According to the ADL, over 1/3 of the Black population is deeply antisemitic and over 40 of Hispanics. Compared to 12 of whites.	Black	Ethnicity - Black	1/23	4.348
I'm no fan of the ADL due to their liberalism but the results of their research poll are correct. Black and brown people hate the Jews at a higher rate than whites and Asians in America	Black	Ethnicity - Black	1/36	2.778
Solzhenitsyn explains it best: "You must understand. The leading Bolsheviks who took over Russia were not Russians. They hated Russians. They hated Christians. Driven by ethnic hatred they tortured and slaughtered millions of Russians without a shred of human remorse. The October Revolution was not what you call in America the "Russian Revolution." It was an invasion and conquest over the Russian people. More of my countrymen suffered horrific crimes at their bloodstained hands than any people or nation ever suffered in the entirety of human history. It cannot be understated. Bolshevism was the greatest human slaughter of all time. The fact that most of the world is ignorant of this reality is proof that the global media itself is in the hands of the perpetrators." If jews think that they are either gods chosen people, or descendants of Noah, then I guess all atheists are anti-Semitic, since we don't even believe god is real. BOO HOO.....People say " Dumb Dutchman" all the time and wear wooden shoes when they are not Dutch. Does it bug me??? NOT IN THE LEAST. Antisemitism is common in Muslims the problem is these Jews in power are not real Jews, Bible mentioned that fake Jews run the Synagogue of Satan same goes for fake Christians like Freemasons, Illuminati and Roman empire they confuse people to think these high ups are Jews and Christians so they will end up being persecuted by Muslims or people that are Antisemitic, so when they are being hated innocent people will get killed. lol while i do not agree with berating random people for simply being jews the effects of Jewish actions on the host nation are extremely damaging to whatever nation was willing to allow them in.. I have no idea why they are like this but its a pattern of behaviour that can be observed going back thousands of years and is the cause of so-called "antisemitism".. Were it not for this extremely destructive behaviour there would not be any notable presence of hostility towards jews.. Honest jews will admit this but most will not fearing the understandable backlash it most certainly is bound to ensure... I genuinely have no idea why they are like this but an honest and dedicated period of research into the evidence is unbelievable and shocking when the scope and gravity of the problem is realized... Its not something that would be easily believed by any decent person without the supporting evidence to prove it which is why most people have a knee jerk negative reaction to hearing such things, this and the fact that any criticism of these people and their effects on the society has been deemed automatically a sign of mindless bigotry and racism . In any case the facts, unpleasant and confusing as they are remain quite shockingly blatant and obvious when one is willing to look at them. All this being said it must be stated that it would be ridiculous to claim ALL jews behave in such ways and have such detrimental effects on the world around them, the greatest tragedy is that those innocent people are most often the ones who are made to suffer the consequences of their malicious kin.. But why.. Why do they do this..... Asking this is like asking why evil exists.. At some stage the question becomes irrelevant and all that matters is defeating it. For a long time now we have believed large scale, organised evil was something relegated to history and entertained as a fantasy in movies but more and more its become clear to an ever increasing number of people that such things do exist and scarier still each one of us is capable of it... Most evil people do not believe they are doing evil or have justified it as an acceptable option... History is now and we are its actors. Nobody can control the page they exist on only what they will do with the time they have.. I wish we could all love one another and do no harm to each other but sadly thats just not the way things are right now so we need to try and deal with the situation as best we can. God help us and maybe one day we will have true peace.	Nation, Nobody, Racism	Age - Youngsters, Ethnicity - General, Nationality - General	4/460	0.87

Everything the store clerk (the quote on quote "anti-semite") said to those ((("God's chosen people"))) is true, despite being 2, they control the media, they control the Congress by AIPAC, they control the banks, they're over represented in Hollywood, and why every person who criticizes jews merely has got to be jailed in certain countries? Because jews hate Gentiles (non-Jews) or anybody who has a different opinion to them, because of that they force and lobby governments to pass bills prohibiting "anti semitism" (in other words, If you criticize Israel, or merely joke about Jewish stereotypes, you'll be jailed for that)...James Gunn, Harvey Weinstein, Jeff Epstein, George Soros, etc...Also the guy who sided with the clerk is 100 correct about the Iraq war, the architects were Paul Wolfwitz, Bill Kristol, Bret Stephens, etc...And all that " nazi " grafitti was probably done by Jews themselves to push anti-white christophobic narrative	Nazi	Ideological and Political Identity - General	1/151	0.662

We are not producers but parasites. We can physically live within any society but always remain spiritually apart. To work would be to produce and the highest form of that labor would be to create. Most of the Jews calling themselves Jews aren't even real Jews anyway unless you want to consider Nazi Zionist Jews especially the extremely soulless Rothschild family that anyone who knows them would clearly see they are nephilim Giants offspring without any cranial separation on their cone head skulls. This teaches that Adam had intercourse with every beast and animal but found no satisfaction until he cohabited with Eve." (Yebamoth 63a)"A woman who had intercourse with a beast is eligible to marry a priest. (4) Likewise it was taught: A woman who had intercourse with that which is no human being, (5) though she is in consequence subject to the penalty of stoning, (6) is nevertheless permitted to marry a priest. (7)" (Yebamoth 59b) "I know thy works, and tribulation, and poverty, (but thou art rich) and I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan." -Revelation 2:9"Behold, I will make them of the synagogue of Satan, which say they are Jews, and are not, but do lie; behold, I will make them to come and worship before thy feet, and to know that I have loved thee." <p>I'm a Jew and I have a story for all the people out there who put NASTY HATEFUL THINGS IN THE COMMENTS. Having to put up with this everyday is terrible and shows that you are not decent people. Stay strong fellow Israelis and Jews. The sad thing is, if we weren't Jewish, you wouldn't hate us. You might even be our friend. But we wouldn't be friends with you cause your a terrible person. We wouldn't have to say this stuff if you just realized that each Jew is different and most are good some are bad.</p> <p>As with any religion, or non religious person. You saying all Jews are bad is the equivalent of saying, I met one person who wasn't religious and they were mean, so every non religious person is mean. Like, GET IT IN YOUR HEADS JEWS DID NOTHING WRONG AS A WHOLE. My story is below. So I was on the bus and an eight grader who i was friends with asked me what my favorite holiday was. I told him hannukah because I celebrate all Jewish holidays because I am Jewish. And hannukah is my favorite as it is in the winter, we get presents, you get to give presents, the food and games are great, it lasts for eight days, and we get to celebrate it with our family.</p> <p>Anyway, after telling him this, his name Is will, he goes, hannukah? What's that. And starts laughing hysterically. I tell him what it is and he starts making fun of me. Then a kid in front of us in my grade says, my favorite holiday is hannukah too. I start to smile, and then he says nah, I'm just kidding, hannukah, what the friking kind of holiday is that. After I got off the bus, it hit me hard, that some people were cruel and stupid and mean because they know nothing about the true Jew. That we are going each different.</p> <p>That people didn't hate me for me. They hate that I'm a Jew because they hate our kind. We are still people and we have feelings too. In the holocaust, six million Jews were killed by the nazis. Why? For no reason. Innocent people were killed and injured and sent to concentration camps. If your stupid enough to believe that Jews are bad, do some research and clean your self up abit. Truly, having to live like this everyday hurts me and it shouldn't. It shouldn't because people should be decent enough to realize we are all equal. Every skin tone, race, nationality, ethnicity, etc. we're all equal. So, please, I ask you, please try to be the best person you can be.</p>	Ethnicity, Nationality, Nothing, Race	Age - Youngsters, Ethnicity - General, Nationality - General	5/452	1.106

First they came for the white nationalists, and I did not speak out—because I was not a white nationalist. Next they came for the christians, and I did not speak out—because I was not a christian. Then they came for the alt right, and I did not speak out—because I was not alt right. Next they came for the conservatives, and I did not speak out—because I was not a conservative. I would like to explain the reality here. I respect jews as people Infact so many of my family have Jewish names like Moses, Isaac , and so on. But when we talk about anti-Semitism. First go back to old Testament and see what is the meaning of Semite. Sam is the son of prophet Noah. So most of people in middle east share a common DNA like Arabs, jews and many minorities in middle east which means they are all Semitic people. So if you offended an arab or Jewish or rest of smaller middle eastern minority , that called an anti-Semitism. But Zionist movement used that term to only jews and excluded rest of other sametic groups which were not fair. So if you hate an arab you should be called an anti-Semitism but i guess doesn't work that way anymore.	Common, Old	Age - Over 65s, Social Class - Working class	2/143	1.399

You have Jewish identity nationalists in America and apartheid state of Israeli, saying it's okay to be a Jewish identity nationalist in any nation . However telling white Americans and EU they can't be in their own nations. Same to the Arab and Iranian people. You can't have it both ways. Either all drop it or it will continue on the same. <p>Food for thought for the Ante-Semite: 'He who saves a life saves the world' is a quote from the Torah, thousands of years later it was paraphrased in the Koran. This statement's origins are undeniable. Had you been in a position to save the life of a physician who then went on to save many lives, in essence, through cause and effect you would not have saved just one life; but multitudes. It is arguable that had you been in a position to kill Adolf Hitler as a child, the opposite would be true and countless millions across Europe would not have perished. This, of course, is hypothetical but cause and effect has a vast impact on our lives. Anti-Semites follow a particular pattern – in the main are of low intelligence and are fascinated by conspiracy theories; (if suited to their purpose) which they eagerly adopt. The bearing of false witness is their predominant trait; passed down to them through the ages. As their antecedents were willing to bear false witness - so they have adopted the practice. This flouting of the Ninth Commandment is what their existence is based upon. In the modern world, we also have pseudo Ante-Semites, jumping on the bandwagon; they are your common or garden trolls who in the main hate humanity in general; invariably they have no life of their own and find gratification in hating all and sundry, masking their self-loathing in the process. Hatred of the Jews is primarily based on jealousy, the jealousy of success gained through hard work and ingenuity and a creed of helping each other; an eagerness to learn and to pass on that learning. The most famous Jew was of course Jesus Christ; who according to ancient history was born with these traits. From what moment in time do Ante-Semites find it acceptable to have a blanket hatred of Jews BC or AD? If it is BC then Christ's maternal grandparents, who were Jewish, would have been candidates for mindless hatred. The Irony of the Ante-Semites is that many of them would not exist today without the contribution that Jews have made to Medicine. If they themselves had not been saved by one of these medical breakthroughs; you can be sure that their antecedents would have been. Of course had their antecedents perished they would not exist. The following list speaks for itself. • [1] Fritz Haber, Synthetic Fertilizer (Haber-Bosch process): $(1/2) \times 2.72 \text{ Billion} = 1.36 \text{ Billion Lives Saved}$ • [3] Karl Landsteiner, Blood Transfusions (identification of blood groups): $(1/2) \times 1.16 \text{ Billion} = 580 \text{ Million Lives Saved}$ • [4] Richard Lewisohn, Blood Transfusions (sodium citrate blood preservation method): $(1/2) \times 1.16 \text{ Billion} = 580 \text{ Million Lives Saved}$ • [8] Abel Wolman, Chlorination of Drinking Water: $(1/2) \times 182 \text{ Million} = 91 \text{ Million Lives Saved}$ • [11] Benjamin Rubin, Smallpox Eradication (bifurcated inoculation needle): $(1/4) \times 142 \text{ Million} = 35.5 \text{ Million Lives Saved}$ • [12] Aaron Ismach, Smallpox Eradication (jet injector gun): $(1/4) \times 142 \text{ Million} = 35.5 \text{ Million Lives Saved}$ • [16] Samuel Katz, Measles Vaccine: $(1/8) \times 124 \text{ Million} = 15.5 \text{ Million Lives Saved}$ • [22] Sir Ernst Chain, Penicillin: $(1/4) \times 86 \text{ Million} = 21.5 \text{ Million Lives Saved}$ • [26] David Nalin, Oral Rehydration Therapy for Cholera: $(1/5) \times 59 \text{ Million} = 11.8 \text{ Million Lives Saved}$ • [28] Norbert Hirschhorn, Oral Rehydration Therapy for Cholera: $(1/5) \times 59 \text{ Million} = 11.8 \text{ Million Lives Saved}$ • [30] David Sachar, Oral Rehydration Therapy for</p>	Common, Fritz	Nationality - German, Social Class - Working class	4/1297	0.308

