Oooops, past shenanigans are catching up with Ilhan! Most often, when people are this self righteous and entitled they have broken a few rules along the way. Rep. Omar clear your name by providing the <b>nation</b> with facts about your campaign finance issues, IRS issues and your supposed marriage to your brother for immigration. Any disgusting little sand flea whore who sucks and fucks her brother and shits out children that he impregnates her with and ends up having a bunch of little retarded moronic children really isn't a big deal. When you look at the fact that the prophet Muhammad sucked on little boys dicks his whole life while grown men fucked him up his ass and he swallowed little boys and grown men sticky disgusting cock cum and had cock cum shot up his ass his whole life is a sick and twisted person you cannot worship a demonic spawn of Satan like the prophet Muhammad was. He was a pedophile little boy raping little boy dick sucking pillow biting pantywaist <b>faggot</b> of a prophet. Just like every man in the Muslim faith they all suck cock and take it up the ass. So being that Ilhan Omar is letting her brother impregnate her and shitting out his children isn't that bad when you look at how disgustingly sick the prophet Muhammad was. and if Rashida tlaib and ilhan Omar could suck Satan's cock their self they would in a heartbeat so would every man of the Muslim religion they love sucking cock just like every <b>faggot</b> at CNN and MSNBC	Faggot	Sexual Identity - Male homosexuality	2/209	0.957

It is shocking and disgusting some of the comments that the Trump trolls are making here. No one in Congress had the guts to stand up to the criminally insane and tyrannical government of Israel except one **woman**... A Somalian **refugee** who came to America for a better life for herself and her family and now is braver than any native-born member of Congress in standing up to basically the government of Israel which is **nothing** but window dressing for the Illuminati which in case anybody doesn't know or just the world bankers who own and control the rest of us... Kudos to Omar and Talib they are more patriotic and believe in our constitution then 95 of the Kool-Aid drinking, illiterate and dysfunctional morons that the CIA counts on to continue its control over all of us! Go ahead and take your best shot at me guys...because a thousand of you couldn't muster enough courage or brain cells to bring Homer Simpson or Archie Bunker back to life... what is really sad is when she stands up for the Palestinians she is actually standing up for everybody including all you dumbasses who blindly follow Trump's **racist** tweets and his divide-and-conquer strategy basically counting on Americans turning against each other while they continue to pick all our pockets. Just think about this people... the Israeli government runs a 10 billion dollar a year Surplus and we have given them in the last couple years 150 billion dollars in foreign aid. What do you think we could have done in this country with that 150 billion dollars...? I will tell you a couple of things we could have done with that money: we could have completely paid off all student debt and had tens of billions of dollars for massive infrastructure programs as well as funds for health care and education and still had money left over... just like Tulsi gabbard talks about in many of her speeches if we take the money from regime-change Wars which is a lot of the Israeli foreign aid goes to believe it or not then we would have all the money we need to take care of our own people without raising a single penny and taxes here but creating trillions of dollars of New Wealth by investing in our people. All you guys know deep down inside that I am right you are just somehow so infatuated with this moron in the White House and I'm sorry he is a moron and very manipulative human being all he worships is the almighty dollar and he will use anybody S and ends to his means to line his own pockets and take care of the people who bailed him out for decades from all his financial stupidity but he's not that stupid because he was able to get in the White House and basically create an even bigger Network for his criminal Enterprise he is no better than the clintons or the bushes they are all the same pimping the system to take care of themselves and their cronies we do not have a two party system in this country we have a two-class system here the oligarchy and the rest of us who are financially enslaved to them with a few exceptions... I posted a few videos demonstrating the war crimes of the Israeli government right now and even how our own country participates and gives Israel whatever it wants including changing laws in our own country which puts the Israeli government above our own citizens and if you think things are bad now... Give it some more time and it will be much worse if Netanyahu and his

