"Women have more words in the vocabulary'. Yeah, BECAUSE THEY TALK TOO FUCKING MUCH! So they NEED more words. It's only natural. That's not an achievement. You're piggy back riding on the backs of men that created dictionaries, discovered and categorized different languages. But you won't tell the people this, because it messes up your fucked up fantasy about your false superiority. Dumb feminists...	Dumb	Physical Identity - Physical (and Mental) Impairments	1/64	1.562
"Women are better doctors " Hahahaha and who invented and discovered medicine???? MEN!	doctors	Nationality - General	1/12	8.333
Women doctors in general will throw every test out there at you. Seriously women doctors do not practice medicine they enact it. If you do not have insurance never go to a women doctor because they do not know what is wrong with you and they will throw every test at you to try to figure out what is wrong with you. At the time you will not know this is their basic practice and if you go to the E.R. you will find out in about 6-8 weeks later when your 4k bill comes in the mail when you had something like lyme disease. When a male doctor would have had you diagnosed in an hour at the cost of a basic E.R. visit and medication <\$1k Do not believe me then ask a female nurse who she prefers as her doctor if she ever gets sick!	doctors	Nationality - General	2/148	1.351

Diane Sawyer, who paid you to propagandized these RIGGED STUDIES OF PSYCHOLOGICAL WARFARE FALSELY SAYING Women Are Smarter Than Men IN ORDER TO DESTROY BOYS AND MEN PSYCHOLOGICALLY, MENTALLY, INTELLECTUALLY, AND SPIRITUALLY WHEN IN FACT MEN CREATED ALL THOSE SUPERB ANCIENT CIVILIZATIONS OF THE ANCIENT FERTILE CRESENT SUCH AS SUMPERIA, BABYLON, TYRE, CHALDEA, PERSIA, GREECE, ROME, CARTHAGE, EBLA, TROY, ASSYRIA, LEBANON, EGYPT, JORDAN, BYZANTIUM, ETC? ASK WHO FINANCED THESE RIGGED STUDIES WHICH WERE NOTHING MORE THAN A PSYCHOLOGICAL WARFARE BEING WAGED AGAINST BOYS AND MEN IN ORDER TO JUSTIFY THE WAY THEY ARE BEING INDISCRIMINATED AND MISEDUCATED AND DELIBERATELY UNDER-EDUCATED IN SCHOOLS IN ORDER TO DESTROY THEIR INHERENT GENETICALLY ENDOWED SUPERIOR INTELLIGENCE? EINSTEIN, EDISON, FORD, OPPENHEIMER, GODDARD, MARCONI, WERNHER VON BRAUN, THE WRIGHT BROTHERS, THE 5 MEN CO-INVENTORS OF THE LASER, THE LIST IS ENDLESS. WHAT THIS RIGGED STUDY IS TRYING TO DO IS TO DESTROY BOYS AND MEN PSYCHOLOGICALLY AND INTELLECTUALLY AND MENTALLY AND SPIRITUALLY WHEN IN FACT, IF GIVEN AN EQUAL AND FREE CHANCE TO LEARN IN THE TRUE WAY BOYS AND MEN ARE SUPPOSED TO BE EDUCATED IN THE CORRECT MANNER THEN WE WILL CREATE A NEW GENERATION OF MEN WHO ARE GENETICALLY ENDOWED WITH SUPERIOR INTELLIGENCE! Reply to BRAINWASHED Eva Bukhryakova: [LINK] Dangerous People Are Teaching Your KidsTravis Thacker11 months agoYea that works if you can get the majority on your side and the other children are smart also. I got pretty much thrown in the special corner in school for doing things like that. No one would support me even when I could prove the Teachers lesson wrong by providing proof or other related materials that showed they had altered or skewed a test or series of tests so that certain students had a higher chance of making a better grade. Yea i got suspended for that one. I had collected data for 4 weeks my 2nd year of HS all to prove a Female Teacher was being bias toward the male students by not providing them with the proper learning material all while giving the females in the class access to her personal laptop and internet related learning material directly related to the project we were working on. I just got told there was **nothing** the Principal or board could do cause her family was big shit in our little town and that they knew she was holding back the male students in her classes so the females had a better chance at getting the scholarships awarded at the end of the term for that grade. Her daughter was only 2 years behind me in grades but had friends in the same grade as I was and a cousin so the Bitch did her best to ensure the cousin and her friends always got first access to any internet time back then in the 90's which made a huge deal in research related material. This bias shit has gone on so long it's not even funny and all it ever does is change from one **sex** to the other and from one **race** to the other depending on which **race** or **sex** is a bigger help to the political parties at the time. That or whatever relatives they have matters more then anything else also. It's **nothing** more then human survival trying to ensure the better chance for there kin and genetics through **red** tape and other underhanded tricks used to weed out new comers in the game or competition. All society has done in the last 5000 years is make the same **old** game of survival and genetic protection a vastly more complicated game rather then actually advancing social welfare and human progress. Everyone thinks we have all these great creations and super great inventions but in reality any thing invented was only a means of make physical labor less for some and eliminate the need for others at the same time. All the while the same human problems persist and the same human bias and genetic protection goes on between the classes and between the bloodlines of people that actually believe it will matter in 300 years. The reality of it is that it wont matter jack shit. Genetics are by nature made to mingle and spread out among the population of a species to further weed out genetic flaws and traits that are not needed and nature always finds a way to do this in it's own sweet time no matter how hard man tries to change that fact.Mark Bradley2 years agoShort answer: Feminists took over the education system and have destroyed young men by design.darthvader5300 3 minutes ago +Mat Broomfield Men made life adapted to suit men's needs and their families, and they did the same to their educational system based on the boys' and men's brain thinking pattern which allowed humanity to climb from caves to the moon!Feminized education IS a fail. IT WAS AND IT IS STILL MEN! It was men who explored the wilderness, it was men who tamed the world to make it safe also for their women and children, it was men who constructed the required infrastructures and technostructues to lay down the foundation of the industrial revolution. It's hilarious to me that women are so desperate to be as smart as men that they are willing to do flawed studies just to create the illusion they are smarter. I notice how she doesn't provide details of the study. Also, Dan my man, there is no freakin way you didn't intentionally hammer that nail like an autistic 2 year old girl. You did it just to make women feel better about themselves. It's hilarious how women are so desperate to feel like they can compete with men in any way they seek the approval of men. I bet that study was conducted by women. Only women could devise such a stupid, flawed, or biased study and totally disrespect science in the process just to feel better about themselves	Old	Age - Over 65s	1/130	0.769

