Umzantsi need the a Spiritual, Intellectual, Moral and Material Revolution more urgently than the rest of the Alkebulan continent because of the WORSE ALIENATION in their actually dramatic conditions (despite the systemic illusions and delusions that entrap them simply more than the rest of the mentally, intellectually, materially and spiritually colonized Alkebulan people). Of All the Alkebulans they are the the most alienated and ones who know less who they are, what is expected from them from our noble Ancestors since Âtum, Sét, Idrîs Ahnûh 'Jëhûti', Nûh, where they are from where they are going. Understanding the Quadratics of Real Development is understanding the problem on Umzantsi (so-called 'South Africa') as an abnormal Peripheral Colony in Delusions of Power inside a much larger <b>alien</b> system that dispossessed them of the most important elements of Alkebulan Wun'iyah (Civilization of Being) and even Hëpër'iyah (Culttures of Becoming) while giving them the illusion of being privileged 'political' superheros and beggars everywhere else. Nigeria is suffering a somehow similar situation with the Petrodollar Club and the illusions of 'power' while commuting basic crimes that are absolutely contrary and horrific with regard to the Noble Wun'iyah and Hëpër'iyah of instructed by the Nobles among our Ancestors, even though in an other format of delusion and alienation. The illusions created by Empty 'Political' 'Power' and the brainwashing and Systemic Grooming of 'Material Prosperity' have created an ALIENATED crowd of ignorants and zombies. 'The-White-Financial-and-'Spiritual'-Jesus' deep brainwashing is certainly not helping them either. Notice that the more this Alienation, Real Economic, Political and Spiritual Dis-possession Factor is présent in an colonized or neocolonized Alkebulan population the likelier these types of events to happen. Nigerians should start killing any south <b>African</b> person they set their eyes on. They should set them ablaze. Or better still, slaughter their throats and split their blood in a shrine. They will send the life videos to south Africa president, then we will see who gets tired first. Wisdom crieth aloud in the street; She uttereth her voice in the broad places; She crieth in the chief place of concourse; At the entrance of the gates, In the city, she uttereth her words: How long, ye simple ones, will ye love simplicity? And scoffers delight them in scoffing, And fools hate knowledge? Turn you at my reproof: Behold, I will pour out my spirit upon you; I will make known my words unto you. Because I have called, and ye have refused; I have stretched out my hand, and no man hath regarded; But ye have set at nought all my counsel, And would none of my reproof: I also will laugh in the day of your calamity; I will mock when your fear cometh; When your fear cometh as a storm, And your calamity cometh on as a whirlwind; When distress and anguish come upon you. Then will they call upon me, but I will not answer; They will seek me diligently, but they shall not find me: For that they hated knowledge, And did not choose the fear of Jehovah, They would none of my counsel, They despised all my reproof. Therefore shall they eat of the <b>fruit</b> of their own way, And be filled with their own devices. For the backsliding of the simple shall slay them, And the careless ease of fools shall destroy them. south africa belongs to south africans not to ALL africans. south africa is already overwhelmed with foreigners (dealing with drugs, human exploitation, criminality, house hijacking, noise, filthy, fraud, killing, job "stilling", ...) I am myself a foreigner, i am against <b>xenophobia</b> . but we need to understand, south africans have been supporting us for too long. it s time to move to other countries in africa like nigeria (the so-called biggest economy in africa), ghana, senegal, angola, botswana, ivory coast, kenya, tanzania, mozambique, namibia, rwanda, uganda, ethiopia, gabon, ... <p>A lot, if not most, Foreign Nationals only work in their own solid clusters, and not in conjunction with South Africans and have a condescending attitude towards South Africans, different people from different countries possess different skills and so this requires cooperation rather than national identity capitalisation. They circulate money among themselves and really only hire their cousins whom they have shipped in illegally unless desperate. This is working to destabilise social order and peace and the economy. The government must crack down on illegal immigration before it leads to chaos and violence in the near future! There must be real consequences for it otherwise it will never stop! people will keep flocking and we will keep integrating and integrating without discretion, that can only be foolishness! we don't even have asylum camps, we just integrate and pour immigrants into our society without clear objectives and provisions for them, Our government are slack, lazy and reactionary. they do not want to take action and authority for fear of being labelled as Xenophobic! at the cost of South Africans and their generations who should have South Africa as an inheritance, but at this pace it will be in the hands of foreign nationals and they will look back and say we were the ones who were foolish enough to allow it. We love our <b>African</b> brothers and sisters and the whole diaspora but this bullying by illegal immigrants and sympathetic foreign nationals using emotional blackmail is not whats going to build and secure this country and its future! Soon enough South Africans will struggle to identify what is to call their own country. That is the basis of <b>xenophobia</b> and it is a legitimate concern! (not that attacking is justified). Hundreds of thousands of foreign nationals are <b>doctors</b> and <b>engineers</b> and nurses and teachers and lecturers in South Africa. Thousands get degrees here every day and no one attacks them. The <b>Xenophobia</b> element is a reflection of two things; poor class survival on identity basis and small crime elements! and the Government Must crack down on it!!!!</p>	African, Engineers, Xenophobia, doctors	Ethnicity - Black, Nationality - General	5/346	1.445

