I am so sorry You think You have to live that way. You don't. It has become an addiction. You are better than that. You need some Self Respect. People do care. No <b>Woman</b> should do that. It is sad that stories like this continue to <b>lump</b> together consensual <b>sex</b> work with drugs and senseless alcoholism and continue to make <b>sex</b> a taboo behaviour. The quest for normal <b>sex</b> is also considered almost unethical outside marriage. This is what this abrahamic religions have done. In fact <b>sex</b> is more healthy than many other habits such as rampant alcoholism or drugs or even constant addiction to soft drinks. Sexuality was never such a taboo till the Abrahamic religions starting demonising it and making people feel guilty about the whole thing. A truly refreshing paradigm of sexuality can be found in the 2016 book by Staju Jacob called Karmasutra The Karma of <b>Sex</b> . The karmic way of deciding which <b>sexual</b> actions are negative or positive is far more enlightened.	Lump, Sex, Sexual	Gender - General, Physical Identity - Physical Features	7/130	5.385

I feel for her This is an absolutely terrible way to live ; i'm a momma to be, and I could never imagine my daughter doing these kind of things . Or drugs .i'm also a recovering fentanyl/heroin addict , and thank God i NEVER had to go down this path, i was soo fortunate and blessed and soo thankful too have a mom and adoptive mom who would give me money and rides soo i didn't have to do what this poor girl is doing in this video ....i'm hoping, soo hoping, and praying soo hard this poor little girl is sober,clean, STD free, happy, content, seeking intense <b>mental</b> and emotional help, has new clean positive caring friends, that her family has stopped enabling her but the MOST, the very MOST, important, absolutely without a single doubt, is that this beautiful soul is free of all drugs and prostitution ..who knows, maybe she gets on here and reads comments sometimes, Well i hope she sees this, andd is reminded she's a beautiful soul who is truly and genuinely cared for and loved very much . i myself am praying for her.. good luck beautiful girl and I hope your life is now better and peaceful, as you deserve it....– Hope Schimmel (AKA) Someone who hopes you're doing amazing andd drug free , And is praying for you and your physical, and <b>mental</b> health. I know what it is used for, but that's because some moron started saying that, and then it kept being repeated. Just like deplane, you don't deplane, you disembark. I actually heard some idiot actress say deboard the other day about getting off a plane. It only takes one idiot to say something and then other people with no sense start saying the same thing. Like, lemme ax you a question. Or is that aks? <b>Nobody</b> was ever taught to say ax in school, or how people nowadays say are instead of our, or your instead of you're, and other terrible grammar. But that's typical for the US, making up words or terms rather than using the correct ones. But anyone "graduating" since the 90s wouldn't know any better. The problem with prostitution or any <b>sex</b> is that your body contains the DNA of the people you sleep with which leads to affecting your own life and personality. You become spiritually and biologically connected to the people you fornicate with. It's the only defilement of the body, intrusive and undignified. They have no respect for themselves or the people they sleep with. It's demoralising and inhumane.	Sex	Gender - General	1/67	1.493

I would never ever even imagine of my sister in this kind of position. I'm like <b>elder</b> big brother to my younger sister. I was always very protective towards my sister. Now she is married to a gentleman. She is my one and only younger sister.I love her to death. Well, we also need money to sustain our lives but we want to work hard Like we do now. My brother in law is very lucky to have her for real like he also admits by saying that he sees her at the top of all, the best among all and his chest swells big with pride and happiness having her as his wife. I'm very happy and proud that you choose good husband instead of rich husband and planned to rather work hard together, make money together for the future. Which you two have already done and now you two need a nice vacation. Well, proud aunty here waiting for nephew to be born after few months . Having said all these, I also work in NGO and I'm not trying to demean the <b>sex</b> workers. I also take it like as it's their body, their rights. <p>Since the early 2000’s this so-called ingenious Nordic Model solution for pandering, prostitution and human trafficking has been being used as Raw Uncut Apartheid in North America in that OVERWHELMINGLY DISPROPORTIONATELY <b>BLACK</b> MEN who have been accused of Pandering, Pimping or Human Trafficking have been regularly being sentenced to hundreds of years in prison, which is equivalent to multiple life sentences, while THE WHITE WOMEN who accuse them of being Panderers, Pimps and Human Traffickers are given <b>ZERO</b> TIME IN PRISON and are labeled as SURVIVORS because they have supposedly been subjected to a lifetime of physical and <b>sexual</b> abuse while completely ignoring the fact that an equal number of Accused Panderers, Pimps and Human Traffickers have likewise been subjected to child molestation and years of physical and psychological abuse at the hands of single moms, female relative and baby sitters. There has long been evidence of broad scale <b>sex</b> trafficking in the state of Nebraska, however, during all of the years that these so-called sincere anti-human trafficking activists and law enforcement agencies have had this information there have been absolutely none of the <b>Nazi</b> Type Mass-arrest Tactics used against Nebraskans that have been use for decades against blacks all over North America who both were and were not accused of Pandering, Pimping and Human Trafficking... And the reason for this is that Nebraska is a more than 95 white state and white people supposedly don’t do things that warrant the use of <b>Nazi</b> Type Mass-arrest tactics and Apartheid Sentencing. Both Law Enforcement Agencies and Anti-human Trafficking Activists have also spent decades bold face lying to both government committees and the general public in that they have spent decades throwing around totally outrageous and even more totally unfounded numbers ranging as high as \$50,000,000,000.00 and hundreds of millions of girls being trafficked on the streets of North America everyday and further erroneous claiming that even after decades of <b>Nazi</b> Type Mass-arrest Tactics AGAINST HUGELY DISPROPORTIONATELY <b>BLACK</b> MEN they haven’t made a dent in the Pandering, Pimping and Human trafficking Epidemic which they want people to believe is a never ending crisis situation when in reality, Law Enforcement and Anti-human Trafficking Activists in fact don’t have and never ever have had any verifiable revenue figures and numbers of individuals being forcible or voluntarily subjected to Pandering, Pimping and Human Trafficking so if you listen very closely to these charlatans when they start into huge lying rant about Pandering, Pimping and human trafficking they will invariably immediately say that ”I’m not going to discuss numbers because this is about people’s live, this is about our children’s lives” which is code for WHITE WOMEN AND GIRLS AND ABSOLUTELY NO ONE ELSE. And I know that this is true because in every one of their propaganda videos or ads every time that they say, ”Our Girls” they immediately flash a photo or a video confessional of some totally innocent looking suburban white teenage girl who looks like one of the kids from The Brady Bunch. In cold hard reality, if one hundred million women and girls were being prostituted on the streets of North America</p>	<p>Black, Nazi, Sex, Sexual, Woman, Zero</p>	<p>Ideological and Political Identity - General, Age - Youngsters, Ethnicity - Black, Gender - General</p>	<p>19/836</p>	<p>2.273</p>

My dad told me that he had a girlfriend and she was pregnant from him. And my dad went to jail for vehicle theft for 6 months and she had no other choice but to become a prostitute to make money since he wasn't around while having my dad's daughter inside her. And the guy that was fucking her and paying her thinks that it's his daughter because he cummed inside her but it was my dad's daughter inside her while she was getting fucked by some dickface asshole. To make things worse, she lied about her <b>age</b> and my dad thought that she was 16 but she was 13 when all of this was happening. The story doesn't end there. I've tried to type the entire story but it won't save and i've done this 5 times and I made this as short as possible so if someone is interested in hearing more just let me know. Y'all talking all that shit but porn is just legalized prostitution.Hell you don't even have to pay to watch anymore I can name five free video sites off the top of my head.Now why do you think they got all these free sites now. <b>Sex</b> is something that can be addictive right?Pulling the cock or flicking the bean releases endorphins and serotonin right?Especially in men.Women have frequent small orgasms and then large convulsions but men have a spire. They have one moment during <b>sexual</b> gratification where they reach orgasm.So why do they do this?When I go outside in my neighborhood I don't see anyone outside. I used to think it was because no kids were in the neighborhood but there are and the adults aren't ever out either.So everyone's over weight and <b>obese</b> either that or on drugs or got some health issue.Everyone stays inside.America's feared a Socialist or <b>Communist</b> invasion for a longtime now.They were thinking it would be militaristic and like a RevolutionBut if I'm them I see America and I see \$\$\$I see consumptionI see greedSo instead of coming in loud I slither my way in through buying businessesI slither my way in through buying politiciansI embed myself in media where I can push my propaganda down your throatsI tell you to feel sorry for the blacks and they need free money reparations even though welfare and racial scholarships are exactly thatI push gays and transgenders and slowly familiarize you to them so you openly accept them.I cover the epidemic sized STD outbreaks all over the countryI pour money into pharmaceutical companies to put you into an opioid induced stupor.I normalize pimps and human traffickers and make them heroes.Hell I connect them to the blacks just in case you get the notion to say something about it.I make being a whore and a <b>lesbian</b> cool and target your childrenI subtly sprinkle <b>sexual</b> shit into children's entertainment platformsI have effectively dug an endless well of cash flow from America and your business leaders wont do anything about it because they're paid not to and you wont do anything about it because you're lazy and scaredSome of you will go camping as protest but I've been known about the homeless issues in America and I'm not going to fix itNo I'm going to continue actively bringing in immigrants especially of the Asian persuasion.and you wont do anything because you're to lazy and to scared.New CrusadesBurn Everything In The Way-1	Communist, Lesbian, Obese, Sex, Sexual	Ideological and Political Identity - General, Gender - General, Physical Identity - Physical Features, Sexual Identity - Female homosexuality	6/442	1.357

Robert Kraft situation led me here. Everyone has to work for their food and shelter. <b>Nothing</b> wrong with that. Neither do I see a problem with choosing a profession that has risk. It's your neck. (Although I do wish we lived in a civilization where there were no dangerous professions and everyone could go to work with a 100 guarantee that their health and life were not in jeopardy). This type of prostitution is not only risky for the prostitute and the idiots who pay but also good people who may be dooped into having <b>sex</b> with the idiots in what they think is a safe environment. For the sake of my civilization, I would want independent prostitution to be illegal. Prostitution should be legalized and a license required with appropriate policies like prostitutes have to pass a special health examination, the building should pass a health and safety check, birth control should be mandatory, etc. I don't think prostitution in this way is immoral. Homo sapiens exchange peacetime entertainments all the time. Why is <b>sex</b> different?	Nothing, Sex	Age - Youngsters, Gender - General	3/177	1.695

