<p>Soooo..., once-again, it's, ALLL-about-tha-CHOICES, CHOICES, CHOICES...!! Also, to all of the 'porn-haters' below...: like-EVERY-THING-else (in life) there is NOTHING wrong wit 'porn', as-long-as it's used (consumed??) maturely & in-MODERATION. The problem iz in the over-use there-of.Additionally...: "I don't understand why prostitution is illegal (in the U.S.) but, porn – is not...??" Porn continues to exist, PARTLY cawz, (so-called) 'regular' women do NOT know how to treat their men, sooo, he looks else-where for: release, satisfaction, &/or, 'entertainment' (etc.)! The REAL blame here, belongs to the hidden elites & organizationz who front & fund porn & for the destruction of hetero-relationships: FemiNazi'z, Socialists, & the 'Divorce-Corp' (U.S. family-law 'profit-system'). THEY, are the ones who hav purposely destroyed the hetero- family, buuuut.., NO-one is talking abt tht TRUTH, cawz, it duzn't fit their political-'NARRATIVEs'!! It's just sooo much easier to blame 'men' – in-general (which causes even more divisions) & that's just TOO MUCH, B.-S. to tolerate!! Having-said-that..., I, do NOT (NOR, could I EVER) condone treating any-one poorly, or especially – debasing them. Sooo, WHERE is the personal-ACCOUNTABILITY of these whining females?? WHYyyy, can't these women have made better 'life-DECISIONS'?? Hello...?? Make women accountable for THEIR actions (& decisions) & this problem WILL – WILL, resolve itself. This mantra of: 'always-blame-the-man' is such COMPLETE & utter B.S.! The REAL-issue here is: NONE of these women are willing to be held-ACCOUNTABLE, for THEIR, bad-DECISIONS! Annnnnd, now...., they wanna whine & bitch cawz they (effectively & UN-realistically) DEMAND that, a 'GOOD-MAN' accept them, with ALL of their faults & (sexual) WARTS to, 'wife-them-up'. Are you serious...??? W-t-F...??? They do NOT hav the 'right', to make such a demand!!! As so many of these women have said... (para-phrased & consolidated): "NO-one really wants to date, or, have kids with, an (ex) porn-star." To that I, query: ...annnnnnnnnd..., WHO's fault, is that??</p>	Nothing, Sexual	Age - Youngsters, Gender - General	2/308	0.649

I can't imagine living a life with the most private part of you, not being private, it has to eat away at you, something must give, she acts so casual about something that will leave her to no joy in this life, and one of the most binding things that a man and woman do is to be married and bear children together. When it become something casual and meaning nothing , then what. She is a little girl, who pretends she is doing a job. She's a prostitute and can't find a good life with a man, and yet, she has nothing tells her to stop. It never works she just won't say it. When you become an adult you make choices it's your life and your decision what you want to do for a living. I'm still looking at porn websites to see if porn stars and adult actresses are still making and producing more new pornographic materials you will be surprised that there are more new porn stars filming and producing sex tapes. So why do self righteous people want to judge and act like they are holy or something. Nobody cares about your thoughts and opinions including porn stars. If people enjoy selling their bodies and having sex on camera than so be it. Also I want to mention in western countries nobody is interested in marriages and serious relationships. Women initiate majority of the divorces so who cares if people want to watch porn. Some people want to marry porn stars, strippers, escorts, hookers and prostitutes because they are in love with them. Some people are interested in sexual relationship than serious relationship. But honestly who cares and who gives a flying shit what society thinks your a grown adult go live your life the way you want too.	Nobody, Sex, Sexual	Age - Youngsters, Gender - General	5/189	2.646

It's pretty simple, ladies: It is completely humiliating to a normal, good man for you to be sleeping with so many guys, even if it is your profession. It makes the person feel inadequate. People don't decide what to feel, it happens to them. An honorable man who would stay with you for the rest of your life, does not wish to have his dignity deprived by being embarrassed about how many other men are screwing you. It's also not worth the financial risk of getting divorce.. or the health risk of catching a disease. A real man, and a good man will always prefer monogamy. Nightclub sociopaths can have the promiscuous women, and they usually deserve them. The "Alpha" fucks and "Beta" bucks era is over. If you choose to be promiscuous , it would be best you didn't get married or have children.	Promiscuous	Gender - Female sexuality	2/144	1.389
Kayden Kross and Manuel Ferrara got married and had a family so probably that works for pornstar to pornstar. The issue is when it's pornstar with other people. And I believe they don't care if their dignity get sullied because if they did, they won't be fucking in the internet for the world to see. It's on them. No surprise no man would want to date or marry them unless the person is just extremely thirsty for pornstar pussy .	pussy	Nationality - Chinese	1/79	1.266

Unfazed Well, if they can do all that and still find happiness, then I am happy for them! It definitely takes a different kind of person to be able to pull that off. However, men are now privy to the fact of female manipulation of men for resources through sexual dimorphism..attempting the pragmatic approach of utilizing resources confiscated from less attractive males to finance their sexual pursuit of high testosterone males, based strictly on warrior traits.. traits that have absolutely no value in a civilized world. Now we see meathead high testosterone males turned into primal entertainment by getting them to fight each other or play sports. Meanwhile, they are relentlessly dominated by intellectuals. Men are so full of shit. They want a slut, but they wont marry one. Total double standard. I don't know if I could have a lasting relationship with a performing porn star. Only because I think there would be times of jealousy, on my part. Though I admit I wouldn't have an issue with it if she were very good at reassuring me of the solidity of our relationship, which I am sure would get old and burdensome. Many people has this notion that people working in the adult industry is broken, unhappy with their lives, take drugs, drink alcohol ...etc but that is far from the truth. Porn actors aren't special or crazy . The ones I met living in Canoga Park drove catering trucks between jobs, or if they were famous they seldom left their houses. Boring people, overall. But there's a creep-factor in a guy who wants everyone to see him hard and cumming. The women? This girl goes on about massive dick-size, how big she takes them, but she rolls her eyes about a normal guy who's put off about it. When girls are violated at young ages, they tend to only see themselves as valuable for sex , and experience confirms it. They over-emphasize their sexuality and it's cliché to point it out, but porn is the 'Island of Broken Toys' for the sexually abused. There's exceptions, and some black guys can't dance. "Dating is so bad...." That's true because most men are insecure about their sexual performance from a psychological perspective. They wouldn't want to date an expert whom they cannot please. Male sexuality is tied to our ego and to some extent our personal success. If we fail in the bedroom, it goes without saying that we will manifest these tendencies in other aspects of our lives unintentionally. My advise - find a fellow pornstar and get married. The porn industry sadly reels in young women like this with glitter and quick cash...a seemingly huge dose of "self-esteem" for a little bit of work. However, soon enough when the "next young thing" comes along young ladies like this who age like the rest of us are discarded like used rubbish. Uneducated, ripped of their sense of self-worth, they end up in life's dustbin...	Age	Age - General	1/65	1.538
I dated a porn star once and she was out of the business when we met. She actually moved in with me very gorgeous. I own a funeral home which she never came to my business she wanted nothing to do with it. I was totally taken care of her. I was able to get her a job as cashier at a convenience store part time. Coming home was off the charts. She walked around in daisy dukes , or very skimpy lingerie. We had so much sex . She couldn't get pregnant because she messed herself up down there from all the guys she fucked, she did a lot of gang bangs and her reproductive system got fucked up and she had a hysterectomy at a young age . We stayed together for about 27months, and she started doing drugs , and she became violent at times. I had to let her go. She smashed my brand new SUV Mercedes and the insurance company gave me hell. Great sex probably the best I had in my life. But for my sanity, I got so I couldn't sleep because she would get my car keys while I was sleep go out and get high. Probably fuck and suck other guys. I was paranoid. My mother saw her one day with a bunch of unsavory characters in my car riding around. We were tight for about a year , we even talked about marriage, we on some great vacations. Guys were always starring at her she had a 10 body and 10 face. I haven't heard from her in about 5 yrs now.	Age, Nothing, Sex	Age - General, Age - Youngsters, Gender - General	3/270	1.111

