| Antizionism as I understand it, is opposition of the Political and Military actions of the Israeli Government and their THEFT of Palestine and ever-growing land grabbing. THAT is what i oppose and that is why I refuse to be labelled as antisemitic. I have <b>nothing</b> against Jewish people or their religion. And because I am an Atheist, I do not believe in any religion. I see all religions as ways for governments to force regimes onto lands of people for control through blackmail and fear of persecution. So, take away religion in Israel and you're left with a Banking Gangster Cartrl who stole a country to use as a military base in order to force commercial, economical and governmental control into other local countries, especially for their oil and other minerals. | Nothing              | Age - Youngsters                                      | 1/131                 | 0.763                     |

| Beside the fact that Judaism as a religion have <b>nothing</b> to do with <b>ethnicity</b> , while Zionism as a political ideology is separate from Judaism, if being against Torah, or Talmud also means to be against the Semites as an <b>ethnic</b> group, then being against Quran/Islam is even more anti-Semitic, because the vast majority of (pure) Semites are currently Muslims, not to mention that it's hard to find a Semitic-Jew, or a Zionist of Semitic background, because most of those, who occupies Palestine are actually of European origin.   | Ethnic, Ethnicity, Nothing | Age -<br>Youngsters,<br>Ethnicity -<br>General      | 3/87  | 3.448  |

| Oh come on, If I criticise the Israeli government I'm seen to be criticising Zionism, so lets debunk this myth that Zionism is the new anti-Semitism. It is not anti-Semitic to say that the state of Israel should exist within a framework of equality, and not in the framework of preference and superiority, but by god, if I was an MP in the Labour Party that said this, I would be outed from the party and hounded by the press as an anti-Semite! Anti-Semitism can exist without anti-Zionims and anti-Zionism can exist without ant-Semitism. Anti-Zionism is on the rise because young progressives are suspicious of any form of <b>nationalism</b> that appears exclusive and Zionism is <b>ethnic nationalism</b> because it excludes many of the people under its control. It denies millions of Palestinians their basic rights. Anti <b>nationalism</b> is a growing trend and that's why anti-Zionism is on the rise. | <p>I am very much a believer that language is mutated in much the same way as Jonathan Sachs describes <b>racism</b> as a virus. I came to watch this because I have noticed that throughout the "anti-semitic Labour Party" allegations two of the most direct victims of the attacks are two old-guard traditional socialist leaning politicians with incredibly positive records regarding combatting <b>racism</b>. My earliest political memories are associated with the Anti-Nazi movement and the free festivals arranged by Ken Livingston, in the late 1970's with the "Rock against <b>Racism</b>" events. And Jeremy Corbyn, who has protested throughout his adult life in many anti-racist events. Neither of these individuals have made statements that involved any attacks, but their words were intentionally taken out of context. I am almost bemused by the fact that no-one at all in the mainstream media addresses the question of "political zionism", and apart from George Galloway in a very biased episode of QT, I have not seen an episode of Question Time where an audience member has asked a question about the "Zionism" issue. Continually I watch the media use the entirely weaponised "anti-semitic" but never in mainstream media do we hear the word "Zionist" or "political Zionist", these are not fictional beings, and these expressions are not used as insults to describe these people. I also researched a little history on the initial beginnings of the accusations and very quickly found the generally identified starting point of the accusations. In fact, the initial accusations begun under Ed Milliband's leadership, and seemed to result from Milliband's statement that he, if made the next prime-minister believed in a two state solution, this is not something that the political Zionists agree with, and through their network of pressure groups and action groups began the momentum of accusations. I also did this with Ken Livingston, and found that his trigger was a quote in the JC stating that Livingston had said "most Jews are Tories...", What Livingston had actually said was "during the 1980's under Thatcher many Jewish people did very well, and they started to vote Tory". I would really appreciate seeing a question on QT which asks the panel about Zionism and Anti-Semitism, there is a very important distinction and it needs to be explained and separated instead of avoided. Anyone who spends any time studying it can see that the political Zionist unit has far too much global power and is using language to hide behind</p> | Racism | Ethnicity - General | 3/411 | 0.73  |
| <p>If the British Jewish community spoke up against the <b>racism</b> in the right wing government in Israel they could change public opinion and embrace the injustice that most of the UK believe is happening to the Palestinians. It's not anti-Semitic to speak the truth of what's happening but that seems the trend now and the BBC is completely wrong and completely one-sided on this issue.</p>  | Racism | Ethnicity - General | 1/67  | 1.493 |

| <p>Zionist "Jews" descended by far from the defunct Khazar Empire. Khazars are ruthless psychopaths who were nearly wiped out by the Mongols. They only converted to Judaism to escape persecution. They spoke Yiddish- which is not Hebrew- but is phonetic Khazarian that is made to sound like Hebrew, so they can claim ancient tie to Semite Jew! They started Zionism- a military movement- in the late 19th century. This movement- headed by Rothschild Jews- force England to grant them Palestine officially in 1948 via the Balfour Declaration. Ever since then, these Zionist cunts have embarked on the mission of <b>ethnic</b> cleansing (a crime against humanity) against Palestinians- the true Semites (or should I say, Canaanites) of Palestine- a place where Jesus was born. Jesus was not Caucasian. Being a Palestinian, he would have olive skin, brown eyes and dark <b>black</b> hair. Judaism is a dead religion:Jews lost their kinship. The <b>Old</b> Testament says; king David's line would stop once the Prophet Jesus Christ arrives on earth and he did, but the hateful Jews killed him.Jews lost their priesthood once the second temple was Destroyed in 70 AD and with it the genealogy. Therefore, no Jew can prove he is from the trouble of Levi. And with no Priesthood; there cannot be a temple. Jews have no prophet; there has been no Jewish prophet after Jesus Christ. Therefore, These fake politically driven Jews are mere thieves, <b>nothing</b> more.</p> | Black, Ethnic, Nothing, Old | Age - Over 65s, Age - Youngsters, Ethnicity - Black, Ethnicity - General | 4/239 | 1.674 |

Mr. Sacks example of some criticizing the British government vs. others saying Britain shouldn't exist clearly shows he has a nuanced view of the situation and a good interviewer would have asked questions like "What do you think of those who support the existence of Israel as a Jewish ethnostate but also support the right of Palestinians to have their own ethnostate and not be forced out of Gaza where their ancestors have lived for at least a 1,000 years?"Or another good question: "Do you support the State of Israel's policies to ensure that <b>ethnic</b> Jews are the dominant majority? | every time someone charges that the state of Israel's treatment of the Palestinians is, say, in violation of international law, the issue of the validity of this charge is replaced by 'straw man,' which in this case is alleged anti-Semitism of the critic. It is to be noted that in most of these confrontations only one side has any real evidence. The critic might point to evidence of <b>ethnic</b> cleansing, property destruction and land theft, and various policies that have, according to David Harel, the vice-president of the Israel Academy of Science and Humanities, turned Israel into an 'apartheid' state. On the other side, however, those using the straw man fallacy often have no objective evidence at all. Their claim of anti-Semitism is based on their own idiosyncratic definition of this prejudice. Making a case in this way also involves 'begging the question' or 'circular reasoning,' which are also erroneous ways of arguing. This occurs when a person 'assumes as evidence for their argument the very conclusion they are attempting to prove. | Ethnic | Ethnicity - General          | 1/172 | 0.581 |

