America Woke up. Our thirst for knowledge is unstable. When the blue check mark Atheistic Jews started appearing on Twitter in 2015-2016 pretending to be Whites telling White people to denounce their whiteness to minorities and Jews. We stated looking deeper into them and we found very dark well hidden things about them. Things we would have not noticed had we not awoken. We have the logs. We have screen capped and archived everything. Lets talk about Russia & Jewish History since I can easily back everything up with names and documents. 1931 the US state department published a three volume report on the origins of Communism in Russia, reveals how Jewish controlled German banks; under the leadership of Max Warberg conspired as early as 1914 to send large Payments to Lenin, Trotsky & others in their attempts to take down the Czar. As part of this conspiracy, Jacob Schiff (Head of of the New York banking house Kuhn, Loeb & Co.) invested at least \$20,000,000, which would be around \$1,000,000,000 today t-words the establishment of Bolshevism in Russia. In its article about Socialism, The Jewish Encyclopedia published in 1905 freely admits: "Jews in Russia were a Right For Revolution." In Russia, It; Socialism had become a movement of the Jewish masses. The later Encyclopedia, Judaica (1971) Tells us: "The **communist** movement and ideology played an Important part in Jewish life, particularly in the 1920's, 1930's and during and after World War 2." The Judaica (1971) in fact presents an Extensive List of the most powerful Jewish leaders of Bolshevism, Which included: Trotsky, Sverdlov, Serebryakov, Kamenev, Litvinov, Kaganovich & many others. The Judaica also tells us, how many Jews filled the **Communist** ranks. It says: "Antisemitism drove the bulk to Russian/Jewish youth into the ranks of the Bolshevik Regime." When the white Russian patriots heroically attempted to regain their freedom from The Jews, The Judaica says: "Compact Jewish Masses were utilized by the Bolsheviks' to suppress such counter revolution." Clearly Jews and Native Russians were engaged in a death struggle over the destiny of Russia. Unfortunately The Jewish masses won. In 1918, Intelligence services of the Western Powers were buzzing with reports that Communism was an international conspiracy fomented by Atheistic Jews. British, Dutch, American & other intelligence reports confirm that Jews filled the Bolshevik ranks, that as much as 75 of all Soviet Commissars were Jewish. In the Illustrated Sunday Herald of February, 8th 1920, Sir Winston Churchill commented on that had almost become public knowledge. " There is no need to exaggerate the part played in the creation of Bolshevism by these international and for the most part Atheistical Jews. It is certainly a very great one." In the decades following the revolution the question became, How much influence did The Jews still exert on the Soviet Experiment? Although many of the Jewish Kingpins in Bolshevism perished in Stalinist Purges in the late 30's. None other than Nikita Khrushchev gives us an eye opening view of how many Jews were still in the Soviet Government. Speaking to a delegation of French Socialists, Khrushchev admitted in 1956: "The government has found in some of its departments a heavy concentration of Jewish people, upwards of 50

Stranger Nazism is the opposite of globalism. In fact, Nazism was created to oppose globalization. So why shouldn't Nazism be appealing to people? In what way has globalization been better for the West than nationalism ? All the evidence of the world shows us that globalization has been a disaster for Western countries. Virtually every Western country you can think of is in economic, demographic, social, and political decline thanks to globalization, so why would people not be drawn towards Nazism? Not Sure What we really need is what happened in Germany a right wing rise to power, sadly it would be very hard to do so. The only real way to do it would be start a Reveloution. And such things could only happen in America. It would be very hard. And most right wing groups are racist idiots with guns. Instead of this stuff we should be putting up posters and Trying to get headlines in papers telling the truth and trying to explain our goals. Putting a Swastika on a wall or shooting Jews proves nothing . But putting posters up explaining National Socalism and why it's good, or something Similar could actually have a semi impact. The only way things will get better is when things get worse. Either A: Jews gain their grip and people start revoltingB: Iran attacks Israel with Nuclear weapons.The only people with actual culture are the Islamic state. They are fighting a Holy war from medivial times in the modern age . Even if some things they do get pointed out by