Part of the problem is that woman historically have been bogged down with menial things such as childrearing and housework. If more could get their heads out of the diaper pail, they could embrace more opportunities and see the broader picture. I will never say that women are smarter than men because it would be too self serving. <p>Women only look smarter because the system is rigged against men. This is absolutely true because the educational and cultural system and environment and faculties has been high jacked by radical feminists-feminazis extremists. The entire American educational system and faculties in all school levels at the primary level, high school level, and college level has been highjacked by radical feminists-feminazis in order to rig the entire educational and cultural system's curriculum to be unfairly in favor of girls only but at the expense of boys by rigging the schools' entire curriculum to be deliberately not in favor of them. Because these unhinged boy-haters/man-haters radical feminists-feminazis main agenda is to deliberately sabotage any attempt of the young boys and young men from fully and properly developing their genetically endowed natural dominance oriented intelligence because if they are given the same equal opportunity(ies) to develop their intellectual-educational-psychological-IQ raising smarts potential THEY WILL SURPASS THE GIRLS AND WOMEN IF THE BOYS AND MEN ARE GIVEN THE SAME EQUAL OPPORTUNITIES IN ALL WALKS OF AMERICAN LIFE. But what happened is that the unhinged radical feminists-feminazis has rigged the entire American society to be unfairly in favor of girls and women only while at the same time deliberately rigging it to deliberately sabotage the boys and men attempts to be successful in order to deliberately make them fail as part of their overt but subtle psychological warfare which is saying an implied FAKE MESSAGE SAYING YOU ARE A FAILURE WHEN IN FACT THESE EVIL RADICAL FEMINISTS-FEMINAZIS KNEW ALL THE TIME THEY ARE NOT A FAILURE BUT WERE INDISCRIMINATED AGAINST BY A RIGGED SYSTEM TO DELIBERTELY SABOTAGE THE BOYS AND MEN ATTEMPTS TO BECOME SUCCESSFUL ON THEIR OWN RIGHT IN ALL WALKS OF AMERICAN LIFE IN PLACES OF STUDY AND OF WORK. In short, all American women are practicing EQUALITY THROUGH INEQUALITY, especially after the evil unhinged radical feminists-feminazis extremists closet boy-haters/man-haters has infiltrated and highjacked the court system, the police system, the corporations, the work place, the educational system and academic faculties, government departments in order to rig them all to indiscriminate against boys and men, most especially if they are young. They do not want equality, they want superiority when in fact their superiority came from the society-civilization created by SUPERIOR MEN OF INTELLECT AND VISIONS. JUST LOOK AT HISTORY AND YOU WILL SEE WHO CREATED THESE HIGHLY SOPHISTICATED CIVILIZATIONS THAT REQUIRES A LOT OF KNOWLEDGE AND WISDOM AND SKILLS TO ACCOMPLISH THEM ALL. IT WAS AND IT IS STILL MEN! WHEN I WAS A YOUNG OFFICER DURING THE COLD WAR I ASK A PSYCHOLOGIST WHY IS IT THAT EVEN THE MOST MEDIOCRE MEN HAS THIS TENDENCY TO TURN INTO NEAR GENIUS OR TOTALLY GENIUS ONLY DURING IN TIMES OF WAR AS DEMONSTRATED TIME AND AGAIN THROUGHOUT HISTORY AND DURING WW I AND WW II AND HIS ANSWER</p>	Woman	Gender - General	4/718	0.557

