As an Israeli i´m really ashamed of how they treat there Arabs and <b>black</b> people there. It doesn't matter what religion you are from or where you are from. Also i say they because i don´t live there. But i just want some of you to now that there is a difference between a Jewish person and an Israeli that is against. Because not every Israeli is <b>racist</b> and not every jew agrees with what is going on there in Israel. I am 16 years <b>old</b> and i grew up in the Netherlands. So how u gone hate me for how some people are <b>racist</b> there in Israel. I wish for world peace and no <b>racism</b> . Israel a once chosen <b>nation</b> by the only true God of the heavens. But, due to their spiritual adultery and the forsaking of the Abrahamic covenant and rejection of the firstborn son of God, They are now a <b>nation</b> unguided by the true God with no covenant nor a sharer of righteousness with the true God. Instead, the Devil leads them on. For even their great temple in Jerusalem is but a foundation onto which the disgusting thing stands in its place mainly a Mosque. They originated in Central Asia with little mixture with Mongol and adopted Jewish faith around time of the Crusade to avoid attack. People there call them Gog and the Chinese call their neighbor Magog. These two group somewhat mix with each other and migrated to Europe. <p>What do you expect, they are taught to hate since birth, by Israel's education ministers, the <b>Nazi</b> Mother of settlements and the Kings of <b>ethnic</b> cleansing. Violence on the rise? No. It has always been this way with Israelis. This is a total reflection of the American southern states where <b>black</b> Americans were strung up in trees while body parts were cut off, ears, nose, penis, baby feeding breasts, then beaten to death, all this with a rope, tight around their collective neck. All that for sport. It was a festive atmosphere. People took photos. They had a picnic. It's called lynching. So, when Israelis who hang stolen children on crosses in their military bunkers for the purpose of breathing difficulty, this is called lynching. This is Moses shaking hands with <b>Jim Crow</b>. Moses the <b>ethnic</b> cleanser. The murderer of innocent babies. To Israel, the true sickness of the Middle East that you are, the perverse institutionalized murdering machine that you are, thieves in the night who kidnap children from their beds for the purpose of interrogation with German Shepherds on hand, killers with sniper rifles on top of their high temple walls, killing children from a thousand paces. There are American Jewish men and women with dual citizenships who also engage in the heinous sport. They should lose their U.S. citizenship to go live with the monsters that created them. It's worse then everyone is being told. Sad, half of all Americans and half of all Israelis are bringing pulled down into the bloody mud by these vicious rats. Many excuses and reasons given to legitimize hate. Down with settler colonial mentality. They're so ignorant, that they don't know that you can be a Jewish Arab. Also before 1948, some were palestinian Arab Jews. Some of the indigenous palestinian Arabs, could have been the original Jews of the area who never left or converted to other religions. Islam, Christianity, and Judaism are the extension of the same monotheistic branch of religion and it's all about respect. Unbelievable! For every Jewish attack on a Muslim there are about 1,000 Muslim attacks on Jews but the media doesn't like this narrative. I'm an Atheist so I really don't have a dog in this fight but it would be nice to get some objective honesty here. The main point to make would be that Israel is a Jewish country and Muslims and Arabs are permitted to live there, how many Jews are allowed to live in Islamic countries? And if they were there how long would they stay alive? Israel has offered peace to the Palestinians 5 times in the last century and every time they have shut down, no compromise, no negotiations. Islam globally is a huge power, they control much of the world's oil, have anti-semitic and <b>homophobic</b> propaganda pumped out across the Middle-East and North Africa destroying communities and poisoning the minds of children but in the West they pose as this cringing minority whose feelings you might hurt and who deserve all the protection of any vulnerable minority group, all while slipping Sharia Law in under the table. Vatsala	<p>Jhaveri But how close was India to attacking Kahuta in the 1980s? The first time India is believed to have considered such an attack is in 1981. The idea obviously originated from the daring Israeli attack of June 7, 1981, that destroyed the under-construction Iraqi