Like... It's nothing trust me. Our country (Slovakia) has a great amount of gypsies and it's mostly terrible. Most of them don't work but our state will give them houses or flats just to keep them calm. Gypsy girls are usually pregnant before 16 birthday. It's a terrible culture but not everyone is the same. There is plenty of normal gypsies living normal or rich life which they work for. But those individuals... Its common for them to date not even cousins but brother or sisters. They don't pay taxes they even get money for their many babies and its not the same amount like other races. They get more money for doing nothing . And we can't do anything. It doesnt matter if you are Black or White we get a lot of shit for saying something about them.	Black, Common, Nothing	Age - Youngsters, Ethnicity - Black, Social Class - Working class	4/139	2.878

It seems like a contradiction if you call yourself a true Gypsy yet you have an actual stationary home and raise a family there. I've always understood that Gypsies always want to be mobile, and they usually don't like staying in places for too long. Sorry but they act like sluts. Plus, their precious rule of marrying off a 14 year old girl isn't due to ancient gypsy rules, it's due to half the men being so fucking low they'd fuck an infant and the parents barely have any fucking money to take care of the kid because they're always fucking moving around before they're in one place long enough to get a fucking job and why? Because they start fights with everyone they deem an outsider even when that person has done nothing .	Gypsy, Nothing, Old	Age - Over 65s, Age - Youngsters, Ethnicity - Roma	3/89	3.371

It's sad to see all the comments on here is so negative, my mother is a Romani gypsy and my dad is a 'gorja' even though I consider myself as a normal British person it makes me angry how there mother is acting towards her daughters for not wanting to keep the bloodline going. it's sad but true as my mother was once considered an out cast because she chose to fall in love with the wrong person. If this was a different case where it was different races for example if it was a black woman and a white man, all you're comments would be considered as hate crime or prejudice. Kiraleisha 167 1. they the so called trolls2. I am me3. why should I, this is a platform where we are allowed to share our opinions and how are you suddenly the arbiter of what is right and wrong, I was just sharing my opinion and instead of acting like the mature adult you say you are, you are just throwing petty insults and not even addressing my points4. again how are you suddenly an all mighty arbiter, you pretend like you speak for everyone when you don't, you speak for yourself, my opinion may mean nothing to you but how do you know what everyone else wants, you are not some omnipotent mind-reader, learn how to opinion with a grain of salt or again in this case a bag of salt	Nothing	Age - Youngsters	1/135	0.741

Donna XX throwing insults does not make you anymore correct, nobody was dragging your culture through the dirt, in fact if we look at this comment and others, you actually appear to be a big racist or at the very least make very offensive stereotype, you can't expect people to respect your culture if you don't do the same, an eye for an eye much, all you two really do if throw insults and deflect my points and overall act obnoxious, pugnacious and ill-mannered, I mean in the end you are the ones who cannot take an opinion with a pinch of salt, basically you are closed-minded, in the end you are the ones who look pathetic, also you don't know me, you can't just jump to assumptions it makes you look, dare i say, pathetic and boorish, this is a free platform too so I have the right to say my opinion again you are not an arbiter of what is right and wrong, so no thanks, i will keep replying thank you very much. vixen 101 no I didn't baby brain, READ IT AGAIN. I said 'don't let THEM get to you, especially this last little TROLL'who clearly can't read either you're also a hypocrite as you seeM to think it's ok to throw insults and slurs at us but we are expected to say nothing back? Once again I invite you to say what you are saying to any travellers face And what points exactly are you referring to? You haven't made any, you are just being argumentative and trying to make me look stupid for no apparent reason? I replied to someone who called my husbands community and life disgusting and vile and you've poked your nose in and decided you need to educate me on the fact my opinion is not the only opinion, congratulations to you for being clever enough to work that out but now you might want to apply the same principle to yourself. You are clearly biased in this argument therefore your opinion on the matter is biased and also moot as biased opinions have no place in fact and are only up for debate (which is what we were doing but apparently this debate can only be one sided since expressing our opinions leads to us being told we have none and are stupid) I am not biased toward either the travelling community or the gorgie community considering I am a gorgie and my children are travellers, I'm as entitled to my opinion as you are if not more so because I am not biased in my conclusions and having lived both lives am more qualified to talk on the subject. You're just looking for a row and it doesn't matter what I say in our defence or how I say it because the closed minded person here is you...I actually can't believe I'm still even taking the time to reply to you. Jack asses the lot of them!	Woman	Gender - General	1/86	1.163
Kiraleisha 167 You do realise "them" is a plural, right? i can read, no offense but you need to get your facts straight before you decide to criticise someone otherwise it backfires and blows up in your face, just giving you some advice. I also never threw any insults towards you, I just shared my opinion and you couldn't take it with a grain of salt, there is a big difference between insulting someone and just not taking an opinion with a grain of salt, I have been making points about how you cannot speak for all gypsies and how you honestly need to realise how your community has vile people, I am not denying that other cultures don't but whenever anyone tried to tell you this in this comment thread you got extremely defensive and aggressive, I am arguing with you yes and this could have been a good, healthy debate if you would have just calmed down, I never tried to make you look stupid, you are jumping to assumptions yet again, honestly, think about it for a moment what would I have to gain from this, exactly, nothing . Again this is a platform where anyone can join a conversation anytime and didn't you do the same hypocrite, you joined a conversation how come you can and I can't? Also I did that because of the way you were saying it and how vulgar you were, you were acting like your opinion is fact, I am just arguing my opinion here and you cannot take it with a pinch of salt. Also, I went to debate school, I know how to not be biased and what about you, this entire time you have just been throwing petty insults and deflecting away from my arguments, you are again being a hypocrite, as you are extremely biased towards one side, not willing to hear the other side and overall you have just been obnoxious and close-minded this entire time, also just living in both communities doesn't make you anymore qualified, seeing as let's say you got the bad side of one and the good side of the other, it would not be fair, I am not looking for a row, I came here, shared my opinion and you threw slurs at me, which is not real mature if you ask me, you are again acting like a hypocrite. look at this entire comment thread and see how close-minded you have been, sorry but just because you say you are not like one thing doesn't mean you are not, actions speak louder than words	Nothing	Age - Youngsters	1/433	0.231

