1:10 Title of essay is Anti-Black Violence as Environmental Racism not, Anti-Black Racism as Environmental Racism . I'm not sure if 'Anti-Black Racism ' even makes sense. Either way, the whole thing is nonsense.	Racism	Ethnicity - General	3/32	9.375
Why don't bring people who speaks for people in the hood.. environmental... ??? What a farce.. why don't you talk about the school system.. the real threat to black folk	Black	Ethnicity - Black	1/30	3.333
What is anti- black racism . It is just racism . But I do see that whites are trying to change the definition so that it is not just them under this umbrella. Racism is the systemic power and control of one race over another. Black and brown people have no power or control over any one. I am going to call it out every time I see and hear it. The government isn't dumping waste in black people communities, they are simply dumping the waste and black people decide to live in those areas because those areas are much cheaper to live in since of course nobody wants to pay a lot to live somewhere where waste is being dumped.I mean blacks do on average make less than white people do and that's not because of racism but because of choice. This whole topic seems to be just as stupid as the 'female wage gap'. When obviously woman get paid equally but on average choose to work lower paying jobs. So first hurricanes and floods are racist , now the climate is a klansmen? Oh, and trees are nazis. Of course there are instances of racism between individuals and there are probably remedies worthy of consideration, but the completely insane theories propagated in this segment and other ludicrous declarations like people who drink milk or have the wrong haircut are nazis makes normal people roll their eyes and dismiss it all. When people are told that certain blacks, asians, and latinos are white supremacists how do you expect anyone to take " racism " seriously? It seems to me that racism isnt much of a problem or we wouldn't be hearing these preposterous narratives.	Racism, Racist	Ethnicity - General	4/111	3.604

The Prof. is right when he mentions the urban dwellings called "Projects". Those buildings were originally built for white urban residents, hence "project", but were in a sense waived because of FHA loans given to WHITE families to buy homes in the NEW suburbs. What was left was the projects to house Black families still living in the urban areas because blacks were blocked (by Federal law) from those FHA loans. Which were also funded by Black TAXES!!! Jacqueline brought up a great point with Greta Thunberg. I think she's brave and inspirational but a white person embodying the fight against climate change doesn't make sense, especially since there have been other kids speaking up about this way before her. White people are responsible for what's happening to the planet right now. They created this civilization and imposed it to every nation on earth. Capitalism, and the Industrial Revolutions that it produced, are the reasons the wildlife is dying and global warming is happening.	Nation	Nationality - General	1/86	1.163

<p>This title is absolute deception. There is no "anti-black racism". Ethnic Europeans all but stamped out racism before it became recently revived again by the hedge fund oligarchs and corporate media for political purposes and to defeat the only true opposition to their enslavement of humanity agenda...namely, European Christianity. No other group in the history of the world has done more to stamp out oligarch slave trading than European Christians. The oligarch agenda is anti-European and anti-Christianity. Nothing else. The prayer is for dumbed down society to wake up and realize they are being used and are blindly taking the bait...because of fake news like this.The only people that are truly racist are the oligarchs. The mentally diminished just follow along. Furthermore, attempting to tie it into the environment is nothing short of mental illness. The coupling of one fiction with another fiction. A M quite simply by pushing the narrative to encourage black people to identify themselves as ados or otherwise and anyone within our bloodline who is not on code should be dealt with	Black	Ethnicity - Black	1/33	3.03
Metaphorkillz there is no "code". There's code of laws that we abide by and that's about it. It is completely fantasy to suggest that you can control the thinking of a billion black people on this earth. It's hilarious to even think so. Most of them are too busy living their lives to join your cult of death, they'd laugh at you. You might get the Black Israelites on board, but that's about it.	Black	Ethnicity - Black	2/74	2.703
A M well sir I'm not quite sure who pissed in your Cheerios this morning but if you would take some time to stop insulting people and actually have an adult conversation then maybe we could continue . Anyway I was speaking about the populace of black people here in America and not the world. And if we live in where our young brothers and sisters don't mind being shot down by the police then they can enjoy their graves. Everyone else who actually values their life should join the movement. it's a lot of people like you primarily who hold us back and walk around talking about what we can't do rather than what we can. Get up off ya shoulders bruh	Black	Ethnicity - Black	1/122	0.82
Metaphorkillz so you're suggesting that I'm angry because you don't agree with what I say? I could easily say the same thing about you but I'm not because it's just debate. Even to say that you'll get all black people in America to join one political party is a far stretch. You're talking about tens of millions of individuals with their own thought processes. Some will be on board yes but many others will just want to keep building up the Republicans and the Democrats, you know how it is. Even the alternative black party would be subject to infiltration and then it would split up and both or more factions would claim to be the legit movement and on and on. Because multiracial America is the long-term agenda, and that can't be achieved as efficiently if races are against each other politically. For starters the black vote, even with 100 turnout, wouldn't be enough to win. There's about 50 million black Americans compared to 250+ million white Americans, that's 5 white voters to every 1 black voter. That won't do. The nation MUST come together and build together.	Black, Nation	Ethnicity - Black, Nationality - General	6/187	3.209