There is no such thing as Palestine, I hope America with her power will put that lie in the trash we had enough of this, there is only one landowner and they are the jews the Arabs weren't even in the lands until 636 CE, If we don't end this lie it's gonna hunt us forever, America has the power to put that down and we have countless history books and archaeologists finds to prove it as well. America needs to wake the F up and stop this lie, Like seriously what happened to us, why are we supporting this lies, those Arabs who live in Gaza and Israel today are from neighboring countries and it has been proving they have no connection to the philistines, the philistines themselves don't have a single connection to Israel, they fought Israel because they wanted to conquer the land and failed, the philistines came at 1250 BCE to Israel from the Aegean sea, i don't see any Arab mentioning that, also the philistines are greeks they are Europeans they have <b>zero</b> connection to Israel and btw the Israelis who were sent to the diaspora by the Romans are the same jews who came back so I can say if the Arabs claim themselves as philistines then they are the Europeans LMAO. The Arabs of today don't share nor the culture nor the language of the philistines America needs to End The Big Palestine Lie, I'm tired of this shit. <p>Ya know....when President Jimmy Carter wrote about The Balfour Declaration of November, 1917 which led to the re-establishment of Israel in 1948 that Baron Lionel Walter Rothschild signed as mentioned as well through The Encyclopedia Britannica, did anyone question where a Jewish Rothschild Banker that uses the term, 'Baron' in front of his name comes from, because the first person I thought about was "The <b>Red</b> Baron" from WWI. I had to know where they come from.Of course, Lord Baron Jacob Rothschild gave an interview on YouTube about his family's involvement in restoring Israel in Palestine due to Baron Lionel Walter Rothschild who signed The Balfour Declaration of November, 1917. Of course, Baron Jacob Rothschild was a Lord in The House of Lords.Did you know that it was mentioned in The Jewish Encyclopedia published in 1906, Vol. 10, pp. 490 that Mayer Amschel Rothschild was an agent of Prince William Landgrave IX of Hesse Cassel (sometimes spelled with a "K") who funded British Troops against The American Revolution? Of course, it was also mentioned in The Journals of The House of Commons published in 1803 by The Parliament of Great Britain that Prince William Landgrave IX of Hesse Kassel married Princess Mary, the daughter of King George II from Great Britain. There are also other sources on Prince William Landgrave IX of Hesse Kassel who married Princess Mary. Through History <b>Dot</b> Com, they mentioned The Royal Marriage Act of 1772 which led to Queen Victoria's Matchmaking of her nine children's 42 grand children - quote: "Eventually, seven of them sat on European thrones in Russia, Greece, Romania, Britain, Germany, Spain and Norway—and all would take sides during World War I with disastrous consequences."The Rothschild Banking Barons worked their un-welcomed way back into The United States through August Belmont, and they even mention August Belmont on The Rothschild Foundation's Website. I believe that was around the time that President Andrew Jackson stood against The Rothschild Bankers after taking over President John Quincy Adams's Anti Mason Party formed in the early 1800s after Capt. William Morgan was murdered at Lake Ontario after writing the book, "Illustrations of Freemasonry." Capt. William Morgan's Tombstone at his Memorial also mentions in stone that he was killed by Freemasons. August Belmont also promoted Salmon P. Chase according to books written in the 1800s, and Salmon P. Chase became upset over the accusations made against Simon Wolf, <b>Abe</b> Lincoln's Jewish Attorney who was threatened with arrest by a U.S. Colonel Baker from The U.S. War Department for espionage. Simon Wolf was supposedly caught trading with Southern Jews during The Civil War. Mr. Wolf also wrote a book proclaiming his innocence titled, "Presidents I Have Known 1860 - 1918," and The Jewish Historical Society of Greater Washington wrote about Simon Wolf as well who was also a spokesman for B'nai B'rith formed in October of 1843 &amp; a member of The Washington Congregation of Hebrews. Of course, there are also books from the 1800s talking about Simon Wolf and The Rothschild Banking Barons. Octavio Dominguez israel making peace with Palestine? Listen im not jewish and im not palestinian. From news reports from every outlet you can think of sticking up for both sides and criticizing both sides ive come to the conclusion that Israel is opressing the Palestinian people and trying to take as much as they can with illegal settlements and using its power to not find ways to come to a 2 state peaceful solution. There have been individuals on both sides who have tried but they get assassinated. Im not condoning anyone who says death to Israel and wishing they were wiped off the earth just like i dont condone the very blatant mistreatment of Palestinians by Israeli soldiers. Ive seen cruel things done by those soldiers. The statement i was referring to that Rep Omar said was the very huge israeli lobbyist group giving huge money to American politicians to get things passed in their favor. This statement is