By the way, have you women, in your younger years, have done a neutral and non-partisan/taking-no-sides/non-biased undercover investigations over a good number of years? Your success were BUILT UPON THE FOUNDATIONS OF CIVILIZATIONS CREATED BY HIGHLY INTELLIGENT MEN and when you were given a chance to participate you became narcissistic, one-side, indiscriminatory, PC lies Card users, Gender Card users, and whatever evil Liberalism Card invented by unhigned leftists-liberals has been inventing. Well, the gig is up. After the Cold War, the Soviet Government released it's NON-BIASED FINDINGS TO MANY MEN and they all admitted that it is true. How did we know? Simple: During the Cold War we have been observing American society as a whole, watching-recording-analyzing and even our female KGB members are laughing at you American women who have fallen for this false female superiority/biased/indiscriminatory and NARCISSISTIC view against men and toward all men and boys of all ages. American women are a laugh! Since the late 1980s American men and European men are gravitating toward Russian women and by late 1990s our own census counted 12 million male westerners residing inside Russia, now it is 16 million male westerners, the main bulk coming from America and Canada. Of course the biased liberal MSM will not report nor acknowledge this and over the years there are those who doubted me so my response is this: SINCE THIS IS A FREE WORLD, WHY DON'T YOU BUY A 2-WAY TICKET TO RUSSIA AND STAY THERE TO INVESTIGATE EVERYTHING "EVERYWHERE" and no cherry picking/cheating! She is the sole laureate to be recognized within two distinct scientific areas.Fanny Gates further investigated the properties of radiation. Together with Ernest Rutherford, she amassed evidence that radioactivity was not the result of any simple chemical or physical processes.[21]In particular, Gates showed that radioactivity could not be destroyed by heat or ionization due to chemical reactions, and that radioactive materials differ from phosphorescent materials both qualitatively and quantitatively.[22]RadonIn 1901, Harriet Brooks and Ernest Rutherford contributed to the discovery of the element Radon by finding evidence that the 'emanation' emitted by thoriumcompounds was likely to be a gas [23]. This follows work in 1899 by Pierre and Marie Curie, who observed that the gas emitted by radium remained radioactive for a month.Kinetic energyEmilie du Châtelet (born Gabrielle Émilie Le Tonnelier de Breteuil) translated Isaac Newton's Principia Mathematica from Latin to French during the 18th century. She carried out physics experiments, popularizing the work of Leibniz. She demonstrated that the kinetic energy of an object was proportional to its mass and the square of its velocity, and postulated a conservation law for the total energy of a system.Heavy elements in cosmic radiationAs a graduate student, Phyllis S. Freierfound evidence for the existence of elements heavier than helium in cosmic radiation.Her work was published in Physical Review in 1948 with co-authors Edward J. Lofgren, Edward P. Mary Anne I show great appreciation for women that are not ignorant such as yourself. I will hire anyone based on merit. Do a good job and I will pay you for a good job, just like any company. There is no such things as a wage gap. If I could pay a women 70 to the dollar I wouldn't, its a myth. No woman does the exact same job as a man and gets paid 30 less, that would be horrible for business, or self worth, or self respect. If you can produce the same you will get paid the same. Look at trucking, or logistics, do you think you can pay a female driver less doing the same job? Most people do not even understand how a business functions. I pay women more because they in general show up on time, do not drink as much if at all, and have a better work ethic in my personal experience. I live in the south and Southern Women can work and usually better than Men in my personal experience, especially if they have a family. Not to speak down to men in the south who have a family, its just my observation that they tend to drink more and that affects their ability to work regularly. Mary Anne 'WITHOUT A WOMAN A MAN WOULD NEVER EXIST' Actually without a man a woman would never exist. See women come from their fathers testicles, that's how most women or everyone starts out, they start in the testicles of a MAN, it's called sperm. The male is supposed insert his penis inside of a female, then the friction of the females vagina creates an orgasm between the two mates, and then this liquid white substance comes out from the males penis and that is called cum, cum provides millions of sperm. And when that cum from the males penis makes it into the females vagina, the millions of sperms then try to race to the ovaries, when one or two sperms make it into the ovaries, the eggs inside of the ovaries basically evolutes the form of the sperm. So yeah you come from men not women.	Race, Woman	Ethnicity - General, Gender - General	3/148	2.027