| What a load of Gelfilte fish: figures. To equate anti-Semitism with anti-Zionism is to call many many secular Jews (and Israelis) anti-Semitic - and most of the enlightened world as well. No true humanist or secularist can support the present <b>nation</b> State of Israel because it is not a democracy - Zionism ensures it never will be - and it engages in apartheid. The same holds for most, if not all, of the Arab states - there's no democracy and the entire Middle East is flooded with <b>nothing</b> but warring misogynistic theocracies. And no one with half a brain supports a Christian America or any Christian <b>nation</b> state. Further, no one that accepts the scientific method and natural selection can truly support any state founded on religion/mythology. By "Lord Load of Gefilte Fish's" definition millions, perhaps billions, are anti-Semitic. Even the most obnoxious zealot anti-Israel loudmouths mean the State of Israel shouldn't exist - in its present form. But no wonder. As long as corporate media continues to give religious leaders a seat at the table - these myopic folk who make stuff up to further their own religious agenda - <b>nothing</b> will ever change. That goes for Christians, Muslims, Buddhists, and Wiccans as well. Lastly, it's too bad to see religious leader's willful but ignorant erudition on display when they cannot distinguish social stereotyping and tribalism and implicit bias - from <b>racism</b> and anti-Semitism. Clearly "Lord Gefilte Fish" never took a psych 101 class. Do the Navajo get to reclaim the USA from the European Americans who live there, I'm assuming the disgusting <b>old</b> man in the video would think not, even though the Navajo and natives had their land stolen from them more recently than what the Jews claimed happened to them? So Jews were hated for their religion?</p> <p>And what was practiced in this religion that has had them kicked out of over 100 countries in the past that we know of?Like I said the tide is turning. Is calling you the "Tares" Anti-semitism? Matthew 13:24-30 24 Another parable put he forth unto them, saying, The kingdom of heaven is likened unto a man which sowed good seed in his field: 25 but while men slept, his enemy came and sowed tares among the wheat, and went his way. 26 But when the blade was sprung up, and brought forth <b>fruit</b>, then appeared the tares also. 27 So the servants of the householder came and said unto him, Sir, didst not thou sow good seed in thy field? from whence then hath it tares? 28 He said unto them, An enemy hath done this. The servants said unto him, Wilt thou then that we go and gather them up? 29 But he said, Nay; lest while ye gather up the tares, ye root up also the wheat with them. 30 Let both grow together until the harvest: and in the time of harvest I will say to the reapers, Gather ye together first the tares, and bind them in bundles to burn them: but gather the wheat into my barn.They look physically like us but that "White Devil" the world hates are the very ones who run the media, banks, all corners of entertainment industry and government. Then they claim to be victims? They hate whites, they masquerade as whites except when they want to claim or get recognition. Then it's "I'm not white. I'm Jewish." And that is what they are brought up to believe and do believe.These Tares (as Jesus told us) are the same ones who are infesting white Europe and only white Europe under the guise of multiculturalism.Jesus was not a Jew. He was an Israelite. Jacobs name was changed to Israel. Israel is not a place, it's a memory, it's who you are. Hence "The lost tribes of Israel" Where is Jacobs pillow? "The Throne of David"?Why is it that their Israel has never matched up to the bible but it matches up to Britain perfectly?How can anyone honestly believe that that middle eastern robbery is the work of God. Why is it these Jews do not have the throne?It was emperor Constantine who established the Jerusalem in the Middle East 200 years after Hadrian had torn down the <b>old</b> and disassociated it with Edinburgh. Constantine established it for political reasons that are still being practiced today. there is a plethora of sites in Edinburgh that still carry its past. There have even been gold and silver coins with King Solomon been found in the city and as far as Cornwall England. Do you know that Edinburgh has a "Jacobs ladder"? Names have a way of sticking even "The Jacobites" were no mere conscience. How can people claim to be of God when most of them know the lies and diciest Israel was established on. This is not the work of God.The bible makes it quite clear that Israel is a covenant, a promise, a memory, it's Jacob. Not a place. And when that memory gets blotted out of the history books (for the most part) they control. People forget who they are and that's why they</p> | <p>Fruit, Hag, Nation, Old, Thin</p> | <p>Age - Over 65s, Gender - Female age and physical appearance, Nationality - General, Physical Identity - Physical Features, Sexual Identity - Male homosexuality</p> | <p>6/1101</p> | <p>0.545</p> |

| The Rabbi's description of anti-Zionism is a straw-man... many anti-Zionists have no objection to the existence of Israel, nor do they question Israel's right to exist.'Eretz Yishrael' on the other hand, - ie. Zionist expansionism/imperialism - is another matter entirely... and the Rabbi, in failing even to admit there is such a thing as a 'Greater Israel Project', is using a typically Jewish kind of verbal 'sleight of hand' with this straw-man and hoping no-one will notice.If Israel were to cease her continual genocidal behavior against her neighbors, stop her <b>ethnic</b> cleansing of Arab countries, and and pull back out of all occupied territory, to the borders established for her by the international community in 1967, perhaps the anti-Zionist movement would dwindle considerably... (and if she were to hand over her Zionist banksters to international legal authorities for their international monetary scams, the 'Federal Reserve' banks, it could possibly disappear altogether!)Instead, however, all we see is Israel (and her Zionist banksters) behaving abominably, and in true Jewish style, scapegoating her victims/neighbors. If Jews do not like 'anti-Semitism', perhaps they might ask themselves, where does it come from? How could anyone possibly NOT love 'God's Chosen People'? Or what said 'Chosen Ones' have planned for the 'Goyim'...? What's not to love, already...? | Ethnic | Ethnicity - General | 1/214 | 0.467 |

| <p>Theseustoo AstyagesWow what one man says you believe all Jews or Zionist believe. Amazing. The wako from wako (David Koresh) was a devote Christian speaks for all of Christianity. Maybe Jim Jones speaks for Christianity. Why don't you read more sites on Zionism and Judaism. True and real Zionist is just the believe that Jews deserve there own homeland. <b>Nothing</b> else. Jews don't own all the money and banks. Just use <b>common</b> sense. Do you think any of the 600 billion promised to Iran would of gone to them if so. Just think so much goes to enemies of Israel. Just think. You can go to any Jewish bookstore and buy a Talmud. Non Jews are not forbidden to go. You can find translations on line. Go and try. As for your quotes this is what your sources do. Lets say that the Talmud says in Tractate X page y. "Rabbi X says that the world thinks it's permissible to lie, cheat, steal and even kill non Jews with no punishment. I'm here to tell you it's wrong and here is the proof. "Your sources will do this. Here is a quote from Rabbi X in Tractate X page y it's permissible to lie, cheat, steal and even kill non Jews with no punishment. See how evil the Talmud is. If you bother to read before and after the quote you'll see how they lie and manipulate the verses to produce anti Semitism. Challenge me on anyone of your quotes and I'll show you. Would you like the religious reason or the non religious reason why Jews were kicked out of all countries? Or both?My Site is the actual Arab leaders telling you this. It's not lie. It gives you all sources what TV shows, what papers so you can yourself go to the archives of those stations or papers and see for yourself. Just like me this site doesn't ask you to take my (or its) word for it. Check it out yourselfI am more than willing to get into a Gaza discussion with you but let us try to separate. I don't want post to get to long. But believe me I have what to say and prove to you who the real <b>terrorist</b> are. Who is the liars are. Look at there media and ours. That alone should tell you something. Israel is not perfect but it's much more human than they are. They lie to you much more. You are justifying the wrong way. Israel defends itself from suicide bombers. They don't force them. As for the chosen ones. You misunderstand that too. It doesn't me G-d love big over small, white over <b>black</b> and so on. What it means is simple. G-d was first looking for someone to choose him. No one did. <b>Nothing</b> but idolatry.That was until Abraham came along. He past on his teaching to Issac and Jacob. It was then that G-d made a covenant. Since you chose me (to the fathers) i will choose you and your descendants as my people. Our post are getting long. Please keep them short. | <p>As I've said, it's not so much what Israel 'says' that makes me believe that Zionism is a <b>racist, imperialist</b> doctrine, but what Israel actually DOES in Gaza and the WB... I watched her actions for a long time before I became an anti-Zionist and it is her actions that I judged her on, not just her ideology... and it seems like ISrael is quite full of 'wakos'... (Btw, it's spelled 'Waco'...)And believe it or not, I was brought up as a Christian, and was taught that Israel was the 'Holy Land' and that the Jews were 'God's Chosen People' as per the bible (Torah), along with Christians, of course, as believers in the same sky-fairy. I did not become an atheist, nor an anti-Zionist until much later in life... (only during the last few years) until after I'd learned that 'God's Chosen People' were not all 'nice guys', or 'the good guys' as per the myth.What you call 'True Zionism' is really the complete inversion of Judaism... and it belies current and on-going Israeli expansionism. And here's a curious question for you: How is it that prior to WWII the Ashkenazim were in a minority of 'World Jewry', but today they comprise 90 of it... How did this come about?Listen up: The ownership of the banks by ISrael's banksters does mean that they quite literally own virtually all the money in the world, which is only LOANED to the rest of us; no money at all comes into existence without being BORROWED into existence... and who owns it? Those who print it, who create it (out of <b>thin</b> air!) and loan it out to we 'Goyim' at interest. This is 'usury'... surely you've heard that word before? And it is the source of all inflation, which exists as a secret form of taxation imposed, willy-nilly, upon the rest of the world.And I've NEVER judged ALL Jews, nor even all Israelis, as if they were ALL Zionists; I'm aware that many of them aren't... but you are using the 'No True Scotsman' myth for Israel and saying 'No True Zionist' would do anything devious or underhanded... Do I really need to explain why this is a fallacy? In any case it is usually a mistake to believe one's own propaganda... (as you are doing, I might add).If what you say about 'True Zionists' 'just wanting a homeland' were true, then how do you account for Israeli expansionism/imperialism? Why is ISrael not content to stay behind the more than generous allocation of borders which was given to it by the international community in '67? And why does Israel continue to attack her neighbors (when she's not getting them to attack each other using false flag operations... The Gulf of Tonkin, the Lavon Affair, the attack on the USS Liberty and 9/11 were all Israeli false flags used to drag her golem, the USA, into wars from which ONLY ISrael and her banksters benefit). Of course, you will deny the veracity of these facts too... but they ARE true.I don't know which '600 billion' you're talking about but if Israel is 'giving' this money to anyone, it is a LOAN which will be repaid with interest, like all loans from the banksters. Debt is their weapon... so any 'loan' is no act of friendship or kindness; quite the contrary.And yes, I'm aware that there ARE actual 'rabbis' who, like your 'rabbi X' in your example, contradict other rabbis who say it is permissible to rob, rape and murder non-Jews... but this does not change the facts that, a) such rabbis DO exist and DO believe those things in the first place, and b) that such rabbis are actually in the majority now, and your</p> | Imperialist, Racist, Thin | Ideological and Political Identity - General, Ethnicity - General, Physical Identity - Physical Features | 3/1406 | 0.213 |

