Title: Ageism in the Knowledge Era | Jennifer Manuel | TEDxSacramento

- Table 1: Summary of the results per comment;
- [Table 2](#): Summary of the results per sociolinguistic variable;

Table 1: Summary of the results per comment

Comment	KeyWords	Sociolinguistic variables (Hiper - Hipo)	Hate Speech Frequency	Hate Speech Fre-quency(%)
While I truly appreciate the effort of this video, it does nothing to identify how people are being discriminated and any suggestions for dealing with it. What this video doesn't mention, is the fact that companies do not want to pay retirement benefits, fully knowledgeable about the growing age force and the millions of dollars they would have to pay out. What many people do not know is that age discrimination begins as soon as the job application is filled out. If you have 10+ years of experience and companies are advertising 3-5 years, they can systematically eliminate your application from the system.	Age, Nothing	Age - General, Age - Youngsters	3/103	2.913
Are these videos addressing age discrimination working? Nope.....	Age	Age - General	1/8	12.5
Stop buying the goods of ageist companies	Ageist	Age - General	1/7	14.286
why does one call people of a certain age that	Age	Age - General	1/10	10.0

Table 2: Summary of the results per sociolinguistic variable

Sociolinguistic variables (Hiper - Hipo)	KeyWords	Number of occurrences	Frequency	Frequency(%)
Age - General	Age, Ageist	4	4/290	1.38
Age - Youngsters	Nothing	1	1/290	0.3399999999999997

Result analysis:

- Taking into account the words that were detected, we can reach the conclusion these comments are associated with : : Age - General;Age - Youngsters;
- The percentage of hate speech related words is 1.7241.
- Considering that the variable **Age - General** has the most occurrences in the post, we can interpret that this is the predominant hate speech.
- Overall there were 6/10 occurrences of hate speech related comments.