nuclear reactor at Osirak. Eight F-16s of the Israeli Air Force flew more than 600 miles in the skies of three enemy nations to destroy the target and returned unscathed. In their book, Deception: Pakistan, the United States and the Global Nuclear Conspiracy, Adrian Levy and Catherine Scott-Clark claim that <b>Indian</b> military officials secretly travelled to Israel in February 1983 to buy electronic warfare equipment to neutralise Kahuta's air defences. Israel reportedly also provided India with technical details of the F-16 aircraft in exchange for Indians providing them some details about the MiG-23 aircraft. In mid- to late-1983, according to strategic affairs expert Bharat Karnad, Indira Gandhi asked the IAF once again to plan for an air strike on Kahuta. The mission was cancelled after Pakistani nuclear scientist Munir Ahmed Khan met <b>Indian</b> Atomic Energy Commission chief-designate Raja Ramanna at an international meet in Vienna and threatened a retaliatory strike on Bhabha Atomic Research Centre at Trombay. The next time India is believed to have seriously considered attacking Kahuta was in September-October 1984. Details of the Pakistani nuclear programme crossing the weaponisation enrichment threshold had then begun to emerge. As seen from documents declassified last week, on September 16, 1984, US Ambassador Dean Hinton told Zia that if the US were to see signs that India was preparing for an attack, they would notify Pakistan immediately. It has also been rumoured that Israeli air force was part of the plans to attack Kahuta in 1984 because it did not want to see an 'Islamic Bomb' developed by Pakistan. Israel was supposed to lead this attack and not merely play the role of advising the IAF. Bharat Karnad has written that Israeli aircraft were to be staged from Jamnagar airfield in Gujarat, refuel at a satellite airfield in North India and track the Himalayas to avoid early radar detection, but Indira Gandhi eventually vetoed the idea. Levy and Scott-Clark though claim that Indira Gandhi had signed off on the Israeli-led operation in March 1984 but backed off after the US state department warned India 'the US will be responsive if India persists'. <a href="#">[LINK]</a></p>	Indian	Ethnicity - Native-American	2/399	0.501

Tyran PesutDear Tyran,You maybe not islamic/Pedo etc but you are an idiot.Its not insult but fact.I dont excuse jews on arab violence but first of all it goes both ways there are Arabs who attack jews and if we talk about about reasons and nature of attack its dishonest to say at list ignore other side.Second. Its idiotic to classify it as <b>race</b> issue. Two tribe in war over land and its also complicated by religious reasons. There is no <b>racist</b> motivation but simple animosity (from jewish side) developed in almost 100 yr of conflict.Third. +Tyran Pesut Are you fucking stupid? What little rocket are you talking about? If you think Hamas only use Al-Qassam rockets you are deeply misinformed, they have advanced rockets as well, they are funded greatly by Qatar and other Arabic countries so don't make them out to be less than what they are.Nonetheless, even if we take your side of the story, there is so much Israel can take and afford, the Iron Dome costs huge amounts of money and even though Israel is funded by the US and by itself is a generally rich country, it's still way too much money. Hamas just sends these rockets in huge amounts and there comes a time when they just have to wipe out all of the terrorists and their weapons.If Israel wanted to wipe out Palestinians they would do it in 1 day, if there was actually " <b>ethnic</b> cleansing" going on as you anti-Israelis call it, their population wouldn't increase as much as it did and does till today. That being said, Palestinians are a bunch of Arabs from different countries, the area of modern "Palestine" was considered southern Syria, there was actually no national identity of "Palestine" nor Palestinians", these are made up terms to fight Israel politically, physically as well. Mister ViciousI don't think I am stupid but you're entitled to your opinion. The rockets obviously aren't that big if they only cause a fraction of the death and destruction that the Israeli bombs cause.Are you seriously justifying killing thousands of people because Iron Dome is too expensive to keep running? Israel is one of the only Countries with their economy still in the green, if anyone can afford to keep the Iron Dome running it's Israel.Perhaps you could dismantle the illegal settlements and leave the occupied lands and Hamas wouldn't have a reason to shoot rockets at you...If Israel wiped out the Palestinians they would be seen as the modern day version of <b>Nazi</b> Germany. I don't think there is <b>ethnic</b> cleansing going on at the moment, Israel just don't care about Palestinian lives.Pfft, by that logic there are no Syrians either, when the Ottoman empire was destroyed and divided into Countries Palestine was one of the Countries that was created. Let me just say this, I am Canadian with Palestinian blood.. But I have a Canadian passport, so basically there is a good side of Israel and a bad side. I met over a hundred of Israeli people and most of them are very nice, we can't just blame all Israel for this war that's happening, half of them are nice and the other half are really bad, they're bad for a reason... because they started bombing Palestine a few centuries ago, they won't ever give up and it's so obvious like till now it's still happening and they never give up on taking over Palestine.. So some Palestinians try protecting themselves by threatening Israel.. Others by deserting to other countries, the point I'm trying to make here is that Palestinians can't just keep swearing at Israel, and Israel can't just keep bombing and killing children in Palestine! What's left for Palestinians? What's left for them? Israel have over a million of companies around the world and Palestinians... They have <b>nothing</b> ! And if they have.. They'd barely have some, Israel is rich! They're all okay with their lives! But Palestinians... Most of them don't have passports! They can't travel! They don't work! They don't have money! So if we can just fix a problem here, we can do it by convincing Israel to stop bombing children in Palestine (not in Gaza but specifically Palestine!) like okay we get that u want the country but where's the logic? Let's just say they take over the country after its all destroyed! What's going to be left over! We didn't live to destroy people's lives! We didn't live to make wars! We didn't live to keep blaming Palestinians and Israeli people for our mistakes! Think of things before you take action! We want peace and that's all... Killing won't help! It would simply make it worse!! I maybe wrong but this is my opinion and I think It's the truth because this has been happening for centuries now and it still didn't stop! This is where the <b>quran</b> shows that Israel belongs to the Jews!"To Moses We [Allah] gave nine clear signs. Ask the Israelites how he [Moses] first appeared amongst them. Pharoah said to him: 'Moses, I can see that you are bewitched.' 'You know full well,' he [Moses] replied, 'that none but the Lord of the heavens and the earth has revealed these visible signs. Pharoah, you are doomed.'""Pharoah sought to scare them [the Israelites] out of the land [of Israel]: but We [Allah] drowned him [Pharoah] together with all who were with him. Then We [Allah] said to the Israelites: 'Dwell in this land [the Land of Israel]. When the promise of the hereafter [End of Days] comes to be fulfilled, We [Allah] shall assemble you [the Israelites] all together [in the Land of Israel].""We [Allah] have revealed the Qur'an with the truth, and with the truth it has come down. We have sent you [Muhammed] forth only to proclaim good news and to give warning."[Qur'an, "Night Journey," chapter 17:100-104]For your further education, Islam is 1600 years <b>old</b> and Judism is almonst 4000 years <b>old</b> . <p>Both sides need to let go, forgive, but it will never occur. The violence is a cycle, of continuous, non-stop hatred. Israel is much more guiltier than the Palestinians who are no angels either, but no 'devil(s)/demon(s). They are both humans, both believe they are right, and deserve this land more, all on insane claims to the lands all based on Holiness, from their 'Holy' Books, in their ' Holy' land, of their 'Holy' Prophets, in a 'Holy' time many Millenniums ago. Israel will never allow them to have true peace, and let's be honest. They are the true aggressor, opposed to who's defending themselves, the Palestinians. Who went from 100 percent of the land, to 60/40, and then in 1967 to present day to where it gets worse where they are segregated as South Africa, or US in the 1900's and back. Palestinians are treated as foreigners on a land their ancestors lived in for centuries, millennium and a half or so.The Jewish people were exiled from Israel/Palestine and thus were taught not to return to Israel until their Prophet returned. Who returned? Who is their Prophet that is back? I don't see him, other's do not, and will never see him, because there is no such thing. The recent conflict in Gaza, all you need to do is look at the death tolls, and who is dying. Israeli soldiers, compared to innocent Palestinian civilians such as women, children, <b>elderly</b> people, men, and soldiers (where Palestinians have a small army, compared to Israel they stand no chance. Weaponry such as democratically elected Hamas uses is <b>nothing</b> to that of the Israelis, so let's be realistic here. The Palestinian ones are afraid of a <b>terrorist</b> state, acting out terrorism on them, and are defending themselves, not causing the problems intentionally for no purpose besides terrorism. Not true, there is always a purpose and reasoning to every action, and two sides to every story. Palestinians are not terrorists as many would love to claim, mostly Zionists, crypto-Jews (non-Semitic, yet call other's anti-Semites. Even if they were, what does that have to do with you? Hah! A joke.Ignorant people unfortunately fall for this crap), and innocents are victimized by the 'victims' physically and mentally. Also, all throughout the world, the US is hated because of it's policing of the world, and it will come back to bite them in the ass. Support for Israel will be the second one, as many Arabs stated they wouldn't hate America if they didn't support Israel killing Arabs, slaughtering them, in almost genocidal ways. Israel has how many Nukes? Yet won't admit that they do, and sign the treaty that every other Nuclear power has.They hide behind victimhood, and the Holocaust, yet Holodomor the Ukrainian Genocide done by the USSR by Stalin, and Pol Pot in Cambodia, or Armenians by the Turkish, yet the Holocaust is covered every week or sooner, and Museums are everywhere. Where are the Museums everywhere for the other genocides? Not in the US for sure. They asked to have some of Palestine in which they agreed, but like what happened with the Massachusetts colony, they started taking more and more land from the Arabs. It got bad when half the land was taken over. The Arabs tried to get there land back in a peaceful way like the native Americans in Massachusetts did, when they did not comply, like the native Americans, they wanted to fight back, but at that time it was too late, they had most of the Arab weapons and like the colony that Americans feel bad for taking over, Palestine gets taken over in 1948. 111newera Lets talk about what Dr.Elhaik really found... He never really claimed that ALL (or even MOST) European Jews are descendants of converted Khazars - Yet alone "proved it". His only claim is that the Khazar Empire was a <b>transition</b> point were Jews from all kinds of places (including Judea, Byzantine Empire, Iraq, Persia, and even Rome) met, mixed a bit with each other and with local Khazar population, and then continued to East and Central Europe - As on can see in his Fig 1: [LINK] Here are the real conclusions of this (silly) study - with a link too it:"We conclude that the genome of European Jews is a tapestry of ancient populations including Judaized Khazars, Greco-Roman Jews, Mesopotamian Jews, and Judeans and that their population structure was formed in the Caucasus and the banks of the Volga with roots stretching to Canaan and the banks of the Jordan." [LINK] It's true that he does claim at some point that: "The Near Eastern-Caucasus ancestries are dominant among Central (38) and Eastern (32) European Jews followed by Western European ancestry (30)"; And also that: "Although the Rhineland hypothesis explains the Middle Eastern ancestry by stating that Jews migrated from Palestine to Europe in the 7th century, it fails to explain the large Caucasus ancestry, which is nearly endemic to Caucasus populations"... However, a quick look at his Fig 5 reviles that other Middle Eastern populations, like the Cypriots, Syrians and the Lebanese, got almost the same amount of "Caucasus ancestry" ( 15 - 25) and a much-much higher amount of "Near-Eastern ancestry" (that would probably be Turkic ancestry - which would make them closer to Khazars than the Ashkenazi Jews), and even some amount of "Western European ancestry" (10-20) - which altogether means that Askenazi Jews got most of their "Caucasus ancestry" and a bit of their "Western European ancestry" in their ancient homeland in the Middle East...Here you can see it all, in his Fig 5: [LINK] Now, the thing I like most about Eran Elhaik's study is the part were he tries to determine the "biogeographical origin coordinates" (i.e. where in the world thy most fit genetically today) of Eastern European and Central European Ashkenazi Jews by comparing their DNA to DNA of other populations who live today in different places of the world... To make a long story short, he comes up with all kinds of coordinates in the northern parts of the Middle East - not even close to Europe... For example: The smallest deviations in the geographical coordinates were obtained with Armenians for both Eastern ( $38 \pm 2.7^\circ$ N, $39.9 \pm 0.4^\circ$ E) and Central ( $35 \pm 5^\circ$ N, $39.7 \pm 1.1^\circ$ E) European Jews... Now try running those coordinates on Google Maps, and you'll find that the biogeographical centers of Eatern ( $38^\circ$ N, $39.9^\circ$ E) and Central ( $35^\circ$ N, $39.7^\circ$ E) European Jews, are just a bit to the north and a bit to the south of the line between Ur-Kashdim and Harran - which are mentioned in the Bible as the original homeland of Abraham: [LINK] Funny, isn't it? ditrinipersianYou ask him not to generalize against the Muslims in India but you generalize against the non-Muslim Indians on the basis that they don't like Muslims.Thanks for the laugh, hypocrite.If you study <b>Indian</b> history, you will know why most Indians may have issues with Islam - not absolutely Muslims, but if you dislike Islam, it usually rubs off on the people who promote that.The Muslims made a nice lie about that, even: They call it "Islamophobia."Ergo, anyone that makes that claim says the people who speak out against Islam has an irrational fear and thus over-react. Any critics of Islam face this... so I guess the only fair-minded people are the one's that think Islam is perfectly fine?You see the problem here? Now, why did I bring up Islamophobia? To disarm you for the next argument - I've argued with many pro-Islam people like you and it always ends with "you just have a phobia against Islam" and I'm tired of this excuse.Indians, like many, many other people around the globe have all the right in the world to be angry with Islam.Doing some studying on the topic of Islam in India will easily tell you why. <p>ditrinipersian I will concede that the accusation of generalization is not entirely applicable in your case, my apologies.However, "...there are a [of Indians] lot that have resentment [against Islam] and if you wanna argue that with me then go right ahead."Did I not point out above that the Indians that oppose and dislike Islam have good reason o do so? You claim to have studied history so you should know this then."I DID STUDY HISTORY, and I do know why indians have issues with islam, but there are a lot that hate muslims. period."You just reinforced my point. Indians have historically justified reasons to dislike Islam, even out-right hate the ideology. So again, why are you complaining that Indians dislike Islam if you have studied history and understand where they are coming from? do people not have a right to oppose Islam at all?"Islamophobia is quite existent... you're not the first person to refute the ideology of it, but it exists alright."I spent a good deal of effort explaining above why Islamophobia is not a useful term. You can call me anti-Islamic, go right ahead, it's a very fitting term to use - it's ACCURATE - Islamophobia however is just insultingly inaccurate, it makes it sound like anti-Islamic people have <b>mental</b> disorders. If your counter-argument to someone's criticism is that they are just mentally defective, you don't really have a counter-argument at all, you have an insult, and insults do not refute another person's claims, it only makes it seem like you have no real arguments to make.STOP using the term. It does you no favors."Judging by your rhetoric, you're obviously anti-islamic and quite frankly I don't have time to discuss things, when you HYPOCRITE, have come here to defame the premises of my argument."I am hypocritical now? how?Yes, I am anti-Islamic. And yes, I have obviously come here to counter your argument about Islam. You are basically arguing that the non-Islamic people are the ones' making things bad, not the ideology they oppose, and that they "should join the rest of us in the 21st century" - this is funny to me because non-Islamic people do live in the 21st century, where Atheism is rife due to the overwhelming evidence to explain things that was previously the domain of religions, and even other religions adapt to reflect the time we live in.Except Islam. Islam refuses to adapt and evolve and insists on rules regualtions and ideals that were created over a thousand four hundred years ago - ergo it creates many problems, and anti-Islamic people don't like that - so they object.I am here the defame the premise of your arguments. It is up to you to either make good on your arguments that"...quite frankly I don't have time to discuss things..." "...you're one person who's opinion doesn't mean jack shit to me..."Yet you are still here making long posts to defend your position and talk shit to me and others who disagree with you. <p>Terenin Well history is history, if you can use that same premise to justify hatred toward muslims i guess you can do the same for the jews and the germans, the europeans