Wait, wait wait, hold it! "Israel recognizes itself as a Jewish State but claims to be Democratic is wrong" Bruh.Firstly, there is nothing wrong with is being called the Jewish State, because A, Israel is a JEWISH Foundation, and B, Biblically, JUDAH is the son of ISRAEL. Second. Just because Israel is called the Jewish State doesn't mean it's not Democratic. ALL are welcome ONLY if they respect they're fellow Israeli, abide the rules, no hate, etc. Lastly. Don't say that Arab's rights are violated in Israel, they're not. Israel is one of the few (non fascist) State in the entire region that GUARENTEES these rights! If a Jew would walk down the streets of Ramallah (stab). But Israel allows Arabs the same rights, liberties, and opportunities, and not to mention the Joint Arab, Pro PLO party, in the Knesset (Parliament).	Nothing	Age - Youngsters	1/142	0.704
If an American immigrated to Somalia, entered into Somalian politics, and preached the US Constitution they would have their charred bodies dragged through the streets of Mogadishu. Muslims are now using our own Bill of Rights and Constitution to destroy our way of life and turn this nation into another freakish outpost of radical Muslim dictates and Shira Law. They have a foot in our door. Do what Muslims do to criminals. Cut the foot off.	Nation	Nationality - General	1/76	1.316

These people are so dedicated to racial equality that they are willing to me anti amreican. All issues no matter what the are must be subserviant to american instersts. If people of color become anti american. Then americans must not support every sigle issue that people of color support. This is not an automatic thing. If something is called racisit. That is called "racist" that does not automatically mean that people should be against it. First of all it may not be racist and is just labled racist for poltictial reasons. Get this we are in essance a eurpoean alignend nations and that is were we need to stand. And that is were even wise people of color stand. The Arab world is terrible, even if it does represent people of color, that is not reason to support it. In this world people of color run nations that I would not want to live in. So don't support those nations just because people of color run them. This is the trunt, there is NO nation run by people of African decent that funtions well. And not all of that is due to racism, it is do to the inablility of the persons runing it to function. Now draw what conclusions you may, but it is a good reason not to support them. The 3.8 billion dollars that the USA claims to give to Israel every year, is actually interest owed to the zionist bankers, for all of the money that they have "predatorily" loaned us over the years, beginning in 1791, the same year that our Bill Of Rights was signed. The Rothschilds were there, with their greedy hands out-stretched, for repayment for loans that were used to win the Revolutionary war. Criticizing zionist bankers, or their comrades, AIPAC, is certainly not anti-semetic, because the Israeli citizens, in Israel, are under the same financial thumb that the USA is. AIPAC, and 86 congressional members, who are dual citizens with Israel, are watch dogs for the federal, nazi zionists, to make sure that the bankers get every penny that they can from their American slaves, including jews who are not zionists. Every zionist is not a jew, such as Hannity and Biden, who are Catholic, which is related to nazi zionism(revived Roman Empire), in that the star on the flag of Israel is the same insignia found on the golden papal mitre, which unites the Romans and the Catholics, ie., the Roman Catholic Church. The zionist Rothschilds took over the finances of Vatican City in 1823, thereby putting the whole political portion of the Catholic Church in subjugation to the Khazarian mafia. Without fear, or favor, we who love ham, must tell it like it is. The zionists get a lot more money than the 3.8 billion/yr, because they get a lot of money which is earmarked for other expensive projects, but is funneled secretly, and unlawfully to them. <p>The struggle between the people and the hatred amongst them is being nurtured by very specific interested parties. It is a small, rootless, international clique that is turning the people against each other, that does not want them to have peace. It is the people who are at home both nowhere and everywhere, who do not have anywhere a soil on which they have grown up, but who live in Berlin today, in Brussels tomorrow, Paris the day after that, and then again in Prague or Vienna or London, and who feel at home everywhere. They are the only ones who can be addressed as international elements, because they conduct their business everywhere, but the people cannot follow them.</p> <p>The people are bounded to their soil, bounded to its fatherland, bounded to the possibilities of life that the state, the nation, offers.</p>	Nation	Nationality - General	1/142	0.704
<p>'Capitalism and Bolshevism have the same Jewish roots, two branches of the same tree that in the end bear the same fruit. International Jewry uses both in its own way to suppress the nations and keep them in its service. How deep its influence on public opinion is in all the enemy countries and many neutral nations is plain to see that it may never be mentioned in newspapers, speeches, and radio broadcasts. There is a law in the Soviet Union that punishes anti-Semitism — or in plain English, public education about the Jewish Question — by death. The expert in these matters is in no way surprised that a leading spokesman for the Kremlin said over the New Year that the Soviet Union would not rest until this law was valid throughout the world. In other words, the enemy clearly says that its goal in this war is to put the total domination of Jewry over the nations of the earth under legal protection, and to threaten even a discussion of this shameful attempt with the death penalty.' – Joseph Goebbels</p>	Fruit	Sexual Identity - Male homosexuality	1/181	0.552