If you like food and you are a chef of a 3 star restaurant. In the evening you make your homecooking. Or you can tail like a gynecologist all day in someone's pussy . I assume that a relationship with someone can suggest something like that. I think.If you sell intimacy, Or deal with cheaply it will become less valuable in the long run. I bet girls are queueing up to feel "average" in your eyes! Can you imagine knowing your boyfriend respects you and likes you, but is not blown away with desire for you? It should be all of that! Newsflash, women don't get dressed up and make themselves look beautiful for men! They do it for themselves! They look in the mirror and think "damn i look good tonight!" They do it to feel their most attractive self! So they can head out the door feeling good about themselves! Bit of an anti climax when she meets her man and wants to see his desire for her reflected in his eyes, and instead gets "oh I'm so lucky to have such an average looking girl who no one else will want to bang!" Inner beauty, loyalty, faithfulness, kindness, etc etc are nothing to do with how beautiful a woman is on the outside! Being beautiful doesn't turn women into a cheating whore! Keep telling your women they are Miss Average, and it'll be those girls who are desperate for validation in the arms of another man! And we'd all be cheering them on! You got trust issues clearly! Getting tested. Obviously a lot more important for XXX actors. But really it should be important for "civilians" too. Does this mean it's more risky to have sex if you're not a XXX actor? Maybe. I think NOT. It's maybe MORE risky outside of the XXX biz as no one asks a potential mate to go get tested "...before we...". Relationship ending immediately..some getting offended. In the XXX biz it's "normal"...whether actors really get tested or get the "having been tested" paper faked. Which I bet happens with the smaller companies who don't send actors to a Dr they know.On the other hand, in the XXX biz, there are the larger known companies and the "3 man crew companies". Some are more strict about testing. At the same time they can fake the test results. Unless the test results are sent to the company by the Dr's office. Or unless they have an in-house doctor or nurse. Certified. Or if the company is close to a clinic or Dr's office.	Sex	Gender - General	1/171	0.585

Industry propaganda. They are not happy and bubbly like the act they put on for this interview. No woman with a healthy upbringing would ever do this. It's a coping mechanism for psychological trauma and a dysfunctional childhood. The drug addiction and suicide rate among them speaks for itself. Watching porn is also psychologically damaging to the individual as well as to society. Masturbation is an addiction. It's a waste of time at best. Time that could be spent in the gym or bettering yourself any other way, in order to attract a desirable woman . A Hofer Of course porn isn't real; it's entertainment, just like the movies. There are potential negative health issues for anyone who is having sex . People in the porn industry typically get tested for these much more regularly than those who aren't, so people in porn are actually more likely to get a negative health issue from having sex with people outside of the industry than they are with those inside of it. "Most, if not all are lured and blackmailed into the industry." "The girls get lured in and can't leave." And I'm guessing you have actual evidence for these claims?	Sex	Gender - General	2/102	1.961
echelon2k8 There's alot of evidence of Blackmail. Why else do you think girls would let themselves get into the situations? The industry is getting more and more degrading towards women..it's drugs that keeps them in it. No sane person would put up with it.STD's are tested for on a regular basis...but guess by who: very few doctors check these actors. They're all part of the industry. A Hofer People (girls) get into porn for a number of reasons. It's a job that can pay them good money, for one. There's a demand for them. If they want that money, they might want to try porn to see what they can get. They don't have to do porn to get money, sure, no one is forcing them, but believe it or not some actually want and like doing porn for money. A lot of people who get into porn actually like what they do, even if people like you might not. "The industry is getting more and more degrading towards women" That's a pretty blanket statement. What are you basing this on exactly? "STD's are tested for on a regular basis...but guess by who: very few doctors check these actors. They're all part of the industry. They're all paid to keep the business running, it's sickening."And yet they have a very good track record of keeping performers safe. Maybe guys are uncomfortable about dating pornstars because pornstars by definition do not find intimacy in sex . Sex used to be called making love and for some people it still is. You can't share that intimacy with someone when you know she/he is sharing it with that many strangers. It loses its value. Maybe for some men they can do that, but I bet all of her frustration comes from the reality that most men cannot handle that. And who the fuck should? We evolved to have sex in a way where emotional personal connections are a by product of the sex ; we cannot separate the emotional side of sex in the same way that the incredibly minute percentage of people like pornstars can. Better learn to hold onto your mic ... "The fact you see nothing wrong with this" is not a fact. I haven't watched her. I don't like or watch objectifying hardcore porn. I explained my preferences in my last post. When I see a woman performing a blow-job, I still see a sensitive person, not a cum hoover. If she looks unhappy that makes me feel bad for her. To get aroused, I need to believe the woman is enjoying herself. So I generally prefer softcore erotica and have taken up erotic writing to create the stories I can't find online.If Dani Daniels encourages dehumanization of women through her work then I'm not a fan of that. Nor would I follow the encouragement. Still, it's her choice and I respect that choice even if I would choose differently in her place. Glasgow Blues You view sex as something women do to please men only...? I get that there are porn where women are used by men, and those women don't enjoy it really. But sometimes it's just two people using each other and having fun. As long as the woman enjoys it, I don't see a problem wit it. There are genres where men are used by women. Or where women sleep with other women. I guess those genres are fine with you? A woman giving a man a blowbob is not exactly a „slave being used' since it's a part of sex , just as a man is not a slave for pleasing a woman . As long as both enjoy it, it's nothing like that. I don't watch videos where women are treated like shit and used by men for the pleasure of those men only.	Nothing, Sex, Woman	Age - Youngsters, Gender - General	6/145	4.138

<p>”makes guys feel insecure” No Dani, that has absolutely nothing to do with it, the only reason some people have problems with dating or being together with a pornstar is because they see sex from a different perspective, something you do with someone you love and only share with someone you love to name a few of the many reasons some people don’t want to be with a pornstar, and on top of that, a pornstar, generally, I would guess at least, has a completely different view on the matter and both of you end up with different goals in life anyway so personally I could never consider dating a pornstar, maybe if they quit long before we meet, MAYBE, that doesnt mean I consider pornstars to be anything else than a normal human being with a different perspective on life.</p>	Nothing, Sex	Age - Youngsters, Gender - General	2/141	1.418

