Neat story. Where can a European American share their modern-day experiences of reverse <b>racism</b> ??	Racism	Ethnicity - General	1/14	7.143

Not much have changed. My partner experiences <b>racism</b> almost on daily basis. After years of being together i have learned to recognize the it and my God, it's heartbreaking. I have enough of people telling him he needs to ignore it, grow a thick skin or better that it's only in his head. Society needs to change, white people need to let go of the monopoly for life. I have no patience left anymore. Information and research is out there and there is no place for ignorance.	Racism	Ethnicity - General	1/87	1.149
Please tell us: What beliefs do they have that make whites silent & collectively hateful of <b>african</b> & brown people? We know that they are fed the hate by their family members & other whites. Why are they such SHEEPL? Why do they stay silent and enjoy privilege while other people suffer?	African	Ethnicity - Black	1/52	1.923

Let the <b>blind</b> stay <b>blind</b> . Let those in denial remain in denial. Discontinue to cast your pearls before swine. No matter how long it takes, the end results of "what you give to another" are that "you give it to your self." One day the tables will turn and those who inflicted terror will get it all back. It's a basic law of the universe. And boy have they got it coming.	Blind	Physical Identity - Physical (and Mental) Impairments	2/72	2.778

Good on you for sharing this! I'm also on the receiving end of this on a daily basis where I live, which is very sad in this day and <b>age</b> . I fell deep into depression beacuse of this and the fear that my young son can fall victim to <b>racism</b> . The profound learned helplessness is very stubborn to get rid of. It can ruin your life. It's a predominantly white country and there's a resurgence of strong <b>racism</b> towards Asians or anyone who looks like Chinese regardless of how long you've been here, contributed to the society, live this place and yearn to positively contribute more to this country! I've decided to pick myself up and when anything like this happens to me I will bless their soul and stay compassionate towadrs all the haters. They are the ones who are hurting themselves not us! there's the animal kingdom and there's cats and dogs and they are two different species with any member of the canine family is still a canine and trying to say that we are different races is saying that we are different species now if a person is trying to do that they are mistaken and if we don't think that there isn't freedom in this country and that you don't have freedom especially all the people that did die for it and one of the loudest and take this argument to Brazil China the Ukraine Russia and see how far this argument would last and most of all take it to Africa and see how long this argument would last about speaking up about slavery one there still people in Africa that are enslaved and if you're going to fight you would fight for all people that are enslaved regardless of their <b>ethnic</b> and cultural differences enslavement is enslavement as I mentioned earlier many people died in fighting in this country so that way they wouldn't be enslaved and not showing respect to anyone that is enslaved regardless of their background we're all part of the human <b>race</b> . You turn us inside out you can't tell the difference but one thing you can't tell us that were human we're not a different species not one of us and trying to benefit because of one's differences is keeping the separation alive like I said take this argument to another country if you don't think you don't have freedom now and have gratitude for all those that have suffered it and have a like mind of understanding regardless of their background	Ethnic, Race	Ethnicity - General	2/279	0.717

Pause 2:09 , I Swear, i had the same episode happening to me in exactly the same way (in Strasbourg..one of the most <b>racist</b> city in France...one of the most <b>racist</b> country in Europe..!!); There were three appartments free for renting, the "lady" said, just come over to choose the one you want. An Hour or so later, i arrived at the adress, she was at the porche, waiting, i walked to the garden fence, pushed the tiny gate, looking at her, noticing the vanishing smile on her face. She had this Soooo embarrassed look on her pruned face, "ahemm humm heeuu err , ooh well ..err hummmm huuh ..my husband rented the two upstairs flats without tellng me, and errr ...uummmhh errr ooohh yeah hhhuhh..someone from our family will have the ground floor one."I just smiled at her and left..!There's a great movie to watch for those who experienced this as well; with M. People want to whine about <b>racism</b> ? I can play that game. I was walking down the street in Washington D.C. and got attacked by a <b>black</b> "teen" with a baseball bat for no reason whatsoever, except that I was white. The problems start when any <b>race</b> pretends that they have no fault in this issue. It is for no reason, every person I know who isn't white has been racially abused at some point in their life. Perpetual victimhood is so attractive in as much as it provides an excuse for failure, and to a degree a reason to not even try and be relegated to a lifetime of government entitlements.I look at the privilege my great grandfather and grandfather had.... coal miners who all died of <b>black</b> lung and yet still worked two jobs and till their very deathbed. Obviously they were entitled and just given the extravagant 2 bedroom house my family grew up in.I will summararize this speech. "The only reason people of color fail is white people. <b>African</b> poverty? <b>Racism</b> . Inner city muder rates? <b>Racism</b> . 73 fatherless child rate. Racsim". Wow, if that is the root of all these evils, should be an easy fix. Especially considering 98 of white people could care less about <b>race</b> . Yet somehow... <b>Racism</b> . Some of these comments here posted are <b>racist</b> smh, some people will never learn. Anyways, this was a good and inspiring video. People need to acknowledge that <b>racism</b> is alive and it still exists up to this day. <b>Racism</b> is rotting America. Not only <b>black</b> people can play a part in combating <b>racism</b> , but other races/ethnicities can also play a part in combating <b>racism</b> . It is up to us as individuals to combat <b>racism</b> by speaking out against it and show respect for one another. blacklivesmatter saynotoracism	Black, Racism, Racist	Ethnicity - Black, Ethnicity - General	7/87	8.046