| <p>You have no idea what is truly going on in Gaza that is my point. All you believe is from the supposed Jewish own media that you learn. You are <b>blind</b> as a bat to the truth. Jews do not own the banks period. Jews own some but plenty are owned and operated by non Jews or a board of directors that aren't Jewish. Zionism and Judaism aren't the same but a vast majority of Jews support Zionism. Zionism is <b>nothing</b> like you think it is. Anti Zionist are that for one of two reasons. They had bad experiences with some so they take it out on all. That or you were befriended by an anti semite and or Zionist who talked to you and convinced you of the lie you believe. Which one for you? Tell me if Zionism is so much about expansion then why has Israel been willing and actually gave away so much land for peace? Amazing all they want to do is expand expand but all they seem to do is give up land. Remember the Gaza, Golan Heights. They offered 5 times to give up almost all that the Palestinians want but were rejected each time. And each time we give up land it's used against Israel. The Gaza is used to launch rockets and for tunnels. One gives up for peace one rejects peace and uses there new land for war. Look at the history the actions alone should tell you Israel is not about expansion. You seem to want to mention the supposed bombing of Israel but forgot the non stop bombings of the Arabs in Israel and all over the world. Why concentrate on Israel and ignore the rest of the bombings. Anyway we can go one by one with your anti Israel bombings if you want. The majority of the world is not Ashkenazim. There're plenty of Sephardim. In my area the majority of Jews are not Ashkenazim. Most Jews aren't atheist they believe in G-d but just don't feel they have to be religious. The Chosen people idea is in the bible read it. The IDF is not perfect but believe me they are a zillion times better and more moral than the Arabs. What other country would throw its own out of a land to give it to their enemies who swear to kill them. What other army warns their enemies to move because an area will be bombed.? What other country stops planned bombings to save lives. You say all they want to do is kill look into the news they go out of their way to protect their enemies civilians. Read what is really going on. I live in Israel I talk to many people in the Army or who was in the Army all you believe is BS. All you seem to be able to do is to keep repeating your denial... this proves **nothing** and I simply don't believe you. I do not believe the Israeli narrative with regard to Gaza and the West Bank either.I never said "Jews" own ALL the banks... but Zionists most certainly DO. You DO realize that the majority of Zionists are actually Christians? (And some Muslims, too... believe it or not!) And, as the current saying has it, "all wars are bankers' wars!"Funny how the 'vast majority' of Jews are now Ashkenazi, too, isn't it? You never did answer my question about how this came about since they were in a minority before WWIL...What land has Israel given away? That it was not FORCED to by the International Community...? Do you deny that the settlements and the encroachment of the 'security' wall (Ie. the 'land grab' wall...) continue to go on, in direct contravention of International Law? And in total provocation of the Palestinians... who you claim have no right to defend themselves from this on-going real-estate theft, even if they had the means to do so, which they DON'T.Do you deny that ISIS were supported by Israeli air-strikes during ISIS' invasion of Syria? Or the desire of Israel to get its golems, the USA and NATO to go to war YET AGAIN on ISISrael's behalf against both Syria and then Iran so ISISrael can install a pro-Zionist puppet government? Sorry mate, but your denials are fooling no-one.If someone invaded your property, and killed off many of your family members, then after a lengthy battle a stalemate was reached, in which you were given permission to live in the attic and basement, while the invaders occupied the rest of the property, how long would it take you before you would stop fighting to get back ALL your property? Or would you be content to live in the attic and basement, like a rat?You seem to think I don't criticize Islamic terrorism but I do... on sites where it is relevant; this site it is Israeli terrorism which is relevant. And even if it was relevant here, Islamic terrorism does NOT excuse Israeli terrorism (or Israeli 'false flags' or 'perpetual war for perpetual profit'; the motto of the Zionist banksters!), though I realize you apparently think otherwise.So... now you are equivocating about most Ashkenazis being atheists... I suppose you really have to do this, don't you, so you can go on maintaining the claim that your sky-fairy 'gave' you that land... "A land without people for a people without land" was how it was originally sold to the rest of the world (and, I'm quite sure, still how it is taught in Israeli schools), rather than the truth that 800,000 people were either slaughtered or evicted from their homes in order to make way for your 'Jewish homeland'...So... you DO believe in the 'Chosen Ones' concept, then? I don't... I'm an adult and far too **old** to believe in fairy-tales! There are NO 'Chosen Ones'; ONLY self-chosen R-souls who think they're above everyone else. Such arrogance usually comes a cropper in the end."What other country would throw it's own out of a land to give it to there enemies who swear to kill them." Well now... it's funny you should mention this; now I have a chance to tell you how the Ashkenazim got to be such a vast majority of world Jewry... but I won't go into great detail here; suffice it to say that in the diary of Theodore Hertzl, prior to the start of WWII, it says, "The suffering of the Jews must be made to increase"... and "The

