Sports fans are imbeciles in general. They purchase overpriced clothing to support a bunch of millionaires. I remember when I was a kid in the 70s and I thought that the Redskins and Chief Wahoo was racist or at least symbols of poor taste. I am befuddled as to how others don't feel the same way. How do people like this still exist? You can disagree with someone but that doesn't give you the right to do something disgusting and awful. Even if you don't agree with someone they have a right to protest and you have a right to like racist logos but when you start doing stupid things that's what isn't okay. If Native protesters play their cards right , I can see this video being used successfully in the fight to change the Washington Redsk*ns name. This very video completely destroys the argument that the r*dskins (and Cleveland Indians fans themselves) mean no racism , based on the sheer volume of racist fans observed in the video. All my respect and love goes to Native Americans .	Racism, Racist	Ethnicity - General	2/65	3.077

After seeing the reverse hatred towards my team, our logo, and the city of Cleveland, I am going to state important facts and observations you may want to consider. The prominent protester who's native american ADMITTED stealing \$77,000 in funds for Native Americans. He was sentenced to 4 months in jail and 4 months house arrest. Shouldn't these Native Americans, and the rest of these protesters be outside of this man's house protesting how wrong it is to steal from Native Americans and how wrong it is to not practice what you preach?! Second, I counted 5 people that yelled profanity or mocked them, and showed not even 2 full minutes of fans entering the park. The park's current capacity is 34,726. How can you call an entire fan base all racist that doesn't show the other 34, 721 individuals from all backgrounds entering the park that don't act like that? Besides the ballpark itself, the Indians have over 1 million fans on Facebook alone, and across the entire country; so to make a generalized statement that our entire fan base is racist based on a video clip that's not even 2 minutes long is an obvious false, and an inaccurate jump-to-conclusion analysis. I was out there for 2 games last August, so I can sit here and say I saw with my own eyes people from ALL walks of life who were wonderful, courteous, and would never do what is seen in the video above. FURTHERMORE, if sports teams are wrong for making money off of Native Americans, where are the current protests to change the Braves, Black Hawks, Chiefs, and Redskins logos and names? Yes, I'm confused too. I happen to stand with the majority of fans including Native Americans that want to save the logo and are against the change, which is CONTINUOUSLY proven in multiple Cleveland and national polls to this day. In America, you have the right to your opinion, but you DON'T have the right to tell people how to think, feel, or what to believe. With that in mind, I will close by saying 2 wrongs don't make a right, don't preach tolerance if you are going to be disrespectful yourself, and don't be mean and attack your fellow man just because they hold a different view than your own. What is it with people's obsession with mascots? Names change ALL THE TIME. IF you don't see why the name/logo of teams like the Indians, redskins, braves is racist and pretty absurd idk what to tell you. It's like people enjoy being so overtly racist	Racist	Ethnicity - General	2/45	4.444
What's racist about the name Braves?	Racist	Ethnicity - General	1/6	16.667

Absolutely appalling! Those fans are disgusting! The people protesting against this racist logo are as polite as can be. They are civilly voicing their opposition to what they (and many others, including me) consider a disrespectful logo. A logo that is demeaning to themselves, their families, and their ancestors. jjcp292 The one's that don't contribute to the weekly shooting in Chicago, Detroit, Baltimore, etc... Do the math. Then again, it doesn't matter because black deaths don't matter until a white person is involved.	Black	Ethnicity - Black	1/34	2.941

<p>Zikk You want to do the math? Here we go. Did blacks invaded the Native Americans, stole their land, raped their women and slaughtered millions of them? Nope. Did blacks dropped bombs on Hiroshima and Nagasaki, killing millions of innocent civilians? Nope. Did blacks went invading country after country and taking land that is not their and then mistreated the natives? Did blacks had millions upon millions of Jews and non-Jews thrown into gas chambers, starvation, torture to death and other atrocious killings? Nope. Did blacks caused world war II, II - Korean, Vietnam and other wars? Nope. Are blacks the ones poisoning water and land with toxic waste, which causes fatal diseases? Nope. I can go on and on and on. Now compare all that to what blacks are doing to each other in certain cities. There is no comparison, really. Whites have done a lot more damage worldwide and throughout the centuries. So, please, stop trying to make blacks as the villains, while turning a blind eye at what whites have committed. Yes, all races and nationalities have done their share of damage, but people like you are known to point the finger at that guy, while 10 more are pointing at you. right...great reasoning consider that the caricature is based on a specific race and their culture . You proved the point of why the caricature is so damaging to native americans. Privilege thinking have clouded your common sense. You do not see native americans as real people and you believe fans are owed the right to mock and think they have inherent rights to tell native americans they are wrong for being angry because they are being mocked by caricatures of what others think native americans look like, Perfect example of how lacking in education and reasoning fans display to the world. William Wharry I don't need to hold nothing down in shame. When people go to sporting events in their city, they represent their city. Their actions reflect on their city and they did this knowingly that they were being filmed and it would be all over social media. They had no problem letting their ignorance, bigotry, and racism shine for all the world to see. Assholes like this are like children, the actions of children reflect on the parents, the actions of these individuals reflect on the entire city. That is the Truth. Are people idiots? Yes sir! Did they respond Poorly? Yes sir! Do you get to see the insults thrown to provoke those responses? Nope. Rudie Obias As a fan I hope so too. I was hearing talks about changing it to "The Tribe". I think that,that will suffice. Cleveland is trying to change their image around. Even more so the MLB is trying to target inner city youths and get black kids back into baseball. Though we are not Native" my community is very wary of any form of bigotry like behavior. For one it is wrong and secondly if they say that about NA imagine what they say about blacks, latinos"etc. Also with fans like this I wonder how they really view some of are players outside of the baseball umbrella(Lindor, Ramirez,etc.).I think due to the MLB trying to get more mainstream exposure, it is posdible that they may eventually change the name in the near future. <p>Maka Ayan the Rwandan genocide was the result of european/white psychological warfare. Pre European colonization something like that would never happen. Using something that was the direct result of european colonization isn't proving any points. Historically europeans/whites have been more violent than anyone (the kill count probably at a billion if not very close), especially africans/blacks who had a sophisticated territory system that would ensure ethnic conflicts wouldn't happen often. Not to mention ethnic groups adopting the constitution of the mali empire, the Kurukan Fuga. I assume you're American seeing as you brought up the Rwandan genocide and that albino crap happening in East africa, which the media (even saying "in parts of africa") pushes heavy over there as some super common occurrence. That "whites are no more evil than black" stuff is complete bullshyt. More proof that parents should homeschool their kids. The k12 program is nothing but propaganda and brainwashing.
