Men are always triggered that there is no Testicle cancer awareness no International Men's day or other stuff but women have it worse and this is not an argument women's looks virginity purity and hymen are always considered a huge deal but looks shouldn't matter virginity and purity does not exist and the hymen doesn't work that way idiots who fail biology believe that women's breasts are a second private part when they are not no one complains if a bit of a boy's testicles are showing but when a girl's bra strap is showing everyone raises a red flag Breasts are just 2 fat pads on a girl's chest and bras are just pieces of cloth to keep them in place bikini tops are not used as a censor bar but used to keep girls' breasts stay in place	Fat, Red	Ideological and Political Identity - General, Ethnicity - Native-American, Physical Identity - Physical Features	3/140	2.143

Lmao, in this day and age people still have a issue with genders. How pathetic can people be? Gender doesn't say what type of person you'll be omg. Name Suggestions? As long as you aren't being sarcastic and truly agreeing on this stuff, thank you, we should all be treated the same way yet sometimes tolerance of men's pain is quite low, my dad got sick and cried from a cold, I'm not sure why but he did, I don't enjoy when any gender says women are too emotional and clingy, just no, I may be emotional but that's not because of my gender , it's a mental illness, yet anyone can be a higher role in a relationship, anyone, all men and women are supposed to be treated with respect, and either one can be sexually assaulted although the higher rate of rape is on women, men can go through this too, just love one another, and I hope that never changes, I don't want men taking over the world, but I don't want women to either, everyone has a chance to be what they want to be. When you get a call....., Excuses excuses , the construction industry is hiring all positions. Yet the only women working the hard jobs are Latino immigrant women. They haven't been spoiled like you yet. They come from different backgrounds, mostly poor and desperate situations. They're eager to work even if it's hard, dirty work. don dada listen, ok men are not superior to women neither are woman superior to men You came to this video to comment on how woman are inferior to men like a little baby Ok please stop this isn't rightAlso because woman didn't go to war or hunt is because of people like you thinking woman can't do much, thank you good day	Woman	Gender - General	4/64	6.25
don dada because in this society people think woman are weak and don't give them many opportunities Also they are many amazing strong female athletes	Woman	Gender - General	1/25	4.0

<p>don dada If you generalise, then all of them are probably 'true' (not the "smart" one though, I doubt that). But are generalisations something you should use to measure? No. This is only the average you calculated there. And "the average" just tells us where the middle is, but nothing much about reality itself. An average woman on XY island is about 160cm. So now you go to XY island and expect women to be 160cm... Surprise: 50 of women there are around 140cm and 50 of women are around 180cm. And no woman is actually 160cm. Could happen.Furthermore, if you pick a random woman and a random man, it could easily happen that the woman is taller (for example). Maybe it's less likely, but it's also not that unlikely that it would happen. How likely it is depends on things that the "average" number doesn't tell us. Answer one question: Blue eyed people are on average taller than other people. Is this information relevant to you?No? Then why is it relevant what an average woman's is or looks like?</p>	Nothing, Woman	Age - Youngsters, Gender - General	5/183	2.732
<p>wow. just.....wow. I can't believe you. are you serious? I hope your mom reads this. and NO, women aren't less ambitious than men, shorter than men, aren't less funny than men, physically smaller, shorter, weaker, and less smart. would you be brave enough to not give up your seat on a bus because you're black, or smart enough to earn a Nobel Prize?! I didn't think so. And really; "less funnier..." come on man.</p>	Black	Ethnicity - Black	1/74	1.351
<p>don dada Exactly, so you wouldn't know! So stop making assumptions like you are some sort of expert on women! None of us are, and stop acting like all of this is true! And judging by your grammar, punctuation, and capitalization, I can tell I'm smarter than you! What do you do exactly, I own a pet shelter and I have many good relationships with people, you on the other hand probably live in your mother's basement, having nothing else to do but sit around and hate on people. Not a good way to make friends.</p>	Nothing	Age - Youngsters	1/96	1.042
<p>don dada women have mad lots of good things, computers, caller Id, and heaters for cars, and Marie curie even discovered Radioactive Elements and got two Nobel prizes. Also there is other inventions made by women that have changed many things in our everyday lives. Men have actually held women back for years, we could not vote for a long time till the 19th amendment, most women could not go to college or were told not to. It was frowned upon if you decided to work as a woman.</p>	Woman	Gender - General	1/89	1.124
<p>Shy Girl what the actual fuck, i ain't never heard of a woman who invented computers and caller id, don't speak to me if you are spreading lies without knowing the facts.</p>	Woman	Gender - General	1/32	3.125