You don't believe me and I don't believe you so I guess we are even. I live in Israel so I know your beliefs are BS. Israel doesn't encourage there citizens to blow themselves up. Israel readily agrees to peace talks and offered so much so many times for peace. It's the Arabs that rejected every offer of Israel. It's Israel that does what it can to protect enemy civilians not the Arabs. Arab media says over and over kill kill kill. You'll never find this on Israel media. Far more Arabs are killed by Arabs in far more cruel ways then Israel ever killed but somehow you think Israel is the bad ones. ARabs live far better with far ore rights in Israel than they do in Arab lands. You believe lies. So with this let us just call it even. You won't change my mind and I won't change yours. Let the readers decide for themselves. Zionist don't own banks. So much money goes to so many things against Zionist interest. Why are you so **blind** not to see this?I answered you. A vast majority of Jews today are not Ashkenazim. There are many Sfard and Sfardi ones. The Bible is clear this land is the Jews read it. You say that Palestinians were evicted from there homes. Yet you forget that in Gaza Jews were evicted. Palestinians have plenty of places to go. Many live in Israel. All Arabs can live in Israel. You also forget that there was a Jewish presence here long before there was a Palestinian one. I see you ignored my 12 questions to you. There never was a Palestine before Israel came along. That was invented after Israel became a state.Israel had to give up the land BS. Israel freely offered the land. More than 5 times. When Ehud Barak was prime minister he freely offered 95 of what they wanted and each time every offer it's the Arabs that rejected the offer. Not Israel. This people that want to expand offer to give up there land over and over. Offer not forced offer. No country for any reason does what it can to protect it's enemies citizens the reasons you gave are made up. Amazing anything pro Israel you have a logical reason why it's BS but with anything anti Israel so true. The Jews are the chosen ones. Read the bible. Just read it. It's clear the land was given to us. It's clear that G-d chose us. If you don't believe in the bible how can I argue with you on this. Jews started WW2 that is funny. I see you clearly read anti Zionist sites and believe any BS they give you. Germany tried to kill all Jews. Yet Jews started this. I suppose you believe crap like Jews did 911, there was no holocaust and that the Arabs are really peace loving people. I agree there is no point in arguing with you. Your a **blind** fool. I suggest to all readers look up Prague University. They support all I say with facts. How Israel is the most moral army. How Israel always offers land for peace and so on. We are done here. I can't deal with someone so **blind** to the real truth. That hates Israel for no reason and refuses to see both sides. Anything pro Israel is jus propaganda BS but anti Israel is absolute truth. You'll say this even if the sources where from the same paper and source. If you dare read and see the Zionist sites what they have to say. You clearly only read one side. Good bye. You go on being right. Till then we are done. Any reader can contact me separately to ask any questions.