Projection is one of the main mechanisms that evil and sore losers, such as Muslims and their supporter use in dealing with reality. As a scholar, psychoanalyst and a princess Maria Bonaparte, stated in her article Le Myth du Juif-Satan in Mythes de Guerre (Paris 1950) this projection plays a specific function in anti semitism (which is now rampant among Muslims as it was in Nazi Europe), helped by the left field flakes: "More or less consciously, the anti-Semites project onto Jews all their evil instincts: Their thirst for blood, gold, luxury, debauchery. Having liberated themselves from all that, they become clean in their own eyes and appear to be shining examples of purity. Thus, the Jew is best suited to be that projection of the Devil. Look. We aren't that different, you and I. To whomever is reading this right now, you might think that I'm naive, or even evil. But the truth is, we are one. You may might Muslim, or Christian, or Buddhist or Hindu, but we are capable of making change together. I can't change you, but maybe we can learn to work together, to learn and grow. What difference does it make if I worship one God and you worship none? What difference does it make if your skin is brown, and mine white? Jews have a saying. "From dust to dust." It reminds us that, no matter who we are, or what we've done, good or bad, we come from nothing and will return to it. I am not perfect; I don't think any of us are. But we are human. That means that the choices we make are flawed, but it also means we can work together. Hatred of another is pointless, because, when we are dead, nothing we do will matter. What we will be judged on is what we do now, whether we try to make our little world a tiny bit better for those who will follow us. We may be just dust, but our planet will live on. Ten Commandments are not awesome it’s awful thinking you need a cosmic bully to threaten you w punishment for gems such as murder,coveting others things,stealing, lying I mean the nerve to think that’s the height of ethics when decent ppl can be found who act right and treat others well bc it’s the right way to move through life for anyone with empathy and not a religious psychopath. "Palestinians" should be FULL ISRAELI CITIZENS and have EQUAL RIGHTS--this is the BARE MINIMUM!Imagine if the United States was defined as a "White Christian Nation" like Israel is defined as a "Jewish Nation"?(Ironically enough, it was Jews like Israel Zangwill, who coined the term 'melting pot', and Emma Lazarus, who wrote the poem on the Statue of Liberty, that promoted this inclusive attitude in America).I am sure you have bought into the Hasbara propaganda and believe that Palestinians are actually equal citizens, but if that's the case, then WHY DO PALESTINIAN REFUGEES NOT HAVE A RIGHT TO RETURN TO THEIR HOMES THAT THEY WERE DRIVEN OUT OF BY ZIONIST OCCUPIERS IN THE NAQBA??? MANY STILL HAVE THE KEYS TO THEIR HOUSES!Did you know that the average age of a citizen in Gaza, where there are severe plumbing issues and a shortage of clean water, is around THIRTEEN OR FOURTEEN YEARS OLD???They are over half a million people TRAPPED in a tiny strip of land a few miles wide and about 15 miles long.And the Israelis even BULLDOZED their runways at Yassir Arafat International Airport to keep them trapped there!These are all FACTS.For the record, I hate the "Mainstream Media" just as much as you seem to. Rion firstly, we just want one country while the Arabs want hundreds and constantly attack that one because of that. Israel is just minding its own business and all of a sudden these Arab countries feel the need to just shoot missiles in Israel because they think it's there's. What I'm saying has historical base while what you are has none and you're honestly a bigot just like that fatass in the video. Secondly, we never subverted any other nation , not Germany Spain Babylon Rome, none of them. However over a gradual period of time their countries had problems and they needed someone to blame because they didn't want to take it themselves so they blamed us. You say Germany specifically, we did nothing whatsoever and the antisemitism wasn't new to WWII it just became worse, it was around in Europe since the Spanish Inquisition. Everything above is historically accurate you can look up 'pre WWII antisemitism', 'Arabs attacking Israel', etc because although the news stations willing to give unbiased news are rare, they're not nonexistent and they will publish their news online. The dislikes and comments on this video disappoint me but do not surprise me. It's the new trendy thing now to hate Jewish people. Anti-Zionists on the left and in some extremist Islamist ideologies associate conflict with Israel with all Jews and try to draw comparisons between the Israeli-Palestinian conflict and the Holocaust, occasionally outright denying the Holocaust altogether. Meanwhile in right-wing circles, many kids now think it is "cool" to go on 4chan and support white nationalism , creating edgy memes to advocate for the death of all Jews and promote false conspiracy theories with typical anti-semitic tropes. No other WWYD video has spawned such hatred. People continue to come out of the woodwork and antagonize Jews, then accuse us of "playing the victim."	Nationalism	Nationality - General	1/124	0.806

Anti- Semitism & Jewish Discrimination ? What Would You Do ? – I am deeply impressed with the owner of Gencurellis Bakery ! It’s about time someone take a stand against the Jews in America ! Thank God for Anti-Semitism and if the American Founding Fathers can Discriminate Against the Jews then so can I ! It’s really too bad that their is so, so much Brainwashing in the schools, in the Media and from the Central Government of the United States ! The fact is that the Government of the United States has almost entirely been taken over by Jews ! According to the Father of America George Washington the American People would be fools to allow the Jews of Europe to relocate to the United States ! That is exactly what the American People have done ! According to the Satan inspired Jewish ”Talmud” Bible the Ashkanazi Jewish leaders expect their followers to totally exterminate the Aryan White Race , all Civilization and the United States of America ! ArcherDrake287 The Jews of Jesus’ day are completely different than the Jews now.The Jews today are of the Talmud, which was not written until the 3rd-5th century AD (Babylonian Talmud).Also, when Stephen was stoned in Acts 7, the Jews rejected the Gospel of Jesus for a final time, and the message is now to go to the Gentile nations.The prophecies that applied to the Israelites no longer apply to the modern state of Israel, which is founded on a Satanic symbol, the Star of Remphan (”Remphan” is mentioned in Stephen’s sermon to the Jews in Acts 7:43 as being equivalent to the false god Moloch).Finally, in Revelation 2:9, in the letter to the Church of Smyrna, these Jews are called ”those who say they are Jews, and are not, but are of the Synagogue of Satan.”Israel was the only nation where Billy Graham was BANNED from talking about Jesus in his sermons (when he requested to preach the gospel in Tel Aviv).This is no coincidence. <p>Anti-Semites follows a particular pattern – in the main they are of low intelligence and are fascinated by conspiracy theories, which (if suited to their purpose) they adopt. The bearing of false witness is their predominant trait; passed down to them throughout the ages. As their antecedents were willing to bear false witness - so they have adopted the practice. This flouting of the Ninth Commandment is what their existence is based upon. Their hatred of the Jews is based on jealousy, the jealousy of success through hard work and ingenuity and a creed of helping each other, an eagerness to learn and to pass on that learning. The most famous Jew was Jesus Christ; who according to history was born with these traits. The Irony of the Ante-Semites is that many of them would not exist today without the contribution that Jews have made to Medicine. If they themselves had not been saved by one of these medical breakthroughs; you can be sure that their antecedents would have been. Of course had their antecedents perished they would not exist. Even kids and teens and elderly people they get tortured too. Israel state is a terrorist state, but if I see someone who doesn't support Israel then I'll be nice to them. If they support Israel and deny the land theft and the terrorism that Israeli military does, then they're just as bad as these terrorists. These Israelis kill people and steal land because they believe their religion tells them to do so, which means the religion is evil and fucked up. I wonder if bennett fired Jewish homes pro gay lifestyle employee for having pro gay lifestyle views if that would have been acceptable? One law for the left another for the religious and the secular right. Exactly how radical are Israeli leftists in their anti religious fervor? I was not even aware that reciting kaddish for your deceased father could be something to be frowned upon. Seems downright impolite. Not surprising that the Israeli media hasn't exposed this radical belief system, but only because I am already aware of the long list of evidence of leftist prejudice due to their ignorant mentality of if they are incapable of understanding the logic of A thought process, therefore their must not be any logic to A thought process. Or they are of the other leftist sort who believe the people to be ignorant, fascist's, who would crumble into murderous and malicious outcasts of society if society should recognize that their beliefs on equality and coexistence were flawed and insufficient boundaries, punishments, and privileges in order to truly achieve peace, and enable stable, secure and progressive learning and economic development. The siege type lifestyle required of pretending equality without being able to achieve it and clearly requiring massive wealth redistribution with vast percentages of Jews not believing in the 'strategy', and well aware and complaining about the media censoring their views, and the courts censoring their views, and the politicians betraying right wingers over and over again, while the majority of Jews of Israel stop believing in representative government altogether, rightfully due to the evidence, all to protect the Jewish left, and the American-european Jews and gentiles who require for all disagreement with inequality on the whole planet earth to be censored. Even if it constitutes A majority of the people of the world, which it does. The Jew and the gentile requires A real G-d, just as they require logic, our only option is to continue to point out the truth to them, no matter what keeps happening, have faith and remember, our G-d is eternal, as is our knowledge of His existence, their lies only need to break one more time for it to be impossible for them to ever go back to the ignorance of cause and effect and equality. I am only 13 (I got Bat Mitzvahed in April MAZEL TOV) but similar situations have happened to my family and me before. People can be cruel no matter the age just because we have different views on life and what lays ahead of it. In my town there was a small group of Anti-Semitic people were on the news, they turned out to be a group of teenagers just trying to get attention but 9 year old me didn't know that. I was so scared I hid my prayer books and my Jewish teddy bear who had a star of David on his chest. Another time a giant swastika was painted on the sidewalk outside of my school, I was very scared to come to school even after the paint was removed because there was still an imprint on the sidewalk. My point is that no one should have to feel ashamed to pray, get an education, or put up a FLYER in a window. The main point of religion is to celebrate life and God (or anyone you pray to) Also to all the people who are commenting awful things, I hate to tell you but it doesn't really bother me. It depends on the type of antisemitism being presented. If just because of the guys race then that is bad. VERY BAD. But if it is political then that is ok with me. DESTROY BORDERS!!!!Both neocons and george soros and barbara specter fully support to destroy any and political borders so jews can push out all muslims from the middle east to asia and europe and america all so that the neocons can have their end time cult ideas to be worked upon to grab back their biblical borders and they can not do that if muslims are there.So now everyone who reads the above will now know why neocons are hated because they want to manipulate other countries and is also the reason why they have been kicked out of every country in world history. I have a question for the Jewish people out there in the comment section. Is it true that if your mother is Jewish you are automatically Jewish upon birth but the same does not hold true about your father? For instance, if your father is a devout Orthodox Jew and hypothetically he marries a Catholic woman you (the child) are not technically Jewish. Is that correct that the birthright for Judaism is passed through the mother and not the father or am I wrong about this?	Woman	Gender - General	1/86	1.163