true. Israel and many other lobbyists pump money into the American political system so much so that the system has become corrupted. I have not heard Omar say she supports a boycott of Israel or that she supports islamic countries that want to kill anyone that doesnt agree with their views. Im reacting to her statement about republicans supporting Israel because of huge money given to them by Israeli lobbyists. This is true. Only one being boycotted is Omar by Israel baning her from entering Israel. That doesnt sound like democracy to me. What i dont like is that any criticism of the Israeli government and their policies or disagreeing with Netanyahu in any way is met with you being called an antisemite. That is bullshit. Im not saying all palestinians are doing the right things but to me America especially with Trump in the White house is favoring one side way over the other. I know..your shouting israel is our one and only democratic ally in the middle east right? Well they are not treating palestinians very democratically. My friend in my eyes watching those walls and fenced in check points set up by Israel and how the Israeli soldiers are treating the palestinian people i see resemblances of how the <b>nazi</b> gustapo treated jews back in the 1930's and the 1940's. Rep Omar is a democratically elected congressman. I want to say if you dont like it you can leave this country but that would be stooping to Trumps level so i wont say you or anyone should do that. In a true democracy the statement love it or leave it is said by idiots who usually are <b>racist</b> narcissistic and dont know what democracy is. Basically Trump but thats another whole story. They originated in Central Asia with little mixture with Mongol and adopted Jewish faith around time of the Crusade to avoid attack. Criticizing Israel is NOT Anti-Semitic and never will be. The US constitution is full of Pro-Israel shills who do <b>nothing</b> but support Israel and shut off anyone who speaks against it. Israel is NOT a Jewish state and never was...it doesn't practice any laws of the <b>Old</b> Testament and is busy defiling the Holy Land of Palestine with stuff like this: [LINK] In the last 30 years, Israel has been behind nearly all major atrocities and terror groups in the world. Don't you find it a little suspicious that ISIS can cross continents to bomb something in the West but can't bother to go a few 100 miles to bomb something in Israel? And also, did everyone forget about the four dancing Israeli Mossad agents that were caught celebrating the collapse of word trade center? Kevin Healey Of course, I also mentioned things from the past surrounding our U.S. History and The British surrounding Canada who believe they are sovereign from The British. Of course, when Reddit shared that video/article of a hippie presenting a Canadian Constitutional Lawyer who stated that he tried to bring The Rothschild & Sons Company to Court in Canada along with The Queen of England, I had to wonder about that as well especially after CBS's Show, Supergirl, downplayed Reddit as a reliable source when Supergirl became a reporter for Catco in their television show. Reddit was used many times as a source prior that happening. Of course, <b>nobody</b> questions things like the fact that Israel's Demographics show that the population of Christians living in Israel is only 2 according to The Pew Research Center, The CIA, and The Population Reference Bureau. Who is anti-what again? Of course, Baroness Tonge was censored in European Parliament over Israel's War Crimes against Palestinians back in 2009, and U.S. Congressman Paul Findley from Illinois was censored over what takes place in Israel long before that. Of course, Amnesty International and Human Rights Watch Org were also censored.	Nobody	Age - Youngsters	1/194	0.515
Kevin Healey Of course, I also have to wonder about those mainstream media videos from CNN, MSNBC, FOX News, <b>ABC</b> , and CBS on The 5 Dancing Israelis who were caught on September 11th, 2001 with a van full of explosives near The George Washington Bridge that The FBI reported on. Archive Org has a copy of the arrest report partially redacted. They were driving around with "Urban Moving Systems" labeled on their vans. There was more than one van. Of course, there was also an officer from New Jersey that spoke of that as well.	ABC	Nationality - Chinese	1/95	1.053

