Okay, that girl with the four Macbooks trying to start a crowdfunding campaign to replace one of them when she dealt some...minor, trivial damage to it (but it wasn't her fault at all :P!)? That HAS to be parody! That has to be! She has to have watched this and either laughed her ass off or nodded in agreement with you the whole time! I refuse to believe otherwise.Unfortunately, I have zero basis to believe any of the others aren't anything but real. I mean, making a video for the internet is one thing, it's easy to pretend either to satire or just troll, but it being on national TV lends some credence to the idea that they are in fact spoiled.I mean, I thought I was a bit of a brat myself, but wow.	Brat, Zero	Age - Youngsters	2/137	1.46

1. Every kid has a right to be stubborn with his parents over food. You don't need to be really rich parents to experience such a situation.2. The way a child behaves with his parents with respect to money is entirely their family matter. Rest assured, nobody else is ever more entitled to their money than their own kids.Your hate for spoiled rich kids is actually your hate for money and that's why you will probably not get enough money in life. If one feels entitled to hate rich families and their kids simply because they can't afford it themselves or aren't able to take advantage of those families, then that person/group deserves psychiatric treatment on acceptable social behavior and learn to live a life of dignity more so having a life of their own so that (s)he doesn't poke his/her nose into other matters. It's entirely their family thing and if the kids' parents have no problem, nobody is entitled to comment. In fact, you might be very close to a defamation lawsuit which again you may not have much money to fight.If one can't make it, one should never comment on others' wealth. The only thing that such behavior exhibits is jealousy and hatred or an attempt to gaslight others to take their money. That's a pretty nasty move and talks about very bad schooling and parenting for such people.Maybe psychiatrists should come up with a mental health disease for such people.Don't hate others because they are successful. Be inspired and work towards building your own success so that your family gets a better life. Fix your thinking before somebody calls you plain stupid or an a**hole at best. Once it was really pouring and she was clinging onto another girl while putting a box over her head and walking really slow so the other girl would get wet. I got so pissed that I snatched the box, gave it to the other girl and told her to go quickly. I blame the parents for not spanking them maybe if they do some terrible for example drugs beat the em up so can learn what not to do because if my child gets caught doing drugs there is definitely a 90-100 of a chance their gonna get beat up so if they keep on doing drugs at least their asses are gonna be used for that nice cold can of ass whooping, And I also blame the children law or something like that yes I like laws that prevent you from beating your child to death and getting away with it I agree with that but if the child did something terrible like steal a car, rape, drugs, etc. They should have laws that the parent could beat the crap out of their child if they caught him coming back to his or her house but if the police caught them they're already gonna get an ass whooping and btw I don't give a dam because I'm not old enough to have children but I'm close but still IDC if the law that you can't spank your children and if I figured out my child did a crime and caused harm or mentally hurt someone I would beat the crap out of them even if there a girl or a boy	Old	Age - Over 65s	1/221	0.452

The most spoiled kid that I know is a 6 year old kid named Mika... always tells people what to do and if they don't do what he tells you to do... he screams. example: back when my family went to Salt Lake Utah (were he lives) and we were at my moms best friend don\$ house and we were in the basement playing gang beast (great game btw) and he was playing the game with us, me and my sister already did not like this kid cuz the drive here was just as bad (that story's further down) and he was playing the chicken, wile my sister, mika, and me were doing a one-on-one battle and i guess he had never lost a game in his life (probably cuz he has no friends) so when my sister threw his avatar off the side of the building... he lets out the most high pitched, blood-curdling scream i have ever herd in my entire life. so loud that some of the neighbors came over to see what all the commotion was about!car story (same kid)so, this ones much shorter than the first one but its still dumb ... so, we were all in a car to head over to don\$ house one last time and I'm in the back seat... with mika and he was playing on his iphone 10 (yeah, i was thinking the exact same thing) and he was playing fortnite and other games on his 1,500 dollar phone and screaming stuff that i dont think a 17 year old should be saying and the parents did absolutely jack rabbit about the hole thing. so yeah, plz spam roast's about this menis to society. bye	Dumb, Old	Age - Over 65s, Physical Identity - Physical (and Mental) Impairments	3/287	1.045

The most annoying and spoiled kid I know: A kid my friends used to like. He's super entitled, he is a brat . He makes up lies. One time he tried telling on my friends when they were at his house and got into an argument, he made them go home and tried telling on him about not telling that they're leaving. He has tried to make several of my friends' birthdays about him, once o the way to my friends' birthday party area on the drive, any time I was talking literally any game he'd but in. "Oh- Oh, yeah, I beat-ed(yes, 'Beated') that!" Later I found out he actually owned like one of those and never finished it. He also has ran away, and said that his grandpa's food was better while eating at my/my parents' foodtruck. His grandfather is another guy who owns another joint. So, that's about all I can think of. I got one for the sake of her parents I'll just call her hSo h and her older & younger brothers used to come over to my neices' house. (I lived in another house on their property) so I was helping my 8 yr old niece babysit, we were on their trampoline, so my niece got down the youngest boy and went inside. H could get down herself but she jumped off so I stayed there to make sure she didn't fall and this 3 year old has the nerve to say "you're a brat and you're not (niece's name)'s family so go home" then I looked her dead in the eye and said "actually I'm her aunt and that means I'm family and I won't hesitate to tell your parents" she walked inside with her tail between her legs. I'm not good with kids but I can handle a brat if they get out of line.	Brat, Old	Age - Over 65s, Age - Youngsters	4/158	2.532

My cousin is like this she has never worked a day in her life. She just got married and he father has purchased her 4 brand new cars including a BMW she had a destination wedding in the Dominica of Republic. She got in a fight with her father because he calls his grandson Grandson so she was upset with him fro not calling him by his name, It was petty since she has had him her dad has paid for him to do sports like basket ball T ball Soccer all his cloths and her cloths put a roof over their head and she ponds her son off on both her parents.She does this to go to movies bowling country music concerts all paid for n her daddies credit cards. Her mother just went to the parent teach conference last week for her boy because she and her new husband just did not want to be bothered to do so. Her dad refused to go to her wedding and he has given her access to all his bank accounts credit cards you name it, She is 27 years old and since he refused to go to her wedding she has taken it upon her self to go in to all his accounts and steal \$12,000.00. He was very upset When I told him to block her and press charges he said he would not do that. I blame the parents they do this to these kids and these kids have no limitations or boundaries and at 27 years old she does not understand or acknowledged the word no, There is no respect for them selves so they have little regard or respect for others because they were never taught. Charges should have been brought upon the 19 year old stealing her mothers rings. A good old fashion spanking should have been given to the boys at the restaurant. The Girl in Utah will turn out like my Cousin she should be taught now while she is young that spoiling the child should be considered as child endangerment and the kid should be taken from the mother for child abuse for not parenting the kid. They should be required to go to counseling. As far as Laptop Girl all the electronics should be removed out of her possession and he mother also should be brought up on charges for child abuse and parenting classes and counseling should be given to the family.But we don't have such laws and these people become our public leaders and the boss of daddies company and we are left to contend with their bad behaviors in our society.WHAT A SHAME !!!! I absolutely hate going out to eat and someones kid is playing up n the restaurant. I rarely go out for a meal and living next door to a daycare, the last thing I want to hear is another bloody kid screaming its box off...and yes I tell the parents to shut it up or take it outside till it does, not sit there like nothing is happening. Its so bloody rude to think its acceptable for them to just let the kids scream. Then theres some who let the kids make a huge mess with salt shakers, serviettes etc, where its all over the table, floor and chairs, and they just leave it. NO people, this also is unacceptable, clean your crap up after your kids. Restaurants are NOT a place to just to let your kids run amuck and you let them.	Nothing	Age - Youngsters	1/144	0.694

well the most spoiled kids i have ever seen are sadly my cousins . one of them spit on a woman while my mother took her out with her, they enter our rooms and use our stuff without our concent when they are visiting not to mention that they unswer rudely to everyone including the eldery, one of them stole a key to an important safe in our house and hid it and kept silent while a great havoc had taken place at our home because of it , and another had hit his father with a dish fool of food because he didn't want to ea it in front of the entire family; they even cuss at their father and they even cussed at my mother; not to mention that their oldest daugther walk around wearing indecent clothes infront of everyone. now the problem is that the rest of the family including me are very conservative and strict, in my family children can't embarace their parents infront of others unless they are asking to be smacked in front of everyone. so you could only imagine how incomfortable we are around them not to mention that the eldery wouldn't put up with their lack of manners and it always end up badly. <p>You are right.I live in England and since they have changed the law kids do not get punished if they act like this or do anything bad..A few years back two young boys of about 10 years old abducted an innocent little boy of about 6 and they killed him 'unbelievable evil'...In the sixties/seventies, you never heard of anything like this.It absolutely shocked the whole nation..They stopped using the cane at schools because parents were complaining about it being abuse to their kids and they also changed the law that no parent could smack their child as it is classed as child abuse...I remember when I was a kid having a good hiding from my mum or dad and it taught me a lesson I also saw other kids getting a good wallop also....in the 50'/60's...You had to do national service and that meant everyone...When kids get spoiled and allowed to do what they like then they will eventually end up bumping into someone who won't take their nonsense...We do not have a boot camp here in England but they should have one...The girl with the 15 credits cards owing money and then stealing her mother's jewelry should be sent to a camp where has nothing except a cell floor like in meditation retreats in Buddhism and be made to clean and also help people like disabled and elderly...She doesn't need to get a smack they are other ways to teach them a lesson about respect but you can't force a person to be unselfish and kind to others...Spoiling a child and giving them all they want only then makes them think they can act like this...In the old days if i acted like that kid at the table my mother would wallop me so i had something to really cry about and then i stopped...I sometimes think about that poor little boy who was murdered by those sick kids and why it happened,How did it come to that?...if something was done beforehand then would it have happened...I was not really spoilt, my mother and father were not rich and worked hard to buy food, clothes etc...My mother had to count the pennies but we got toys for Christmas and my mother taught us to share in life but then i was never selfish..I still help people less fortunate than myself but that's because my mother brought me up to help others...I do not like to see anyone upset but maybe they should have a boot camp for spoilt kids...Might teach them a lesson...God bless..peace.</p>	Disabled, Elderly, Nation, Nothing, Old	Age - Over 65s, Age - Youngsters, Nationality - General, Physical Identity - Physical (and Mental) Impairments	6/425	1.412

What does the Bible say about Spoiling Children ?Proverbs 29:15 ESVThe rod and reproof give wisdom, but a child left to himself brings shame to his mother.Proverbs 23:13-14 ESV Do not withhold discipline from a child; if you strike him with a rod, he will not die. If you strike him with the rod, you will save his soul from Sheol.Hebrews 12:11 ESV For the moment all discipline seems painful rather than pleasant, but later it yields the peaceful fruit of righteousness to those who have been trained by it.Proverbs 22:15 ESV Folly is bound up in the heart of a child, but the rod of discipline drives it far from him.Ephesians 6:1-4 ESV Children, obey your parents in the Lord, for this is right. 'Honor your father and mother' (this is the first commandment with a promise), 'that it may go well with you and that you may live long in the land.' Believe it or not, it's brats like this who are behind elder financial abuse in the form of POA and guardian theftTo the spoiled brat with all the mobile devices: You know, you might not realize this but if one of your keys pops off your keyboard, they just pop right back on. You also don't need that many laptops. Please think of those who can't even get a computer and those who need a new one can't upgrade. Maybe you should give all but one of your devices to people in need. You need to find about five or six people who need a device and just give away all of your devices to those people and just keep one for yourself. While you're at it, you should also find a job and start earning some money because your parents won't always be around. You should start saving for your future because you'll one day have to pay your own way like everyone else. You're at an age where you can finish school and even enter college. You'd be smart to start earning your own money and preparing yourself for adult life. With the spoiled attitude you have now, no one will want to be around you and no one will want to hire you and then what? Again, mom and dad won't always be around forever and what if you're in a situation where no one will cater to you? Then what? You'll be in the street with nowhere to go and nothing to eat! That's why you really need to take responsibility now and start preparing yourself for your own future because you're one day enter adult life and face the real worldAs for the gold digger who sued her parents, what if they didn't even have the money to pay for your college? Then what? I'm so glad your suit was dismissedFrom what I've heard about today's teens makes me glad I never had kids because I wouldn't want to deal with the problems so many parents face especially when those kids end up taking advantage of their parents when they get old	Age, Brat, Elder, Nothing, Old	Age - General, Age - Over 65s, Age - Youngsters	5/360	1.389

