<p>This as become a recent topic in the UK to try and overturn Brexit, we have over 200 UK MPs who have claimed loyalty to the state of Israel and they will put israeli interests before that of the U.K people, Just because Corbyn is against the instability in the middle East. Many other countries detest the war crimes being carried out like watching IDF snipers laughing and jeering as a bullet takes a unarmed man's head off, this is not a single incident but just one of many, Israel has been interfering in UK politics for to long, this has to be stopped, those 200 MPs should be made to state which country do they represent or they can leave. This is a distasteful low dirty tactic those remainers are playing, with direct threats to British people.We will have our Brexit it's what we voted for but I see so much MSM news talking about loss of jobs and doom and gloom if we leave but that is all just talk by people who don't have a UK passport and they should stay out off what was supposedly a people's vote but now people are being threatened in all kinds of ways, these are sad times for U.K democracy.Ford threatening jobs, Ford built trucks for the Nazis before and during WW2, after our brave pilots bombed those factories with horrendous losses, Ford claimed and won compensation for being Nazi collaborators, we fought bravely then and we will now. <p>I find many of the comments bellow damn right scary in their sheer misguidedness. No, anti-Semitism is far from the preserve of muslim communities. A dear family friend of ours had bars fitted to his home windows to stop the bricks coming through from known BNP members, he was in his nineties when this happened.Speaking of Leon, he had survived Auschwitz. His child and wife didn't. My grandfather never met his brother again. The historical evidence of the holocaust shouldn't need defending, how did this denial come to be? These comments alone show the serious problem of holocaust denial, the denial of six million deaths because people were judged purely on their ethnicity.</p> <p>Furthermore, these jewish mancumians don't represent Israel and the very valid criticisms that many of them will also have. It is a shame this documentary didn't show the various views. The term Zionist is also thrown around as if it is well defined. For many Zionism means the eventual return to the homeland, there is nothing of the theft of land from those who also live there. In other words there are many interpretations of this longing which is why self describing yourself as 'anti-Zionist' plays into the hands of extremists on both sides whilst insulting a very many other people who are peaceful in their lives.If you find yourself judging people on their ethnicity, religion, or some other broad definition you have a serious problem. People among every community in Britain are far more diverse than the differences between the communities themselves. I really wish there was a little more self reflection, and reflection upon where people are getting their information.</p>	Ethnicity, Nothing	Age - Youngsters, Ethnicity - General	3/277	1.083
<p>If you go around telling idiots that you are special in the eyes of a non-existent supernatural being then you are asking for it. After all, if you believe it, why shouldn't they?Isn't Judaism an elitist cult? What is the difference between the 'Chosen People' and the 'Master race?'Is it any wonder that people who say that god prefers them, get picked on?I despise Judaism in the same way as I despise Islam and Christ inanity. People who are too lazy to think for themselves and eat the excreta spoon-fed to them from the pulpit, bima or minbar are too scared to think for themselves. The shyte they've been digesting for generations is easier to handle.Religion is poison and the pious are highly tolerant.</p>	Race	Ethnicity - General	1/128	0.781

Also, any Arab cant be antisemetic because arabs are also semits! And these hate crimes are unexcusable and discusting on any level. CJTaylor 87 Exactly. Palestinians suffer tremendously and their struggle against the occupation is a just cause. But that has absolutely nothing to do with ordinary British Jews who have every moral and legal right to feel safe in their home country.	Nothing	Age - Youngsters	1/41	2.439
+ Kraut and Tea you are the best example for the way people must think in order to create a country on top of another.every thing you said is a good representation of the country of israhell and every zionist should be proud of you.and i love it when you call others " Nazi " :)	Kraut, Nazi	Ideological and Political Identity - General, Nationality - German	2/55	3.636
ndogg20 I call out bigotry whenever I see it. I don't give a shit whether it's a Muslim, a Jew or a Christian. As far as the attacks on Jews are concerned, it is ridiculous to blame 'Palestinians' for let's say the Aleppo or Alexandria pogrom on Jews. The overwhelming majority of Palestinians have never even set foot in those cities. Or even the Hebron pogrom for that matter. Much like my nickname indicates, I am an 'Afghan'. I however am not responsible for whatever sick shit crazy Afghans did, are doing or will do in the future. If a Palestinian attacks a Jew, he should be punished. If a Jew attacks a Palestinian he should be punished. Other people who happen to be either Jewish or Palestinian have nothing to do with that. Personal responsibility is the only thing that matters.
