Women are not complicated at all.....It all boils down to if they find you attractive. If they find you attractive they will laugh at your jokes make you feel comfortable and basically start helping with the heavy lifting in making a conversation actually go somewhere. Flipping the hair is not a sure sign women will do that just to see if they can grab a mans attention for a ego boost. They are a simple creature it is either yes/no <b>nothing</b> in between where as a man will give a <b>woman</b> a chance to see if they have a any chemistry. That's because of that extra large NO gene every <b>woman</b> has buried in her neck. When I 'm aroused, I damn well know it. Women on the other hand, don't have a clue. They think they don't want it but they do. That's why sometimes their mouths say NO NO NO, when their actions say YES YES YES.	Woman	Gender - General	1/58	1.724

Good excuse to interview pretty girls. But really they are not going to tell any <b>woman</b> secrets Basically if the like you, 'the chemistry', they just make it easy for you to pick them up. May I remind you all that we are in the middle of the MeToo Movement and everything, no matter how insignificant, is considered <b>sexual</b> harassment and <b>sexual</b> assault. Things like touching a woman's knee, caressing a woman's shoulder, even an eye twitch is being equated with rape. So guys, why take a chance at losing your career or even going to jail over these women, who have clearly gone insane? All men must embrace MGTOW for their own safety and sanity and just avoid women completely! Long live MGTOW!	Sexual	Gender - General	2/89	2.247

Cathy: Sorry if I offended you in any way. I can be too opinionated sometimes. I actually used to be a runner myself til I got injured when I was deployed when I was in the Army. I can barely stand up for more than a minute or two at a time now. I actually think it's really hot if a <b>woman</b> had a little hair showing out of the side of her bikini or shorts. Maybe you might think that's <b>weird</b> . Btw, I'm not too hairy myself. Just a little patch below the belly button like you said. I have shaved my balls, and trimmed down there when a past girlfriend asked me to.	Weird, Woman	Gender - General, Physical Identity - Physical (and Mental) Impairments	2/115	1.739

Cathy B : Sad: this series of videos is only about <b>sex</b> , <b>nothing</b> is mentioned about anything emotional, or devotion, it's just about <b>sex</b> and shallow shallow people. They do that to get views. <b>Nothing</b> about an actual meaningful RELATIONSHIP. It's sad really, women should be looked at as a lot more than a piece of meat! None of them ever mention honesty, respect or sincere emotions. .	Nothing, Sex	Age - Youngsters, Gender - General	4/69	5.797

Guys who have something going for them can be rather picky. And no, it's not just the <b>woman</b> who does the choosing, he has a say too. She has to have something going for her as well. If she's not interesting she could be fun for one night, but you don't want to continue to see a <b>woman</b> you can't talk to or isn't interesting in some way. Only desperate guys will go with anyone.	Woman	Gender - General	2/75	2.667
White Women dont like Asians simple as that.They stick to their own <b>race</b> .Blacks stick to Blacks aswell.So Asians are basically left with Asian girls aswell.	Race	Ethnicity - General	1/25	4.0

I always find it funny that women are OK with saying they want a tall guy. But if men say they want a <b>woman</b> with big breasts then they call us <b>pigs</b> , or tell us that it shouldn't matter. Thing is, both height and breast size are both physical traits, why is one OK but the other isn't???? Now, not EVERY guy wants a busty <b>woman</b> just like not EVERY <b>woman</b> requires a tall guy. But on average each like what they like, and it doesn't make either <b>gender</b> a pig for wanting what they want. Oh, and a nice Rolex will generally get a <b>woman's</b> attention LOL	Gender, PIGS, Woman	Gender - General, Nationality - Southern European	5/108	4.63
TideFan <b>Yankee</b> (im not saying all men do this) its because women dont call out men on the street and catcall them for being tall.	Yankee	Nationality - American	1/25	4.0
Spartan <b>Freak</b> I never said anything about "catcalling" or anything like that. When you talk about catcalling you're adding something. But I will tell you, women DO in fact catcall men. I've seen it and experienced it in my younger days when running with a buddy of mine in the summer (we were both shirtless). It may not have been exclusively for being tall but it did happen. We were both college football players. None of that addresses how women think <b>nothing</b> of excluding men due to their "lack of height" or the fact that women think <b>nothing</b> of voicing that. "he's not tall enough" "he's too short". But if a man said that about breast size we would be labeled as " <b>pigs</b> " or any number of things. I'll say it again. Height and breast size are both physical traits....why should women get a pass when it comes to desiring a tall guy but men are put down if we like larger breasts??? This obviously don't go for all women or men, but there is a great deal of truth to it for each on average.