Quran 9:5-"Such of your women as have passed the age of monthly courses, for them the prescribed period, if ye have any doubts, is three months, and for those who have no courses (it is the same): for those who carry (life within their wombs), their period is until they deliver their burdens: and for those who fear Allah, He will make their path easy." Pedophilia in the Quran 65:4-"As for the thief, both male and female, cut off their hands. It is the reward of their own deeds, an exemplary punishment from Allah. Allah is Mighty, Wise." Shdndjs Ddjsjdjjd I never said the Quran is full of terrible testaments, I also never said that all Muslims are bad; but statistics show that 15 to 25 of all Muslims follow everything in the Quran - which means the laws from the verses I edited and Bolden above for you to see where in the Quran . I would also like to point out that 71 of all Muslims believe that Homosexuality should be a criminal offence- how is that a religion of peace?	Quran	Religious Identity - Muslim	2/83	2.41
3rays Yeah the above verse that you quoted regarding Muslims fighting the disbelievers is only to defend the Muslims not for no reason which many other religions that call themselves ' a religion of peace' believe in (Buddhism in the past which is known to be a pacifistic religion) Also Peace is at the centre of our religion even with the non-Muslims living in a sharia country(according to Islam)Islam also has the death penalty for homosexuals if they have sex outside marriage in public which is the same for heterosexual peopleAlso did you watch the video??	Sex	Gender - General	1/99	1.01

Shdndjs DdjsjdjdNo, the quotes from the Quran above are not to protect muslims, it is to instill fear into non-muslims and things you people don't tolerate about western society like being gay or women wearing whatever they want. If you have any once of brain cells left in you, I'd suggest you watch the video of the link i'm posting below and see how the muslims act against a gay male. They are doing the same thing you've been doing- making excuses for Islams "imperfections". I also want you to know that Islam isn't the only religion that advocates evil; there is Christianity(obviously), most certainly Catholicism(regarded worse than Islam, by the way), and Judaism (a disgraceful ornament of it's kind). [LINK] P.S. This one is optional; [LINK]	Gay, Quran	Religious Identity - Muslim, Sexual Identity - General, Sexual Identity - Male homosexuality	5/129	3.876
3rays No I understand Arabic and am a Muslim and unlike many islamaphobic amateurs who watch a few videos and get exited, I knowledge in basic Islamic studies. Every verse Was revealed at a certain time period and that verse is NOT to instill terror in the minds of non-Muslims but to order Muslims to fight the combatants that are fighting them hence the word which is used in the verse to describe the fighting of the combatant and Muslim. If many Muslims hate gays that is to do with them. Islam doesn't tell us to hate them for being homosexuals but that if they commit unlawful sexual intercourse, JUST AS IF a HETROSEXUAL does they will be punished. Also Islam has and does give many rights to women. They CHOOSE to cover up if they want to be a Muslim. How about asking a muslim woman one day. The covering up is also to give women the right to be treated the same as men and to not be treated based on their beauty (which many women find VERY demeaning) it's also because they do not want to be catcalled and perved on and to have modesty and self respect based on what's on the inside not outside. <p>3rays Say whatever the fuck you want. You keep believing whatever you want to believe. I will not argue with someone who doesn't even want to use their own common sense and who can't even bring up proof to back up their claims. I have already responded to you about the verses you showed me. You want to say Islam is not a peaceful religion when all you can tell me is that people are killed by the government-which if is the case no religion can be peaceful and is peaceful . You then wanna bring up some bullshit about women being oppressed. And again you don't know shit about Islam and can't bring ANY proof to indicate that peace is not at the centre of Islam. Apparently Islam is about killing people is it?? About violence? Yeah of course People as stupid and narrow minded as you must think that Islam is tells us to commit random acts of violence and do violent things and it's good for us and we get reward right?? and it's part of our religion????You my friend have no clue of what Islam means and what Islam's core teachings are and what Islam believes about violence. I'm not an apologist neither am I trying so hard to defend my religion I am saying what is in MY religion and I HAVE PROOF all you have is your stupid accusations and beliefs and bullshit statistics('majority of the West says Islam is not a religion of peace') firstly that's NOT even fucking true (53 of Americans believe Islam is a religion of peace) and secondly why do I care what the West thinks about Islam?Have they studied Islam?Majority of all Muslims believe Islam is a religion of peace. Should I take people that are not even part of Islam as appose to people who are?And don't even try to 'suprise' me with verses from the quran that references don't match and are mistranslated from videos that you handpicked with your anti-Islamic agenda. Hit me with any verse and like I fucking said unless you are retarded I will reply How then do you know more about Islam and how am I badly trying to defend Islam by hurting you with ' vulgar insults' when i will clearly explain what the verse means to you.You really have no idea about Islam and you and the other islamaphobic fucktards should stop pretending to and focus on your own religion/beliefs.I have nearly memorised the whole quran And Islam is not violentGOD SAYS IN THE QURAN 5:32 'WHOEVER KILLS ONE INNOCENT PERSON IT IS AS IF HE HAS KILLED ALL OF HUMANITY AND WHOEVER SAVES ONE PERSON IT IS IF HE HAS SAVED ALL IF HUMANITY'Not to mention the fact muhammed(saw) forbid during a war, to kill women, children,babies, innocent people, religious priests, mutilating dead bodies and also chopping down trees.Islam is not a violent religion But you islamaphobes will never listen YOU HAVE NO ARGUMENTClearly the more stupid links you post and the more you talk the stupider you look and ARE</p>	Common, Quran	Religious Identity - Muslim, Social Class - Working class	4/525	0.762

The guy that tried to defend the clerk was partly right (only partly). The people had no right to push the flier issue when the guy rejected it. I mean, seriously, I've hung up a lot of fliers in my life and if a business says no for whatever reason I never felt so fucking self-entitled as to argue that I must be given a spot on the wall. And the guy is right that everyone does and SHOULD be allowed their opinion, even bigoted ones. A guy tells someone no and then the person who was rejected causes a big ruckus because he doesn't like the answer and gets the owner lynched by an angry mob (yes, I realize the owner and jewish couple were in on the skit)- that's not freedom of speech or expression, that's fucking social terrorism, people. Wake up. Yes, it may be bigoted, but social terrorism is just another form of tyranny. If you feel you are justified in hurting another human being for thinking differently than you, and that includes economical retaliation, than you are a terrorist (someone who tries to force change through threat of or actual harm). This is what the bald guy was trying to speak out against but was simply doing a poor job of it. Ponce Pilate did not want to kill Jesus , Pilate believes he is innocent, under the pressure of the Jews who wanted him dead and to avoid trouble he did what the Jews wanted , He finds himself trapped and must free Jesus Barabbas a killer and condemned Jesus that he actually wanted to save , pilate has a responsibility in the condemnation of Jesus but less than those who wanted him dead ("I do not find in him any reason for condemnation (Jn 18:38). " "And Pilate, seeing that he gained nothing , but rather a tumult arose, took water and washed his hands before the crowd, saying," I am innocent of the blood of this righteous man; you will be advised of it.)	Nothing	Age - Youngsters	1/124	0.806

nahHere's what really happened (the Gospels are lies):Jesus and Judas made a deal that Jesus would die at the hands of Rome in order to save humanity or some shit. The Jewish priests are scared that if Jesus keeps preaching his dirty liberal shit, Rome will take away their land and the Temple. Meanwhile, Pilate hears about Jesus and thinks, "Oh shit, if this guy manages to gain a big enough crowd, he will cause a Jewish rebellion against Rome. I must kill that motherfucker." Anyway, Jesus sent Judas to tell Pilate to get him killed. The priests sent their own angry mob to find Jesus, but then they joined with the Roman crowd. Jesus is arrested in Gethsemane and taken directly to Pilate, who tortured Jesus and sent him to the Sanhedrin. There, they all vote that Jesus is guilty, but because the vote is unanimous, they let him go (the Sanhedrin actually worked like that). Pilate is furious and tells Caiaphas "If you don't kill this man, then you are no friend of Caesar!" So by morning, Pilate and the priests present Jesus to a crowd, but then the crowd immediately want him released. Among the crowd are some of the disciples, notably Mary Magdalene (yes, she was a disciple). Anyway, Pilate was like "This man refuses to pay taxes to Caesar, claims to be King of the Jews, and attracts a large crowd! And he's a filthy rebel who will lead the Jews against Rome!" Then Caiaphas declared that Jesus was innocent, but Pilate ain't having that shit. The crowd is furious, screaming "Release Jesus! Release Jesus!" while the soldiers and Centurions are like "Crucify him! Crucify him!" Claudia tells Pilate to release him due to a nightmare, but Pilate replies with "Fuck off, woman !" because he was a monster. Then Pilate orders a centurion to fetch Jesus Barabbas, and then throws him at the crowd, saying "You want Jesus? Here, you can have him!" Then Pilate orders Jesus be crucified, and then he turns to the crowd and says, "I am innocent of this man's blood. He is your responsibility now. His blood shall be upon you and your children", but the crowd is like "NO U, PILATE! YOU'RE THE MONSTER WHO KILLED THIS MAN", but Pilate leaves. He then gives Jesus the pieces for the cross, and makes him carry it to Golgatha (people sentenced to crucifixion had to make their own crosses), and then once he makes it, he gets nailed to the cross with some people watching, including Magdalene and his mother. Hell, a Roman soldier even scoffs at Mary and says " Woman , behold, thy son!" while laughing. A few days pass, and Caiaphas sees Jesus on the cross and says, "Truly, this man was the son of David." He also stays on the cross, left as an example by the Romans to the Jews: "Don't fuck with Rome, or this could be you."	Woman	Gender - General	2/493	0.406

