It's a pity so much of what is denounced as racism is such trivial chickenshit – people freaking-out over magic bad words. No American is entitled to be loved; like respect it has to be earned. I'd happily settle for anyone who dislikes me to simply follow the Golden Rule and leave me in piece. This news cast is indicative of why people are criticizing the Jewish behavior in the country. They own most of the news, and they are essentially using propaganda to hang this innocent young man in North Carolina, when all of the scientific evidence, and videos on the scene, basically show the woman had a heart attack (likely from being obese and a large smoking habit). Anti-semitism, was a word created by jews, to shame and publicly attack anyone criticizing their actions. Especially when those actions should indeed be scrutinized as they are many times skirting the line, or even crossing what is deemed legal and moral in the USA. This is happening in Europe, also. It is disturbing to see antisemitism growing on the political left, as well as the right. AntiZionism has become antisemitism among many on the left end of the political spectrum, whose thinking is every bit as limited and blinkered as those on the right. It is not amusing to watch. It does not give one hope for the future of our species.The Jews of the world do NOT represent Israel. Israel does NOT represent the Jews of the world. Most Jews are not Zionists. I have a great unlove for Israel and its hate filled Zionist leaders, but that does not translate into a hate on for Jews, any more than my intense dislike of neo Nazis causes me to hate all white people.Europe also has the problems created by this flood of Jew hating Muslims into Europe. It seems to be contagious and the European left is buying into the hate that is being imported into the country, from the middle east.Do all Muslims hate Jews? Of course not, but antisemitism is very common among people from that area and the flood of refugees and the rise of antisemitism in Europe, are happening at the same time. The rise in anti Semitism in the USA is caused from us victims of botched American Pariah infant circumcisions, becoming educated and learning about our prepuces' neurological functions, and physiological development, and how our human rights were violated, during the brain damaging traumatic shock, with neurotoxic chemical pain killer damage, caused during medicalized religious infant genital cutting organ theft rituals. Many of us also have Semitic bloodlines and recognize infant circumcision as a racist and sexist Semitic hate crime against non Semitic goyum and gentiles. We tell our intact European, Asian, and African brothers to protect themselves from the liberal American Zionists, and conservative American evil angelical judeochristians. It's not wise to fool Mother Nature. America and Israel stand alone in their faith in infant genital mutilation. Jewish American lawyers just got the anti FGM law overthrown in the USA because little girl circumcision makes just as much nonsense as baby boy circumcision. <p>rjtheripper931 , have you ever considered that there happens to be a majority of white people, just in general, in the US? Which may explain why both parties have white majorities? And even if the American population were exactly racially divided equally, if more voters of one ethnicity happen to vote for one candidate or set of ideals, that doesn't mean that that candidate is necessarily corrupt or favors that ethnicity. Just because there is no other monotheistic nation to compare them to, doesn't mean that they are necessarily only a religion OR a nation. <p>Research the Greater Israel Project. It is criminally insane, and it represents the ultimate agenda behind the zionist movement. It is nothing short of total genocide. This why Israel and the U.S. have been engaged in a 7 year long genocidal proxy war against Syria.Israel and its allies have been trying to destroy Syria completely, and here is motive behind this war criminality. CNN is one of my sources for this, although I doubt that it was the intent on the part of CNN to reveal the truth behind the war on Syria.cnn.com/2015/11/08/opinions/oren-israel-golan-heights "While hosting Prime Minister Netanyahu, President Obama could acknowledge the fact that the Golan can no longer be exchanged for peace with Syria [because Syria no longer exists]."This is why Israel and its Axis Alliance does not want to let go of Syria. Wiping out Syria and Iran is essential for the Greater Israel map to be realized.What the super cynical neocon zio-Nazis do not realize is this:IT IS ALL ABOUT THE MEANS... ONLY THE MEANS CAN JUSTIFY THE END.A good outcome requires good means. When people resort to evil means, you will get blowback and pushback. This is what has become of the Neoconservative Agenda. The militant, radical zionist neocons have resorted to the most violent, destructive and deceitful means to accomplish the ends they had in mind. Before, during and after 9/11.All that the war criminal neocons