Very sad! Could it be possible this man married this woman to use as a guinea pig to practice perfecting his surgeries? Then use her to entice people to come to him for plastic surgeries. Lady, you better get to praying to Jesus Christ! It is not His will that your husband keep cutting on you. Body perfection is not achievable because your husband is spiritually sick. He will always see something not right. Therefore, he will be cutting on you for life or until he finds a more suitable model. He has a problem. Sooner or later this man will be looking at his daughter to cut on and will try to persuade her to go under his knife. Decisions are going to have to be made because your life is on the line. YOUR HUSBAND IS NOT THE CREATOR OF HIS BODY NOR YOURS. Creator God gave you that body not your husband. So you need to seek Him about STOPPING this foolishness. This is not love. This is exploitation. Jesus Christ is Lord. [LINK]	Guinea, Woman	Gender - General, Nationality - Italian	2/177	1.13

As someone has pointed out, its easy for children to make bland statements like "be yourself" because the implications don't affect them. Children have yet to experience the years of objectification and aberrant sexual desires the adult population is subject to. Once you enter the sexual market, and you start desiring something that might spark sexual interest in you (or other things a relationship provides), your perception begins to warp. I mean, good for them! I know that a lot of haters are going to hate, but they look fantastic and have tons of money and seem to be happy, so I've got nothing negative to say, lol! If any of that isn't true, maybe, but there's really no reason to think otherwise and everything they showed us seemed good and healthy. I, frankly, don't get why everyone is so anti-surgery. I mean, it can be a bad thing, but it can also be a good thing. It just depends on how much the person is spending, why they were doing it, and how capable their surgeon is/what kind of results they get. I don't see any issues here. If I had a way to buy myself into looking better and I had tons of money, I would, too! There's no inherent merit in being natural vs augmented. People are naturally ugly. That's okay. If people are getting healthy surgeries in the right way to become less ugly, then I'm all for it. It's the same idea as braces, in a lot of ways. People are just born with ugly teeth. That doesn't mean that we have to give people a hard time about it, but I don't think we have to hate on them either for trying to change the parts that they don't like about themselves. To be fair guys, they have the money and skills and it is their body. I don't understand why it is such a shame to have cosmetic surgeries. Lots of celebrities have been doing that and only a few people would comment on it. Just like how people had been praising the daughter for her opinion, maybe people should also consider respecting the couple's choice to go under the knife. And as long as they do not force the daughter to have plastic surgery which she hated, I see nothing wrong with it. Nowadays we have been enforcing the message to "be yourself". It might be a simple concept to grasp but it is hard to execute for some people who are insecure with their own natural state, especially with all the beauty standards and the peer pressure. It is easy for us to say. "Well, just ignore them and be yourself". Unless you have been in someone else's shoes and experienced what they have experienced, in my opinion (yes it is an opinion, calm down, lol), I don't think it is fair for us to judge others decision in their life. If this couple found themselves with the cosmetic surgery, then why are people flaming them for it?	Nothing	Age - Youngsters	1/232	0.431

FPSMuuziki get where you're coming from...like some people just want to get surgery for themselves and not to please everyone. But a whole body transformation is influenced by society. Why do the majority of women want to be thin ? The media and people have told us that being fat is ugly or you have to have a straight nose, big lips, big boobs, tight butt...always wanting to attain youth. Aging is a natural process. I get that certain individuals want surgery not to please others, but themselves. But i think the whole point of surgery is to eliminate you're "flaws" that isn't considered "beautiful" in society. First of all, plastic surgery is an intensely private and personal affair. So what anyone says about it is also simply a matter of personal opinion. That said, we have to prepare for the 21st century and what it will bring— genetically engineered children, life extension, radical new medical procedures that will radically alter what we think about life and our place in it. However, after seeing what this doctor has done with himself and his wife, they certainly look great. But evidently, they have done much more than simply getting body alterations, they’ve combined it with an obviously healthy lifestyle, as well. The only time I really object to plastic surgery is in extreme or botched cases like Michael Jackson, Mickey Rourke, etc. You also have to take into consideration the emotional issue of ”body dysmorphia,” a true mental illness that cannot be helped with ANY amount of surgery. These kinds of unlimited procedures always do more harm than good.	Mental	Physical Identity - Physical (and Mental) Impairments	1/161	0.621

They want these bodies because they are in love with themselves and it would not surprise me if this couple was engaged in sexual perversion of some sort. Like minded people like this behind closed doors have a great tendency to do things that are repulsive; it would not surprise me if they were swingers. Normally, rich people like this do things that are vile and wretched because of wealth, riches and the lust for more. This is a regular disgusting display of man trying to play God.	Sexual	Gender - General	1/88	1.136
that YOU find repulsive. please realize your judgements will only ever be your own and are rarely shared by anyone else. if you honestly care about another human's sexual perversions, that only says many things about your own paranoia and repression. i recommend you take many recreational drugs to loosen those buttons you've got done so up tight. and perhaps lay off the religion, it's obviously preventing you from living the life you would rather lead if you weren't so brainwashed.	Sexual	Gender - General	1/81	1.235