I don't think it has to do with insecurity, but it has more to do with the fact that you sleep with so many men and think it's not a big deal... That itself is already a red flag to a lot of people. Most people prefer monogamy relationship, not their partner having sex with everyone at work. Some people are more traditional and believe that intercourse should be reserved only to your spouse or partner, not something you do casually and think it's like drinking water on a daily basis. There needs to be loyalty and faithfulness to your partner when it comes to relationship, where your body and soul is only reserved to the person you are married or in a relationship with. That's what makes it special. Otherwise, why bother even dating or marrying at all? Just sleep with anyone you like. I'm not pointing finger at her choice of work. But I do say that it would be extremely difficult, if not impossible, to date her. Simply because when you date someone you'd think that they're only with you intimately, just as you are with them but in that line of job that won't happen. Your date is intimately with many others, it's all open to everyone to see on Internet, you need to test yourself because you can't be 100 sure that one of her "co-workers" didn't get something which now she has too. And of course the jealousy, that's a natural part of life. I don't mean going crazy over it, that's stupid but also can't really go on if you know that your partner is "doing it" with others on a daily basis, job or no job. No matter how you look at it, you still feel bad and cheated on. So yeah, if she likes that job and wants to do it then go ahead, not saying anything about that. But it is true, dating life is pretty much impossible, unless she'd date someone from totally different country where she may not be perhaps known as well (which in the time of Internet may be impossible), and of course would not be in that business anymore. There would still be always the chanced that at some point, someone around her would say "hey, aren't you that person on Internet in that porn movie?" and, as it usually is, go around and sharing the news with everyone, of course. And like she said, even dating someone inside the industry can still cause issues with jealousy and health and so on. So yeah, definitely not an easy thing to do. Here's the issue I have...She comes across as well hinged and logical about the whole thing. It kind of seems like she is disappointed a normal relationship doesn't work out. And I totally respect that she treats working in porn as a legitimate and normal line of work. All good.But for your average human being (whether they choose to admit this or not) sex is an emotionally bonding experience. The part of your brain that the feel good chemicals hit (oxytocin) are also the same area that correlate to attachment and feeling of deep connection.When you're screwing lots of guys (one way or another) you are devaluing the uniqueness that most people feel about bonding. Once again whether most people choose to admit this or not, not everyone feels comfortable opening them selves up to anyone for this experience.Its easy to say well "alot of guys go out to bars and sleep with lots of women", yeah sure. But the misconception here is that this is the norm. People who operate in these circles will have you believe this, but its not what most people want (by a landslide majority). Its the same as saying all women want is a big dick. Not the case!In a normal world, if you have a partner who asks you for constant std tests, well.... thats not a relationship. Trust being the key component.This woman 's POV on how she would like her life to be makes her come across as delusional to the point of psychopathic.I get feminism, I fully support it. But sometimes some individuals mistake it for some sort of area where the woman has created this PINNACLE situation where the term "Have your cake and eat it" has never been more relevant. <p>Alwyn April Well, I can imagine some do "feel" this way. I just seriously question the reason(s) why people "choose" to sell their body for money. I have a hard time to believe it is a childhood dream to have sex with strangers for money without emotional implication and intimacy, so if it is not then it is a conditioning, and I tend to hear from all the sex workers from all places in the world that they either got abused before entering the industry or that they lacked attention, love and affection and developed serious self-esteem issues. At the same time I do understand that some people see sex differently than others and I do believe ALL people deserve respect and care. Which is precisely why I question the well-being and health of the sew workers because it is dangerous not only for the body but for the heart and the spirit, of course if you don't believe in spirit in people you may think I serve you spiritual bullshit and that's ok, that's your belief. I mean really who wants to get sodomized almost everyday for years?!... By huge "things"? In front of a camera? And say it's what they really want? Do you know how they "prepare" and deal with this on sets? I encourage you to research it, it is gross.... Not to mention the anal issues that come with a regular practice on the long term... And what is the percentage of sew workers who have a happy and nourishing LOVE life? You can listent to Bree Olsen's interview who cries because she feels so rejected and judged all the time because people just see her as a whore... Now again, I personally respect her like any other living creature on this planet, no matter what they did. As I believe judging is makig the world the hellhole it has become... Yet, I cannot believe social death NOR glorification is the way to treat sex workers. People with a super high libido can go to private clubs, do orgies, meet sex partners on the internet.... But as soon as money is involved PLUS regarding porn workers, the abandonment of ones image rights for life, I just cannot believe it is making them happy on the long run. And again all the interviews, articles, research I have read or listened to reveal the obvious sadness behind the bright white smiles and make-up, or the incoherence in the speech when they just say it is fun to get gang-banged. How can a human being live its whole life without experiencing deep intimacy with another human being? Care, affection, love, tenderness, laughter, caresses, do you see this often in porn? And by the way, have you checked the other sources I mentioned? I didn't only talked about fightthenewdrug...! Have you?</p>	Sex	Gender - General	5/472	1.059

<p>Leihita Danse Do you feel the same way about construction workers, factory workers, etc., "selling their bodies" for money, and all the exploitation, abuse, and violence they may face when they work in conditions that do not protect their health and human rights? Can you imagine having a childhood dream to work long hours for little pay and no workplace benefits or protections, regardless of the job? Just because some people get exploited in the industry or do not like their job, does that mean the industry itself should not exist?If you cannot personally believe or imagine yourself feeling or doing something, does that mean that other people cannot? Or does it rather speak to your own lack of imagination or perhaps relevant knowledge and experience?If you only listen to one side of the story, of course you will develop only a one-sided view of the reality.</p> <p>What do the sex workers who advocate for themselves actually say?I work in public health in my day job and have conducted research into sex work, volunteer with a sex workers rights organisation in my country and regularly interact with many different kinds of sex workers, and have engaged in sex work myself on a few occasions. <p>Alwyn April I do feel kind of the same way about other industry work yes. The difference though with the porn industry is that having sex, having someone's parts inside of yours, exchanging fluids, etc. involves, according to me, more consequences than other sorts of exchange. I would be curious to know what brought you to engage in sex work, and what you gained from it, how do you feel about it. I need to point out that I never said the porn industry should not exist. I have listened and will probably still listen to different points of view, I do not wish to share about my personal experiences here but my view on sex for money has changed and has evolved, which still allows me to understand why some people do it or consume it. Are you worried or angry by assuming I lack imagination?! Yes, I do see differences in taste and behaviour and preferences in humans and that can be such an enriching thing! Nevertheless, I express my feelings and point of view here. I guess that is what people do on a chat, isn't it? I find it a little frustrating though that you question some of my personality traits but don't answer any questions I have asked so far. What's the deal here?! To finish, I would add that I have a problem with body and sex not being sacred, which is also part of the shoratges of the "modern" world which create a lot of pain on this planet, and it hasn't started just recently.... By saying "sacred" I mean a link with our divine nature, our link to soul, spirit, Gaia, the Goddess, God, or whatever ones wants to call something encompassing all living life. And this doesn't mean to me that sex should only be practised in the "holy estate of matrimony", as matrimony is men's invention and doesn't always fit my view and definition of the sacred. Having sex is to me, and to ancient practices in different parts of the world a union which engages for longer than the duration of the act itself, I believe in energies and I believe that when you have sex you carry the partner's energy inside you for a long time, and that has an impact on your life. Also, I feel sorry that in most of porn content on tha most popular platforms there is a tendency to violence, sexism, domination, and nearly systematic white shower endings which are supposed to please these women so much...: Hum...Not all women like this first of all, plus women are cyclic and this cycle is not always respected when they work in the sex industry which is a violence against their body and their soul. Having sex without consent is to me a tremendous harm for the human and it happens a lot in this world, and it does happen often in the sex industry. I don't feel surprised you say many sex workers you have talked to don't fit the "stereotypes" I have described, I feel sceptical! I am still open to hear more about this!</p>	Sex, Sexism	Gender - General	12/522	2.299