<p>Semitism is actually a "racist" concept and therefore anti-semitism is "anti-racist"... funny how that works.A quick search in encyclopedias reveals that the idea of a 'Semitic people' is a racial term popular in the 19th and early 20th centuries, important in establishing the history of these ancient ethnic groups (Source: Wikipedia).The origin of the term "Semitism" in fact comes from the biblical "SHEM" (Hebrew) the name designates one of the three sons of Noah in the Book of Genesis. The term (originating in 1770 by members of the Göttingen School) then makes reference to a culture and race of a "chosen people" that have a closer connection to God than any others. One can suggest that these efforts to elevate (or distinguish) one's own "people" in this way smack of arrogance, elitism, prejudice against other people and gave rise to antisemitism.Antisemitism doesn't then refer to anti-Judaism (in a religious context), or anti-zionism (which would be Israel people or its defenders)... only a would-be racial supremacist ideal of Jewishness. So when you hear "antisemitism" from pundits just ask them what doctrine they actually defend.Harry Ostrer, Jewish Professor of Genetics even demonstrates that "Shem" refers to a Jewish race found in DNA for more info on that you can check the following links:- "Race or Religion? Jewish Genes Identified": [LINK] - "Legacy: A Genetic History of the Jewish People": [LINK] So the simple definition of "anti-semitism" would be "anti-racism" if semitism defends racial dogma, ideals or doctrines - in any way or form.And it's clear some today equate the SHEM gene with "semitism" as a distinct jewish ethnic identity and race even down to DNA levels...So the definition is still being re-written.For further research on the subject (and if you still doubt race is the issue):Shem genealogies (bloodlines) is found in Genesis and those believing these scriptures to be historically accurate profess:Shem is the father of the Semitic race; Japheth is the father of the Japhetic race; Ham is the father of the Hamitic race.The "Book of Jasher", published by Talmudic rabbis in the 17th century also provides further insight as how countries and regions are all divided accoring to "RACE".-"Genealogy of Shem": [LINK] -"Geographic identifications for the Sons of Noah (Green=Shem, Red=Japheth, Blue=Ham)": [LINK]</p>	Ethnic, Race, Racist	Ethnicity - General	10/385	2.597

If I look at jewish organisations like the fucking "ADL", who support mass immigration, LGBT and all sorts of cultural marxist nonsense for the US and then be extremely conservative and nationalistic when it comes to their country Israel, I can see why "antisemitism" is on the rise. Many if not most diaspora jews are zionists who want Israel to be the JEWISH state but at the same time demand open borders for the nations they live in, because they believe living in a multiethnic multicultural society makes it easier for them to survive. And then they call you racist , bigoted, and hateful if you just wanna preserve YOUR heritage, and if you criticize them or their beloved rogue state of Israel you're of course "antisemitic". Fucking hypocrites. +Teo Jordan if u do some reading regarding Islam u will find that the only reason jews were hated by mohamad was because they refused to convert to islam . As jews and christians were seen as people of the book (legitimate religions from God), mohammad needed them inorder to legitimise his pagan arabian religion and fuse it with the old testament or torah teachings. Because they refused, the jews practically were saying to anyone who was gonna convert to islam that they (the jews) did not believe that mohammad was the awaited messiah. This mean mohammad's islam would not be seen as a legitimate religion and thus an offshoot of judaism and christianity...which it wasn't anyway. MOhammad was so pissed off by this that he ordered the massacre of the entire male population of the jewish tribe in medina which ironically were the ones who protected him from his own arabian tribe, the Quraish, when they wanted to kill him for wanting to start a new religion. All the women and children of that jewish tribe were sold into slavery. You will find all this info if you just google all the info i gave you. Also you will note that the last revealed chapter of the quran , chapter 9 (the quran does not follow as chapter 1,2,3,4,5,6 etc..as how things were revealed. Chapter was infact the last revelation that mohammad gave and therefore the most important one and the one that takes precedence to follow as the most recent..(in islam there is a thing called the law of abrogation. That being if two verses are in contradiction of eachother, the latter takes precedence. So for example in the early days of islam mohammad talked about peace and tolerance n only kill when attacked..however in later verses he openly calls to muslims to kill infidels. Because these verses came after the peaceful ones, they are the ones which must be obeyed.)...anyways chapter 9 talks to muslims that they must kill jews and christians wherever they find them, even when hiding behind a rock....This is the whole reason why jews and christians are hated in islam. Basically it's mohammad's 1400 grudge that he made into a religious "revelation". So for 1400 years muslims have been ordered to kill them because in truth, mohammad felt betrayed that they didn't convert to islam... like i said..all the info i gave you..you can google or even read in sahih bukahri, sahih muslim (the quotes and actions of mohammad which are what muslims live by..i.e by his example.) and the quran ... Cham Toreno if they claim to be witnesses of the actual genocide, they are basically liars; it doesn't mean they ment badly or conspired with Zionists.We have to understand the psychology behind all this; people in the 30's and 40's were told all kinds of lies surrounding the Nazi party as part of war propaganda; lamp shades made out of human skin, soap made out of human fat , even biological experiments; all that has been debunked over the years, the lamp shades were made out of cow skin, the soap was ordinary and no evidence of biological experimentation was found. The genocide is just another rumor that spread in the camps.If you asked someone in the 40's if he witnessed a genocide, he would probably tell you "yes", because he grew up with those lies as well, he will tell you whatever he considers it's the truth; old people coming out and saying they were victims and witnesses will lie to get some attention from the press, but using the story they think is true. Jacob Lein "They don't sacrifice humans"Yes, they did in history; if they still do, who knows (the "bad" Jews). Although as an atheist I don't buy any crap that portray Jews as "evil" in a biblical sense, it is historically accurate to say that Jews have been up to no good ever since their beginnings.Today, Jews represent a 0.2 of religious population, yet 48 of US billionaires are Jews; don't bring me the "they worked hard!" bullshit argument, it is obvious that they raise each other in hierarchies, which is dishonest and suspicious. It is Networks managed by Jews the ones that are supporting Hillary Clinton's campaign right now, along with hiding the truth, lying about polls and exaggerating her opponent's actions. Fox News is one of the few Networks with Christian and Catholic owners.I'm not saying "Jews are evil", there's a difference between the common people and the bankers; but it's obvious that the latter is ridiculously disproportionate and is up to no good.Why should 99.8 of population pay for Kosher to aid a 0.2 of people in the world? It's all about money; Jews have earned their stereotype.	Common	Social Class - Working class	1/194	0.515

Jacob Lein Hah! The Clinton emails investigation now exposed a John Podesta's "hangout" that involves satanic rituals that require children trafficking for sexual activities, blood transfusions and cannibalism, along a "performance artist" Marina Abramovic; while - again - pointing out that the star of David is never mentioned nor in the Bible nor in the Talmud, but a similar star is mentioned as the Star of Remphan which belongs to Moloch (Satan).These assholes are satanic cultists; if they are Jews or not is irrelevant, anyone using the fake "Star of David" is being lied to and/or is a suspect of being a Satanist. While as an Atheist, I don't care what Satanist believe in, I do care about their actions, and kidnapping children for sex and murder is something I will always preach against to. The passage you are referring to is talking about how Jesus told the rabbis that were executing the woman that they should not do this just to make themselves look better than evil. He is also telling them in thinking that, they have been deceived. Satan had deceived them into thinking that they should execute the sinners in order to look high and mighty. Jesus said that this is not the works of Abraham. He was also implying that Abraham, who was Jewish, was merciful. So if they were truly doing the works of Abraham, they would be practicing mercy. Instead, they had believed a lie told by Satan. If Jews were truly of the Devil, then Jews like Abraham and David would not have been worshiping and obeying God. Jesus was saying "I am not like you men. I am not of sin. I am here to take the sacrifice and punishment of your sins. Your text even talks about me, but you refuse to believe it to be me."	Woman	Gender - General	1/171	0.585
OK. My point is Jesus was not saying that the entire Jewish religion was of the Devil. The rabbis that were stoning the woman , Jesus was talking to them and said that THEY have been deceived and were doing the Devil's work. Not by stoning the woman , but by being hypocrites. Jesus was calling them out on their hypocrisy. They thought that they could do whatever it is that they wanted to do as long as they were punishing other wicked people. He was not calling out just the Jewish people, but the people who were being hypocrites. It is the hypocrites have accepted the Devil. Not every Jewish follower was doing this. He was not saying Jews were of the Devil. He was saying hypocrites are of the Devil. And in that exact moment, the ones who were being hypocrites just so happened to be the rabbis, and the audience cheering them on.	Woman	Gender - General	2/154	1.299