Its sad to think millions of Americans will gladly die for Isreal over their own country. No wonder the middle east and the world is in such a mess. Also its deeply unfair in America to label innocent people anti semitic if they criticise Isreali actions and America's blind dumb support for Isreali actions. True Israel are Shemites from the son of Noah Shem, not "Semites"... True Israelites were those that were able to hide among both ancient Egyptians and ancient Ethiopians. True Israelites according to Ps. 83 lost their nation , culture, language and remembrance of who they were created to be. True Israel is still in this world today and is yet a people despised by many nations of the world. True Israel is the seed of Abraham, the first Hebrew and according to Gen. 15:13 and Duet. 28 is a people bought into another country which the Bible refers to as another Egypt, on ships enslaved by another nation and horribly mistreated until this day, held in physical and or mental captivity for 400 years (read the HR 1242 signed by Pres. Trump). If the Israel that the world knows does not fit these discriptions they are not, nor can they be True Israel. Israel allows arabs and others to live and work amongst Jewish citizens and they do so in peace and relative prosperity. The problem is for Israel to remain a Jewish and secure state they need to keep the voting majority Jewish or else (there is sufficient historical evidence to believe) you would see an ethnic cleansing of Jews by an Arab voting majority. Many Arabs living in Israel (about 1.5 million) have voting rights. However, those living outside the "green lines" in places such as the West Bank and Gaza, do not. For Israel, it comes down to one thing: security and survival. Our mottos in America are often some variation of, "Justice for all", or "E pluribus Unum", or "Don't tread on me". Their motto is essentially this one thing: "everyone to the north, south, east, and west of us wants us dead, so the rules will be written to accommodate that unfortunate truth"	Ethnic	Ethnicity - General	1/155	0.645

<p>Why is it government members, the public, etc. etc. cannot separate free speech and criticism of the Israeli lobby, from antisemitism!? Just because you are a government member voicing your opinions about the continues wrong doings of Israeli officials, does not mean you are antisemitic! Though I do also agree many of the comments and opinions Ilhan Omar speaks of or tweets about does have a hidden antisemitism tone to it!! So I'm kind of on the fence about this one!!All this antisemitism needs to come to a STOP!!! One would think in the 21st century all this hatred, hostility and discrimination towards one group of people, those being of the Jewish faith, would have ended!! For crying out bloody loud, this has been going on literally for centuries!!! And each century brings with it another horrible version for a reason, solely based on racism and hatred, to continue on with this antisemitism mania!! The history of antisemitism, defined as hostile actions or discrimination against Jews as a religious or ethnic group, goes back many centuries, with antisemitism being called "the longest hatred". Jerome Chanes identifies six stages in the historical development of antisemitism: 1. Pre-Christian anti-Judaism in Ancient Greece and Rome which was primarily ethnic in nature .2. Christian antisemitism in antiquity and the Middle Ages which was religious in nature and has extended into modern times. 3. Muslim antisemitism which was—at least in its classical form—nuanced, in that Jews were a protected class. 4. Political, social and economic antisemitism of Enlightenment and post-Enlightenment Europe which laid the groundwork for racial antisemitism .5. Racial antisemitism that arose in the 19th century and culminated in Nazism . The Holocaust!!!6. Contemporary antisemitism which has been labeled by some as the new antisemitism.Don't Forget Jesus Christ was Jewish!!! He was born of a Jewish mother, in Galilee, a Jewish part of the world. All of his friends, associates, colleagues, disciples, all of them were Jewish. He regularly worshiped in Jewish communal worship, what we call synagogues. He preached from Jewish text, from the Bible. He celebrated the Jewish festivals. He went on pilgrimage to the Jewish Temple in Jerusalem where he was under the authority of priests. He was born, lived, taught and died as a Jew. STOP all this antisemitism in any and all forms!! I am not saying this because I am Jewish, because I am not. I'm just sick and tired of all the racism and hatred in this country and the world in any forms!!!</p>	Ethnic, Racism	Ethnicity - General	4/423	0.946

