**Title:** Redesigning Age | David Harry Stewart | TEDxAsburyPark

- Table 1: Summary of the results per comment;
- [Table 2](#): Summary of the results per sociolinguistic variable;

Table 1: Summary of the results per comment

Comment	KeyWords	Sociolinguistic variables (Hiper - Hipo)	Hate Speech Frequency	Hate Speech Fre-quency(%)
People are Changing their lives at any <b>age</b> now. In the past 20 years with the failing economic climate people became less mobile in a sense moving or traveling to other places and living differently or changing their quality of life decreased in my opinion.	Age	Age - General	1/45	2.222
AGEIST I mean if im in an area where meeting a great person is my goal but that just isnt here and the finances wont allow me to move to where there are better s then it looks as if im stuck or selectively single. It does make sense about the Chattanooga TN area....	Ageist	Age - General	1/55	1.818
Thank you! 64 is a great <b>age</b> , lets keep pushing ahead.	Age	Age - General	1/11	9.091

Table 2: Summary of the results per sociolinguistic variable

Sociolinguistic variables (Hiper - Hipo)	KeyWords	Number of occurrences	Frequency	Frequency(%)
Age - General	Age, Ageist	3	3/345	0.8699999999999999

## Result analysis:

- Taking into account the words that were detected, we can reach the conclusion these comments are associated with : : Age - General;

- The percentage of hate speech related words is 0.8696.
- Considering that the variable **Age - General** has the most occurrences in the post, we can interpret that this is the predominant hate speech.
- Overall there were 3/17 occurrences of hate speech related comments.