Keziah Bentil I have faith that as the older generations leave from this world so too will their shirty <b>old</b> world opinions.I believe slowly but surely, <b>black</b> people raise out of poverty and education for everyone goes up, we will see discrimination disappear.just a matter of time. The best way to combat <b>racism</b> is to separate from people who hate us. Since the election of Donald trump in which most of the people who voted for him were white males with an education level of High school diploma or less have made it abundantly clear that they support <b>racism</b> . Since they hate us, they hate our money as well.	Racism	Ethnicity - General	2/62	3.226
Keziah BentilWell , one solution to <b>racism</b> is to STOP enabling it by identifying yourself as <b>black</b> .Or white If colour doesnt matter why refer to people as " <b>black</b> " ?Why not completely ignore the colour ?Because everytime someone says " <b>black</b> this ,white that" , it simply reinforces the seperation .It empowers the concept that there is a fundamental difference . Although im sure there is some idiots that say that but ive never seen someone seriously claim that " <b>racism</b> doesnt exist".. I just think alot of people dont believe " <b>systematic racism</b> " exists anymore. <b>Racism</b> and systematic <b>racism</b> are not the same but often get mixed up	Racism	Ethnicity - General	4/46	8.696
Nina P Every <b>race</b> ever has experienced that extensively. <b>Black</b> people are not the only victims. Slavery has existed in every <b>race</b> . Segregation has existed in white people as well. Systemic oppression? The only thing holding <b>black</b> people down are democrats. Genocide? LOL Native Americans, Jews ever heard of those? Rape?! Are you fucking serious?! Lynchings were done by the KKK fucks back in the day but those type of hate crimes don't exist today. Colonization? what do you mean by that? How we migrated to America and made the US? Seems like a pretty good thing to me. Appropriation? As in Cultural appropriation? That shit doesn't exist. Mass incarceration of <b>black</b> people happens because they commit the most amount of crime for their population percentage. And police brutality is a very very small problem. Only a little amount of cases is it unjustified and BLM hasn't addressed many of them.	Black, Race	Ethnicity - Black, Ethnicity - General	5/151	3.311

<p>sinjin4563 LOL. Yeah right. Institutionalized <b>racism</b> doesn't exist at least not anymore it did years back yes. And a few individual cases of unjustified actions won't change that because things like that happen in all races. Blacks are designed to fail? Not even close with affirmative action and people have status quos they have to meet, <b>black</b> people are more likely to get jobs or raises that these particular white people are just as if not more qualified. FFS look at the oscars and the outrage about that. I mean <b>black</b> people make up 12 of the population yet are supposed to make up like 50 of the nominees. Its bull shit. And its not based on <b>race</b>. Its based on talent and performances. And that particular year the actors nominated happened to do better jobs. Is it because they're white? Fuck no.Psychologically blacks are seen as inferior? Um...lol no..Who teaches you that? Because thats <b>racist</b> as hell. Say that shit to any place schools, businesses hell even people on the street they will say thats bull shit. Just like rape culture. Stop trying to be the victim so hard. Look at the conditions of the <b>black</b> community? Okay I will. You don't think this has anything to do with the fact that rap and sub culture promotes prositution, gang violence and guns? Or that women get pregnant at such a young <b>age</b> sometimes before getting a college degree. Or that 74 of <b>black</b> children are raised without a father. No of course not right? Just blame the white man and cling to the democrats that only look at you as their vote and not people. If a <b>black</b> man or <b>woman</b> has the will to do something they can sure as hell do it. Barack Obama, Ben Carson, Sheriff David Clarke. It was the actions of these people and the good decisions that got them where they are. Just as it is for the <b>black</b> community. The white man is not holding you down. And if they are its those fucking democrats. In fact, I'll give you that. Welfare, Ebt cards and shit like that that the democrats give out instead of making these people work is holding the <b>black</b> community down as a whole. But they should also take responsibility for that as well. Victimization? Actually according to numbers white people. white men more specifically are very victimized. We are 27x more likely to be attacked by Blacks. We are shot more by the police(which I fully support the police Blue lives matter). We are seen as <b>racist</b> just for having an opinion. But I don't blame society for any of these things nor do I whine. I'm an irish guy, do I complain about how Irish people were enslaved and treated arguably worse than <b>black</b> slaves no...Do I complain that the Irish were discriminated against back in the day.</p> <p>No...I know the history but none of these things are happening today.</p>	<p>Age, Black, Race, Racism, Racist, Woman</p>	<p>Age - General, Ethnicity - Black, Ethnicity - General, Gender - General</p>	<p>14/494</p>	<p>2.834</p>