Racial injustice? If you want to speak about racial injustice better look at the overlooked and ignored Native Americans, not ONE word here. The reservations are DUMPING GROUNDS for toxic chemicals, mining tailings, and nuclear waste...I can go on if you would like.Now the term environmental racism is a modern MADE-UP term to to help with DEFLECTING blame from corporations who do so under the radar and paying off corrupt government officials. To JUST bring up ONE demographic only is SHEER ignorance. There are MANY demographics that are affected by it NOT JUST BLACK it about those who have no voice or are ignorant to being used for profiteering corporations, politicians and others.This story is a good one HOWEVER it focuses on just one demographic and IGNORES all other nuances of corruption caused by the elites towards the uninformed people no matter WHAT demographic they belong to. The problem is, in terms of teaming up, personally is when too many blacks or whites are grouped up, it typically offsets the opposite into not wanting to be involved and that, in my opinion, is the major damage of racism . Because inherently , the white voice is much louder than the black voice. Now my question is, how do we fix this directly without sacrificing a life(primarily a black life being lost in the hands of whites). Statistically is much less likely to occur on the contrary.	Black, Racism	Ethnicity - Black, Ethnicity - General	3/88	3.409
You have a nation of 320 million people, and 270 million of them are white.... Pretty hard to even up the skin tones, I think diversity should be celebrated but not used as an agenda, on any end of the scale. The more kids are given unbiased education about the world and it's people and its history (not just selective particular agenda pushing parts) the better chance you have of killing racism/majorly damaging it. Hispanics are a great example of that.	Black	Ethnicity - Black	2/65	3.077

Ian Morrison Thank you but I'm not sure what you could possibly tell me. I studied the black Hebrew teachings for a long time. You should read "Can You Stand the Truth? ska punk OI! alternative living Black people in America are wealthless as a group. That is why we're not taking care of each other like other cultures do. in order to do that we need our inheritance returned to us that was stolen by 400 years of thievery. ska punk OI! alternative living that's because you're colonized brother. We are already seprate. Especially here in the the US. Every other group of people understand but our people. That's how they stay in power. Integration was the worst thing that ever happened to so called black people. We had our own economy (because we had to!) Before integration. The So called white man, the East Indians, the Arabs, the so called European jews, and the Chinese dollars circulate 5 and 6 times before it leave out of their communities. Do so called black people own businesses in their neighborhoods? Hell emphatically no. Another component to this issue is christianity. Christianity is a cancer on all African Semitic people. We love our enemies and oppressors that much, as soon as we say wake up and separate yourself family...the immediate reaction is "I love everybody"....smh. If we denounced christianity today, some of our problems would change overnight. Separation is the only answer to our survival.	African, Black	Ethnicity - Black	3/164	1.829
James Redic if that was true why they so much black on black violence in Africa are we fighting each other instead of coming together as one and no we can't blame the white man for that cuz we be doing that long before they even came to our Shores.... but you are right about certain things that Christianity and the way they do things impossible like you said we have to love ourselves too many of us don't love ourselves that's not good... and you're also right we had our own communities in America to they had their own economy and we messed it up by allowing the white people to take it away and destroy it and a lot of us believed in the ghettos ever since fighting each other this must stop... I say separate the weak minded black people from the strong ones we strong ones leave and rebuild leave the weak ones behind to stay in the squalor...	Black	Ethnicity - Black	3/163	1.84