media they make big deals of everything. Can someone answer this question if the world has finally admitted that Jesus wasn't White, how is it his chosen people the Jews that you see today are still White? I never heard of a cover-up or lie throughout history where only one part of the story is a lie but everything there after is the truth. Another thing what makes the Jews that you see today God's chosen people they don't have nothing from birth other than their own privileged that makes them stand out from anyone else I like black people where is obvious who got Isley. Of when he created the Sun lol Unless God invented sunblock the same time he invent in the Sun. And all the other things that black people have straight from birth no matter their income that was given to them by God whether it's the ability to learn to walk sooner at Birth, the ability to hold their head up by themselves, the ability of strength fast reflexes the ability to turn the sun into energy oh, the ability to have a functional pineal gland in the center of the brain. I just want to know what makes these people with recessive genes God's chosen people? Thousands of Jews would attempt to install the same Soviet-style Bolshevik government that had put into place in Russia. I'm more concerned about how Jews seem to have an increasing sense of superiority over all non-Jews. Please read this very disturbing quote from the former Prime Minister of Israel, Menachem Begin, as he describes the place of Jews above all others and then question why the 3 biggest Jews in government, Schumer, Pelosi and Feinsteinn have worked SO hard to weaken, destabilize, and endanger our entire country:'Our race is the Master Race . We are divine gods on this planet. We are as different from the inferior races as they are from insects. In fact, compared to our race , other races are beasts and animals, cattle at best. Other races are considered as human excrement. Our destiny is to rule over the inferior races. Our earthly kingdom will be ruled by our leader with a rod of iron. The masses will lick our feet and serve us as our slaves.' — Menachem Begin – Israeli Prime Minister 1977-1983.	Race	Ethnicity - General	3/159	1.887

<p>Long story short - Chuck Schumer (JEW), Nancy Pelosi (JEW), Dianne Feinstein (JEW) were the principle people responsible for the total breakdown in our democratic institutions because of their sick obsession and lust for power. They showed us that anyone can be guilty at any time, with no presumption of innocence, whenever some kook levels sexual assault charges against a good and decent family man. Why? POWER!!! They obsess over the POWER!! It's an addiction I can't relate. I simply can't and I'm happy to say that as a popular and well-adjusted member of society, I have never wanted to desired the ability to lord over others. However, additional research proved to me that this obsession with power was not just limited to these 3 Jews. In fact, it's been an important goal for Jews since the early 1900's to create a globalist society in which they are the only Caucasians (note Jewish George Soros paying for the boats that just keep on flooding Europe with idiots from Africa and other shithole sandboxes). The ultimate end goal is for them to rule over all others, because their "administrative" brains naturally predispose them to best rule everyone else. That's almost as arrogant as the whole "chosen" thing they always try to convince everyone is really referring to positives and not the more realistic proposal I came up with in which "chosen" is actually another way of explaining they were singled out and punished for their Jewish behaviors. The punishment includes being limited to the relatively small area in the sandbox known as Israel, while all others are free to roam the earth anywhere they please. Further, I now think it's very possible that an additional way they were "chosen" to be punished was with their physical appearance and that in an effort to provide gentiles with some warning sign, God CHOSE for the Jews to look strikingly similar to dirty rodents, like the mouse/rat. (See Steven Spielberg's cartoon movie "An American Tale" and note the main mouse, Feivel, looks like almost every Jew I went to high school with!!! Thanks for the warning, God!Even more curious with the direction this was going, I continued my search for answers and I was led to one of the 2 most damning pieces of evidence as to why I am now proud to be an anti-Semite until Schumer, Sanders, Pelosi et al. start to actually put our country before their bank account! The "Protocols of the Elders of Zion" is a very controversial book that in and of itself is a brilliant piece of writing that really demonstrates a brilliant covert battle to slowly give the Jews all that they need to