The girl in the thumbnail looks like someone I knowShe is spoiled tooShe takes whatever she wants, from whoever she wants, whenever she wants, and when I tell her she can't do that she discredits me by saying 'you say the F-word' (by which I mean frick) and all of my freinds dislike her because she once tried to take something my friend (we'll call him vyne) was holding, just because she dislikes me, and by extension, him, he tried hiding it by lying on top of it, she saw that, tried to steal it, he put up some resistance, but she got it, I told her she couldn't do that, with the same explanation, and she gave me the same excuse, she finally gave up when we got a teacher involved, and then screamed 'I am a little kid, you will respect me' and stormed off, I sarcastically said 'oh yeah... the saying goes, respect those younger than you' (this was the moment where Vyne, my other friend Spectre, and I knew to stay out of her way, because like all little kids at my school, she can get away with anything, but she knows that, the other kids don't) Spectre said he was worried she would end up like the people in this vid when she gets older, and I agreed, this girl definitely has princess syndrome, when we were going back to the shed (where we were talking to each other before this story begins, also yes our school has a shed, full of sports stuff) when we found out the supervising teacher also disliked the spoiled brat , in the teacher's words 'she is a pain to work with'Icing on the cake, she was explicitly told not to take too much stuff out of the shed, but she took nearly everything,(this is not true, she barely took anything *herself*, she bossed othe kids into doing the rest, Oh , did I mention she is bossy?) Every time I see a kid throw a temper tantrum in public they're white, btw Indians are not pussys go to Jackson Heights, NYC or Jamaica, Queens, NY and say that cause I bet you probably will only say that online but not to some actual Indian people (or Indo-Americans) so shut up. I'm going to reserve my judgment on the girl suing for child support the thing is one they owe her that until she's 18 it's what law if she can prove they are abusive. 2 you don't know that they weren't abusive yes I think she just wanted to be with her boyfriend but it is entirely possible that you don't know what you don't know and that they were very very abusive just because they're rich doesn't mean they're not abusive I had two step fathers who were massively abusive one who was a rapist of me from me from the age of three until I was twelve and the only reason why it stopped is cuz we left and yet he is one of the pillars of the community one of the biggest most popular people of the community in fact he's probably the most loved and well-respected person next to the mayor maybe even beyond the mayor so you never know and it's easy to say that she's just a spoiled b** but the fact is you never know I mean she very well may be suffering from extensive use and just had no way to prove it abuse is hard to prove that's why so many people get away with it both of my stepfathers didn't and I had a lot of proof and they still got away with it so yeah I've seen circumstances stantial murders with way less evidence that didn't get away with it so that tells you anything about how much get away with it should he did anyway my point is yeah it's worse than you think abuse is everywhere and it doesn't matter what part of society people are in	Age	Age - General	1/290	0.345

the first one of the boy who couldn't have his dessert that's so bad. Like sit down and eat your chicken so you can go home and go to bed. I felt bad for the 11 year **old** that was just being really nice and fine, sitting there doing **nothing**. Then he started talking about how when they go out to eat its **crazy**. If that were me i would just either go sit in the bathroom till my food is there then go back out eat it and **leaver** or i would just stand up and leave. But its kinda the parents fault i mean come on if yiu dont want them to act like that in the restuarant then dont bring them or teach them manners. Then this girl who is stealing from her parents and boyfriend. Like come on. How can she get so many cars i mean cant they see she is in debt when she is buying another car.

Why do you need so many lipsticks and brushes, instead of selling your mothers priceless rings go sell all the makeup you dont use, or the cars you dont drive. Why is her boyfriend staying with her when she acts like this. Its kinda his fault for staying with her instead of leaving her he just lets her scream and throw things till she gets the money she wants. She admits to being spoiled but doesnt change anything. WHY!!!!

She even throws her bills away where are the cops she isnt paying anything off.Now there is a girl in 1st grade getting a 32,000 dollar birthday party. Like is this what the "cool parents" do because if so i need to help my mom get up to date. Because why this girl getting a 32 grand dollar birthday im getting sleepovers with my besties for my birthday. And i love it its fun just to sit and have fun without worry about if my cake is perfect. Like the girl gets mad because the bird on her really fancy cakes is off color. LIKE WHAT???? She gets a 2,000 dollar dress and im over here wearing my 2 year **old** dress that still fits and i love it. Come on if your going to get a 32,000 dollar birthday at the least be grateful for itOh and now were getting started on the girl with 4 macbooks ad 2 phones. Like im over here happy with my samsung chromebook why shes crying to the camera about her mest up keyboard and a scratch on it. Why do you need 4 diffrent computers like we all know that you can receive and text messages and block people on the same darn computer so instead of crying to us about your darn financial problems go give your mom her work computer beck and your 2 year **old** sister her dress back. Oh dont forget about giving mommy and daddy there phones back i mean wow you got mad about the color diffrence in an amazing phone. I have one question for you ; Do you have any friends,any friends at all? I mean the show you just put on for the camera was just sad. I bet if the t key fell off she would have said the same thing that she said for the w key falling off. LOL. This is by far one of the most spoiled bratty kids ever.

UUGGGHHHI really have **nothing** to say about the last person. Like who sues there parents for not giving her money, then asks for 600 dollars a weak. Then comes back to live with them. I am not going to lie i kinda blame the parents on this one. Not for the sueing part but you realise you let your daughter be a complete jerk to you guys then you let her move back in with you. Like how is that going to teach her a lesson. You realise you let her win she was a jerk did what she wanted then came running back hime to mommy and daddy for a place to live. If that were my kid i dont even know what i

I have a 4 year old niece that throws more temper tantrums then me, and trust me. I only throw temper tantrums when somebody yells at me, but this girl, Crys, screams, goes on the floor, bites, hits. And thats all, the reason she throws temper tantrums is that her mom doesn't buy her toys. She has a room full of toys. she basically looks like she has a toys R us shop in her room. everyday she buys toys. the other toys she doesn't even use, every new toy she buys. She uses it. <p>1- Having the first child should have been enough to want to throttle any others at birth. That aside, L2P people. Learn 2 Parent. Father get's smacked, and he backs off?</p> <p>What the Hell. Just bitch-slap that child into submission...well I guess not in this touchy-feely bullshit world we live in these days. I was a (mostly) perfectly obedient child. You know why? Coz if I'd acted like a shit like those three, I'd have had a date with The Buckle-End later that evening..</p> <p>2- This creature is too old to be supported by it's parents. Cut it off. I also contest this talk of "boy-friend" - unless it's referring to some electronic device, although I'm not sure how it would ask for money. As for it's credit companies, reposess everything now before it gets pawns it. This creature will end up in jail. As for the mother, please disown this monster, change all your locks or better yet, move home without a forwarding address.</p> <p>3- This trauma is down to the idiocy of the parents. When it comes down to it, she's a little girl, and they're happy to spoil her. The parents have too much money on their hands - but money can't buy love - especially if you keep throwing it at the problem. Which is why this kid takes everything for granted and will prolly end up a drug-addict.</p> <p>4- This looks staged to me, but even for a skit, you'd think after the first Mac book, they'd have realized it was a mistake to buy in the first place, and exchange it for something of similar value...like a calculator. What idiot throws money at Apple? Their stuff is designed to fail so they can wring more more out of you. I could also point out that a key should simply clip back on, unless say you hit the keyboard with a lump-hammer, so you really don't need a dime to fix that.</p> <p>5- This moron is just acting up. Fair enough, her parents demanding she break up with her boyfriend is the wrong move (don't hate me here, even if the guy is a total asshat, and a bad influence - that's something she'll just have to learn for herself, not something a parent should take responsibility for...unless he's peddling drugs, or pimping her out - in which case they should call the police directly, not attempt to solve for themselves) but the kid is just being influenced by Hollywood stupidity. As for that girl's lawyer - she should be found in contempt of court for wasting the time of the judge and jury to begin with.</p>	Apple, Old	Age - Over 65s, Ethnicity - Native-American	2/442	0.452

My younger sister is a spoiled brat . My mom tries to discipline her, (hitting her) but nothing works. Mind you, she isn't even 9 yet! Just yesterday when we were going at the grocery store, our mom told us to go sit at the bench when she was at the check out line. After a while we wanted to spy on our mom. We hid behind a pillar, and after a few seconds I went back and she fell on the carts. And she has the NERVE to say I pushed her. I keep telling her that I didn't push her but she doesn't care. Once she even hit me with a board when I took one of her two ketchup packets. I still have a t shaped bruise from one YEAR ago. It's even still green!!She even says she has a "fashion sense". What fashion sense do you have, you're a kid!! I swear, she is a spoiled brat !! She expects people to just give her anything she wants! A few seconds later, hes on the floor kicking and yelling, "I DIDNT GET TO PLAY LONG ENOUGH!!" and I'm just here like, can you don't. Hes been sitting there for like 7 hours playing rainbow six siege. He hogs so many things to himself. My sister asked if she could borrow a pencil and Thomas was like, "NO! ITS MINE!!" So I yelled at him and he was like, "SHUT THE FUCK UP!!!" ...he swore. at me.all hell broke loose. i was telling him dont swear but he was like, "IM TELLING MY MOMMY!!"and im like, "okay! Go ahead then, do it!"but in the end i got in trouble for trying to defend my sister. and the whole time his mom was yelling at me, he was just sticking out his tounge, making faces at me, laughing at me. what a disrespectful brat . i swear to god, i kinda fuckin hate him???? hes a big brat . hes always looking for attention. he always blasts stupid music whenever me and my sister are around. Zero	Age - Youngsters	1/52	1.923
I can't believe how spoiled these kids actually are. Sure, there is a stereotype that states that Indian parents are really strict so I may be unfit to judge, however, if, let's say, my old computer broke and I had to get a new one, my parents would make me save up all the money for it. I mean, I'm not one of the materialistic computer users like the MacBook girl, I actually know my stuff about computers when it comes to this type of thing and don't just have stuff for the sake of, well, having it. And having to save up for it makes stuff EVEN harder because I spend all of my free time coding and playing games. Epic Face, I never said boys are spoiled in general. Talk about twisting my words. I said "Many RICH boys" (not many boys by default), which is very true.Alot of rich people do act spoiled, and yes many of them are boys or men and women. IF I were being sexist, which I am NOT, then I would have said "all boys". So what I am saying is that many rich girls and boys act like spoiled selfish brats. Thats a fact.But this video was only focusing on girls, which is definitely not gender equality.	Gender	Gender - General	1/97	1.031
This is lowkey sexist! Who cares if they're all boys or all girls? Who cares if 1 was a girl and 500 were boys. No one, because they're all people regardless of gender , only you care and see them for the gender . I.E. sexist! :)	Gender	Gender - General	2/45	4.444