Gun control is bull shit completely different topic. No racists don't support Trump. Sure some do just like <b>crazy</b> SJWs and racists against whites vote for Killary. If we follow democratic policies, there would be more <b>terrorist</b> attacks, mass shootings and school shootings, terrible economy and insane debt, socialism, misery, <b>racist</b> sexiast misconstrued views. <p>sinjin4563 The psychological foundation to have success. Where do we treat <b>black</b> people like they aren't worth anything? No where! Literally no where. White people experience that we can have no opinion on anything regarding <b>race</b> and we apparently can't have <b>old</b> white men running things because its been like that for too long. I kept suggesting videos because I don't feel like debating on youtube but since you said that you weren't going to watch it I'm bringing the points made in the videos to you. And more fucking myth victimhood bull shit. La la la you're a fucking broken record. It's complete garbage. The <b>black</b> community are being held down for two major reasons. Democrats looking them as votes and trying to act like they care for you when they look at you as inferior. And yourselves. 90 of <b>black</b> homicides are done by other blacks. I do agree theres a big problem with the <b>black</b> community and that theres a shit ton of people in poverty but don't blame that on the white man. And you don't get looked at as a statistic. The stats are there to prove my point. But nowadays if somebody racially profiles someone else and it gets to the news he or she will be fucking ripped a new one. Theres privileges in every <b>race</b>. And if you don't want to be looked at as a their then present yourself in a good manor. If someone dresses and talks and acts like a low life thug they will be seen as one. If a respectable normal <b>black</b> guy walks in to a store, chances are <b>nobody</b> will give a shit. <p>+Bryguy1133 where do white people experience that they can't have an opinion on <b>race</b>? Where are white people kicked out of clubs because they are white? Literally nowhere. Where is your proof. Enough with your victim hood bullshit. Why should I believe you about white people. There is factual history that <b>Black</b> people have been the victims of institutionalized oppression and the most victimized group of people in American history by far. Their entire culture was destroyed in slavery. No self identify in culture is significant unlike all the immigrants today and that is why <b>Black</b> people have white last names today. <b>Black</b> people were still oppressed because of <b>Black</b> codes that held them down in the South for years, they were treated as less than human then.</p> <p><b>Black</b> people then needed humane basic rights in the 60's in the Civil Rights Movement. <b>Black</b> people have fundamentally been designed to fail as they have been in the poor class since after slavery. As it has been for generations, they don't grow up in complete homes, they grow up poor, worst possible education, they have no motivation to succeed because they don't have the foundation for it and they see success as something only white people can have from being in society since they don't see a lot of <b>Black</b> people in high profile positions, one <b>Black</b> president who is discriminated against and can't get shit through Congress is not going to change that, they grow up with bad food, many give in to crime very soon in life because of the conditions, they grow up with low income jobs, have multiple kids, etc. The cycle continues. This is just the way of life in these environments, same as anyone who has lived in the inner city conditions, latino, white, etc.....oh but white people are kicked out of clubs and have been called <b>racist</b> so it is worse. You're fucking position can only be <b>racist</b> in saying that <b>Black</b> people are naturally stupid and naturally criminals. White people are not affected by being called <b>racist</b>, they are 70% of the country and have white privilege, they don't give a shit. <p>The unwillingness to even admit not "ALL" whites are bad speaks volumes. I mean, a good solid majority of ,"white" families weren't even in America in the 1860's. Blaming isn't the answer It is part of the problem. In fact, very few Whites ever owned slaves. To completely look at the issue, how big was the Afro-Muslim slave trade vs the Small Atlantic Slave trade? The Muslim trading of <b>African</b> Slaves dwarfs what went on in the Atlantic, why don't we hear about that? How are Blacks faring in those countries? How about the Kings of <b>African</b> Nations who, ordered fellow Africans rounded up and sold all over the world into Slavery and who profited from the institution of slavery; How are those descendants doing today? I think past events that took place all over the world surrounding slavery were/are despicable and were experienced by a majorities of people all over the world. All Peoples have experienced harshness in one form or Another. It is a fact, White slaves fought in the Roman Coliseum to the death! Hanibal took Europeans as slaves, I think he was North <b>African</b>. My point is laying the entire weight of this Giant institution at the foot of White Americans is short sighted. The narrative of resentment and hatred taught to <b>black</b> children is really coming home to roost now. Every day we see <b>Black</b> on white violence way out of proportion to population. Why? In order to over come this and bring all people together its going to take a lot more than some sad personal anecdotes. Sadly, people are so bent on their own narrative that, no other objective facts can be considered. The guy who did this talk seems genuine but any good or progress he might make is erased by the next "racial" hoax blurted out on national TV airwaves. Any good he may do is totally wiped out crime by crime, victim by victim of young <b>black</b> perps who feel as if this was just a small way of ,"putting things right". I digress, I don't know what the answer is but I can tell you our <b>nation</b> as a whole has gone backward in <b>race</b> relations over the last decade.