have to show for it is mass scale death and destruction, and people turning against ordinary rank and file Jews, because they can't do anything about what the people at the top are doing.Everybody should listen to the 1961 Benjamin H. Freedman Speech for an education. Then read his 1974 speech.Listen to All Wars Are Bankers' Wars, and listen to How Big Oil Conquered The World.The people at CNN, if they want to do some good, should have an intelligent round panel discussion on this issue. If you are capable of doing that... So far, all you've been talking about are some of the symptoms of a much larger problem.Do you want to leave this world a better place for your children and grandchildren, or not?I looked over to my right, and I see the latest warmongering lies coming from CNN. "Will President Trump hold Russia accountable over Ukraine?"Excuse me, but didn't the trouble in Ukraine begin after the U.S./Neocon coup d'etat in Kiev in 2014?.. Yes it did.Anyone in the media or press who enables the war criminals in Washington are also war criminals. This is what you have done with your lies and distortions. You are no different than Joseph Goebbels. CNN, and the rest of the corporate media, represent the propaganda arm for the War Lobby. They, YOU, are war criminals. Without their enablers in the media, the war criminals in Washington could not have gotten away with it for so long.If Trump goes along with your nihilistic agenda, the he is a war criminal, too, and if he gets us into a nuclear war over Syria, Ukraine, or Iran or North Korea. Then Trump will be recorded in history as the biggest genocidal monster ever in human history.I wish that Trump was colluding with Russia, because only then would peace have a chance. And now here we are so I hope those people are happy that they broke a statue but was it worth all this ? Is this what liberal means to attack others culture ? I have been asking my Jewish friends that are Trump supporters since before the election: "What happened to: NEVER AGAIN!?" All what they cared for is that he's supposedly good for Israel and business. They completely turned a blind eye that his base and the people attracted to him were white nationalist and racists. Exactly those groups that follow Nazi Germany's racial ideology and antisemitism. To this day, especially after reports like this, I just can't wrap my head around this. I spoke with an older Jewish scholar earlier this year, she was approaching 90 and well traveled... I talked with her about this issue and she completely agreed with me, not only that... she is shaking her head about Jewish Trump supporters. She believes a failed educational system is to blame, that teaches only cursory about WW2 and the rise of Nazi 'ism in Germany is being reduced to "We are the best, we won WW2"... Do I feel bad for the Jewish people? I feel bad for those that did not support Trump and his dog-whistling and those are the ones being attacked and have to suffer. John Hardee I fully understand the motivation among single issue voters. My family has "1951 Geneva Convention Refugee " status (fleeing from Stalin and his genocide of the Ukrainian people) and I was born under that status in Germany as well. I would like you to see the irony here. "Good for Israel and business"... That's what the Germans thought "He's good for Germany and was good for the economy" Not seeing what comes with the package. I know... because I grew up in Germany and learned their history in detail in school. Looking at a single issue, instead of the big picture has nothing to do with being an individualist, it has to do with the ability to see the larger issue at hand. My point is that the collective "group and ethnic interest" of the Jewish people has been "Never Again!", meaning that what has happened to them in Nazi-Germany, they will never let that happen again. A good portion of the Jewish people (esp. in New York) seem to have forgotten that "group and ethnic interest" and voted for someone that opened up the acceptance of hate speech and violence against their own people. If you can not see that, or understand, then I really can not help you.	Ethnic, Nothing, Refugee	Age - Youngsters, Ethnicity - General, Nationality - General	4/210	1.905

Racism, suastic crosses,...are hatred speech which leads to violence/death shouldn't be protected under the 1st amendment just like in any other democracy. Europe doesn't live in a dictatorship yet we didn't allow this shit to happen although we are seeing a huge increase of far-right movements which are getting bigger since Steve Bannon quit the WH and he's doing speeches all over Europe and funding them. You need to stop these motherfuckers because if it stops in USA it will stop in Europe too. Curiously terrorists didn't continue since major elections in USA, EU, Brexit ,...funny how Islamic terrorists never killed politicians and specially far-right ones. If far-right are their medicine, shouldn't they be their target? I have an explanation...the only one that makes sense...terrorism has