So much talk about a symptom, not the cause. The real question here is: Why is antisemitism on the rise? Is it political or geopolitical reasons for example? Or something else. In a typical fashion antisemitism is confused as something that is just happening without causation to anything real, and is lopped into blind racism or hatred without cause. If it's Arabs behind it, it's because their culture is a warring culture.If it's Germans, it's because of fears of immigration, which is understandable.It sucks that Jews of all folks have to be the ones who get all the brunt.It's all down to two things: xenophobia and unwillingness to accept differences. a big step to rid antisemitism out is the double standard , many european citizen think jews people are privileged because nobody can criticize them or to Israel , nobody can say Israel is an apartheid state , nobody can wonder if Palestinians have human right, nobody can say nothing about jews and israel ,If you do so you are antisemitics , then you are fired , begining on you a witch hunt , I think jews people are in huge problem , please support to BDS	Nobody, Nothing, Witch	Age - Youngsters, Gender - Female age and physical appearance	6/87	6.897

Polish elites (kings) indeed welcome the Jews due to positive impact of Jews on the state's economy. This, however, is not the case for common polish people, the Catholics. With respect to Poland, the historians write that the shamefully large number of Polish Catholics during the WW2 acted against the Polish Jews in cooperation with Gestapo or independently. Jan Gross, the polish historian, tells that polish people killed more Jews than they killed Germans. Krayova Army was especially antisemitic. It is true that they fought Germans, but they also killed every Jew that come across.	Common	Social Class - Working class	1/95	1.053

That kind of comment is exactly part of the problem, why even bring up Zionism? The jew's are an ethnic minority and then there is the Jewish religion. If this was a video about discrimination against Muslims, would you feel the need to add in the comments apropos of nothing "I'm not against Muslims, I'm against ISIS" or something to that effect? Or if it was a video about discrimination against Chinese people, "I'm not against Chinese people, I'm against the dictatorship that is China"? If you are not an antisemite, why bring Israel into it? Guy Souriant I can answer the same here: but it does matter when one of the antisemitic group still is larger and becomes larger and larger every year. Even if some people would call it racist , (wich makes totally sense because islam is definitely a race .) Through reading & observation... I believe the far right thinks the elite Jews are financing mass migration into Europe. There is an organization called Israid that welcomes refugees at the border & a woman named Barbara Spectre who said the Jews would be at the forefront of helping Europe become multicultural, otherwise Europe wouldn't survive. (Her words not mine) That's my best guess. Here's the link : [LINK]	Woman	Gender - General	1/68	1.471
Why people hate Jews?? It was started by William Shakespeare in his novels 500 years ago. He was a very intelligent academic writer novelist the best even till today and portrayed Jews like Shylock the money lender in his merchant of Venice as blood sucking humans who just cares of money and themselves..... and don't care about their country or others so when kids read these books when they are young they perceive Jews to be exactly like one of those Shylocks	Shylock	Religious Identity - Jewish	1/82	1.22

Gitana Maldita It's not going to work out for Jews. Jews were the first migrants and do not feel comfortable in homogeneous(white) societies. They feel most comfortable living in multi cultural societies and they push for mass immigration. The problem with that is that Western Civilization is collapsing. France, Germany, the US etc are all dying out in their founding populations. Do Jews really want to live in second/third world areas? And especially around large muslim populations?40,000 Jews have left France in the last decade.if the whole concept of nation states go out of fashion - well Israel will collapse at some point as well.It's all going to end in tears for everybody in the West. theeUgly Duckling Yeah...utopic, but yeah.I'm sick of politics & divisions.We're just 1 human specie. Not "many" races. Indeed, scientifically speaking, there's not a "white" race or "black" race . We are pales, or lacking melanine. Others have lots of melanine, that's all. And about phenotypes, we are almost equal in shapes. Two arms, two legs, 1 head, 1 torso. We have mutations and small variations but they're NOT THAT important.We're not dividen into beliefs. Once dead, we don't exist anymore and it doesn't matter in what you believed or not while being alive, or if you had more or less melanine.It's not THAT important. We, nations and all of humanity, can't manage to achieve our true high potentials, because of debt based economics of greed and iniquity of gross inequalities favoring the wealthy and those chosen to be their first line support such as real estate appraisers, wealth managers, and financial analysts where degrees, qualifications, hard work, and self presentation are not enough alone to prosper and thrive as in being allowed in a door of opportunity that leads to a fruitful career track. No country is a truly united democracy for psychopaths game the system only lusting for power and glory. An honest person with integrity and work ethnic can't really thrive unless fortunate to have a protected ascribed career position like taking on a family business or arranged to be in a position providing a service to their fathers business buddies. It we could ever be united and fair with equal justice and liberty for all with actual entrepreneurial spirited free market capitalism, then we could move forward and grow together for the most awesome journey through life together leaving a legacy of sustainability and tradition based on solid values. However, we don't have such a grand vision despite many individuals knowing the well heeled fake money based leaderships sell us all out so hideously short. We probably won't ever overcome the fundamental failures behind our shortcomings causing mass confusion, great anger, and chaos before the world is such a mess that world war ends up happening again. Blaming the Jews was and is only a scapegoat common working class and downtrodden threw darts at when it's the fake international Khazarian Jew that isn't even orthodox practicing at a synagogue group, but are the Luciferian old money, 'black nobility,' families thought to be the result of the fallen angels or the Anti-Christ that Muslims call, 'Dajjal.' Read and learn the Bible, Jesus says, Book of Matthew 5:17 "Do not think I have come to destroy the law, or the prophets, I have not come to destroy but I have come to fulfil" Do you understand Jesus is saying the old law from the Torah must be fulfilled, so swine is forbidden. Do you have any idea, how small a minority of Jews even live in Israel? Have you any idea, what percentage of Israeli Jews are against Zionism? If there was a rise in racist attacks against Arabs, Pakistani's, Turks etc. would you be saying that an effective way to fight the problem would be for the aforementioned peoples to march in the streets and denounce terrorism and ISIS? You will find no shortage of Jews in anti Israel demonstrations, though when the demonstrates start chanting gas the Jews, don't expect those demographics to maintain. Christopher Bergthold Linking the resurgence of European anti-semitic sentiment to the Israeli occupation is problematic in a number of ways. It is not some monolithic movement and it has no single cause. People of middle-eastern descent or with Islamic religious affiliations are often blamed, anecdotal evidence would suggest that while it does happen in some cases the rates at which it does happen are often exaggerated. Various homegrown organizations and movements participation in incidents of hate-crime is often overlooked or goes unreported. The causes are numerous and the issue an old one, with many facets, I doubt you'll find a satisfactory answer in the comments section. That said, good luck with your inquiries.