If I wanted to control African people, I would make them call themselves black . I would make them call Europeans white. I would make them follow a European religion so deeply that they literally will never free themselves even when they think they are effectively changing. I would give them European languages to use, and watch their hypocrisy when they criticise European advancements while using those very tongues.I would make them degrade one another, I would portray them as angry and aggressive to the world to remove emotional attachments. I would inject puppet dictatorships and people like Minister Farakhan, to guide them into a blind oblivion (and also sell some books) and of course, the ones that rebel in a racist way will contribute to racism even more. End game.	African, Black, Blind, Racism, Racist	Ethnicity - Black, Ethnicity - General, Physical Identity - Physical (and Mental) Impairments	5/131	3.817

James Redic unification of the human species is the only reasonable goal. A system designed to advance all children all over the globe. Multiethnic communities are the future and only weak minded bigots deny this. Right now there are communities all over the world, that are multiethnic and they get along fine. Right now there are millions upon millions of mixed race people being born, that love their families from both ethnic backgrounds. And those people they will never turn their backs on one another. If you walk up to any mixed race (black and white) person and ask them to cut off their own families, friends, colleagues, etc. that they love and trust... You will be laughed at and taken as seriously as the "Hebrew Israelites" on the street corner that smell like an alcoholic's carpet. Purple Glitter there is no "we". Will Smith and Oprah and Denzel do not take their salaries and put them into The Great Treasury of Black America. It's laughable. They made wealth, and their kids will inherit that wealth while many black and white American kids will grow up struggling. There is no "we" regarding skin color. The people who think like that never make it out, the ones who make it out only make it out by dropping those thoughts and finding enlightenment. Your government wants you to detest them, to hate them, they want you to not want to care about human unity. You're their lapdog basically, while believing that you are not. Poor white ppl do not give af about black ppl. We have been doing this for 100s of years now. Trying to appeal to the white man JUST to see us as human beings. Doing that WWJD nonsense...Turning the other chek when abused. The PTSD IS REAL...Then there are the coocoo white ppl. The liberals. The feminists...the gays, all the other "people of color" who can't gain acceptance from white people. So they corral us all into one big happy family called "minorities" or "people of color." Yaayyyy That "stronger together" bs where anybody can be a minority. Including a white woman... i'm aware that might be you... no offense.... but this is my reality. And this is why white ppl NEVER get it. It's these very "poor white ppl" that go join "the man" and enter their police forces... the ones where the only qualification necessary TO POLICE A COMMUNITY WITH DEADLY FORCE is a high school diploma..... and they don't put these uneducated police in white neighborhoods.... no no no..... they put them right in the black neighborhoods... trigger happy hungry for power "poor white people" who when given a chance will not hesitate to end our lives... and find comfort in the system governed by people that look like him. YOU DON'T HAVE WORRY ABOUT WALKING DOWN THE STREET AND BRING MURDERED BY A FVKN COP. U don't have to worry about your child being pulled ober and roughed up by policer and worrying if they'd come home. Our struggles are unique. You do not come from the legacy that i do Miss Soracco lol.M'lady i have no doubt that you're an amazing person that is well intentioned but this has happened before. It happened in the late 1800's into the early 1900's with our women.... where white women seeking suffrage coralled black women into their movement to build numbers, and when they got what they wanted, they left them behind. It happened in the 60's and 70's when we were fighting for civil rigjts and the LGBT hitched their wagon onto ours. Now calling a gay person gay is offensive..... but a police officer can shoot an unarmed CHILD IN THE FCKN STREETS and walk free....and that child be forgotten.Collectively WE HAVE NO FRIENDS. Of course there are those here and there that are genuinely good people and want the best for everyone and are solid allies. But i have seen this movie before. It always ends the same. I'd be a fool to continue doing the same thing over,and over, and over, and over again....and expect a different result. That's called insanity.I am not insane.I am no fool.</p>	Black, Gay, LGBT, Racist, Woman	Ethnicity - Black, Ethnicity - General, Gender - General, Sexual Identity - General, Sexual Identity - Male homosexuality, Sexual Identity - Transexuality	12/482	2.49