always been funded by far-right so people grow hatred on non-locals, non-normies, non-majorities, ...those who are tolerant and inclusive will be targeted...democrats, reasonable people, reasonable governments. And you ask yourself why far-right got so powerful from nowhere since they have always been around. Pretty logical... Fossil oil industry who are fighting for their survival because of specially EU but also China and USA decision to move away from fossil oil consumption. And who are they? USA, Saudi Arabia, Russia,...Do you see now? This is no conspiracy theory. Do you think the fossil oil industry would give up without a fight? That's why they are rising this hatred against basically our ways of living, our democracies, our governments and came up with these outrageous candidates who claim that facts are not facts, alternative realities are the only truth,... trump’s alliance of 4 types of supremacists, let’s call them ”RapePublicKKKlans,” united against Americans who believe in Equality. The are comprised of the men and women who are male-supremacists, then by the smaller group of supremacists - the ”correct religion” klans, then the next smaller group, ”white supremacists” and littered across those 3 versions are the wealthy OR poor people who believe finances determine rights and power.When we think of a newborn baby, the first question is not about money or religion or skin color, is it? No, it’s ”boy or girl?” The ”gateway” form of supremacy is male-supremacy. Studies show that babies dressed in blue or pink are treated differently from each other with more attention, touch and responsiveness given to babies perceived to be male.What’s my point? This hate environment in America is all about our founding flaw - supremacy. The founders also wrote the cure - ”liberty and justice for ALL.” We who value Equality - a necessary value for any democracy, also need to unite towards making that reality.The most attacked group in America is women. The most effective way to eliminate all of the forms of supremacy is to ensure Equal rights for women first. That group targeted by sexists (male-supremacists) crosses all other types of supremacists and the numbers are so large and the problem is so ”accepted as normal” that making women the focus of advancing equality is the most efficient way for America to reach the ”tipping point.”We can no longer compete as special interest groups based on race , religion or money... we must all unite to pass the Equal Rights Amendment and then more than half of the American population will make that shift. ERA.orgIt’s all very ”First they came...” and the response must be ”United We Stand.” You know, even the sexists can get behind ”Ladies first.” :)	Race	Ethnicity - General	1/313	0.319

Anger has been manipulated, within multiple cultures, into a weaponized form most commonly known as hate. Can we take a step back for a moment and pause to consider who is manipulating our anger into hate? Hate produces a net gain, not positive gain. It has no value beyond the destruction it causes. Maybe he hasn't been impeached is for the sand reason he hasn't been indicted on conspiracy or "collusion" charges by Mueller, because there is no reason to impeach or indict.They obviously have nothing on him or they would have used it already.Hell, Mueller would have used it prior to the election to hurt any chances of the Republicans holding on to both Houses and covering for Trump.As for blaming anti-semitism on Trump; that's just retarded.Trump has been a God-send for Israel.Moving our embassy to Jerusalem and acknowledging Jerusalem and not Tel Aviv as Israel's capitol, condemning the U.N. for condemning Israel, ect ect.I'm fairly certain that if you were to ask any Israeli, they would tell you they love President Trump and support him and believes he feels the same about them. This is caused by the Trump's administration's call to commit racism and violence from his supporters. Trump has a history of insulting the Jewish population throughout his life. Now, Trump only respects the dictators and those who promote attacks against the Jewish. This is a cancer eating away at the US's moral and ethical heart and Trump's support of these hate groups spread beyond the Jewish population. This year alone there have been 300+ mass shooting with 250+ deaths and this relates directly to Trump's and the GOP's attempts to split the nation and their destruction of the US's moral and ethics. The nation may not survive Trump and his march towards a dictatorship if he remains in office his entire term. Trump's cancer has spread across the world because the stabilizing influence of the USA has been destroyed. The longer the GOP allows Trump to continue this, the US and the world will remain in chaos. I fear for my children and grandchildren. The US is only steps away from becoming a dictatorship thankfully the election may have prevented this.	Nation, Racism	Ethnicity - General, Nationality - General	3/181	1.657