<p>Question: "What does the Bible say about prostitution? Will God forgive a prostitute?"Answer: Prostitution is often referred to as the "oldest profession." Indeed, it has always been a <b>common</b> way for women to make money, even in Bible times. The Bible tells us that prostitution is immoral. Proverbs 23:27-28 says, "For a prostitute is a deep pit and a wayward wife is a narrow well. Like a bandit she lies in wait, and multiplies the unfaithful among men."God forbids involvement with prostitutes because He knows such involvement is detrimental to both men and women. "For the lips of an immoral <b>woman</b> drip honey, And her mouth is smoother than oil; But in the end she is bitter as wormwood, Sharp as a two-edged sword. Her feet go down to death, Her steps lay hold of hell" (Proverbs 5:3-5 NKJV).Prostitution not only destroys marriages, families, and lives, but it destroys the spirit and soul in a way that leads to physical and spiritual death. God's desire is that we stay pure and use our bodies as tools for His use and glory (Romans 6:13). First Corinthians 6:13 says, "The body is not for <b>sexual</b> immorality but for the Lord, and the Lord for the body."Although prostitution is sinful, prostitutes are not beyond God's scope of forgiveness. The Bible records His use of a prostitute named Rahab to further the fulfillment of His plan. As a result of her obedience, she and her family were rewarded and blessed (Joshua 2:1; 6:17-25). In the New Testament, a <b>woman</b> who had been known for being a <b>sexual</b> sinner—before Jesus forgave and cleansed her from sin—found an opportunity to serve Jesus while He was visiting in the home of a Pharisee. The <b>woman</b>, recognizing Christ for who He is, brought a bottle of expensive perfume to Him. In regret and repentance, the <b>woman</b> wept and poured perfume on His feet, wiping it with her hair. When the Pharisees criticized Jesus for accepting this act of love from the "immoral" <b>woman</b>, He admonished them and accepted the <b>woman's</b> worship. Because of her faith, Christ had forgiven all her sins, and she was received into His kingdom (Luke 7:36-50).When speaking to those who refused to believe the truth about Himself, Jesus Christ said, "I tell you the truth, the tax collectors and the prostitutes are entering the kingdom of God ahead of you. For John came to you to show you the way of righteousness, and you did not believe him, but the tax collectors and the prostitutes did. And even after you saw this, you did not repent and believe him" (Matthew 21:31-32).Just like anyone else, prostitutes have the opportunity to receive salvation and eternal life from God, to be cleansed of all their unrighteousness and be given a brand new life! All they must do is turn away from their sinful lifestyle and turn to the living God, whose grace and mercy are boundless. "Therefore, if anyone is in Christ, he is a new creation; the <b>old</b> has gone, the new has come!" (2 Corinthians 5:17).</p>	Common, Old, Sexual, Woman	Age - Over 65s, Gender - General, Social Class - Working class	9/517	1.741

Because they can take an std test and it comes back negative but again what does that have to do with their <b>sexual</b> activities off set when not they're not filming? Because who to say for example I'm a porn actor I take a std test the results are negative then the next day I go sleep with an individual who has an actual std unprotected. The sister is her enabler, and she sugar coats it calling it business. I question what she's using the money for. And only \$20, excuse my terminology but that is what a lot of people would call a cheap whore, that's what the ugliest toothless skin scabbed junky crack heads living on the street charge, in fact I believe they charge \$40. I won't lie, if I needed or wanted <b>sex</b> , I don't see a problem with paying \$20 for a non crackhead, but for a young girl to do that, I mean how low can you go? I can't see why she doesn't enjoy it, maybe not every time with every guy, but I think she loves it, I'm not calling her a slut, not personally, whatever man, but I know she has no self esteem and men paying her \$20 makes her feel good. \$20 bucks is a bargain man, anyone got her number? It's like ordering a pizza, home delivered. As long as she's happy it's all good, but I think her and her sister use cocaine or meth or some type of drugs. I'll be sure to wear a condom and I'd make her take a shower before I touch her because she's a dirty slut. Thai prostitutes are cleaner and safer and more expensive. Armando Salgado law of supply and demand. She's providing a service that a lot of these guys probably don't come across very often, or at least not as good as what she offers. Furthermore, if these clients are willing to hire a prostitute, they probably won't be too hesitant to pay up. She said she sleeps with up to 10 guys in a day. Raise her price to \$100. What happens? Maybe she loses 3 or 4 clients, but the ones that pay up make up for the ones that don't, and maybe even more than that. She'll be making several hundred dollars a day, or over \$1000 a week, and she'd have to have <b>sex</b> with fewer people, minimizing STD exposure, however slightly. More money means less work. Maybe she will even have enough time left over to shower more often, which can never hurt when your clients are looking for a pleasant body.	Sex	Gender - General	1/155	0.645

Trump & the Democrats failed to offer a solution to the Extreme Weather crisis. Enough sun hits California in one hour, to run the whole state for one year!! The SOLUTION to global warming is for each eco activist to build a 4-plex solar home with 100 panels. Solar will create housing for 16 people, will lower the cost of housing by 50 in the next 10 years, if we pass legislation requiring Utilities to pay solar homes \$0.49 kwh like Maryland & Maine, like Germany & Japan, like China. The majority want the US to raise taxes on the rich. Utilities can pay for this Solar Payment Policy as a way toraise taxes on the rich, since this would require the rich to pay 1 more on their utilities , while the poor would only pay only \$1. more month for energy.Those who buy e-cars would get free energy from their roof. This is how we define the New Green Deal.This will create millions of jobs, but ask not what the government can dofor you.

Here is what your collective can do. Build a 4-plex house.This will end oil wars, warming, poverty, **sexism & racism**. No blood for Oil. US hands off Venezuela. The US must shift to a 21 hour week, ie., 3 days a week, 7 hours a day,for all government employees & large corporations. This will create millionsof jobs for young people who graduate from High School.The best way to stop mass shootings is for parents to supplement theirboys with Chromium Piclonate, over the counter, at any drug store.Health. February 6, 2019: Thank you for sharing your sad story! There are thousands of women around the world who are 'whored out' to the world for a variety of reasons. Many have cold, unloving and cruel parents.....the father is primarily responsible. I believe in a GOD and know that He will get justice for this terrible crime. Without the love and support of good parents, boys and girls become easy prey to the world's predators. My <b>psycho</b> dad (New Mexico) spitefully arranged a date for me and his younger cousin. (He became enraged over the 8-track tape I had given him as a birthday gift.) I was 14 at the time and the cousin was nearly five years older. I thought it was a nice gesture, but they accused me of being a tease! (My dad often took the family to visit the relatives....I was completely confused.) My parents later ostracized me for failing to reject the cousin's <b>sexual</b> advances. Since I wasn't interested in boys yet, I was terrified by my dad's reasoning. (He abused my mother for fifteen years before their divorce, so I had learned to keep my mouth shut and obey.) The Hispanics in New Mexico basically stick together, so not even the district attorney in that county was interested in prosecuting my dad's younger brother for also molesting me as a child. (Scary.) Blessings to you!	Psycho, Sexual	Gender - General, Physical Identity - Physical (and Mental) Impairments	2/231	0.866

Michael Beach The government's job is not to help us retire. Social Security is a supplement to retirement. People are supposed to be saving a 401K, IRA or Roth IRA. Personally, I prefer the Roth IRA because future taxes may be higher. However, my point is that people who don't work enough hours and lack credits into the Social Security system here in the US will end up like my grandmother who is now 84. If not for us taking care of her, she'd be on the street. \$750/month Social Security. Why? She quit/got fired a lot from jobs because she was hardheaded, had <b>mental</b> issues and has always been difficult in life since she was a child. I'm 36 years <b>old</b> and I have been working since my late teenage years. My projected future estimate at 66 years <b>old</b> (my retirement <b>age</b> ) is well over \$1,000/month. Not a "lot" of money, but if you combine that with \$500K - \$750K in a 401K/IRA/Roth IRA in addition to that income, you can live quite well. Even if they cut it down to 75 Social Security payments when I retire, it still will be fine. They're not lazy. The unemployment rate is very high, and at will employment has created a society where it is very difficult for many good people to get a job. We need to abolish that at will employment. Also, <b>sex</b> feels very good, but unfortunately, hedonism causes great destruction.	Sex	Gender - General	1/49	2.041
Tim Rubin Halcomb worked in couple states with small employers. And I have seen it time and time again "not at will" places it is such a burden when someone becomes a junky ect. You spend months documenting every miss step only to end up paying unemployment and fighting legal battle. Despite what people without any experience in business believe 10-20 is what employers are making off employee. Hence why you see many owners of business with 10 or less employees clocking in too. So to have one person doing <b>nothing</b> is equivalent to profit of ten employees. Thats without them stealing to supply habit scaring off customers ect. While at will is good at creating jobs and keeping employers from facing huge ongoing burdens. It is isn't without drawbacks such as refuse to take extra shifts or do things not in job description. Employers can eject you which makes working conditions worse. But people need to wake up and realize there is no universal solution and stop touting their ideas as flawless. And it does even result in lower wages. If your promoting a policy and can't give weakness of policy you not promoting policy your promoting propaganda. <b>Nothing</b> is without weakness generally speaking BIG ONE's.	Nothing	Age - Youngsters	2/207	0.966

Tim Rubin Halcomb Honestly while I can't entirely disagree I will say one thing. While substance abuse and <b>mental</b> illness ect might be less likely to hit higher educated person. And you also have incompetence ect. But seen people 40yrs straight laced go down a bottle and never look back. For example I know this is a tad anecdotal. But I grew up in small town got out via military educational ride. There was no jobs most people there either owned business or had a farm or worked for government. One of my friends parents was a programmer for government. They in 80s learned to program but never updated skills. So in year 2000 they were completely computer illiterate had to have kids help them log into email. Couldn't do job literally went to work collected check. Even got a annual raise was making well over what a competent person in profession could do. But government has no "profits" in fact they have a budget and they have to spend it in its entirety of face cuts next year. And its a tough call it really is like I said there is advantages with both. At will and not. But maybe its because I work so hard for what I have. And am careful with every dollar because I truly die a little inside each day at work(even at good employers). But to have government take such a large chunk of my check by force. (lets face it threatening people with prison is force) I feel that they must live up to ideals of making country "better" for everyone. And use that money responsibly. Thats why I feel government employment must be held to highest possible standard.	Mental	Physical Identity - Physical (and Mental) Impairments	1/287	0.348

<p>Do you know what a ”<b>Junkie</b>” means? It’s a heroin addict. By all means, keep the drug testing policy, and if someone tests positive for drugs, then termination is easy, and that person won’t draw unemployment. However, at will employment seriously harms the citizens who work hard and want to better themselves. I can give you another scenario! In most instances the actual business owner isn’t at fault! In fact, many times he or she won’t even realize that he/she has a sadistic manager who just wants to look important and/or abuse power, and they will frequently terminate a person simply because he/she, the manager, had a bad day or becomes jealous of the employee. I’ve experienced it too. Yes, an employer should have protection too, and I do agree that a bad employee who is proven to be unproductive should be immediately terminated. At the same time, how can the good ones protect themselves? I was always a great employee but have so many times received unfair treatment. For example, I once got a job working for the Empress Casino, and they loved me. I was hired by Gwyneth Borden who is a very beautiful <b>woman</b>. She loved me as an employee because I would always go that extra mile for her. However, just a year later, that Casino was taken over by Jack Binion, and he hired a manager whose <b>sexual</b> orientation was directed toward his own <b>sex</b>. Well, I’m straight, and I was dating a couple of the waitresses. Melissa and Mavis (a friend). He hated me because I liked women and they liked me. One day I went to work, and all of a sudden I was accused of allow an underage person on the boat. However, I didn’t do it. I wasn’t even working the boarding part. I was on the boat doing escorts. That manager fired me. I tried to get in touch with Mr. Binion, but I could not reach him, and the people just laughed at me. I was a perfect employee. I was always punctual and my attendance record was impeccable. Yet, I was fired for no reason. I still know that job like the back of my hand, and I could go in there right now and do it perfectly. I won unemployment, but I was unable to get my job back! Unemployment only lasts so long, and I was hurting after awhile. Had there been some kind of process to investigate my unjust termination, then I do believe Mr. Binion would’ve hired me back. Gwyneth LOVED me because I was always great with the opulent customers and they would always request for me to assist them, and I loved doing it! Oh I hope Gwyneth is doing well. She is such an awesome <b>woman</b>. The Empress Casino is currently thriving in Las Vegas. Those people who owned it were so nice to me, and they did have a chain of command system. In fact, that very same manager who didn’t like me suggested that I be terminated, but Gwyneth threatened to fire him if he didn’t leave me alone. Do you see what I’m saying? Certainly, if someone is missing work, not punctual, and unproductive, then he or she deserves to be terminated. However, if he/she meets those quota as a good employee, then <b>nobody</b>, and I do mean <b>nobody</b>, should be able to terminate that employee because it is wrong. Do you see what I mean? I’m employed at a private school right now, and I am always available, punctual, and I never miss work. I took exams to test my competency level, and I passed all of them. Yet, if someone were to have a bad day and terminate me, I couldn’t protect myself? That’s ludicrous</p>	Junkie, Nobody, Sex, Sexual, Woman	Age - Youngsters, Behavioural Addiction - Drugs, Gender - General	7/645	1.085

