Title: Fighting Youth Discrimination: Q&A with NYRA President Jeffrey Nadel

- Table 1: Summary of the results per comment;
- [Table 2](#): Summary of the results per sociolinguistic variable;

Table 1: Summary of the results per comment

Comment	KeyWords	Sociolinguistic variables (Hiper - Hipo)	Hate Speech Frequency	Hate Speech Fre- quency(%)
Really, moron? Touch up on the real problems. Who gives a shit about the drinking age ? Teens commit suicide? Because of ageist assholes. Not other teens. Age of consent? Don't fuck 16 year olds!	Age, Ageist	Age - General	3/34	8.824
fucked up facts against that fucked up drinking age Fact 1. Drinking affects the growth of the brain, which doesn't develop until 25Right, like all kids hit puberty at 13, and people over 25 with autism have fully matured and completely developed brains . Fact 2: More 18-20 year olds will drink and drive on the roadHere's the thing. That may be so, but you could lower the chances of drunk driving by creating a maximum drinking age stopping anyone over 60 from drinking, shouldn't we be watching what choices our elders make as well?If that is the case you should focus on the individual not the majority. Some 18-20 year olds don't even have a car. Also if I remember wasn't there plans to install breathalyzers into cars a while ago?Fact 3: Drinking among 18-20 year olds would encourage children too drink.Last time I checked, most kids don't look up to any 18-20 year olds unless it's Justin Bieber or another teen popstar. But they do look up to their parents who may or may not drink in front of them. So let's pass a law that stops parents from drinking in front of their kids.	Age	Age - General	2/202	0.99

People need to understand what pedophilia is. Pedophilia is attraction to really young, underdeveloped children. Finding a 6 year old attractive is pedophilia, finding a well developed 16 year old attractive is NOT pedophilia its normal! Personally I do not advocate chasing after 6 year olds or children of similar age and development and I do not find such children attractive, but as for somebody who finds teenagers attractive, who doesn't? Nothing wrong with finding developed 16 year olds hot.	Age, Nothing, Old	Age - General, Age - Over 65s, Age - Youngsters	4/80	5.0
I also feel strongly about age of consent laws, however, such an issue NYRA doesn't touch. There is this other youth rights organization called ASFAR (A Society Free of Age Restriction) which does deal with age of consent issues but reluctantly so since they don't want to become another NAMBLA. And NYRA's position on parental rights is only when the govt. interferes with parental rights. Although yes, child rights are what is most important.	Age	Age - General	3/74	4.054
billybassman21 No, stricter laws are not one reason. This decline (I assume you are talking about the US?) has been paralleled in other age groups as well, which would not occur if your hypothesis was correct. Your post is an example of irrational anti-youth bias that pervades our society.	Age	Age - General	1/49	2.041
If you say that, that means that you think shit of youth. I'm sick of ageism and people like you are the cause of all of this prejudice.	Ageism	Age - General	1/28	3.571
I got my permit at 14 years of age , and remember that it was the young people who were getting into horrific wrecks. Kids brains aren't mature enough to drive, for the most part. My school mates were the ones who were binge drinkers, too. I don't know adults who drank like that.	Age	Age - General	1/53	1.887
wow, any remotely good-looking woman makes it a video and the whole reason comment board wants to circle jerk their intellectual boners. some of y'all need some more interaction with members of the opposite gender	Gender, Woman	Gender - General	2/35	5.714
polevaultrockstr Did I say anything about intelligence? Nope. Did I say anything about wanting adolescents to work? Nope. Did I say anything about not wanting adolescents to work? Nope. I merely extended the argument the person in the video gave... to show the irrationality of his logic. So, if you want to argue those facts, you must answer all those rhetorical questions you asked me.Saying " age is no clear indication of intelligence" is naive - Age correlates to intelligence, Duh...	Age	Age - General	2/81	2.469