Reason 1 there hated by both Christians and Muslims (2 biggest religions in the world) both sides have different reasons for hating on Jews , the Christians hate them because Jews killed Jesus who was in fact a Jew himself so little ironic , but the Muslims hate Jews mostly because of the Israel occuption of the Palestinian west bank for the last 60 years or so and also because Jews say Jerusalem is there holy city but Muslims say no its there holy city so at the end of the day its like mostly to due with religion and backgrounds . Jewish people have really always been scapegoats. We are an easy group to target, and the fact that Anti-Semitism places Jews in a fictional position of power (the idea that we control banks, that we control the world, that we try and convert people, that we are all collectively responsible for the actions of the Israeli government) makes it very hard to point this out. Honestly, this doesn't surprise me at all, that someone else joined in to defend a clerk who was being so blatantly Anti-Semitic. We were blamed for the death of Christ, we were seen as unclean or unfit. Hell, people even used to think we caused the Black Death, because fewer Jews died (this is due to the fact that washing and hygiene is a big part of our tradition and that deterred the spread of germs, which they didn't know about back then). And a lot of the same rhetoric continues today, with the lovely addition of people (like the commenter above) actually comparing Jews to Hitler, blaming us for the Holocaust, and denying that the Holocaust ever even happened. +You Can't Be Racist to Jews you literally cannot be blatantly racist towards majorities. Sociologically, that is not possible at all. Because if you are blatantly racist to a majority, there are much more people to back you up. Why do you think the apartheid in South Africa was so difficult to hold up? The black people were the majority there, and even under white rule, it was very difficult to oppress without social revolution. Now im not saying that subtle racism can't exist. Subtle racism is where it is not stated but rather just performed. For example, subtle sexism is when women get to take the child more percentage of the time in domestic dispute cases. But subtle racism is against all races, so rather than start bitching about it, we should focus on eliminating the idea of race , as a whole, by looking past the person's skin color. By saying "whites are discriminated against" is just bringing attention to it, and making the process worse. Ned White The first article is by a person who had history of making things up to make other jews look bad. He had been caught making stories like that up before.Karl Marx was jewish and he did kill tens of millions more then Hitler, and in the beginning his main support was jewish but then later the Communist regime turned on the jews and ended up killing tons of them too. So yeah you have a point there but they ended up getting slaughtered by their own.The last one is totally accurate and their are many appalling things in the Talmud. Luckily most jews today don't actually follow that book just like how Martin Luther had several good books and one single book that said we should burn Synagogues. We don't really follow that last point he made but we still follow most of what he said. I don't know if the jewish girl you are talking about follows the Talmud and hates non-jews or not but I would prefer to give her the benefit of the doubt because she seems like a good person to me. My sisters and myself don't work in any banks as far as we're concerned, nor anyone else we know in the family. Also we don't give away all our earnings to Israel, even though we support the country. +Siham Al Ramahi As a Sephardic Jew, I want to say you are a beautiful soul with a strong mind. My father is a Palestinian Muslim from Ramallah. My mother, a Sephardic Jew from Yerushalaim. They left Palestine because of the political environment. Because of who my father is, when we visit our family my father has a sense of dread. We never know if we will be stopped at the gates of the old city or if we will be stopped walking with the family by IDF. The theocratic democracy that is the State of Israel is wrong. Everyone should be viewed equally with equal access to services and resources. I remember when I was a teenager we visited Haifa. I was speaking to my father on the phone and woman at the bakery counter heard me speaking Arabic. She refused to serve me, even though I am a Jew, because I have Palestinian blood in my veins. +Siham Al Ramahi Thank you for your comment :) American Jew. I do my best not to judge anyone until I've met them, but you seem to have a good soul. The conflict in Israel is terrible. The zionists did steal the land, but mainly (I would assume) because as jews we're raised to believe the holy land belongs to us, so they took our land back after years of exile not caring about the others living there. They must have figured there were so few jews after the war and we needed a land to call a jewish state. Was it wrong to steal the land back, of course. Broken commandment some would say, others would argue that it's our birthright and the land always belonged to us and always shall. I'm torn myself whether I agree with it or not. I would love for everybody to be able to live together, but a lot of people aren't willing to discuss terms. Killing innocent civilians is wrong and terrible, from both sides.Anyway, hopefully peace will one day return to the land, without the extremists and soldiers killing everybody. What 'time argument'? I made no argument, but I guess a child like you who is just being pretentious wouldn't understand the difference between an argument and an insult.The most 'advanced nation ' has what to do with your bigoted world view? Yes, Japanese people are beautiful; so are a lot of other people - matter of opinion, hellooo? How is this relevant? Are you some sort of neo-nazi that's gainst people of two ethnicities having children and thus brought up the subject of Japanese being a homogenous nation ? Also, Japan is not the most developed country in the world, but the leading country in technology; the country you're looking for is Norway.Again, you can't tell the diffrence between an argument and an insult. You sure you're ready to use 'big words' like 'logic' that you seemed to have googled on your mom's computer? Ironically, you are the epitome of the absence of logic. No rational, logical person would let pointless prejudices affect their method of thinking; this is even projected from your statement that's implying that I'm Jewish, and how that alone seems to be sufficient for you to abolish any arguments that I would make in your mind - THAT is illogical, and a fallacy.Is 'liberal' considered an insult to you socially devolved bigots? Pathetic. Go back to your dark ages.	Nation	Nationality - General	1/225	0.444

<p>You're so delusional that you actually think your sentence structure is better than mine? HA! Notice how I used apostrophes on the phrase 'big words'? I guess 'logic' is not one of your strengths, yet you're quick to claim I'm irrational. No, I'm not a native English speaker. English is my THIRD language. Finnish and Swedish come first.I never said that there's anything wrong with racialism, since it's a fact. I'm calling you out for your bigotry; you are not expressing racialism in the slightest - not even close. Having a big nose is a stereotype for Jews, and in the context of you Jew-hating in the comment section, on this particular video gives that assumption quite a bit of merit. Again, not thinking rationally, are you now?You said advanced nation. Not technologically advanced.We all know what your intent is.There is no time argument that I made. You don't seem to know the format for an argument.</p> <p>I did compare your mentality to the dark ages.Nice reasons you have for defining liberalism as bad: "cuz its moronic, huehue". Nice sugar-coating on that disgustingly racist statement. Also, nice spelling. :) I'm thinking very rationally, and every time you try to claim the opposite, you're the one with nothing of significance to say. But then again, you can't even figure out what's the difference between an insult and an argument.Yeah, get out of here kiddo. Judging by how ignorant, pointless, and childish your responses were, I think everyone can see how big of an ignoramus you actually are. Feel free to continue with the ad hominem and your terrible sentence structure, because</p> <p>I am not bothering with a willfully ignorant, disgusting individual like yourself no longer. "Anti-Semitic" is a nonsense term, and the first little step into Zionist brainwashing. Semites are about 20 people with a common lingual root. Palestinians are Semites as well, for instance. The term "Anti-Semitism" comes from a jew hating German journalist called Wilhelm Marr. He wanted to put Jews into a racial category to discriminate them more. So "Anti-Semitism" is a term that was born in right-wing circles. There are Jews opposed to that. Jews are just religious people like Christians or Muslims or Buddhists. It's no race . ZarkowI disagree with you brother. It was technically owned by GB, and there was a declaration giving the land to both muslims and jews as a compromise. All I'm saying, is that the land didn't belong to GB or Jews to begin with, which puts the Jews on par with American settlers and the Native Americans.I agree most Israelis are not extremists, and I agree they should be protected, however that doesn't mean they can do whatever they want in hindsight to the local population. I mean, a Jewish state shouldn't exist, but I also think the same of Christian and Muslim states. I have a problem with Zionism and people who think it's their destiny to own land. Most Jews are peaceful and just like everyone else, but when a sole State that is supposedly representing Judaism as a nation , then the act of ethnically cleansing the domestic population will be attributed to Jews in general as an act of aggression. <p>vanillaorange1 The fact that you would say God hates Jews and that's why he sent Jesus is probably the stupidest most uneducated statement about Jesus and God that I have absolutely no words for it. Firstly Jesus was born into a Jewish family and celebrated Jewish holidays. Secondly God doesn't hate anyone. Is that what you truly are taught? That God hates and Jesus was a warning? Scriptures say Jesus was sent because God loved and he's our hope. I would suggest not learning Christianity from racist Muslims. According to Islam God hates everyone. A religion can't be tolerant and peaceful if it teaches false doctrine and believes God hates certain people. Jesus wasn't a punishment. He was a gift. Islam could stand to listen to some of what Jesus had to say. Stop stoning women to death, love thy neighbor, love thy enemies, and though shall not kill. Don't ever use Jesus to justify hate. Why is it that all "bigots" John Quinones portrays are white and assumed to be Christian. That, in itself, is blatant profiling while preaching against it. Ben Wasserman—the Bible is not Bronze Age stories—to make such a statement shows great bigotry on your part. Have you ever actually read it? I highly doubt it, and so passing one's self off as an expert on it is kind of pointless. Christianity is 100 Jewish. Christians are drafted in to Judaism. Millions of Christians know The Torah/Tanakh and the Brit Hadashah (Old and New Testaments) and they require a high degree of intellect to absorb all of its treasures. As for you, johnny montana—it is not true Christians who are anti-Jewish because true Christians are actually educated in the Jewish foundations of the faith. Here's a quote I like using against fascists and anti-semites, I've found it to work like penicillin against them."The whole problem of the Jews exists only in nation states, for here their energy and higher intelligence, their accumulated capital of spirit and will, gathered from generation to generation through a long schooling in suffering, must become so preponderant as to arouse mass envy and hatred. +Dustin D I'm not Jewish, I'm Slavic. You don't have to be on death row to be against the death penalty, now do you?Loaning money at interest? You mean something that everyone does these days? Even the Sharia-compliant banks have found a way, through sophistry, to eschew Sharia "principles" by calling loaning at an interest something different. Smart, ain't it?Also, it's funny that Jews were forbidden in the Middle Ages to join guilds, so they had to take these jobs to survive, while living in ghettos and running from pogroms. So people not very much unlike you have banned them from what were considered socially acceptable professions and then they vilified them for it. We have a very apt saying for that in my mother tongue; it doesnt translate that well into English though - "Judge sues you, judge judges you".What's a "Central Bank of the nation "? Fact is, you're woefully benighted... How does it not take higher intelligence and energy to control this "Central Bank of the nation "? You see, by your very own argument, you're inadvertently complimenting the Jewish people a lot, ironically, and there is an underlying inferiority complex embedded in your argument, which is just your own pathetic version of the "Jews poisoned the wells Middle Ages uninspired conspiracy nut theory".Thankfully since you haven't provided a single shred of evidence, nor will you, I can dismiss your claims."it requires lack of morals, an insatiable lust for money, and lack of care for the misery it inflicts on the target population."What a perfect description of the homo sapiens. However, you have constructed a conclusion that has an unsupported premise, therefore your argument is for naught in the end. It's even funnier to talk about a lack of morals and sport an avatar of a work done by a sculptor who was funded and was a member of the Nazi party. It's safe to say you've also associated yourself with that failed and defeated ideology, so, really, do you think you can be a good judge of morals? I really don't think so.I'm sorry, I really don't think that your cowardly, hypocritical, intellectually dishonest and intellectually bankrupt ilk is going to dictate where certain ethnicities are supposed to live and where they aren't supposed to live. Queen A Why is only Christianity wrong?They're all wrong, obviously. I was just specifically talking about christianity here. There are countless sources of scientific data that proof none of what's written in the bible has actually happened. There's either not a single shred of proof of it or the events that are described in the bible should have left such marks on the world that the fact that we can't find any of these gives it reason enough to refute it.But just look at history, we know that the 1st testament was build from common 'stories' from the region. A group of counselors actually sat down and decided what stories to keep and what stories to throw away. They'd fill in the common names used in the bible like god, jesus and friends. That's why so many verses contradict one another, because they're from different sources, from different people, with different ideas on what they think god is like. You can't slap the name god on both and think you're going to get away with it. This is not a concept, this is fact, there are documents describing this process is in detail, but don't let old ancient documents fool you. There are other gods from the same region, who also happened to have virgin births, walked on water, died and resurrected 2 days later, etc. But I'm sure you've never heard of these gods before, as Christianity is a scam desperately trying to suppress any actual knowledge that might lead to the obvious doubt you will have if you looked just 1 cm beyond your own nose. But again, what makes all religions false, is that they all make claims, without evidence to back up these claims. For so long we didn't know any better and it was common to just assume god was real. Critical thinking is a relative new concept in our society, but we should have adapted by now. We have the internet, we can look everything up. There's just no more reason to believe in something as outdated as a 2000 year old bronze age christian god.	Age, Common, Old	Age - General, Age - Over 65s, Social Class - Working class	6/354	1.695