Alwyn April "Well you can't change your age , but I don't think you have to feel bad or ashamed about that at all." It would be foolish to be ashamed of an immutable trait. Unlike sexual deviance and general degeneracy. "I don't really know what "average" means in this context"As in not special. Average. Unlike what Mommy tells them. Those that abandon deities have an even worse opinion. They consider all humans to be miniscule little bits of nothing in a vast uncaring universe."but I wouldn't say that anyone is "destined" to be a worthless leech on society - I think people can all contribute in their own ways."Contribution to society is helping to produce a service or good that is useful. angryoldfatman Well, I don't know what you mean by " sexual deviance and general degeneracy", exactly. By which standards?Just because some people do not believe the universe cares about them or has given a special purpose to their lives does not mean that they cannot create purpose and meaning for themselves. :) Also, many people in many cultures around the world grow up never believing in deities and yet can live happy and fulfilling lives.What makes you describe people who engage the services of sex workers as "degenerates"? Do you mean any kind of sex work, or just some? How about people who engage in any kind of sexual activity outside of marriage, or for the purpose of procreation?So what else is not being done because you're here? Alwyn April "Well, I don't know what you mean by " sexual deviance and general degeneracy", exactly. By which standards?"Not Jesuits, that's for sure, judging from those who were "educated" by them. Try a dictionary. possibly, along with philosophers slightly less obscurant than Kant. "Just because some people do not believe the universe cares about them or has given a special purpose to their lives does not mean that they cannot create purpose and meaning for themselves."Ah, absurdism. Every life and deed and invented purpose will mean absolute dick-o-la in 10,000 years. So you go ahead and read your Camus, invent yourself a purpose and be all happy. Take drugs, indulge in hedonism, do nasty things with your body for money or for free, commit any crime you wish, make the Marquis de Sade scream with outrage. Means nothing . Isaac I agree. It's not their fault. But I also think we should all at least strive to be better and do better even if that very choice is itself predetermined. We should at least try. And my main point is that having sex on camera for a living isn't any worse than anything else you could do but judging someone for something like that and therefore saying you're better than said person is not what we should strive for. And if that sounds hypocritical that's cuz I suppose it is. But that's exactly it. I don't think I'm any better than anyone else but other people do. Porn is kinda messed up. Guys look at it and think they can't compete,when actualy having sex should be about the connection and the love you have for the lady and vise versa rather than the pure physical transaction you have.I have been watching a lot of porn in my teen years and after the jerk was done i felt so insecure because my penis is not as big as the dude's penis i just saw.And when you see him giving that girl the time of her life(yes i know it's all an act and nobody moans like that irl),you feel like you can't pleasure a girl like that. 100 Years ago we did not have porn on this massive scale we have today and i'm convinced the dating life would have been a lot easier. Heart size has been replaced with dick size.So i think i still have a lot to learn and a lot less porn to watch till i get over my fears of feeling good about myself to actualy go talk to a girl i like.I feel porn has messed that up for me,but i should get all the credit for my problems because i am the one who is watching it. Pierre Dudoret My "evaluation" has more rationality than you think. It is literally not hard to become a pornstar as a woman . There are loads of people with different fetishes so you don't have to constrict yourself to one set of body type. On the other hand, jobs that require loads of hard work to become professional in don't get the recognition they deserve because people don't see them as a way of pleasure. I went from one video about "Randy Spears" ("George" is his real first name, but I don't recall his birth surname currently), who was penitent about having been involved in making pornography, to this video wherein this young woman is so seemingly shameless & base that it is simply shocking! I was hoping to find here a testimony of her having experienced help from the Lord to desist from sexual sin, but quite the opposite is featured herein. She actually, ironically, admits somewhat that it is not normal to be experiencing sexual activity with different persons & then expect to have a healthy monogamous relationship not only in the wake of such sexing around but even while still sexing around! This foul-mouthed young woman needs to be redeemed by the Lord Jesus Christ, but she needs to come to that acknowledgement herself first!	Sexual, Woman	Gender - General	4/143	2.797

I agree with most of what is being said in terms of not judging his woman of course, and when men judge her they are being total hypocrites because they watch porn themselves, but I do want to point out that there are differences between men and women. Women produce more oxytocin during/after orgasm, which binds them emotionally to the male. Men produce less of this hormone. Also, from an evolutionary perspective, men want to spread their seed and women typically do not desire multiple sex partners. So, in a sense, women who do porn may be ..sort of...going against their nature, at least in the beginning. Not that there is anything wrong with this, but it bares consideration because there may be psychological impact.	Sex, Woman	Gender - General	2/124	1.613
Linda Lowther I'm accepting The fact that oxytocin is love hormone...but its main function as sexual gratification and social behaviour.... muscular contractions... but dopamine as neurotransmitter plays role in sexual arousals... motivation..desire and addiction.....	Sexual	Gender - General	2/34	5.882
but males bond less during sexright?? i thought that was proven	Sex	Gender - General	1/11	9.091
VKRGFAN Hmm....good point. Without orgasm, I dont think oxytocin is released. The high rates of suicides with female porn stars probably has to do more with the social stigma of being a porn star. In general, I am against it and against prostitution too, because it re-enforces the idea of women being just sex objects; however, I cannot be all that vocal about it because I sometimes watch porn so it would make me a hypocrite.	Sex	Gender - General	1/76	1.316
"also there is moral aspect to it and that is disarming the woman to take on a role of a sex slave" You do know that there are male pornstars as well? Who is a slave then? Aren't the guys in porn, slaves as well, by that logic? Pornstars do porn out of their own will, either to pay for their college, or because they love having sex a lot, sometimes because they're not satisfied with their personal sex lives, or simply to earn money. There are some hateful comments here and some insightful comments regarding duplicity. I have watched porn, lot's of it but less now. I admire that Danj is intelligent and secure enough to know that "enhancing" her body is a mistake. It is a mistake made too often by very attractive girls with A Cup, B Cup and even larger breasts and enhancements are, ironically, MORE noticeable if the girl is naked.Dani is a sincere, excellent performer and has directed as well. Many will judge her but to them I ask, why did God make us naked and why are some born with such a libido? Finally, why are so many more interested in watching? When i was 20 I had the same libido and wanted to have sex with my girlfriend all the time. I also wanted to accomplish much.Dani strikes me as someone who makes good money satisfying her libido, is proud of her body (like most exhibitionists) and is ambitious to accomplish more than just a list of starring roles. I won't speak for God as some have but Dani is not harming me and seems stronger than many "normal" people.	Sex	Gender - General	1/195	0.513

Well, she is getting paid to do that stuff, isn't she? So I guess it is a job. If there was a job where get paid to do nothing but sit on your ass all day and stare at a wall, would you call that a job? Most peoples' definition of "job" includes the word "labor". Are you not working hard and doing heavy physical activity to ride a cock or pound a pussy ? A lot of people would also assume that working at McDonald's isn't a "real" job just because you're flipping burgers all day and then claim that sitting at an office desk while typing on a computer is considered a "real" job. It doesn't matter what you do as your job, you're still getting paid to do it. So yes, the porn industry is a "business" who are paying those pornstars to do their "job". Would you much rather have the pornstars be called "actors"? Because about 90 of the time, that's what they're doing. And as far as I know, acting is a "job". Sex	Gender - General	1/55	1.818

Fuu Sama A 'controlled environment'?? LOL!!! Oh, that's a good one!!! You think the fact that porn stars are regularly tested for STDs means they don't get them? That's retarded. That's just like saying that weighing yourself every week will keep you from getting fat . The fact is that STDs are rampant among porn stars and here's one article among many to prove it: [LINK] come back here when you've grown yourself a functioning brain with some decent critical thinking skills.	Fat	Physical Identity - Physical Features	1/81	1.235
shadowninja81500 You're at least the second person to put out that dumb idea on this discussion thread. Getting tested for STDs does not stop you from getting them. +Dude What? Who gives a shit? Getting tested for STDs only proves that you don't have one right at the moment. It doesn't mean that you won't get one eventually when you're having sex with dozens of people whom you know nothing about. The minute you test positive, all those negative test results in the past mean nothing , and your chances of getting one at some point are very high when you're having so much sex with so many different people all the time.	Nothing, Sex	Age - Youngsters, Gender - General	4/84	4.762
Eric Liestoh Weighing yourself every two weeks won't prevent you from getting fat but it will let you know when you've become fat .Using analogies and not even understanding them,jesus.If she's positive for something then her career is over and if it weren't so the porn industry would be full of dead or hospitalized people.	Fat	Physical Identity - Physical Features	2/56	3.571