Kevin Healey Oh...I'm a direct descendant of Reverend George Wightman (Baptist Encyclopedia), brother of Reverend Valentine Wightman (Baptist Encyclopedia) who married Susannah Holmes, daughter of Mary Holmes, daughter of Mary Sayles, daughter of Roger Williams (Encyclopedia- Founder of Rhode Island & Founder of The 1st Baptist Church in North America). Susannah Holmes was also the grand daughter of Obediah Holmes (Encyclopedia) whom <b>Abe</b> Lincoln falls under except <b>Abe</b> Lincoln fell under Sarah Bowne, Susannah's 1st cousin. Reverend George Wightman's son, Reverend John Wightman who married Jane Bentley, was the father of Mary Wightman who married Capt. Samuel Boone Jr.. Capt. Samuel Boone Jr. was elected as a Captain through The North Kingstown Company before The American Revolution broke out. At the <b>age</b> of 59, Capt. Samuel Boone Jr. refused to allow his sons to join The American Revolution. General William West was responsible for weeding out Loyalists in the state of Rhode Island before the war broke out. I believe he was responsible for stripping Capt. Samuel Boone Jr. of his title, place of birth, and 600 acre lot of land in Exeter, Rhode Island before Capt. Samuel Boone Jr. fled to Canada along with 50,000 to 70,000 other Loyalists. His siblings and sibling's wives also left with him. Of course, Capt. Samuel Boone Jr. was buried in Lancaster, NB while his wife, Mary Wightman, remained behind and died on The Boone Lot next to Boone Lake never to see her husband or children ever again. Afraid for their kids lives they were. Of course, The Boone name was long ago known as 'de Bohun' according to The Boone Society, so I guess that makes me a descendant of The British Royals as well. Of course, so was Daniel Boone who did join a militia in The American Revolution. Humphrey De Bohun (Encyclopedia) had his head split in two by Robert The Bruce after William Wallace fought against King Edward The 1st. Yeah...I'm a descendant of The British Royals just like The Queen of England. Of course, I'm not rich like they are, and I grew up believing in what our U.S. Founding Fathers set out to create, so I guess that means I'm not a Loyalist like my direct ancestor was. Of course, I have other ancestors who did fight in The American Revolution. Of course, there is a lot of lineage in a person's family tree, and you all need to ask, "Who is a Loyalist and who is not?" That is the only way you'll ever solve this whole mess we're all living in.	Abe, Age	Age - General, Religious Identity - Jewish	3/427	0.703

Trying to get a comment on many "comments <b>disabled</b> " videos is becoming the norm now. So I'll say my piece here. OMAR IS A <b>RACIST</b> ! In the Qur'an and hadiths that she adheres to, she and her fellow muslims call us INFIDELS. SHE IS <b>RACIST</b> AGAINST THE SATURDAY PEOPLE. SHE IS <b>RACIST</b> AGAINST THE SUNDAY PEOPLE. SHE IS <b>RACIST</b> AGAINST THE WHOLE OF HUMANKIND THAT "AREN'T MUSLIM".THAT "AREN'T BELIEVERS"!Only a muslim is a believer. If muslims (the only believers) cry "Islamophobia", "racists" because they say they are a <b>**RACE**</b> ...then we as worldwide humankind (unbelievers in their book and eyes) can call out <b>racism</b> to them, because we are A <b>RACE</b> ! A <b>RACE</b> of unbelievers in their eyes. We have every right. Islam and muslims are <b>racist</b> towards all of humankind that aren't muslim. Can they deny that? NO! For the qur'an and mohammed explicitly say so. I CONDEMN HER FOR HER <b>RACISM</b> ! Definition of semetic:relating to or denoting a family of languages that includes Hebrew, Arabic, and Aramaic and certain ancient languages such as Phoenician and Akkadian, constituting the main subgroup of the Afro-Asiatic family. So why they calling this Muslims <b>woman</b> antisemitic ,who is clearly more semetic than her critics. White Jews are semetic only? No they are not.	Woman	Gender - General	1/59	1.695

<p>You’ve got something wrong here. ”white Jews are Semitic only. No they’re not”.I’m assuming you are referring to the fact that you believe White Jews think they are the only ones that are Semitic. Well first of all, ”Semitic ” actually comes from ”SHEM”, or ”of Shem”.It’s ”Shemite”.All peoples who have come from the lineage of Shem, Noach’s son, are Shemitic -of Shem. That lineage goes through the male only, because the male is the one with the sperm, and the sperm carriers the blood, and the life is in the blood.The tribe of Yahuwdah doesn’t only consist of Caucasian...or a fair skinned person, but if we want a better clarification, we would not neglect to the following Jewish lineage: ETHIOPIAN, <b>INDIAN</b>, MAORI, INDONESSIAN, RUSSIAN, GERMAN, YEMEMITE, LIBYAN, BRAZILLIAN, ARABIAN, ARGENTINIAN, VENEZUELAN, CHINESE, JAPANESE and more. You are seeing what the world states as Ashkenazim or Shaphardism. Have you even seen the diversity of Yisra’el? This <b>woman</b> omar for instance, a Somalian, can’t trace her lineage back 2900 years, she can’t even make any references to who married who 2900 years ago. Over 3000 years, peoples have assimilated, intermarried, been carried off in wars as slaves, been displaced, had uninvited <b>sexual</b> relations, been forced to convert to islam or die, converted to other religions because of persecution etc. So please don’t speak of something that you can’t be bothered doing in-depth study on. The dissolution of oaths is with pagans who remained at Mecca following its capture. They did <b>nothing</b> wrong, but were evicted anyway. (The next verse refers only to those who have a personal agreement with Muhammad as individuals - see Ibn Kathir vol 4, p 49)</p> <p><b>Quran</b> (66:2) - "Allah has already ordained for you the dissolution of your oaths..."</p> <p><b>Quran</b> (40:28) - A man is introduced as a believer, but one who had to "hide his faith" among those who are not believers.