how do women come from men???¿????¿???all humans were literally born by women tfand the bible says humans come from god, not men. this makes no sense at all. tho, women are not necessarily physically weaker, but in anatomy they are weaker, that's a fact. the rest is just weird	Weird	Physical Identity - Physical (and Mental) Impairments	1/51	1.961
God created a man. Then he created a woman as a compliment to the man because he knew the man wouldn't be complete alone. The Bible does say weaker vessel BUT if you look more into it women are the weaker vessel as far as emotion and maybe strength god didn't say men are smarter or that there better he always taught to treat women with respect. And respect doesn't involve putting down women and not giving them the same rights as men. Now the thing about being smart that's stupid I personallyknow women who are more advanced then boys	Woman	Gender - General	1/100	1.0

Victoria Manning first of all, how dare you describe me as ignorant. I'll have you know I just finished a sociology class full of you feminists that was taught by a feminist professor, so I have a pretty good idea of how you think. One of the first things they taught us in my engineering courses was not to make statements without facts and observations of which I have plenty. Your version of equality requires men to suffer, which is totally inexcusable. You must realize that at least in America, being a women grants you nothing above nor below a man. Just because something will require hard work, or something is in large occupied by men does not indicate inequality.	Nothing	Age - Youngsters	1/120	0.833

J Jones Well, to be honest, everyone is different from each other. No two are the same. Sometimes it can be hard to understand. But we're all humans, right? We all have emotions and strange opinions, right? So why do we waste time arguing which gender is better than the other? Like what's the point of it? Women can be different from each other, too. Many of you are.I respect street hookers the most, they're square dealing. Choosing a husband that can provide the goods is just a hooker looking for a long term contract. Marriage is like a workers Union. Keeping the price of pussy high. Hookers drive the prices down and that's why you hate prostitution. lol	Hooker, pussy	Gender - Female sexuality, Nationality - Chinese	2/55	3.636

S455, still single? LmaoMore like finally single.25 years of married bliss was enough for me . Be gone THOT	THOT	Gender - Female sexuality	1/21	4.762
Darth Ur you can sit there and spread your negatively about women. It's okay that your gonna spend the rest of your life alone, that your a sad lonely man who's just triggered by women empowerment. Calling me a thot isnt going to change the fact that you are scared of me, scared of women because maybe you got your poor feelings hurt by your ex wife. Any person who has been married that long and then divorced wouldn't spend 25 years with that person unless you really loved her (loved that woman). So making generalizations that all women are bad or "hookers" means that you cannot control your emotions after spending like half your life with the person so you take it out on the internet. That is the truth here. Most triggered men in this comment section just went through something traumatic with a woman and feels the need to put other women down. If you ever had a daughter with your ex wife, would you still have the audacity to call her a hooker ? You need to grow up, your not a man but a sad lonely little boy. No man would ever treat women like that, your basically calling your mother a hooker . Also adding on the fact that you said regular women are hookers because they take take take, which also adds to my point that your previous marriage didnt go so well because of that.	Hooker, THOT, Woman	Gender - Female sexuality, Gender - General	5/241	2.075
Darth Ur either way your calling women hookers. Dont try to use sarcasm to make it look like you ain't scared. Grow up dude. Your like in your 40s by now, watching videos about how women were degraded and then literally degrading women in the comment section because you had a bad marriage. Which I doubt because no woman would be married to a guy for 25 years and be a " hooker " (taking from you) I think you two actually loved each other at some point. Just grow some balls and stop being scared of women, we ain't gonna hurt you.	Hooker, Woman	Gender - Female sexuality, Gender - General	2/101	1.98
Darth Ur it also sounds like this was your first marriage. Dont generalize women as we only want money when we want marriage when you've only been married like once. Your literally being sexist to all women because you had a "bad" experience with a woman .	Woman	Gender - General	1/46	2.174
Darth Ur you said women looking for men who can provide. No woman wants a lazy man sitting on his ass all day. And you are the one truly pulling this victim card, using your ex marriage as an accuse to be sexist.	Woman	Gender - General	1/43	2.326

<p>Darth Ur I also work (I have a job), I dont do my nails because I need to keep them short for my engineering program at my school, I also took part in rote, I know how to change a tire, how to change my oil to my car, i like to stay updated with politics, I've done countless community service, working with elementary schools and the homeless.</p> <p>You seriously need to get your priorities straight. Stop generalizing women as gold digging hookers. You said you spent 25 years of your life with a woman. I honestly think you werent bringing in bank, if she really was a gold digger than she would've married an older man who had much more money than you. Theres no way in hell a woman would spend almost half her life with someone just for money. Stop being so scared of women. If you had a daughter who wanted to get married one day, you would call her a hooker? Really? Most relationships nowadays, both the man and women are working. Dont pull that shit how women want a man who can provide. Like no shit they do that's how relationships work you dumbass. Both parties provide, no one wants their significant other sitting on their ass all day. Icanfixmyowncaryoubelonelyforever</p>	Hooker, Woman	Gender - Female sexuality, Gender - General	3/217	1.382