D S No Sir, you are sadly mistaken. No South <b>African</b> even killed anyone in the recent so-called Xenophobic attack. A Malawian shot and killed two South Africans in an argument, one died on the spot, and one died in hospital, the community then decided (unfairly) that those Malawians in that part of Durban were becoming arrogant and dangerous in their community and decided to destroy the man's shop and send them away. Of-cause this is not fair because an entire people should not be judged on the actions of a few, the difference comes because <b>African</b> nationals usually (at least mostly) cluster themselves rather than integrate, when they have actually come to South Africa seeking asylum or <b>refugee</b> , and start even committing crimes. We have incidences of human trafficking, drug smuggling and syndicates, prostitution in other cases.	African, Refugee	Ethnicity - Black, Nationality - General	3/138	2.174

Arinze Nwonye Your opinion but fact is more Nigerians die dailly in their own country. Stop blaming others for your failure, go home and fix your problems. At least 100 Christians in Nigeria were killed and hundreds of others injured in April, according to a human rights watchdog group warning that Fulani attacks against Christian farming communities. Abductions, suicide bombings, and attacks on civilian targets by Boko Haram persisted. At least 1,200 people died and nearly 200,000 were displaced in the northeast in 2018. In June, at least 84 people were killed in double suicide bomb attacks attributed to Boko Haram at a mosque in Mubi, Adamawa State. No one can deny that, I personally lived in the great SA and blacks are really marginalized and descriminated except the BEE.....and the only way out of it is not land expropriation, xenophobic attacks but equal treatment of all people irrespective of colour, <b>race</b>, religion, religion or any inclinations. I can see Julius has toned down and now calls for discussion and dialogue around equal apportionment of the resources of the country, whether land, mining et. cetera..... <p>In Kenya we have a whole Somali <b>nation</b> amongst us, the majority of South Sudanese people moved here permanently when war broke out, Congolese have some serious grip on our entertainment industry, I eat ethiopian cuisine and shisha, drink traditional Eritrean coffee, buys stash from little Lagos in Nairobi, sample the beauty of rwandese women, Tanzanian bongo music leads our charts every other year heck they even moved here. Some even carry out terror attacks against innocent (<b>black</b>) Kenyans every year like clock work. But they all agree on one thing... The vibrancy, creativity, aggressiveness,awareness, of properly educated indigeneous Kenyans is superior to any <b>black race</b> on earth. Our homeliness and attitude towards visitors is HAKUNA MATATA. Diversity breeds competition and exchange of ideas and culture....oh yes Kenyans love copying and embracing foreign trends with a local twist that can't be defeated. The Apartheid demon is still alive and well in <b>black</b> South africa. <b>Xenophobia</b> is one of its proud offsprings. The self hate and crushing inferiority complex of the <b>black</b> majority bred by denial of basic services like empowered education, inhumane social blockades institutionalised by the <b>Racist</b> white elite. The <b>black</b> South <b>African</b> is consciously crippled by an ignorant system and neo- apartheid schisms that makes them wonder how these 'lesser' <b>black</b> people from countries with decades of civil war and anarchy can 'crawl' here and immediately start changing their fortunes for the better...while they are suffering albeit "seeing it through white man's glasses" (apartheid). My brothers in WoZa, the only secret to success is brotherhood amongst yourselves first , sheer commitment and love for HardWork, sacrifice in plenty or adversity, humbling down and sampling new tricks, and some serious shrewdness in business.The reality is the <b>black</b> South <b>african</b> will always be stuck in the medieval times until a renaissance or a massive awakening led by the rightly guided ones, takes grip of the country and turns it upside down. Nomfundo Fuma for your information I do not live in south Africa. And the universities your are bragging about were not developed by <b>black</b> south Aricans. The whole world knows who built and developed south Africa. The hope is that <b>black</b> south Africans can step up to the plate and move that great <b>nation</b> forward but the future appears very bleak. Educate yourselves and maybe you will have a chance	Black, Nation	Ethnicity - Black, Nationality - General	3/70	4.286
Jk Julz and any country in Africa except Timbaktuk did not develop any University. Those universities are developed because of out resources and out great grand father build those by own hands paid basically <b>nothing</b> . No white person or <b>African</b> foreign put one brick on those Universities. It was the natives, out grand parents. Jk Julz <b>negro</b> please! The day you build a university in your own country then I will built in my country. Your countries have had independence for many years than South Africa. You are comparing oranges to apples. Give us time we will do that. Since 1994 all of you have come in thousands exhausting out resources and paying no tax. We are still fighting white people then you come here with offering cheap labor. Aninyi kodwa! Go build your own countries and leave us to sort ourselves out. We cannot breathe in our own country because all of you are here. Sidikiwe nini	Negro	Ethnicity - Black	1/104	0.962