</p> <p><b>Quran</b> (2:225) - "Allah will not call you to account for thoughtlessness in your oaths, but for the intention in your hearts"</p> <p><b>Quran</b> (3:54) - "And they (the disbelievers) schemed, and Allah schemed (against them): and Allah is the best of schemers." The Arabic word used here for scheme (or plot) is makara, which means 'cunning,' 'guile' and 'deceit'. If Allah is supremely deceitful toward unbelievers, then there is little basis for denying that Muslims are allowed to do the same. I agree that what has become the norm is that any criticism of Israel is considered anti-Semitic. However, to stay silent when Israel's snipers aim at medics during demonstrations has been proven beyond a reasonable doubt by many external investigations and I have watched and seen the results of the line of fire. We have to speak out and demand that the one or ones who gave the order, or if it was the sniper's own choice of target, we need to see some sort of punishment or at the very least an acknowledgement of fault. When you fire at medics the goal is to increase casualties because no one with any skill is there to aid the fallen. I have supported Israel through thick and <b>thin</b> over the years but with the emergence of new violent hardliners who want to create a country for Jews alone when they have a significant number of peaceful Muslims living among them is worrisome. It needs to be an open discussion and I know that many American Jews are concerned about the direction that Israel is taking.	Thin	Physical Identity - Physical Features	1/184	0.543

<p>So, she critisized massive contributions by a lobby to the Republican party. Ok, so, it is an American Jewish lobby. This does not mean she is an out and out anti semite. I would say the implications of her tweets are in poor taste, that they may inadvertently reinforce antisemitic tropes, but to throw antisemitism as a charge against her personally is very serious.One question I have for my fellow Democrats though is this.</p> <p>What in the fuck did you expect to happen in this situation?Our 1st Muslim congresswoman makes a comment about a Jewish lobby, off course there is going to be outrage and misunderstanding from every freaking angle. 80 of Evangelicals (of all different ethnicities) voted for President Trump. These are Republican Christians. It does not take a damn rocket scientist to understand that such people would be pro Israel.Christians also struggle with antisemitic tropes because of certain texts, streams of tradition, and history, from within their own movement. There are many and diverse facets of Christian identity which tie themselves to that tiny patch of land in the middle east as a matter of identity. On the flip side, Is Rep. Omar supposed to supress any opinion she may hold due to her cultural frame of reference, her upbringing, her faith, her experienxes, the contentious relationship of recent times between Jews and Muslims? I mean, who is suprised? <b>Nobody</b> who pays attention.I mean, the Democratic party always talks about horrors of white privilege, toxic masculinity, and bigotry, and lauds wanting to embrace diversity, tolerance, and diverse views, and ways of life, but now you are stuck in a quagmire around the very thing you say you cherish because in this situation, you will have views that are mutually exclusive, that talk past one another.You cannot please everyone of every background, <b>ethnicity</b>, orientation, and perspective, especially when there are fundamental divisions in identity and perspective THAT ARE KNOWN to everyone. You cant expect Jewish Americans to be happy about Omar’s statements, but you are suprised she made them, or surprised at the reaction of Islamic communities?This is the problem with hinging things on identity rather than policy.</p>	Ethnicity, Nobody	Age - Youngsters, Ethnicity - General	2/365	0.548

<p>If we define anti semitisim as literally any criticism of Israel at all then it is indeed a usefull diplomatic tool unavailable to the majority of <b>nation</b> states. If Israel can effectively exclude non jews from citizenship (which it does) and prioritize white European jews in selecting potential immigrants (which it does) then criticism of the state, of Zionism or of any aspect of the Israeli government is by definition anti semitic. It is in effect an ethnostate and 'theo-state' (yeah, there's probably an actual word for that, but I haven't got a thesaurus) with an inbuilt defence against external critique. So 'what's her name' basically said that the US only supports Israel because of political donations. Well... so? The whole US political system (and most other outwardly democratic systems around the world) run on political donations. Pointing out that all our favourite political parties are essentially hoars for cash and uncritical coverage is not a cogent argument, especially if you are a registered member of one of the two worst offenders. Neither is it criticism of the state of Israel or jews individually or in plurality. Not actually anti semitic. If white supremacists finally establish their ethnostate they should take a leaf from Israel's book. Criticism of the white government