</p> <p>This tells me, if <b>nothing</b> else, the <b>old</b> ways of blame and shame is not working for anybody. In this case, lets hear a talk of experiences when a person didn't feel <b>racism</b> and was treated as an equal. Lets hear some stories where maybe they showed a little prejudice and what they learned from it, Lets hear stories where a White person was kind to a <b>Black</b> person and vice versa, surely there has to be a few of those stories in a lifetime. True. But what's interesting about a so called <b>Black</b> person versus a white person is our ability to take a little and make a lot. The problem is we give 839 Billion to the wrong person. Fact is we are not required to celebrate your holidays and we do have our own that are quite economical and would only cost a fraction of what is being paid now. Further by observing the Sabbath, we also avoid needless spending in the clubs bars and eating establishments as well as Theaters. Kimberly D"Discrimination & <b>racism</b> exist"— and what makes the USA such a "discriminatory" & " <b>racist</b> " place, in your eyes, that justifies your brood crowing about <b>racism</b> on a trice hourly basis? The topic of every one of your little backyard bbqs? It must be the awful college systems that keep blacks out!! Oh wait.... Blacks can get in top colleges with up to 1.0 or more whole GPA less, or 300-400 points less on an SAT.Is it the Corporate market?? Where some goon gets \$200,000/year to be "Chief Diversity Officer", the sole purpose of which is to hire qualified, or "semi-qualified" Blacks to make the business more "diverse"? Government contracts that insist on minority owned businesses? Is there a country in the world that tries to gives more racial preferences to Blacks than America?If you are referrring to the culture clash of whites & Blacks— you nkow, the shame & white guilt of a white person having to admit they only have 1 <b>Black</b> friend— that'll never end, so get the fuck over it. You won't change the world to make everyone like each other.... racially diverse conrties always have conflicts– multiculturalism is a failed experiment but the media will never let you know. Jay Mil Typical angry white man! You said all that to say <b>nothing</b> . You just showed me that your ignorance of <b>racism</b> and discrimination has been passed on so deep within your family history, that you don't even recognize it. That is why we continue to go back and forth on these same issues that are and will continue to tear this country up. Maybe your family should have a little backyard bbq discussion and figure out how you all keep getting this thing wrong generation after generation! "No justice, no peace"!! By the way, don't assume minorities are the only one's that use affirmative action to get into college, that would really show your ignorance of the system! Your a typical ignored white person , who only watch FOX for your daily information and come with outdated and vage statements that is so broad that <b>nobody</b> can help you out. Because what you're claiming is that a <b>black</b> person with a double PHD and 20 yrs of work experience has the same problems as a 17 yr <b>old black</b> person who drop out of high school. That's why is't useless to talk to people like you, because your own intelligence should have stop you and tell you there must be more nuances and variation to the story. But this is a typical FOX story line, if it works for you stay with it and dont expect a solution, stay in your delusion. It's like me saying all white people are rich, but when you look at the facts you get a whole different story. Most of them are in serious debt, men and women are severe depressed and unemployment is up and rising, homeless and bank collection is a new daily problem . So when I talk about white people I dont generalize, plus I know some very decent,fair, nice white people and I know the absolute <b>white Trash</b> . But I dont mixed them. Beown1245 What problem do Blacks with double PHDs have? You do know Blacks & whites with higher education have equal chances of getting employment, right? I don't watch FOX news— I read statistics and am aware of REALITY. It's you who wallows in delusions of "racism", amid a community rife with social pathologies. No one is saying ALL BLACKS act in the way I mentioned— where are you getting this from? Are you in denial about the rate of <b>black</b> single parenthood?? If so, i'll tell you— it's 75. Are you aware of the rate of high school drop outs? crime? Crime rates of Blacks vs other races? The epidemic of rampid materialism leading to financial squandering? When I tlel you about these statistics— I'm not talking about the TWO PARENT households— the PHD wielding Blacks... law abiding Blacks... I'm talking about GROUP TRENDS. The kind of trends that explain GROUP TRENDS in poverty, far more clearly than some allusion to "oppression" and "racism".So, go moan & groan back to me about FOX NEWS, but whatever you do, don't refute my statistics or argument. There are some balatant, obvious problems in the <b>black</b> community that are clearly responsible for <b>Black</b> poverty, and while those problems continue to be rampid— blaming <b>racism</b> is <b>nothing</b> more than a cop-out meant to suck out any sort of agency or responsibiltiy on Blacks themselves for the lives they create for themselves, by blaming another <b>race</b> .	Black, Nothing, Race, Racism	Age - Youngsters, Ethnicity - Black, Ethnicity - General	8/242	3.306