and the aboriginals, the russians and the georgians.....?Why do I complain? So what are you refuting exactly?You're a hypocrite because the whole reason why you started this argument was to point out that I shouldn't be creating a fuss about this guy's comment and here you are claiming it's okay to be islamophobic and it's okay for indians to hate islam, then i guess it's okay for anti-semitism to exist according to your logic.EXCUSE ME. I did not say that non-islamic people are making things bad... wtf is wrong with you?? don't put words into my mouth. I'm not a fucking idiot. Once again, i've heard your 7th century barbarism argument over and over... and well if that's what you think, then fine.. I have no further comment on this.Well your opinion doesn't mean anything to me.. you just told me you have reservations about islam and that's not my problem.You did waste your time, unfortunately. I still believe such a thing as islamophobia exists....And no , it wasn't ironic.. YOU BROUGHT UP THE TOPIC OF ISLAMOPHOBIA IN ORDER TO GET A RISE OUT OF ME, OR A RESPONSE.... and I haven't lost a fucking shred of credibility, you're not the queen or king of england, or anyone who can tell me what kind of credibility I do, or do not have.You're the one throwing insults and acting arrogant.I AM AGNOSTIC, i believe in science :) ..... ditrinipersian Don't you worry, you sad intellectually dishonest little tool, there is <b>nothing</b> nice to say about you regarding this topic.I gave you a comprehensive explanation for why Islamophobia is a poor term to use on your opponents who have issues with Islam, I explained how this hurts your arguments and how it's wise of people to not use it, but use more accurate terms like "anti-Islamic" instead.You went right out and ignored that in favor or once again re-stating your position as if you are right by default and the whole argument is to make everyone else see that.I've no more time to waste on people who INSIST on using the term "Islamophobe" because it's use is inherently intellectually dishonest and I have explained why.Take care of yourself mr. loc powerProper sentensing and punctuation would be nice to see from you next time.More importantly,putting aside every reason why I responded to your post for a second:"Only men lie?"In what way? You claim that any explanation for the numbers you cite are "Pro Israeli propaganda" and that the <b>nation</b> is inherently evil, pretty much. Terenin Sad? no. Intellectually dishonest? no, i don't think so, in your dreams.thanks for your little comprehensive analysis on why you don't believe in islamophobia. that doesn't mean it doesn't exist. and don't talk to me about restating an argument. fuck you are such a hypocrite, you're doing the EXACT SAME THING. also, i'm A <b>WOMAN</b> , and yeah i'm agnostic, and yeah i know tons of great muslim people. i'm not a bigot like you.Funny, i bet you're a supporter of israel aren't you? <p>ditrinipersianOn this topic, your <b>gender</b> is irrelevant. What you think of me is irrelevant. Your status as agnostic is irrelevant. Your friendly Muslim friends are irrelevant.What is relevant is your claims about Israel and the Palestinians, and how none of this is provable by you, none of the arguments against you position will be acceptable, by you, the fact that Israel supporters are by default evil people - apparently, according to you - these things are relevant.I take it from your language tone and claims that you are a western social justice warrior and proud feminist, holding high the banner of "equality" in the name of all humankind, yeah?Well, while you do that, don't let those evil white men get you down, or dare to say anything unacceptable to you. We can't have that.Oh, and never stop blaming Israel alone for all the evils in the middle east. You may as well do that, if any argument in Israel's favor, is "propaganda" and "Israel supporter" is in itself an insulting term to you.As for you, loc power ...Well, you have no way of knowing if I'm a Jew or not, so jumping to the conclusion that I am tells me almost all I need to know about you.Your horrible grammar and sentencing is another indicator, your diarrhea of hatred and accusations and absurd claims is yet another.I don't actually have to prove any of your accusations wrong, you made them - so the burden of proof is on you.But there won't ever be any, you are more interested in spewing hatred and bile at random people on the fucking internet and +1'ing each others comments than understanding the conflict you comment on.Hell, your kind is worse than fucking trolls. Anyone who threatens another country should get ready to get punched out. It is so funny how Socialist cunts like yourself