CreedManiac I'm not using it analogy. I'm using a directly relevant parallel. It isn't even really very different from what I'm talking about. The fact that you tested negative for an STD at a particular moment means absolutely nothing when you're continuing to engage in the same behavior that will very possibly lead to your contracting one. And what happens when you do test positive for an STD? That's the real issue here, isn't it? When that happens, all those negative results in the past don't amount to shit. The implications are the same for you and everybody else that you've had sex with. Sure, you don't have an STD...until you do. I understand perfectly well what I'm saying. You're not even making an argument here.	Nothing, Sex	Age - Youngsters, Gender - General	2/126	1.587
Eric Liestoh Yeah and the risk is there whether you have sex with a normal person or a pornstar but you're saying that pornstars are more exposed to STDs since they have sex everyday. You would be right if you had proof that even if someone in that field tested positive they would be free to continue working.	Sex	Gender - General	2/58	3.448
CreedManiac Whether or not they're allowed to continue working after they test positive for an STD has absolutely nothing to do with it. The damage is done whether they continue working or not. And there is plenty of proof out there to be found that people who have sex for a living, be it on film or on the street, are in fact at a far higher risk for contracting an STD. No question about it. Here's just one link to show you what I'm talking about: [LINK] do the research for yourself. I've done enough thinking for you. My god you are a stupid one arent you? If all pornstars get checked for STDs and they are clear to do their job, when they have sex with each other they wont just suddenly contract and STD. Dont be stupid. Your analogy makes no sense hur hur if you constantly check your weight it wont stop you from getting fat , are you stupid? Just think for a second about your retarded analogy. The point of the weight is to not stop be from getting fat its to show that I am NOT fat you fucking idiot. They obviously are still free to have sex with anybody outside of the job but why the fuck would they take the chance to contract and STD that would obviously put them out of a job you fucking idiot? So we assume pornstars want to keep their job and are responsible for everyone's health in the industry. Stop being stupid please it harms people. Eric Liestoh I wont deny that pornstars can contract STD's based on the fact that they have sex with different people for a living and partake in orgies and so forth, but I still think engaging in unprotected sex with a pornstar like lisa ann is much safer than protected sex with a random stranger	Sex	Gender - General	3/55	5.455

Actually you are religious, Gabi X. Every human being is religious. We are each comprised of body AND spirit. In the spirit we form memories & store of education & decide how we are going to relate to phenomena around us; indeed, it is a spiritually based system we operate from & such is idiosyncratic while also in nature categorically conglomerate, for there are others who, even if not in every particular, believe & live according to the same form as another person does, according a specific spiritual system. James simplifies the matter for us greatly in his NT epistle when he notes in James 2:27-28 that there is one "pure religion" & that is the one that has Christ Jesus as its focus & submission to Him as its priority while all other religions are deception & destructive, no matter what pieces of truth they may have in them to make them each seem valid, wholesome, & worthwhile. You have rightly reacted negatively to this young woman's lack of self-respect & shameless dysfunction as well as to the idea that one having one's private body parts & sexual activities with or without sexual partners photographed &/or filmed for public viewing is not "a normal everyday respectable job" because we humans are made in "the image and likeness of God" & in our individual spirit's consciousness we do have an awareness of the phenomenon of wrong & right & can in generally determine what is wrong from right. In your consciousness, you are rightfully aware that sexual indiscretion & promiscuity are not virtues.	Sexual	Gender - General	3/263	1.141

You know, though, Christpher R Fritz , in all honesty, how is "dating," with what "dating" means in this day & age & in many societies, especially in America, not itself prostitution? If we are to be really honest & technical, even if literal money is not a part of the transaction of sexual intimacy & activity, in the absence of a marital commitment to be with that one person for the lifetime of each of the two of the marital union & yet sexual intimacy & activity is included in that temporary relationship, that is the currency that is being exchanged – one's precious private parts. And then when the "dating relationship" is over & each moves on to another "dating relationship," what's that? In this day & age & in cultures of with no morality governing, virginity before marriage is quite sadly nearly nonexistent. Most who have come to the decision to become married come to the decision to be married only after having interacted with the mouth or genitals of at least one other person before meeting the one with whom marital vows will be exchanged &, most often, with far more than the one premarital sex partner. In fact, the Greek word translated "fornication," which is the English word used to denote " sexual intercourse with one to whom one is not married," is porneia. Sounds familiar, doesn't it? Yeah, in fact, pornography is derived from the word porneia.	Age, Fritz, Sex, Sexual	Age - General, Gender - General, Nationality - German	7/241	2.905

Maybe if you express your devotion to everyone then you're not really devoted. Maybe when you are old and you have been replaced by a younger girl, you will realize that you objectified beauty rather than leveraging it to forge a big family. Regardless of what these porn stars call themselves, be it men or women, technically they're actually just high paid whores. And most of the women in porn, without makeup on, they look nothing like what's seen in the videos. In truth, I don't know how they can live with themselves, doing anything and everything when told to by the directors.	Nothing	Age - Youngsters	1/60	1.667

How to Receive Your Heavenly Prayer Language His Inspirational Gifts: Manifestation and Church Gift of Divers Kinds ofTongues...1Corinthians 12:4-11 Mark 16:17...Divers kinds of tongues is supernatural utterance by the Holy Spirit in languages never learned by the speaker, notunderstood by the mind of the speaker, nor necessarily always understood by the hearer. Speaking with tongues has nothingwhatsoever to do with linguistic ability; it has nothing to do with the mind or the intellect of man. It is a vocal miracle. Tongues is primarily a devotional gift Jesus told his disciples, "After the Holy Ghost has come upon you, you shall receive power" (Acts 1:8). The evidence of this baptism isthe gifts of the Spirit, with tongues almost invariably comingfirst. There are various kinds of tongues. One type—the prayer and worship language—is for private use and personal edification. Itdoes not need to be interpreted. In fact, Paul informs us that although he spoke in tongues more often than all the Corinthians,when he did, his understanding was unfruitful. He describes his use of a prayer language as praying "with the spirit" (1 Corinthians14:14-15). This prayer and worship language is indispensable for every Spirit-filled Christian. Rozli Yusof Definitely the second but how do you know whether the girl next door was never f*kd before? She might be sleeping with someone else while being in relationship with you. Not talking about girls in specific but guys as well. Sometimes I think these girls are better cuz there is nothing to hide and you have a choice for a GO or a NO GO than the ones who behave as totally innocent and you come to realize their true self until its too late.	Nothing	Age - Youngsters	1/87	1.149
Rozli Yusof1 - I'm not 'stupid' for calling out your bullshit. 2 - what you're implying here is that women can be 'used up' after which they have zero value, only due to their sexual history. This has zero rationale and is extremely hypocritical if you also watch = condone porn.	Sexual, Zero	Age - Youngsters, Gender - General	3/52	5.769
A mans typical argument yet a man is a hero and a legend if he can sleep with as many women as possible but god forbid a woman sleeps with anyone at all or she's disgusting. I personally am a woman who would only want to sleep with someone i'm in a serious relationship with because that is how I work i'm a careful person but I don't judge the women who likes to have many one night stands and it does not affect their value as human beings.	Woman	Gender - General	2/89	2.247
soda well Miss Daniels opens her legs for a living. But let's disregard that and give her a fair estimate. No! She has to live with the consequences of her actions. Are we not allowed to have values anymore? That's the thing with Feminists! It's always one side versus the other. This is about integrity and self respect. And those who possess such values and morality should at the very least be held in high regard irrespective of gender . Your stock is worth more as a human being. But now that I objectify both genders equally, it doesn't give you the right to spew that Feminazi bullshit! Right?!	Feminazi, Gender	Gender - Female intelligence, Gender - General	2/108	1.852
kalyanbv1000 there are levels. Miss Daniels has sex for a living. You can't compare her to the girl next door and then claim that the girl next door is a hoe who pretends to be relationship material but fucks around behind everyone's back. So in a way a girl like Miss Daniels is the better option because at least she's real. What kind of logic is that? You don't know that! In life, you get all sorts. And of course, you can't expect your future half to be a virgin. But at the very least she should have certain qualities that you're looking for in a partner. For instance, can you trust her? Is she family oriented? Is she hard working? Just these 3 things will tell you enough that you won't compare a porn star to a girl next door with good morals and values.	Sex	Gender - General	1/146	0.685
And yes the number does count! Especially if it's double digits. I wouldn't be with anyone who has had sex with more than 3 people. Remember! You're taking all the baggage with you. And I think that's more than enough!	Sex	Gender - General	1/40	2.5