| Of course Israel 'regularly agrees to peace talks'... this is how they keep the International community off their backs while they continue the settlement program which steals more and more Palestinian land. But there will never be peace until ISISrael has ALL the land between the Nile and the Euphrates... and probably not even then. Would you agree to live in your attic while those who raped and killed your family and stole your property live in the rest of your house?Whether or not there was actually a <b>nation</b> called 'Palestine' is irrelevant; the land belonged to them and the Zionist STOLE IT, UNDER FORCE OF ARMS.Zionists DO own banks! And I don't understand why you refuse to admit this... except, of course, that it suits your narrative; the Zionist propaganda narrative you prefer to believe. I've read the bible and I really don't care what your sky-fairy says; I'm far too <b>old</b> to believe in fairy-tales. | <p>You are clearly the <b>blind</b> one. All over Arab media it says kill kill kill. You're promised 72 virgins in heaven if you kill Israelis and Jews. Kindergarten graduations always have plays of them killing Israelis and taken over the land. The media has kids programs about killing Israelis and Jews. Arabs brutally kill each other. There are beheading in public. There are public executions on a regular basis all over the Arab world. None of this you find in Israel. None. Yet somehow you insists it's the Israelis that are the cruel brutal killers and don't want peace. Tell me again if you are so sure that Zionist or Israelis are so cruel then please go in the middle of the Palestinian control areas. Yell I love Israel. say anything against the goverment there. Dress like a religious Jew and see it will take around 10 seconds for you to be tortured and kill. This is no joke. You can dress and live like a religious Arab in Israel. You can vote and receive all the rights in Israel as an Arab that any Jew can. But again somehow it's Israel that is the brutal people. Just don't get you. With your peace talks. Israel not only agrees they make real offers. They gave away land. Each and every time this peace offer of Israel was meet with war from the Arabs. Each and every time it was Israel that makes the offer and the Arabs that refuse. But again somehow Israel is the one that doesn't want peace. Jews were in this land long before Arabs. We were kicked out first but again somehow Israel is the cruel one. Arabs have plenty of places to go. Where do the Jews have to go in the middle east? Israel is a tiny ant like country surrounded by enormously huge Arab countries but it's Israel that has to give up it's land. The Palestinian land never existed before Israel was born. But you act like it did forever. You are <b>blind</b> as a bat. Zionist sites are far more credible for they tell you the truth and have real facts from real neutral experts. Zionist do not own the banks. [LINK] Sorry you are <b>blind</b>. You hate Israel so much you just look at it with Tunnel vision. All you can see is anti Israel stuff. It doesn't surprise me in the least the extent they will go to, but it seems to surprise you; why? I'd probably do the same in their shoes... and so would you too, probably. You will probably say "I would never do such things..." but you really don't know what evil you're capable of until you're pushed to extremes... the way the Palestinians have been.You FORCE them to live in conditions which make civilization impossible, and then wonder why they become barbaric? This makes their barbarism, however bad it gets, less than yours, because you Israelis are responsible for it... you drive them to it. So many straw-men... and so many lies... so little time...It's not the Arabs in Israel itself who I'm worried about: Because Israel at least likes to call itself a democracy, it is obliged to at least put up some kind of show to that effect... even if it means granting a small minority of people the right to vote and a few members of parliament.Tell me just one thing before I go, however:</p> <p>What difference, in terms of their practical application, is there between the Zionist ideology of the 'Chosen Ones' and the 'Urbarmenschen' ideology of the Nazis? | <p>Theseustoo AstyagesYou have to be the blindest man I ever met. First chosen one idea and Messiah is not up for discussion. You dont’ believe in the bible so it’s useless to mention it. You claim that Israel makes the Palestinians live in barbaric conditions. Why don’t you bother to find out what is going on. Israel allows tons and tons of aid into the area. They allow so much food and cement to rebuild houses. What did the Hamas authority do? They kept the food for themselves and took the cement to build tunnels to get into Israel and do <b>terrorist</b> attacks. All the medical supplies, and medicines and ambulances in the territories are from Israel. So many Palestians go to Israeli hospitals to be treated. I believe it was the Hamas leader (or one leader) that requested he be treated in America or Israel. Don’t give me this BS that Israel makes things unlivable for the Palestians. It’s there own that does. They deny there own the very basics. You should see areas in the territories. They certainly aren’t lacking. This is what you are saying Israel wants to expand expand. Reality. Israel has to give up give up (and does) and the Palestinians want want want and get. Israel are the evil <b>terrorist</b>. Reality They send there own to kill themselves by killing Israelis. Arab are responsible for almost every <b>terrorist</b> attacks in the world. Yet Israel are the ones that are the <b>terrorist</b>. Israel is evil and teaches there own to be evil. Reality. there media is full of kill kill kill. You’re a maryter who gets 72 virgins if you kill Israelis and Jews. You get streets named after you if you kill. You never find this on Israel media. This is never taught to Israel. Yet again Israel is the <b>terrorist</b>. You say the PLO are forced to act so barbaric since Israel treats them so bad. Reality is the opposite. Israel was forced to build the wall because of the <b>terrorist</b> attacks. Those attacks dropped dramatically since that wall was build. But it’s wrong for Israel to build there own. All the security measures are wrong even though they protect Israelis. One of my favorite that I only noticed on Shabbat. Israel only gives land because the UN says so. Or the world must listen to the UN. Yet it was the UN that gave Israel to the Jews. Not all of it. The Palestinians got more land than Israel. Israel was willing to live in peace. The Arabs attacked So in short. If the UN does something that makes Israel looks good well Israel does it because they have to. Opposite if it makes the Arab look bad O ignore the stupid UN. You Israel is so bad that they don’t care about there enemies citizens. Reality Israel does everything to make sure they have a chance to leave before an attack. The response of Hamas is to force there own to stay in the line of fire. They take there own into the battle fiels. There wives children and babies. They put there weapons in hospitals, schools and residential areas. But somehow Israel is the evil ones. My above should answer your questions. Israel in reality treats the Palestinians good. makes sure they are taken care of Nazis did the opposite to Jews. It’s there leaders that make life miserably for the Palestinian. Now you come back and back and I have to answer you. If you want to stop then stop but do me a favor. Research the Zionist side. If you want to stop stop. If you answer just like you I feel I have to answer. So it’s your choice stop or continue. I prefer you stop. Your just to <b>blind</b> to see what is really going on. | <p>You are the one full of BSIsrael always allows aid into the territories. Israel always gives there enemies medical supplies. Israel went to many countries Arab and non Arab and helped them in need. Israel is almost always one of the first countries to respond when disaster strikes any country. They would do it with or without any UN or any international pressure. So many Arabs even <b>terrorist</b> are treated for injuries in Israel. And again we give them no matter what the reason and instead of using it what is was given for the authorities steal it and use it to attack Israel and deny there own. As for your settlement issue that we have no right or it's a barrier to peach here is a good answer [LINK] Israel doesn't steal any land. Israel is the Jewish land. It was long before any Arab got there. It's the Jewish homeland. Here you claim that Israel only does what the international community says is right. They only follow orders of the UN and you forget it was the UN and international communities that gave the Jews to Israel. Funny how when it's for Israel they only do what they have to. But the same facts against Israel it's because they are so barbaric. You forget that the Jews would of stopped in 1948 but the Arabs attacked us. There never was a Palestinian land. I proved this to you. More than 77 of what you say was Palestinian then is still under Palestinian control (Jordan). THEY have plenty of places to go. Jews don't THIS ADDRESSES YOUR QUESTIONYou say I'm lying I say your just an ignorant fool so again lets see what is really happening. Is it the Palestinians or Israel that has it plastered all over there media kill kill kill. Even on programs targeting 3 year olds? Is it the Palestinians or Israel that clearly uses there own citizens to protect there weapons? Putting everyone in direct danger. Is it the Palestinians or Israel that is willing to give up thousands of prisoners for one of there own?Is it the Palestinians or Israel that offered and even gave up land for peace? Which always only demands more more more. Is it the Palestinians or Israel that refused every single peace offer made?Who does everything to protect there enemies civilians during war with SMS, Pamphlets and phone calls warning to leave? Palestinians or Israel? Then who goes out of there way to attack there enemy civilians?Is it in Arab countries or Israel you see regular beheading, killings of there own. Is it in Arab countries or Israel that a <b>woman</b> can be arrested for not covering her hair? Were do you find religious police? Arab countries or Israel?Is it Judaism or Islam that the ultimate goal is death? Don't even think of saying Judaism. You say that that the Palestinians are forced to use such <b>terrorist</b> acts which means it's not in there nature to do so. Tell me who is responsible for a vast majority of <b>terrorist</b> acts in the world? Against the USA, France Belgium and the like? Israel or the Arabs? Why were they forced to do 9/11, bombings of all US embassies and all <b>terrorist</b> acts in countries other than Israel?. O let me guess all those <b>terrorist</b> acts are really Zionist plots. I bet you believe that BS.Tell me who outright celebrates the attacks outside of Israel (even all in the USA) by cheering and passing out candies? Palestinians or Israel?All the above should make it clear that it's the Palestinians that keep the violence going not Israel. My challenge was for you to go to Palestinian or ISIS areas dressed like a Jew or just wearing an I love Israel T-shirt. And for both of us to do the opposite in Israel just to see who really is the more peaceful people. One thing you say there is no Talmud online first go to any Jewish bookstore and you can by one. Artscroll one is one of the best. You can get any Hebrew speaking expert to see if what the site I gave you is true or if the translation is accurate. Dress up as a Jew and go to any Yeshiva and see the ones they got there. But here are a few on line Talmuds that you say don't exist. [LINK] [LINK] [LINK] (Hebrew) [LINK] This is a very good one. | <p>And I'm tired of your bloody-minded constant propagandist's repetition of Zionist bullshit, but you won't stop, will you?I understand what you say... I just don't believe it. Its self-serving Zionist propaganda which does <b>nothing</b> but demonize Arabs whilst lionizing Jews... and about as far from 'truth' as such ideologically-originated positions usually are.I never once denied that the Palestinians hate the Jews... or that they were brutal. I merely gave you a better explanation for their hatred than mere 'anti-Semitism' (as YOU define that word... it's meaningless to me!) as well as their brutality... (which Zionist Jews have driven them to, of course). So of course I'll refuse your 'challenge'... which amounts to <b>nothing</b> but a challenge to suicide. But you STILL seem to think it's okay for Jews (no doubt because they are 'God's Chosen People') to steal land from people and deny those same people any right to either defend themselves or to protest against the theft... but hey, they're NOT 'chosen ones' are they? So whatever they feel doesn't count, does it? It's not like they're actually HUMAN or anything is it... Okay, so I was wrong about there being no online Talmud... on this issue I'll stand corrected... and, as it was a far more reasonable challenge (though still a tall order, mind you!) I shall read it and get back to you when I find the quotes I have previously mentioned... or other quotes of similarly <b>racist</b> content. It may take me some time, however, but I'm sure you won't mind waiting, will you?But I notice you still haven't addressed the Oded Yonon Plan for Greater Israel ("Eretz Yishrael"). I suppose, as you have provided me with a link to the Babylonian Talmud (I hope it is in English, or there will be little point in your referring it to me...) perhaps I should return the favor by providing you with links to explanations of the Oded Yonon Plan for Eretz Yishrael... Here you are: <a href="#">[LINK]</a> <a href="#">[LINK]</a> <a href="#">[LINK]</a> I suppose three links should be sufficient to establish its existence... which is absolute proof that much of what you've said is just Zionist bullshit, simply because there IS such a plan, and this in and of itself PROVES Israel's imperialistic, expansionist nature and goals.Okay, I won't say 'goodbye' because I still have to come back to you with the quotes from the Talmud, if and when I find them.Just in case you think I'm totally making them up, however, I'll also give you the sources I have them from... This video clearly shows them in The 'Treatise Sanhedrin' of the Babylonian Talmud: <a href="#">[LINK]</a> You may not hear from me for a while (for which I'm sure you'll be as grateful as the Jews were to the British for 'giving' them Palestine...) but I will be back, after I've read the Talmud, so I won't say 'goodbye'... just 'au revoir'...PS: Oh, btw, exactly what is your position on these quotes? That they exist and are disputed? Or that they don't exist at all? I merely ask because I'd like to know exactly what it is I'm trying to refute... You know all I asked for in the first instance was an explanation of what context could possibly make these quotes any less evil than they obviously are... (assuming, for the moment, that they do exist... though tbf, the links I've given you should be plenty of proof that they DO come from the Babylonian Talmud... perhaps you might like to save me the trouble of reading the whole thing and accept that, yes, they do at least exist... and maybe confine any</p> | <p>Nothing, Racist</p> | <p>Age -<br/>Youngsters,<br/>Ethnicity -<br/>General</p> | <p>3/633</p> | <p>0.474</p> |

| <p>Just dropped by with a very brief note on my reading so far: From the definitions of what constitutes a 'Jew' given in the Babylonian Talmud, taken from the site you gave me to explain the 'context' of the quotes we were discussing, I would have to conclude that Zionists, by their behavior towards Palestinians (among others, eg. the USA and UK...), as much as by their evident disregard for the Torah in their establishment of a Jewish state, cannot possibly be considered 'Jews' at all. Yet even the most Israeli-nationalistic of Zionists still call themselves Jews.Bit odd that, isn't it? So how do I know if you are really a 'Torah-observant' (ie. 'true') Jew if you disobey the commandment of God that you should not have any <b>nation</b> of your own until the messiah comes? (And if you're not a true Jew, but call yourself one, how can I - or anyone else - trust you?)Or will you say that the messiah has already been and gone? Are you secretly accepting Sabbattai Tsvi as your messiah? Or perhaps it was his 'reincarnation', Jacob Frank? (The author of the Zohar, I understand...)Okay... I've done enough reading for tonight; I'll get back to it tomorrow. Goodnight... See you later. :)</p>  | Nation | Nationality - General | 1/212 | 0.472 |
| <p>Just for you to knowMy Messiah is one who has not come yet. He's not here. There are jobs the Messiah must do and qualifications he must have before anyone can call him the Messiah. No one to this day ever did those Jobs. The author of the Zohar is Shimon Bar Yochai not Jacob Frank. Learn Judaism please. Show me your definition, from my site if you must, of what a Jew is. A Jew simply is a Jew if your mother is Jewish. Or you convert properly. He is a descendant of Abraham Issac and Jacob and is a member of one of the 12 tribes through the father. He is one obligated in doing the Mitzovt. There is no law that the Jews can not have a <b>nation</b> for themselves. If you read the bible correctly. it says they can not live in Israel the sages agreeing. Many sages agree today we can have a <b>nation</b>. Many even say it's a mitzvah to live in Israel. The many sages that disagreed and said we should not have a established Israel today still live here. Showing they clearly accepted the fact that Israel is a <b>nation</b>. Funny thing to tell me it's a law we can't have a <b>nation</b> but so many great sages of today live in Israel. I still prefer one point at a time or to just stop. The latter is honestly my preferred choice.</p> | Nation | Nationality - General | 4/241 | 1.66  |

