Title: Ageism in the Workplace

- Table 1: Summary of the results per comment;
- [Table 2](#): Summary of the results per sociolinguistic variable;

Table 1: Summary of the results per comment

Comment	KeyWords	Sociolinguistic variables (Hiper - Hipo)	Hate Speech Frequency	Hate Speech Fre-quency(%)
I wrote this song. It is about age and employment. evolvewithme [LINK]	Age	Age - General	1/12	8.333
What the f..ck is old , anyway? I'm 47 and in better shape than 90 of the human population. American people have lost their minds.	Old	Age - Over 65s	1/24	4.167
(0:21) Typical Canadian woman ?	Woman	Gender - General	1/4	25.0
Retirement & pensions are a carrot used to keep you motivated when you are younger. What if people do not want to retire?...I don't! But I do want employers to see the 30 years of very wide experience I can bring to a company. Sure, my qualifications are old but these are only the things you use to get a job in your first 5 years anyway...after that the study subject is out of date so it is experience which should be able to drive you along.	Old	Age - Over 65s	1/87	1.149
Isn't that sweet? First, you can't get a job because you have no experience. Now, you can't get a job because you are fucking old . Why would anyone want to hold a traditional job or if you do, why would you trust your employer? I see a labor versus management situation cropping up for Western society all over again. I think this time around the government WILL not be able to do shit. It'll be a world of strikes over anything...anything.	Old	Age - Over 65s	1/81	1.235
Changing career at 50 is insane. At such age one should be focused on his own business. [LINK] I'm against age discrimination but I will surely not want someone that's 50 and above to work for me, except if he or she has been in the business for a long time.	Age	Age - General	2/51	3.922

30 years ago all the supervisor and bosses were 35 to 40 and up and stayed for life. The older people were respected and had more knowledge and experience than any 24 year old would. It just makes sense.	Old	Age - Over 65s	1/39	2.564
Rosy McGee I dont see any 50 yr old women in retail in ottawa	Old	Age - Over 65s	1/14	7.143
Are there jobs for everyone ? Young and old . No one talks about that.	Old	Age - Over 65s	1/14	7.143
I find the people speaking to be very biased about older people. I mean.. older people are just older people they already had their chance and lived it. Employers avoid older people not because they hate older people but because there are YOUNGER people who are ready to work and start their lives. And thats the thing about retirement. It gives the chance for younger people to get in the market. I know in jobs like engineering when a senior engineer retires the intermediate engineer becomes the senior and takes his/er place and then the company hires a junior and starts training him.	Senior	Age - Over 65s	2/103	1.942
To expect an older person to step aside and let the young one's have opportunities is blatantly ageist . Our narcissistic society hates older people. Period.	Ageist	Age - General	1/25	4.0
SilvanaDil, expecting and older person to step aside is ageist . And entitled. By working, perhaps he is keeping your friends employed by spending money on his children, grandchildren, Starbucks, Target, etc. His supporting his family is helping tbe economy. You're going to be old . If you're lucky.	Ageist, Old	Age - General, Age - Over 65s	2/47	4.255
L D some cultures think 40 is old . I am over 45 and cannot find a stitch of work for 5 years now.	Old	Age - Over 65s	1/23	4.348
I wanna make a caramel coloured baby with you	coloured	Ethnicity - Black	1/9	11.111
Your name is "stop racism and PREJUDICE" lol	Racism	Ethnicity - General	1/8	12.5

Table 2: Summary of the results per sociolinguistic variable

Sociolinguistic variables (Hiper - Hipo)	KeyWords	Number of occurrences	Frequency	Frequency(%)
Age - General	Age, Ageist	5	5/1040	0.48
Age - Over 65s	Old, Senior	10	10/1040	0.96
Gender - General	Woman	1	1/1040	0.1
Ethnicity - Black	coloured	1	1/1040	0.1
Ethnicity - General	Racism	1	1/1040	0.1

Result analysis:

- Taking into account the words that were detected, we can reach the conclusion these comments are associated with : : Age - General;Age - Over 65s;Gender - General;Ethnicity - Black;Ethnicity - General;
- The percentage of hate speech related words is 1.7308.
- Considering that the variable **Age - Over 65s** has the most occurrences in the post, we can interpret that this is the predominant hate speech.
- Overall there were 18/39 occurrences of hate speech related comments.