<p>vincentpol Did you study history?It's generally accepted by historicity that Jesus lived.Can you show proof that the stories are fake and the names are just common names?The bible, is indeed written by more people, which makes it in my eyes more trustworthy, because who knows more, if you are living at the moment where you are writing about or if you are writing about the past?It's true, i believe, that there are a lot of stories left out of the bible. the apocryphal books.Between the old testament and the new testament is a gap, the 400 years of silence. If you want to become famous, you write more books in that gap, because god was talking all the time, so it would be odd if he was quiet at once. So a lot of stories are written. all these stories are later on compared and if stories for example only are removed/added in one version of the bible, it's most likely that that story is wrong, so it's removed.It's possible that "thru" stories are removed, but there can't be added wrong stories, because then in almost every biblestory it needs to dive up. Next to that, it's actually more considered as a fact if a lot of believes have the same segments in it (virgin births, walk on water, died and resurrected in 2 days etc.).What religions makes false is the lack of evidence? I tend to believe that a believe is a believe because of believing, so without having facts...and a 2000 old year thing, thats indeed outdated, just like the earth ;-)</p> <p>About the Islam, jews and Christianity, in a nuthell, it's a sequence:-at first, the people choose aigainst God, so they need a sevir.- The jews are waiting for the sevir to come.- the christianity believe he has already come, in the form of Jesus.- The muslims believe in jesus also, but it was just a prophet. The real Jesus,in contradiction to the christianity, not a sun of God (allah), is Mohammed.</p>	Common, Old	Age - Over 65s, Social Class - Working class	3/347	0.865
---	-------------	--	-------	-------

thijs de haan "it's generally accepted by historicity that Jesus lived."Not at all. Scientists are willing to adhere to the idea that a man named Jesus might have lived at some point, but his existence and importance has most likely been near infinitely overblown and exaggerated."Can you show proof that the stories are fake and the names are just common names?"Please go back to school and actually learn how the scientific process works. Burden of proof lies always with those who make the claim. There's no evidence Jesus has ever existed. People didn't start writing about it him until 100 years after his existence. Especially in those days where the average age was 40, this would have been a story written down after being passed down 2-3 generations. When people sit in a circle and whisper a single word in each other ear, you'll already get a completely different word by the time the word reaches the original whisperer. Now imaging passing down the entire story of Jesus over a period of 100 years. No, it's most certainly not going to be accurate. Can you prove that the story is true and not some imagination of people in the middle east? Can you prove that the story remained 100 accurate by the time it was written down? Can you prove that Jesus had actually existed despite 'no evidence has ever been found confirming his existence'?You'd think someone of that significance would have countless landmarks to prove he existed. In history, landmarks have always been the most reliable fact. We know for example that the cradle of civilization, well over 5000 years ago, came specifically from baghdad. That's pretty much the first scientific fact we have in history, and it's a landmark. Now back to jesus, he has none. This is typical to made up stories. "I tend to believe that a believe is a believe because of believing, so without having facts..."Yes, faith is believing something to be true without any evidence to support it. It's coincidental also the definition of a delusion, what's your point? I don't think we should treat faith as anything special just because people want to put a lot of weight on religion. That's their problem, it's still bullshit at the end of the day.	Age, Common	Age - General, Social Class - Working class	2/385	0.519

It's the Zionist brainwashing (from 1890) that put this lie in our heads. Most Jews stem from a turkish folk, the Kazars. Bleenie Greenie Being agnostic means that you don't believe IN G-d, but you do believe there COULD be a god. Atheists do not believe in any god and they do not believe there can be. A Jew believes in G-d, Hashem, Adonai, we believe in the Torag, Tannakh and Talmud, Christians believe in the Old Testament (Torah and Tannakh) and the New Testament, which means they believe in Jesus as Messiah, Jews do not believe Jesus is Messiah. Therefore, Christianity is not Judaism but based on the teachings of Judaism. They are two completely different religions.	Old	Age - Over 65s	1/96	1.042

The Moshiach will be born from a young woman , alma, alma has NEVER been used to describe a virgin. I can guarantee to you I am more studied than you, raised by a Christian pastor who was also a world religions professor. Compannies engaging in anti-consumer practises and political bribery do so in order to maximise profit in order to satisfy investors who are the very reason to why the companny is succesful and will be the very reason to why it would go bankrupt, politians accept briberies in order to ensure their political carrers on top of tossing some of that money into the media so they can ensure their next elections, the media is corrupted to ensure money from political sources and to please investors, while the average joe is left with no real choice of moving foward besides investment, managing a companny or becoming a politician and has to play by the systems rules unless they want their lifes to be determine by dumb luck. We give the Jews \$3-billion a year, or they will die. In the last 10 years, we gave the Jews \$30-billion dollars, and we will never see that money back. In the last 35 years, we gave the Jews \$1 Trillion dollars. The debt with China is \$1.2- Trillion dollars. So, America is taking on a Trillion dollars of debt from China, and is giving it to Israel, the Jews, the lie, and we still are never gonna see that money again, and we still have to pay China. So, how much will we spend: \$2.4-Trillion dollars for the Jew. And it's all about their 3rd temple of bullcrap. And tell the Jews we will not give them \$3-billion dollars again, and they will die. Israel will die. The Rothschild bank does not have enough money to keep them alive. They will die without the Lord Jesus Christ, they all, the Jew, and the half-Jew, ishmael and isaac both, will die without accepting the Lord. That's their fault not mine. And I as a Christian do not support any Jew this way. Do not be unequally yoked together with an unbeliever. Means stay away from the Jew. The constitution says: to secure the Blessings of Liberty to ourselves and our posterity. It does not mention giving money away to the Jew, or that the USA is for the Jew, or is about the Jew, or their on specific religion, which under the constitution, separation of church and state prevents the USA from giving money to a holy land. See, this bullcrap.?? Now, the guy behind the counter on the job, should have lost his job immediately. You can't say that on the job. You can say, we don't put up flyers, sorry. The rest of it, was no good. If he was on his own, he can say what ever. On the job, he can not say that. If people tolerate, ok. Fine. Tolerate. However, even if I feel the same way, I wouldn't say it like that. And I wouldn't say that on the job. Aaannndddd I still got homeless every where, the troops still commit suicide, many troops are homeless, there are and have been for many many years, women homeless in wheel chairs, and no one helped, and we gave a TRILLION DOLLARS TO the Jews, and we will never see that money again. This is completely unfair, unconstitutional, criminal, immoral, unethical, mean, disrespectful, and many other words. Now, I do not support any bad thing happening to Jews. It's very simple what to do, and what this means. It means stay away just like jesus did, and it means that everyone do as Jesus said, and the rest takes care of itself. No one needs to do anything to a Jew. Just do what the New Testament says. This will force, by God's plan, will force the Jew into what God Jesus Christ the Lord, is doing. Or like anyone, they will perish in hell. As we live, do **nothing** to anyone, but to yourself, do as Jesus said. This is what securing the Blessings of Liberty to ourselves and our posterity means. maples playbot Jews were often separated from the main population . Kind of like the ghettos only with better living conditions .usury isn't a common practice among jews . It was actually a normal thing among non-jews .Taking interest is not a theft . It's an investment . To say that Jews were politically strong in their respective countries is just a plain lack of knowledge on the matter . Jews were always the smaller and weaker communities . Many wouldn't even know about their existence . The Jews were only politically powerful in 1 state and that is Israel . For example in Spain the Jews were bankers , advisers , lawyers , doctors and many respected jobs , though could affect politically any decision made by the Spaniards . Once the Spanish expelled them , Spain went into a dark era . So if I haven't said it before , the main reason behind the expelling of Jews is religious . In many countries the church was stronger than the monarch . The church obviously disliked the Jews and scientists because it could NOT control them . So when such an institute gains so much power not only in 1 country , but through most of europe , it usually gets what it wants - to expel those who are not wanted (e.g Jews)	Common, doctors	Nationality - General, Social Class - Working class	2/228	0.877

