I have been in Qatar I was working there and problem is with the uneducated traditional kind of qataries but you will find really decent educated qataries from here and there they are really humble despite with all that money cos I have not seen a qatary that is poor i have been in UAE as well and emiraties are good people cos most of the new generation have studied abroad or have studied well inside the country and their attitudes are way more different than qataries and sometimes more worse are the ones who are mixed like Egyptian qataries you should pray that you will not get a house to work with people like that overall it's always the Asians who get treated like this Nepalese, Filipinos,, sri lankans,, Bangladeshis are the common ones since other countries such as India and Pakistan want send their woman as maids and I don't like the fact qataries give their maids a uniform to wear even in outside that's really harsh it's 21 century now you can't treat people like slaves	Common, Woman	Gender - General, Social Class - Working class	2/179	1.117

You may think you treat them like family, if they can't go home or out of your house alone they are slaves. If sex is demanded and they don't want it they are slaves. If they cannot make their own choices, no matter if you think they are wrong, they are slaves. If you accuse them of wrongdoing and don't let them explain they are slaves. It doesn't matter what YOU think. It is what THEY think. If you do not respect them, pay them a fair price and allow them to have a private life you are scum. And they are slaves. <p>The economic right of a woman was denied before Islam and continued to be denied in secular cultures after it, only being awarded to women as late as this century. However, over 14 centuries ago, Islam gives the women right to personal ownership and wealth.</p> <p>Islam gives them the right of inheritance whereas in some cultures, women are considered objects to be inherited. Without her, the future generation would lack the healthy moral conscience that is needed for success and stability of any individual and community. Professionalism, hard work and loving commitment are the natural skills that a woman as a mother, imparts. However Muslim women are free to pursue employment if they are able to, and with the agreement of their husbands if married. History is witness to Muslim women's contribution to civilisation in various professions such as teaching, medicine and other fields. Paradise lies at the feet of their mothers.</p> <p>May Allah inshallah guide the maids and victims to Sunni Hanafi the authentic and true version of Islam and ultimately to paradise.</p>	Woman	Gender - General	2/174	1.149

<p>Arabs Arabs Arabs.Slavery and evil treatment of foreign maids/sex slaves happen only in Islam countries from East/West/Central and North Africa and the Arab/Gulf states.You will never find such uncivilized evil stone age practices in Western/Christian societies bcoz the Holy Bible teaches people to Love one another, even to love their enemies, to love all people bcoz every person is the creation of God made in the image and likeness of God.Under Christian civilized values there is no lawlessness, no slavery, no human trafficking, no trampling on human rights and freedoms of people. On the other hand such evil practices happen under Islam.Quran teaches hatred and violence and commands Muslims to kill non believers and Infidels.This is the reason the Arabs have no respect for other people and races and dehumanize people who are not Muslims.It's clear therefore that the Jewish/Christian God is not the same as the Islamic Allah.Islamic Allah is false god, he teaches you to kill non believers. Only a false/fake god can incite violence against non-believers.The Jewish/Christian God teaches Love, Peace, Humility, Meekness, Morality, Uprightness and forbearance.</p>	Age, Quran	Age - General, Religious Identity - Muslim	2/188	1.064