You can threaten them with incarceration or death and it will just be like talking to a wall. Best thing you can do is get the hell away from them. <p>That’s why I love Africa. This happened in Ghana one time. A father tired of his son’s nasty attitude towards him decided to bring the family over to Ghana. For a little holiday. That’s normal since the guy is a Ghanaian based American. Anyway... The father planned everything to the latter. Where the kid would be whopped, who would do the whopping, how many times the kid would be whopped... Etc. Immediately they touched down the father took his kid out the airport. He didn’t even go for his baggage and belongings. He took the kid to the nearest shop where he could buy a cane. After he bought it he asked the cashiers whether child services would disturb him if he did whop him and they responded ”No!” They said ” child or social services don’t work very well here. And its normal for a father to be beating his kid in Africa. ” those were the words that set the ball rolling and would eventually lead to a world of hurt on the boy’s part. Immediately, the father angled the stick toward the kid’s back before it cracked in the air like that of lighting. Eventually landing on the kid. One of the cashiers said ”Da, the best way to make an <b>African</b> child listen is through the buttocks” with a wretched smile on his dad’s face, he followed suite eventually leading to marks on the boy and really painful screams. Afterwards, what seemed like an eternity in hell was finally over. The Father satisfied, with a smile on his face. indicating he had realised all his anger and stress on the young boy, asked for a taxi to take them back to the airport. Upon arrival the kid went towards the guards to report his dad. The officer asked ” what’s your name?” He replied ”Nathan” officer ” where you from?” Nathan ”from Brooklyn New York ” officer ” has your father ever done this to you before?, has he ever told you to do something and you didn’t do it” Nathan ” can’t say ” sobbing. Officer” welcome to Africa! ”</p>	African	Ethnicity - Black	1/355	0.282

<p>I'm six years clean thank god. I was always a " function <b>drug addict</b> " so I got my money from job and i used what I could afford. I 100 would have been selling my body if I was a female or a <b>gay</b> guy. I just never had the opportunity to be " a prostitute ". I pawned everything could, when I needed it. I feel for any female thats using because this could be your future. even if now you're saying it will never be.... It gets the point where you can't keep a real job, no matter how much control you think you have. Your tolerance just gets to the point where you can't afford your habit. Can't work while youre dying from withdraw. Get off that shit. I know it feels impossible but its not. Its easy if you want it. You probably spend more time sick than high or " normal " hell you might not even get high any more, but you have to do it function. We've got tools for that subutex, suboxone, kratom, iboga&amp; Ibogaine. If youre not doing so the people around you have to worry about you dying 24/7 do it for yourself. Its a sucky life that most of us were/are bringing on ourselves. If you just start making the steps the rest falls into place. Ive got back to the place where I can drink or some weed a couple times a year and be fine. Thats probably where you started out too, and you can get back here too. You might never be able to drink or smoke responsibly but even thats the case isn't your life worth that sacrifice. I lost 7 close friends to overdoses, 25+ people counting acquaintances. Every female is a prostitute. Men have to "court" them. We have to take them out to eat, which costs money. We have to take them to a movie, which costs money. We have to buy them flowers and chocolates, go to concerts, do vacations, scenic drives, wine tastings, comedy shows and so many other things, which all cost money. Most women are not paid directly, but men still have to fork over money, if they want the <b>pussy</b> . Women only get more expensive, if they marry the man. Long time ago , early 80's when car phones first became available , there was a Boston Cab Driver who did that. He had his girls, and once one of them were picked up by the vice squads , he would show up at the precinct and bail them up. He was doing very well for himself. Eventually he got busted for promoting prostitution. Now in seeing these girls , they do not look like hard core prostitutes. They could pass by your typical store clerk girls. Further they do not look like they your typical oversexed girl who turned into prostitution as a natural career choice. And by the way, over 99 of them in the game , are not in because they like <b>sex</b> and the money. Not wanting to be an apologist for their choice I can see they are not college grads , have no business , no silver spoon , which leaves them with few choices... 1. Supporting themselves through minimum wage 2. Holding a few jobs, like most of us do 3.Being a ward of the State , no chance here 4. Go into prostitution. Don't use drugs or <b>alcohol</b> to escape your problems ,Teen Drug AbuseMany addictions develop from drug abuse that starts during adolescence. The teenage brain is still developing, increasing the risk of addiction.Teenage Drug Abuse and AddictionTeens who abuse drugs may have a greater risk of developing an addiction when they are adults.It's important to know the difference between drug abuse and addiction. Many teens experiment with drugs, but aren't addicted.Teen drug abuse can have long-term cognitive and behavioral effects since the teenage brain is still developing.Recognition and prevention of drug use can end an emerging problem before it starts. Setting a good example and having talks about drug use are strong tools for teenage substance abuse prevention.Teen Drug ExperimentationHalf of all new drug users are under the <b>age</b> of 18. Experimentation plays the biggest role in teenage drug use. However, experimentation is a fact of life and just because a teen has tried drugs or <b>alcohol</b> doesn't mean they will become an addict. It's more important to understand why some teens are tempted to experiment. <b>Common</b> reasons teens abuse drugs include:Curiosity,Peer pressure,StressEmotional struggles..A desire to escapeThe majority of adults with an addiction first experimented with drugs before they turned 21. yang mills I'm not sure if you made any sense but here goes:Porn(ography) is art like movies just a different genre of film. You're moving goalposts, OTM.Prostitution, in this case, is referring to the fact that the <b>woman</b> is having <b>sex</b> to earn money. When a <b>woman</b> is shooting a porn scene, she is doing precisely the same thing: she's letting some guy fuck her, she collects her money afterwards, and goes about her business. She has <b>sex</b> to earn money. Mentioning that the guy gets paid is irrelevant. Mentioning that it's done for entertainment purposes is irrelevant. The focus of the discussion is not about the guys or what the adult film company does. The question is, in the case of the <b>woman</b> , is she still essentially doing the same thing and the answer is yes. Whether she's showing up at people's houses to fuck them, or she shoots a film for Brazzers, she is still making a living through <b>sexual</b> intercourse.The only reason one is legal and the other is not is because, as many people have mentioned, porn stars pay taxes. That's all it's about. Uncle Sam wants his money and he gets very mad when people don't pay up. You think Mandy is reporting her "business" income to the IRS? Bullshit. Mickey Bitsko My point was that both the men and women get paid, which makes porn different to prostitution where normally only the <b>woman</b> gets paid to have <b>sex</b> with the man or visa versa. I disagree. Porn stars are paid to have <b>sex</b> on film with partners they want to perform with. They are checked regularly for std usually. There are a world of men out here who are either too awkward to approach women for <b>sex</b> or women are too difficult to negotiate with (2 get laid) and the performance of the porn star helps these men by giving them the ultimate material to masturbate to. Without the resources provided by the porn stars (and prostitutes for that matter) there would be many men who are all bottled up ready to kill someone. These people provide a service and get paid to do so. How many men have you slept with who were total fucking losers and you didn't see a penny for your service? On the other hand, how difficult do attractive women make it for homely looking guys to get laid? Stop being so fucking judgemental. The main problem is that Men has/are molesting young girls, sad but true, speak to your teen nieces and cousins. More than 50 of them will have a molestation story, they grow up to be whores and this also causes the extreme high divorce rate because they don't know how to navigate a relationship as they were taught to hop from guy to guy.The Bible says The Snake "seduced" Eve, but the sin was not really a sin until Eve, then seduced Adam.....this overlooked story in the Bible tells us why we are suffering, but since it is ignored, it happens in families daily and will continue to fuck up our society. Guys molest and manipulate, the entire Pop scene and dance club culture is built to seduce <b>woman</b> to have <b>sex</b> with random guys.....so if this is the foundation holding the world in place, we shouldn't be shocked that 20 year olds are fucking 10 guys per day and 14 year olds are hooking up on dating apps and fucking all the guys in their school classroom. <p>Disclaimer: this is just a rough estimate of what she would make assuming (which is not very realistic) that everything is optimal for her. I am not encouraging people to do prostitution just because after you see the numbers, she earns a lot of money, which is ridiculously high and unrealistic. She has a better chance of earning half that amount if she actually joins the professional industry where it's much safer (chances of rape is lower, STDs is lower since they have a mandatory check every 2 weeks, and pregnancy rate is lower due to contraceptions such as patches, pills etc.) Again, I'm making every for her optimal. In reality this might only be about a a quarter or a third of the original optimal amount). All calculations are in USD and I've used the federal minimum wage of \$7.25/hour. Assuming that she gets \$30 every time on average (let's just say one person only to keep it simple) and there's 10 people per day. That's 300, in a say, 2100 per week, 8400 per month and around \$100,800 per year...To put that into perspective that's about what almost two public school (middle or high school) teacher makes or what a professor at a university makes in a year. Roughly...even if she makes half that amount that's \$50,400 per year...Now realistically, taking account of the time that she needs to sleep, eat etc. And what the customers actually give her, that number would realistically be at most a third, if not, then a third. A third of her optimal amount would be \$33,600 and a quarter (I think it would be much more realistic) would be \$25,200 per year. Me personally, if I were her (I'm a 20 year <b>old</b> Canadian in university), I'd rather work a full time (40 hours per week) and part time job on minimum wage of \$7.25 (20 hours per week). Sure, I might only get \$20,800 per year but it won't ruin me later on in life with regrets and other possible things. If I decide to do 2 full time jobs at the same time because I'm desperate and I know I can do it (I'm fairly sure that many people do this) in a year I'd get around \$27, 840, and this is minimum wage. You have a much higher chance of getting more than just minimum wage, say \$8-20hour is fairly realistic for the average person. This means that your yearly income is around \$30, 720 to \$76,800 (assuming that you work two full time jobs). Besides, the opportunity of a promotion (no matter how small) is much higher and you could potentially learn new skills and always switch for technical jobs after some time. Aside from skills and promotion, there's also a chance that I could meet new friends, learn some things from them etc. But...her body her choice...</p>	Old	Age - Over 65s	1/482	0.207

Sarah Burggraf okay, lol. Plenty of people are judgemental and/or lack the basic <b>mental</b> capacity to understand basic human biology. So, let's state some facts. First and foremost, to anyone who's ever had a baby, which is vastly larger than any penis, your body bounces back to as tight as it was within a few weeks. So if you can do it after having a baby, you can do it after having <b>sex</b> . Secondly, most stds are curable with antibiotics. While herpes is not, there are 2 types which can be transferred either way. On the body (mouth, fingers, etc), and on the genitals. The virus hides in your nervous system so with eating healthy, plenty of sleep, and taking good care of yourself, you could have one initial breakout and never have one again. You all can sit here and judge someone because of what they do for a living but until you've been in that young woman's shoes it's no longer comical or something to talk about that makes you feel better about yourself. Many women range from where she is, barely making any money, to thousands and thousands of dollars, all depending on your looks and your brains. Educate yourself about the way the body works before making rash judgements to seem cool in front of people on the internet	Mental, Sex	Gender - General, Physical Identity - Physical (and Mental) Impairments	2/223	0.897