And since when was AIPAC a Jewish organization, or at least primarily a Jewish organization? She never said that. Huge amounts of money are given by Christian Zionists such as Philip Anschutz, one of the richest men in the world. One reason a broad based audit needs to be made is to find out how much money is given by Jews, how much by Christian Zionists, and how much by defense contractors who profit from U.S. military aid. I suspect that the majority of money comes from Christian Zionists. Hell, it was a Christian Zionist named Orde Wingate who founded the Israeli Army. Those people are crazy . Republicans used Dem comments about Israel's lobbying and money in congress as anti-Semitic to make America believe Dems r anti-Semitic just like many republicans. This if false. The Dem comments in question had nothing to do w/religion and everything to do w/money in politics and Israel's oppression of the Palestinian ppl, occupation of previous agreed upon Palestinian land, and inhuman treatment of Palestinian ppl. Israel just happens to be Jewish. There r many Jewish Americans who believe Israel is in the wrong and spending too much money in American politics for policies that will benefit Israel. <p>As an Israeli, I believe critisizing the government's policy is fair game and is not antisemetic. I am opposed to many actions of my governmet and critisize it too. However, some of Ms. Omar's previous comments shown in this viedeo are baseless and either biased or stem from a lack of knowledge. (Given that she does not seem eager to critisize much worse regimes, including those of muslim countries - sadly I suspect that the first option is true). I live in the north of Tel-Aviv and have Arab muslim neighbors living in my building. All citizens of Israel - regardless of religion - enjoy human rights, are allowed to vote, and Israel has - and has always had Arab muslims represented in it's government. True, this does not include the residents of the West Bank who are not citizens of Israel; they vote in their own elections, but they are not an independant country. Many of us here wish they were a neighboring independant country, but it is a complicated issue to resolve given that many of the Palestenian leaders refuse to accept that Israel has a right to exist. Also, yes - I admit we are scared of muslims having too much influence in our country - not because we do not respect their rights - but because of how that will devestate women's rights and gay rights here. The current situation is definately not OK, and I do not condone israeli settlement in the occupied territories - which I believe should stop. But Israel is neither attempting or conducting any genocide (that's a rediculous claim - given the force of our military, think what would happen if that were true - While actually, the population of the West Bank - same as Gaza - has been steadily growing). So bottom line - it's a complicated situation. Everyone should absolutely have the right to comment or critisize without facing backlash for being racist. But as a politician, you should be well informed about politics of the countries and issues you wish to critisize, and you should try to be unbiased - in some of her previous comments, I believe Ms. Omar has failed to meet that standard.</p>	Gay, Racist	Ethnicity - General, Sexual Identity - General, Sexual Identity - Male homosexuality	3/369	0.813

He was found guilty on hundreds of counts, including making more than 2,000 anonymous bomb threats against mostly Jewish community centres, schools and synagogues in the United States, creating panic, marketing extortion services and earning around \$240,000 in bitcoin from bomb threats – ”The goal of the defendant was to cause public panic, to send many emergency forces to the threatened area, to cause an urgent evacuation of the place, to conduct searches and scans and to create a media echo that would enhance the damage inherent in his actions,” — the court said. — Kadar will be sentenced later and faces possible extradition to the United States to face similar hate crime charges.</p> <p>The threats from the Jewish dual US-Israeli teen had stoked fears of rising anti-Semitism in the United States.</p>	Nationality	Nationality - General	1/216	0.463

