War is to man what maternity is to <b>woman</b> .	Woman	Gender - General	1/9	11.111
If I love my own <b>race</b> , do I hate other races? If I want a <b>nation</b> of my own kind, do I hate other nations? Hitler tried to conquer the globe, was he a nationalist? The left wants you to think all this, because leftists ALWAYS lie. Think for yourself. Stop believing leftist fantasies, come back to reality.	Nation, Race	Ethnicity - General, Nationality - General	2/58	3.448
Perhaps a fair suggestion would be "A discourse on <b>Nation</b> " - [LINK]	Nation	Nationality - General	1/12	8.333
Civic <b>nationalism</b> is a lie. Real <b>nationalism</b> is real families, real genetics, real customs, real traditions, real language, real land. <b>Nationalism</b> isn't some vague idea about 'values' floating in people's heads. That's leftist insanity, to believe they know what other people are thinking. Leftist telepathy: a fantasy peddled by liars causing destruction & death.	Nationalism	Nationality - General	3/54	5.556

Thank you for this wonderful video! I have been uploading Tagore's essay on "Nationalism in India" as a series of audio books...please head over to my channel and listen to it ...and keep up the great work...thanks a lot!	Nationalism	Nationality - General	1/39	2.564
Religion is stronger than <b>nationalism</b> . The myth of god and deities is infinite and borderless, unlike the myth of the <b>nation</b> , which is limited to its own pre-defined identity and political boundaries. This is why Islam and Christianity are spread globally, and even extra-terrestrials could adopt any of these faiths.Also, while <b>nationalism</b> always ends up becoming a religion (a cult of the <b>nation</b> , even <b>Nation-State</b> ), religion can transcend everything even existence itself, making fanatics not only kill and die for the <b>nation</b> , but do it for the promise of an after-life. I am a proud Nationalist and if people call me <b>racist</b> then so be it!	Racist	Ethnicity - General	1/15	6.667
More like "bigot", but <b>racist</b> will do as well.	Racist	Ethnicity - General	1/9	11.111

I loved the speed... any faster and I can't take <b>mental</b> notes/think on concepts.	Mental	Physical Identity - Physical (and Mental) Impairments	1/14	7.143
WTF, not a single mention of pre-modern thinking on <b>nationalism</b> ? You should have mention at the very least either Plato's Laws or Aristotle's Politics!	Nationalism	Nationality - General	1/24	4.167
The myth of the <b>Nation</b> didn't exist back then, only the republic. The <b>Nation</b> in Europe is a product of 17th century totalitarianism, and 18th century reformist republican movements.	Nation	Nationality - General	2/29	6.897
You're confusing communitarianism with <b>nationalism</b> . The modern nation-state with its ideas of sovereignty and identity didn't exist during classical antiquity. There was a shared conception of being 'Greek' however, but this was by no means a unifying conception; the Greeks were broken into various city-states (which for Aristotle was the highest form of community).Geller correctly points out it wasn't until the early industrial <b>age</b> that the notions of sovereignty, equal citizenship and national identity began to arise. Would you ever do one on the new ideas about <b>gender</b> and sexuality? Be interesting to chart the philosophical origins.	Gender	Gender - General	1/20	5.0