start "caring" for the Palestinians when you cunts did no different from the American Capitalists or as well all know Russia invading Afghanistan, killing Afghanis to invade them to control some oil nearby as well, or as you also did with Azerbaijan, so don't come here spreading your obsession with Americans when we know very well you Left Wing cunts are also using Arabs and the Muslim world for your own political interest as well. You are well known for robbing and committing atrocities no different from the others. FACT is you are the same shit and at least some Palestinians know the truth of why so much Socialists out of nowhere start caring for the "Palestinian Cause" when there are over 2.5 million people were getting killed and raped by Arabists and Islamists with Socialist countries supporting Al-Bashir for his human rights violations in Sudan while the Socialist world supported him and kept silent...Why? dutchboychronic Individualizing? When Russia, China and North Korea commit human rights violations or break international law..the majority of Socialist/ <b>Communist</b> countries and organizations keep on supporting them if not some keep silent. Israel never had a perfect country when it was under Socialist rule, in fact there were more <b>ethnic</b> clashes between Arabs and Jews. Middle Eastern Jews were treated as second class citizens by this government and it is because of Conservative Governments like Netanyahu why Middle Eastern Jews are treated as first class citizens. There is also a reason is to why the majority of Mizrahi/Sephardic Jews are in general conservative. <b>Communist</b> men were already the evil men which is why Reagan seek to destroy them for them trying to invade other lands and mess with other countries and start war which indeed the communists succeeded in that. Thank God the Israeli State did not continue to be governed by Socialist War mongers and corrupt government run by the Russians. There is a reason as to why Socialists/Communists were even at war with each other because they each have different supremacist moved on how to start a war and overthrow governments. <p>It does not matter, Socialism still did not care nor did they try to improve the treatment of Middle Eastern Jews and the religious population. As I have said when North Korea bullied and til this day bullies South Korea the MAJORITY of Socialist countries AND ORGANIZATIONS support their act as "just" or some keep silent. When Socialism first came out it resulted in them starting wars, massacring people just to overthrow anything that they did not agree with. Today Socialist governments are one of the most corrupt out there. As I have said in Israel, the Socialist government discriminated against Middle Eastern Jews, their culture and took away certain rights. They also took the rights from the religious, took many Hasidic children and Religious Yemenite Jewish children, put them in homes to Secularize them...this was DONE by the Socialist government of Israel and everyone knows this very well. Today at least the Conservative gives rights to Jews of all background, color, religious sects, non-religious peoples while the Socialist focused on forcefully secularizing the entire <b>nation</b>. Socialism/Communism causes dictatorship and no freedom of speech. Again, I am not referring to Karl Max' Socialism rather I am referring to the Socialism after Karl Max that exists til this day and unfortunately 90 of it is corrupt which is why I do not support THIS type of Socialism that the majority of people follow til this day. England was good and bad with both Socialism and Conservative Governments. Thatcher and other Conservative governments gave wealth and good economy to Britain but it came out of other countries pockets. England was still not all that when it was under Socialist power, it had it's issues and it also gave the country some wealth and good economy but at the expense of other countries and people. What I am saying is that me and you have been agreeing that THIS type of Socialism is disgusting compared to the real and original one of Marx which unfortunately his ideas did not go as we expected it to go.</p>	Nation	Nationality - General	1/343	0.292

Well their were killing muslims... muslims (CAN) produce extremists as well. Why aren't you applauding them for getting rid of one more hate group? Well.... because in reality it has <b>nothing</b> to do with the rules of the religion but the decision of the believers to follow it. Besides... the main reason for conflict is politics. They make things difficult for the population and they people become frustrated and act out. Every cultural group has it's bad side. Even christians can get pissed.