As far as anti-Semitism goes: I would really like to know why so many people hate Jewish people? What has been their crime? Haven't they already paid beyond the capacity of almost any other race ? They've been vilified, humiliated, tortured, persecuted and for what? How are they SO bad that other races can look down at them? To be quite honest I have a deep love and affection for them. Some have been my best friends and most are very intelligent with a deep love and connection to family that I've yet to see elsewhere. They have pushed throughout history against massive misfortune, hatred, and obstacles that would destroy nearly any other race and yet they're still here! Libbre David 37: "To communicate anything to a Gentile (a non Jew) about our religious relations would be equal to the killing of all Jews, for if the Gentile knew what we teach about them, they would kill us openly". Baba Mezia 24 A. Schulchan Aruch, Choszen Hamispat 348 "All Property of other nations belongs to the Jewish nation, which, consequently, is entitled to seize upon it without any scruples." Tosefta, Abda Zara VIII, 5 "A Gentile is forbidden to steal, rob, or take women slaves, etc, from a gentile or from a Jew. But A Jew is NOT forbidden to do all this to a Gentile" Schulchan Aruch, Choszen Hamispat 156 "For the property of a Gentile, according to our law, belongs to no one, and the first Jew that passes has full right to seize it." (Remember how they steal, and continue to steal Palestinian land?) (Remember how they robbed the banks of America?) Yebamoth 98A "All Gentile children are animals" Abodah Zarah 36B "Gentile girls are in a state of filth from birth." Sanhedrin 57A "A Jew need not pay a Gentile the wages owed him for work" Seph. By the Law of Moses, many who call themselves Jews would need to be stoned, being found to be adulterers, gluttons, etc. So clearly they are not Jews. For to keep the Law in part is to break it whole. Wherefore then, when looking upon someone, it is more appropriate to ask, How Jewish is this person? And you may find that many who call themselves muslim are more acceptable to G-d than they who call themselves Jews, but behold, they are Nazis, eugenicists, idolaters, etc. They are satanists, the synagogue of satan are they, who claim one's genetic structure determines who is a child of Abraham's, and who is not. We used to live in Arizona and i felt like it had a lot of racists there. But when we went to South California (Vista and San Diego) I didn't feel as much discrimination as I did in AZ. We also stayed in NYC for a while and had a few family members living in Connecticut. I felt the like locals weren't really racist , but the European tourists were really rude and racist .As far as other states we have visited: Utah, New Mexico, Nevada and Illinois. I didn't feel uncomfortable much there as we only stayed there for a short time. Are you American or thinking of visiting the united states ? You're facts about Jews is almost completely wrong. Most Jews are not of Israelite ethnicity which means they are not Semitic; thus, non- middle-eastern people. Only the Israelite ancient Jews were Semites and they were massacred by the Roman Empire for them revolting against their rule. In fact, they are lost and now are known as the lost tribes of Israel. Most of the Jews today are Ashkenazi ethnicity meaning their race is northern Caucasus before the Russians took it over. In fact, they are a Turkic tribe speaking a Turkic dialect which eventually adopted Judaism to distinguish their kingdom from other faiths in the world. Thanks for the insight.Yes, unfortunately many Jews, some in my own family included, are very statist in their political orientation. This stems from the belief that a strong secular government is the best protection from religious fanaticism, especially Christianity.I've worked with German, Austrian and French Jews mostly and they switched from center-left to hard-right during the last 10 years. Mostly due to the fact that the political left is snuggling up too closely with Islam. Even some in the gay community are starting to switch allegiances. Feminists are, from what I can tell, still left wing all the way and ignore Islam's treatment of women or even view the headscarf as a symbol of a woman's right to choose (which is always a good thing, as long as it goes against Western ideals).The future here will be quite interesting. Already we are seeing an alliance between Christian conservatives, hardcore atheists, nationalists and jews on places like pi-news (Germany's biggest political blog with 100000 readers a day). Barack Obama Awkward situation with the whole islamism thing. I only ever judge people on their individual words and actions, not broader labels, but the trouble is we keep attacking islamic countries whilst at the same time being ultra careful and PC with how we treat them at home. Because our governments are such massive hypocrites (bombing for peace, spreading 'freedom' by unleashing sectarian civil wars in poor countries), they lose the moral authority to object to some of the more insane islamic values. One the one hand we get cringing apologetic speeches and new mosques, and on the other strict surveillance, rising tides of anti-islamic racism and continual occupation and bombing of islamic countries. Basically if you wanted to create islamic extremism in the West, that's how you'd do it. I'd say they've done everything short of arming them, but yeah, they've done that too. Now that might come off as anti-islamic, but it's not. I am an atheist and a secularist, so I don't really see eye to eye with anyone who's deeply religious, but what religion they actually follow has little to no effect on whether I'll like them on not. What I think should happen is not some kind of purge of muslims as many right-wingers seem to want, but to stop going about fucking up their countries and start doing some good in the world. Only then will we as a group of nations have the moral security to say 'that may be your tradition, but you can't do it here' to things like child brides, FGM, sharia courts etc. Isolated ethnic enclaves are always a bad thing, but you can't blame many muslims for seeking identity in their religion when it becomes clear that their host country is corrupt and hypocritical and much of the population is racist against them. Therein lies the funamental flaw of your logic.Try to use your brain for once. I know it's difficult, but give it a shot: Why would Jews want Europe or the US to become islamic?"Bringing in the muslims" will inevitably lead to that result, because muslims breed at a higher rate. Now consider, that the West has the most advanced weaponry in the world including nuclear bombs. France could become an Islamic nation in 20 years. With enough nukes to wipe out half the world. It's interesting to note that when viewing old TV news segments, around the late 70s, early 80s, there seemed to be little social tension between whites and blacks. I know there were the black panthers and all that crap, but overall people seemed to get along better and the racial divide seemed like less of an issue. I think the current climate is mostly a result of political race baiting. The democrats figured out that it works in their favor to basically tell everyone who isn't a white male that they are being oppressed. Unfortunately, these social tensions will be like Pandora's box. You can get a taste of things to come with things like the George Zimmermann case. Judicially not a big deal, the shooter had wounds, there were witnesses who heard a scuffle, there was no way there would be a conviction. Karpaneen allow me to dispute your claims one by one.first of all, Torah was not written by Jews. It says in Ethics of the Fathers that Moses RECEIVED, not wrote, the Torah on Sinai, passed in on to Joshua, who passed it on to the Elders, who passed it on to the Prophets, who passed it on to the Men of the Great Assembly. Torah is an eternal divine inheritance, not a book.Secondly, Jews have owned Israel by Divine Law when G-d said to Abraham that Canaan is a land given unto His Chosen Nation . The Jews are the Chosen nation , because it is written in Torah that G-d chose the Children of Israel at the revelation on Mount Sinai when the said "We will do and we will hear."Therefore, we are backed by Divinity that the land of Israel is rightfully ours. The important takeaway from this clip is the conservative white Antisemite, who not only spouts vile lies about Jews – but is proud of his hatred. There's a reason for this: Namely, conservative whites are racists and Antisemitic to their core. They embrace such views because they believe they are right, they believe their assertions to be true. awc222 The Khazarian theory was addressed by genetic professor Harry Oster in his book, Legacy: A Genetic History of the Jewish People. awc222 Wrong. The Khazar claims has been routinely debunked by geneticists. A study of haplotypes of the Y-chromosome, published in 2000, addressed the paternal origins of Ashkenazi Jews. Hammer et al.[108] found that the Y-chromosome of Ashkenazi and Sephardic Jews contained mutations that are also common among Middle Eastern peoples, but uncommon in the general European population. This suggested that the male ancestors of the Ashkenazi Jews could be traced mostly to the Middle East. The proportion of male genetic admixture in Ashkenazi Jews amounts to less than 0.5 per generation over an estimated 80 generations, with "relatively minor contribution of European Y chromosomes to the Ashkenazim," and a total admixture estimate "very similar to Motulsky's average estimate of 12.5." This supported the finding that "Diaspora Jews from Europe, Northwest Africa, and the Near East resemble each other more closely than they resemble their non-Jewish neighbors." Stop trying to sound smart by arguing semantics. Also, what is a "real Jew?" Are you asserting that real Jews are those against Zionism even though the majority of Jews would disagree? MrBane001 the romans did on the decision of the jews. Get your fact right.You are right! (John 18:30) Pilate asked a proper judicial question, but they couldn't give an answer. The Jewish leaders weren't looking for a judge; they were looking for an executioner. They didn't want another trial; they wanted Pilate to agree to take His life. The absence of any accusation here is another affirmation of Christ's perfection. Pilate didn't see Jesus as a threat. He knew of no crime He had committed. When he did ask for an accusation, the leaders had none to give.Luke 23:2 says that the Jewish leaders concocted an accusation: "We found this fellow perverting the nation , and forbidding to give tribute to Caesar, saying that he himself is Christ, a king." That means they were the driving force behind the accusations.	Nation	Nationality - General	1/141	0.709

RebirthWoWGuild Hate, in the sense we are talking of here, is subjective. The hate you speak of and think we put forth is that of blind hatred for no reason other than hating someone. There are reasons for our "hatred" of others that apparently your own opinions keep you from seeing, so you hold your own opinions and views above others, namely mine in this case. Edward Stickywicket There isn't such a thing as * blind hatred * .I'm sure many asian nations have very good reasons for their hatreds of each other, but it holds them back greatly as opposed to western nations unity. based off of the comments, i believe it important to point out a distinction between a jewish banker and the banking system owned by Jews. Jews came to America after being discriminated against, or expelled all together from their homes. The Jewish imigrants came with a culture of education and hard work, and some of them became very sucesfull. I am a 23 year old jewish college student with less than \$1000 to my name. When people say the Jews this, or the Jews that, they are reffering to me. So if you are making a statement along the line of the Jews have all the money, it is simply not accurate. Just like there are some rich white, Asian, Hispanic, black etc we see some wealthy Jews as well. Their is no conspiracy at play. Instead of being resentful, work hard and maybe you will become rich; isnt that the American dream!	Black, Old	Age - Over 65s, Ethnicity - Black	2/153	1.307

<p>Well, well, well, "Mr Pregnant - Atelston Fitzgerald Holder 1st", you appear to be necessitating a detailed commentary with logical reasoning to assist you in your ability to fully comprehend the manner in which this television program is recorded.</p>	<p>Common, Nobody</p>	<p>Age - Youngsters, Social Class - Working class</p>	<p>2/1024</p>	<p>0.195</p>
<p>Fortunately for you, I happen to be an autistic individual, and just one of the multitude of wonderful and beautiful advantages about being neurodiverse in the exact manner that I happen to be is that we autistics have tendencies towards being detail-oriented and being enhanced in our logical thinking skills. There are, of course, a multitude of people on this planet that posses these personality traits, and these personality features are, as we all know very well, not exclusively for autistic people. However, we happen to have a greater likelihood of being very logical and of taking notice of details that the majority might not notice the way that we notice them.</p> <p>Because you appear to be fascinated by large words and by obscure words, I am planning to make use of my extensive vocabulary in my commentary to you, and it is to your advantage, in this exact manner, that I happen to posses such an extremely advanced vocabulary, as you appear to be utterly infatuated with vocabulary that contains words that posses plenty of length and words that posses a great amount of obscurity (rather than more ubiquitous words).This television program, titled, "What Would You Do?", is, indeed, a television series that contains fictional plotline scenarios, and, therefore, contains character roles within the aforementioned scenarios that are fictional - that is to say, the actors and actresses in this program often would never truly behave and believe in the manner of the character they play. This much is the part that you obviously understand, and I congratulate you on your ability to at least have knowledge of this particular detail. As with all fictional tales portrayed onto video, the actors and actresses on this television program perform various roles such as the antagonist, the main protagonist, and occasionally I have witnessed episodes of this show that have a primary protagonist and a secondary protagonist rather than solely one single main protagonist. There was one episode of this program that I viewed that had a tritagonist, as well, however, that particular episode failed to strike my fancy as much as the majority of the episodes of this show. I have yet to see another tritagonist since that episode, but because tritagonists tend to have important storytelling roles in the plotline, I hope to witness another tritagonist on this program as part of the cast of characters in the plotline in the future.You appear to be confused on the detail of what this program is, and, in addition to that particular detail, you also appear confused about the nature of the responses towards the fictional plotline that are given by the community surrounding the fictional incident. I shall assist you in identifying these very important details, and do so in a very detail-oriented and logical manner that utilizes my extended and sophisticated vocabulary that includes a wide array of words, many of which posses great length and obscurity.I will begin by stating the fact that this television program is not technically "satire". Satire happens to be something entirely different from what this program is. A satirical program utilizes techniques</p>				