I used to be an escort, so I would know how your body can bounce back after having a lot of <b>sex</b> . I started off inexperienced, charging guys a few hundred. I worked my way up to charging a good amount of money, but eventually stopped because it's not something you want to do forever no matter how much money you make. And yes, I am not ugly and I have had plenty of guys try to marry me or who would date me. Regardless of what men say they only care about ONE thing really when it comes to women. That is how beautiful and feminine she is. The more beautiful and feminine, the more willing to overlook her past mistakes. Men want to feel masculine and be providers. It's in their DNA. They also need <b>sex</b> on a regular basis. So being a high paid prostitute makes perfect sense if you're smart	Sex	Gender - General	2/154	1.299

Its easy money. I dont blame the girl. The prices were probably severely distorted for shock value. Every <b>hooker</b> ive ever met charges at least 50 an half hour. Its really <b>nothing</b> to be ashamed of. ive met some genuine ass hookers before. Times are tough and when you have no prior work experience its just easy. If you have people willing to pay to fuck and you see it as feelingless whats the issue? Its basically the same as being a stripper. all strippers will fuck for some coke and some blue faces. Pimps are basically people who set you up with clients for a cut of the money. Most pimps believe it or not are indeed women. Most female pimps also work in the business too. Pimps have become more relevant since backpage shut down tho. Backpage could make a semi attractive girl 1000's of dollars a week if she had the time. I myself can get laid without paying but sometimes its easier to toss someone 100\$ for some top.	Hooker, Nothing	Age - Youngsters, Gender - Female sexuality	2/173	1.156

If someone told u to eat your own literal shit for a hit you would do it. Guys often steal or panhandle and it's much harder. What she does is more dangerous but for an addict, it's faster cash. Most male addicts wish they could be strippers or hookers for money. Some are simply not attractive AT ALL . Women are easier to close your eyes and fantasize with because most dealers are straight and sometimes the addict is pretty/ok enough to sleep with/a butterface. drug dealers willing to sleep with the girl to give her drugs.She needs SUPPORT.She needs empathy.Addiction takes over people's minds. Today most people don't think less of a <b>woman</b> for having <b>sex</b> and society is fine.Oh I am sure you don't blame the women. Such nice guy like you, all you do is heap pity and cast them into a role of used up and degraded victims, and thus ruining their lives. hamobu (bubble resident)who certified society is doing fine today?You?No family values, pedophilia, rapes, adulterry, mass shootings, highest level of depression in women &men and what not.You think you are empowering women with such hippy words of sympathy? Guess what...U are not. And those ladies...Do u think they choose to be used like that? Pity. Oh yes...I pity on ppl who are so engrossed on being self righteous that they even advocate prostitution which is the biggest disrespect to a women's dignity..Being Sexually active and having consensual <b>sex</b> is 1 thing. And having <b>sex</b> with 10 men for earning money is totally different.Don't compare ORANGES with apples.And don't try to juggle both to extract moral superiority out of it as if u care whether women get stigmatised or not.Become a pimp for ur daughter wife ,mom, or sister. Liberate them from vile "social beliefs of piousness and chastity" (which has worked out pretty well in creating stable societies with families uptil now).Then u will realise the pain of the mother in this video.Giving vacant platitudes of women empowerment to advocate glorification, exploitation of women as a piece of poultry and connecting dots of oranges with apples is quite easy. Kudos to u .Keep it up.Ba bye.	Sex	Gender - General	2/215	0.93

No offence, you you are not the sharpest tool on the Christmas tree. And yeah, society is actually doing better than it EVER did: [LINK] You ask stupid questions like "did they chose to be like that"? First of all YES and second, be like what? What do you think is wrong with these women for having <b>sex</b> ? How about this: Women should have the right to have as much <b>sex</b> as they want for whatever reason they want? hamobu 2ndly, who the hell you are to answer for them? ..."YES" (they chose to be prostitute)Women all around the world are forced to be in the prostitution because of money....No <b>woman</b> loves to be a <b>sex</b> doll.....TRUTH is truth...prostitutes are treated like that. Did I break ur bubble?Yes.Because reality is not your lalaland.Your fantasies of prostitution being epitome of women empowerment is as logical as terrorism being epitome of humanity.Speaking the truth is not looking down on them. Neither is sympathising them....BUT HYPOCRITES like u who advocate with cacaphonical arguments are the ones who actually look down on them as weak.	Sex, Woman	Gender - General	2/107	1.869
hamobu Your entire conversation reeks of desperate attempts at vilifying others as regressive and portraying urself as the TORCHBEARING whiteknight, desperately advocating prostitution with right for having <b>sex</b> .Having <b>sex</b> consensually for mutual recreation with a partner, with emotions which embrace each other is 1 thing and Prostitution where a <b>woman</b> has to give her body for enjoyment of 1 or more person/s in exchange of money is necessity, consensual physically but not emotionally.Liberandus like u don't have the slightest <b>common</b> sense to contemplate these things BUT WONT BOTHER TO BLABBER your BS for self righteous satisfaction and asking others who don't agree with u to "STFU". <p>There are many Ways to make Money !!!!!~ You dont have to Steal or be a Prostitute !</p> <p>One simple Idea you could try in a City, because i saw it on Youtube it works. Buy Coffee, and you need all the Time Hot Water, buy some cheap cups and sell coffee on the Streets for 1 up to 2 Dollar each, p.s you need a table, just ask someone to use it, i bet you would find something to use etc.. !! After that, you buy some food and water for yourself if you made Money. Okay? If there is more Money left, you buy something cheap that looks like it should be more worth, and you sell it for a higher price somewhere. Just DOUBLE The Price ( Or 50 extra )for example: You buy it for 1 Dollar, and sell it for 2. And after that, next day, you go back to your coffee business, and do it again, and every time a little bit mor professional, someday you could have money for a <b>fruit</b> mixer (with , or without electricity ) a hand mixer without electricity: yes do it ! Hand job ! Make it clean ! 1 Juice: 1.5 Dollar ! Make sure you dont loose the Money, if 1.5 is too cheap sell it for 2 Dollar, but i think thats enough ! Make sure you make profit. Just GROW and GROW. You buy food and water for you, buy some stuff to sell (Buy Low, sell High) more and more.. and SAFE some Money too !!!!! You can do it, even if you have to start with coffee on the Streets ! Hey, i purchased a Ring from China for almost 8 Dollar, i sold it for almost 300 Swiss Francs, thats about 302 -USD. Do you wanna know what you can also do? Get a clear bottle, put it outside with a slot for the money, and a paper text: I need money to buy food and water. Yes, maybe it get stolen, probably in America. But just dont leave the Bottle, stay in the Area. If you have duct tape use it... and put the bottle on a road sign pole. A Place where people will be. A waiting moment would be good in my View: (Near pedestrian stripes) where people have to wait untill they can walk... I made some Money, okay i live in switzerland, and i was levaing this bottles alone, and i have give some products that i would even give for free, but i made money too, but yep its a risk, there are many criminals. I was making a paper with text: games for 1 .- or something like that... America is different, thats why i wouldnt leave the bottle alone ;) Try it out, if you dont have any money left. There are many Ways to make legally Money ! Or just clean someon the shoes !!!!! i am not joking about that. If you made money with the coffee busines, buy some cleaning stuff. You need only 2 things. A cleaning agent that does not pollute the environment, and a cleaning cloth. Go from house to house and ask if they give you that !!! Tell the truth what you want to do and someone will give you the stuff for free ... Shoe Clean: \$ 1. 100 people: 100 dollars. Sounds bad? No. Make it fast and tidy! Some might give you more, me, for example! You never know who you are encountering. If I would see that you need money, I would give you a lot (That's possible) But I live in Switzerland.</p>	Fruit	Sexual Identity - Male homosexuality	1/614	0.163

Some women are naturally attracted to the <b>sex</b> business because of an overwhelming <b>sexual</b> drive they can't get enough <b>sex</b> and they can't get personal control over their <b>sexual</b> thoughts . they know it's not normal but it's the only normal they have their is way more women that are living out of control <b>sexual</b> lifestyles than most people care too admit to about 1/3 of the women in the USA are open to <b>sexual</b> encounters with total strangers outside of of their one on one relationships or marriages in her case she's at least made the decision to live as a paid prostitute rather than to live a life of deception where she tricks a man into believing that she's a loving girlfriend or wife it's not a safe lifestyle that she's living but it is a vary <b>common</b> lifestyle that a huge number of women are secretly living out with in marriages or relationships the real problem is that in order to satisfy the fake Christians in America women are forced to live a hidden identity and take huge personal risks by hiding their lifestyle it would stop more crimes against women like her if they had a legally accepted location where they could go and do there business with the safety of security officers in place that could protect the <b>woman</b> from being physically attacked by a client Christian con artist have been hard at work for hundreds of years figuring out how to turn normal behaviours into crimes so they can make a quick <b>buck</b> \$\$\$ . for it she has to live in extreme personal danger every day and face being fined on top of that because of Christian con artist	Buck, Common, Sex, Sexual, Woman	Ethnicity - Black, Gender - General, Social Class - Working class	9/286	3.147

Joe Cochran Wow do you even understand how offensive you are being right now Joe?? And you still defend your disgusting chauvinistic point. By that "animal nature" logic men are actually the prostitutes because they are the ones who sleep around in order to spread their seed around lmao! Men have always been more <b>promiscuous</b> than women, and are notorious for being players and sleeping around. Anyways we are not animals obviously, we are human beings. And you just totally ignored my point that in modern society women are independent equal breadwinners to men and they work very hard, as well as looking after kids, cooking, cleaning etc, so your point is pretty much moot. I went to BU awhile ago and dated this bright-eyed hippy girl who was a <b>senior</b> there, studying English literature. She had a promising future. She ended up in California, on her way to getting her PhD UC Davis. Well, long story short, she got addicted to meth. I saw her about a year or two ago, and it was pretty heartbreaking, and albeit she said that she's not doing meth anymore, she told me that she is hooking (she calls in "escorting", like she "escorting her prince to the ball" heh). Looking back at our encounter now, I wouldn't be surprised if she was still on the meth, as she was extremely pale, nervous -just unhealthy-looking in general, and having the telltale signs of being a tweaker. Her doctor had her on some kind of benzodiazepine. She was always a lustful girl, always either had some drug or some cock in her system, but usually both.	Senior	Age - Over 65s	1/158	0.633

To me prostitution shouldn't be illegal only if ur not forced to do it having said that the reason I say it should be legal is because 1.) <b>nobody</b> shouldn't have any say so what you do with ur body2.) being a pornstar is legal and the word pornstar is just a fancy word for prostitute and what is the similarities between a prostitute and a pornstar they both Fuck and get money simple it's a jobNow look notice that anything the government can't make money off of its illegal (lots of stuff WAS (key word was) illegal because of <b>race</b> ) but in this case it's the gov't cant make money so it's illegal, to me I see it as <b>nobody</b> SHOULD sit there and judge someone for being a prostitute or talk shit I say that because <b>nobody</b> on this world is perfect we all don't do what's right all the damn time and also another problem with humans is we never mind our own fucking business we always talking shit about someone or Judging someone when we ourselves aren't perfect. Shit I don't give a Fuck you can be <b>gay</b> , an straight up g, prostitute I don't care and on the real it's none of my fucking business, it's <b>nobody</b> 's business, so it doesn't make sense why people are so worried about other people they need to worry about fixing themselves. Tiresi Kirbae yeah but the foundation of marriage is exchange <b>sex</b> for the husband's money and financial support. Don't see many women marrying broke dudes unless it's a bad boy thug.... Love comes after, but the foundation of any relationship is an exchange of resources. It's how it was in the past and it's gonna be like that till we die out, so the op isn't entirely wrong	Sex	Gender - General	1/68	1.471