| <p>I AM in the process of reading that site you linked me to... but it IS a very big site and will take some time... also it is not the easiest of sites to read as it is full of either Yiddish or Hebrew terms I've never met before, so I may need to ask a question or two every now and then. I'm not being deliberately obtuse; I have agreed to read that site (and the Talmud), and I'll do so in good faith, but this is obviously going to take some time. You know that I don't think of 'all ISrael' as being 'cruel'... just the Zionists... although you can't deny that they are in the majority. (What percentage of Israel would you say are Zionists?) You were talking about 'True Zionism' and saying that 'True Zionism' was neither expansionist nor <b>racist</b>, nor cruel... I send you a link to a video which disproves this from the mouths of Israeli prime ministers throughout Israel's history which totally proves that your statement is untrue, in their own words. You have yet to comment on that video. But my latest question is taken straight from your linked site and I think it's a fair enough question... According to the definition of what constitutes a true Jew in your (Babylonian) Talmud, Zionists cannot truly consider themselves 'Jews' because Jews MUST observe the Torah and obey God... these two things are essential to being a Jew, even according to the Talmud... and God commanded that Jews should never have a state until after the return of their messiah. So how can any Zionist truly consider himself a Jew? It seems to me that either you are a "True Jew" or you are a Zionist, but it is impossible to be both simultaneously, even according to your Talmud... I must point out too, that there are some Jews (or 'ex'-Jews, such as <b>Shlomo</b> Sand, and perhaps Norman Finkelstein, for example) who might agree with my reasoning... Now, for me to stop would be to give up on your challenge... which would be an easy thing for me to do... but then neither of us would learn anything, would we? However, I shall try to keep my posts short and down to one point at a time... You may notice that my last couple of posts were both brief and had only one question each in them, though I have reiterated them both here as I would like them both answered because they are both directly relevant to claims you have made yourself. Btw, I'm very glad that you consider your 'messiah' has not come yet... but you can't deny the Sabbataean element of (modern, so-called 'reformed') Judaism... or Zionism. My question with regard to what you call 'True Zionism' (but by which I think you really mean 'True Judaism') is an attempt to discover to what extent 'True Judaism' has been 'infected' and subverted by Sabbataeanism and Frankism... ie. to what extent is 'reformed' Judaism STILL 'True' Judaism? Or, put another way, to what extent is Zionism REALLY Judaism? Does it not rather stand traditional, Torah-observing Judaism on its head? That's how it seems to me, anyway...</p> | Racist, Shlomo | Ethnicity -<br>General,<br>Religious<br>Identity -<br>Jewish | 2/534 | 0.375 |

I'm not interested in you reading the whole Talmud. I'm only interested in you reading the site (Angel fire one) that responded to all of the accusations. You can't just read the whole Talmud and just expect ot understand it. That is like saying you can read the whole Encyclopedia and understand everything in it. Sabbattaen is a small group and it doesn't speak for mainstream Judaism. No more than any one branch of Christianity speaks for all of Christianity. Zionism and Judaism are not the same. You don't have to be religious to be a Zionist nor do you have to be Jewish that should be obvious. But a vast majority of religious Jews are Zionist. This should tell you something. You tell me there are some Rabbis that agree with you that Zionist is evil. Unfortunately you are correct. But I can show you a huge list of Arab leaders that are pro Zionist. Your response to that is my response to you. Being observant does not mean to observe perfectly. And again I told you there is no law that Jews can not have there own homeland even when it's not under Torah law. That is a minority opinion. I gave you the answer to that and I see you ignored it. This is what I'm seeing with you. I respond to your points but they are ignored or you just repeat your points as if I never responded forcing me to repeat mine. Do you remember my answer to this?You say there are Jews like Norman that agree with you. Funny how you ignore the tons of Jews that don't. You seem to want me to say his opinion is much more important that all the Jews in Israel that love Israel. I can give you an Arab that to me has much more weight than Norman. She is not Jewish and grew up in Lebanon. She's very pro Israel. She'll tell you over and over that Israel is a great country and the radical Muslims that run Palestine and many other countries are the real monsters. Her name is Brigitte Gabriel. Take a look at here stuff. But I bet you'll find a reason why your Norman is real and speaks for all of Israel and Brigitte shouldn't be taken serious. [LINK] My challenge to you (about going into the territories) was to only show you who the real monsters are. You are totally safe looking and acting like an Arab in Israel but you put your life in danger just looking like a Jew there. I see you just making excuses for there brutality. Even if you feel they have an excuse it still gives them no reason to teach 3 year **old** kids to kill. To have three year **old** girl on public TV give a demonstration on how to kill Jews. It gives them no reason to have kindergarten graduations put on plays were they pretend to kill soldiers and take over Israel. If they truly wanted peace they should only teach the adults to kill and say I wish we didn't have to but we must. This they don't say but Israel does. Now again only one question or point at a time. Please. Ask me directly then I'll answer. I think I addressed all your points. I just you see you ignoring many of them and act as if I never said it. But to be honest the kindness thing you can do is to just stop. I really with my heart and soul prefer this. It's a true waist of time for both of us. Readers can decide fore themselves and contact me or you for questions. Have a good day.