enslave all others and rule over us. This book was written in the early 1900's, shortly before the Jews in Russia suddenly and violently fired off the Bolshevik Revolution in which they killed the ruling aristocracy and turned Russia into the USSR, where they enacted communism. That didn't turn out very well almost immediately and upon seeing that it was a really stupid idea, they decided to save face by forcefully making people labor for free in the gulags. It was a combination of the terrible conditions in the gulags and Jewish paranoia to losing their new power that led to the deaths of 10 to 40 million people.As one might now expect, Jews simply assert the "Protocols" are simply fiction, despite the fact they have correctly predicted events that only recently occurred!!! The Protocols instructed Jews to takeover all</p>	Age, Sexual, pussy	Age - General, Gender - General, Nationality - Chinese	4/1702	0.235

Joel Weiner Jesus was a jew whom had a mother that cheated on a jewish man for a roman soldier. The couple lied about immaculate conception, because jews were suppose to only breed with themselves and the couple was afraid that she would be persecuted for her sins. And even though jesus's mother had cheated, the guy she was with loved her so much that he did not question or leave her rather supported her and stuck with her . Jesus grew to be a respected scholar, but had turned his back on the jewish tribal ways and reached out to his enslaved brethren. He was out shining the king (Herod the Great) and because jesus was part roman and a sympathizer to people outside of his tribe, he was murdered for the kings insecurities and hatred towards people outside of his race . Jesus loved the kings enemies, because jesus had grew up a bit of an outsider because jesus was multiracial and thought differently . Jesus called himself "king of the jews" to the king himself and because jesus was half roman, the king took it as the highest insult. Because jesus was raised by the jews and then became to outshine the very people that raised him. In todays terms, Herod the Great was butthurt,insecure, insulted, and intimidated. The moment he called himself the king of the jews and was treating the people being oppressed as one of his own, the king viewed him as a threat and infiltrator. And if it does not go that way, it goes the opposite way and pontius pilate killed him for the same reasoning . He was murdered for not having the ability to be loyal to one side or the other, rather created his own path and rule and the other leaders did not know how to handle it.Or if you are a harry potter fan, he was an outsider and hated for being a "mudblood", just like harry. Who cares? All I ever hear is boohoo the white man did this and boohoo the white man did that. Ok to all blacks who read this. ->White people don't owe y'all shit, for one I ain't never owned a slave in my lifetime. Two; Welfare, EBT-SNAP, etc. No matter how much free money and shit y'all mooch off the white man y'all will never be satisfied. Real talk, if anything y'all should be thanking us not crying and bitching about slavery and all that nonsense. Think about it. If it wasn't for white people y'all would still be in Africa dying of aids. Bunch of ungrateful bastards. Hispanics, stop coming to America to mooch off the white man. We don't need not want y'all here. If y'all keep flooding our cities and states with your pathetic existence then eventually there will be a cut in Government Assistance and that would ultimately lead to the blacks declaring war on y'all for cutting into their crybaby money. Muslims, y'all suck too and Allah loves Ham, Bacon, Sausage, Pork Chops, Pickled Pigs Feet etc. And for the Jews, y'all are outright evil. Y'all invade any Country that white people civilize and y'all open up abortion clinics everywhere y'all don't get ran off from because y'all are baby killers, the rabbi circumcises Jewish babies by biting the foreskin off and then for several minutes sucks blood from the baby's genitalia in most cases giving the little Jew some STD's and y'all do multiple other satanic rituals in the synagogue of Satan. The funny thing is, this study doesn't show an increase in anti-semitic incidents at all. It actually shows a 46 decrease. CNN is counting on the likelihood that none of their viewers will actually read the study. The INCREASE has nothing to do with actual or reported incidents, it's about "perceived" anti-semitism. I wonder what this whole thing is all about.As someone who believes in nihilism as seen in the attached link, I have always wondered about the monolithic nature of Christianity in the US, why were are given so little information about Naziism as a belief, and why so many societies have persecuted Jews for 'Trying to dominate the