Home Steader no the foundation of a relationship is an exchange. I'm talking about human history as a whole, not just about our modern, technologically advanced society. Remove all modern day advances and put men and women in the middle of nowhere, and you'll see all the women exchanging <b>sex</b> for the best men that can provide and protect their territories from the elements, other humans and animals. This is how we evolved from the cave man days and our instincts haven't changed. For millions of years women exchanged <b>sex</b> for the best men that could provide for them, and this institution was given the name marriage. Love is only a recent development, and even now it's still an exchange in the sense that most husbands earn the majority of a household's income cause that's the men women choose for husbands. It's still marrying up if the man earns more than the <b>woman</b> , even if they're in the same economic class. I suggest you read about human history and biology instead of just drawing your arguement from sociology	Sex, Woman	Gender - General	3/178	1.685
Caramel Cupcake,as a <b>woman</b> fuck u!!!	Woman	Gender - General	1/6	16.667
Caramel Cupcake you are right, marrying someone you 'love' is a fairly new concept because it was once based on exchange (what the exchange was is dependent on which culture or populace + period) however, having <b>sex</b> with who you're into is built into human nature and has always been a thing. Some people love people for them and share <b>sex</b> with them because of who they are and how they make them feel rather than what they have to offer; the message I was trying to convey. But yes, marriage has been, and is still in many cases, different.	Sex	Gender - General	2/100	2.0
killaghostface1256 never said most confident men were bad boys, but most bad boys are confident, arrogant and treat women like crap and thats what a lot of women are attracted too, even if said bad boy is vroke. But when it comes to marriage, women don't look at broke men and think "what a great husband he'll make!" No they look for a provider as they should. And did you know that if women are the ones who make more money, a divorce is more likely due to the extra stress on the wife? Financial struggles are the main reason for divorce, so most women don't want the financial burdon of a breadwinner. The vast majority of women select husbands who earn more than them since it's a biological instinct for men and women to exchange <b>sex</b> for financial security, and this hasn't changed in our modern day society and never will	Sex	Gender - General	1/152	0.658

pennypay1 only prob is it just swaps one addiction for another, as an example I used to be a druggy, party druggy <b>nothing</b> like crack or smack, but I'd been doing it for 17 years every day, but luckily I was in a job where been a bit <b>weird</b> (car sales) it was the norm, one day I peed blood and now I take a couple of pain pills on a night for a herniated disc that damaged my spinal cord and a sleeping tablet because most of that 17 years awake an out of it had lost me the inability to sleep , I don't fall sleep any more I just drop after my body can't take no more , but I'm addicted to that sleeping tablet, but if I could sleep I wouldn't be taking it so I see the pill as a side effect , so I scaled down my addiction , she can too hopefully	Nothing, Weird	Age - Youngsters, Physical Identity - Physical (and Mental) Impairments	2/159	1.258

saintly sinner What about the Post Acute Withdrawal Symptoms? Perhaps the 'worst' is over in five to seven days, but my husband (who got busted for 'using on top' and had to taper off 'done before entering drug-court-sponsored rehab) said he didn't feel well for about a year. I have to work. I stock groceries- been doing that for 30 years- and I have spinal stinosis and disc issues that will never go away. The methadone pretty much kills all that. If I didn't already have chronic pain issues that led to dependence in the first place, I might consider a taper. But going to the clinic twice a month is a minor inconvenience. My <b>doctors</b> and counselor are satisfied with the status quo, and so am I.	doctors	Nationality - General	1/128	0.781
Keep it real, Pmpbreeze Ogah. Mandy is hooked on A LOT OF THINGS! <b>Sexual</b> promiscuity; money (a.k.a. filthy lucre); substances (a.k.a. drugs); excuses; lack of self-worth; & her ear on the tip of Satan's tongue as he speaks into her mind these things & everything else destructive to her soul. I'm curious: is there a vowel missing from between the "P" & the "mp" of your channel moniker? Like perhaps an "i"? <p>A word about Subutex and Suboxone (which starts out as Subutex, but contains naloxone to discourage patients from injecting it): I've been on it a few times as three-week tapers (to get me over the worst of my painkiller withdrawals, but tapering almost immediately so my body wouldn't become dependent on Suboxone instead), because that is my HMO's procedure for helping with the initial detox. They will refer to methadone clinics if repeated tapers are unsuccessful. It blocked cravings and sickness just as well as methadone, but without the heat intolerance that I still experience on methadone. I ended up on methadone because I just couldn't deal with the withdrawal symptoms after the Suboxone tapers ended, and would relapse on Oxy right away. Methadone maintenance has an advantage in that it's a clinically supervised program, and if people are still 'using on top' then their doctor will adjust their dosage and their counselor should help them explore what triggers them to use. You have to accept that on the right dosage, you will not experience euphoria (after the first week, anyway), and the point is to feel 'normal', not sick but not buzzed either. Suboxone is a partial opioid agonist, so there is a 'glass ceiling effect' when it comes to highs and there is less potential for it being abused. But it's expensive, and many states still have a 'cap' or limit on how many <b>doctors</b> can legally prescribe it. Methadone is a full agonist; it's possible to get high on it if the dose is regularly increased (but that defeats the purpose of treatment!). Induction is slow to reduce the possibility of overdose. I've only had to go up five mg in the three years I've been on it, and that was because it was absent from my blood levels on a few tests. Methadone is much cheaper, you don't have to scramble to find a doctor to renew your prescription if your Sub doctor retires or stops subscribing it, and most of us are not handcuffed to the building. Take-home dose privileges are an incentive to follow the clinic's rules, and that's the point of maintenance treatment: to live as normal a life as possible. Whether someone ends up on methadone or Subs has a lot to do with income level and how long they've been addicted to opiates. But they both have pros and cons, and some people do much better on one than the other.</p>	doctors	Nationality - General	1/410	0.244

<p>How the fuck can her sister just spend her days driving her <b>hooker</b> sister to random houses and sit outside in the car waiting for her sister's gang bang to finish? I can at least understand that <b>chick</b> Mandy because she is a <b>junkie</b> and she has to make money to get well, but I definitely don't understand how she can just drive around all day sitting in her car waiting for her sister to fuck random dudes. I know this clip was edited, but it seemed like they would leave one house where she fucked multiple dudes and would head straight over to another dudes house without taking a shower or cleaning out her nasty ass <b>pussy</b>, that's just fucking disgusting. The way she just nonchalantly was like "I would rather they tell me there's one dude and then there is four, instead of telling her there's 7 people and there's none." How can you fucking brag about banging 4 dudes and then heading straight over to fuck more dudes? She might be the nastiest, most desperate <b>junkie</b> I've seen on any of these shows. With shows like intervention and addicted there will usually be a <b>chick</b> who will prostitute herself to get her fix, but never have I seen one with a <b>chick</b> who spends her days driving from house to house, and never have I seen a <b>chick</b> who would go to a place where there were multiple dudes waiting to fuck her, but this nasty ass whore actually prefers there to be multiple dudes. Fucking multiple different dudes within hours of one another without showering has to leave her <b>pussy</b> as wide and stretched out and smelling like a dead fish rotting in the hot sun, disgusting ass whore. I bet she doesn't even use condoms with every dude. If she does use condoms with everyone then she has to spend a lot on rubbers. I wonder if there is any dude out there desperate enough to actually call her their girlfriend? <p>Becca Stryker Dear Becca, I appreciate your replyTo your first comment about prostitution, If women passed all these laws then why is it we have ((( today )) ) more crime . . .Think about that for a minute in the early 1900’s America didn’t have or even need a FBI or the other 5,000+ police agencies of today, back then you could leave your front door unlocked, today we have incredibly more crime, terrorism . . . One of the sparks that lead to more crime was feminist (as soon as they got the right to vote) - that pushed for prohibition, thanks to prohibition it opened a market for organized crime which in turn started a need for more police agencies . . . As for your second question, here is your answer:The First Amendment (Amendment I) to the United States Constitution prevents the government from making laws which respect an establishment of religion, prohibit the free exercise of religion, or abridge the freedom of speech, the freedom of the press, the right to peaceably assemble, or the right to petition the government for redress of grievances. It was adopted on December 15, 1791, as one of the ten amendments that constitute the Bill of Rights.The Bill of Rights was originally proposed to assuage Anti-Federalist opposition to Constitutional ratification. Initially, the First Amendment applied only to laws enacted by the Congress, and many of its provisions were interpreted more narrowly than they are today. Beginning with Gitlow v. New York (1925), the Supreme Court applied the First Amendment to states—a process known as incorporation—through the Due Process Clause of the Fourteenth Amendment.In Everson v. Board of Education (1947), the Court drew on Thomas Jefferson’s correspondence to call for ”a wall of separation between church and State”, though the precise boundary of this separation remains in dispute. Speech rights were expanded significantly in a series of 20th and 21st-century court decisions which protected various forms of political speech, anonymous speech, campaign financing, pornography, and school speech; these rulings also defined a series of exceptions to First Amendment protections. The Supreme Court overturned English <b>common</b> law precedent to increase the burden of proof for defamation and libelsuits, most notably in New York Times Co. v. Sullivan(1964). Commercial speech, however, is less protected by the First Amendment than political speech, and is therefore subject to greater regulation.The Free Press Clause protects publication of information and opinions, and applies to a wide variety of media. In Near v. Minnesota (1931) and New York Times v. United States (1971), the Supreme Court ruled that the First Amendment protected against prior restraint—pre-publication censorship—in almost all cases. The Petition Clause protects the right to petition all branches and agencies of government for action. In addition to the right of assembly guaranteed by this clause, the Court has also ruled that the amendment implicitly protects freedom of association.If your have anymore questions please feel free to ask</p>	Common	Social Class - Working class	1/499	0.2