would then be simply a case of <b>racism</b> against the master <b>race</b>. Don't like Australian immigration policy? Anti antipodean. Don't like French trade policy? Anti Mime wearing a beret and eating baguette. Upset with British foreign policy? Anti person who says sorry a lot and likes drinking tea. Uggh. <p>This national discussion over Omar’s anti-Semitic remarks didn’t result in her condemnation by the House. To the contrary, the House majority revealed itself to be deeply divided on the question of how to handle blatant anti-Semitism. Omar has said far worse things in the past, but she gets a free pass from the Dems and the news media and Twitter. Instead the Democratic party focuses on defending Jihadists and their calls to wipe Israel off the map. Omar came here as a <b>refugee</b> from Mogadishu in 1995 and now wants to tell all Americans how the Country should think and look like. How did she get elected, marrying her brother to allow him to be in the states. Bill Clinton’s legacy: In the mid-1990s, the U.S. State Department began bringing large numbers of Somali nationals to Minnesota, assigning them <b>refugee</b> status due to the civil war and general violence and poverty which still grips Somalia today. By the end of 2010, the U.S. had admitted 83,991 Somali nationals, with roughly 40 percent of them initially settling in Minnesota. Many more have since been allowed to immigrate legally, and many others have entered the country illegally as well. Of course, there is also a large concentration of these refugees in Maine as well, and like Minnesota, it’s not the frigid temperatures that makes the state so attractive, but its extraordinarily generous welfare programs (Socialism). What has been the result of this massive relocation of Somalis? In 2018 (267,703) voters in Minnesota District 5 voted a Somali Muslim Socialist, Ilhan Omar, into the U.S. House of Representatives! BIG MISTAKE... Thanks to Bill Clinton Ilhan Omar stated that she should not be expected to “pledge allegiance/support for a foreign country,” but does pledge allegiance to the Council on American Islamic Relations, which funded her congressional campaign and was found to have ties to Hamas. The ‘compromise’ Democrats finally agreed upon was a resolution that not only lumped in the question of the moment — the effort by one member of Congress to delegitimize Jews and supporters of Israel — with a laundry list of other hatreds. And they failed to single out Omar for her actions. BIG MISTAKE ! It was a disgraceful display of Democrat partisanship that we saw yesterday by Democrats passing legislation to condemn hate. Americans already condemn hate. They don’t need legislation to tell them that. What is at hand is anti-Semitism. Denouncing anti-Semitism especially when it’s coming from a congresswoman. But in a despicable display of partisanship, and to avoid ongoing embarrassment of the party, Democrats decided to address the issue by attempting to pass an anti-Semitism bill (one that directly names the congresswoman) but instead of doing so, Democrats decided to pass an anti-hate bill. A bill to include hate of any kind. Most see it as an attempt by Democrats to deflect blame away from the Congresswoman’s controversial tropes against Israel (as Democrats call them) to a sweeping bill to condemn all type of hate. Instead of condemning the congresswoman and holding her accountable, Democrats decided to pass an anti-bigotry bill. The beginning of the end for Omar.... That this exercise was blatantly insincere was evident not only from the wording of the apology but also because of Omar’s open support of the BDS — boycott, divestment, sanctions — movement against Israel which routinely traffics in</p>	Refugee	Nationality - General	2/875	0.229

The ONLY reason? The US has only been associated with Israel since... well... since the 1950s? Pretty sure the US was prosperous well before Israel was even established. Cash and oil are the real gods, a US economy underpinned by cheap gasoline. Capitalisim is interested in a strong ally in the region, not messianic prophesy. Oil is the main reason anyone wants anything at all to do with the entire region. Once renewables kick in and oil is no longer as critical... will Israel still be supported? I fear that faith in capitalisim and US exceptionalisim may be short term thinking. With religiosity waning and secular politics becoming more popular, people will actually look at how nations (including Israel) interact financially and not automatically align themselves according to <b>race</b> , faith or a shared history. Screaming 'anti semite!' and claiming God's backing may no longer be a guaranteed free pass. The Palestinians didn't do anything to the Jews in WW2 and neither did the rest of us in the world and I don't see why we should betray our conscience for the sake of Israel and their immoral ways. Haha! Well done! You're being witty because Muslims actually believe in the <b>old</b> testament too! I'm new to theology, so I only recently learned this. Of course, all 3 Abrehamic religions would, wouldn't they? They even believe in Jesus too... to a certain extent. Well, more than Jews do anyway. They refer to JC as an abomination. Thanks! Had a chuckle!	Old	Age - Over 65s	1/61	1.639