My ex said to me I can't spank our kids. She things tickling is abuse and a pat on the head is abuse. God I wish her father didn't leave her and use the belt on her. Mabye then she wouldn't be on her 6th guy in this past year, maybe have a job and not live on government aide and fuk her ex on CS when they have 50/50, or not be a dead beat mom , not be vehicleless , not call her man her sugar daddy, not he a cheater, and so on. I'm old school with my kids 50s old school but I get this from my kids. Daddy mommy doesn't hug us at night like you do,okay with us like you do, read to us like you do, teach us right from wrong like you do, spend time with us like you do, love us like you do. Yes I'm old school But I think my kids are going the right direction with me. One day they will be Marines. I know this one person, he's quite young but i was so annoyed when he told me this, So basically i was waiting for my bus on the way to school and then he started talking about Fortnite "Typical" I thought but then he said that the night before he bought some V-Bucks and i asked in response to that "How much money did you spend?", His response was "\$400" and i was just.. wow, I was shocked and in that quick couple seconds I responded with "\$400?" and he just simply said "Yeah, \$400". "Wai- but.. haha.. Did.. uh did your parents know...?" I said in return -"No, they didn't know".. After that i got on the bus, road to school and then told my friends how.. just how stupid his decision was like his parents could of spent that much on 2 Christmas's worth of stuff for him but he just spends that in 1 night. There was a group of kids in my school who where soooo spoiled! They acted like they would start screaming at the teacher for dumb reasons you know how the teacher will give out high lighters if the kids dont have one well these kids forgot theirs and the teacher gave the girl that forgot hers a yellow high lighter like every one else who forgot theres and she wanted a pink high lighter even though it wasnt aloud in that class to use different colors unless the teacher says so and this girl started screaming and crying and acted like the teacher had punched her in the face and you wanna know what her logic was? Quote "I HAVE ALL THE MONEY IN THE WORLD SO ITS MY WORLD" and i snapped as soon as she said that my mother had to work nights got NO child support and worked hard every day for me and my siblings! And here was this spoiled girl acting like she was the main character of a video game i yelled at her to shut the f up and leave before she gets hurt not by me but by some one else or me. Now i would not feel a twinge of regret if i took her phone smashed it on the floor and kicked her into a wall and guess what i did? Grabbed her "gucci" or whatever watch she was spinning like a TOY for a 5 year old and snapped it in half then took her phone smashed it on the floor and threw her purse across the room i had a talking to by the teacher but i feel no regret what so ever	Dumb, Old, Yellow	Age - Over 65s, Ethnicity - Asian (East-China, Japan, Korea, Philippines, Vietnam), Nationality - Chinese, Nationality - Japanese, Physical Identity - Physical (and Mental) Impairments	5/285	1.754
So, small story. There was a girl that bought the iPhone 7 when it came out and she spent a lot of money on it (like \$700-\$800). And In the first week she had it. She broke the glass on the a little bit of camera and the camera quality was just the absolute same. But she insisted it messed up her pictures all the time so I took her phone and took burst photos and didn't see a single problem. She ended buying the new phone only to do the same thing to the new one she just bought and then her mother literally had enough, so she bought the iPhone X and that was it after like couple of months of complaining. Well one time my 12 yr old cousin was in the ocean with my 10 yr old sister, and my twelve yr old cousin was apperently "drowning" (jumping up in down in the water) while my ten year old sis was standing in place right next to her. (Mind this, my 12 yr old cousin takes swim team, and she is able to swim down 13 feet) I'd say she was in 4 feet in the ocean. So in came the life gaurd came in to rescue her. But when she got up to my aunt (her mom) she replied with "But mom I dropped my friend's bracelet!" The thing is she had NO bracelets on her before she was in the water. Also she said to the rest of my family that she was drowning when her mom went shopping later. Keep reading for another dramatic thing she did later that nightSO in the afternoon we went back to our grandparents beach house. Our grandfather has a rule that you can't jump off the porch into the mulch near the grass. My same 12 yr cousin did it. My grandfather saw and came out to speak with her. She was over dramatic saying stuff like "But I didn't!" Or "I was safe though!" Soon enough my grandfather left into thge house. Then she said "I'm just gonna go live with someone else!" So she went down and around the block (We have a BIG neighborhood there) about 30 mins of walking. So when she came back for dinner she sat next to me at the counter and I asked "So you didn't find a good enough new family?" She replied with "What are you talking about?" Her lying annoyed me, I said "Well, you said that you would find a new family!" This got our family's attention she noticed them watching and said "Uh no I didn't!" This time I said "Oh so you won't admit?" Her mom heard this, but she got away with it.Edit: Hey, I took time out of my day to write this so plz no hate. This is KittyNoel's sister, for the ones who said stuff like "you're seven lol." Or "no one gives a shit." FUCK off, she's only eight.	Old	Age - Over 65s	5/379	1.319

I think i could top that. These are two instances of many. So back when I'm in my early teens, like 13 or 14. and I have very close friends of the family who I've called cousins since birth (children of my parents high school friends). anywho during a summer vacation we had met up with numerous of these families who were staying at one of Alberta hot Spring resorts. This resort has waterslides. Now thinking as responsible older child I would go down the slide first and wait near the bottom to make sure the smaller children (10 or younger) get out okay. One of them (already known to be a bit of a liar) was floundering when she came out the slide as it was a bit too deep for her. Everything turned out fine as I helped her out of the pool and continued on her merry little way. Days later do I find out that she told her mom that I was Actively trying to drown her. Now... fast forward round 7 or 8 years. Camping with the same families and I'm hanging with the my brother and the other 'cousins' who are my age . We've been playing some drinking games for bout an hour when the same girl(still under legal drinking age) walks up with one of her friends who came out with her family, they what to join us. We say sorry and refuse to give them any of our drinks(wouldn't be cool). They return in bout 15 mins with a bottle of liquour and says that her dad gave it to her and was okay with them drinking(lie). Of course they both get pretty drunk and get busted by her father when they returned to their trailer. Now instead of owning up she blamed the rest of us saying that we gave her the alcohol . Which actually ended up with us getting cussed out by the father until the truth was brought to light.	Age, alcohol	Age - General, Behavioural Addiction - Alcohol	3/331	0.906

I know this spoiled kid named Benjamin. He is so weird , he takes off his clothes in front of us only his underwear on, wraps himself in toilet paper. Anyway with the spoiled part is he get what he wants because if you don't get him what he wants, he starts destroying stuff, tossing his sisters phone around, starts yelling , screaming, ang cries until he gets what he wants , even for the smallest thingsmand the dumbest things. He has alot of plushies 60 in his room and 100 in the garage. He could have been yelling 160 times. His parents don't tell him any thing exept his older sister tells his mom that he is throwing a tantrum. He yells so loud people can hear him from 5 apartment rooms. He even has his own phone and he is barley 7 years old , he can't even be trusted. He yells and throws tantrums every day and he even throws tantrums at Build A Bear Workshop, he complains that he needs clothing for his 40 bears . He is so rude to me and my sister and cousin Jessica (his sister) he even is a pervert by saying that me and my sister will be married. Bruh, we are family and that is illegal. He blames me for stuff he did. Benjamin is gross and weird by keeping a picture of the girl he likes in his closet. He says that my sister has a bad hairline and he has his hair like if he had no forehead. He laughs like if he was screaming. He yells all the time even without a tantrum. <p>Ok for me I only get one gift on my birthday although it's kinda expensive like 60 dollars it's not that big of a party and we normally don't celebrate that much because all of my family's birthdays are in large groups as in 6 birthdays a month that's for an example also I don't have a time to get home because well I stay inside a lot but I also have some extremely rare stuff for example two hyper rare charazard cards which are in mint condition so around a thousand dollars and a stuff animal that's 700 so ya I'm pretty lucky but their is one thing about the stuff I have that are rare both the charazard cards had been obtained through two different ways one I got out of a card pack the other was given to me by my uncles friend who didn't want his collection so he gave me it all it had the trio of venisaur Blastoise and charazard the hyper rates which I'm surprised he didn't sell them but it was kind but I was kind to two of my friends and gave them the venisaur and the other blastoise venisaur for my friend Alana because it was her birthday and the other to my friend Jacob who is going to high school now so I can't see him anymore it's sad isn't it but hey I can see him when I'm in high school and on the bus.I'm grateful that my family and friends are so kind to me I want to be kind back although I broke a chromebook at schools which cost 400 dollars rounded up so I can sell my charazard and the stuffed animal beanie baby named Lizzy which is one of the rarest besides Leo the lion but Lizzy is something I really like since my old neighbor gave it to me as a young kid she actually had five of them matter per fact she had all of the beanie baby's so ya she is rich in them but one of my many uncles has nearly every single magic card out there so ya he's practically rich because if he sells them all he would have around 1.5 million dollars you know how expensive the original prints of magic cards are he has 5 stacks that are around 6 feet tall each not only that he has the most powerful cards in the game he even gave me a few cards to make a basilisk deck and an artifact deck sure it's old fashioned but the greater basilisk card he gave me is pretty lethal with the death touch ability any amount of damage is enough to kill a monster he is also a defender so ya beware him</p>	Old	Age - Over 65s	2/465	0.43

Ok here's a nice listMy sister.So when I was getting a phone 4 my 10th bday (she was 8 at the time) she was throwing a tantrum at Verizon like she was screaming and crying like a 2 yr old in the end she got a phone also she lies to me about everything like the fact that she gets allowance or that our mom's favorite song is lights down lowYou will want to remember that I am not the one who acts like a spoiled loser because I was one of 4 kids in fifth grade (maybe even the whole school idk) who didn't. One time in the winter I had a bad case of the sniffles and one kid was like eww what is that u nasty fix urself and in my mind I'm like 'it's called the sniffles bitch' And one girl was like I'm rich my dad works with adidas or something like they are rich and they run around with worthless stuff and make fun of people like me and in my theater camp one girl entering 4th grade had a CREDIT CARD. and a wallet with like hundreds of cash literally. My full review of all five 5: I hate when toddlers yell and demand, I felt bad for the parents and the 11 yr old "Jake". I went through that annoying shit then when I was 11 and still have it when I'm 134: This smiling fuck doesn't even feel bad for stealing, disobediance, debt problems, or her fucking credit cards. Now in 2018 she must be still living with her mom, or hopefully a poor for that. 3: Meh, she sounds like a brat and is a bit bossy, but I think the expense is more shocking. It's a 1st grader, save your money for the day they actually care. Well I knew more than most when I was in 1st, but that was the bratty stage. 2: This pisses me off the most... so skip if you don't want raged cursing and caps lock...You've chosen... wisely AARRGHH!! This whiny bitch gets mad at her parents, breaks off her W key and says her computer is broken, has at least 4 computers for only messaging, says she didn't break it, and then asks for donations from her viewers. What pisses me off the most about this is the fact that it took me a long while to get a laptop and I am still saving up for editing software, and she motherfucking complains about a popped off key, THEN EXPECTS THE VIEWS TO PAY FOR IT! 4 LAPTOPS FOR ONLY MESSAGING! THAT GETS ME DOWN TO THE BOILLING POINT! 1: Oh won't pay for my college tuition, ok let me LEGALLY take your money by lying and suing you for "child abuse" like a fucking liberal jack-ass. (get it, democrats) They brought her life, and she tries to take their hard earned money. My mom is very strict, but she still helps pay half my price for a car and promotes me to join the air force. She loves me, I love her. But that teen... She had no respect, no love, and no cosideration. All of these 5 brats all have 1 thing in common ... they have no respect for their parents or anyone, and those type of kids will not be mine when I get older. I have this cousin who is really a spoiled selfish brat . Her actual family is poor but she lives with her grandmother. But her grandmother will buy her anything she wants. At the same time the grandmother openly hates the other three kids. Because of this my cousin will throw tantrums if her siblings are given anything because she says that she is better than them. She even assaulted my mom multiple times whenever she refused to buy her something. It even got to the point that she would pretend to run away and would often "put her siblings into place" because she considered them below her.	Brat	Age - Youngsters	1/107	0.935

Why are parents so shocked at their kids behavior, this is to be expected when you do not discipline your child! You have to choose, whether you want to be a friend to your child, or a parent, but you can't be both, because a friend never disciplines, but a parent is most often times blamed when a child does not have things their way. Curve this behavior at a young age , before it goes out of control when they are older. If you do not discipline your child, you HATE your child, and have only yourselves to blame when they end up in prison, hospital or worse, ...dead, because you did not teach them at an early age , what is acceptable behavior and what will not be tolerated! The last couple on the countdown definitely.2, because the fact that you got a phone should be good enough for you, much less 2 phones and 4 freaking MacBooks.....This brat needs help.1, because that is anything BUT a requirement. I'm in a pit of despair because I do not have money for my own tuition; I'm relying on loans and financial aid! My mom would never help with any of my schooling; she might say she's proud of me, but considering she won't visit or come to watch my end of semester shows, I highly doubt it. She doesn't even call or text me, much less care that I succeed as a musician. Why would she pay for my tuition? Dad wouldn't have either. Parents are not "required " to pay for tuition anyway, because most kids are 18-19 when they graduate high school, which legally makes them adults. That means they fend for themselves. They wanna be independent; they need to understand that your parents don't have to pay for any of your college fees. If they make you a savings account, that's up to them. But it is not a requirement. Number 4 though...that is the one on Dr. Phil, yeah? She is made of pure evil. There's no arguing with that.	Brat	Age - Youngsters	1/218	0.459