planet.'In my 40 years of natural observation on this Earth, I have a theory that would, in the best case, make a great movie.The Christian religion as it is practiced by some factions in the US is a front, like a mafiaman would own a laundry mat or a coffee shop.I understand that this has been the idea behind why peoples of various nations around the world have persecuted the Jews over time. They felt that Jews are 'up to no good,' because of the money they control that could be a product of living a moral life, but probably has more to do with organizational connection.The biggest difference between pre-WW2 Jews and US Christians is that the US Christians of today don't only own coffee shops but have a more heavy influence on International markets because of globalism and the virality of US brands.It freaks me out that the monolithic Christian establishment in the US has so much influence in our government.The US Government has the largest nuclear arsenal on the planet.Years back, around the First Gulf War, there was a news report that I remember seeing that said the CIA thwarted an INTERNATIONAL CHRISTIAN **TERRORIST** GROUP from committing several simultaneous **terrorist** attacks internationally, as a means of bringing on 'The Second Coming of Jesus Christ.'In the same way, I sometimes wonder if Nazis are the missing resistance army in my theory. That which is demonized by the government that said, 'Good idea,' to the whole world domination, purist ideologies of all 3, Jew, Christian, and **Nazi**, is a little package called MANIFEST DESTINY...Let me be clear, I am not a **Nazi** or affiliated to ANY religious or political party.See, as we enter this era of global warming, we as people and those among us who are addicted to the idea of having more money than anybody else, are panicking for a new renewable source of energy.Ever seen the movie the Matrix?Humans are renewable energy personified, when we live in step with nature, we ourselves are 'renewable.'And slavery is a valid renewable economy construct.Are you seeing the dots connecting? I hope so.The only question I have in my mind anymore is:Is it the religious ones that are bad, or are they also just a front for their boss, their respective governments around the world?Regardless of who's to blame or why they are doing it, it is most interesting to see how all of this plays out.Will positivity, bravery, and human ingenuity birth a sustainable economy, devoid of slavery?Or will negativity, cowardice, and anachronism take us back to slavery?Maybe that IS 'THE GREAT EXPERIMENT.'Maybe this has happened many times already, maybe it hasn't, but regardless of what you believe, it's a cool story, the best theory I know as to WHY all this crap is happening, and what we can do to make the world a better place regardless...Yep, yep Nihilism, its not a religion its philosophy. Why would American Jewish organizations except for Jewish Voice for Peace and HIAS decide to collaborate with anti-semitic Evangelical groups here in the US, and oppose Black Lives Matter, instead of the other way around? Ever wonder why the mainstream media is so against this Administration? Although CNN was probably too new to be rated they probably fall in this group now. In their 1986 book, The Media Elite, political scientists S. Robert Lichter, Stanley Rothman and Linda S. Lichter reported the results of their survey of 240 journalists at the nation's top media outlets: ABC , CBS, NBC, PBS, the New York Times, Washington Post, Wall Street Journal, Time, Newsweek and U.S. News & World Report. When asked about their voting patterns, journalists admitted their preference for Democrats. Lichter's team focused on journalists at the very top news organizations. Other surveys of journalists have discovered that the whole profession shares the same liberal view, although the media elite's liberalism is the most extreme. While accepting an award from the World Federalist Movement, Walter Cronkite called for a Democratic World Government. Walter Cronkite was a pioneer for the new mainstream media, Don't you think? My mother and father fought against Nazi Germany in WW II. Those symbols mean only one thing and that's hate. Lots of people gave their lives as allies to defeat that Nazi regime. Post WW II Germany has recognised this and taught the lessons learned by a horrific war to their people. They took responsibility for it and I admire them for that. And I bear no ill will towards them and latter generations are not at all responsible. Pure hate and racism are taught not learned. Don't know what's wrong with all these haters except hate. And they've been riled up no matter what anyone says. Crowd mentality takes over and it's easy to push buttons with the right rhetoric and this is what happens and has