Mary Anne replying to your comment that "women birth you", child birth is not possible without a man. Men are vastly more likely to fight in wars, generally work more dangerous jobs, thus accounting for men making up 90 of work related deaths and the " gender pay gap", (which does not exist due to the above stated statistics) and are statistically more likely to be abused in a relationship than a man. Additionally, the court favours women and a mans entire life can be ruined just by a women calling him a rapist, yet women still have the audacity to protest for "equal rights", when in reality most feminists want special privileges and the "genocide of men". I wouldn't expect you to give this an intelligent or dignified response when all you seem capable of doing is copy and pasting articles off the internet.	Gender	Gender - General	1/144	0.694

Corin Hall I have copied only a few articles from the internet to prove egoist men than women are not less capable than them!!! But you don't have any fact or evidence to prove your point!!!! Men working dangerous jobs lol & when a woman tries her hand on those type of jobs you men underestimate her capabilities, talking about a male dominated jobs where women find it hard to work in because men are highly egoistic..... And give the evidence of men doing 90 of death related works!!!! Regarding the gender gap myth well the truth is bitter you including those men who conducted those statistics to a limited group of people to prove that gender pay gap is a myth so that men like you can go around beating the drum..... If you think women are equally paid maybe you must extend your knowledge of it in more other areas but I sounds funny at the same time when a man whose spouse earns more money than him feels highly shameful about it & these men often feel shame that often turn to rage & they are most likely to show passive-aggressive behavior!!!! And it's interesting how you men twist facts here about how women ruin men's lives in court or whatever when all they are trying to do is to fight for their rights that they country provides or gives them the right to do so... So blame the LAW not the WOMEN !!!! And it's shameful for you to say that if a women calls a man rapist his entire life is ruined how pathetic for you to say that... what about women who have been raped for real and men trying to act like they didn't do it, these influential men rape women & when a woman complains about it, she is LYING, and her character reduces herself to nothing in the society that supports such men!!!! Your comment has to do more with the West, but looks like you are forgetting about the other's side of the world that have the most population & where women don't have privileges to their own basic rights & courts hardly favors them so please look through a birds eye view and not through a worms eye view to prove or justify you non evidential points here, Atleast for the sake of calling yourself a Man like as if you chose that gender before being born into the world!!!! <p>What does it mean to be smart? How does one become smart? If someone cannot do something or solve something as well as others, does that make them less smart?</p> <p>Questions like these need to be answered before we can even begin considering if women are definitively smarter than men or vice versa. 'Smartness' is a slippery slope. We have devised tests to measure how smart you are, but are they really accurate? Do they actually capture all that it means to be smart? Sure, maybe women have been scoring better than men on IQ tests (women are smarter, 2012), but is the test fair and unbiased, or does it accurately measure smartness? Additionally, this video claimed that there are more women who graduate from college than men (women are smarter, 2012). Does this mean that we are smarter or that there are greater forces at work here? Consider for a moment how our societies function. There could easily be an underlying issue helping/hindering genders that is invisible to us. We have also heard time and time again that women are not as good at math. Is there something innate inside of us that makes these skills more difficult, or is it that we keep telling young girls that they should not be as good at it so they are just giving up more easily?</p> <p>Additionally, you could be a genius and know everything there is to know about one field, and be completely clueless about another. How smart is that person then? Is there a ranking of what subjects we should know in order of smartest to dumbest? As you may be able to guess, I do not think there is an inherent answer to the question are women smarter than men. It is impossible to answer for so many reasons. I think that women and men are equally capable, with possible and extremely small differences due to our chemical make-up (ex. Estrogen and testosterone). I think the field of science is still too young and there are way too many invisible social forces around us to tell us if the differences we see are due to something biochemically inside of us. Yes, on average, women are different than men in some ways. However, our differences may not be caused by what we think.</p>	Slope	Nationality - Chinese	1/385	0.26