I think the bratest kid is the last 1 and I'm like 'Seriously Bitch? Wow boo who they won't pay for your college, it's called be a flipping grown lady and get off your ass, go to some place or online and fill out an applicaton, turn it in, and boom and if that doesn't work, find a job around the neighborhood like ask the neighbor if they have a job for you and if they say yes, great, if they say know, try asking someone else on that street like seriously stop being a flipping lazy idiotic pain in the asshole and get off your ass and save up the money yourself cause it's for your college or just don't go at all, simple as that end of conversation!' I was going on a long angry rant and that gives me a good reason to! Flipping spoiled brats! And another one that triggers me off is the 1 with the 2 phones and 4 macbooks when she says 'This 1 in my hand is broken cause it has a few scratches on the back. The scratches are very faint but it does damage to the quality of the computer' Me: 'Bitch you need to get your facts straight, oh boo who you got like 2 or 3 scratches on your macbook like seriously it ain't like you dripped it and the entire screen shattered to pieces, drama god, you ain't n9 drama queen, your more than that, your a drama god so that's why I'm calling you that like for real acting like it's the flipping end of the world that is a bunch of pathetic bs!' I did a long angry rant on her, too, cause she flipping deserves it why buy 4 macbooks and 2 phones when you can use 1 macbook first everything and 1 phone to do everything, she don't deserve no 4 macbooks and 2 phones that is also bs, she outa be grounded for a flipping year for being that flipping greedy, I'm surprised she didn't buy 2 iPhones instead of 2 Samsungs! I have 4, twelve million dollar houses. One is for sleeping in, one is for chilling in, one is for eating in, and one is for looking at. All of these houses are highly necessary for me to be able to survive. Yesterday, my mom brought me brown eggs instead of white eggs, and I broke a brown egg on the floor of the house I eat in purposely, because I am very racist . The egg effects the quality of the house drastically. We are going through some financial struggles, we are buying 7 private islands, so we just can't afford to buy a new house for eating in. Please donate all your money to me so I can push through such a disaster. Because it wasn't my fault that I purposely broke an egg on the floor. Your money will be appreciated. Why do these parents act like its the kids' problem??? They're total numb fucks that have just chucked common sense aside and yielded to the push of the dreaded "experts", who tell us that kids need to make their own choices, and shouldn't be spanked... and let a tv raise them instead of grabbing them by the fuckin arm, dragon their lil selves back o the bathroom, WOOP the fuck out of em, and say in a calm quiet voice, I love you, and want you to grow up into a civil adults nd if you even look like you're about o act like that again, I will do this again, only twice as hard and twice as much... You'll see them develop self control REAL QUICK! But until they are given reason and limits, they will never develop self control, and self discipline... and there by grow up into miserable "adults"... snide, rude, manipulative, and selfish bastards on their block... and no one will give them time of day... and they'll have YOU to thank	Common	Social Class - Working class	1/176	0.568

Now i could consider myself a little bit spoiled, however; I'm not rude or mean and i certainly don't do what those children do. But i do get very valuable gifts for my birthday and christmas (not meaning to brag) but by far the most spoiled child I've EVER met, was one in year 4. This girl my age personally owned at least 3 computers, 2 ds plus a 3ds, a weekly allowance of about 250\$ (may be more now), 3 dressers plus 2 wardrobes of clothes, 20 some pairs of shoes, and more. Everytime we had parent-teacher talks, this girl PAID OIR TEACHER TO SAY NICE THINGS ABOUT HER. if her grades were low (at that age we had different grades than normal) she would through a tantrum and go on about how her grades were wrong. I should mention that i live in an average sized town so we aren't THAT rich of people. Anyway, she thankfully moved away about a year later because of her parents getting different jobs. Kid 1: no spoiled, just very badly disciplined. Why in the fuck would you take you kids out to eat in the first place if you know they're not going to behave?? Kid 2: P.S.Y.C.H.O.P.A.T.H. Plain and simple. Her parents have no right to complain now that she's older and the consequences of THEIR ACTIONS have manifested themselves into this little fucking degenerate. That boyfriend of hers needs to grow a fucking pair and tell her where to get off as well. If that little bitch stole anything from me, she'd be sucking her meals through a fucking straw in a hospital bed. Kid 3: totally spoiled brat . Going to end up like kid 2 when she's older. Kid 4: I'd say this one's also a fucking psycho , but on the other hand I just think she's seriously fucking delusional. "I need this one for this ONE task, and this one for this ONE task..." no you fucking don't, and the reason why you're financially struggling is because you have TWO very fucking expensive phones and FOUR very fucking expensive computers. Get a fucking life you stupid little bitch. Kid 5: not spoiled, just a normal kid fighting back against her parents who don't approve of her choices. This happens all the time. I dont know if I agree with the example the judge was setting in that last case. Regardless of if the teen was telling the truth with the abuses or the parents were telling the truth about her being spoiled. The way the judge handled that if all judges handled things that way then abused kids are going to fall through the cracks constantly because that is a very common way abusive parents try to get out of legal trouble with being abusive towards their children. My mom was a severe alcoholic and extremly abusive to the point she even let her friends rape/molest me. Her first defense when I finally got a restraining order against her was I was being bratty and spoiled and was just trying to get my way. I was nothing of the sort. I was only ever scared and hurt. And now I have to live with mental illness and other issues for the rest of my life. It is especially difficult when ther eis often little or no hard evidence to give with these things. I am just saying things like these can't always be settled in the privacy of ones home where the potentially abusive parents hold all the real power. Sometimes the child needs outside help to resolve issues. This judge failed her in this way. Oh boy, my cousin was spoiled. One day when I was 5, I had a monkey stuffed animal, and I LOVED that thing. My cousin was three, and my mom and his parents were at my grandmas house. He took my monkey , and jumped all over the couches!(R.I.P couch.) My mom was telling him to give it back, but neither of his parents were helping at all! He kept saying 'It's mine! It's mine!'. Now it sounds like I was the brat for not sharing, but trust me, it gets worse. He purposely ripped the legs and the tail, he ripped the head a little bit, and spilled a bunch of the beeds out! I ended up pushing him off the couch and pinning him to the ground after he ripped the head. So my mom got the monkey back, but his parents got mad at ME! Girl in 3 "it isn't MY fault that 'I' broke my laptop!"I could go on a rant but my nephew should be included in this because I have never encountered a child like this in our family.. EVER. My sister basically gives him ANYTHING he wants. For example, she asks him what he wants to eat every day. He will either say PB&J or ham sandwich. EVERY. STINKING. TIME. The rest of us could be having a great dinner, but he refuses to eat it and they don't make him sit and finish his food. Another huge thing at the dinner table, they even spoon feed him. Did I mention he's six years old ?? He also gets everything he wants, WHEN he wants and if not.... well he screams at the top of his lungs, accusing the adult in charge that they are a liar and we don't love him.. yes, he plays that card. Once my ex-best friend was really spoiled and she was so spoiled that she thought she was the best and stole her moms wallet and took the money (we were 5 years old)She got a cab to the mall () bought a \$5000 bag and a \$9000 dress that didn't even fit her. Then she went to a jewellery shop and bought a \$14000 breslate that she ended up throwing out cuz it "hurt her skin" then she demanded to go back home and then called the police that her perents weren't treating her the way she deserved to be treated and her perents ended up being put in jail and her going to the adoption centre were she was never adopted. Do you know how i know this? Because i went to visit her one day and she looked awful and very very dirty cuz "she didn't like the service and ignored them and never touched anything in the centre (exept the floor) so yeah thats my story of my friend thanks for reading Kawaii outdrops mic	Old	Age - Over 65s	1/181	0.552

Excuse me but if I where her mom and she did this I would force her in a chair and make her watch me break all those electronics of hers.</p> <p>I'm a little kid whose parents TRY to spoil me and I refuse to let them. This is why. I'm thankful I even have a computer. Oh and also the girl on Dr Phil I am 11 years old and I have a legal summer job (cutting grass) that only pays \$3 per yard and have never done this. Ocassionally, yes I've asked my parents for a dollar to buy a drink but never in my life would I take and buy things and not use it, sell my parents valuble jewelery and family memories. My 8 y/o cousin is the brattiest kid I know, he blames everything on his siblings and when I visit (they're Hungarian I'm italian) them he is constantly insulting us (me and my other cousins) I'm vegetarian and I speak 6 languages,he hates it and every time he is around and I speak another language than hungarian and he legit screams so hard my Grandma is punishing me like taking away my phone and forcing me to eat meat, because the little dickhead won't shut up or be happy until he sees us being punished. He even destroyed my MacBook because I spoke English to my friend. And no one punished him except my parents were mad at him. I'm always trying to stay away from him because he's always looking for a way to hurt me and my cousins. If he doesn't gets what he wants he is going crazy in public, it's embarrassing. <p>If any of my children ever tried to sue me bc I told them they're boyfriend or girlfriend was no good for them bc of the influence? First of all it would NEVER go that far! I say this bc for one, I wouldn't give my children the privilege of EVER thinking that they could EVER walk all over me like that! From the day they are born I would show them nothing but the love a daddy can give them. I raise them from day one wanting them to be stronger than me.(insane? NO! Because every parent I believe should raise they're children to be better than what they are. How do you think kingdoms raise they're next person to run the throne??) Me? I treat people like I want to be treated when I'm at my worst, and two? Well number 2 is have some FUCKING BALLS! You don't allow the life that YOU made to treat you like that! If your child feels that you 'owe' them and they're acting like that? Well to all you 'kids' out there..... Your in for a rude awaking bc life does not give a fuck who you are. When and where everyone gets what they get. Right/wrong place and right/wrong time! Take it from someone who's had everything and lost everything. Gained it again, and lost it again. Eventually you'll get it, or you'll die in your own self absorption. More than likely they'll be unexpected parent and they'll learn for themselves. For parents out there who actually wanted to be a parent. You have to take it one day at a time. Parenting is not easy. The best advice I can give anyone is to love your children. LOVE is the most powerful feeling that builds strength in numbers. When you love someone they will learn and realize that's what it takes. Not this shit. Sorry I'm ranting but one and only thing to bring a parent is to keep your family close. Keep it as close as you can. This life is once in a lifetime. Everyone in this world makes they're own decision. If I wanted my kid to treat me like that? Well I guess I would only blame yourself. My kids would think to treat me or anyone else like they 'deserve' better than them. You have a gift? Share that gift. Don't act like a spoiled little moron that make you show how pathetic you are in this life and that you could never live for yourself for 1 year by yourself. I'm not saying this to be a jerk. I am saying this because life is more than what keeps me entertained right now. I said take it one day at a time. The worst and the best can happen all in one day. Only YOU have that authority to make shit happen. So kids. Call me a fag or an asshole or whatever! Your words or fists could never hurt me. I know what life is. I know that I can't control things. I do know that in my life that I see things like this and to the parents all I can say is, is that you have it easy. You can afford a lawyer to cover up for your shitty ass fucking parenting! You wanna get it right? You know that feeling like something isn't right in life?? Well your already a tenth way there! You wanna know some real facts? Here's your answer. Love and never stop. That's the best you can do. You made a life and wanted to be treated like a slave?? Nah I'm good go ahead and do that shit! I'm gonna continue to being a father with my goals. I am generally considered a spoiled child. At under the age of sixteen, I get straight A's and pretty much everything, even when I don't ask for it. Even though my life is like this, it is extremely infuriating to see children spoiled to the point of... whatever this is. Especially the one with the (sixteen? Seventeen?) year old girl who maxed out seventeen credit cards. Seventeen! And, to top it off, she sold priceless heirlooms. Nobody does that..Just know that not all spoiled kids are like this. Some, like my cousins and I, just really want a normal life instead of the ones handed to us on a silver platter. We want to be able to show that we can work hard for things too, and not have to use money willy nilly.	Age, Nobody, Old	Age - General, Age - Over 65s, Age - Youngsters	3/135	2.222