but when people criticize islam she, along with many of you, call it 'hate speech'?ironic isn't itbut here's the difference: islam has tons of theoretical and practical problems, especially true if you compare it with western secular and universal values. Those that try to 'explain' them doing dawah mostly beautify and cherrypick certain verses , leaving out the rest even when its not really implemented whenever muslims had the power to do so (eg: islamic nations, muslim own internal communities in nonmuslim nations like those islamic schools in the west)criticism of it for certain, based on actual problems and, again, even more problematic when you uphold western secular valueson the other hand, the hate against israel by muslims (nearly all of the religious ones), are mainly based on discriminative hate out of ignorance. In indonesia, the most populous muslim **nation**, also known to be 'less radical' than the arab muslim nations mainly, the muslim population nearly all of them have negative and worse attitude towards israelis and jews- there is literally no viable jewish community in the **nation**, nearly none of them ever encounter a jew in their life- they also have no idea about how the occupation starts (initiated by the arab muslim coalition own action)- they have no idea mostly about the 20 muslim arab israelis- they have no idea about the religious tolerance in israel, while not perfect, is the most progressive and civilized (they're pretty much secular jews by now) in the whole north-african and middle-eastern region. Far better than religious tolerance in nearly all other muslim nations in the regionand you have these extremely biased reporting about the conflict, ulemas preaches demonizing jews and israel, and people share it frequently on social mediaunreasonable hate out of unreasonable basis, this is very existent among muslim communities worldwide, not just there. The same goes with ilhan omar , which is also a religious muslim with her rather-islamist views (she's also a nice friend of linda sarsour. Yes, that linda that makes Woman's March movement transformed into an anti-semitic movement, and people fall for it simply because she said she 'fights for woman')her anti semitic and anti israel views is rather obvious, the same can be seen by nearly all of the other religious muslims you, say, as a nonmuslim liberal (christian, buddhist, atheist, whatever you like), might had a more reasonable basis to criticize israel even though this still involves ignorance (as i said, israel is the most progressive and civilized in the whole region, and palestinians are far far away from having similar views on this). Nonetheless, your concern might be 'human rights' and so onBut thats not the same with nearly all religious muslims worldwide that are anti-israel. The anti-israel propaganda out of religious basis is very **common** among their communities, so mainly the reasons they have for that is not 'legitimate criticism' (as they're doing far worse mostly) but simply religious hate, positioning them as 'muslim lands' even though it is not

From what I've read to date, it doesn't sound like Congresswoman Omar is against any Semites. I understand there is a large group of Semites (Arabs which most refer to as, "Palestinian") living in the state of Israel, within the Occupied Territories, in refugee camps in Lebanon, and elsewhere that the Congresswoman is concerned about. Just based on what I've read to date, it seems that Congresswoman Omar is very much Pro-Semitic.Of course my Merriam-Webster's Collegiate Dictionary (11th Edition) could be in error where the following is written for "Semite": "Semite" - 1(a) a member of any number of peoples of ancient southwestern Asia including the Akkadians, Phoenicians, Hebrews and Arabs. (b) a descendent of these peoples. 2. A member of a modern people speaking a Semitic language. "Semite" comes from "Shem", the name of one of Noah's (from Genesis) three sons, and a person recognized by the Jewish, Christian and Muslim faiths.	Refugee	Nationality - General	1/154	0.649