I knew that as soon as I saw "ABC" was hosting this "study" it would be nothing more than feminazi , liberal, mainstream trash; ABC didn't let me down. Despite all of the false or half evidence Feminists try to show to prove "women are smarter and generally better at everything than men" all I have to do is look at merit to determine who is smarter. The most intelligent sex will find a way to dominate the other sex and which sex has dominated for 1000's of years? Men. The most intelligent sex will contribute more to society, which sex has contributed more to society? Men. In mathematics, written and spoken word, social sciences, natural sciences, inventions and practically everything else except maybe child rearing; men have dominated. Actions speak louder than words (or deceptive Feminist evidence) and the actions of men compared to women show a higher intelligence and greater ingenuity in men compared to women. Alessia Omari there are hundreds of studies and researches done on this matter and you can google the stats yourself that have proved that men are smarter on an average and we all know that yet we don't print that on our books or newspapers why? Because a gender thinks it's smarter than it is and refuses to accept the facts and frame em as "women hate" I don't think women are less smart because they work less than men they don't think as logically as a man that's understandable given the biological fact a women were never made to strategise for a hunt or anything but for the continuation of the species and rasing the offsprings I think they are less smarter than men because they are smarter than they are men can be dumb too but luckily most of em have the ability to accept that. Adi Mate As I said, this might be because women and men's brains are wired for different things. The reason more women take psychology and English (jobs that you say are somehow 'easier' than other jobs) is because women in general have better communication skills than men, and are emotionally much more intelligent then men. (Just think about it, psychology and English may be two jobs that are easier for women and harder for men.) So in a way, both genders are smarter than each other in different ways. If we can all somehow learn to get past 'who's smarter' when comes to not only gender , but anything else, I believe that if men and women use their strengths in the future and can work together, then some great things could happen.	Gender	Gender - General	1/132	0.758

Alessia Omari the problem is most sites overexaggerate things for the sake of "equality" which they think is possible only by twisting facts for example this article on a site I found"Conventional wisdom tells us that male and female brains are wired in such a way that each sex has advantages over the other when it comes to certain tasks. Men, for example, are often said to be better at math and scientific reasoning while women are better at reading and empathizing." "Each sex has advantages over other" and then tells men are good at maths and science + reasoning whilst women are good at reading and empathising wtf? How the fuck is even a respectable comparison to qualities present in the male counterparts? But no let's type they both advantage each other now a guy did some research few years ago where he claimed that women had more iq than men on an average and the news was picked up by libtard media immediately with headlines "women are smarter than men!" That was the actual title and the reporter said "for the first time in more than 100 years women have higher iq than men" and I pisses myself laughin how they were insulting themselves like first in 100 years and you yell it in our ears based on the book written by a MAN gods know what he is agenda must have been never saw titles like "men are smarter than women" for last decades nope gender inequality works only one way you never have to prove that you're important if you are your presence will be noted so I'm goin to end this debate now. IQ test can not test all spectrums of intelligence,there are many kinds of smarts, street smart, being a chrasmia genius,wisdom, and tactical. these things are not on a IQ test, just book smarts, i believe true intelligence is a persons atributes, these are so different between people , male or female, out of the top 10 people of the highest IQ in history a **woman** scored higher then einstien, but einstien abstract thinking had him contribute more to science then(Marilyn vos Savant) her I Q score is 228 score and Einstien was about 160. they believe lenardo IQ was about 190, she beats him too ,but she still does not effect the world like lenardo de vinci , with visions and inventions and science, why, because men are forced to think with left side of the brain and can not use both sides like women do equally,why women are better learners and muilti taskers, but men compensate with higher abstract thinking, when they studied enstiens brain they noticed the left side of his brain was more develped then the average person, man or **woman**, she(Marilyn vos Savant) may have a higher IQ score but i bet that part of the brain, that makes you think out side of the box is not like Einstiens,this may be a reason why men lead and create cilivizations(counting present one too), Abdesselam Jelloul was said to have the highest iQ ever, and is a man he is not known for changeing mankind like Issiac Newton, if I had to guess and who is not on the top ten list of highest IQ ever,man or **woman**, I say nikola tesla is the smartest known person, he invented all the modern day electronics, the electric motor , transformers transisters,generators, why you have AC power in your house, his inventions effected more people then most of the other inventors, the wright brothers made the first plane, i bet now adays the average women has a higher IQ then most men, but IQ still does not cover all types of inetelligences, and why abstract thinking is so underated, men are not smarter then women, just most men will think out side of the box more then most women, this is why man will go to space , and women will follow after him,only way to prove women are better at abstract thinking if they make the next invention that changes mankind, like a tracktor beam, hypyer space jump, time travel,teleporter,things that change mankind, like RC Clarke invented the comunication satulite. I will be fair i looked up all the female inventors and Patricia Billings invented a indestructible and fireproof building material called Geobond,EdithFlanigen was the inventor of a petroleum refining method and is considered one of the most inventive chemists of all time ,there are many other women inventors, mostly i see women improving on inventions that have all ready been invented(like windshield whiper to a car)and not comeing up with things like archimedes principle ,newtons law,and $E = mc^2$, many of these inventions done by women go unnoticed compared to man,conclusion women inventors are not that life changing, atleast not yet.I am a man I am not better or smater then a **woman**, but i see things like a chess game ,if we argue or trade points , I see moves ahead, because i am not good at using my right side of my brain has the ladies.

