So you want to "respect" us women yet you also want to control us and tell us we need to cover up in the media and in music videos? Latifah you are a massive hypocrite and you follow an ideology of feminism that think how women should dress or act. You DO NOT SPEAK FOR ME.It's funny how ppl don't complain when a man gets sexualized or is half naked BUT if it's a <b>woman</b> then she is a \$lut? Let every <b>woman</b> do what they want with their body whether they want to cover up or not.	Woman	Gender - General	2/99	2.02

I gotta say, fuck her beauty, listen to what she's saying !!!! Beauty is a matter of luck, and a way to divide people, especially women. This <b>woman</b> has A LOT to say. She's a thinker, and that takes work. It's also something even ugly women can do.	Woman	Gender - General	1/48	2.083
Queen, Outstanding commentary, intelligent, articulate and a genuine expression of the issues we face as women. a people and as a <b>nation</b> . "No country should be able to infiltrate us and pick us apart based on <b>race</b> ". Those exact words Queen said, I said years ago back when Russia so easily trolled us. They had <b>black</b> people marching and buying t-shirts and things owned by a Russian company. They trolled along side white supremacist and in a way is responsible for the push in white nationalists movement. Are we that shallow to allow skin color to dictate; divide and conquer us? We are Americans..... simple as that. Travel and meet people. Get out of your states and countries. See more of human beings. See more of us all so you can see how amazingly the same we are. Queen Latifah is a beautiful person, down to earth , and a funny, talented artist. And, I did to know her home town was in Newark. I hope to meet her one day since I am so taken with the area of Newark as one of my favorite radio stations, WBGO, is located there. I agree with what she said about how important <b>African</b> culture and their intelligence should be respected in America as they have given so much to America. I very much support the community and have a very soft spot in my heart for them, especially, since I worked 20 years with Afro-American kids and kids with color in the inner city-Brooklyn High Schools and a few in South Florida. These are some of the reasons besides how I love people in general, why I am so proud to do paintings and collage reflecting my experience knowing them . Additionally, they have influenced my taste in music and fashion as well as have, on average, accepted me so many times as a teacher, mentor, neighbor, and, or friend, while I, on-goingly learn how very fair and highly, social they are.....and, that we have a strong commonality being such social and outgoing people, as I have learned I am sinceegen though I am a third generation American, I am from a Syrian/Romanian background. And, my ancestors, too, were slaves, so I feel deeply for them.	African	Ethnicity - Black	1/237	0.422

She's spot on about the rap industry. Very few rappers strive to be unique anymore. In her time there were battle rappers like LL Cool J, and there were party rappers Rob Base, but then there were also the conscious rappers like Public Enemy, and Rakim. They were all equally known. Nowadays, nearly all rappers rap about money, cars, and <b>sex</b> , and if you're not talking about those things there's a good chance people have never heard of you. The only rapper that stands out as unique in my mind today is Kendrick Lamar. No disrespect to anyone else, I just can't think of any other rapper who isn't about the flash, and yet has obtained a heightened level of notoriety.	Sex	Gender - General	1/121	0.826

Love the Queen, so much respect for her. She spoke so eloquently here, too. Especially love what she said about the industry and women's voices and how, 30 years later, we're still dealing with inequities that we were all talking about then, and how America just needs to deal with its <b>racism</b> and <b>racist</b> past and slavery roots head on. It's the only way to get to healing. Ignoring it doesn't help any of us.	Racism, Racist	Ethnicity - General	2/75	2.667