But you use statistics to empower your <b>racist</b> believe system. <b>Black</b> single parent has always been high, since blacks dont get married as whites. That is <b>black</b> culture , I have no problem with that and you shouldn't either.You do know that 7 out of every 10 white marriages ends in divorce within 5 yrs that's white culture. What can anyone do about, the statics say that you have a 70 chance of being a divorce white male, going to your second or third marriage . the number of white singles female has never been as high as what it currently is and the trend is that they try a <b>black</b> man or hispanic for the second and third marriage. Poverty under white is climing rapidly in almost every state, since they always got better chances than blacks you wonder why. So my question to you is why are you so busy with blacks , since the statistic and therefor the absolute numbers of white people in problem is high. Is it because you care, no because you want to proof that white's are not in problem but the same statistic are speaking against you since the number of whites is so much higher.	Black, Racist	Ethnicity - Black, Ethnicity - General	4/204	1.961

Beown1245 I don't use statistics to empower a <b>racist</b> belief system— I use science, statistics, and observation to ground myself in reality. When I make a clear case, based on facts, why I beleive what I believe, you cower into a defensive position and spew more stupid bullshit phrases like " <b>racist</b> " to deflect the conversation. You are a fool to say the single parenthood problem is not a problem in your community. Your bullshit about "whtie culture" is nonsensical— whether or not marriages end in divorce (not 70–wtf are you smoking?), TWO PARENTS still raise the child... the father stays in the child's life far more often than Blacks. Most Blacks dont even know their father. they are raised by mothers & grand mothers, with no positive male role model... with no parental guidance. And you wonder why their crime rates are 8X higher than the rest of the population?Why do I bother "about blacks"??? Is it because I'm some cruel <b>racist</b> who just hates on the poor <b>underdog</b> ? No— I wouldn't give a flying fuck what Blacks do in their lives, had MY PEOPLE— WHITE PEOPLE— not remained as their perpetual scapegoat because most of your <b>race</b> can't take any responsibility for their lives, actions, or outcomes. It's easier to blame <b>whitey</b> .... and that leads to <b>Black</b> hate, & whites become victims of <b>Black</b> violence all the time as a result... including myself & family members. If whites didn't have to flee every urban area in the country because Blacks ruin the neighborhoods, drive down property values, and rise crime— I WOULDN'T GIVE A FUCK ABOUT WHAT YOU DO WITH YOUR KIDS. but guess what?? I moved here in 1968 and the white are still here. Some where here before I got here. Some are poor what you don't get poor is poor but white poor think they are better then blacks that got more. Just because one has a higher IQ then you he can still be a jerk. I had a mother and father both grandparents and I know I am not the only <b>black</b> family like that. It was on HBO or Showtime look it up. bye	Black	Ethnicity - Black	1/122	0.82

That's my problem with white people, what you say and what you do live in 2 different realities in 2 different time lines and the level of deflecting, blaming and have your head so deep in your ass is new to mankind. So I dont expect anything from you, but first I dont expect you to except your own continuous doing and policies in the problems of <b>black</b> -people in Amerika. First you say were are the <b>black</b> -fathers and on the other hand you mass incarcerate them for no good reason. Laws are created to lock one group up longer because of the typical drugs they use ( crack you get 10-20 yrs and Cocaine 1-5 yrs) All your policies and <b>racist</b> laws are directed to keep them down and you wonder why becoming a criminal is easier for good people and you wonder why it's easier to kill each other. But you dont care, that's the beginning and the end of the story. Blaming and coming up up with bogus statistics is what you do. But what is the context of the statistics, what can you learn about policies you approve if <b>black</b> people do so bad, so long in a country that they help build.If you're a intelligent person you must see that there is a unnatural patron...things dont add up. But blaming and continue to support the <b>racist</b> laws that created this mess in the first place that is the doing of white people. This is the problem in housing, education, employment. The only thing what you need to do is to wake up and see what's really going on.	Black, Racist	Ethnicity - Black, Ethnicity - General	3/272	1.103
I think it's time to stop writing nonsense and open a book. a real book ( not a comic strip). If pres.Clinton apologize for the policies that mass incarcerate <b>black</b> -people, you say it's not true. Pres Clinton recognize that the justice system has target minorities especially <b>black</b> -people disproportion you have a admission on wrongdoing and still you refuse to hear what they have said. Do you hear yourself so what your saying if someone breaks the rule on a drug offense, you will favor one based on which you think is more deadly and jail that groep 4-6 x the time of cocaine and you think that's justice ? knowing that white's use drugs at the same rate as blacks you will punish them 4-6 times longer on the same offense. That's mass incarceration and that's one of this nations problem. Guess were they learn the fine trades of criminal lifestyle. So what can I say...open your ears, read a book ? that's why <b>black</b> people like myself stop talking and belief white people created this policy to incarcerate blacks. Beown1245 I'm sorry but a lot of your beliefs are simply not founded in fact. The media & left, just like you, find it " <b>racist</b> " for anyone to point out real problems hurting Blacks – caused by Blacks– and so the narrative is always finger pointing at our " <b>racist</b> system"– the problem is, all of your claims break down under critical analysis.No– blacks are not getting 4X punished for the same crime. Where on earth did you get that from? A study by the super leftist ACLU says "Sentences imposed on <b>Black</b> males in the federal system are nearly 20 percent longer than thoseimposed on white males convicted of similar crimes"Later, it was discovered this was due to Blacks having more prior histories of criminal behavior! The disparity