I am free in Jesus Christ and live a happy life; I have been free from the bondage of **sexual** sin for eight years now. I am free heterosexual pornography, **sexual** immorality, which is fornication, adultery, and acting out, which is a professional term for masturbation. Jesus set me free and I am free indeed. It is exciting to be a Born again Christian, and to be indwelt in my body, and sealed with the Holy Spirit of God. I have a wonderful wife and two daughters, whom I love with a Christlike fervency. Jesus has called me to be a missionary to other countries, and at home in the U.S... I am blessed to say that Jesus loves you and me equally the same. I believe even though he is perfect and we are imperfect he loves us, but we have only this life to receive him as Lord and Savior. Finally, if you are projecting your feelings on me about religion then you have no idea what relationship with God is all about through Jesus Christ. It is simply said on my behalf that Jesus loves the sinner and hates the sin, that is why he died for all mankind, but you only have this life to choose to repent of one's wicked lifestyle and turn to Jesus and receive forgiveness for the sin of Adam and Eve and self because all are born in this world with the Adamic nature, meaning fallen nature. Jesus died for your sins and the Bible says that without the shedding of blood there is no remission of sins, his blood upon believing and following Him undeservingly saves one from eternal punishment, this is known as the doctrine of Hell in the Bible, eternal torment would. If I hate my own sins when I fall short at times as all Christians do then I am not going to be able to stand everyone else's sins neither. Jesus has taught me through his Spirit how to love you and the world and hate sin at the same time. I sincerely believe unequivally that these poor souls are narcissistic, and their own god is themselves. So, even if they say they believe in God that is between them and God, but Jesus did say that there will be many who will stand before me and declare that they were Christians and did all these things, then Jesus will say depart from me you worker of sin. Actions speak louder than words. There is a scripture in Proverbs that says there is a way that seems right to a man, but the end of it leads to death, (Hell). Jesus says that THERE WILL BE SOME WHO WILL NOT TASTE DEATH UNTIL THEY STAND BEFORE ME. ALSO IN ANOTHER PLACE JESUS SAYS THE RICH HAVE ALREADY RECEIVED THEIR CONSOLATION. JESUS SAYS FOR A RICH MAN TO ENTER INTO THE KINGDOM OF HEAVEN IS FOR A CAMEL TO ENTER THROUGH THE EYE OF A NEEDLE. By the way, learn how to discourse without speaking like an immature child. However, the reason why you respond in nastiness and anger is because the Bible makes it clear that out of the abundance of the heart the mouth speaks. If you speak filth it is because you have a filthy heart. You can disagree with me all you want, but you are not disagreeing with me but the word of God. Repent and believe the true Gospel of Jesus Christ. Without him all are destined for hell except for children who are under the **age** of innocence and who do not have the **mental** capacity to know right from wrong. Jesus says in John 3 That unless one is born again he can not inherit the Kingdom of God. John says For God so loved the world that he gave his one and only

You hit nothing , the only ones that can back you are those who reject the gospel. Your comments are puffed up and full of self, just like these people unfortunately. However,it is the gospel of Jesus Christ that will save you and these people. If you don't like what I am saying take your gripe to God. If you want to spit in my direction then all you are doing is taking out your anger on me because I am telling you the truth. Rather, look straight up spit, and you will notice that all that spit will fall right back in your face. I didn't write the Bible I just believe what it says. You problem is with the Bible. People who abuse the Bible and are on power trips will lead you to follow them. I say Follow the Godman Jesus Christ because it leads to reconciliation with God the Father, the indwelling of the Holy Spirit; the redemption of your soul from Hell; finally having the blinders removed from your eyes. In Corinthians it says that the natural man can not understand the things of God and they are spiritually discerned. That Spiritual discernment of knowing God comes at the price of Christ dying on the Cross, rising from the dead, and the pouring out of the Holy Spirit. That is why the only one who truly knows God are those who have the Holy Spirit indwelling them.	Nothing	Age - Youngsters	1/241	0.415