Ya had to deal my share of brats when it was a cab driver. Had to comp one a ride so she couldn't complain to my boss after I gave her a piece of my mind. Its a long story but is going like this: Two brats get in my car and are complaining back an fouth. They more or less ignore me and I get bits and pieces, from their conversation and get that the father of one had reduced the allowance of one of the girls. I then find out that "Daddy" has bought her a condo, a car, paid for her schooling and covers all of her bills. The allowance was her pocket money for whatever she wanted. At this point, I have to ask how was it reduced, She looks at me and says "like \$2000 a month". At this point in my life, I'm living off of about \$2500 a month. that surprised me! then I ask "How much was your monthly allowance" and my jar hit the floor when she said \$19,000.I I not so nicely said that the ride was going to be free, however, she had listened to what I had to say. I gave her a piece of my mind explaining that 2 grand would cover most of my living expenses and \$19,000 was an outrage allowance and how she was a spoiled brat that should try living like I do before complaining. My old friend Kaleigh was the most spoiled person I've ever seen. She would always insult and abuse my other friends and she would easily get out of it, I don't know how. I tried avoiding her but she called me everyday and would say "Wanna hang out?" and I had to say yes. When we hang out she always shows off her stuff and if she sees something that she wants that's expensive she tells her mom to buy it. Yeah. That's right. She tells her mom. If her mom says no she screams and curses at her. Once she threatened to call child abuse. She needs to be put in an asylum.	Old	Age - Over 65s	1/114	0.877

<p>The worst one in my opinion was the second one like I mean come on, Really?I'm ten years old and share a room with a lazy sister, I have 1 tablet and we both share a laptop, my house isn't even THAT big! If I want something I have to buy it for myself! The most my parents will throw in is \$10 for MY FRIENDS birthday present! Not even for myself!My most spoiled friend has a HUGE house, always has family parties, Buys there own fireworks that she doesn't even like, they have 2 CHRISTMAS TREES, Huge school, She didn't even know what a bargain was! I didn't even know what high-end was! Sometimes she brags about her having better grades, every time I GO OVER to her house we always do what SHE wants to do! She gets like 20 Christmas presents every year and it doesn't even seem like she likes what she gets! She used to get \$100 dollars from her grandparents EVERY YEAR! PLUS her room That she DOESN'T have to share is the MASTER BEDROOM!Them: Do you appreciate any of the sacrifices your mom has made for you?Brat: Smiles No, I don't.Them: And how many of them do you actually use?Brat: Not that manyBrat: I really want a baby blue one, convertible of course, ivory interior, hard top.Me: Like my username involves the word "Narwhal" and for you to WANT FLIPPING IVORY INTERIOR MAKES ME GLAD THAT MOST LIKELY LATER WHEN YOUR PARENTS DIE YOU WILL PROBABLY GO BROKE AND STARVE TO DEATH. I REALLY hope it happens as much as you want that "Baby blue car with everything you flipping want coming with it". Oh probably gonna not use that as much as you do your \$500-a-piece makeup that you don't even use a lot of! For you to be a brat MENTIONING THE WORD "IVORY" makes me want to throw up on all of your everything you want and love *BTW When I say "Throw up on it all", I want it all to MELT as if my bodily liquids were MADE OF STOMACH ACID. I think(and by what I remembered) I used to be a little bit spoiled, not as crazy as these one mentioned in the video though.I remember when I was 6, I really, really hated vegetables(not as much now, but I still don't like them, tbh), and I would just slap the bowl on the ground, happended few times, I remember.I just get some slaps from my dad whenever I do that, and from that I've learnt my lesson.But damn, those kids, I'd appreciate even if my parents just gave me something for my birthday (Yes, they don't give me anything, and they say is my fault for not having good grades at school, even if my lowest grade was B in the last year and in the current year, if you don't believe, ok, if you believe me, ok as well. I'm 13 btw if you're wondering).Maybe I am still a bit spoiled right now, demanding gifts when I "don't have the rights" to have them.Sorry if I spelt something wrong or used some wrong tenses, English isn't my first language. Coming from a poor family I started any kind of work I could from the age of 9 years old starting with a paper round then a milk round I was helping my older brother and at the same time learning the plastering trade at the age of 13. These kids have no fucking idea what it means to have to work hard to buy things you need or want it is irritating to me but it is the parents fault for not teaching their kids the value of hard work and money. He actually uses them properly and will keep using them even if ONE KEY/BUTTON falls off. My hopes for these kids...5 - Those bratty kids get their asses whooped in Times Square where everyone can see their shame. Signs would be superglued to their foreheads that displayed their spoiled behaviors.4 - The girl would be excommunicated from her family, leaving her homeless and having to work to pay off her maxed out credit cards. Before she would be excommunicated though she would be tied to a chair and watch as all her belongings would be sold off by her boyfriend on eBay3 - This little girl would be forced to wear clothes made of trash at her next birthday party, all the tables would be made of termite infested wood, the flowers would be wilted, the cake would be made of mud and dirt, etc all to humiliate her and make her cry because that's what spoiled kids like her deserve.2 - The girl would be forced to use an old block phone, her MacBooks and phones would be smashed and she would be forced to watch them be broken. Then she would have to sell all her stuff in order to pay the total price for all her electronics that were broken.1 - the girl would be excommunicated from the family like 4, and she'd have to work to keep a home or be left out on the streets. She also wouldn't be allowed to go to college unless she paid for it, and it would be taken away and burned in front of her if she ever saved up enough.So I'm a bit of a sadist. If anyone reads this far, then so are you so don't try to deny it.	Old	Age - Over 65s	1/283	0.353

I'm actually one of those kids that never got disciplined. But it's not like I needed to be disciplined. I was a very ”adult” child. I very rarely did anything wrong and I never was out late as a teenager. I did have a social life, I still do. But nevertheless I grew up great in my opinion. I got a self-paid college education, student debt is paid off and I have a promising career in a financial establishment working as a teamleader/assisting director of IT. I do know people my age who feel entitled. They shouldn't feel entitled but somehow they do. I wish I could send you a video of the incident that took down at a party I went to. This girl I know, lives on the best side of town, and has everything you can imagine, well she wanted red beats, and the ones she wanted were like 300 dollars, thats expensive for headphones and to someone who doesn't make much money. Well come time for presents, she opened it up and the beats were white. She started screaming at her parents and crying that the color wasn't what she wanted and she threw them across the room. I was so dumbfounded, like wtf toss them my way! I'll enjoy the hell out of those headphones! I'd be lucky to get them when they go on clearance, if that ever happened. But I still couldn't believe she did that, she is probably the most spoiled person I know.	Red	Ideological and Political Identity - General, Ethnicity - Native-American	2/149	1.342

These parents shouldnot go out with them to places and teach them manners, with proper discipline.Take everything a child has for a while so that they learn what everyone else feels.Not submit to their children just because they love them. They seem to forget who the boss is around there. If they want to cry forever until they get their way, they'll eventually cry themselves to literal death, and it will have been all their fault.Again, learn proper discipline and don't act like you're some infallible, divine, and perfect princess.(seriously, who uses 4 MacBooks for nothing but messages? Use one for all of that and more! It's cheaper, easier, and less stressful.)And, don't blame anyone for anything, if you don't know much or anything about said thing. Some family (father looks to be in his 20's, so either he married the woman who already had the kids or he married her when he was like 15) let their kids be loud and kick our seat for the entire show. When my grandfather showed his distaste for their misbehavior, this douchebag of a father figure tried to start a brawl... with an old man... who had two fairly big teenage grandchildren backing him up.I am happy to say that we decided to just walk away rather than start a fight. Some people may not agree with me but the only way to raise kids is with a soft words and a stern hand. There is no either/or. Kids don't grow up right because you reward good behavior and punish bad without lifting a finger. At the same time wailing on them makes molds them into aggression. If I may, I suggest the Asian method: Do something wrong? A POWERFUL beating then a hour long lecture about why it was wrong and what to do if a similar situation ever arises again. Ain't nothing wrong with getting your kids stuff and showering them with love but light injury due to discipline is illegal literally nowhere.	Nothing	Age - Youngsters	1/114	0.877

And who the hell has a "favorite key"? And the key isn't what makes the input work, there's a soft button under the plastic key that inputs the letter. Even so, you could just push it back in. They come out for personalization.5. When I moved out of my parents house, all they gave me were boxes to pack my shit. This is UNBELIEVABLY selfish. It depends. If you're a retarded kid who's got nothing better to do but gaming all day long, then Samsung is better. But if you need a phone which is safe, takes quality photos and videos, doesn't make any system errors or app errors as Samsung does FOR NO REASON etc then iPhone is what you need. You'll never get GarageBand, iMovie, iRecorder or iRig on a Samsung device, and if you DO find iRig, which I recently found in the google play store, I assure you is not even close to the original, is just bullshit. All bullshit. But yeah, as I mentioned above, if you're for gaming I'm pretty sure you haven't ever heard about those incredibly useful apps.	Nothing	Age - Youngsters	1/121	0.826

Alex Niculescu apple is trendy, samsung is better for pretty much everything else	Apple	Ethnicity - Native- American	1/13	7.692
+Isaiah W Most of Samsung's apps and tweaks are copied from iPhone. what iPhone is less good at is gaming. Samsung, unlike iPhone, enables you to simply search up a hack for a certain app and get it all done. That's the only thing which makes Samsung better than iPhone. If you'll go on my YouTube channel you'll see that one upload which is made with GarageBand, an app that you'll never experience on a Samsung device, and there are way more quality apps made by apple which you'll only see in an App Store. iPhone has its own flaws, but their amount means nothing compared to Samsung's. All of the ones involving children honestly don't deserve ANY hate, considering the fact its the parents fault, they clearly didn't know how to parent, if you spoil a child, you have to work to help them with it, not upload them on youtube and call them spoiled so they can have thousands of people saying they wanna kill your child... And the first one wasn't even spoiled, just bad parenting led to them being that way, and how many kids/teens here have never complained about wanting a dessert when they were younger? And even the teenagers were raised to be the way they are... The people who got sued by their child honestly didn't deserve any better... Just because a kid hits a number in age doesn't mean they can just teach themselves and are completely independent... Not to mention, many of my friends despised their parents and still dont even consider them family and wont even let them come over cause they didn't like them at all, they were just forced to act like it so they didn't get their ass whooped. But the majority of people reading this are probably not even gonna think about this and rather just comment about me being some dumbass...	Age	Age - General	1/208	0.481

Dat girl she was saying how she doesn't do anything throws temper tantrums at age 19 with a smile on her face, I mean how does she even feel emotion? And she stole her mom's jewelry and sold them with a smiling face, she is the most spoiled brat even in front of the parents that do her daughters homework and buys her anything she wants. I'd call her the most spoiled by herself because she steals this money. I'd call the first grader the biggest fucking spoiled perfectionist in the fucking world. That little fucking spoiled princess. Why does one need four mac books for messaging? Also a dent doesn't matter yeah it may damage the quality but not it's processing power. And the only difference I see with two phones is if it is a plus iPhone with makes the screen bigger, and I don't see a difference with the extra upgrades, what does it do add expense and kids like this who think it's better so they will throw a tantrum until they get it. And yeah your financualy struggling because you have four laptops and threw a tantrum because I got a slight downgraded phone that is most likely the same because you probably won't use most of the added features in the phone. And finally for that one why would we donate to a spoiled brat that has four labtops each for doing a different messaging function. Dat girl. Why would you sue your parents for not funding college? The only reason why I would sue my parents is if they abused me. And she probably is to dumb and definitely to bratty to not be kicked out. It also must be pretty awkward to live with your Paramus after you sued them. WHAT. THE. FUDGE. I would be killed by my mom and grandparents if i acted like that. It makes me mad enough that its hard to laugh at that. I bet most of these people haven't ever acknowledged the children and family in poverty in the world, let alone the country. With 32000 dollars you could feed tons of starving children. Someone who is worrying about a birthday for a 6 year old that costs 32000 dollars is an IDIOT and has something wrong with them. Its perfectly fine to spend some money and time on a birthday party, but 32000 for a frikin' 6 year old 's birthday party is sickening, and COMPLAINING about it makes it even more sickening. The adults seemed like they thought it was cute and they are JERKS to raise their children like that. They probably ruined that child's life by giving them every thing they want and making them think they are the center of the world. Those are videos that humanity should be embarrassed by. (BTW this is not hate to the video, its just hate towards the children and parents)	Old	Age - Over 65s	1/188	0.532