Black American people have at least 2 networks I can think of, BET and OWN. Right? I watch both, but I don't think they do a black American centric newscast. Start a petition asking them to do it. Oprah might be open to an idea like that. Rev Al Sharpton does a great newscast on MSNBC on Sunday. I think that no matter your culture or origins, all of us deserve to be represented in our collective American culture. Could you imagine an America with no Greek restaurants, no black southern comfort food, no Tex Mex BBQ, no Thai food, heck - no good pizza! Food is what we can share, and get to know each others culture through. I went on a trip overseas once, and the amazing diversity of our ethnic American food was what I missed the most. There's more black millionaires and billionaires than ever before that could financially back it up.If us whites had our white version of Al Sharpton and Jesse Jackson, maybe you'd realize the police kill more white people than black people. If I go into a predominately black neighborhood, I'm getting pulled over and I have. I've also had two family members that were killed by the police. I'm not a fan of the cops myself, but I also don't hate them either. I don't think someone in their early 20's should become a police officer. I think their should be more rigorous training to become a cop. It is not Donald Trump. We are in the last days and the enemy wants us to give up the nation to the World order. Jesus is the cause of the divide it is those that believe in his ways and have some of his spirit in them or in some cases a lot. It is a spiritual war. If you look at Pope Francis he plays on the team of Satan, no different than Obama and most of the liberal democrats. The opposite force believes in God to a point and believes in saving the country. The enemy wants to destroy it. Than you have the devil and his agents spreading, lies, false doctrines, false christs and setting up the infrastructure to slave and brand humanity like cattle.(Isaiah 5:20-25) "Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter! Woe unto them that are wise in their own eyes, and prudent in their own sight! Woe unto them that are mighty to drink wine, and men of strength to mingle strong drink: Which justify the wicked for reward, and take away the righteousness of the righteous from him! Therefore as the fire devoureth the stubble, and the flame consumeth the chaff, so their root shall be as rottenness, and their blossom shall go up as dust: because they have cast away the law of the LORD of hosts, and despised the word of the Holy One of Israel. Therefore is the anger of the LORD kindled against his people, and he hath stretched forth his hand against them, and hath smitten them: and the hills did tremble, and their carcases were torn in the midst of the streets. For all this his anger is not turned away, but his hand is stretched out still."(Matthew 12:25-30) "And Jesus knew their thoughts, and said unto them, Every kingdom divided against itself is brought to desolation; and every city or house divided against itself shall not stand: And if Satan cast out Satan, he is divided against himself; how shall then his kingdom stand? And if I by Beelzebub cast out devils, by whom do your children cast them out? therefore they shall be your judges. But if I cast out devils by the Spirit of God, then the kingdom of God is come unto you. Or else how can one enter into a strong man's house, and spoil his goods, except he first bind the strong man? and then he will spoil his house. He that is not with me is against me; and he that gathereth not with me scattereth abroad."(Luke 12:51) "Suppose ye that I am come to give peace on earth? I tell you, Nay; but rather division:"	Nation	Nationality - General	1/471	0.212

Janet Masiello One can't reason with these people they are under strong delusions. When antichrist Obama gave the decree for Sodomites to marry it was like a dagger wound in the moral compass. That is why I wrote out (Isaiah 5). They flip everything backwards doing the will of their father the devil who was a liar and a murderer from the start. (2 Thessalonians 2:9-12) "Even him, whose coming is after the working of Satan with all power and signs and lying wonders, And with all deceivableness of unrighteousness in them that perish; because they received not the love of the truth, that they might be saved. And for this cause God shall send them strong delusion, that they should believe a lie: That they all might be damned who believed not the truth, but had pleasure in unrighteousness."These people think you have 76 genders, gay homosexuals can marry, Islam a protected class, Christians are hated. <p>johnny5 appleseed5 No, liberals need to start following the doctrines of Christ and not the doctrines of antichrist. The Jews need to take off the spiritual blinders and know Jesus the Jewish messiah. The church needs to clean up her act and get to know Jesus when Jesus returns those who have no oil will miss the rapture. I will let Jesus explain what has happened to America and the world.