No plastic surgery can ever get you the "perfect physique" . A beautiful body is based on 3 things, 1. bone structure 2. muscle structure 3. fat distribution (where the fat goes and stays which is genetic) - plastic surgery can't change these things, you can have all the tummy tucks in the world, if you are have predisposition to get stomach fat , the fat will come back sooner of later.. You can't make legs longer, or can't shrink your rib cage so you get a natural small waist. Why not be happy with what you have ? ultimately is what you have. How can we praise a child for being content with themselves and not praise the parents? As if she woke up that way. Girls of color are often taught from the start that their natural self isn't pretty or good enough. At the same age as this daughter, many parents use things like weaves, relaxers, skins bleaching, etc on their kids, perpetuating this instead of nurturing their natural beauty. Yet despite this couples personal choices and resources, the daughter was au natural and her statement speaks volumes about their parenting. It shows her mother and stepdad are trying to strike a balance of teaching her to be happy with herself and appearance while also setting an example teaching that eating healthy and exercising is a responsibility we all have to be able to live life to its fullest. Nigel Uno How many times can you miss the same point? When you lose your teeth and get implants you are replacing what you lost due to natural causes. When you get something like breast implants it is not replacing something natural nor does it enhance health. If a person loses his teeth, he loses the ability to chew food. That becomes a detriment to health if not fixed quickly. Didn't you watch the video? This plastic surgeon prides his work on aesthetics and he is not at all hiding it. And you are very naïve if you think the majority of work done by plastic surgeons are pro bono. Although you may help the war vet look better, you are doing nothing for his general health. And more people commit suicide AFTER plastic surgery. Do your research. My point is most plastic surgeons are far from noble, but it is a lucrative practice so it will exist. My problem with plastic surgery is that it feeds into the idea of instant gratification, no hard work was involved to achieve your new body, you bought it. The rare cases of reconstructing burn victims or war vets hardly outweighs the cases due solely to person who wants to look better without putting in effort. And sometimes you just need to accept the facts, people age and hopefully you are comfortable enough with yourself to accept it because no amount of surgery will change that. By getting teeth implants you may prolong your life because you are able to eat normally but it's hard to make a case to say plastic surgery can prolong life, again there are few if any health benefits. Do you get it now?	Age, Nothing	Age - General, Age - Youngsters	2/286	0.699

If they both weren't accepting of plastic surgery, than it probably would not be a good relationship. I'm not a big fan of plastic surgery, but I wouldn't mind being with someone that watched their weight and fitness and drug me along with them. It's never a bad thing to have someone with the motivation you lack to push you along. Especially since when you actually do get into a good shape and healthy diet, you have the energy to do it on your own without the extra push. As far as plastic surgery goes, many people say they wouldn't do it to simply hide the fact that they can't afford it and would if they could. There is nothing wrong with fixing something about yourself if you are truly unhappy with it. It's their body, their choice. They are the ones that have to lok at themselves in the mirror everyday. Whats the point of cosmetic surgery when your children will turn out completely different? The whole point of finding a type of person attractive is about balancing the genetic profile of the human species.Two average but very different looking people will often produce a very pretty baby because they balance each others imperfections out.Two beautiful people will often produce a less beautiful child.Gaahhh...why does everyone want to look perfect? It will destroy the entire meaning of what beauty is. If everyone looks like a supermodel, then supermodels are the norm and nobody cares a fuck that you look like a supermodel. It will only shift the reality of what beauty constitutes.	Nobody	Age - Youngsters	1/114	0.877