I am a <b>Black</b> American Slave Descendant and a <b>woman</b> and I am highly suspicious of <b>Black</b> celebrities, having to answer political questions that affect me, because those <b>Black</b> celebrities' loyalties will always belong to their money, their entertainment contracts, and the non-Blacks, who helped make them rich. Rich and/or middle-classed <b>Black</b> persons have never acted in the best interests of the <b>Black</b> American poor. That is why the Civil Rights Movement failed. The wealthiest Blacks during the 1950s and 1960s placed more priority on interracial marriage and breeding out their Blackness above and beyond reparations for slavery and genocide. The rich Blacks take the lead. The <b>Black</b> poor follows and gets absolutely <b>nothing</b> from these social movements. Non-Blacks were also choosing our leaders for poor Blacks. When I see non-Blacks, asking rich Blacks about social and political policy, they are choosing my <b>Black</b> leaders for me that I did not choose. I agree with Queen Latifah about the profanity in music. I am so sick of being called an n-word, a b-word, and a whore by <b>Black</b> entertainers, when I am not those things, that I have stopped listening to rap music several years ago. Rap is not music anymore. It is pornography and <b>Black on Black racist</b> propaganda. Well let me just say I am not fan of Latifah. Here with a open mind to see what she has to say. My opinion stayed the same, because the interview seem scripted and mechanical. CMB QueenB Hi again, yes I was just explaining how the <b>sex</b> of a person is determined. Apparently, the female <b>sex</b> is considered to be the "default" <b>sex</b> meaning the <b>sex</b> that everybody starts off as. In order for a person to become male, it has to undergo a hormonal process or something like that. It kinda makes sense when you think about it because if you were to take the word "female", what other word could you pull out of it? The answer should be obvious, . Thanks for responding! The white feminists pretend to be the <b>black</b> woman's friends and call for solidarity marches together while using her riches to cheat her children to the best spots in colleges that could give spaces to deserving <b>black</b> students. I can't choose my skin color ..... this color came from the sun who powerfully powers our solar system. We have to get to the root cause because white supremacy will always be anti <b>black</b> ..... I'm putting my hard work into this place and I'm being mistreated because of my brown skin. All <b>black</b> folks are doing the best they can and have contributed to America's wealth past , present , and future .... To be clear. WHITE MUSIC IS JUST AS <b>SEXUAL</b> , PERVERTED, VIOLENT AND "GANGSTER" TRAGICALLY as <b>black</b> people we have that quadruple consciousness where unfortunately, we have to ALWAYS exist with the consequences of ramifications of every single action and the impact it will have on our domestic, universal and global persona as a result of white propaganda, willful ignorance and self righteousness	Black, Sexual	Ethnicity - Black, Gender - General	2/62	3.226

Sexism, <b>Racism</b> are so <b>old</b> and stupid I mean I can't believe some ppl are still sexist or <b>racist</b> in 2019 when the humanity diversity made and brought the music industry to a total other level!!!! Like come on now to all the people who are STILL stuck on stupid on being <b>racist</b> or sexist try to evolve a little and yes women can be as productive, creative, successful, smart and intelligent as any men the same way men can be as loving, great cooks and sensitive as any <b>woman</b> ...like it's a new world ppl. man or <b>woman, black</b> or Caucasian you can be anything you want. TheMelaninEffect you don't know what he ask for when he having a conversation with God. He don't owe <b>nothing</b> to man but to God. What he do in secret with God is with him and the Lord. God will bless him openly that time has not come. You probably don't have a relationship with the Lord you on the surface like the world but God see things through a naked eye. Moses , David, Solomon. Even Paul all had come from a wicked past but in the End they all turned out great men before life and. Jesus didn't come to save the righteous but the unrighteous. Kaci McDaniel Gurl, you did not just go to Church on me, for this nasty ass man? He breaks 50 100 commandments just in a typical song. He lives in a house full of young girls engaging in all kinds of <b>sex</b> . He drinks, drugs, curses, pisses on kids and you on here talking about GOD is using him? R Kelly hasn't asked for redemption, he asked for another 14 year <b>old</b> . I dont know what "GOD" you serve, but if its one who thinks filming 14 year olds screwing R Kelly with dildos in HIS ass and him peeing on them is "useful" to God, you have lost your mind. You need to take "I believe I can fly" off repeat and go find a real Church. He got you good. Lawd help our sister. R Kelly lets the DEVIL use him, because he LIKES IT and if you keep this up you're going to end up sipping on pee instead of grape juice at communion sis. Ya'll see this? This is