. But we don't have to succumb to this.	Nation, Nationalism, Race	Ethnicity - General, Nationality - General	3/103	2.913