<p>Wow. I want all of those kids to die. Yes I know it is a sin, but these kids deserve to. And the parents, I cannot imagine the punishment God will give them. We just cannot spend our money. We have to use it wisely. Just because you have money does not mean that you can have everything and brag 21 hours a day. My family is not rich, and I feel that having money has a negative impact on society and family. I am a very intelligent person, and at 13 YEARS OLD, I have more experience in life than those kids who probably don't know how to fold clothing. My parents don't let me buy virtual things in games, and I'm fine with that. I don't want to spend all their hard earned money. I don't even have my own room. I can't even keep a phone, because my sister will 'accidentally' break it or it will just be destroyed. But these kids just take it too far. They buy ABSOLUTELY USELESS merchandise that is irrational to their way of living. Like, let's say you go to a gym, and instead of bringing water, Gatorade and all that stuff, u bring doughnuts, chocolate and a computer. I have seen a kid with Rolex watches on his wrists. And I said to him, why would you just spend your parents' money like that? You know that eventually you will run out and end up living on the streets, and no idea on how to survive because your butlers do everything for you. And you know what he said to me? He said that I am just a poor little thing with no money. And I said that at least I have a better cognitive function, I know 4 languages and I have a better understanding about life. And the best part was, he looked like he had NO idea of what I said. So I said that money does make a person more, hmmm simple minded. His parents and my parents were just staring, with lots of people around too, because we were at the mall, so the WHOLE time the kid was just staring at me with a IM GUNNA MERDER U face. When I asked for his age., he said he was 18 years old. I feel bad for them too, because they just don't understand many things. But at the same time I just want to drag his face down to the train station and to just drop him into the tracks, to be hit by the train. So please, appreciate the money you have, because one day you might lose everything, and you will have no idea of what to do. And all parents, teach them the skills necessary to regulatory life chores. Sure kids want things, but it is sad that a 13 year old boy has to tell this to the world, because others will not. I am a Salvadoran/Greek/British person, and I am proud of having tanned skin. And all these white Americans just assume I'm Mexican poor piece of shit, so I just, in the smartest way POSSIBLE, outsmart them and see who is the poor Mexican. This world has too many problems and is trying to manage it all in its shoulders, and we are just adding more. Soon enough the world will not take this much, and soon.....we will all regret being such ignorant human beings.</p>	Age, Old	Age - General, Age - Over 65s	4/578	0.692

honest opinion..... i grew up fine..... why? well i worked for things i wanted..... i was not just given money when i said i want..... when i done something bad.... i got a hiding..... hidings are good..... its discipline, i finished school, iv got a good job, i'm glad i got hidings when i was bad.... i could of been some crazy F*k doing illegal substances, racing and getting arrested, but i'm not , i work a 9-5 job, i work for what i need, not WANT..... look how many more kids have become spoiled..... they get what they want, there is an increase of youngsters smoking, underage drinking, under age sexual activities at schools around the world, youngsters doing drugs, because they are not being disciplined and because they have not been introduced to the good old belt real life you don't always get what you want, tan these kids hides with a good old leather belt or slipper, there is a difference between abuse... and disciplinary hiding..... maybe its just me that has realized kids have become more violent, more aggressive to their own parents, swearing at teachers since its been made "wrong" to discipline your child with a hiding.... don't give them a black eye.... there's a fine line between abuse and hiding	Age, Black, Crazy, Old, Sexual, Tan	Age - General, Age - Over 65s, Ethnicity - Black, Gender - General, Nationality - British, Physical Identity - Physical (and Mental) Impairments	7/217	3.226

One of my cousins was raised by my grandmother. She was given everything she could possibly want. The amount of money that was lavished upon her through gifts, parties, etc. was fascinating. It was to the point where you couldn't even be jealous because it was just so ridiculous. She whined and complained when she didn't get her way and was difficult to play with because she was so controlling over everything. As she got older she got into drugs and then started stealing money from my grandmother, the woman who raised her. She was the first person to notice my grandmother was having memory issues (later diagnosed as Alzheimer's) and took advantage of it. Frankly. The girl with 4 laptops is just pathetic. For several reasons.1. She doesnt realize that she is making a total fool of herself with the video.2. Massive waste of resources. (Not just cash. Thats her families issue if you ask me) If i found somebody using 4 laptops when ONE would do the job just fine i would be tempted to throw their junk out the windows.3. If you are so POd about not getting the phone that is practically identical to the one you got then you got a problem.4. If you are saying your laptop is damaged show something significant. A couple bumps or scratches does not degrade its use.5. Cant even tell shes serious about the damage. Besides her "Favorite" key. (Favorite keys. She must have it as an imaginary buddy or something. Its easy to replace a missing key)6. She damaged it herself and yet she has the GALL (or stupidity) to ask for donations to fix ONE of her 4 macbooks. WHY CANT SHE JUST USE ONE OF THE OTHER ONES?!7. Not realising its alot more work to use 4 macbooks for 4 different tasks. She could do all 4 FASTER if she stuck with one. The old expression with cooks and kitchens fits here. Pepsi Man Education is essential and what you do if your parent's don't provide you with money to study? You end up saving your own money over the years, leaving you at a disadvantage from other kids with parents who can afford it. I believe that healthcare and education should be provided by the government for free or small fees under regulation. The whole purpose of a government is to facilitate the things people would not do by themselves, but it is in everyone's interest. I beleive that your parent's have no obligations to you once you mature old enough, but you have an obligation to give back what you tookfrom your parent's effort and time to raise you right. Mohamed Alhosani kid's are curious and love learning and they find things out for themselves. What public school does is make learning a chore, something you dislike, something you try to avoid. If you have a child the least you could do is save up a little bit of money for their future it's pretty selfish to just kick them out with nothing when they weren't allowed to work to save their own money because they were forced into the prison oh sorry "school" system. If there was no government sure a lot of people would die but the best people who can survive on their own will survive, it would surely solve the over-population crisis. I used to have this friend and he is super rich and spoiled and won't admit it he has like four Apple watches has every iPhone 4-8 and a mac book his sisters first car was a Range Rover he lives in a mansion and he gets anything he wants and if on the rare occurrence he doesn't get it within the next hour he throws a temper tantrum he has a dog he barely takes care of, it is super skinny and it's sad he's such a sweet dog. He's also super annoying and a big baby he said he might get another dog and I told him if he treats that dog like he does his one right now (Which will probably be worse care because there is two dogs and every fucking thing is handed to him on a silver platter) im going to try and get the dogs taken he also thinks he soooo cool and me and my friends always try to not be friends with the brat because that makes us look bad all of his friends are actually pretty nice and they finally came to their senses and told him to go fuck himself and they weren't friends (this happened on Xbox) he joined our party we said get out we don't wanna talk to you and he burst out crying saying "Why does no one like me!!!!" And my friend said "Because you are a spoiled rotten brat who gets handed everything he wants on a silver platter" and kicked him. He also lies he said he "Payed \$50,000 to get 2 iPhone X's early from Apple " we said prove it send a picture and he said "Oh they are in a safe that my dad only knows the code to keep them safe" Not to mention he smells like someone fucking dropped him in a big dumpster someone puked in and there is black all over his teeth. I stopped talking to him he tries to be friends with us but we just exclude him. So there is my story. Might I add that he brags. He went to dinner (On Xbox) once and said "Oh dinner I'm having going to this super nice restaurant for dinner" I muttered "Spoiled"Under my breath and he heard it (Not that I was trying to keep a secret that I said it) and he replied with "Oh what are you having for dinner" I said "Pasta" and he laughed and I just yelled "Fuck you asshole! I was never friends with you it was just because you had no friends and once I met you and realized you were a spoiled bitch I fucking faked it and hated you! Go fuck yourself you spoiled ass bitch! Fuck you go to hell!" And he said "Wha, wha... what? You never were?" And started sobbing which then turned into a cry and I yelled "Cry you fucker practice crying because I know it's going to happen when you don't get a Porsche for ur birthday fucker!" And kicked him and haven't talked to him since. This is all fucking true. Welcome to my world. This isn't really a spoilt brat story but it was quite annoying in my opinionA girl in my school (16 at the time) tried to convince me to have a movie and pizza evening every Friday and looking at it I tried to convince her to have store-bought snacks instead for which she called me cheap. This was the first dent in our communication and honestly, it got worse to the point that I avoided her at all times. Several months later her Dad's salary was cut severely and they had to sell their house and move to an apartment (An expensive apartment none the less) to pay for her sister's and her future University fees. Her credit card was inactive and she kept borrowing money from her friends or getting them to order her stuff online and pay by cash.She was rich and started crying about the whole thing in school to which I said "I have no idea how to comfort you, I'm sorry" and left the scene. At the time it felt like the universe was getting payback for me as she intentionally started to have me left out of our group of friends or trying to get me to ditch school activities to go to the movies for which I could get in big trouble. Let's just say my school life was isolated for the last year because her sister was Miss popular before she graduated giving this little miss the same popularity level. People who I thought were my friend were turned on me and if I did something wrong by accident and tried to apologise they never listened.	Brat	Age - Youngsters	1/276	0.362
The bitch with the maxed out credit cards, no way, if I was her mom and she stole any of my jewelery to get money, first of all, I'd call the cops and get her charged, then, I'd make sure that all debt collectors came to the house to remover HER stuff to pay of her debt. Why should anyone else pay for her shit. Who's fault is it she is this way? Her mom's, 100, get the daughter to find a job, if she doesn't, then she gets NOTHING . And then there's the bitch with 4 macbook's, 1 for sending messages, 1 for receiving etc, what....does certain macbooks onle send and nt receive messages, wake the fuck up parents, take 3 of her macbooks from her and sell them, then for her to complain because she got the samsung galaxy 6 edge rather than the edge plus, take them off her and give her a Nokia 3200, see how she feels. I don't know if these kids were necessarily spoiled or not but they were clearly brats. My sister and were eating at a Boston Pizza last month and we were sitting in a booth. These two boys- around maybe nine or ten years old - are across from us, climbing up the back of a booth, running around and getting in the servers' way and actually going into the kitchen! Their parents were nowhere in sight and an older, bolder waitress actually told the kids they were not allow inside the kitchen and that their food was coming soon. My sister and I watched as a younger waitress just kind of manoeuvred around them but didn't say anything. I was shocked at the kids' behaviour and so was my sister. And we are not that old , we are both in our twenties but if our Mom and Dad had seen us doing that.... we'd be in so much trouble when we got home. The 19-year-old brat at Number 4 (3:10) is just inexplicably inhuman; she uses 17 credit cards to buy things she doesn't even need (nearly 200 tones of lip gloss, 110 brushes, three cars with plans for a fourth.), and even goes so far to steal and sell her mother's jewelry: she smiles when she explains they were priceless to her mother as if it were funny, despite the fact that she's \$26K in debt. Then there's what I heard from 8:10 about how one girl needs four laptops to send, receive, block, and reply to messages: I call bullshit because the reason why her parents are financially struggling is because of her other three laptops which she doesn't even need. I use only one laptop for everything when she "needs" four just to do one task for each of them. In fact, I work 8 hours a day 5 days a week for a \$300 weekly paycheck with a portion of that going into bills for the house my parents and I share. My message to all of the rich brats out there is that you need to grow up and take responsibility for yourselves, because the adult world will not tolerate pointless needs such as a laptop for each tasks, nor \$32,000 birthday parties. What's even dumber is how parent's can't draw The Line for their kids, even when they are going to put their own homes at risk.	Brat	Age - Youngsters	1/240	0.417