<p>Ethnic identity is vital in preventing authoritarian regimes.Countries should reflect a <b>common</b> lineage.All the critics of <b>nationalism</b> in this video were Marxists (and Jewish?) - convenient.<b>Ethnic</b> identity is the enemy of Communism and Globalism.Groups that embrace tribal identity will always conquer societies that are universalist. Look at Germany and Italy who put ideology over <b>ethnicity</b> in WW2 vs England which put <b>ethnic</b> identity above any economic or political ideology.We need homogenous nations to create a moral and peaceful world.And lastly this video, as another commenter mentioned, says <b>nothing</b> about the pre-modern <b>ethnic</b> based states.</p>	<p>Common, Ethnic, Ethnicity, Nationalism, Nothing</p>	<p>Age - Youngsters, Ethnicity - General, Nationality - General, Social Class - Working class</p>	<p>8/100</p>	<p>8.0</p>
<p>DC <b>ethnic</b> identity creates an ideological mind . A mind traped within its past assumptions therefore an individual that cannot be within the present. He self creates or self replicates the very authoritarian institutions he hates. But now they manifest themselves as idea constructs. Finally unable to break out of ones very minds due to the lack of tools for ideological freedom he must resort to myths to tales of the subconscious. Its the ultimate trade. The man trades all his problems for one singular problems. One big sjw if u will.</p>	<p>Ethnic</p>	<p>Ethnicity - General</p>	<p>1/92</p>	<p>1.087</p>
<p>Nani The Chaman <b>Ethnic</b> identity is what combats ideology. For example prioritizing blood over ideology prevents the extremes of ideology taking root. For example Armenian communists and anti-communists came together to fight Muslims. Obviously prioritizing blood over ideology allowed them to defend against this evil. The Soviet Union atrocities would not have happened if <b>ethnic</b>Russians were in charge. 85 were Jewish and the rest like Lenin were mostly either half Jews or married to Jews. Without Jews the gulags would have never occurred. The Soviet Union only started to change when the last non-Russian - Stalin- died and Russians came into control.Heidegger makes a similar argument in Being and Time about how for the truth to be revealed the individual must be placed in the context ofan <b>ethnic</b> group and history etc. History has shown awareness of ones <b>ethnicity</b> and racialconsciousness is the surest defense against authoritarian structures.</p>	<p>Ethnic, Ethnicity</p>	<p>Ethnicity - General</p>	<p>4/152</p>	<p>2.632</p>
<p>The obsession with <b>ethnic</b> identity is merely the obsession of a manufactured myth.</p>	<p>Ethnic</p>	<p>Ethnicity - General</p>	<p>1/13</p>	<p>7.692</p>
<p>'Groups that embrace tribal identity will always conquer societies that are universalist.'Unless you are <b>Nazi</b> Germany</p>	<p>Nazi</p>	<p>Ideological and Political Identity - General</p>	<p>1/17</p>	<p>5.882</p>

Jetpack Rorschach <b>Ethnic</b> identity is a biological drive as natural as the need to develop myths to reveal biological archetypes.What you call obsession is intellectual integrity to biological imperative - a dedication to use myth to reveal truths about our nature.	Ethnic	Ethnicity - General	1/42	2.381
Hans Olo To day that the English didn't have a strong tribal identity is dishonest. I would argue that Germany would have been better off putting tribal identity over fascist ideology. Dedication to ideology is what destroyed Germany. In fact Fascism as described by Mussolini was dedication to the state being prioritized over everything including <b>ethnic</b> identity.	Ethnic	Ethnicity - General	1/57	1.754
you've been reading too much fan fiction, your <b>ethnicity</b> is not that important	Ethnicity	Ethnicity - General	1/13	7.692
" <b>Ethnic</b> identity is vital in preventing authoritarian regimes."Kinda like making fire out of water. All authoritarian regimes have fed on the myth of ethno-nationalism.	Ethnic	Ethnicity - General	1/25	4.0
mesque unclub if your <b>ethnicity</b> created countries like germany, france, australia, USA. Then is highly important.	Ethnicity	Ethnicity - General	1/16	6.25
DC "We need homogeneous <b>nation</b> ". Another reason to hate my country...	Nation	Nationality - General	1/11	9.091
Germany and Italy Vs England in WWII.WWII Germany and Italy being nations formed out of <b>nationalism</b> . <b>Nationalism</b> allowed England to hold on during the blitz, but also bought Germany and Italy to their knees. <b>Nationalism</b> being good should not be the lesson you take from WWII.	Nationalism	Nationality - General	2/47	4.255
If you have a valid point, why do you use unsupported statements to try to make it? Statements 1&2.As far as your sentiment toward archetypes goes, they are universal you fuckwit. Culture and <b>ethnicity</b> have <b>nothing</b> to with archetypes outside of local mythology. They're shared across humanity. Try actually reading Jung instead of listening to Peterson misinterpret his work.	Ethnicity, Nothing	Age - Youngsters, Ethnicity - General	2/60	3.333
ThePatriarch Yeah what? Countries are political construct of a given context, you ignorant moron. They aren't the result of a single <b>common</b> lineage. Not even monarchies are that.	Common	Social Class - Working class	1/28	3.571