(Matthew 13:24-30) "The kingdom of heaven is likened unto a man which sowed good seed in his field: But while men slept, his enemy came and sowed tares among the wheat, and went his way. But when the blade was sprung up, and brought forth fruit, then appeared the tares also. So the servants of the householder came and said unto him, Sir, didst not thou sow good seed in thy field? from whence then hath it tares? He said unto them, An enemy hath done this. The servants said unto him, Wilt thou then that we go and gather them up? But he said, Nay; lest while ye gather up the tares, ye root up also the wheat with them. Let both grow together until the harvest: and in the time of harvest I will say to the reapers, Gather ye together first the tares, and bind them in bundles to burn them: but gather the wheat into my barn."I will let Jesus explain his parable(Matthew 13:37-43) "He answered and said unto them, He that soweth the good seed is the Son of man; The field is the world; the good seed are the children of the kingdom; but the tares are the children of the wicked one; The enemy that sowed them is the devil; the harvest is the end of the world; and the reapers are the angels. As therefore the tares are gathered and burned in the fire; so shall it be in the end of this world. The Son of man shall send forth his angels, and they shall gather out of his kingdom all things that offend, and them which do iniquity; And shall cast them into a furnace of fire: there shall be wailing and gnashing of teeth.Then shall the righteous shine forth as the sun in the kingdom of their Father. Who hath ears to hear, let him hear."What is going on? Maybe CNN should do a video on Mark 13, oh no, forget that, they would screw it up.(Mark 13:8-13) "For nation shall rise against nation, and kingdom against kingdom: and there shall be earthquakes in divers places, and there shall be famines and troubles: these are the beginnings of sorrows. But take heed to yourselves: for they shall deliver you up to councils; and in the synagogues ye shall be beaten: and ye shall be brought before rulers and kings for my sake, for a testimony against them. And the gospel must first be published among all nations. But when they shall lead you, and deliver you up, take no thought beforehand what ye shall speak, neither do ye premeditate: but whatsoever shall be given you in that hour, that speak ye: for it is not ye that speak, but the Holy Ghost. Now the brother shall betray the brother to death, and the father the son; and children shall rise up against their parents, and shall cause them to be put to death. She'll join what may be the chamber's smallest group of female GOP lawmakers since the early 1990s — as few as 13 of at least 199 Republicans. Democrats will have at least 89.</p> <p>Also, let's not forget who won...two Muslim women. A Native-American who is also a lesbian. And the dreaded socialist - Ocasio-Cortez ;P A total of 43 women of color won elections to the U.S. House this cycle. Just one of those 43 – Washington's Jaime Herrera Beutler – is a Republican. The Democrats LOOK like AMERICA....GOP is just a white boys club with a couple of tokens.</p>	Lesbian, Woman	Gender - General, Sexual Identity - Female homosexuality	2/158	1.266
<p>KB Peters - No. My comment is fine. The Democrats separating people into different groups and convincing them to point fingers at other groups for their problems is the nub of the issue. 'My problems are some other identity groups fault". "If all of my problems are cause by whitey, aren't jews white" Given the fact that jews disproportionately hold high positions in law, government, banking and media makes them prime targets for finger pointing. The social justice shakedown racket has consequences.</p>	Whitey	Ethnicity - White	1/82	1.22

<p>2bRealist I am a patriot. Huge difference.Robert Paxton, a professor emeritus (do you know what that means - professor emeritus?) at Columbia University in New York who is widely considered the father of fascism studies, defined fascism as "a form of political practice distinctive to the 20th century that arouses popular enthusiasm by sophisticated propaganda techniques for an anti-liberal, anti-socialist, violently exclusionary, expansionist nationalist agenda." Patriotism is demonstrated by any citizen who is proud of their country. We can show deep patriotism when the USA team wins in the ski competition or sends a rocket into space.</p> <p>Nationalism is a POLITICAL term that has been taken over by Far Right parties since Vienna in the 1890's. It is an extreme form of patriotism marked by a feeling of superiority over other countries. Nationalism is marching at night shouting slogans like "blood and soil". Isolationism is also a perfect example of NATIONALISM.</p> <p>The Great War and WWII were the results of nationalism.</p> <p>Every single Fascist government professed nationalism.