UncleIrv And the largest lobby in the country is AARP. The young are dumb , and the old are the ones strong arming them around. See the real issue here?	Dumb, Old	Age - Over 65s, Physical Identity - Physical (and Mental) Impairments	2/29	6.897
DOHC2L Age is no clear indication of intelligence. Would this small amount of people voting be such a bad thing? How about we don't tax anyone under 18 period, for anything. I mean if you care what we have to say, why do you want our money? Would Justin Beiber or the kid from 2 and a half men voting have as much effect as them not paying income tax? What qualifies Paris Hilton to vote? 100 of people don't even vote, do you believe this subset will have anymore likelihood to vote?	Age	Age - General	1/94	1.064
This guy thinks teenagers who work and pay income tax qualifies as "taxation without representation"... That's bullshit. If he were correct, child-hood stars would necessarily be guaranteed the right to vote. And if we extend the argument a bit futher, any type of employment by children of any age would guarantee them the right to vote. Recognize the irrational basis to his argument.	Age	Age - General	1/63	1.587
DroidEntertainment You're absolutely correct. One size does not fit all. A man of 30 can be as immature as a child of 16. That being said, a child of 16 is literally still physically and mentally maturing while the mind of a 30 year old has stopped. We aren't raising the voting age due to immature adults, but it makes no sense to make it open to people still mentally developing.	Age, Old	Age - General, Age - Over 65s	2/71	2.817
12 year olds are more mature than 16 year olds. Teenagers are so dumb it crazy .	Crazy, Dumb	Physical Identity - Physical (and Mental) Impairments	2/16	12.5
alvincay100 - I'll take this as if you're really advocating for an aristocracy were only a privileged few can vote and rule, nothing wrong on having your own opinion, but that is totally medieval.	Nothing	Age - Youngsters	1/34	2.941
Description should read:Are young people being treated like the mentally and physically immature people they are?"Equality" sounds beautiful, but throwing it around at anything that moves is just ridiculous. I wouldn't treat a 16 year old boy as I would a 30 year old man. Is that discrimination? Yes, and it bloody well makes sense.	Old	Age - Over 65s	2/57	3.509

It's truly ironic that sex offenders & their potential victims alike are being branded with the scarlet letter on their driver's licenses. Curfews, the current drinking age , and the graduated license programs are definitely bullshit and need to be done away with. But the voting thing I don't know about. It seems that due to the current techniques of social control in place in the U.S. that rely on manipulating various animal instincts, which 16 year olds are more susceptible to, it's a bad idea.	Age, Sex	Age - General, Gender - General	2/85	2.353
mcoop221 I would guess because as a national law it is very reasonable. At the federal level, the age of consent is 16, with some exceptions when traveling from state to state. And it also has a 4 year rule for those who are 12-15, meaning that it is not a crime at the national level for a 15 year old to sleep with a 12 year old and so on. Some state laws are far less "reasonable", where 2 15 years-olds have sex is a very major crime, which is kinda crazy .	Age, Crazy, Old, Sex	Age - General, Age - Over 65s, Gender - General, Physical Identity - Physical (and Mental) Impairments	5/93	5.376
Ickeriss69 But that misses the more underlining question of is setting the drinking age effective? As 90 of high schools say they have being drink, can we say it is working in any way. If you asked a group of people that where 25+ if that had a drink in the last 4 years, would you think it to be higher then 90? Read The Legal Drinking Age : Science vs. Ideology. It shows several study with negative connection between youth drinking and high drinking age .	Age	Age - General	2/85	2.353
I'd say drinking age stays 21. VOTING age goes to 21 or even 25. I think you NEED real world experiences under your belt before being allowed to vote. Each vote is powerful. Make sure the person voting knows what it really means.	Age	Age - General	2/43	4.651
Well, I'm 25 and I sure as hell don't believe freakin' 25 should be the voting age . I sure as hell don't believe in any of this pro- age discrimination horse-feces you just wrote. I think you NEED a real world understanding of how it feels like to young Americans who faces discrimination because of their age . BOO-YAH!!	Age	Age - General	2/57	3.509
Is that the same woman that got schooled by Matt Damon?	Woman	Gender - General	1/11	9.091
LZJoZ young people the right to vote? The majority of them who are so easily led by trends they change identity several times a year? who only listen to the last months music? Anarchy is freedom? Anarchy is Mad Max not people living in hippy communes. Someone has to pursue a direction or nothing gets done.	Nothing	Age - Youngsters	1/56	1.786