dissapears when taking criminal history into account.Do you know how many laws & programs are there to benefit Blacks? The so called country who "doesn't give a fucK", gives Blacks access to top colleges even with low GPA/SAT scores, gives special <b>Black</b> scholarships & grants reserves high paying gov jobs for Blacks, sympathizes with them in the media to the point of absurdity— blows up stories on white on <b>black</b> violence and conceals <b>black</b> on white. Asians? Working as hard in school? Staying out of trouble? Having illegitimate children at the same levels? Paying child support to their children at the same levels? Valuing education at the same levels? Having a culture that fosters childrens success (reading to them at night, encouraging them to do their homework)— are you telling me there is not a culture among <b>Black</b> youths to pick on fellow Blacks who work hard in school & try to succeed, by calling them "white washed" & "uncle toms"?If there are all of these issues that are unique to Blacks– is it POSSIBLE that <b>Black</b> poverty is linked to the problems in <b>Black</b> culture? I think what you said is important insofar that we have to see <b>racism</b> as a two-way process: it is not that there is one <b>racist</b> group and one group of victims. Nevertheless, if we want to judge overall consequences and need for intervention, we have to ask ourselves who the disadvantaged community/individual is. <p>Let me first explain this to you: Privilege- thinking something isn't a problem when it isn't a problem for you personally. Now with that definition, let's examine your comment. James White is expressing his experiences with <b>racism</b> through this Ted Talk. He is a <b>black</b> man. He knows what it is like to be a <b>black</b> man in America and the repercussions that can come from simply having a different skin tone. I.e his examples throughout his talk. By you saying, "you need to teach your grandkids this" and "don't confuse them that this is <b>racism</b>" you are 100 trying to invalidate HIS experiences that you clearly have never had in your life. Also known as privilege. Who are you to decide whether or not his experiences, or those of other <b>black</b> women and men for that matter, reflect a pattern of societal <b>racism</b>. YOU obviously disregard <b>racism</b> because you do not experience it. By stating that those men who were killed were thugs and we're in the wrong place at the wrong time is utterly ignorant. Tamir Rice was a 12 year <b>old</b> boy who was a park with his little fake pellet gun (like a lot of boys of any color are) and he was murdered by police. A 12 year <b>old black</b> boy murdered by an adult white cop. There is no excuse for this. Now take for example the man who killed approx 14 innocent people in Colorado at a movie theater. He was taken ALIVE despite the police knowing there were casualties and he was a threat. This white man who killed people in a movie theater got a trial... Is imprisoned now. What about Tamir Rice's trial? What about Mike Brown's trial? Nowhere because they were murdered and rights to trial and lawful detainment taken away from them. Saddam Hussein was taken alive for Christ sake !! He was given a trial. So before you sit here and say that <b>racism</b> is long gone and things have changed for the <b>black</b> man take another look around you. This is the 21st century and <b>racism</b> is not dead.</p>	Black, Old, Racism	Age - Over 65s, Ethnicity - Black, Ethnicity - General	13/353	3.683

<p>Sqyndi There are many different types of discrimination in the world. To assume I do not understand it, you are "invalidating" my experiences in the very same way I am being accused. I may not know what it is like to live as a <b>black</b> American, but I do know some about history. I am not denying the past, just acknowledging the present.</p> <p>Now, as far as the recent shootings deaths you have mentioned, I have two different views, so I do not feel the one case belongs in this conversation, that case being Tamir's.</p> <p>As far as Mike Brown, I stand as I have already commented, learn to comply when approached by Law Officials. The movie theater shooter DID comply, that is why he was NOT shot and killed. He stopped and gave up, did not try to run off. Tamir was killed by an over eager, <b>racist</b> , trigger happy police officer as far as I am concerned. The child was not given a chance in hell. Yes, the child was wrong for pointing the gun at people in the park, but the officer drove up on top of this boy and shot him within two seconds of approach according to video and reports.</p>	Black, Racist	Ethnicity - Black, Ethnicity - General	2/206	0.971
<p>I'm saying you do not understand racial discrimination. Just because you've had a hard life or have experienced prejudices doesn't mean you are exempt from perpetuating white supremacy in our culture. I'm a white female and understand I receive privileges socio-economically because I am white. To disregard the disadvantages <b>black</b> men and women face societally and economically is a travesty. Look up any govt stats and you'll see major differences between whites and minorities with incarceration rates,income,schooling. This is <b>racism</b>. In regards to Mike Brown, he was unarmed. Even if he had ran away from police, this is not worthy of receiving multiple bullet holes in the body-causing death.The epidemic here is how police handle <b>black</b> "suspects" and white "suspects" especially when racial profiling is a HUGE part of the police force. The thing that irks me when you are stating the importance of compliance is you're disregarding countless cases where compliance for <b>black</b> men and women were ignored and ultimately resulted in deaths. Eric Garner's death is a prime example of this. You can watch his death video on YouTube. I think it's unfortunate that you are giving an end all be all statement like " comply with the police or it's your fault" when there are so many cases and factors that prove what you're are saying isn't the most accurate. Concluding thought, why would <b>black</b> men and women feel they must comply with a culture that is <b>racist</b> towards them and has oppressed them from the beginning of their existence ? I wouldn't blame them for not wanting to.</p>	Black, Racism, Racist	Ethnicity - Black, Ethnicity - General	6/262	2.29