Suffer No Fools Damn, someone has nothing better to do but to troll online and call all women hookers. It's so typical of a fat lonely man who has masculinity issues to sit on his fat ass all day and call someone he doesnt know a hooker and a prostitute. You got some serious problems. How about you stop crying and bitching online and get a life and maybe finally move out of your mommy's basement ok? Stop being so scared of other women.Edit: also I support addicts? Wow you must be so smart to come up with such an irrelevant, dumb conclusion that makes no sense. justin Y.bruh. i am from the middle east. Not all countries are like Saudi arabia. Here in Uae they respect both women and men equally, its better since the majority of them are muslims so men in the middle east are more respectful to women than in the west, where a woman literally walks two steps and get hit on . I hate western countries becuz they're so spoiled and its a mess men are being sexist or misogynist and women being misandratic.	Misogynist, Woman	Gender - General	2/83	2.41

ok can't we say the same thing about most of the men who have been in power over the last centuries and their treatment of women. This isn't whether one is good or bad but equality and being free from centuries of tradition with trap not only women but also men.1. when men can't report his mental illness like depression and anxiety in fear of societal exclusion ... sexism 2. When men are reluctant to join in a work place because it's traditionally seen as a woman's job...eg. childcare, nursing sexism 3. When men are told that they will be sexually uncontrollable when they see a woman and will therefore rape..... sexism . Most men I know are not primitive and they are really civilized.4. When men have to bare a large portion the burden of financial responsibility because women are paid less or are even being fired due to pregnancy; this can cause a lot of stress..... sexism 5. When society says that men must have these set masculine qualities; facial hair, large penis, muscular body in order to reaffirm their masculinity. What if you don't have these?.... sexism Feel free to add. It seems that traditions of the past are setting behind both men and women	Mental, Sexism, Woman	Gender - General, Physical Identity - Physical (and Mental) Impairments	7/208	3.365
Girls treat men horrible and guys do abuse rape go to both gender take this from a thirteen year old	Gender, Old	Age - Over 65s, Gender - General	2/20	10.0

Bunnies Forever The funny thing is... sexism by men is also practiced BY men. While women slowly stop being sexist towards women and praise "girl power" even more together, men still praise "masculinity" and laugh at men who aren't "masculine" enough... How many girls have you seen laughing at a girlfriend for wearing a beanie or boys clothes? And how many boys laugh at a boy if he does 1 single feminine thing? How many people shame Lilly Singh for being boyish and how many lash out at James Charles for being feminine? Sexism today mostly goes in both directions. Why can't a man be girly? Because being "like a girl" is seen as "shameful", while women aren't shamed for being boyish. So it attacks women on one hand because being girly is seen as something weak and negative, but on the other hand it attacks also men, because they are the ones who aren't free to do what they want. David Dial That's not how the intentions of the heart works. You can't just change the definition of things just so you can feel like a victim. And if your dumb logic were the case, then you could be sexist towards only men and not women, considering the fact that women can get platforms like this from the media to whine about their problems, whereas men are told to suck it up. You don't want equality, you just want everything and everyone to pander to women.	Dumb	Physical Identity - Physical (and Mental) Impairments	1/86	1.163
Not sure where you are going with all of that. You can't oppress the male gender or be sexist because we are the strongest. It doesn't matter if a woman acts "sexist" towards me, I don't care. I am not so weak that I need to make demands from others to get my way. So, I will never say I am being oppressed. Saying that shit sounds weak. Ok. First of all, when you comment, please make it understandable. If I read this correctly, you believe that these quotes aren't sexist but you still believe sexism exists. Ok, we have a start. Adrian Morph I am a girl. Let me put you in my shoes. I am interested in a career in science. I want to work in STEM and study Biology. However, men tell me I can't. Certain men restrict me. Someone who is worse than others and can't go into the job she wants. And you say that's not unfair. Would you say to a man 'Go to the kitchen you aren't smart enough to be a scientist because of what sexual organs you have'? Please stop. These almost make me cry because I want to be the best I can be and fulfill my dreams but people like you who refuse to admit that there is a problem being this world down. I want to be equal.