happened. <p>3 Emotions are required to keep Anger at bay. 2 are holding the Anger back. 1 is waiting for an opportunity, potentially to intervene. Reason, love, hate, and truth are (regarding the situation are) nowhere to be found...There are many emotions in this situation each connected to an individual person... Each person is representative of these emotions, and will be referred to as the emotions they represent...The emotions fighting are respectively Peace, Mischief, Patience, and Anger. Reason is nowhere to be found... neither is Honesty...There are some bystanders; Laughter, Sadness, Shock, Fear, Confidence, and Happiness whom are spectating the conflict...Laughter is enjoying the fight, not knowing the reason why everyone is fighting. Sadness leaves with Confidence. Fear is panicking. Shock is of coursed paralyzed with Fear. Happiness is minding its own business.Peace to tries to make Anger relax.Mischief is insulting Anger.Patience stays silent, says nothing, merely listens to what Anger, Peace, and Mischief are saying as it is he who holds Anger back.Anger's fists keep swinging at Peace and Mischief as Anger's friends Reason and Honesty are nowhere to be found...The Bystanders suddenly change their mood... Happiness has turned to Fear, Laughter has turned to Shock, the reason? Sadness and Confidence have found the body of Reason...Peace offers amnesty to try and make peace, but what Peace says makes Anger confused... it doesnt make sense why Anger should not be angry, because Anger's friends, the ones whom keep Anger under control; Reason and Honesty (often associated with Truth), are no longer around.Mischief demands submission, Anger breaks out of the hold of Patience. Anger and Mischief fall to the ground taking Peace with it.A knife covered in blood falls out of the back pockets of Peace... Everyone turns to Fear and Shock as Confidence, Happiness, and Sadness call upon Peace and Patience.Suddenly 4 new individuals are seen... Apathy is carrying the dead body of Honesty. Hatred is holding a wounded Love. Anger stops fighting and turns to Sadness... Peace turns to Hate and speaks of Love but Love says nothing... Mischief turns to Shock... Patience sees the bodies of Reason and Honesty, as Apathy points to Peace, in turn Patience turns to Anger...Suddenly, Fear turns to Laughter and Confidence... Hate, Apathy, Love, Sadness, and Patience, turn to Shock but then Anger.Anger, upon seeing the dead bodies of Honesty and Reason turns to Fear... Fear however points to Confidence, as Confidence points to Peace, Peace points to Hate and Anger, Hate and Anger points to the dead bodies of Honesty and Reason... Love and Sadness mourn Honesty and Reason. Apathy pulls out a gun and points it at Peace...Laughter is on the sidelines with Mischief, as Happiness walks away... and Patience is nowhere to be seen...Patience disappears as Honesty and Reason are no longer present...</p>	Nothing	Age - Youngsters	2/480	0.417

Trump is as pro Israel as it gets, his daughter is jewish, grandchildren are jewish, his son married a jew and some his top advisors are jewish and his cabinet is disproportionately jewish. Two of the biggest reasons for the spikes in the ADL data are because of the jewish teen in Israel who hated Trump and made bomb threats to synagogues in the US to try and blame Trump supporters. Then there was the black muslim who wrote for the Atlantic who also sent in a few bomb threats to synagogues, actual violence in the ADL data shows a sharp drop.	Black	Ethnicity - Black	1/102	0.98

As I said it doesn't include just crimes, violent hate crimes were down according to ADL data. That one Israeli teen had MULTIPLE incidents of threatening synagogues, he was not a Trump supporter. The black muslim who wrote for leftists websites also made multiple bomb threats to synagogues, according to their own data, these 2 ppl accounted for most of the spike in overall incidents. Rebecca Mæd I am going to agree with you that I see a lot of anti-semite statements from people who are otherwise Trump supporters. I tell them to either submit to Trump, or get off the Trump train. Trump is a friend of the Jews, and any Trump supporter must submit or leave.I also browbeat anti-semites by pointing to Jesus. Jesus ministered to the Jews before he ministered to the Gentiles. Jesus gave Jews priority over Gentiles in timing. Then when the Jews killed Jesus, Jesus said, "Forgive them for they know not what they are doing." Finally, I will stick my finger at them, and tell them that the reason why Jews reject Jesus is because of their anti-semitism. Those who impede Jesus ministry to the Jews, should either submit to Jesus, or leave.Besides, all these Jewish conspiracy theories are getting old after a while. This has been happening for a thousand