The analyses of more than 20,000 verbal reasoning tests taken by university students from around the world revealed that the IQs of women are approximately five points lower than those of men. Kitkat The Cat Actually it's the complete opposite but you can keep telling yourself that. Men are fed up at an all time high rate and are not going to let feminists alter biology. Let's say my house was on fire and the firefighters are all women. If my wife, son, and I can be all carried out to safety promptly by women I'll change my mind but biology states that at least one of us ain't getting out of there with a women crew. Reality. Sorry. Honestly you wouldn't want that job anyways. I don't blame any woman for that.	Woman	Gender - General	1/101	0.99
nasachusetts thank you for your opinion I truly appreciate you view of things. Yes you are right I would not want to be a firefighter because I would like to become a pediatrician but I have though looked in to becoming a firefighter. Also yes men and women are equal no gender is better than the other one. Both genders have their own different perks but it doesn't mean that men are better or that women are better. Kitkat The Cat Women are vastly better than men at many different fields. Pediatrician is a very important job and I have always thought female nurses are better than doctors in a sense they do all the hard work the drs have it easy. We are equal in different aspects I totally agree. We shouldn't force diversity in the workplace but hire based on merit than melanin and gender . Also a minority of women firefighters are perfect for the job just as a minority of men are good educators and counselors. Thank you for not immediately labeling me sexist, homophobe, islamophobe and all the rest :) I have deep respect for women and all they do! My wife is my savior I would go nuts trying to work and raise my son at the same time. Women seem to be able to multitask easy, if there is any noise I lose my concentration and can't get anything done.	Gender, doctors	Gender - General, Nationality - General	2/158	1.266

nasachusetts That's because men are stronger than women. If the women who were saving you were built up as males, would you like them to save you less than men or would you view them equally? Physical strength is not the same as mental strength. Also, women also have a tendency to think with emotions and as humans, we are quite empathetic so they would probably panic more and try to get everybody out quickly because women tend to be better at emotional empathy than men. That's a fact and not an opinion. Overall, I believe that it varies on the person.	Mental	Physical Identity - Physical (and Mental) Impairments	1/102	0.98