Just compare how slaves were treated on the basis of the values of the West (Christian founded) and the Middle Easr (Islamic founded). While American slaves got their freedom and eventually even one became President, all black slaves (East Africans mainly) were first castrated then always killed off and that's why they don't exist there. The grand children of these slave masters inherited the murderous spirit and reason for this kind of treatment. Allah is Satan, and is the only description of the reason for the rampant murderous hearts against others. So evil, so diabolic, so wicked, so inhuman, so despicable, so deplorable, so demonic. Yet another story from the Gulf. If there are any Qataris on this channel, you people need to work very hard on fixing your country's image. There are horror stories everywhere from maids from Africa and other countries. Some even have to be helped to go back to their countries than stay under hellish conditions. A Black Muslim is treated wayyyyy better in the uk and other European countries than their own Muslim brothers and sisters in the gulf. Why? The only reason some of them are coming to your countries is to make decent lives for their families back home. You have been blessed with wealth and gold and diamonds and flashy cars and sky scrapers in this world but REMEMBER Walahi kullu nafsin zaikatul maut(every soul shall have a taste of death) and indeed you will return to Your Maker. Most of you might be aware of this issue but silently stand by, you will be questioned insha Allah. No condition is permanent and there are TOO MANY complaints! God is not sleeping. 72 virgins You said 1,400 years of continuous inbreeding and this is wrong just because many Arabs marry their cousins doesn't mean that Arabs have been inbreeding for 1400 years ..contonious inbreeding happens between some families and tribes but not all Arabs and now most Arabs can marry non relatives ..I'm an Arab but my great grandmother was Indian and wasn't a relative of my Arab great grandfather and my parents are not relatives and A lot of Arabs are not inbred which means that we haven't been inbreeding for 1400 years.My mother is Qatari and her IQ score is 163 Which means that she's a genius and and there are many Smart Qataris so these statistics are wrong 78 can't be the mean IQ of Qataris.(These statistics also say that the mean IQ of Sudan Is 71 while most Sudanese I know aren't stupid and some of them are smart...I know that most of Sudanese are Africans and not real Arabs but if the statistics say that the mean IQ of Sudan is 71 it means that these statistics are inaccurate).Arabs are not inferior beings there are a lot of Genius and intelligent Arabs from the Arabian gulf who are smarter than you.And all what you said has nothing to do with my comment I was just saying that not all Qataris are like that bad people but you talked about inbreeding,IQ levels of Arabs,oil..etc and described a whole ethnicity as inferior beings while there are a lot of people who are smarter than you from this ethnicity .So I think that you are very stupid and have a very low IQ level because what you said is stupid Bullshit and has nothing to do with my comment. I am writing this message to all brothers and sisters in Qatar. You are all Muslims and Islam does not teach you or give you right to treat any human being so badly. You have to respect all human being and specially be good to the poor. Pay them in time, be good to them, provide them with proper food, do not make them work extra hours than what is promised and treat them with dignity. Please do not be a bad example for the whole community. If Allah s.w.t. has blessed you with wealth than be kind and benevolent to every human being regardless of ethnicity or religion. Please, Please my brothers how can you be so cruel to human beings. Allah s.w.t. created you and created them too so learn to be merciful. If you continue to be cruel to people under your employment you will face Allah s.w.t. and you will not be able to enter Jannah. I am a Muslim and totally condemn anyone who behaves like this with poor people. The Prophet s.a.w. said an Arab is not superior to a non Arab and a non Arab is not superior to an Arab. Brothers fear Allah s.w.t. and be merciful and don't take advantage of these poor people who have families back home to take care of. Being good to another human being is also a Sadaqah e Jariya. If you cannot be good to them let them go free. We are Ummat-e-Nabi s.a.w. we can only be merciful and just. Please be good human beings that they may be impressed with your Akhlaq and come towards the deen. All praise be to Allah s.w.t.	Ethnicity	Ethnicity - General	1/280	0.357

Aziz Bob And how are you sure that this video isn't all lies. And btw if the police caught this woman she will be returned to her counrty. Also think about it its impossible for her to drive in the streets without her Driving licenes because there are police all around Qatar checking on people. And no im not lieing our maid salary is 2200 rials each month.	Woman	Gender - General	1/68	1.471
I am no lover of Islam but I do like the middle east. I go there often and I can tell you to regard what is said with a pinch of salt. Of course I believe her salary was not what was promised but the Filipinos know that can happen before they get on a plane. Speaking of this, she admits herself that the worst thing that will happen is they will deport her back to Manila with a travel document. Problems solved for her, she will have to get a job in her own country just like millions of others do. Qatar does not owe this woman a living or citizenship. It is only soft Western Nations that have problems telling people to leave if they can not support themselves or do not have a job.	Woman	Gender - General	1/137	0.73
NoFaithNoPainyou sound like a wahabi living in the gulf. isnt it bad enough that they have a bad human rights system, to the point where she had to flee from her job? Yes, it is true indeed that she does not have to be there but should a country built on the servitude of migrant workers not have a slight sense of gratitude to its labour force? Lets be realistic, this shit does not happen in the west, this is very much central to the cultural implications of the Qatari's and what they deem acceptable. Coincidentally clashing with the traditions of much of the developed world, but not their neighbours in the gulf? Hmm. JustSaying . Concerned humanist, peace. <p>This woman should come work in our home. The maids have a fridge full of their choice of foods, they have their own room, they can cook in our kitchen, the salary (depending on how long you've been working) ranges from 800 to 1800. I feel so sorry for this lady, I've seen fellow Qataris treat their maids like crap. And this sucks. We, the other Qataris, should be standing up against this.I had gone on a vacation to France with my family not so long ago. And during breakfast in the morning, our maids had gone off to get their food so they can fuel for a long day in Disney Land, and my father was off doing God-Knows-What. We saw an Arab woman with her children having breakfast. Her two maids asked if they can get any food, she refused. Several times. My mother gave her very....strongly worded...advice. Telling her that she'll end up in hell if she ever does that.The woman ended up apologising to her maids and she seemed to have gotten very effected with what my mother said because she thanked her many times for confronting her. Moral of story: Always speak up when you see injustice. Even if the people committing the injustice are from your own race/religion.</p>	Woman	Gender - General	3/216	1.389