It's funny reading the comments on here. They're fake. Yeah? So's that shit you call "food" you're stuffing in your mouth. So is that good feeling you felt when you posted your opinion on this video, and 222 people, you don't even fucking know, think you're right.People talking about having confidence in the way we look. I think people have way too much confidence, which is why I see three hundred pound behemoths taking up electric carts meant for handicapped people at Walmart, and people walking around in pajama bottoms and flip flops, thinking they still look as good as they did when they were actually in their 20's.You strive towards excellence mentally, you strive towards excellence academically, you strive towards excellence professionally, so why the hell not physically? "I'm happy I'm an idiot", "I'm happy I only made it to 11th grade and dropped out", "I'm happy I'm in a dead end job", "I'm happy I can only interest half of the opposite gender's mind, and not the other part that says "make babies NOW".Honestly, it's a load of hypocritical shit, and you know it. And who cares if it is plastic surgery? So a girl want's to take off her bra and not have a guy look at her like "where did the other half of them go??" Or a guy take off his pants and not have a girl look at it like, " The big hands myth was just that".It's your body. It's a transient thing that will shrivel and turn to dust. I think the fact that her husband is still modifying her image, is a shallow way of handling their marriage. I always thought that when you marry someone, you should accept their flaws & wrinkle also. It is very sad that even vanity & shallowness still exist through this man minds. She is weak minded & naive because she sees it as a free surgery, she doesn't get the bigger picture that her own husband is not satisfied with her look. <p>Jeff Posaski First of all, I'm agnostic, so your witnessing isn't going to work on me, but I appreciate the sentiment, even though I don't like the fact you're assuming I'm a racist because I'm defending a racist joke (even though I turned around and defended against a racist joke towards white people). See, they are just that: jokes. Not the call of the genocide of an entire people... jokes. Have we as a society really lost our sense of humor and pride that we have to take everything as some sort of a seriously devastating attack?Second of all, you talk about how only God can pass judgment on me... yet you're sitting here doing the exact same thing to me right now. What, because I'm white and make a comment like I did, automatically I'm a racist? You're black, good for you, have a fucking cookie, I don't care if you're black, white, brown, red, green, yellow, rainbow, purple, blue, orange, whatever... we are both human beings. But, guess what? Racists are human beings too. Yeah, we can sit here and talk about how racism is stupid and is an outdated concept, but those very same racists are allowed to talk about how their racism is justified and right. Freedom of speech is a double edged sword, after all, and that is our right... as you would call it our God-given right. Funny how that works, eh?Third of all, even if I was a racist, where does it say in the Bible that racism is a sin? I mean, there's people who use that very religion as an excuse for their racism. It can't be both, can it? You have your opinion and I have mine; but to answer your question yes they will suffer from low self-esteem. Girls want to emulate what they view as "perfect" every day; it's on reality tv, magazines, beauty commercials , etc. So for this couple to take such drastic measures to getting the "perfect" body then young girls would therefore want to become that but due to under age , finances and parental restrictions to such procedures these young girls and teens are left scared. That is my point , black men are very controlling more with the non blacks American woman.Black American men find it very hard to take up a African or Brazilian OR West Indian women. they prefer to go with a Filipino Asian or white women all based on controlling . look at Kanye West and Kim Kardashian she totally CAVE IN. This appears like a narcissictic abuse co-dependant Relationship, to me. But is it just the black man? From my own experience, no. And we can’t say all black man are like this.	Black	Ethnicity - Black	2/57	3.509
Hi PapiyoneVineland, not all are like this,but what have seen in from the media an within my family they are controlling these women . Black women well not accept this behavior from black American men. That is why they do NOT choose non black American women From Haiti ,Brazil Panama,Ghana , Nigerian and Cuba within the black culture.They seek out the ones they csn control Pkease keep in mind they CAME from a house hold with a mother that took care of everything it was called Struggling! Im for be with whom make you Happy in this one life we live. Happy Thanksgiving and Happy New Year to All.	Black	Ethnicity - Black	4/109	3.67

<p>You have 0 knowledge on non-black American culture. In African and Caribbean culture the MAN rules the household and the wife (or wives) cater to the husbands EVERY need! just like past black families in America were. But because of welfare, and acceptance of children out of wedlock the family unit in America fro blacks crumbled and many black mothers are horrible wives (and mothers too, in poverty, having children with more than one baby daddy etc) and black boys are raised to 1) get out of poverty and poor-mentality from their moms leading them to reject everything from their childhood or 2) embrace the ghetto/poor life and stay stuck in the cycle).</p> <p>Yes there are good black American mothers and fathers (in family unit) similar to MLK, but they are the minority (unlike in the past BEFORE civil rights almost ALL blacks were married, had some form of education, were not the majority in prisons etc).</p> <p>It is NOT sacrifice to have a child out of wedlock or into poverty (bc you did not build yourself in a free society with so much privilege!) it is stupidity (and YES ALL blacks in America are privileged, they have the opportunity towards a better future, free education, minimum wage, welfare etc MUCH more than many Africans and Caribbean.)</p>	African, Black	Ethnicity - Black	5/217	2.304
<p>Suzzette Suezq Why not? Are black American women immune to it? The type of man who lets a woman control everything without putting in any objections is called a boy or son. This is a man.Since it is his house and his own money, then he has every right to have his set of rules and demands, and if a woman stubbornly doesn't want to compromise her behavior or except his demands then she won't get that man.Pretty much every black family outside of the US works fine and the father is always the primary authority. It doesn't mean that the woman in the house doesn't have a voice. If she voices her opinion respectfully she will be listened to. If she screams and shouts without logic she can walk out the door.</p>	Black, Woman	Ethnicity - Black, Gender - General	5/135	3.704
<p>I find it funny how people in the comment section are saying they are superficial and this is the wrong thing to do. Regardless of what their intentions are, they seem to be a happier couple than 90 of the world. They should not stop trying to look perfect, but all i could say is, it is very unpractical in the long-run to go out of your way in order to inject artificial material in your body to look visually appealing. Waste of money+time and probably -health as well, come on people, we only have 80 years to live, who gives a fuck how ugly we are? Unless you are obese and arnt able to get out of your chair, you should rethink getting surgery and instead spend that money on something more useful for yourself. But in the end is your choice, whatever makes you happy. And im happy that they are happy.</p>	Obese	Physical Identity - Physical Features	1/154	0.649