Tom vikson Nothing about your statement makes any logical sense at all. She basically said that AIPAC uses money to buy political influence with politicians of both parties for the government (which is currently very right wing and apparently corrupt if Netanyahu’s charges are legitimate) of Isreal. Nothing about that statement isn’t a fact. Nothing about blood has anything to do with the facts and legitimate criticism. Plenty of American Jewish people who are about 70 Democrats over Republicans criticize AIPAC in the exact same way as they do not believe AIPAC represents all Jews. The irony of all of this is, is that the question itself ("When does criticism of Israel cross into anti-Semitism?") is antisemitic to the extent that this question associates the Jewish people as a whole with the crimes of Zionism. To repeat, yes, to associate the Jewish people with the crimes of Zionism is indeed antisemitic. Despite claiming a banner of Judaism, that modern day Rhodesian outfit on the eastern bank of the Mediterranean living out its Apartheid neoCrusader/neocolonialist fantasies has nothing to do with Judaism, and it is antisemitic to associate its crimes with the actions of the Jewish people worldwide. So much for the Washington Post and its concern for antisemitism. The Post is antisemitic for suggesting that Judaism or the Jewish people at large have anything to do with the crimes of Zionism. <p>Jews create anti-Semitism, they expect themselves to be judged by much more favourable standards than others and to be untouchable. Holding yourself as above the rules and laws others live by will create resentment. Israel has shot dead 300+ children, some of them may have been killed in protests but so what, what other country gets away with shooting kids? If a larger country with a much larger population, say the United States, had shot dead 300 children from a racial minority in the same time frame, Jewish activists would be screaming racism, but they don't for Israel's actions though, silence and hysteria in response to anybody who criticises Israel. Jews say attacking Israel is anti-Semitic, now Jews aren't Semites, not really, most are white for one thing, but let's assume for argument sake that they are Semites and compare Israel with a real country of Semites, Saudi Arabia. Ahmad Rama, I'd like to learn more about your family history. How long were they in Palestine before they became refugees? The reason I ask is that I believe that there is a difference between Ethnic , Indigenous Palestinians and Non Jews who came to Palestine AFTER 1880. I believe in the Palestinian right to self determination, but that shouldn't be co-opted by outside forces who may not treat the Palestinian people any better than the Israeli regime.	Ethnic	Ethnicity - General	1/77	1.299

Ahmad Rama, your family and others who trace their roots in Palestine back before 1880 should have the right to return to your homes. What is well documented however is Non Jewish immigration to Palestine, especially under the British Mandate. This is verified by French records from Syria during the 1930's when many Syrian families moved to Palestine due to drought and famine in Syria. The descendants of this group shouldn't be kept in permanent refugee status. If their ancestors went back to their original homes during the Nakba, those countries should make them citizens.	Refugee	Nationality - General	1/95	1.053
Ahmad Rama, you're welcome. I also understand that the Palestinian people have NEVER been the problem. They want peace. The problem is others who have used them as pawns for decades. Palestine, at least consisting of the West Bank and East Jerusalem could have been a State as early as 1949. Unfortunately, Jordan annexed the area and made no move to grant Palestinian independence (the official Arab position at the time was ALL or NOTHING). That position did nothing to help the Palestinian people.	Nothing	Age - Youngsters	2/84	2.381

James longtff - anti Zionism is extremely satanic. If you read the Bible, in the end times... the whole word will more or less be united against Israel. And I find it really how something as benign as Israel today can literally rile up not only the far right, they hate Israel, but aslo with the left and specially the far left. It's really disturbing. Literally the only group who continue to defend and work with Israel are the conservative evengelicals and of course the Jews themselves. Obviously for a lot of people reading this, they are spiritually blind and therefore will dismiss what I'm saying... but it's just really concerning. There shouldn't be a public out cry against Zionism. And it's very concerning how both political spectrum are united on an issue that really dosent even impact their lives... they just both seem to dislike Israel for reasons. It's satanic because it's leading to a picture of how the whole world can be united against Israel.	Blind	Physical Identity - Physical (and Mental) Impairments	1/167	0.599

Lord Baron Jacob Rothschild gave an interview on YouTube about his family's involvement in restoring Israel in Palestine in 1948. Baron Jacob Rothschild was a "Lord" in The House of Lords. I wonder how many people know that it was mentioned in The Jewish Encyclopedia, Vol. 10, published in 1906, pp. 490 that Mayer Amschel Rothschild's son, was an agent of Prince William Landgrave IX of Hesse Cassel (sometimes spelled with a "K") who funded British Troops against The American Revolution? It was also mentioned in The Journals of The House of Commons published by The Parliament of Great Britain in 1803 that Prince William Landgrave IX of Hesse Kassel out of Germany married Princess Mary, the daughter of King George II from Great Britain. Also, it is mentioned through History Dot Com that The Royal Marriage Act of 1772 led to Queen Victoria's Matchmaking of her nine children's 42 grand children, "Eventually, seven of them sat on European thrones in Russia, Greece, Romania, Britain, Germany, Spain and Norway—and all would take sides during World War I with disastrous consequences."