vixen 101 you do realise that I am able to refer to them in the plural and then you in the singular without having to connect the two right?? geez and she's still at it... if you are not biased then why did you not respond to people telling us to wash? Or the people that called us all vile and disgusting? My comment was never meant to define all gypsy 's, it was merely an example of how most of the gypsy families I know PERSONALLY live. An answer to someone's assumption that what you see on TV defines us all as most of you are suggesting.I have also been through and re read all of my comments up to this point and totally stand by everything I have said, my OPINION is that you are the idiot here, perhaps you should just take that with a pinch of salt....	Gypsy	Ethnicity - Roma	1/152	0.658
Kiraleisha 167 here you go again just acting like a hypocrite, you were taking nobody 's opinion with a pinch of salt and the only reason I am having a debate with you is because of how rude you were being and acting like your opinion was fact, for anything you are the idiot here because of how I have stated this several times and you fail to realise and even if you didn't mean it, the way you wrote your comment came off is that you are the arbiter of everything and because you live like that all gypsies do and with the way you wrote your comment "them" was plural. Olivia • take off your shoes honay lol priceless. Id have smacked that woman for being so belligerent and blatantly disrespectful to her daughters on their wedding day	Woman	Gender - General	1/28	3.571
This is not how a true gypsy or Irish Traveller act. I'm Irish and we're supposed to be conservative and not dress inappropriate. I married a gorger but his values were similar to mine. He does work I stay home and take care of the house and children. But God is supposed to be at the front line. We're very religious and have rules when it comes to dating. But this is not how we truly act.	Gypsy, Traveller	Ethnicity - Roma	2/77	2.597
I like how they use the word " providing a lavish lifestyle" when describing how men roles are for their family, but literally every episode I see they are living in trailers and acting like poor white trash .Also every single mother on this show is a crazy person who doesn't like the person their kid is marrying. Geo 600 i realize that. I meant gypsy women are more materialistic than working women. It's not my money after all. If they didn't get it illegally, then i don't care	Gypsy	Ethnicity - Roma	1/32	3.125

Roxanne Hammond it's a fair comment, yes gypsy women are very materialistic it's just how they are, they like to have the best of everything, expensive clothes, lots of jewellery and nice cars. It's what they are all raised to believe they should have but actually it generally follows the heritage... gypsies have always put their money into gold and possessions, the amount of gold they had was a sign of their wealth but gold could always be easily sold when money was scarce, now gold is worn simply because it always has been just like some Indian cultures wear a lot of jewellery. Travellers now are living in houses and living normal lives a lot of the time but they still have that belief that everything they own should be good quality and sparkling clean.Possessions are important and get passed along through the generations.