darthvader5300 Well every civilization was made differently, but women always participated in many ways because that's simply how society works. In eastern civilizations women participated as soldiers in war, and most of these civilizations were run by women (i.e African civilizations and South American civilizations) and had equal rights playing whatever role they wanted in society. A society is meant to work as a whole including ALL people and without them it will fall. I do not identify as one of those stupid victim seeking feminists, but women have always played important roles in society, so maybe you should learn more about the things you use everyday that women invented. Alessia Omari actually I think men and women have different set of skills . Men have the ability to start from nothing and build empires . Women on the other require some support . Like if you see all successful women , they had someone in their family who aided them financially or educationally . But women do have some skills that men lack . Women have better communication skills and also the ability to solve disputes . Often men's rational thinking becomes aggressive and leads to disputes . I feel that all teachers should see this. As a young boy, especially in elementary, boys were treated like autistic shits, while girls were treated like royalty, and would always be used as a demonstration on what boys should act like. <p>She has no intention of sticking up for men who were wronged since they were young boys and The War Against Boys (and MEN) was exposed by Christina Hoff Sommers when the feminists-feminazis has hijacked the educational system and sabotaged the meritocracy system of education into a biased radical feminized anti-male academic curriculum in order to deliberately make it difficult for boys to study while making it easy only for girls to study and THAT IS OUTRIGHT ANTI-MALE GENDER INDISCRIMINATION AGAINST BOYS AND GIRLS. They are deliberately trying to create a very subtle and indirect indiscriminatory anti-male/anti-boys/anti-men academic curriculum which is biasedly in favor of girls BUT NOT EQUALLY IN FAVOR OF BOYS AND THAT IS OUTRIGHT SEXIST INDISCRIMINATION AGAINST BOYS AND MEN. Their main aim is to gradually, over the many years and decades since the 70s, to degrade and denigrate and sabotage the academic performance of boys and men by sabotaging the FAIR meritocracy system for both boys and girls, men and women and replacing it with a feminized anti-boys/anti-men academic curriculum only in favor of girls and women BUT NOT EQUALLY IN FAVOR OF BOYS AND MEN ALSO. +Steve M I just want to ask this question. How did they feminized education and how did the feminists or feminazis worked hard to change the physics curriculum that unfairly benefited only girls and indiscriminates against boys, how did they do it? And how did they openly made changes to disadvantage boys in order to unfairly give all the advantage to girls which is GENDER INDISCRIMINATION IN ACTION AGAINST BOYS?&160; Could you explain it to me in it&39;s complete entierty, detail by detail, like creating a blue print of the nefarious plans?&160; And the men who work in education who are too frightened to openly argue this gender indiscrimination against boys because they might lose promotion prospects, could they also help in giving me the details on how these very destructive sexist anti-male gender feminazis are doing it?&160; And my advice to for you to write a highly detailed book about it with physical evidences in the form of documents, curriculum plans, textbook changes compared to past textbooks in the 80s and 70s and 60s and add also the information by these men who are also working in education. And my advice is, why not at the same time, create in secret a parallel curriculum and textbooks by using the curriculum and textbooks of the past early 80s, and 70s, and 60s, and 50s, and 40s. The reason why I want to know and help you is because I was once a former officer of the Cold War of which I dare not mention too much and I have seen and notice a lot too. But since I am already retired and too old to travel I can only offer advice: Create in secret a parallel curriculum and textbooks using the past curriculum and textbooks of the past decades as mentioned above, especially the 60s and 50s and 40s and 30s and upgrade them if necessary without making almost any changes at all so as not to lose the gist of their lessons. And make duplicate copies of them and hide them in a safe place. Then use a tactic called flanking movement wherein you will introduce just one set of copy through a second party in an another school where logic and sanity still prevail. Make sure that the school is safe enough to introduce them, and are run by sane men and women who knows what is really is going on which is MALE GENDER INDISCRIMINATION AGAINST BOYS AND YOUNG MEN IN EDUCATION. You can contact me through youtube provided youtube does not censor your messages for youtube seems to be under the control,of self-hating feminized men and by feminazis. And what would you do to stop and reversed the feminized education in the U.K? How would you do it? How about creating a blue print, a kind of battle plan against this UNFAIRNESS AND INDISCRIMINATION AGAINST BOYS AND YOUNG MEN IN U.K EDUCATION IN ALL LEVELS. How to re-engineer the educational system in favor of boys need and young mens needs without indiscriminating against the females who were unfairly given more attention to their needs while neglecting the needs of the males who needs equal attention also. i am sorry even if women are smarter than men(which i actually agree), but men will still be more succesful, u know why? men have more will power, this is key difference between women and men, men will always come on top in the end. (and men dominate women in sex , no matter how good the woman thinks she is, in bedroom she is her man's whore)	Sex, Woman	Gender - General	2/67	2.985
Interesting, I see men as good looking but borderline retarded in general. Males one-dimensionally inclined beings nothing original about them at all	Nothing	Age - Youngsters	1/22	4.545
they are insecure and lack confidence cause look at society look at the expectations for a woman to look good and obey man well shit is gonna change the reason why men are smarter then woman back then is because woman wernt allowed to get a education or a job or be out of the house for that matter	Woman	Gender - General	3/59	5.085

Thanks Stacymorro.Yes, I meant Dr Richard Lynn.I have been doing research in this field for a while. I'm trying to write articles about it;Seems that you are in the field. May I ask you to inform me of any new research about gender differnces in IQ?	Gender	Gender - General	1/46	2.174

Is this guy a mangina cuz he acts pretty fucking ridiculous. Also at age 20, men catch up with women and actually surpass their maturity.	Age	Age - General	1/25	4.0