In terms of dating a pornstar, a better way of looking at it would be that yes a girl may be in this industry and she's slept with lots of people, she knows sex inside and out but also knows what makes people tick, what their characteristics are and knows what appeals to her because this industry could be a window into both the good and bad of people. Then, with all that in mind, she chooses you an average person. Out of all the people she's been with, you are the one who is worth her time, you are the one who has passed the test of quality so surely that must make you feel proud. Also there are far worse types of people doing what many would consider to be "decent" jobs. Just because you work in the porn industry doesnt make you a bad person.	Sex	Gender - General	1/148	0.676

nick supreme it doesn't affect their value as human beings but it does affect their value as partners. What don't you not get? Of course the mileage affects porn stars when it comes to relationships. Having sex with someone to whom one – be the one female or male – is not married is a devaluing of one's self, soda. You likely would prefer to think this is not the case, but it is. The fact that so many on here refuse to acknowledge the nature of a metaphor aside, Rozli Yusof, what gets to me is that many of these commenting disparagingly on here are the very same ones guilty of making it practically impossible for a virgin looking to get married to find – sticking with the analogy – an "unsucked candy," be the "candy" female OR male. Back in the day, "dating" may have been simply spending time with someone of the opposite sex who one is attracted to & is trying to find out if the person is compatible for personally marrying, but this all without sex or even kissing, which arouses to the point of wanting to go further; however, nowadays, "dating" is just a euphemism for "fornication." That evil will destroy you. So good people must be better at destroying people than evil people are which is very hard to do because evil is obsessed with hurting people and destruction. They cant get enough of it. Evil loves it. Evil lives for those things. But still. Good must not let evil prosper. And must be more ruthless than evil.So my point is. <p>what the fuck is the common american syndrome of anyone who performs in any number of adult films regards themselves and certainly refers to themselves as a porn STAR? for the multitude of men and women performing in adult films, there are a few precious few who legitimately qualify as a STAR. a giant piece of shit or whatever physical female attribute one clings to as supreme in importance really doesn't mean a motherfucking thing. scores of people all over every corner of the globe have massively gifted manhood and women are perfect and impressive in every way in every town and village. probably the ability to perform in a genuine and appealing manner relates highly to sexual activities commonplace. of course it all must have a more sensual erotic and so forth overtone to it. constant over the top moans and wails created to express the unbelievable unparalleled ecstasy happening usually are highly and almost invariably written off as straight up fairy tale nonsense. and almost as often this almost singularly, and loud as fuck, sonic offering to the visual quickly becomes notably irritating and in the end this horrific accompaniment to physical get-down serves to do little other than pollute the picture with start-to-finish unappealing wailing and shit and the other most likely outcome is the irritating repetition of discord. whatever the fuck else I could possibly add or subtract from the industry is most certainly personal crap nobody would likely find enlightening or relatable at all. but the porn STAR shit is so overly applied that the term incredibly rarely applies to the actor at all in their prolific history, tangible fame, industry awards or formal nods, etc..without some reasonable and extensive acting following and probably a few awards as well as regular inclusion in whatever type of magazine, website, periodical things that the adult film industry in 2018 primarily utilizes to showcase or promote actors films events or what the fuck ever is most relevant in that current slice of world lifestyle and cultural shit it's all about. cause honestly, there is no vocabulary or writing seductions I can conjure to divert any impressions here away from the fact that I do not know very much at all about any detailed realities of working and personal realities of the relevant performers, absolutely nothing about directing, sound, tech aspects of the productions, and though I'm aware there certainly are gala events with various appropriate awards that are well respected and proudly received comparable to the many motion picture events with red carpet nonsense and the obvious awards for shit involved. I bet the adult awards are likely more applicable and deserved by the winners than many of the far out and poorly deserved films actors directors that motion pictures receive leaving everyone scratching their heads and analyzing and scheming to find a justification far below the surface shrouded in a thick mist and wearing a cloak of invisibility.</p>	Common, Nothing, Red, Sexual	Ideological and Political Identity - General, Age - Youngsters, Ethnicity - Native-American, Gender - General, Social Class - Working class	5/493	1.014

We both may find a job incomprehensible for us to do, difference is, you supposedly look down on them, but I'd respect them even more. But perhaps we're both ignoring the individual aspect of it. I wouldn't simply respect a childish CEO who didn't get the job through merits. I wouldn't respect a porn star who is stuck up and has no other skill set or personality. I wouldn't respect religious leaders unless they put truth and reason above faith. I wouldn't respect a genius who is megalomaniacal. Wouldn't respect an honest politician if he was dumb . Don't fucking lecture anyone about morality, you fucking blind , indoctrinated dunce.	Age, Blind	Age - General, Physical Identity - Physical (and Mental) Impairments	2/34	5.882

MuhammadNo, you can't. Murderer and child rape are not voluntary acts between consenting adults. A woman chooses to have a career in the sex industry and her clients choose to engage her services. Any action that doesn't conform to your standards is "fake freedom" and any person who doesn't agree is a "subhuman" who deserves to be murdered. I get it, little Hitler.	Sex, Woman	Gender - General	2/64	3.125
Hahahahahah, again with the pseudo-intellectualism. Your delusion that "consenting adults" is even a question for morality is amusing, instead of the affects it has on these women and the men who exploit women for their own personal greed. You're a scumbag basically sticking up for capitalist pigs who run an industry which is morally abhorrent, fucking everything that moves and filming it on camera is not a moral evil according to you. This is what I mean by your fake freedom, your freedom which dictates if people are so fucked in the head that they consent to doing these things, it makes it ok. No, you retarded virmin, there are much better virtues in existence than your pathetic freedom beats all, things like honor, empathy, humbleness, virtues that exceed greed and physical gain of wealth or power. People like you obviously don't understand it, because you are of a lowly subhuman stock whether it's in your genetics or your spirit I'm not sure, but the only thing I am sure of is that scum like you need to be eradicated from the earth. And no, I hate Hitler, as he and the Nazis attempting to genocide millions of slavs and had an open anti-slavic policy, so try again, scum. I hope your daughter if you have one ends up in the porn industry, just so you can feel the pain of every father, brother and living relative of porn stars, and understand how detrimental it is to society, and everyone participating in (except those who make profit off of filmed prostitution). Now, instead of trying me again with your pathetic, over-used justifications of "muh consenting adults", re-examine your moral compass and re-examine your disgusting, indoctrinated world view, you fucking consumerist garbage.Also, "consent" is something the porn industry capitalist scum like to feed zombies like you, the illusion that these women are in any way "consenting" to their lives being ruined forever, instead what really happens is exploitation of people who are in dire need of either money or fulfilment, you will never find a pornstar who started porn because of a positive motive, rather that these women are left on the street, abused by family or had a fucked up childhood, it all comes back to psychology and they end up being in the most depraved industries in existence. But again, of course zombie capitalist shills like you would attempt to justify.	PIGS	Nationality - Southern European	1/403	0.248