<p>Erzsi Rodgers Oh Erzsi! I couldn't agree more. Comparative theology is so interesting. But I've moved on somewhat. As your witty post relates, the idea that someone could actually think that one of the three Abrehamic faiths rejects the <b>Old</b> Testament is both hilariously ignorant and hipocritical in the extreeme.The <b>Quran</b> says that the Torah, the Psalms and the Gospels as being revealed by God to the prophets Moses, David and Jesus. Like jews, they just don't like the christian copy of the same story! Its a bit like three farmers arguing about who's pig will graduate college first. Since the Protestant, Eastern Orthodox and Catholic bibles are all similarly in conflict it seems just a little academic. Muslims do at least treat Jesus as a prophet... much more generous than jewdaisim who consider him an abomination. I was especially amused by your pun regarding belief... that a modern christian has actually read the <b>old</b> testament is not just unlikely but also a prerequisite for maintaining any regard for its value. The idea of placing any value on what is basically a bronze <b>age</b> witchcraft manual would be amusing were it not so utterly sick. Being an observer to the clash between faiths is only mildly entertaining... after all, one can only watch 3 monkeys sling faeces at eachother for so long, and 2000 years is perhaps long enough. Like me, I imagine you have mixed feelings regarding the inevitable fate of the church. The child rape conviction of the 3rd most <b>senior</b> cardinal in the entire catholic church marks a new low on the descent of that institution... seminaries are empty and unable to replace this soon to retire generation of priests and the vocation of 'nun' is close to becoming non existent. Anglican congregations are fatally split and in decline. The loss of these traditional denominations is culturally regrettable but disasterous in the light of their replacement by business driven mega churches, McChurches if you will, an extension of morally corrupt TV evangelicals and sham clerics. It was inevitable that bystanders would eventually tire of the monkeys and their stool slinging, the spectacle no longer worth being spattered with filth. After all, we now have "Game of Thrones". The <b>old</b> testament was a little too perverted for mass consumption anyway. Perhaps we all should believe in G.O.T instead? <p>Omar, along with AOC and Tailb Rashida have proven to be a blessing for Donald Trump and the Republican Party. Their most invaluable contributions thus far have been:Omar: Her profound, heartfelt and recalcitrant anti-semitism, which she has expressed openly and repeatedly. If she could contribute to the destruction of Israel I'm certain she would.AOC: In her Opus Magnum, the "Green Dream", which can be summarized as a series on outlandish, nonsensical statements, she has put in display for all to see her profound and vast ignorance not only of the planet and environmental sciences but also of economy and geopolitics. Her "Green Dream" has becoming the de facto "Manifesto" of the Democrat Party. Rashid: Her sentiments are not too different than those of Omar. They both try desperately to outdo each other on their hatred for America, our form of government, our values, our beliefs and our heritage as <b>racist</b> and downright evil.We need to encourage them so that they may continue on their warpath.But wait, let us not forget the supporting cast, equally valuable in their important contribution to the mission:Maxine "Auntie" Waters Her main contribution is and has been her metamorphosis of the definition of "<b>racism</b>", which now includes every White person that does not conforms to her views and accepts them, no matter how idiotic they may be. Auntie Maxine's apparently gets paid to do <b>nothing</b> but utter one word incessantly: "Impeach!" Only in Washington one can get rich with a job like that!Kamal Harris Her advocacy to legalize pot and prostitution, speaks volumes of her moral compass. Apparently she believes that prostitution elevates the dignity of women (guess that tenet is also part of the Me Too movement). She is also calling for reparations and, would not hesitate to name Louis Farrakhan as her running mate in her <b>race</b> for the presidency.Mazai Hirono Well, she just knows men are evil and should stay home on election day. If she could drive them into indentured she probably would. In the meantime, she struggles to understand the law and find out how she will get back to Hawaii when AOC does away with aviation and fossil fuel.So let's hope and pray that this "winning team", these beauties, stay the course and become more determined to continue spreading their message.in the meantime their chorus of supporters will continue hoping that Special Counsel Muller will come down from heaven with a divine indictment lest in 2020 the American People ask them what did they actually DO to make ours a better <b>Nation</b>...and Trump will once again be our President for yet another term!</p>	<p>Nation, Nothing, Race, Racism, Racist</p>	<p>Age - Youngsters, Ethnicity - General, Nationality - General</p>	<p>5/442</p>	<p>1.131</p>