The whole Africa is not like this. Kenya is so peaceful. There has never been <b>xenophobia</b> here in Kenya.	Xenophobia	Nationality - General	1/19	5.263
South Africa can not handle this mass migration of foreign nationals its causing friction ,especially Nigerians they have no respect for this land and its people they come here with their drugs our youth is destroyed thanks to them , money grab scams , pimp pastors , abortion bogus <b>doctors</b> , human trafficking all manners of wickedness.	doctors	Nationality - General	1/57	1.754

The western enemies are laughing at us, stupid xenophobic south Africans why can't see other <b>African</b> people as your brothers, we are not the real enemy you pieces of unwanted scumbagsEdit:I mean xenophobic south Africans, you can attack me in the comments.. living conditions, poverty and huge unemployment rates does really make South Africa a great place to be. <b>African</b> migrants should go to Nigeria as the top number 1 economy in all of Africa. There is way too much immigrants in SA when SA has its own internal problems. I know that these Africans fighting each other is mainly a squabble for resources that our leaders in Africa fails to redistribute it fair to avoid the unnecessary displacements. Packing in SA wont help South Africa themselves and many Africans that try to make a living faces this cultural differences and end up with this finger pointing <b>African</b> problems...Africa is way divided too much and to unite it has to begin in each and every of the <b>African</b> nations bringing together their tribes and end the wars. Tell me how will we unite crossing borders if we can even unite within our own tribes in all of Africa. South Africa should get the bus ready to send Somalians, Ethiopians, Malawians, Zimbabweans, and Nigerians back home there is no wars in their country just their tribal <b>ethnic</b> misunderstanding that they need to deal with. South Africa has its onw internal problems to deal with as well and i don't see unity in any time soon lets face it so far as there is displacements from the bad <b>African</b> leadership we have and pilling up in another unresolved problems of un-shared resources wont solve our problems.. First lets get rid of thug leaders then bring in fair leaders that will invest i its people, share ideas, cultures, work together, open the borders then travel as we please...I dont think it will ever happen so far as we still have thug leaders Africa will be in the same darkness	African, Ethnic	Ethnicity - Black, Ethnicity - General	5/294	1.701

Please! That doesn't justify the killing and beating of fellow Africans, here in Botswana we buy almost 90 SA products and this is killing our economy because we depend on them but we never complain and boycott them we are more civilised than that, we respect human life. And for us batswana there is <b>nothing</b> they can do about us because they separated families, relatives and villages with their border fence so we are going to just jump the fence to check our relatives, attend family events whether they like it or not, they stole our land. Thomas ABABA That is what you think! Research and you will be suprised. Indians hate Africans and are <b>racist</b> toward their own people. Even in China and other Asian countries. Zulu Macanci Ah, typical <b>black</b> South <b>African racist</b> . I wonder if you'll be happy when all us white people leave and you end up like Sudan. White people aren't the problem, blacks like you are. 17 million <b>black</b> people live on benefits. That's more than all the minorities combined.	African, Black, Racist	Ethnicity - Black, Ethnicity - General	4/49	8.163
theodore tait which part that I said is <b>racist</b> ? Most companies are white owned and white employer want slave drivers not workers that's why they even hate unions because the unions work against their interest. Labour movements are all over the world ( all over ) and in SA white people hate them because it amounts to <b>racism</b> in their mind. When you said "us white people leave " I had to laugh I wondered if you even have a spaza shop. Are you an employer? Being white does not mean you are an employer. Some of you are workers like us. On social grants, you are very misinformed. Actually completely stupid. Social grants are granted to children below the <b>age</b> of 18yrs, orphans, permanently mentally and physically <b>disabled, elderly</b> . You are assuming that social grants are awarded to abled beings and particularly <b>black</b> because the government is creating a dependency so that we keep him in power. Typical of white SA who speak and assume things without researching. The 17 million you are talking about is the above mentioned categories. We don't get grants just because we are <b>black</b> . If you are abled bodied there is no social grant that you get. Stop assuming nonsense. I am not responsible for apartheid therefore I am also not responsible for white people wanting to leave SA. White people are reaping the repercussions of apartheid. When the <b>black</b> government addresses the social ills created by aparteheid laws you make yourselves belive that <b>black</b> people and government hate you and and are <b>racist</b> and want you gone. If you wanna immigrate, just do so and stop and stop using Africans and the government as a yardstick.