Really you got to be kidding me that's why I don't want to sleep this is nothing but white people problems cuz I never really met my real father thank goodness my mom left the guy I'm not going to say much about that passed but honestly I went to college once I graduate high school in 2005 and I went straight to college and I graduated college in 2009 yes my mom did help me but she help me by finding a job I worked at Walmart I did the graveyard shift and I did two classes or three for the past years I got my associates in my bachelor's I didn't get my master's because by that time my son was born so I found another job that was paying me more but I was never a rich spoiled person my half-sister on the other hand from my stepfather she's the one that got a freaking car when she was 14 she got a big party when she was 16 her sweet 16 was a total disaster a mess who they try to blame it too because we didn't help out me and my half-brother because instead of helping the family we left at that time I was already in college and I was trying to find a place to live on my own my brother on the other hand wanted to live with me because they were treating him like crap because if I was going to be gone they're going to put the attention and stress to him I never had those kind of parties I never did and my first car was a Mitsubishi Eclipse but my mom bought it for me and I paid her back then my brother wanted to use it then my sister stole the keys and she totally crashed my car the front defense in the back defense was like totally damaged and it's a good thing I already had a job so I paid for it but my stepfather never paid me a dime and when I told him know that I wasn't going to take her to school or anything he he literally sold my car and that's when the biggest fight and problems started but technically it all started when I was 12 so whatever my half-sister wanted she get it one way or the other whatever my half-brother wanted it was actually you get the leftovers whatever I wanted I had to work for it and I never complained honestly I never have cuz my mother was actually a good expression to where I am now yeah I may be struggling but honestly if it wasn't for my mother sacrifices and my sacrifices we would probably be living in the streets but suing your family because you want to go to college and you can afford it that's one pathetic way of saying I'm a lazy ass good-for- nothing and I want you to support me where's my sugar daddy	Nothing	Age - Youngsters	1/503	0.199

Well when I was in elementary I remember this little girl who use to anger teachers. She was a gossip to everyone including the teachers about stuff including the conversation of other teachers, with telling about the complaints of one unpopular teacher (with the students she liked to yell a lot) she heard say that she was going to quit her job and try to apply to some place. She never really bothered me and my friends but most of the teachers thought that she was a entitled brat because if she got in trouble over something or had to be stop from getting into it with another student she was mad at, she would complain and whine about how she was right and. It in the wrong. This had gotten so bad that I remember two teachers downright telling her in front of the entire class that she was a selfish brat on two separate occasions who needed to learn respect for others. ---	-------------	--	------	-------

My father. Though my family wasn't rich, just enough, he treated it like it was. Before I was born he would spend the money carelessly, buying cars that he wanted and when he had me, my grandparents paid for everything because they could "afford it". biggest mistake because it made him even more reliant on them and because of that he believes they have money when there really isn't. He never paid for my tuition, for things we needed. He didn't finish college (skipped classes) and only got a job when my grandparents were struggling and even then he barely paid for anything. My aunt, his sister, and my grandmother practically raised me. My mother separated from him. Both are unreliable parents. Throughout my entire childhood my dad acted like it was a privelege to be his child. Now, as the eldest and with my younger sister, we both turned our backs on him for being an asshole. We don't like helping him and we made it clear we wanted nothing to do with him. Graduation? grandma and aunt went with me on stage. Every milestone I went through in life it was them I asked to be accompanied with, not him. My mother didn't deserve it either for other reasons. He was a brat in an adult's body, he had gone through tantrums that he should have outgrown long ago and bitched on how life was unfair and how his kids were ungrateful. I was 12 when I told him I would accomplish the things he didn't do and prove to him how wrong he was about everything. I prioritized my schooling, made real friends that liked me for me, graduated college, found a job and met someone. No relationship is perfect but we compromise and trust each other, something my dad doesn't believe in that's why he's had so many failed relationships. We're happy. I know he's got his own issues and sometimes I feel sorry when I see him sad that he wasn't part of but what we had, he ruined it. His own children never told him he was loved. I don't remember when I ever did, so did my sister and that is very sad. Now we have another sibling and me and my sister refuse to financially help when both parents were alive and still young. We weren't going to give him the opportunity to go revert back to his shitty parenting and all but forced him to get his ass working again. To be responsible. He ruined his relationship with us but he could start fresh with our youngest. People can still change and while its too late with us at least he's being a decent parent. He's outgrown the brat persona but he still needs work as a person.But still, I dealt 18 years of his bullshit. Took some tough loving (and I say love very loosely) and karma being a bitch but it worked out alright. And no, 22 now and still don't like being around him. I can understand kids being bratty and whatever, especially if they have rich and/or young parents (or bad parents) that don't limit what they can have, but the second woman should actually be sued by her mom at this point after she admitted to stealing her stuff, and then not given any more money until she can afford a house by herself. I mean, it's not like she couldn't pawn off the shit ton of stuff people have bought for her for taxes and food, and if she does need money, it should be used by the mom and then the stuff given to her eg. mom buys food, gives it to her. <p>the girl with the \$32,000 party is just enjoying to the fullest what is GIVEN which I am not saying is right. Now, if the list was about the worst parents this one probably falls at the top as I said the one with the resturaunt is well its not smart, they probably behaved the same earlier and now they GET positive REINFORCEMENT. The Dr. Phil one seems to be explaining it like a past she isn't proud of although I don't think she has well been fixed of all the mental damage. She isn't remorseful for stealing from her parents although she might be placing some of the blame on her parents for doing things that way. But maybe she never heard 2 wrongs don't make a right...well it does in math in negatives to positives but in reality of people and choices it equals FAIL. Now the video of the girl begging for a NEW laptop or money to fix that one...well she seems...normal...which is kinda scary. Her fight was over her POOR parents buying her the EXPENSIVE phone and getting the WRONG casing which she DON'T like so she gets MAD for it and breaks her own laptop. now she is BEGGING the WEB for a NEW LAPTOP and for MONEY to be sent to her FROM STRANGERS. The bass of the received if she received money well...I have some doubts as if this is a good idea. It was suggested after I was hit that because the woman could not be sued I create a internet video and RAISE money for surgeries that may or may not work. I don't know what bass would have responded and felt it wasn't a good idea in the end. The last one I think there might have been valid points for concern and I feel we just don't have the FULL story. If the parents have her at HOME they probably feel that something is OWED to the girl. In fact the courts even pointed it out, and the implication is mistakes were made. So is she a diva? I am afraid we don't know. But then you remember the girl with the laptops and realize that there is a goal to allow her to have her way as much as possible after all in financial bankruptcy they are buying her a phone and for some reason no consequences are in operation for a spoiled act over her birthday present. She doesn't understand clearly because the understanding of moral behavior hasn't been introduced so this is the effect that makes that segment sad and depressing. The first ones well the parents clearly had a hand in it, but the worst you have to REALIZE is when its SAID and DONE for it where are you? Apart of helping yourself is to realize you had a part in whatever it was. So now shes selling her mistake on air on Dr. Phil for 15 minutes of fame. There it is your prized hen although the girl with the 4 LT's and one broken the unnamed parents have climbed the meter if we were rating the parents involvement. To not teach them manners and to spoil them rotten in a way so the KID who feels this behavior is NORMAL AND OKAY is NOT OKAY is an after thought. Especially when there facing bankruptcy. But the girl is less hurt about the idea of possibly losing her bedroom that a busted laptop 1 of 4...and lacks full understanding as I said. UPDATE: I just kind of thought I probably am due for a list of people doubting me and saying its not good. And I never said it was on the kids part. But she confidently BELIEVES she did no wrong and yeah there probably is a issue of anger there after all she was angry enough to cosmetically damage her own Laptop. JTFC, The parents in that first video are pathetic. They whine and complain about what little shits their youngest kids are and let them walk all over them in public. Then they just shrug their shoulders and sigh as if there is just nothing they can do. The parents need their asses kicked for their complete lack of any structure or boundaries. People like this are the reason there are so many self-entitled asswipes walking the earth today; these tantrum-throwing little turds become adults who, uncorrected throughout life, think the world revolves around them as adults. Seriously, do you need that much? You can do that all with ONE FUCKING MACBOOK! You don’t need a shit ton of stuff for literally one fucking application.I actually have a friend that is a complete brat imo.So basically i was just playing on his computer (he has a nice setup btw), and he said ”Get off the computer” and i said why. He said because his mom needs to use it real quick, i said okay and went to the bathroom. Little did he know i threw my phone while it was recording to see what he will do (i have perfect throwing skills so i threw it right on a thing that could balance the phone and record it properly. He heard the flush, he got out of his computer, his mom was still eating (this was a birthday, he had no friends except me because of his selfishness). I said i had to go because my mom was at home.</p> <p>So i went home, told my mom and showed her the footage. I actually talked to my friend and he said that his mom was on the computer (he lied obv), and i told him that i know he steals money from his mom and dad for bullshit. I removed him from skype but he knew my number so he called me and apologized (LOL, how can i forgive you for that? dipshit). I said i wouldn’t forgive him because he is selfish as hell. I didn’t talk to him until today and i told him i was gonna comment about this on TrendCraves video, and he freaked out and was like: DON’T YOU DARE!!!!111 Yeah, don’t be friends with brats guys. leave a like if you found this weird (and rantish)</p>	Brat, Old, Weird	Age - Over 65s, Age - Youngsters, Physical Identity - Physical (and Mental) Impairments	4/446	0.897

I have all the shit I ever wanted books, video games, iPads. But my brother beats me ruthlessly, almost every day I'm bleeding and have multiple bruises and cuts all over my face and legs. I was such a skinny kid, when I followed my brother out on r bikes he would take me far away from the house and ditch me. I was scared and lost. My grandma saw me and picked me up n took me to her house. My brother never fucking got in trouble I remember all the days waking up wanting to go home and not deal with this fat whale. Calling him names was the only defense I had I'm 65 lbs and he is 250 lbs for years it was like this. But I have always dreamed of revenge and I fucking truly had hate for my brother. Now I am older more strong have muscle. I broke all the electronics my brother Owned he tried hitting me and I swung back for the first time in my life then I realized I was much quicker then this fatass so I threw multiple punches at a time he bruises on him then he started bleeding eventually he fell on the floor I got on top of him and pounded my fist on his face for minutes eventually the neighbors came to see what all the noise was . There they saw me on top my unconscious brother hate and rage in my eyes. It looked like a murder scene. My brother was token to the hospital where he was treated for broken nose and broken jaw. My mom sent me to a boys ranch for 6 months then i got out as a 7 th grader. I have never felt so happy and free for my life that day was everything I ever dreamed about, revenge. I had a friend named Alex who was a preppy little prick that I liked for some reason. We were good friends for many years until he became a self entitled asshole, well, more of a self entitled asshole. His parents ended up moving him from my elementary school to a "school for the gifted" . His parents where okay but they spoiled him rotten. They would buy him every single new lego set that had come out the entire year for Christmas and would pay for every set to be shipped to his grandparents house in Florida just so he could open them, they would then mail them back to their house in a completely different state. They went to Florida every year too. He had a Wii and got every single lego game. Did I mention he loved Lego. He also loved star wars and got all the plastic lightsabers. What really broke our friendship though was one time I was over when we were having a lightsaber fight in the backyard, he picked up this tuff cracked dry rot rubber dog toy and threw it square at my face. It gave me a bloody nose and a black eye that came the next day. It hurt like hell and when I told him, he said it didn't hurt and to stop saying it did. I picked it up, threw it as hard as possible at his stomach and beat him with the lightsaber, left, and never went back. Surprisingly, I never got his parent's knocking at the door scolding me. I think it's because he knew he fcked up and they would of seen my face. If you are for some reason by chance reading this, fck you Alex you pretentious spoiled self absorbed prick. I hate seeing these little shits complaining, honestly - my dad is a millionaire and I've been grateful for every little bit of it.Obviously I haven't done half of the work he did to become a millionaire, so I obviously don't deserve any bit of the money he has.When I talk to my friends online, I obviously don't brag about anything money-wise - because there's legitimately no reason whatsoever I should have any reason to brag about the money I have, if it was because of my parents.I could lose it all at any point in my life whatsoever, and do my best to work up the courage to be okay without my parents (and my little brother because he's been a huge influence in my life, and really helped me work through my fears).I try to eat the absolute most possible amount as food as possible, because I know - if I didn't have the parents I did, I wouldn't have the opportunity to eat the food I'm eating - and live this amazing life I'm living.None of these spoiled fucks on this video deserve to die, nor do they deserve for anything life-threatening to happen to them.I mean this is all because their parents didn't discipline them at all, and for some reason there are shits who don't understand that - like honestly, your the immature fuck.Now I hope you realize there's more kids grateful for their parents than you realize(And no shit I'm 11, and this is not a joke - I'm actually 11. But in what world does age matter if maturity doesn't).	Age	Age - General	1/275	0.364