Unfortunately, it is not an isolated incident. We see daily shootings and postings on twitter of a hateful nature. And the elderly gentleman agreed with the actor behind the counter. No true Christian would ever support Jews or Israel. Christianity and Talmudism (future Judaism as we know) are two diametrically opposed offshoots of Yahwehism. Christianity is more open and expansionist while Talmudism/Judaism is seclusive and isolationist. Jesus spoke out against Jews and the Jews got the Romans to crucify him. Ancient Jewish ritual sacrifices was all about killing Christians in petty revenge. Christians suffer prosecution in Israel, except of course in the parts where tourists like to go. Jesus was not the "King of the Jews", this is a mistranslation, he's actually the "King of Judea", a region next to Galilee, where he was born. The word "Jew" as we know today wasn't used back then to describe people from a certain race or religion, it was used to describe someone from Judea.That Christian pastor in the video is a heretic, but I hope one day he realizes what he's done and truly repents for aiding the enemies of Christ and the agents of The Devil. Moshe Levy You're confused, little kid. And again, I don't recall stating I needed someone to stick up for me. I don't have biased hatred towards anything and my symbol is not related to hate, it's Anti-Israel meaning I'm opposed to the concept of Zionism, which is a material worshipful element that's hiding behind Judaism, and that's something I opposed. Zionism, Capitalism, and Communism are Khazarian Jewish Concepts. And seeing by your name, it's pretty sad kids your age whom are not aware of your own cultural, political, and monetary background to not know this. Then again, my friend, I wouldn't be surprised that you were brainwashed by your elders about how superior Zionism is when in fact it will be the demise of your people. Don't believe me, Google, "Jews against Zionism." and that should get you in the right track. I don't have a problem with Jews, I have a problem with Zionism. Zionism is a Material Belief System that has nothing to do with the religion of Judaism. So if some day that your elders allow you to enable Critical Thinking, you'd be surprised that the world around you isn't what it is told to you. Nice try though, please feel free to try again. Food for thought...don't ever assume things about me or anyone you think you might oppose, because some day when you grow up, you will realize that "Assumptions is the Mother of all Fuck Ups!". Moshe Levy 2 main things you said kid that makes your argument irrelevant in even continuing talking to me. 1. Zionism is the most Racist Elements practiced by Jews in Israel. Again, Zionism is not part of the Torah. Also if you defend it, and I as a "Goy" will be an enemy til you change that perspective, which in your case, you won't. 2. Religion is Man-Made and your kind still believes that because the Easter Bunny says this land is yours is pretty pathetic. Land only belongs to people whom are cultural, and religion is a part of culture, but Culture is not 100 defined by Religion. Again, let me give you some more free advice, best way to learn anything about Cultural History, stay away from historical texts that were edited by Jewish Publishing Companies and affiliations of Jewish Education System, it will open your eyes. But you probably won't and that's ok because the world needs plenty of enemies. Enjoy your day KID.	Racist	Ethnicity - General	1/167	0.599

According to many verses in the Qur'an, the best way of staying safe from Muslim violence is to convert to Islam This popular claim that the Quran only inspires violence within the context of self-defense is seriously challenged by this passage as well, since the Muslims to whom it was written were obviously not under attack. Had they been, then there would have been no waiting period (earlier verses make it a duty for Muslims to fight in self-defense, even during the sacred months). Jews were treated as a race until the 60s in most countries, and still get treated as a race in ALL ARAB COUNTRIES. Most scientists would agree that antisemitism is a form of racism . Most Jews are secular (not religious) or atheists and that's a fact! The Quran is full of promises of all kinds of pleasure in heaven to those who followed Mohammed's killing spree and curses and condemnation to those who chose to escape from fighting. Muslims were encouraged to feel no hesitation or guilt for the genocide because it was not they who did it, but rather "Allah's hand."Mohammed never got over his anger, humiliation, and rejection by "the people of the book" and went to his grave tormented and obsessed that some Jews were still alive. The mere existence of the Jews made Mohammed look bad, which led Mohammed to unspeakable slaughter, beheading of 600 to 900 Jewish men of one tribe, and taking their women and children as slaves. Mohammed had the first pick of the prettiest woman as his sex slave. All of this senseless slaughter of the Jews was elaborately documented in Islamic books on the life of Mohammed - not as something to be ashamed of, but as justified behavior against evil people. But when the Jews rejected the appeasement and refused to convert to Islam, Mohammed simply and completely flipped. Jealousy isn't really the reason. It has to do more with the fact that, historically, Jews have always been an ethnic and religious minority. I am ethnically Jewish but religiously I am a complete atheist. In any case, I think that it is kind of nasty to dispute whether the holocaust happened. I was thinking about more along the lines of genocide from the old testament. If what jews say is real then Jews are responsible for the first genocide and im not talking about the flood. If what they say in their heart f hearts and theologians speak of the old testament as a proof of historys past then jews are the biggest genocide makers and in general man is a genocide maker. funny thing is that the root of the word Semitic comes from SHEM-itic, which was one of three sons of Noah that was the progenitor of Abraham, Isaac, Esau (Edom), and Jacob (Israel). Now the jew-ish people (if they claim to be Ashkenazi) in Israel are from another of Noah's sons named Japheth, not Shem. I myself avoided visiting Israel when I was in college, grad school and law school in the US as I didn't want to interrupt my studies with IDF service. In the end I decided I wanted to live in Israel, and happily allowed myself to be drafted, and even did more service than I was required to. If you're an American-Israeli dual citizen between the age of say, 18-26, and you just happen to go to to Israel to visit as a tourist and you never served in the IDF and you were ignorant of the fact that you needed a special waiver from the IDF, and you think you're going for a nice vacation, you may find yourself drafted or in jail for draft evasion. Many Israeli parents living abroad just avoid registering their kids born outside Israel as Israelis for that reason.	Age	Age - General	1/87	1.149
In fact, most Israelis living the USA DO NOT want to register their American-born kids as Israeli citizens, because it can give the kids a lot of headache every time they visit family in Israel. My family is from Germany and Austria and can be trcaed back hundreds of years in those countries. My Grandfather was Austrian and even fought in WW1 for the Austrian Empire, was an Austrian patriot. He practiced Judaism and was the lone survivour of his 6 brothers and sisters, over a dozen Aunts, Uncles, and cousins and his Mother. The Holocaust destroyed that side of my family. We dont need people like you that know nothing to act for us. It is a huge insult for all who were murdered there.	Nothing	Age - Youngsters	1/91	1.099

The people that practice Judaism are just that, "PEOPLE". They are not a seperate race , but a group of people practicing a certain religion. Do you think every Jew agrees with your side? research DR. Finkelstein, Mr. Norm Chomsky.Both Jewish men that are against the creation of Isreal and the use of the Holocaust. Albert Einstein was against the creation of Israel and he grew up a jew but later renounced the faith. Jews have not always been the victim like you and other people want to believe. I agree with you from the start sire, It's just these people (Jews) as I've wrote in my comments before this, are very smart in pushing the scale on to their tip. And as a matter of fact, most of USA people I know disagree with Jewish (in this case the Israelite) issues but what could we do?? they ARE controlling our economy, and nobody in this country are strong enough to stand against them, as our presidents too wouldn't dare to do so. Stalicone The idea that being Jewish emanated from the mother was introduced relatively late, namely by the Pharisees, in talmudic times as part of a comprehensive package of reforms. The status of children from intermarriage is set out in the Mishnah and the Talmud. The passage, 'Thy son by an Israelite woman is called thy son, but thy son by a heathen woman is not called thy son.'. Rabina said, 'It can be inferred from this that the son of your daughter by a non-Jew is your son.'	Woman	Gender - General	2/88	2.273
Richard090391 The term "athéisme" was coined in France in the sixteenth century. The word "atheist" appears in English books at least as early as 1566. The concept of atheism re-emerged initially as a reaction to the intellectual and religious turmoil of the Age of Enlightenment and the Reformation – as a charge used by those who saw the denial of god and godlessness in the controversial positions being put forward by others.	Age	Age - General	1/72	1.389
Richard090391 Your orthodox Protestant faith is still based in "Judeo-Christian Philosophy". All that means is the basis of law and Morality as found in the Old Testament (The 10 commandments) not some "New-age" thinking. If you believe in the "Big 10", you subscribe to "Judeo-Christian philosophy".	Old	Age - Over 65s	1/46	2.174
Stalicone really?? I think the science at that time was quiet advance (remember how Columbus could found this continent?) maybe not as advance as now but for their time it is quiet enough as they're not as 'fall behind' like those in the middle ages. YES, that's also my POINT, we believe as nation that we are FREE to BELIEVE in whatever we choose to believe in, not TO NOT BELIEVE in ANYTHING.	Nation	Nationality - General	1/73	1.37

Richard090391 So how can a phrase that had never been heard before the latter half of the 19th century be responsible for the framing of a nation "four score and 7 years" before?	Nation	Nationality - General	1/33	3.03
Richard090391 The only reason that it was "you" religious people, was because in the 18th century we did not have science to explain the natural phenomena we take for granted today. (Like, why is the sky blue?") So, I would say that our nation was built by an industrious people who "happened" to be religious. Not built by people BECAUSE they were religious. Industriousness and religion are not "mutually inclusive" it is possible to be one, without the other.	Nation	Nationality - General	1/79	1.266
Richard090391 Technically, our nations birth was in 1789 when the Constitution was ratified. In 1776 we declared "Independence" from the social and political ties to England and went to war, but what we had at that time was nothing like a nation , 13 independent states yes, Nation ? No.	Nation, Nothing	Age - Youngsters, Nationality - General	3/48	6.25
Stalicone I never said once, that USA is a Christian nation , It IS indeed a secular country, and that's why I said "God" not 'Jesus' so I'm not contradicting myself. And my point is not about who's religion or god is true, rather that we believe (even though secular) and I'm not saying that only Christian who had helped creating OUR nation it's US religious people (If you check your history book, atheism first appeared circa 1650, whilst our nation birth was 1776)	Nation	Nationality - General	3/83	3.614
Richard090391 Finally, it is not the sacrifices of "Christians", that built America, It's the sacrifices of AMERICANS. Whether it is the Chinese who gave their lives and endured abuse and death building the railroads, Native Americans who gave their lives fighting in EVERY war the US has engaged in, The Irish-Catholic immigrant who settled the Continental divide, The black African who suffered unspeakable horrors and was worked literally to death...ALL have contributed!	African, Black, Immigrant	Ethnicity - Black, Nationality - General	3/72	4.167
Richard090391 Because the Kingdom of God on earth is NOT a Democracy (Actually, it's a "Beneficent Theocracy") our very form of Government has NOTHING to do with religion, or God. It's actually based in these 4 things: 1. Greek Democracy (people get to vote) 2. Roman Republicanism (People elect "representatives") 3. Freemasonry (freedom of thought and freedom FROM religion) 4. Judeo-Christian values (Laws based in justice, Judeo-Christian morality and the "golden rule").	Nothing	Age - Youngsters	1/72	1.389
Richard090391 Otherwise, as a "Christian" nation (which we aren't, btw) the saying would be "In Jesus we Trust". Now, many people (I believe I can include you in this group) are fond of saying "This is a Christian nation founded upon Judeo-Christian principles." And my criticism of THAT is that it is only PARTLY true.	Nation	Nationality - General	2/55	3.636

munkeynuttzz And on what basis that you called us religious people as "Idiots"?? It's the people like you whose destroying our country's very foundation. Don't you even realize that our constitution IS built by the motto "In God We Trust"?? our great nation was able to be born thanks to US, who sacrificed our blood and sweat to make this country as the great nation of USA not those of YOU.Realize that without OUR sacrifices, you wouldn't even live like you are now. And if what you stated is TRUE, then what is this article here: Congress has placed considerable importance on the maintenance of a close and supportive relationship. Richard090391 Jesus met and convinced a Smaritan woman that he was a prophet. Then he said to her "salvation is of the Jews." Jesus rejected the gentiles. Even Peter did not proselytize to the gentiles but only to the Jews. And when an early christian wanted to convert he had to become a Jew first and only then a christian. This only changed much much later. This is simple history acknowledged even by the church during the time of the Inquisition.	Woman	Gender - General	1/81	1.235