Grow up and wake the fuck up you dumb shit. Read upon the greatest minds in history, the best scientists, astrophysicists, philosophers, mathematicians, physicists. All men lmao, not even 1 woman you brainless delusional shithead.	Dumb, Woman	Gender - General, Physical Identity - Physical (and Mental) Impairments	2/35	5.714
yeah yeah yeah, fucking idiots. Obviously men are smarter. Who were the best physicists? astrophysicists? scientists? mathematicians? programmers? MEN. lmao you dumb bitches how dare you question?	Dumb	Physical Identity - Physical (and Mental) Impairments	1/27	3.704

I could easily pick apart your comment in to shiz777 "because a woman couldn't do nothing ", far worse than a capitalization error. Spell check doesn't fix grammar. I feel sorry for you, using insults to try to win an argument will cause you more harm than good in life.	Nothing, Woman	Age - Youngsters, Gender - General	2/49	4.082
What does getting a degree in Math,Science and Engineering have anything to do with being smart? I've seen people so dumb and still get degrees in that. Your dumb for just saying that.	Dumb	Physical Identity - Physical (and Mental) Impairments	2/33	6.061
Most those men are back from a long time ago where women couldn't get a good education that's why men were smarter back then, because a woman couldn't do nothing . They are catching up now. Want to know the reason why the best engineers and scientists are men? Because women aren't into technology. I disagree on the best mathematics being men. Out of all my math teachers the women were better at math. Its facts my friend, learn to accept it.	Engineers, Nothing, Woman	Age - Youngsters, Gender - General, Nationality - General	3/81	3.704
HAHAHA what a crock of shit, the media is such a joke they cite one study, drawing massive extrapolations and generalizations from one study without even studying its methodology. The best scientists, physicists, engineers , mathematicians are men. If my sons ever worry about being dumb I'll just refer Bohr, Heisenberg, Feynman, Einstein, Penrose, Ramachandran, Koch, Tononi, Searle, Strawson, Dennett, Chalmers....I think we all get the point. Yes, it is correct. What did you expect, I'm a woman ... Hehehehe! The apostrophe MAY be out of line, I'm not sure. LOL!	Woman	Gender - General	1/23	4.348
So, what you're saying is, is that we're on our way to being more intelligent? LOL! JK!! Maybe I just don't know how to pick 'em, at least where common sense is concerned, I'm wayyyy ahead of the men I'm surrounded by... ..	Common	Social Class - Working class	1/44	2.273
That's why 90 of engineers are men, and men get 70 of the total degrees in Math, Science, and Engineering. Notice the people tested did not include North America or Europe.	Engineers	Nationality - General	1/31	3.226

No, you will not set me up for massive disappointment with women again. I take this info with a huge grain of salt as I do not wish to worship women again only to have the gender which notoriously falls into the bowl just because the seat was left up turn out to be trash like what happened to me as a child who literally worshipped women because of bull shit science that mistakenly said things like this video is saying. Do not get the hopes of my people (reasonables rather than aggressives) up	Gender	Gender - General	1/94	1.064
Yeah, right. It doesn't matter what sex you are, it matters how hard you try, and what type of education you get. This so-called "Battle of the sexes" is stupid. We should all be equal.	Sex	Gender - General	1/35	2.857
Durr, when a woman makes 75 cents to a mans \$1.00, it's impossible to make more than him in the same job. BUT, DARTHschwartz, I'm sure there are TONS' of women who earn more than you do. May the schwartz be with you!	Woman	Gender - General	1/43	2.326
lol men are superiur to women in physical strength and if the page gap exists in certain jobs that require manual labor then its righthfully exists.If a woman could do as good as a job for ex. in the construction field then she should be paid the same as her male co-worker.Now in the office field i have the impression men are doing a lot better at higer tiers i dont know if this is entirely true but i sure have seen more male managers than female managers a lot more.if the pay isnt the same in this field then a reseasrch needs to be made to conclude if males are working harder or women or its equal.Now surely women do better in ceratin jobs but men do better in a wider spectrum of jobs than women and this why male unemployment rate wordwide must be lower than female i presume.	Woman	Gender - General	1/151	0.662
Women earn 75 cents to a man's \$1.00. That is why they make more, not because we don't want money, pigs just don't find us as valuable.... or at least don't want us to be as valuable.	PIGS	Nationality - Southern European	1/37	2.703
Well, women do have better memory than men, but most conventional IQ results I've seen up until now show that the average woman scores 1-2 points less on those tests than the average man does. As DARTHschwartz pointed out below, men make considerably more money than women do, and I suspect that it's mostly because the average woman finds profit less alluring.