</p> <p>Praise for nationalism.... "We demand the unification of all Germans in the Greater Germany on the basis of the people's right to self-determination". Hitler 'What we must fight for is to safeguard the existence and reproduction of our race and our people, the sustenance of our children and the purity of our blood, the freedom and independence of the fatherland, so that our people may mature for the fulfillment of the mission allotted it by the creator of the universe.' <p>KB Peters Well no, I do not know who Robert Paxton is, nor do I care to. Though he does sound like a very OPINIONATED person. No worries, as I have plenty of opinions myself.For now, I will set my opinions aside and take a look at some facts first.Nationalism: Definition of.... 1. The state of being national; national attachment; nationality. 2. An idiom, trait, or character peculiar to any nation. 3. National independence; the principles of the Nationalists. 4. A devotion to one's country; patriotism; 5. The policy of advocating the independence of one's country. 6. The policy of advocating the interests of one's own country exclusively, regardless of effects of a country's actions on other countries.—Webster Dictionary [LINK] Well there you have it KB, I just blew your argument out of the water... not to mention your dumb professor's opinion ;-)</p> <p>With this one simple and well reference fact, I didn't even have to state my options on the matter lolOH.... and I'm still a nationalist ;-)</p> <p>Quick question for you. <p>Nikolai Collushnikov You think Columbia Uni is a joke? FACEPALM. LOL, then you are going to absolutely love my analysis. I'll try to keep it simple even though most students spend FOUR years studying this. Get ready.</p> <p>'Nazi' is the short name. The full name for the 'Nazi' party was the "National Socialist German Workers' Party"</p> <p>That is where part of your confusion begins: you have made the world and its realities too simple. It is neither black nor white. Every camp has a bit of something else in the mix.</p> <p>1) Every successful capitalist country has forms of socialism. Germany is the top (FIRST) ranking capitalist country in the world - in front of the USA and China. By international standards, the German welfare system is comprehensive and generous. Around 918 billion euros was committed to public social spending in 2016, equating to a share of 29 percent of gross domestic product (GDP). Health insurance cover is a legal requirement in Germany. Medical care is guaranteed by a broad spectrum of hospitals, practices, and rehabilitation clinics. It provides these benefits via a complex network of national agencies and a large number of independent regional and local entities. AND YET, Germany is the strongest capitalistic countries in the world. HOW? It is by far possess better investments and support of banking and education. Banking and education are the countries top priorities. No, I am not referring to international banking but rather it is banks that invest in local businesses and industries.</p> <p>2) There three types of Humanism: *Liberal Humanism (the freedom which resides in each individual) *Evolutionary Humanism (This group is humans might degenerate into subhumans or evolve into superhumans) *Socialist Humanism (this is the group that believes in equality, equity and the collective)</p> <p>Guess which one Fascism favor. Guess which group shares the combined ideals of Socialists and the Common Good? "We the People" steams from the philosophy of the Common Good. In Plato's work, The Republic, Socrates contends that the greatest social good is the "cohesion and unity" that "result[s] from the common feelings of pleasure and pain which you get when all members of a society are glad or sorry for the same successes and failures."</p> <p>3)There are many authoritarian countries and corrupt countries that contain the word Democratic in their official name but does not mean they actually are democratic or practice democracy as we know it. The Democratic Republic of the Congo is an example. Are you going to tell me that North Korea is a democratic country? Try it and then look up the official name - Democratic People's Republic of Korea! Be careful on who calls themselves a Democrat (the opportunistic Trump) until the circumstances change.</p> <p>4) As for the Nazis in Germany, you need to understand the rising appeal of Communism that Hitler feared and hated. The Nazis, a far-right party (READ FASCIST) contained 'socialist' in the name was a rebranding gambit to draw workers away from communism and into populist nationalism. Hitler's party positioned as a left-wing organisation based on his rhetoric, rather than his actions, espoused in the 1920s and 1930s to disenfranchised workers frustrated with what they perceived as a two-tier society. The name was a means to an end: POWER. The later 1930's and into the 40's proved how the Nazis controlled power: FASCISM! Fascism is the polar opposite of the left. A fascist movement is supreme, and all institutions must conform to the will of the</p>	<p>Black, Common, Nation, Nationalism, Race</p>	<p>Ethnicity - Black, Ethnicity - General, Nationality - General, Social Class - Working class</p>	<p>7/770</p>	<p>0.909</p>