years. it's always the same thing. And these conspiracy theories never pan out. Never. Perhaps the media should expose ALL anti-Semitic speech and activity. I see the moronic comments below, claiming Trump is responsible..... Does anyone remember a man named Barack Obama? He was a man who went to a church with a racist , anti-Semitic pastor named Jeremiah Wright. Apparently this man named Barack Obama went to the church for 20 years, but he never heard the racist and rants against Jews. When Mr. Obama made it to the White House, his pastor then said the Jews wouldn't let him near him. Personally, I wouldn't associate with someone like that, and I certainly wouldn't have that man officiate my marriage. Did CNN report on this? NO. To steal one of CNN's BS headlines: CNN NEVER REPORTED ON PRESIDENT OBAMA'S ANTI-SEMITIC PASTOR, AND WHY IT MATTERS. That goes unreported because the anti-Semites involved are Democrats, or African American. That is NOT OK. I've seen countless anti-Semitic comments online from people who are not Trump supporters. Whether it's about 9-11, or banking, or the 1, you'll see comments aimed at the Jewish people by the left all day long. This matters. Let's not forget the anti-Israel activists on the left, who are really just anti-Jewish activists. CNN had an opportunity to shine a light on Reverend Wright's hate filled, anti-Semitic sermons, but they failed. How many members of the church leave those sermons hating Jews? What a shame. Its sad to see that you can be killed and persecuted in this country just for the color of your skin or the why you choose to worship. Meanwhile the people who commit this crimes are held up by own President and many of his supporters(i say many because some still have the heart to stand against him and what he stands for) as so called "real American". Im sorry but this is not making America great again, but it is instead returning this great country to a time when many of it's citizens have to fear for their lives everytime they leave their homes. We have to stop this! If not for ourselves, then for those that come after us. For is this really the legacy that we want to leave our children? One of hate and division? I for one say no! So i call on all of you and ask you to rise up the only way that we can and vote people who push hate and seed evil(like our president) out of office. So that we may right the ship and steer our country into the future the right way! <p>To anyone genuinely interested in the source of the horrific events of recent times, I implore you to wrestle with the writings of the greatest philosopher and political thinker of modern times - Alain Badiou. One of Badiou's central propositions is the following:</p> <p>the State is not the expression of the will of the people; the State, rather, is an injunction against civil war. American capitalism has been in a heightened state of tension since the 2008 economic crash. This is because the gap between the free market and the State was closed when the Federal Reserve bailed out the Financial sector in order to prevent the entire American economy going under. The primary condition for civil war in American is not racial or religious. It is the violent hatred and fear of the ultra-rich for the middle-classes and, most of all, for the working-class poor. All the micro-hatreds that we now see: of liberals, of Trump supporters, of ethnic minorities and of migrants: all of these boil down to that fundamental hatred of the ultra-rich for the rest of America's population, whom they basically despise.</p>	Ethnic	Ethnicity - General	1/186	0.538

They are two sides of the same coin, affluent white males on both sides. 62 of the population has 90 of the wealth in the U.S., blacks possess just 1. They are not a self sustainable, people, they control absolutely no resources. This thanks to laws on the books by Democrats and Republicans alike intended to render them a permanent underclass in this country. It is they that have created conditions of crime and generational poverty. It is to their benefit that blacks remain powerless consumers. The Jews, like many other whites harbour a racist disdain for blacks. In fact, they are largely responsible for the racist , evil propaganda that is disseminated around the world about them. I find it ironic that the face of evil that visited them yesterday wasn't black at all. The One Urban America neighborhoods change ethnic majorities with the changing of generations. Your Irish neighborhood may change to an Italian neighborhood. Your Italian neighborhood may change to a Chinese neighborhood. During these transitions, everyone adjusts, happily or unhappily. In changing neighborhoods, some things remain the same. Italian grandmothers in going-Chinese neighborhoods can go shopping, sit in the