MuhammadIn fact, the funny thing is that you're no real danger to anybody because you're just another mouth on the internet. You fantasize about murdering people you disagree with and whine about your imaginary objective morals but at the end of the day you'll do nothing but sit on your arse typing away like the poser and hypocrite you are. You don't have the courage to act on your convictions.You're right. People like that have increased since the advent of online forums.	Nothing	Age - Youngsters	1/84	1.19
All I see is typical garbage from an inferior, pussy being who thinks he knows it all. Very common walking cliché these days, it's like a dog who believes it can see colour. Very amusing, if you sincerely believe I don't have the courage to act on my convictions I feel bad for you, because you are so deluded. But please, it's amusing the typical "ehehe ur a basement dweller" talk, from someone who gets all of his views fed to him via social media and pop culture. "imaginary morals" - interesting that you call these morals imaginary, as through all of history these morals have been the basis of good societies and people, and up until recently they've been sucked dry by greed and power, you're only the product of it. But again, amusing. Desperation is all I hear from you, but when the shit hits the fan you'll only be begging for mercy. And spare me your hollywood psychology analysis please, it's actually amazing how predictable you robots are. Depraved, sick, putrid. I don't know if a God exists, but if they do, i'll be for sure the one to send people like you to them.	Common, pussy	Nationality - Chinese, Social Class - Working class	2/198	1.01
MuhammadI'm starting to notice a theme here. You dislike capitalism, you're disdainful of education and personal choice. It all seems to point towards you being insecure about the fact that you've generally failed to achieve anything in life. Also explains why you desperately want a simplistic moral law handed to you so you can convince yourself you're superior to people who make different choices. You obviously can't pretend you're superior based on merit or achievement when you have neither.Your whole persona and this act that you do makes sense to me now. Though I think you're failing to grasp the fact that you're still going to be the same sad, angry man no matter how much you judge others. Happiness isn't a relative scale and you're never going to achieve genuine happiness by putting others down. Ever thought about going back to school, maybe doing something productive with your life? It's not too late.Sure, if my mother chose to have sex with 20 men that'd be up to her. Why would it bother me?	Sex	Gender - General	1/177	0.565

Judas Iscariot Ahahahahahha again the same hollywood, tedious psychology application to something the poor zombie can't grasp, so he has to attempt to create a story and character to fit his stereotypical views fed to him by popular culture, that people who question modern neoliberal system of capitalism and moral depravation are just basement dwellers with no achievements, right. Again I repeat, same old same old walking cliché of a person. You are the direct result of the system I am talking about, fed on the capitalist fantasies of "merit" and "freedom" and lied to in order for profits, what a sad and depraved result. And you unironically just said you'd be ok with your mother banging twenty men, which to me and to most people signifies deep mental issues and lack of morality, simple as that. Just like we can't explain to ants what morality is, we can't explain to the likes of people like you what it is. And as a result of people like you; we have a fucked up system today which is built upon exploitation and destruction of morals and values of the societies which have fuelled their economies, you are a pathetic creature who lives for consumerism and pleasure and looks at people who are superior to you in spirit as inferior beings, because you are a materialist and know nothing of true morals and human values. Again, the simple fact you would be ok with your own mother, the birth of your own being, getting used and defiled by random strangers and your mother giving the ultimate physical pleasure to anyone and anything speaks VOLUMES about your state of mind. I sincerely hope you get help.	Mental, Nothing, Old	Age - Over 65s, Age - Youngsters, Physical Identity - Physical (and Mental) Impairments	4/283	1.413
MuhammadYes. A woman having the option to choose what she does with her own body and how she interacts sexually with other consenting adults is part of that enlightenment.Living in a free society involves recognizing the fact that sometimes people will make choices you don't agree with. with the insanely common and desired filming subsequent availability on the internet that's rockin' around there's loads of every type of personality and lifestyle and cultural preferences and shit. I guess I'm far less surprised by the available number of male participants. But certainly age education social-ranking and whatever shit society is broken into that is producing females from all these categories that historically were not represented to any degree worthy of charting into the adult film productions. Without question too, the ever-increasing internet and iPhone shit (Twitter and so many) has drawn droves of younger people with a junkhead's need for more attention by whatever means it breaks down to require. Either way if people wanna promote and provide availability of phone-camera filmed sex in their bedroom to the more intricate productions compete with a little acting around scenarios that are far-fetched to extreme of qualifying as fully psychotic representations from a mind bound 100 in delusion, they are all over. And no question are gonna continue to expand exponentially for however long. I think that the number of people seeking videos of adult film style in the frequency that are reasonable are getting so many options and shit that the intent of finding a good ole sex video to enjoy are made less easily found by the sheer overburst of stuff around. Either way I'm no expert and am qualified to comment in an informed manner on adult films in any way. But what the fuck? It's YouTube so leaving a comment means absolutely nothing . It would matter a hell of a lot more if I sat in a dark room and did nothing for 3 hours, it's a certainly tangible and a real action on Earth. YouTube and internet comments in general are electronically supported false representations of reality. I think you're the jealous and insecure people she was talking about. This woman just wants to do her job and live her love life separately, but she can't due to this biased stigma where, when a guy fucks many girls, he's awesome, when a girl fucks many guys, she's a dirty whore, slut, scum of society, tainted, sinner, no humanity, no morality, no self-worth, no dignity. Yet, you people masturbate to pornstars all day and still be considered "moral", "non-sinner", "clean". Get off your high horse. Respect this woman . To be clear, men who are WILLING to sleep around arent in short supply- that's the distinction-that's not to say who actually has more sex . I feel like we're agreeing more than disagreeing. If male sexuality was the rarer commodity, youd see more male prostitutes than women. You don't.I agree now I was calling her insecure - I had missed where I said that as an afterthought- to me, her tone doesn't sound like someone with a confident, warm heart- note when she talks about the men that date her, it's framed as them having problems, but then later talking about dating coworkers, and how she'll still get jealous. I'd be fine. Very situational.I think its better to project a scenario on someone else for this argument. I'll use you ok? If you were financially stable, she won't be a pornstar anymore. Done.OK, lets say you were not financially stable, and she does her work to contribute paying the bills. But she comes home everyday, does everything with you, has better sex with you, more frequently, every night, genuinely cares about you and grateful that you would accept her despite her profession. Yknow, like a normal relationship. If you both are supportive of each other, that's that.If she makes it big eventually, she will retire, and make other sources of income using her profession's bulk payments or contracts. <p>Some people really over intellectualise this profession. This girl talks about being good at her job, like it's takes an education to be gang banged. Most (not all) but most men are pretty easily please sexually, if you are a attractive or not so attractive if you get on you knees and and enthusiastically give a man or many men a BJ then they are going to be happy.Any girl that wants to do this type of work will find work.Most will have very short careers then what will they do? It's not easy to transition from porn star to a regular job. In fact I haven't heard of it happening at all. Then as this girl admitted herself most men wouldn't like the fact that there will be videos online that there friends and family can see even if they quit years previously.Even if it did somehow get passed those difficult obstacles what if they have kids their children, wrong as it may be will get tormented and teased, maybe bullied as soon as the other kids find out which is inevitable... Lots of female porn stars admit they love their jobs and it's quick money and no qualifications are needed apart from being open minded sexually. Lots of girls love sex but thankfully most choose not to go down this porn route, instead they use their brains to make money not their bodies. Most girls realise know matter how much they may like sex they are smart enough to know it would be financially rewarding only in the short term not in the long run as they don't often if ever move on to a regular job when the porn work ends. It then leads to poverty and drug abuse and potentially sexual abuse. Some people say not all porn stars are stupid, well smart women don't choose to be porn stars, I don't care how academically smart a few may be they clearly lack foresight and common sense to think working in porn will be good thing. It's not good for their mental or physical health, it's not good for them emotionally, it's not good for relationships, it's not good for their children and it's not even good financially in the long term. Unfortunately, most of them get into the business for all the wrong reasons. Some go to Hollywood to get into acting and end up in the porn industry because it would be easier money than starving, some end up in Hollywood after being sexually abused much of their life (thus having a poor esteem on themselves and couldn't care who gets hurt), but when it comes down to it, it is Hollywood at it's best.. taking people, using them and spitting them out as shells of themselves. Mind you, some don't fall for it, but Hollywood is easily one of the most psychologically destructive cities on the planet. Only one person could have given man the ability to put together the finest watches in the world. If you were thinking God himself, you were correct. saxonsteveYou're clearly not reading it. That's the problem.Jesus spent all his time getting drunk and hanging around prostitutes, young men and people suffering from various forms of venereal disease. The book might not openly state Christs sexual proclivities but it doesn't take a genius to read between the lines and figure out what goes on when you escalate some guru figure to that status. We've seen that scenario play out repeatedly in modern times and we always find out later that the cult leader was banging everybody elses wives and children at night while preaching sexual purity during the day.	Sexual	Gender - General	2/102	1.961
saxonsteveJesus, if he existed at all, was just a man. A man on which the Biblical myths are based. Can you think of any example of a man who was elevated to leadership of some cult that didn't end up with a thoroughly warped perspective, sexual deviance and substance abuse, etc? I can't. In fact, the louder these people preach about morality and sin the darker their closets seem to be when they're finally exposed for the frauds they are.The fact that the Bible explicitly mentions Jesus spending time around prostitutes, young men and people with sexually transmitted diseases is telling in itself. The story about the woman at the Pharisees home who kissed Jesus feet, washed them with her hair and perfume, takes on a whole new sensual meaning when you read between the lines and comprehend the sexually deviant nature of a cult leader. You really think he wasn't sexually aroused and intent on intercourse with this beautiful, sinful woman who was licking and massaging his toes? Please. He was male. Surely not even a Christian could be that naive.I suggest you try not just reading the Bible but actually thinking about it. Consider the contexts and connotations involved rather than beginning with the assumption of who you think Jesus was and then accepting the book at face value. Surface level readings of complex texts are rarely accurate. Particularly in the case of myths and parable.	Sexual, Woman	Gender - General	3/241	1.245