Sqyndi OK, now I get you. You are a white American trying to prove how Liberal you are and how you have a voice for ALL the small people that can not speak out for themselves. You pick and choose stories , distort facts and make comments on YouTube attempting to make a point for your ridiculous rants. You know the real story of Mike Brown as well as the rest of us. You completely over lookTamir because it doesn't fit your agenda here. You! WHITE lady! Help no one! You are just a <b>nobody</b> who thinks that running other white people down will make herself feel better!YOU say I am inaccurate, but you limit your research to what? Why don't you research the shooting of white people by blacks, white people by police officers, Blacks shot by Blacks, for a start. Compliance doesn't matter when it comes to the Police? Never had an Officer in your family I guess huh? Never been stopped by the Police? Are you stupid enough to break the law and when an officer stops you are you going to reach for his gun??? Because I about guarantee you will be shot by that officer. And BTW, he would have every right to do so! You stand up for people that you believe you understand and accuse others of being insensitive when you are <b>NOTHING</b> , but a clueless troll. My point to the original comment was <b>racism</b> has decreased in the present day. Things have gotten better as far as " <b>Black</b> Rights" and is going in the right direction. With people like yourself WHITE LADY HELPER, they will deteriorate which is all you are good for. People like yourself keep telling these young <b>black</b> men that it is ok to fight the police and get themselves killed. I hope you feel real good about yourself! of course - anything to shit on the decades of injustice that this man is talking about. THis didnt just stop 50 years ago. Whether you will face it or not, it still goes on. +judy Osborne I wonder how your ignorance does not compel you to evaluate your privileged life. You really need to stop talking, because the more you talk the more it sounds like thinly veiled <b>racism</b> . My goodness I am shocked at your ignorance. Lindi Hlats Thought I did Lindi since my last comment on this thread was back in March, but go ahead what's you're beef , or is it the whole you're "white" and I am a poor , underprivileged " <b>black</b> " girl speech? Let's hear it because if that is your photo you certainly don't look very "disadvantaged" to me, or did you pick a pretty picture at random on your borrowed computer? Also, I do believe if I take your suggestion of donning a " <b>black</b> mask" I will be accused of that very ugly word you all love to throw around so carelessly remember? My "life experience" recalls reading an article that imitating blacks as in " <b>black</b> face" is looked down upon as <b>racism</b> . I'm shocked you would suggest such a thing young lady!You seem like a well educated young <b>woman</b> and I am sure with very good intentions. You need to separate from the thugs in your <b>race</b> just as any other <b>race</b> . No one is "privileged" because of their <b>race</b> . God made us, our parents raise us, and we become what we have the initiative to become. We all run into bullies, haters, hard times and discrimination, it's not just a " <b>black</b> " thing. No one owns those terms! We all feel them one time or another. It's like hearing someone complain that they are in pain 24/7 until you are ready to scream! No one person owns pain! We have to stop crying about it and help ourselves. We don't do that by taking from and hurting other people who are going through the same shit that we are.	Black, Race, Racism, Woman	Ethnicity - Black, Ethnicity - General, Gender - General	9/271	3.321

<p>The point is you don't experience <b>racism</b>. <b>Nobody</b> is hating on you or killing your people for the simple reason of having a different skin tone, which automatically puts you in a different category of experiences. Even well off <b>black</b> people experience <b>racism</b>. Like the man in the video said, even though he could afford a normal life, he was separated from being in the same vicinity as a white people, as if he were an animal that belonged further away from "normal" civilization for simply being <b>black</b>. Now until you can actually state your experiences of suffering <b>racism</b>, you can't say we all experience it. And this is the very reason why people like me, get peeved off by people like you who say get over it already, we all go through it when you actually can't even begin to relate. Yours is an analogy of comparing a mosquito bite to a severed hand. Although you can experience pain from both, they are not the same. But the difference between that kind of pain and <b>racism</b>, is that the former can be remedied and the latter, well not all diseases of the mind have a cure. So... Rather educate yourself and admit it's an ongoing problem, a disease of the mind's perception to colour. Until there comes a day where white people don't have to do the whole <b>black</b> face thing, just for debauchery purposes pretending that you're living like us. Until there comes a time where skintone is just that, and not a basis to hurt "that group" of people, then we'll stop talking about <b>racism</b>. We need to work together to prevent the children from growing up with this delusional mentality. And we won't stop screaming it until you realise <b>racism</b> has no basis and it has to stop.</p>	Black, Nobody, Racism	Age - Youngsters, Ethnicity - Black, Ethnicity - General	10/302	3.311