Ryan Phillips Reasonable feminist, here. I don't want to whore myself out and I think every woman's body is her own BUT PROSTITUTION IS SOUL DESTROYING WORK AND I WOULD NEVER OUTWARDLY SUPPORT ANYONE WHO WANTS TO DO IT. If I ever knew anyone personally in my inner circle who wanted to be a professional whore, I'd be incredibly concerned and try to talk her out of it. Anyone who thinks there's positivity and happy endings for whores and prostitutes clearly has no idea what they're talking about, and their lack of boundaries gives progressive ideals a bad taste. Not all of us are into free love, you know. Some of us would like the same stability our grandparents had. Anyone who advocates for prostitution has clearly never met a 13year <b>old</b> on the streets with her pimp. The girls have to try harder to get out of prostitution even if they work in a clean drug free licence brothel, but its been around for 100's of years. Prostitutes children in Paris in 1800's always had better cloths and shoes than the other children who's parent had a normal job but they were different times with no drugs and no pimps. Never look down on yourself always pick yourself up and keep away from uneducated boy friends, Dr. Phill said if you have to live by yourself alone for the rest of your life away from aggressive boyfriends or husbands, there is <b>nothing</b> wrong with that and this can be the right solution. Go to a doctor to seek help from past <b>sexual</b> abuse or verbal abuse, go and see other <b>doctors</b> or a religion group who can help you. Try get any good normal work and do not steal from the boss and behave. 10 customers a day is actually not that many let's get out E <b>old</b> calculator here, \$20 a customer can customers gets you a grand total of \$200. Most low end working girls in Nova Scotia which are much older than her and not nearly that attractive at bare minimum are getting \$40 a customer some of them are getting around 80 and that's working on the street corner the ones where they come to you being driven by somebody charge more. 10 customers in a day would be a slow day for several of the people that I know they usually work around eight or nine hours and in some cases pull off 10 customers in Three or four hours.Usually the customers range between 10 and 30 min. per customer it depends if they're going back to the girls plays or customers place or doing it some place down the street in the vehicle usually they try to get as many customers per hour as possible like I said most of them would consider 10 a slow day and that's pulling in \$40 a customer. Do you know how many jobs I can think of where she'd be making more than 200 and a with about the same amount of work or less. In my opinion she's selling herself way too cheap given her <b>age</b> and appearance plus she's being driven around from place to place not merely working on the street corner would've thought she'd be making summer between 80 and 120 per customer. That's usually what girls her <b>age</b> are charging especially if they're being driven to customers and not merely hanging around on a street corner. Look at it this way. How hard do you have to work for one days pay to earn 1 or 2 hundred dollars? A full 8 hour shift of hard work. She just took that money in 30 minutes. For doing what? Most likely just laying there or at the most spending 10 minutes doing oral. How many guys would do this "job" if they could? The law tries to make it illegal which is just foolish. Because it's illegal it can't be regulated or done in a safe establishment with rules and standards. That's how you get murders, rapes diseases and trafficking against will. The fact of the matter is Selling <b>sex</b> is the oldest business in the world. The fact of the matter is it's still going on today despite the law and popular opinion. The fact of the matter is in 10,000 years if the human <b>race</b> still exists there will still be people selling and paying for <b>sex</b> . There's always going to be a demand for it. There's always going to be guys who can't get laid any other way or guys who are bored with their wives or guys who are just ...horny. It's human. It's being a <b>red</b> blooded man. <b>Nobody</b> will openly admit it but I bet you 7 out of 10 unmarried guys if given the chance to fuck a good looking <b>woman</b> in complete discrete secrecy for a days pay would. Especially if it was easy and legal. So you have to ask yourself....IF Most want it THEN why make it an illegal frowned upon shamefull thing? It's just honesty. It's what we are as people. If it was handled professionally and responsibly then it'd be better for everyone. Especially the women in the business. Great Clasher255 Let me blow your mind for a second. If a man does what he is supposed to, she shouldn't have to work. Like my husband for example. My husband works and I take care of literally everything else so he doesn't have to worry about anything else. Meaning kids, bills, school, cleaning, cooking, literally everything else. In a related issue, if kids had mothers around, kids wouldn't be so attention starved these days out doing ignorant things getting them into trouble. Marriage is supposed to be a partnership if done right. Meaning get up, get out, work and find a <b>woman</b> who appreciates you. The family dynamic in the 50s had it right. <b>Woman</b> and men were shown to be their happiest in that time era because they both had their roles. Men had dinner cooked for them when he got home, and women took care of everything else. A perfect balance. Too bad recent cancerous feminism is trying to destroy the family. That explains why those idiots are so miserable and single. It's def you who should do your homework before assuming you got the answers, hon.	Woman	Gender - General	2/190	1.053

Organic Love the world has changed and developed. Women gained more power nowadays which is better this way. Your description of a <b>woman</b> is based on her being financially depending on her husband which is stupid. I agree a marriage works the best when both split the work and that the children have a special bond to their mothers but it definitely doesn't mean that a <b>woman</b> can't work or be independent or a single mother. Especially you as a <b>woman</b> should feel and think that way (what if your husband would turn out to be a cheater? Does it mean your life is over or that you'd have to get a new husband to be happy and stable? Certainly not!). It's wrong seeking for <b>old</b> times and systems, otherwise newer and better things couldn't be develop.	Old, Woman	Age - Over 65s, Gender - General	4/137	2.92
Organic Love what you find fulfilling is being a parasite that lays eggs and feeds off a host. : No thanks. Your life is not fulfilling in my eyes. You add <b>nothing</b> to a man's life....just unnecessary stress. : Having a family and being able to support them is one thing...howeve, you don't do that at all. You have someone else work, and you add <b>nothing</b> financial to the pot. Kanye West works and Kim Kardashian works. They have children. If one of them dies, they will still be able to take care of the children because both ADULTS established a WORK ethic and income stream independent of each other. That's a partnership. You have a parasite to host relationship to your husband. That is sickening, in my opinion.	Nothing	Age - Youngsters	2/129	1.55

Keep Rocking! I actually do make my own money, dear. Not out of necessity, but because I enjoy contributing to my family's needs and the extra \$ doesn't hurt. Especially considering how much we travel. *Bubble bursted*. Nevertheless, the real issue here is that you're a stranger on the internet assuming you know what's best for me and my family. In truth, your words drip with venom at the thought of a content family successfully implementing the 50s family dynamic you hold so much disdain for. Instead of being happy for a family whose doing well in an <b>age</b> of no family dynamic, you decided to show your true miserable colors. Good. I appreciate your anger. It shows me I'm doing something right and proving naysayers like you wrong while I'm at it! Now let me be brutally honest with you. Assuming you actually work (which I highly doubt), almost every job requires you to be a leech because you're relying on another to sign your bi-weekly paychecks. Don't me with how your run your own business, either. You're not that clever and we both know it. You're a slave to the system like everyone else so you can get off you rickety soap box and get your head out of your arse. You're not breaking any new ground there, kid. I suppose your anger is all you have left to cling to when you're the result of parents who didn't hug you enough and women that won't give you the time of day. Ouch! Truth hurts. Organic Love It's pretty ass-backwards regressive and archaic to still believe that a <b>woman</b> should stay at home and babysit and wash the dishes while the man works. It is not wise or fulfilling to be completely dependent on another human. I come from a city where people work their asses off 24/7 to make things work, we help one another and pick each other up. My spouse and I are both high income career people, not because we have to but because that's what we desire. She can sit around the house and mop and take kids to school if she wants but that would be insulting to her as she's highly ambitious and capable of so much more. Be rose Maryminati people like you make me sick! It's people like you that's ruining this world. No matter how you look at it a <b>woman</b> was made to care for her husband and home and a man was made to work to provide for his family. For as long as I can remember I all I ever wanted was to marry the perfect guy and care for our home and one day our children. People like you though are telling young girls that they don't need to think like that because men are terrible creatures and they should never be dependent on a man for <b>nothing</b> (I know this because I was told that by a family member when I was engaged at 18) and it's that mentality that is keeping women out of the house and working which means they aren't able to be there for their kids or husband as they should be which leads to a unstable balance in the home which causes stress which causes a lot of divorces. <p>Ace Fury 1) if women don't work and want to be homemakers you men call it "gold digging" and women's privilege .. You men cry loud that you are burdened with so much financial responsibility while the women are "just staying at home"....as you define home making. Proves women work to run their families so that you douchbag men can be only sit and eat like cows. As most of you suck to nurture children and doing household cores as well.2)You men who have " worked from the dawn of humanity " suck to fulfill the family financial duties by yourself and go be the excuse of unbearable stress, high rate of suicide among men blah blah blah... To bear the responsibility of breadwinners of your wife and children. You insult women's "honourable" home making duty as "them being financial burdens upon their husbands" you the same men boast on how half a f the population is depended upon you for their living. 3) now the same you want to deprive women of her financial independence so that you can be her master again. Good <b>old</b> days..isn't it???4) you men frequently claim "homemaking" to be a honourable job... But that just back up your opportunistic claim of men being better breadwinners.... The hypocrisy is despite homemaking being a needful honourable job, most men hardly show interest in being househusbands, cunning enough to put it as only honorable for women! Ha ha ha...First shame women for being not able to pay her own bills and call her privileged... Then when she can pay her bills accuse her of being responsible for ' men being losers who can't pay their bills'....Now you shall say women must stop get into schools or collages so that men can get all the seats, women must stop breathing so that men can consume the full amount of oxygen. Huge <b>gender</b> discrimination against women. Same work less pay. Women are unemployed because of men. It that women's fault? Women have full right to earn their livelihoods like men.... Why should women stay deprived of their rights so that you men can earn a penny more? Just because you men "worked" from the time of "dawn of humanity" as per your supposition, how cone that mean women didn't work or will not work? You can't force a <b>woman</b> to be depended upon a man. Stop blaming women for you men being jobless.... Women are more capable and deserving than you men but still get paid less.... Most men just want to fuck right. most women want relationships....so that guy Will act like he wants a relationship and just dump after he gets the ass....but if he got a <b>hooker</b> ....he would get this rocks off. The <b>hooker</b> gets paid. And the women don't get a broken heart and eveyone is happy....now if you're married and getting hookers that's a different story but single men should get hookers.Now most women will probably say something like....Why don't men just man up and get into relationships.....my thing is....Why don't you stop acting like a special little <b>snowflake</b> and give up the cookie, it's really not that serious.....no but seriously why should men have to bend over backwards to give women relationships just because yall want them....fuck that e veyone has the right to live how they want toMost men will say only looser get hookers...and I subscribed to that idea for a long time till I sat back and thought about it.....first: we all know tha time is more valuable than money becuse time we can't get time back but money we can.....so would you rather spend 2 weeks to 2 month or more (if your game is weak) just getting the girl to finally decide to sleep with you or just pay her the cash and get straight to the point?Second: honestly you gotta pay for the date, you gotta dress nice, you gotta act like you give a shit about that funny thing her cat did last night, you gotta pay for the second date...or pay for her drink at the bar or the club....why,not skip that give her the money you wouldve paid for the date and skip the cat stories and get In That jelly asap.Third: and when you feel that the meaningless <b>sex</b> is no longer enough you can just stop and go out and do the real relationship thing. As far as STDs go.... the likelihood of it is pretty much the same if you go out and get girls at the bar.....the world is already a cesspool....just strap up. If prostitution were legal, a majority of these problems would be of no concern. It's her body, her time, her risk. Who the hell does our government think they are dictating what we do with OUR bodies ? Two consenting adults. It is their choice. Don't you people government have enough to worry about in your own lives? Leave prople alone. It's just <b>sex</b> . Try it, you might like it. Geeeze....	Sex	Gender - General	1/71	1.408

<p>Elizabeth Ann Nelson AND ANYONE ELSE WHO BELIEVES PROSTITUTION SHOULD BE LEGAL Let me just start by saying, there is many reasons why prostitution is illegal... Allow me to shed some light on the subject.It's not just a simple 'I'm the government and I don't want you to have fun or have possession over your own body'. The reasons we have laws over <b>sexual</b> acts are for the following reasons:1. Unprotected <b>sex</b> spreads STDs which many times kills people. We have medication to slow the rate down but we don't have the cures for many of them. So you will have them for the rest of your life causing major amounts of medication use and more healthcare needed for all these people with STDs. The number is already bad with prostitution being illegal. 2. Abortion rates. Again unprotected <b>sex</b> can lead to unwanted pregnancies, which either ends in abortions or orphans. None are good for the society. The abortion clinics already have more then 125,000 a day... if prostitution was legal that number would most likely double or triple! That's a lot of people, healthcare, and insurance to cover for.3. Children can be a blessing when you have the means to care for them, but are a burden when you don't. If she has children and wants to keep them (a lot of times to get support on welfare) The amount of children in poverty will triple if prostitution is legal. Meaning many of them will never get out of the projects and most likely end up in the life surround those areas such as gangs, drugs, and above minimum wage jobs.There are many other reasons but as you can see a <b>common</b> theme is all of these issues cause the government to spend money (tax payers money) to pay for all of these incidents. The government made things like prostitution illegal for good reasons. If you want to have higher tax rates because some prostitute doesn't get enough money from her baby daddy and her son needs to eat tomorrow be my guest. Having <b>sex</b> isn't a crime, she can have sec with whoever she wants, but the fact that she is having this amount of <b>sexual</b> intercourse puts her in danger of all of these issues. Which is a burden on the government and society that supports it. Peace man</p>	Common, Sex, Sexual	Gender - General, Social Class - Working class	6/397	1.511
--	---------------------	---	-------	-------