Jebusrulez 2 What right should anyone at any age have to vote the freedom, liberty and property away from others?	Age	Age - General	1/20	5.0
I like how people on this video are commenting on how dumb people 16 to 20 are dumb , as if older people aren't just as ignorant and stupid.	Dumb	Physical Identity - Physical (and Mental) Impairments	2/28	7.143
Vote at age 16 ? This is the single most stupid thing I ever seen, just for that this is simply an idiotic organization.	Age	Age - General	1/24	4.167
For me, I started paying attention to politics when I was about 13 or 14, but then I would have voted for whoever my parents supported. When I was 15 and a half was when I became a libertarian, although i was surrounded by liberal teaches and conservative family members. Every other 16 year old is liberal or this 'moderate' thing	Old	Age - Over 65s	1/61	1.639
this is a republic, not a democracy. people should have to own (loan paid in full) land/house or pass an economics test to vote. also, no one is forcing people under the age of 21 to join the military, it's a volunteer army. they pick this dude up for amateur hour or something?	Age	Age - General	1/53	1.887
Loads of people are taxed that can't vote. I have lived hear for over 30 years as a legal alien , I served in the US Navy in Beruit in the early 80s. I can't vote. In any country.	Alien	Nationality - General	1/38	2.632
I don't know if I could support lowering the voting age to 16. That seems like a tough pill to swallow. Lowering the drinking age to 18 is certainly reasonable.	Age	Age - General	2/30	6.667
alvincay100 Can these 16+ year old kids choose which parents will represent them? I don't think so, and boy oh boy there are a lot of parents driving this country down to ruin with their votes	Old	Age - Over 65s	1/36	2.778
It isn't mentioned, but I think one of the most important rights is the right to WORK. I had my first job at the age of 9, and it did me a great deal of good. I learned about responsibility, how to treat customers, how to handle cash, I met some really neat people, AND I had spending money. A year later my family moved and I wasn't able to get another job - and I certainly felt that loss. I learned much in school, but for many youths I believe a job would be more important.	Age	Age - General	1/97	1.031

I don't agree 100, but certainly this needs more attention. Beginners make beginner mistakes whether they are 10 or 50 - but they will generally recover more easily at 10. Raising the drinking age driving age working age etc. just means that people will be older when they make their mistakes, and that the older people who were not prevented from learning responsibility when they were young will think them irresponsible and - being American - want to punish them severely.	Age	Age - General	3/84	3.571
nyrausa, If curfews have no positive effect, obviously there's no policy reason for them. But what is the constitutional argument against them? I assume the Equal Protection Clause doesn't get you there because youths aren't recognized by the Court as a protected class. As you know far better than I, federal, state and local laws, even the federal constitution itself, discriminates based on age .	Age	Age - General	1/64	1.562
How can you NOT have a position on age of consent?	Age	Age - General	1/11	9.091
Just checked out their website. You can run to be a representative at age 25, but some people argue that the voting age should be raised to THIRTY! The opposition can be so stupid... is what I would say if that article was addressing America's movement and not Quebec's.	Age	Age - General	2/49	4.082
Of course they completely ignore the age of consent.	Age	Age - General	1/9	11.111
You want to treat youth fairly? Let those born a month and a week too late to vote, who understand the constitution and are actively involved in politics, VOTE.I support the voting age being lowered to the minimum working age ! The states have a right to that power, let them use it, not the feds!!	Age	Age - General	2/56	3.571

Table 2: Summary of the results per sociolinguistic variable

Sociolinguistic variables (Hiper - Hipo)	KeyWords	Number of occurrences	Frequency	Frequency(%)
Age - General	Age, Ageist, Ageism	40	40/3841	1.04
Age - Over 65s	Old	9	9/3841	0.22999999999999998
Age - Youngsters	Nothing	3	3/3841	0.08
Gender - General	Gender, Woman, Sex	5	5/3841	0.13
Physical Identity - Physical (and Mental) Impairments	Dumb, Crazy	6	6/3841	0.16
Nationality - General	Alien	1	1/3841	0.03

Result analysis:

- Taking into account the words that were detected, we can reach the conclusion these comments are associated with : : Age - General;Age - Over 65s;Age - Youngsters;Gender - General;Physical Identity - Physical (and Mental) Impairments;Nationality - General;
- The percentage of hate speech related words is 1.6662.
- Considering that the variable **Age - General** has the most occurrences in the post, we can interpret that this is the predominant hate speech.
- Overall there were 66/90 occurrences of hate speech related comments.