<p>I agree with your last sentence. That is absolutely true. But at the end of the day, even when we do have issues within my <b>black</b> community, same as white people have issues within their community when it comes to the KKK, and yes we women still suffer discrimination and all sorts of <b>sexism</b> and inequality, the point I'm trying to make is that it does not help to ignore these issues. When someone stands up against it, we should not downplay their chosen cause, out of the 1000 they could have chosen. As long you plan to comment to the video, at least let it be known that the issue exists and needs to be dealt with and the little contribution you can do to help, like in the many youtube videos I've seen where people step in when they see these tragedies. It really does not help the humanity to simply ignore it and except it when it is definitely not right, when you have equal rights to be on the face of this planet just as any other <b>race</b>. Don't downplay other people's struggles simply because they are not your chosen struggle. Accept the facts and do something if you will, or ignore it and go on about your life without a care in the world, but don't diminish other people's struggles.</p>	Black, Race, Sexism	Ethnicity - Black, Ethnicity - General, Gender - General	3/225	1.333

<p>Lindi Hlats That is exactly My point. By constantly whining about our own personal woes, we dismiss the fact that there are others out there with problems just as HUGE as our own. People get tired of hearing about how you hurt and I hurt and , what YOU can do for ME! People are people! There is always going to be something about you, or I that someone is not going to dislike and want to change about us. Even God tells us to "turn the other cheek" .If you want to do something to help then go and do it. Don't make speeches , protest, get up on your soapbox and act like your some spokesperson for "Your People" . Do something. "Your People" are killing each other! What are you doing to stop it? Right now you are making the problem worse because you are making them believe they are less than who they are. Your speeches are keeping them down, not bringing them up! Let the past go and move ahead Princess! You obviously did it.</p> <p>Are you saying the rest of "Your People" just are not capable? I don't speak for all "white" people because I don't feel responsible for them simply because I share their skin color. I realize there are some people out there that are just bad in nature and they have to answer for themselves. I don't try to find another <b>race</b> to blame their actions on. I also don't have control over the way other people treat me. I have been treated badly by people of many different races including "<b>black</b>" , but I don't tend to base my opinion of a <b>race</b> on an individual, or small group. All I was trying to say is, better to teach God's lesson than to hate.</p>	Black, Race	Ethnicity - Black, Ethnicity - General	3/305	0.984

Anthia Nibitegeka Hi, and yes I still feel the same, however there is some confusion with your comment I'd like to clear up. In this particular discussion I was never referring to the case of the 12 year <b>old</b> young child in the park. I was appalled by that incident and in no way felt that LE was in the right for shooting and killing this young boy. We were discussing "compliance" with authority. When an officer pulls you over to the side of the road, or stops you on the street to ask you questions, it is your place as a citizen to comply. You have the right to ask for ID for your own safety and to be treated with respect to your person, but you also need to treat that man with the badge with respect. He has authority OVER YOU, like it or not. It is his job. If you did <b>nothing</b> wrong you will have your chance to prove that. You can even fight a simple speeding ticket. Why give the officer, who is carrying a deadly weapon a hard time, unless you're a total, brainless idiot?That was what I was trying to convey in my comments. The police are and should be here to protect us. If you feel you are being stopped for the wrong reason, show respect for the badge and the authority it carries and plead your case before a judge. No one gets hurt, no one dies, and we don't have all of these butt hurt people feeling they need to protest and shoot officers that have families and are just doing their jobs. Intellectual honesty would dictate the following. The <b>racism</b> of 50 years ago was certainly disgusting and ahorent. Segregation is long gone. The majority of white folk do not have any type of animosity in their hearts towards our <b>colored</b> brothers. The vast majority of the of businesses are actually tripping over themselves to obtain reliable, skilled employees of color. The more America transforms herself to be more accepting, accommodating to the needs of the American blacks the more it seems the <b>black</b> community falls into chaos and dysfunction. Mr. Whites lecture made many valid points. I just wish he would have touched more on <b>black racism</b> of today. The liberal media seem to give <b>black</b> criminals a free pass when it comes to news coverage of a murder they committed. Case in point, yesterday,(today is 03/29/15) a white police officer in Boston was shot in the face by a <b>black</b> man. One TV channel covered it. Head lines just said, "cop shot by man" . Now if it was a white cop who shot a <b>black</b> man, before any evidence has been presented, the headline would read, WHITE COP GUNS DOWN <b>BLACK</b> MAN. Double standard, period.I am so tired of hearing that blacks can't be <b>racist</b> , only whites can. That is a great attitude to start a discussion on <b>race</b> relations with. However, contrary to your responsible attitude and way of life, their are too many crime ridden areas in our country that are mostly <b>black</b> . Can you explain that?..... Is it lack of opportunity? Lack of education? Lack of parental responsibility? ..... Are they just victims of their environment?..... I think not on all counts. I believe that <b>racism</b> is embodied in the chip on a <b>black</b> persons shoulder and grows heavier each time they are rejected in favor of a white.