This doesnt have to do with money but it made me mad to the core. So in 4th and 5th grade there was this kid that I will just call Crybaby. Anyways everytime we would play soccer at our school, he would always act like he was hurt. And he would also tell lies like he started ridng dirt bikes when he was 3. Me and my friends never liked him. There was this kid who was friends with him so what I did was I became friends with that other kid and he never got in trouble again. At our 5th grade culmination, he thanked me for showing him that the kid was acting like a (you know what). my sister I think is most spoiled. it was christmas and keep in mind my family is VERY poor so we can't buy alot of stuff so this Christmas was amazing because my mom managed to buy tons of gifts for us with so little money. anyways we were opening gifts and here's some of the things she got stuff like emoji slippers and legit a movie player. my other sister got a doll house that was actually free because the doll house was actually mine so yea and a new pair of shoes. I got a new pair of shoes and alot of fnaf stuff. so after we were done opening gifts she starts to complain about how she didn't get any converse and she went on about how she should of had converse and it's like you got a DVD player and have never had a Christmas like this so shut your mouth. that wasn't the only time we caught her being a b*tch either. she got a smaller Easter basket than her sister so she started to complain about how small it was. I was about to scream at her saying I only got shorts and a shirt so she can shut it but I'm not aloud to yell at her. ok last story this is actually a problem that happens along with alot of kids so yea. when she goes to her real mom not her step mom aka my mom she doesn't get attention because she has to always take care of her little sister but one day she said I have a sticker and wasn't crying and when no one was paying attention she started to cry and me being the person I am was like well guess what my brother was in a car crash so shut it. I get it she doesn't get attention so that was a listen to me and I decided to sh*t on that but my brother was laughing so hard. this kind of makes me seem like a prick for saying that but she does this kind of stuff alot and I'm about done with listening to it	B*tch	Gender - Female sexuality	1/361	0.277

The teen thief is the WORST. I have a 4 Year- old friend named Rachel, when she was 2, she threw a huge tantrum over a toy her mom wouldn't buy her, and then 2 months later, she saw the same toy, and stole \$1.00 from her mom to buy it. Isn't that weird ? A mom not wanting to buy a \$1.00 toy? Anyways, Rachel learned that she can't have everything she wants, but she is currently playing with her toys, I am playing with her, and we are playing tea party! I have a brat story. A few weeks ago I was in Florida with my family for vacation. One day my uncle Mike brought me and my younger cousins, Henry and Camille to an outlet mall. He brought them to a Disney store, and they each got a toy. Camille got a repunzel doll and Henry got a Spiderman toy. The next day my whole family went to the outlet mall. Papa, my grandfather brought Camille to a store and bought her a twenty five dollar necklace. Meanwhile, uncle mike brought Henry to the Disney store again and he got another spiderman toy. When we got back in the car and Camille saw Henry's new toy, she started pitching a fit because she didn't know she could get another toy from the Disney store. So she cried and cried and cried... and cried... and cried... (oh and did I mention she CRIED?) for like twenty minutes even though papa bought her a twenty five dollar necklace. Not to mention she kept screaming to go to the Disney store for ANOTHER toy, even though she already had a twenty or thirty something dollar repunzel doll. Then when we went to five guys to eat, Henry pitched a fit because he didn't want burgers, so uncle Mike literally brought Henry next door to Marco's pizza and bought a whole pizza. I swear, nothing makes me more angry than a spoiled rotten little brat . I love them to death but they get on my nerves.	Brat, Nothing	Age - Youngsters	3/252	1.19

I actually have a couple, 1). a few years back I knew a girl, we'll call her Ann, anyways Ann and I worked together, she hated her job, but she needed money, she did half-ass jobs too. So, you would have to cover her so you wouldn't get written up. She has a kid, she was 16(15 when she had her child) I guess you get extra money from taxes when you have a kid? (I don't have children) she took her tax refund, and bought a new tattoo, she didn't buy anything for her kid.2). I was turning 12ish, my birthday was on Easter, so I had to choose between an easter basket or a birthday gift. long story short a woman spent \$500 on her sons easter basket, the basket included a new PSP, 5 games, gift card, and accessories. I live in the Hamptons of Long Island most kids I grew up with kids like 16,17 got mercedez, audis, bmws for cars while i had a prius LMAO but I knew this one kid douglas whos dad actually gave him 35,000 dollars in the 8th grade. Keep in mind his dad was a millionaire obviously. He named three street blocks nearer his house after his kids. Douglas ave. was the one they lived one, him being the oldest. I use to go to this kids house like everyday being kinda jealous and shit, but we were really good friends. But I soon found out his dad was a complete asshole, not to me. But would deadass ask his daughter if she wanted to go to fat camp cause she was a little overwieght like barely lololll. We eventually stopped talking after i kicked him in the face in my car for being an ass (left my shoe print on his face btw LULz). <p>I knew a kid once who asked for an Xbox 360 for christmas, but his family was kind of in a financial shit hole at the time so all they could afford was a Nintendo DS. They got it for him, he promptly snapped it in half, threw it onto the floor and screamed "THAT'S NOT WHAT I FUCKING ASKED FOR!" (He's like eight years old at this time, by the way)He was also caught at about the same time watching adult programs on TV, all of which were bought with his parents credit card (which he somehow got hold of). I guess his grandfather had been babysitting him the day earlier and had forgotten to turn parental settings back on after watching something that required it to be off, probably HBO or something. When his parents found him watching the adult programs, they turned the TV off and tried to send him to his room but he just punched and kicked and screamed until he eventually got up and walked in by himself.The kid hogged the electronics he could all the time, and was a complete attention whore. He was misbehaved like nothing you've ever seen, and I only know him because of a Sunday dinner group I used to go to when I was younger. I was the only other "kid" there (I was thirteen or fourteen at the time) so he needed to be around me fucking CONSTANTLY, meaning I caught the majority, and the brunt of his antics. And everybody else at the group knew it too. I'm talking all adults, ranging from late 20's to mid to late 60's at a religious Sunday dinner party calling this kid the anti-christ when he wasn't around to hear it. The kid had nothing to do with religion (then again, I didn't really either, but at least I was showing interest in being converted) and was a complete spoiled rotten brat. He actually is the main reason I stopped going to those parties, even though I hear that he has stopped going. I did go again at one point after he stopped showing up, but since my day had already turned out shitty, I had predicted that he would show up again. My parents reassured me that the kid hadn't been there all summer since he had hockey practice on Sundays. So, I believed them, and went. Turns out, that was the only day that summer he showed up! It's funny how I seem to be a master at predicting these things. (I think I will turn this power to good use! If this comment gets over 1000 likes by the end of July 2017, North Korea will be obliterated in August 2017 before they can cause further damage to the rest of the world.)Eventually, I guess, he was taken away from his parents after inadequate care. I don't really know the details but he then moved in with his aunt, who then lost her home. He now either lives in a foster home or in a shelter since the people his aunt lives with now couldn't stand him enough to let him live with them. I don't fucking blame them!</p>	Brat, Nothing, Old	Age - Over 65s, Age - Youngsters	4/536	0.746

This is a story of my little cousin. So to start off summer of 2015, some of my family members came over my house for barbecue. One of my little cousins loved legos as much as I do so I gave her some legos for her to play with. After a little while she started tampering with my biggest and most expensive set I had. I said no and we had an argument about the set. I finally cracked and took away the legos she had and she started screaming and started hitting me until she went outside to our indoor balcony from the stairs. She lied saying that I hit her and that threatened to kill her. I stormed in their saying that all that was a complete lie and she finally told the truth. Till this day she's a little brat messing with my legos and it's weird considering that she was seven at time. I believe that we are all born with a certain level of self restraint. It either gets better or worse, selfless or selfish, benevolent or greedy. But some people, like the people in this video, couldn't give a rats ass about what other people do for them regardless of the gargantuan amount. I can see the second women being presented a choice, save 1 person and gain nothing but love from that person or save 100 lipsticks. She would choose those lipsticks because she is the type of person THAT JUST DOESN'T CARE AT ALL KEYWORD-->AT ALL<-- ABOUT OTHER PEOPLE AROUND HER AND THE LENGTHS THEY WOULD GO TO, TO DO THINGS FOR HER. My response to the broken apple macbook because of s6+. (I actually left this as a comment): If you donate anything to this little rich lying brat then you are just very dumb like her. She didn't admit to breaking her own MacBook "it's not my fault for my laptop breaking" that's just really dumb as fuck. The s6 and s6+ don't have much of a difference, the only differences are the s6+ is bigger than s6 and maybe has a bigger battery and a better processor. This brat is that spoiled because she gets mad that she got the wrong phone which is slightly different to the one she wanted. There was no need for her to get super mad about the wrong phone and for her making this shitty video of her asking for money to fix or replace her MacBook when that's pointless because SHE HAS 3 OTHER MACBOOKS. She can multitask with one MacBook. I have one laptop for everything from messaging to sending messages and gaming AT THE SAME TIME. This ugly brat is just useless in society and everything and probably can't get a job. All I can say is that this video is just showing the rich bastard side of people that always try's to make stuff involving money in their favour. My sister is super spoiled.She has spent at least \$20,000 on clothes she throws out the next day and never thanks anyone.She calls everyone names and just can't speak normally.Did I mention she never thanks anyone?Example:A week ago my sister, my mother and I went to watch The House in the cinema, my mum had already taken my sister to watch a movie called Baywatch 2 times before this.It was one of the best movies I ever watched but my sister keeps on saying it's shit.Keep in mind I'm 12 and it's 11:00 at night so I'm pretty tired after the movie ends.She says SHE WANTS TO WATCH BAYWATCH AGAIN because the house was shit and when we say no way she says fuck you fucking bitch, shit like that. AND NEVER THANKS MY MUM. We bought her food, drinks and movie tickets but she still can't say thank you. She thinks she owns all the money in the house. As a kid(really young) all I remember is my sister being a spoiled brat . She wanted everything. When she was like 7 she was already stealing from my mum, I'm not just saying a few dollars for drinks, I'm saying ALL THEIR MONEY. Because my parents kept thousands just hidden. We got a safe and somehow she broke through that as well so we had to put all our money in the bank. Well she's getting kicked out soon, she's in year 11 for gods sakes and she's the laziest and ugliest bum ever. I bet when She gets kicked out she'll talk about how much she did for my mum, like baby sitting HER OWN FUCKING LITTLE SISTER for \$30 an hour. I have to baby sit my little sister now because my mum didn't have the cash to pay my sister one night. I literally have to give money out of my own wallet to pay for her shit. I went from \$300 from saved up money to \$50. Whatever I'm happy my rich auntie gave me \$100 for games and shit and I got far cry 4 and a great mouse. My sister got \$100 for clothes and she said THIS ISNT ENOUGH and stormed off. She probably wanted \$1000- \$5000 from her. Even if my auntie didn't have over 30 million she would still say that, you know why. Because she's a spoiled brat and she's not part of the family.And my mum still loves her and does everything for her.And my mum asks me if it's her fault and she legit doesn't think it's her fault that my sister is spoiled. My reply in comments: If you donate anything to this little rich lying brat then you are just very dumb like her. She didn't admit to breaking her own MacBook "it's not my fault for my laptop breaking" that's just really dumb as fuck. The s6 and s6+ don't have much of a difference, the only differences are the s6+ is bigger than s6 and maybe has a bigger battery and a better processor. This brat is that spoiled because she gets mad that she got the wrong phone which is slightly different to the one she wanted. There was no need for her to get super mad about the wrong phone and for her making this shitty video of her asking for money to fix or replace her MacBook when that's pointless because SHE HAS 3 OTHER MACBOOKS. She can multitask with one MacBook. I have one laptop for everything from messaging to sending messages and gaming AT THE SAME TIME. This ugly brat is just useless in society and everything and probably can't get a job. All I can say is that this video is just showing the rich bastard side of people that always try's to make stuff involving money in their favour. I can't think of any ideas to get the top comment, so I'll just comment a random recipe:2 cups white flour1 tablespoon baking powder1/2 teaspoon salt2 tablespoons sugar1 egg, slightly beaten1 cup milk1/4 cup melted butterPreheat the oven to 375°F. Butter muffin pans. Mix the flour, baking powder, salt, and sugar in a large bowl. Add the egg, milk, and butter, stirring only enough to dampen the flour; the batter should not be smooth. Spoon into the muffin pans, filling each cup about two-thirds full. Bake for about 20 to 25 minutes each.	Oven	Religious Identity - Jewish	1/101	0.99