Why do upper class black ppl use the term people of color when people of color is also anti black ? That term is very disrespectful to black ppl Stop using the term black and brown also	Black	Ethnicity - Black	4/36	11.111
Black, African American, Negro , People of Color (which color?), etc says that the true heritage, history, culture of such is not none. Or is it? Ethiopians, Somalians, Sudanese, etc. Are all " Black " in skin tone yet "identify" themselves according to their " nationality ", not color of skin. Their is a book I read which mentions that a certain " nation " of people would loose their true identity, food for thought. If you "don't" know who you are, why would your enemies tell you. They won't you to stay confused and lost.	African, Black, Nation, Nationality, Negro	Ethnicity - Black, Nationality - General	6/89	6.742

As far as reparations as a black man I don't believe in that... because if you're going to do reparations you can just go after the white man you have to go out to everybody who's involved... because a lot of black people what part of the slave trade also Indians Muslims all these people were part of the slave trade and profited from it they should pay us reparations to if you're going to do Recreations do it fairly it's not just a white man a lot of us will part of it too... and profited from each other.. so if I'm going to go for reparations everybody who profited is going to pay me not just a white man... That's my point that's what I say the same thing we choose to do nothing even in the ghetto neighborhoods we can leave cleaner than this and nicer if we choose to some of us are doing that now so I'm proud of some of us black people but a lot of us sit back and complain and claim there's no hope there's plenty of hope we need to step up if that's simple... until we do that we will always be at the bottom the choice is yours... CSJF there's no such thing as "people of colour", that's a racist term that evolved from the 'Coloured' labelling of the 60s. Don't perpetuate the racism , you're almost as bad as the priests that brought you Christianity	Racism, Racist	Ethnicity - General	2/37	5.405
A M Now that is what I call ignorantdo you class people from South America as black , what about the Native American what color is he or does this kind of racism only apply to black people. Being a Maori from New Zealand we have been fighting these issues for generations we have stood up alone and done better than any other race of color against these colonials but I guess having a land of your own then can you really appreciate what this land means therefore having respect for my fellow brothers still fighting to be recognized as indigenous. CSJF I'll say it again to avoid any confusion to those reading this, I won't allow myself to be sidetracked so quit the sabotage attempts.....There is no such thing as a person of colour, it's an old racist term just evolved and edited slightly. Look at Harlem in New York City that was a black people for years and years but because black people didn't build it up when they should of... the white developers saw opportunity they came in light to the black people and said we'll build up but when they built it they made it expensive so black people moved out can I move back in Harlem now you can buy nothing for Harlem and it's very expensive than Starbucks nice hotels it's full of white people now... and all the time they're pushing out the black people after those neighborhoods they doing it everywhere. . because we allow it.. instead of building Harlem up ourselves... It's like the CIA pulled drugs into poor black neighborhoods... for black people to use and to kill each other and fall while it worked because black people the weak-minded black people of course bought into it... the downside is when white people started taking the drugs that's when all hell broke loose and then suddenly we had the War on Drugs but it wasn't War on Drugs when he was as just black people taking it... so I can you can say it backfired on the white people or the CIA now everybody's doing drugs now even to this day thanks to the CIA starting it in black neighborhoods..m	Black	Ethnicity - Black	6/110	5.455