| <p>I responded to all your points one by one. Pick just one now. Orthodox Judaism today and Sabbattaenism are not the same. Tzev Tvi converted to Islam. That alone should tell you something. His points of view are not accepted as valid in Orthodox today. His form of Judaism is not an acknowledged form of Judaism in the Jewish world. Just like Messianic Judaism. Zionism didn't start with them either. Get realI think Israel has every right to exist. I don't think there is any legitimate reason for Israel not to exist. If you want to say there is then every country has been brutal past. Look at America and how it was to the Indians. Maybe America should be given over to the Indians for Americans were brutal to Indians. Britain has a history. The church has a history of violence. Not one country or religion can you not find reasons for it not to exist. But as always Israel is the one that gets all the attention. I say a vast majority of the claims against Israel are lies and I am willing to prove one by one. I understood your points but just like you I see you being advasive of my points to you. The following mail seems to ignore so many of them. Being a Jew and acting like one are two different things. By Jewish law your a Jew if your mom is or you convert properly. But that doesn't mean your acting like one. Messianic Jews act like Christians not Jews. Jews that ignore Torah and the commandments aren't acting like Jews. It would be the same as an American. If he has citizenship he's an American. If he lies on his taxes, joins a <b>communist</b> party or anti American stuff then he's not acting like an American. But again do me a favor just call it quits. Such a waste of time. | <p>To me it's the same for the anti Zionist lies the are outright lies and semi truths. Why do they not have a right to there own land. I gave you the answers I guess I have to again. 1. There never was a Palestinian land before or a Palestinian people. I gave you those 12 questions to prove it. Just look at who is called the Palestinian people all the time. People of Lebanon, People in the Gaza. People all over the world. 2. Jews were there fare longer and long before Islam was even heard of it's really the land of the Jews. 3. They were given the land in 1948 and they could of had it and kept it for Israel had no interest in war. But they went to war and lost it. Is it not the UN rule that what a country wins in war they get to keep? I think you fail to realize that the UN is one of the most anti semetic organization there is. They pick on Israel far more than any other country even when the accusations against Israel exist far more in other countries. 4. Jordan is what was the Palestinian land. They have plenty of places to go. That is were they live. Tell me were do the Jews have to go? Why don't they deserve a land of there own? Why is it that this tiny ant of a <b>nation</b> has to give up land when the Arabs own the rest of the middle east? Take a look at a map. Always Israel that has to give up. None of the Arab nations have to do anything. 4. Every time they are given weapons (and believe it or not Israel has given them weapons in the past) or land they turn around and use it to kill Israeli and Jews and you honestly can't understand why Israel wont let them have an army? Tell me why won't the US allow Iran to have nuclear weapons? Same reasoning here. But I guess it's right not to give Iran Nuclear weapons but wrong for Israel not to let the Palestinians have weapons. 5. Read the charter of Hamas it's clearly says they only want the destruction of Israel <b>nothing</b> else. This is why they reject every peace deal even the one were they could of had 95 of what that asked for. I can go on but I think you got the idea. | <p>(Sighs gently...) I can see you're not learning anything... You see, this response is really unsatisfactory and only demands further comment and/or questions:1: It does not matter that neither a <b>nation</b> nor a state of Palestine existed prior to '48; the region has been called Palestine since Roman times, and it is hardly surprising that its occupants, both Jewish and Arabic (as the Jews were never really 'expelled' from Palestine by the Romans either), identified themselves as Palestinians; it was called Palestine even under the Ottomans and British... Besides, if you're saying that a people without a state have no right to establish one (even in the region in which they have lived for centuries) then you're also saying that the Jews, prior to '48, had no right to establish one either. Remember it was the RIGHT to a state I asked about... not the 'reality' - or otherwise - of one... And as I've already said, whether or not there was an actual state or <b>nation</b> of Palestine prior to '48, the 800,000 people who lived there and who were either killed or forcibly evicted during the Nakbah actually owned the land; they had LEGITIMATE title to it and were evicted under force of arms. Illegally. 2: Now I think you finally reveal your real objection; it is not to the presence of Arabs as such, which Israel objects to but Arabs as Muslims... it is the presence of their religion in what you regard to as YOUR 'holy land'. (Does the phrase 'religious intolerance' mean anything to you?)</p> <p>Ironical that their fairy-tale and yours are so similar, especially in their belief in their own status as 'Chosen Ones', and the fact that the region is THEIR 'holy land too'... and, even more ironically, their fairy-tale is based on YOUR Jewish fairy-tale, too. If you would only think for a few moments about what I've said about religions being the tools of, not imperialists, but the (money-)power behind the imperialists, you might realize that it is, and always has been, through religion that imperialists control the people... and the Jews been controlling both Muslims and Christians for centuries, through those ancient Jewish fairy-tales. There is some hope for the world, perhaps, in the fact that most of the Ashkenazim are atheists... if only they can eventually learn to let go of their 'self-chosen' 'Chosen One' status!3: Now this is just a lie... they were NOT 'given land' in '48 at all, but rather had the large majority of their land taken away from them; only a Jew could squint enough to see it any other way. IF Israel had 'no interest in war' where did this 'Nakbah' (Catastrophe) come from? Who was it that killed or evicted all those 800,000 Palestinians? (Which fact also well explains why there are so many people all around the world who now identify as Palestinians). They did NOT 'went to war and lost it'; they were invaded, tried unsuccessfully to defend themselves from their invaders, who then promptly grabbed as much of their land as they possibly could... in direct contravention of International Law. Oh, look... there's that word again: "anti-Semitic"... wonder what it means? So far as I can tell it's just a kind of tic; a nervous response to any kind of criticism of anything remotely to do with Israel, Judaism or Zionism.4: Jordan was not part of the territory agreed to by the UN as 'Palestine' under the 1949 Armistice Lines; and instead became the kingdom of Jordan (or rather, TransJordan)...</p> <p>But in any case we're talking about those Palestinians who were living in what is more</p> | Nation, Race, Terrorist | Ethnicity -<br>General,<br>Nationality -<br>General,<br>Religious<br>Identity -<br>Muslim | 8/1134 | 0.705 |

Even Ben Jehuda who re-created the language did not want any <b>nation</b>, he wanted to live in peace on the land of Israel in little colonies, but his son turned Zionist. | That's impossible. Zionists aren't semites. Sharing features with their fellow <b>ethnic</b> Europeans of a sharp nose and fair skin, they ought to return to their European homeland. Genuine Arab and Jewish semites of the region who share features of a soft nose and olive/tan skin, deserve to remain in the region. As for the comparison against Britains right to exist vs Israels, this is a flawed comparison for the simple reason that Israelis lay false claim to that land. They falsely claimed they were semites and that their forefathers lived here. That may have been true for SOME of them, but the vast majority of Israeli Zionists are not true semites. They are Europeans who used the European White Guilt as a way to usurp Palestinian (Muslim, Christian or Jewish) land! It's not just about Israels policy or bad decisions. | What is it, 95 of Jews that support Zionism, or even more? Zionism is simply an <b>ethnic</b> Jew's right to live in peace in his indigenous sovereign homeland. Anti-Zionism is 100 rooted in Antisemitic values. People who try to obscure the truth are just racists who are afraid to accept that label. Why don't they just admit what they are, instead of trying to glorify it and make it into some righteous cause to openly hate all Jews who support Israel (most Jews). It's because they are cowards. An anti-Zionist Jew is like a <b>black</b> person who is <b>racist</b> towards blacks, or a Non-Jewish white person who wishes he was <b>black</b> , and hates all white people. | TheIsraeli G Most racially diverse in the Middle East??! Are you kidding? Over 75 of Israel's population comes from one racial/ethnic group. Iran, by comparison, has a Persian majority of only 61...meaning that the remaining 39 are split between the 12 million Azeris, the 8 million Kurds, the 2 million Baluchis, the 4.8 million Lors...and other smaller minority groups. The point here is that there is at least some semblance of power sharing, such as the Kurds holding 18 seats of Iran's 290 seat parliament (as of the 2013 figures). As a student at Vienna University, he joined the German nationalist fraternity, Albia, whose motto was Honour, Freedom, Fatherland, though he did later resign in protest at the antisemitism that he encountered. Like many educated, German-speaking Jews, he had <b>nothing</b> but contempt for the mass of religious, Torah-abiding, Yiddish-speaking, shtetl-dwelling Eastern European Jews. | <p>Patrick Van Gelder Your comment is one the most insanely idiotic things I have ever read. It is clear you are not a Torah scholar, a historian let alone what Zionism, anti-Semitism truly is and means. Thus, you simply ignored the points of the great rabbi sacks was making.Zionism in its political form is the national liberation movement of the Jewish people which holds that the Jewish people like any other <b>nation</b> are entitled to a homeland. This is based on the fact that the Jewish <b>nation</b> are the indigenous people to the land and maintained a continuous presence for 4,000 years as recorded in the Bible and has been proven to be true based on archaeology and history. Therefore Zionism recognizes that the Yiddishkeit (Jewishness) is defined by shared origin in terms of religion, culture and history, hence the Balfour Declaration. The Balfour Declaration holds categorically that Palestine (the idiom of that time, yet a misnomer) is the national home for the Jewish people. The Mandate for Palestine includes the Balfour Declaration and it specifically referred to the "the historical connection of the Jewish people. . . ." This means the moral validity of "reconstituting the Jewish homeland as a National Home in Israel as the country of the Jewish people. Therefore the term "reconstituting" demonstrates the fact that Palestine (Israel) had been the Jews' home. Furthermore Zionism is composed and consists of Western values of individuality, equality and freedom. For example the values of freedom of speech, press, dissent, association and religion just to mention a few.Moreover, Zionism does not discriminate against anyone. Israel is a pluralistic and democratic society and its open character qualities allows everyone to be the best person they can be. It also protects religious and political rights for all its citizens including Christians, Muslims, atheists and all others. Anyone who believes in these values that I mentioned above regardless if they are Jewish or not is a Zionist. One more point and that is many who are against Zionism do not really understand the concept because their information is willfully distorted by propaganda which comes from the anti-Semites (the Jew haters). Moral leaders of various faiths have repeatedly warned that anti-Zionism is antisemitism in practice. The late Dr. Martin Luther King, Jr., said upon hearing a <b>Black</b> student at Harvard launch a tirade against Zionist: "When people criticize Zionist they mean Jews. You're talking antisemitism."In conclusion anti-Semites have no facts and others alike are not concerned with truths but resort to falsification of history and fabrications in order to support their evil claims and agendas which their objectives is demonize Israel the Jewish people. This is done through willful lies by miseducating and misleading the public with their perverted one-sided, anti-Israel, anti-Semitic views and propagandaAnti-Semites have no case whatsoever.</p> | Black, Nation | Ethnicity -<br>Black,<br>Nationality -<br>General | 3/470 | 0.638 |