park, dig in the garden without fear. Children can go to school unmolested. There is only one ethnic group, the arrival of which signals the end of normal human society: blacks. Grandmothers will be beaten on the streets or in their yards. The new black neighbors will say, "Dat ole wah bitch she be deserve it." Ten year olds will be mugged by packs of black fifteen year olds, on the way to school. The black families will say, "Dey jess chillins. Chillins be do dat." Humans have something called "empathy." White, yellow , red , brown, but not black . I mean, i knew it was possible in the sense of "anything is possible," but I didn't think it could/would happen in my lifetime, and that if it did it woulda happened a lot more gradually. That kind of thing. I am empathetic to the loss of life, specifically that which hatred is at the origin of it, like this tragedy in Pittsburgh. As a black man in America, I do disagree with the message CNN & Anti Defamation League are attempting to send by looping Minister Louis Farrakhan in this " spike in antisemitic crimes". Minister Farrakhan and the Nation of Islam are completely unrelated, and what CNN did here is an age-old tactic to discredit black leadership and committ character assassination for ratings. Black people do not commit anti-Semitic crimes, and to suggest that someone like this deranged murderer in Pittsburgh was inspired or influenced by the speeches and words of Louis Farrakhan is illogical and shows poor thought on behalf of CNN & Anti Defamation League. Louis Farrakhan & The Nation of Islam are not anti-semetic. Speaking out against societal ills and injustices does not make one anti-semetic. Grow up CNN! I'm saying Nazis... who are clearly Nazi , considering they hold up Nazi flags and Nazi talking points, are more involved in the Alt-Right than any other political affiliation. It's not absurd to suggest it. Just because something bad might be in the same political affiliation as you, it doesn't automatically make YOU as bad as them. Even Terry Crews said he was groped. They do it because they know that if they speak out then no other groping producer will ever hire them. Their name will basically be tarnished in the Hollywood industry. For example, Bill Cosby. Everyone thought he was so innocent, but was apparently found guilty of sexual assault. Coercion is not consent. And more often than not, it's really a matter of "I'm powerful enough to destroy any chance of you having a career so STFU & take it." I've spent some time in HR, more than one industry. The majority of those harassed expressed the desire to be left tf alone & allowed to earn their own way. Generally it was the lechers who made the most threats against the company (and are often protected to avoid PR issues for the organization.) Sigkim Civil rights violations Trump company:In 1973, the U.S. Department of Justice's (DOJ) Civil Rights Division filed a civil rights suit against The Trump Organization charging that it refused to rent to black people. The National Urban League had sent black and white testers to apply for apartments in Trump-owned complexes; the whites got the apartments, the blacks did not. According to court records, four superintendents or rental agents reported that applications sent to the central office for acceptance or rejection were coded by race . max smart Well...wheres your "rebuttals? Or is that your thing? Just accuse, throw out crap, and then scurry away after being challenged? BTW....you FAIL to answer this question: [1. Trump stole his slogans from the 1920s KKK America First and MAGA both KKK slogans.Of course, you would have to prove that PRESIDENT Trump's MAGA.....is for "whites only". Good luck:)] Still working on that? OH< lets not forget:t Watch for a few secondst Warch for 20 seconds to see the full context.It seems you offer BLATANT propaganda as "proof" of racist racist racistAs for PRESIDENT Trumps FACTER< you have YET to offer proof of HIM being in the KKK.....which of course would have nothing to do with PRESIDENT Trump himself even if he WAS.Shall we go on about PRESIDENT Trump's settled case with the government from 1975????How about the montage of candidate AND president AND civillian Trump, denouncing david dumbass duke, AND the KKK, despite all the fake ass news media claims he never did, or refused to do so? Anything else????t Watch for a few secondst Warch for 20 seconds to see the full context.Of course, the above is the most rediculous you have to offer, and was taken COMPLETELY out of context.....no apology for submitting such blatant CRAP as actual "evidence" of racist racist racist ?Personally, I would be embarrassed as hell if I was trying to "prove", something, and offered this CRAP as actual "proof". Care to make a retraction of your "proof?"