proof of how R Kelly controls women, Karen wilding yo, and haven't been peed on yet. Imagine if R Kelly had Karen for a week? She would swear he was <b>Black</b> Jesus. This interview somehow reminded me that during the investigation on Bill Cosby, some expressed the emotional difficulty we face seeing a public role model for decades charged with abusive crimes. But the truth is, there are still extraordinary people in the public light fighting for the cause they believe in through their work of art, in my opinion serves as true role model for ethics, equality, and beliefs. And Queen Latifah in this interview really represent the real Queen presence in my heart! Rosing from misogynistic music culture, evolving to different platforms carrying the same beliefs on <b>gender</b> and racial quality, ethical values, and giving back to community, now almost 3 decades. I think this is just a much better representation of role model for females or minority background or just everyone in general! And Yes! raising awareness on <b>mental</b> health issue is so important in our society today! You go Queen! You can have redemption...but you've got to have self awareness, admit wrongs and change. And I'm SO tired of people saying don't judge....uuuugghh, we all do it. Should most be less judgmental? Yeah, prob so. However, humans are wired to judge situations...like 'is it safe to have my children go to that person's house?' 'Should I hang out with so and so?' 'What do I believe' etc, etc.. Suspending all judgement, makes us unaware, unsure and empty...never standing for anything.If we really never had judgment we could be very vulnerable to being used, manipulated etc. You've got to use your brain to figure out what you want to do, who is safe to be around...all judgements.I try to be fair to other humans, however I'm going to use my <b>common</b> sense and intuition to judge situations and people I will, or won't be safe around, or want to emulate. I'm proud of those who will speak up to societal wrongs. It has to happen. To cloak everything in blindness and look the other way, does not change or heal society...it allows for injustices to continue to vulnerable populations. That HAS to stop. <p>Nymeria Marie if anybody around you care that you mute them for having their own opinion then they must be weak as hell. My thing is I separate the music from the person in all entertainers lives past entertainers like Marvin Gaye as well as R.Kelly. And all the other entertainers who has done some fucked up shit. I don't get that deep rooted into <b>nobody</b> personal life that will stop me from listening to a song I may like. So <b>nobody</b> that's around me no not to tell me who or what to listen to. And just to make it clear I don't care if R.Kelly nasty ass rot in hell and go to jail for the rest of his life. Has <b>nothing</b> to do with me. It's funny to me how some people judge others when they have demons. Queen, isn't she <b>gay</b>. To me a lot of people have accepted that and still there is a lot of people that haven't accepted that lifestyle, I don't think that people who don't agree with that lifestyle, should not support a movie or a song because someone is <b>gay</b>. For me and my husband I really don't care what none of them do, that's their personal lives. I don't care what no entertainer do as long as it doesn't affect my life. Oh yes I do have a 25 year <b>old</b> daughter who I have raised her to be strong minded so she wouldn't fall for anything a <b>nigga</b> especially some <b>old</b> ass man like R.Kelly, she is a RN making great money and engaged to a dentist. So we are proud to know we raised her right. These parents needed to do better in raising their daughters. My daughter wouldn't have never been around R.kelly or no other older man without my husband putting a gun to that man head. So R.Kelly will get his day in jail. But I will still rock one of my favorite songs by him until the day I die. People claiming they won't listen to R.Kelly music, but behind closed doors they will be, lol including Queen who claims she stop listening to his music since that tape, yeah right. When they were playing his music on the radio, people didn't turn no stations. I don't like a lot of his songs but maybe 12 play album, and 1or 2 songs off chocolate factory, but ima keep it 100, I'm not sneak and listen to his music like a lot of people are going to be doing, I'm go listen to it when I feel like it and when I feel like it.</p>	Gay, Nigga, Nobody, Nothing, Old	Age - Over 65s, Age - Youngsters, Ethnicity - Black, Sexual Identity - General, Sexual Identity - Male homosexuality	10/441	2.268