Don't know why this showed up in my recommended videos as I have no interest in knowing the personal problems of willing sex workers. However, I will say that this is a prime example of why living without a moral compass cannot work. Morals are not only what holds our social fabric together, they hold our personal lives and mental/emotional health together as well. These jobs and indeed society at large is not sustainable without Morality. If you're a porn star, and you're feeling unfulfilled, lost, lacking... there's a reason for that. What you're doing is wrong and it doesn't agree with you. I appreciate how candid this girl was, in sharing the difficulties she is encountering, instead of lying about it and pretending that everything is peachy keen; as porn stars often do to make people believe that nothing is wrong with their occupation. you see it from the perspective of losing something every time she is in a body contact with someone else which is not the case . As far as I know a woman loses her virginity only once (per hole) Since that day till the day you meet a woman some other guys slept with her (you just don't know it till you ask about it) but when you met her you assumed "she is a nice girl ,cant be that bad" which is almost always the case . In other words the difference between true and imagination was obliterated by your question and her honest answer . She could possibly say to you I only met this guy I lost my virginity with and you are the next . If you watch porn, you're not in a position to talk shit about a porn performer or women's rights, etc. The shittiest thing about porn is that it's the lowest quality of sex . Instead of having sex with a beautiful woman and potentially developing a meaningful relationship and raising strong kids, you outsource that to a few asshole type men to abuse these women and leave you with hand. OP probably meant that majority of viewers think of pornstars as sex objects while watching porn. For example, think of the last time you watched porn and was like, "I wonder how great of a person he/she is. I wish we can be in a relationship". Most people watch porn and think of pornstars as sexual objects with the only purpose of leading you to your orgasm. They don't think of pornstars as regular people with traits we admire such as respect, dignity, intelligence etc. Pornstars have no shame and they are the reason why people see them this way. I believe devil exist in mind. Maybe a state of mind like depression which a pron star can end up in easily. When a young woman chooses to get money the hard way by not doing porn, she is just avoiding that future depression that can come out of that profession. At this point she is not sure that depression wont come out of another profession but chances are pretty low compared to being a porn star. That mentality to take hardship at present by caring about future is something that gets respects from society and that respect makes sense as that mentality is what takes us forward as a species. Now when a religious man respects that mentality, he might use words like "not selling soul to devil" but if you are ready to not get too much into the syntax, even those are wise words... but then an atheist cant help as his primary sense of having an elevated conversation is to keep proving the non existence of god and devil.. even in a porn stars interview.. lmfao women logic "men are insecure because i have sex with big dicks"real logic "guys don't want some disgusting tramp that has swallowed tons of semen."Women who are in pornography are fucked up mentally with daddy issues. This stupid whore doesn't realize "civilians" don't want to date her, they just wanna stick their dick in some porn-woman's bacteria infested hole. (Notice how I didn't say Porn actress or Porn star, because laying on ur back taking a cock is not difficult.)When i see a girl ive fucked dating someone, i laugh at that guy. I got her pussy for free and he has to pay for it. LOLNO HYMEN NO DIAMONDPOPPED CHERRY DON'T MARRYThey say one man's trash is another man's treasure, but you won't find me searching through the garbage for a wife. When she gets old by porn industry standards she will be cast to the side. No man wants sloppy seconds but this bitch is just slop. The amount of cum she has eaten is mind boggling. The novelty would wear off quick and then anyone would resent her. I hope she becomes a Muslim lesbian with a hijab on	Lesbian, Old	Age - Over 65s, Sexual Identity - Female homosexuality	2/59	3.39

I was wondering why this showed up in my list of recommends too.Yesterday i left political vid running while i was busy. At some point i heard it was smth else. And again after a while it was about thailand and some city there ppl go to for hookers. I saw some of that as i got back. I guess thats got to be it. Weird though. Same here this is NOTHING like the videos I usually watch.JewTube is spreading its own agenda apparently.And SHE is Jewish as well with Jewish bosses in Jewish productions.But my reaction was the opposite: ""Wake up twit. Quit your DAMNED JOB and repent of your filthy lifestyle and learn to live instead, with REAL LOVE serving your Maker in Heaven claiming the forgiveness of sins by the sacrifice of the Son of God.""She may very possibly never get this chance again.