U DONT TREAT PPL LIKE SHIT JUST BC THEY AREN'T UPTO UR STANDARDS!!!! it has nothing from having being confronted towards for her to have learned her lesson.....any other NORMAL SANE INDIVIDUAL WOULDN'T HAVE MISTREATED THOSE MAIDS AND WOULD HAVE OFFERED TO BUY THEM THERE MEALS.....each one of u are all fucked up in the head.... <p>CanadaTJ86 sorry you know nothing. (Game of thrones reference.)You can't look at a foreign country like Qatar in an Arabic world and expect it to run the way we do in the west. In Qatar they don't look at things the way we do in the US or Canada. Only 20 percent of the people living in Qatar are Qataris the rest are ex-pats. It's a very different world there. Sorry to bother everyone but I am requesting an audience with you on the topic of Labor Exploitation in the Preparation for the Qatar World Cup (video I created). The reason I'm fighting this is because I'm just a 14 year old kid and some people even younger than me are dying every day. I know most people are like, who cares what I think, out of hundreds of people, I am just one person. But I am asking for everyone's help to let everyone know that 1.6 million slaves have not been forgotten. Even liking the video and subscribing makes an impact, and only together with the good people of this world, do I firmly believe we can make a difference. Please go watch my video!Thank you!my video: Labor Exploitation in the Preparation for the Qatar World Cupfor my essay on the topic: [LINK]	Old	Age - Over 65s	1/148	0.676

anabella vales How come filipinos keep going to all these awkward places were no one should really go? The middle east is Islamic conservative & not recommended to go to. I'm sure she spread her legs for several arabs there that paid her for sex , then denies it. What these Asian people are doing is useless & comfortless. Well, Mexicans & other latinos are poor too but smart enough to stay out of the crappy middle east.	Sex	Gender - General	1/77	1.299

1. There is no hell. Even many catholic and evangelic clerics don't believe in it anymore.2. If it exists, god (who doesn't exist either) isn't any better. A guy who sends many, many people without sense to torture chambers, just to satisfy his/her own sadism....and you worship that guy? Poor Germany!——These guys are already punished enough by being such awful humans as they are. You must be a really cognitively-poor person if you abuse your housemaid as a slave. And you must be a really sexually-frustrated man without any self-esteem if you want to have sex with a person that you despise so much that you treat her like a slave. No wonder if you raise up in countries like Qatar or Saudi Arabia that top even the USA oder the Vatican in terms of hypocrisy many times over.	Sex	Gender - General	1/142	0.704

I'm Qatari and i feel really sad to see these kind of treatments, I think the people who treat other humans like shit should be treated back in some way as shit !, I have a maid but we give her Day-offs, She has her own room, a laptop i bought her, a TV and a Blackberry phone, i think she's happy enough with what i provide her, she just works for 6- hours and maybe in the 2 hours she's just ironing the clothes, which we set-up a room for that and a huge comfy chair for her to sit on when she does that, sometimes she falls asleep because she's too tired but i don't wake her up, A human is a human no matter what nationality he is, We treat her like she's a sister. I wish people would speak out more about this and be advocates for people like you. That's what you need is an advocate. Perhaps you can find help on Twitter with others. Go there & do searches. KhalidA GOD bless you and your family. Yes there are wonderful Qatar families. I have had the honor of treating them when they come to the United States for surgeries. Even though Qatari physician are totally equipped to do surgeries, their government used to offer to them Qatar or the United States. I have encountered some nasty people throughout the Middle East, but I cannot condemn people because someone with the same culture mistreated us. A Qatari family once told me that they hid the maid from next door. She ran to our house, because she was friends with their maid and the daughters. She confided in them that the master in the house used to rape her, and when his boys got old enough they raped her too. They used to beat her in the middle of the night and the neighbors would hear it. They would call the police, but nothing was done. When she ran away she hid in their house in their daughters bed room. They were very well connected and they got her passport back from immigration and they sent her back to the Philippines. She now works in Beirut, and her family takes her with them to London in the summer, while the kids are in camp. She even went to Paris on the weekends with the mother. They buy her lots of things, but when they travel to other countries they cannot take her because they have to get her visas which take forever. She always thanks the Qatari family that saved her.