That <b>Weird</b> Kid From High School Yes, your right there is such preventative measures to stop STDs from spreading and unwanted pregnancies, but the reality is many of these prostitutes and their clients are not using them for whatever reason. It's possible that both parties are uneducated in this field and don't really know about the preventative measures they should be taking, or they can't afford it because the majority of them are on a low-income. According to the CDC, STDs in America has skyrocketed to a terrible 76 since 2013... That's more than 1.7 million cases diagnosed with all kinds of diseases, unfortunately, Chlamydia being the most popular... This number is with prostitution being illegal... Single mothers/parent rates in the last few years have now taken 25.8 of all America's population, inside that 25.8 - 35 of them are low-income white families, and a whopping 66 is low-income <b>African</b> American families. Meaning, 1 out of 4 children in America won't be able to read over a 2nd-grade level, these children have over a proven 70 chance of committing crimes and ending up in jail in their adult years. Which is a burden on the community and society as a whole. So no my argument is not "moot" this is the reality of the world of prostitution and unsafe <b>sex</b> in general. It is proven that this community does not act responsibly and this causes a chain reaction of issues that affect many different parts of the government and the country. Elizabeth Ann Nelson see the thing is through out time and history murders pray on prostitutes. The majority of prostitutes are murdered, sold into <b>sex</b> trafficking, or enslaved. Elizabeth Ann Nelson , it's her body - she can do what she wants to I agree nevertheless, she's contributing to cycle of abuse when the men think they can get easy <b>sex</b> by offering money and the girls owe them something so continue to think girls are too easy to get without putting in some work where a gentleman asks and abides by askees decision or waits until permission is granted - it's actually similar with girls as well. <p>Sad Fact: Nearly 100 of street prostitutes are addicts to either heroin, or crack, or both. I've known many prostitutes because I live and work in Manhattan. It's much cleaner today, but the city used to be much different 20 years ago. Prostitutes and drugs were rampant in NYC during the '70s, '80s and early 1990s before Rudy Giuliani cleaned it up and Bloomberg made Times Square a boring milquetoast Disneyland. Times Square used to be a sleazy hellhole. 42nd Street used to be the XXX capital of the country with more strip joints and triple-x theaters than any other place on the planet. Amsterdam? Not even close. Prostitution occurred in all of NY's sleazy porn theaters and book and video stores and peep booths. The girls were everywhere. Ninth and 10 Avenues in Manhattan were downright scary after dark. In any case, I've never known of a sober prostitute. Not one! Some may be temporarily 'clean' or what they call clean, but that really just means they're on methadone, or today the popular opioid substitute is Suboxone. But they're not truly clean and sober. Though they may say they are. Truly sober street-walking hookers, like Julia Roberts in Pretty <b>Woman</b>... that's just patently absurd. That's Hollywood's story of the <b>hooker</b> with the heart of gold. Obviously it's fiction! Most hookers would slit your throat for a little bitty piece of crack. There are no sober hookers with hearts of gold. It's ridiculous to think they exist. Technically speaking, yes, I'm sure 'some' do exist just by <b>freak</b> chance. But I'm referring to averages. Statistically speaking so many hookers are addicts that it's mathematically fair to say almost all prostitutes are addicts. That's how tight the correlation is between prostitution and addiction. It's ironclad. And of course it is. Could you just suck any creepy loser's stinky smelly unwashed sweaty penis? Yuck, barf, and no way! You'd have to be on serious drugs. Who wouldn't be high doing such rotten work, that's the question. In fact, an argument could be made that only the craziest hookers are sober.</p>	Freak, Hooker, Woman	Gender - Female sexuality, Gender - General, Physical Identity - Physical (and Mental) Impairments	3/348	0.862

Maybe in some small state with a low population and easy access to street drugs but not in Michigan, Retro <b>Red</b> . Of course here some of the hookers on the streets here aren't heavy into the drugs but simply trying to make a living. Since SESTA and FOSTA went into effect most of the web-based escorting services have been shut down and those formerly using the internet to turn tricks have been forced onto the street with the crack whores (or are they more correctly called heroin or meth whores nowadays). The <b>chick</b> in this video is also strictly not a street <b>hooker</b> , she was using her phone to conduct business – she might not be able to do that now. mharris1270 I live in New Orleans, so population has <b>nothing</b> to do with it. I know from experience. Online hookers cost more, obviously. But the ones you see working the streets and corners, 90 of them, are on some kind of drug. The ones that are on drugs are the cheapest, because like I said, you can get high off heroin for just \$20. None of these hoes on the streets are legitimately making a living. Using the services of street hookers in Michigan (admittedly quite a few years ago), that is not what my impression of them were. There were "crack whores" on the streets but it was easy to find a reasonably attractive <b>woman</b> offering <b>sexual</b> services. They did cost much more, obviously. In the 90's the minimum was \$100 for a fuck and suck from these women, some charged more. Of course drugs cost much more because state police officials and the courts here take a hard line on hard drug traffickers and sellers – get caught with an <b>eight ball</b> of cocaine or the equivalent in crack/freebase cocaine and you would be looking at a minimum of 15 years in prison in some counties (and we don't have early release) – that depends somewhat on the judge but drug crime sentences are very strict here (meaning we have fewer traffickers and dealers). The first thing people need to admit is that prostitution will never go away. It's been around ever since man developed money and eradication efforts throughout the centuries have always failed. What we need to do is legalize it and move it into controlled brothels. Not only would it be safer for the prostitutes, it would cut down on <b>sex</b> crimes and STD's. Not to mention all the service industries that would benefit in servicing the brothels as well. Next, legalize all drugs. Make Heroin as cheap as aspirin. People won;t need to commit crime to support their habits, or prostitute themselves. Then with all the sales tax revenue, you can build more rehab centers for those who want to quit, and more crematoriums for those who do not want to quit. Will any of these ideas ever happen? No at all. The government employs too many people to fight drugs, and the corporations that service them make too much profit. Fighting drugs is too big of a business to legalize, plus it would bankrupt Mexico.	Sex	Gender - General	1/176	0.568

So what is the purpose of this video?? To bring awareness of prostitution, or to garner sympathy for the prostitute? As far as I'm concerned they fail on both counts.... Everyone already knows that prostitution exists; so it must be for the sympathy... I can't feel sorry for anyone who does this because SHE is responsible for her choices, she chose to use drugs that everyone over the <b>age</b> of 10 knows is highly addictive, she chose to sell her body and dignity rather than seek help for her problem..... So I can not sympathize with her bad choices.... She chooses to be a whore and a cheap one at that, I predict this will not end well for her....And for those who say I have no heart, I'm sorry but I KNOW first hand what happens to a family when one of them chooses this path.... I reserve my sympathy for the family that is left broke, broken and shattered from trying to deal with a child who would put drugs ahead of those who love them.....	Age	Age - General	1/178	0.562

Jake Allison Actually, that was never really much of myth and it's still debatable; it does comes from the bladder, the skene glad is much too small to contain much fluid, and it does contain urine. There hasn't been enough medical studies about it to give a definitive answer. Reading <b>sex</b> and porn blogs about it is not the best sorce for medical information. Besides, any myth can be debunked or proven true. Your comment doesn't prove all myths are wrong.	Sex	Gender - General	1/81	1.235
Also, the negativity you attracted was due to the condescending way you opened your conversation. Radical Feminists do this kind of thing a lot, and it's <b>old</b> . I'm sure you are already aware of this - so sorry for the reminder taking the form of "mansplaining".Here is a tip - Never use the phrases "look it up" or "educate yourself", or any related sentiment. To win minds you must first win hearts.Sometimes it's a lost cause, and if you have to vent than do it. But be prepared for a response.	Old	Age - Over 65s	1/93	1.075
"Do yourself a favor and Google 'vagina myths'"I believe that was the crucial element of the first reply to this comment. Said comment happens to have been written by you. I could be missing something, sometimes my phone does actually leave whole YouTube replies out. Did my phone get me again?Real quick - I never said you were a Feminist.Lastly, if you're replying to the comment to educate, or inspire research, or whatever you want to call it - but you neither build a compelling and cohesive argument nor do you attempt to "win hears and minds", (actually you did the opposite) I genuinely want to know what you are doing here in the first place? How did you hope to succeed?Let's pretend you were talking at a legitimately bigoted, sexist, Trumplike (you get the point) person. Would you have changed his mind? This is an unreasonable person we are talking about in this fictitious scenario - there is a better question.Could you have changed his mind? Would he, upon reading your comment, lift himself from his soiled, stagnant ignorance with the assistance of Google and that girl that replied to that YouTube comment? Would he suddenly realize, after being told to educate himself (and doing so) that he needs to change his ways? Will he wake up a better man? Will he die an <b>old</b> man filled with the regret of a shameful youth squandered leaving lewd comments on three minute internet videos?I don't think so. And I don't think I've changed your mind either.I continue to hope you learn to present your case better, regardless of what side of any conflict you desire. I don't care that you share my opinions. I do care that you abandon regressive argument tactics in favor of sharper tools to convey your thoughts. The guy from the Internet whom you will forget	Old	Age - Over 65s	1/318	0.314

Most prostitutes do what they do for quick money. They lack the skills or qualifications for a decent job so they take the easy way out. And unsurprisingly so, a typical prostitute where I'm from (Australia) can easily make upwards of 100k in declared income (who knows how much in undeclared cash). While people like to perpetuate the narrative that prostitutes are mostly victims forced into it, it is hardly the truth in developed nations these days. You would be surprised by how many <b>sex</b> workers have impressive investment portfolios.	Sex	Gender - General	1/90	1.111