| HeavensGremlin Gosh, I didn't realize that. There was always a strong Jewish presence in Israel, even when the region was part of the Ottoman Empire. Also, the major Jewish population of Israel (almost 55) has been Sephardic for decades, largely as a result of the Arab countries expelling their Jewish population after the 1967. | When a politician says that, and I am paraphrasing 'we have a duty to ensure that Israel is kept Jewish and white 'then any person with an ounce of human dignity should have a problem with that. When a state uses the law to deny a section of its people equal right before the law then I have a problem with that. Israeli Arabs and Bedoiun Arabs are denied ownership of land and property through rigged laws and <b>racist</b> courts. When a state forces birth control onto a <b>black ethnic</b> group then I have a problem with that. It was discovered that under the guise of State provided medical aid the Ethiopian Jews, and especially the women subjected to both sterilisation and birth control. The recent inclusion of the hard right wing extremists into the Israeli government is worrying. If these right wing extremists were in a state other than Israel they could be called neo-nazis. When politicians who call for the expulsion of Arabs and even talking of gassing them are then included within the Israeli government then you can talk of the similarities with the Nazis.A foundation legend of Israel is that it was founded on the deaths of millions in the Holocaust. By following policies of apartheid from South Africa and legalised discrimination against non white and non Jewish citizens it is urinating the memory of the dead. <b>Nazi</b> Germany did not start with gas chambers they started with legalised discrimination and exclusion of Jewish Germans from society. | I'm sorry but there's a massive difference between discriminating against a race/religion, which you are born into and don't have much choice in (i know that's theoretically the case for religion but in practicality it effectively is, certainly in the middle ages), and being being against a state which imposes <b>racist</b> systematic oppression. Now i know the Isreal-Palestine/Arab conflict is complicated, I personally find my sympathy leaning towards the Palestinians but they and their backers are by no means perfect and I do understand why Israel does some of what it does. But trying to compare anti-Zionism to anti-Semitism just makes you sound like either a liar or a fool, and errodes what respect I have for the Israeli perspective.   | Racist     | Ethnicity - General       | 1/120 | 0.833 |
| suziecreamcheaseAnd Muslims... and tbh all major religions, I think they feel assaulted both by other religions and modern secularism. Hence they all play the victim card while getting increasingly aggressive in their stance, as they don't want to fall without a fight :/I am convinced we are heading towards a more enlightened secular world, but to quote that wise <b>old</b> head Harvey Dent: "The night is darkest just before the dawn. | suziecreamcheasefor sure religion is not the entire problem, people have always fought and always will fight, whether there is religion or not. But it is still a part of the problem, and it currently divides people more than it unites us (not that division is always bad... I'm all for diversity, but not when it turns violent).Even if it is only a vehicle for stupidity (which is debatable: suppression of contraceptives is the first example that comes to mind when i think of badness to have come purely from religion. That alone has contributed to mass suffering in the form of the spread of STDs/STIs, overpopulation and all the misery that comes with that) does that make it ok? even as just a vehicle, it can still amplify our problems (womens rights, <b>homophobia</b> , suppressing freedom of thought and speech, acceptance of other cultures are all problems not unique to religion but certainly aggravated by it). and even aside from that, the vehicle for a problem is still a part of that problem, and one way to solve a problem is to eliminate all the vehicles through which it spreads itself.(sorry for the long comment)(no i'm not Canadian but i am British, so i still have to apologize for everything ;)) | Homophobia | Sexual Identity - General | 1/214 | 0.467 |

| <p>suziecreamcheaseyes i do get your point a bit better now. I guess the thing is, religions are such massive institutions that you are bound to have many good and many bad people within any major religion. And yes, there are examples of good, understanding people overcoming the barriers placed in front of them by religion to collaborate (i think the SESAME project is a nice example of this), but even here they are having to overcome barriers that are at least partially there because of religion, and it is rationality that is helping them to overcome these barriers (i know that was a specific example but you can use it as a general formula for intelligent, sensitive religious people who are having to overcome the barriers set in place by their own religion).My point was more that, while it certainly has the power to conjure some good out of <b>nothing</b>, religion also very definitely has the power to create much evil out of <b>nothing</b>. I guess our difference in view lies on how these two factors balance out?</p> | Nothing | Age -<br>Youngsters | 2/180 | 1.111 |

suziecreamchease(sorry for the long comment, but you have interesting points so i'd like to return as good as i can... and there's a treat for you if you make it to the end!) but then we get to the problem that, as an atheist, i see religion as **nothing** but a power structure constructed to let those at the top abuse the masses... As I sincerely believe none of the major prophets ever actually spoke to God or any angels (as they don't exist) that gives a few options:a) Jesus, Muhammed, Moses (if he existed, i'm fairly sure the others did at least) were plain barking mad, to the point of hallucinations and talking to things that didn't exist. I doubt this is the truth, as they were all coherent enough to create a major religion.b) They were benign and wished to tell white lies to help the world, but incredibly naive with little understanding of human nature and how their prophecies could be abused. Even if this is the truth, this is not a particularly desireable foundation for the moral guiding of the majority of people in the world today.c) They were malicious, cynical and power hungry, and created the religions precisely because of the power structures and subordination that could lead on from this. I honestly wish it were not this way, but a few things lead me towards this. Firstly, all these religions were created back in the mists of distant past, where scientific knowledge was at a low and ease of deception was at a high. But there are a few younger "religions", which have grown since the ages of enlightenment. Namely Scientology and Mormonism. Now i know this is not a massive sample, but given that these are the only two religions that we've really been able to study the rise of, and they both clearly call into category c, that is already a hint at the true nature of what religion is. Then we go searching in the books for clues. Take the most popular book in the world (the Bible) and go right to the very beginning, the opening Genesis, one of the most famous stories to man, and a foundation of Christianity. Even if many Christians no longer believe it as literal truth, many love it for it's moral message. and that message? That we should live in blissful ignorance underneath an untouchable dictatorship, and that the original sin was to gain knowledge and leave the state of blissful ignorant submission under said dictator. Does that, one of the very founding moral stories of Judeo-Christian philosophy (I don't know Islam's genesis story but i suspect it is similar) not scream "Population control" to you? Hence I feel there actually is something wrong with the philosophy of religion, as it seems clear to me that, at their core (for the major monotheistic religions at least), they were created cynically and specifically to allow for oppression and dictatorship, whilst tricking people into being content with their "spirituality" and feeling good about themselves as subordinates so they don't rebel. P.S. If you read this far, go get yourself a cookie as you fucking deserve it ;) again, sorry for the long comment

| Is Judaeism a <b>race</b> or a religion...? I always thought it was a religion. That's the only real link. I just fervently hope the current mess can be sorted out and the bloodshed stopped. There are idiots on both sides. I frankly cannot see the sense in Lord Sacks linking prejudice against Jews with the opprobrium that is more specifically aimed at the more extreme elements in Israel. | HeavensGremlin Judaism is a religion, but Jews are an ethnoreligious group, meaning an <b>ethnic</b> group that shares a <b>common</b> religion. It's entirely possible to be both Jewish and Atheist. Though Jews aren't a " <b>race</b> " factually speaking, but many people consider them to be. It's highly problematic because many people don't see a clear distinction between <b>race</b> (appearance) and <b>ethnicity</b> (ancestry) and will often confuse them.  | Common, Ethnic, Ethnicity, Race | Ethnicity - General, Social Class - Working class | 5/65 | 7.692  |