<p>Nikolai Collushnikov 5)I can't speak about Hitler from experience, but I can speak about Franco. My early childhood was spent in Spain under the dictatorship of Franco. You should be able to notice that what my family experienced tick most of the character traits list above.</p> <p>As long as the economy is strong, unemployment low and foreign affairs not including all-out war, President Trump will look good."</p> <p>Yes, I see numerous similarities. Currently, Trump is what I call Franco-lite. He is a shade of a fascist. If we allow him to continue, his fascist colors will get more and more prominent.</p> <p>Franco fought against his own fellow Spaniards in a bloody civil war. Once he won power, he imprisoned journalists and shut down newspapers he didn't like and replaced them with propaganda ones. Every dictator lashes out against the media. It's the first step they take. Destroy Truth and everything else is easy.</p> <p>Franco censored anyone who was perceived to be an opponent.</p> <p>Franco banned books and scrutinized and destroyed art. National Endowment of the Arts and Humanities is gone. Of course, Trump attacks the 'liberal' elites. Threatening to defund California because the Hollywood celebrities hate him. Yes, I know that Trump is threatening to defund the state because he says its due to mismanagement of the forests but seriously he has no clue that the issue of deforestation and fire management is under the federal gov't or does he understand the science behind climate change....he simply hates Hollywood. "I love the uneducated" - Trump . 'Education is dangerous – every educated person is a future enemy.' Hermann Goering (yes, Georing worked for Hitler but this is a great quote spoken by a fascist).</p> <p>Franco empowered one religion - Catholic Church - over all others (today's Evangelicals). Trump fakes his faith. Two Corinthians walk into a bar.....</p> <p>Franco curtained women's rights such as being barred from employment in the justice field, no divorces, strictly limiting female employment (I remember an unmarried maid of the family had committed suicide because she found out she was pregnant out of marriage). We all know the numerous examples of his misogyny (his attacks on Ford is just one tiny example) and defunding Planned Parenthood and threatening to make abortion a criminal act.</p> <p>Franco was an isolationist and therefore anti-globalist. Spain became an inward country and therefore became economical poor. Ironically, Ivanka wins 13 trademarks in China, Trump continues to make money on his international hotels and most of his products are made in China AND YET one of his talking points is how evil globalism is. Tariffs are costing Americans money and JOBS. Timber from Canada is more costly therefore housing costs are going up. Companies have moved or are warning Trump they are going to move outside of the US. Ford starts MASSIVE layoffs after losing over 1 Billion dollars due to layoffs. Our allies think we are a joke and can no longer be relied upon. France wants to create a European army because Trump wants to destroy NATO. China has a tentacle in every continent and harvesting those resources while the US has retreated backward. An isolated US is a weak US.</p> <p>Family corruption was high in Spain (Again, Ivanka was awarded 13 trademarks from China). Trump never separated himself from his businesses. He has foreign dignitaries stay at his DC hotel. He has his own family members employed in gov't. He has his son in secret meetings with the Russians. Kushner was mixed up at Qatar because there</p>	Misogyny	Gender - General	1/878	0.114

KB Peters - That doesn't change the fact that fascism is a form of socialism. The modern left is attempting to switch the definition of anything good is socialist anything bad is fascism, but that doesn't work. Fascism is an economic system of government central planning and high regulations in which any businesses has little say so in it's own operation. The fact is that the German National Socialist Labor Party came to power promising guaranteed several weeks vacation, guaranteed pensions, government funded pension homes, guaranteed employment, welfare for the poor, home for the disabled , high government regulation of banks and industry protecting the little guy, the government promotion of industry producing products to appeal the the lower and the middle classes. Consider the Nazi formation of the VolksWagen company, the people's car. You can't get more proletarian then that. In other words, fascism is not lazy-fare capitalism, the real opposite to socialism.And the Germans and everybody else had real reason to fear Communism. The Bolsheviks had just murdered tens of millions of Russians and Ukrainians and had been staging revolutionary movements in Europe. There is no reason to expect that any newly empowered Communists to not murder them too. If you have experience with Franco's Spain than you should already know what I say about identity politics is frightfully true.