Then, there is a lot the family could do to try to intervene, even expressing their disgust, instead you have a ignorant mom who'd rather be <b>blind</b> and let her daughter whore herself for smack, than to accept reality and try to deter her. The sister is enabling and supporting the behavior, reaffirming the whore's actions, she is an accessory to crime. While, personally, I think this behavior should not be socially accepted, the fact is, it's illegal...and there are all kinds of slippery slopes we could go down about illegal activities that would be so much safer if they were legal, but that doesn't solve the issue. +Nationalist Socialist "There aren't actually any prostitutes" Cuba, Vietnam, and North Korea all have THRIVING <b>black</b> market prostitution operations."is gone, so women have no reason to go into prostitution to earn more money"... even in a full <b>communist</b> country women will still give <b>sexual</b> favors for things they want, such as food, protection, influence, and other goods and services... they will even use it just to have power over men. We see this in marriage, where women often use <b>sex</b> to control/influence their husband (even in situations where the <b>woman</b> manages the house funds and has no monetary gain from it).I disagree that she is doing it to survive (she could get a regular job to survive like everyone else... or live with her parent (unclear if she does or not)). I also disagree that she is doing it for greed (she isn't making much money). She is doing it because it is EASY... she gets what she wants (money for the things she needs and her drugs) in an easy way. People will still have non-resource wants... back massage... being treated nice... respect... becoming a part of a group. Wouldn't it just be both humane and sensible to medically provide her with the heroin she needs, so that she isn't forced to prostitute herself and give her some form of counselling therapy.That way she isn't supporting the illicit drug trade and the drug dealers and prostituting herself.We need to think of new solutions to these kind of problems because the <b>old</b> solutions never worked.One definition of insanity is doing the same thing again and again but expecting a different outcome, and that is precisely what the war against drugs has been doing for so many decades.It is beyond stupid, and I, for one, am wholeheartedly sick of it. Neal Damiano again: the question is what do you want to accomplish with any form of sentencing?is it giving you satisfaction to punish someone that has done something wrong? is it prevention? what is it? you seem like the kind of guy that doesn't ask himself those kind of questions. you seem driven by emotion and feelings. that's not really the place you want to be when coming up with laws.if the main goal you want to achieve with sentences in penal law for example is prevention, it's not "the harder the punishment, the better the prevention". you guys still kill people, that doesn't really prevent too much crime, does it? otherwise the USA would be more safe than switzerland, since we don't have the death penalty. harder punishment does not mean less crime.so what do you want to do with a <b>drug addict</b> that prostitutes herself? yes it probably was her choice in the beginning, there's all sorts of circumstances that can drive someone into drugs, she might as well just have been an idiot for trying them. so now you have the problem, what do you do? leave her to die in the streets because she chose to do so? put her in jail? there's a lot of options.what do you do and why do you do it? what do you want to accomplish? do you know what you're doing accomplishes that what you want? is it the best way? and if it is, how can you tell? are there any studies?bottom line: never stop questioning yourself and your opinion about all things. it doesn't have anything to do with intelligence, it's a human trait to feel like something is true, when it isn't or you don't really know. gotta make your homework and objectively analyze the situation and then make an educated decision. the knee-jerk reaction of "FUCK HER IT WAS HER CHOICE" isn't the smartest thing to do. can't let pride get in your way either. Neal Damiano so your choice is doing <b>nothing</b> ? that's a decision. the question is why and what for then? you're most likely going to be confronted with behaviour you don't want if you do <b>nothing</b> . do you still want to do <b>nothing</b> about it? you could.(i got a feeling you don't follow me here, no offense. i'm interested in finding a solution to solve the problem of people being forced into illegal activity, generating costs, being unable to live their life properly, etc.you seem to be interested in pointing your finger at her going "bad!".we might end this conversation here just as well, <b>nothing</b> will come of it)	Nothing	Age - Youngsters	4/111	3.604

<p>Zim is correct, Neal.USA jails a larger proportion of it's citizens than any other country in the world.Than any <b>communist</b> countryThan any other fucking <b>banana</b> republic.It is expensive to jail people.Not only that it takes them away from being a productive member in society and it ruins families.Rather ironic in a country that thinks of itself as the land of the free.Bad solutions or non-solutions are expensive.It is ignorance that is destroying your country.</p>	Banana, Communist	Ideological and Political Identity - General, Ethnicity - Asian (East-China, Japan, Korea, Philippines, Vietnam)	2/82	2.439
<p>Neal Damiano so no opinion on the actual issue then? the fact that making things illegal generates more problems? i see.the whole morale angle.. i leave it to you. it's completely irrelevant to me if someone wants to earn money being a prostitute or not (under certain circumstances like having reached a certain <b>age</b> for example). bottom line: is this something you want the government getting involved in?another one of those examples where the land of the free isn't really so free, is it? the real question lies here: just because you personally think it's an immoral thing to do, it should be punishable by law? being held accountable because she wants to suck dick for money and a guy is willing to give her money for it? is there a debt to pay to society? i fail to see it.</p>	Age	Age - General	1/143	0.699

Broch Slanders but thats cheaper than her committing crime for the money and all the criminal market (and at the top terrorism) and the cost of law enforcement to catch them and jail to punish tgem all because its deemed "illegal" so like cannabis one day its a criminal offence, but not the next, thats where its so different from other crimes, fraud isnt gonna be made legal tomorrow nor violence not burgalary nor dui, but drugs laws just get changrd when we realise the cost to society of making it a crime and correcting it, and when they celebrate a "big bust" a big bust of what?, a fuckin plant! in fact a WEED! thats why its called WEED!, so we create a problrm bu criminalising it then spend fortunes clearing up the crimes we created!, its absolute insanity to provide such a money making tool for crime, all drug related crime could be stopped tomorrow if we had brains enough and balls enough. and if you think thats wrong because of the harm it causes then first we have to clean up alchohol and tobacco that do far more harm but are the exact reverse of drugs, they are legal because we say so!, whilst we are in that subject look at what prohibition did for <b>alcohol</b> , so why are we thinking it could eork with drugs. No one is advocating getting an std silly kiddo. Your simplistic statement of "you will die before you can spend your money 'cause stds will kill you" is just <b>dumb</b> ...As I already pointed out the only "deadly" std is hiv, and that gives you a 40 year life expectancy. If you are a <b>gay</b> man having unprotected <b>sex</b> or an iv drug user, worry about hiv. TheSubatomicfarticle You sound like the sexist to me. In fact your <b>misandry</b> is showing. The vast majority of females cannot love a man for who and what he is, rather she sees him as a utility, a source of supply. She can only love him for what he can do for her. This helps explain why she is only as loyal as her options. It's also known as "hypergamy". Perhaps you've experienced it ? If not keep your eyes opened. Lastly tell me what a <b>woman</b> brings into a marriage that I can't acquire without marrying her ? Also by you not answering my query is an answer.	Misandry, Woman	Gender - General	2/108	1.852
Rock 'n Roll Daddio in what way is my <b>misandry</b> showing I'm defending women here? <b>nothing</b> , you can acquire the same things without marriage, marriage is just a scan ... but she can give you love, be your soulmate, know the true you ... but to be frank, I do think there is a big part of women that want what your saying, security and what he can do for her it's built in them since the good oul cave dwelling times, but many girls think emotionally and I think mostly what they want is affection	Misandry, Nothing	Age - Youngsters, Gender - General	2/96	2.083
TheSubatomicfarticle You are a man hater because you're trying to belittle a man's natural power. Plus, you seem to think a female brings tons of good into a marriage. When I read your post I thought, "where are the buckets ? There has to be buckets, where are the damned buckets ? Surely there must be buckets with all this horse shit he sent me".A soulmate ? (whatever it is) I'm sure I can find that outside a marriage. Plus, that's a piss poor excuse for getting married. What are the benefits for a man in marriage ? Even YOU are starting to see and agree with me there are NONE for a man. Marriage benefits WOMEN. Divorce also benefits women because she gets half of EVERYTHING. As you can now see, I'm not a <b>misogynist</b> . I'm a realist telling the truth. P.S. the only love she can give me is by what she decides she can take from me. I know she merely sees me as a utility. Therefore, I'll never get married.	Misogynist	Gender - General	1/175	0.571

<p>TheSubatomicfarticle All I been asking is what does a <b>woman</b> bring into a marriage that I can't get outside of a marriage ? For this question I've been attacked by no less than 3 individuals. I've been falsely accused of being a <b>misogynist</b>. Plus, whatever name you called me. I too have been accused of being hurt and/or bitter. Sheesh, I'm here to let all the guys whomever reads this in the next 1000 yrs. know there is no reason to commit to a <b>woman</b>. He can get any and all benefits from her without getting married. If he wants to "tie the knot" I want him to know he's in effect handing her a virtual ax and giving her permission to use it.</p>	Misogynist, Woman	Gender - General	3/124	2.419
<p>Rock 'n Roll Daddio I completely agree anything you want you can get without getting marriage, you don't have to sign a form to make "love" official ... honestly though I don't even know why I had an outburst I love to play the field a bit ... don't know just thought you were hating on the idea of a <b>woman</b> being beneficial to someone or something ah I don't know I wouldn't worry about it anyway ... good luck man, keep that axe close at hand</p>	Woman	Gender - General	1/89	1.124
<p>Abby Lowe I agree, she's a damn fool. She should simply shack up with about 10 of those guys and have them support her habit. We can then call them, "married". After all, what's the difference between selling it to one's spouse and selling to other's when one is single ? Seems the only difference is in the name "wife" and "prostitute".shereen</p> <p>Says the <b>woman</b> whose face is painted like a clown trying to seduce the next victim/man. Obviously you're trying to attract men by seduction not on merit. Don't kid yourself, babe. You mean divorce isn't a bad idea don't you ? I'd like to see how "self sufficient" most women are when emotionally they're crippled without a man. Let's see you build an entire society. Let's see a female population successfully thrive on their own without men. Let's see how "strong" you "liberated" females are when left to your own devices.Name me one matriarchal civilization throughout the entire history of mankind that has survived. Hey,name me one civilization that DIDN'T collapse in a very short time after feminism was introduced. Look how the average female kills off love inside her marriage. An estimated 89 of all divorces are filed by women. And do you see how she kills her own children ? (abortion) An estimated 2-1/2 billion deaths in the past 40 yrs. So, most women thriving on their own ? Don't be ridiculous. Also tell me what you've done and/or are doing that makes you so "equal" to that of a man.</p>	Woman	Gender - General	1/257	0.389

Hayley Maree Lol I'm speaking what other women speak, it has <b>nothing</b> to do with arrogance. Yes there are more bi women then straight women, but guess what? Most are still under 25, and of those who are bi, most go back to men in the end. I see more man-man couples, than female-female couples, despite the fact there are more women who are sexually open, because most women don't take those relationships seriously, they are simply in a phase. You're coming off as a sexist/feminist cunt who is completely ignorant on the subject, deal with it. Women are mentally more unstable, emotion favors over logic, and they are physically inferior, that is fact. Your opinions on it are irrelevant, that is proven. You aren't being attacked, you came on here with intentions to start something. Your blood type has <b>nothing</b> to do with your physical/mental abilities, that alone proves your whole argument is full of bullshit. You don't know what you are talking about, period.	Nothing	Age - Youngsters	2/166	1.205

Hayley Maree "I'm entitled my opinion" typical cop out, and it means <b>nothing</b> ... It doesn't mean you are entitled respect for it, so there's no point in stating that in this situation. And when you started talking about blood type and physical/ <b>mental</b> ability, you implied those as facts, and they were false. You aren't a troll, and you aren't being sarcastic, you actually believe the things you've said, and that's the problem. Congrats on being infected by 1st world ignorance and over entitlement. FazyCruck That's not how it works, sorry. Rape is about control, so if a person wants to rape another person, then that's what they'll do, most of the time it has <b>nothing</b> to do with <b>sex</b> . Or if it does, the guy in question likely won't be able to get off unless the <b>woman</b> is being forced against her will. Think about it, how many prostitutes have been raped/and or murdered? Most street prostitutes have been raped in their lives, usually by a John. They make for perfect targets because they won't go to the police. That's part of what makes that profession so dangerous. As far as child rape goes, if a person is attracted to children, then I highly doubt an adult <b>woman</b> would do anything for them in that respect. And again, rape is about control, not <b>sex</b> . Lack of access to <b>sex</b> has <b>nothing</b> whatsoever to do with <b>sexual</b> assault, whether the victims are minors or otherwise. Some of the biggest playboys could turn out to be a rapist, and this has happened on many occasions. This is a very false, and really dangerous misconception about rape and <b>sexual</b> assault in general.	Nothing, Sex, Sexual, Woman	Age - Youngsters, Gender - General	9/196	4.592

All you need is Kayla's last name and you can pull up her arrest history. All arrest records in Maryland are public record and can be accessed online on the Maryland Judiciary Case Search website.