Look up the multiple attempts they made to compromise, meanwhile, the Palestinians are too occupied with their hateful ideology to progress as a society. Also to note, do you know all the financial aid Israel grants to the Palestinians? They also offer citizenship there for them. Let's call it as it is, without aid from the US Jews would be slaughtered by their neighboring countries. They hate them not because of occupation but because of ideology. Don't let them fool you. <p>Ilhan Omar is a good Muslima. Islam calls for the extermination of all Jews world-wide. It’s in <b>black</b> and white in the Koran, their ”holy” book. A basic reading of the Koran (it’s not that long), shows what the core belief of Islam is, and Ilhan Omar simply is a good representative of that ideology. Ilhan Omar is the new face of the Democratic Party, a party that promotes opening the flood-gates to all Latin-American migrants, and their access to American welfare state. This is feeling-based ”thinking,” and not practical. It will ruin the finances of America, as the crap-filled streets of California. Ilhan Omar represents the Democrats as CNN represents the mainstream media. Both represent ”diversity” – however anti-American a person is – and an open call for population replacement in America. European men, whose principles built America, are out of style – feminists say. It is important for feminists to shame Western males in America in the most extreme way. <p>There is plenty about the Democrats to criticize but I don't believe that any criticism of Israel is necessarily anti-semitic. You could point out that Jewish Americans are represented in certain well-compensated and desirable professions many times over the proportion of their numbers in society. Is it anti-semitic to allude to this situation simply because it might be embarrassing to many Jewish Americans who have realized the benefits? Something like a third of the richest Americans are Jewish while they comprise a mere 2 of our population. Is pointing out this peculiar situation engaging in anti-semitic speech? I obtained those figures from an article written many years ago by a Jewish author who was bragging about how superior he thought Jews were to the rest of us and used such details to bolster his argument, which I considered Jewish bigotry. Shifting to <b>black</b> people, only ten percent of the population, who now have an outsized influence on our culture due primarily to fifty years of Affirmative Action policies. Most boxers, 90 of professional basketball players, and far more than 50 of football players are <b>black</b>. Perhaps they are better athletes than their white counterparts, perhaps the realities of economics makes them more driven to succeed in an area now wide open to them, yet those issues don't readily explain or account for such a skewed reality. I'll give you one that next to <b>nobody</b> ever states: Why is it wrong for a man to want to have <b>sex</b> with a <b>woman</b> when she doesn't want <b>sex</b> with him, pushing the situation widely considered attempted rape, yet when a <b>woman</b> wants to have <b>sex</b> with a man and he does not want to have <b>sex</b> with her, he obviously suffers from "performance issues" or must be <b>gay</b>? How many times have you heard in the media that a man must "perform" in several ways in order to satisfy a <b>woman</b>, yet her "performance" is never discussed at all? All she has to do is lie there, I guess. By the way, why are white men excluded from Affirmative Action set asides while everyone else has benefited from them for decades?</p> <p>You may as well refer to America as the United States of Abject Hypocrisy, with Democratic women and minorities and homosexuals leading the way on every front.</p>	Black, Gay, Nobody, Sex, Woman	Age - Youngsters, Ethnicity - Black, Gender - General, Sexual Identity - General, Sexual Identity - Male homosexuality	12/386	3.109

<p>suijurispeacemaker Let’s dissect your argument, shall we?1- ”It’s all about the Benjamins” is a very smart sentence with 3 different layers of meanings, and it is far smarter than some of the ”humorous” remarks and comments that most American politicians make. In her sentence, the Benjamins refer to both \$\$ and Benjamin Netenyahu, both of which are very related to her argument regarding AIPAC and how they’re buying off politicians. On the very surface, the sentence has a cultural appeal and grabs attention because of its relation to the rap song. This is called smart commenting, and in an <b>age</b> where millennials are the future, she’s using the language that appeals to them instead of using the same <b>old</b> boring, less meaningful, deceitful, and misleading language that most politicians use.2- If you want to learn about why she supports BDS, you can search it to find an answer. She’s in no way obliged to tackle all aspects of her argument based on a series of back and forth tweets that smear her and label her as anti-Semitic. She’s a smart lady, and she knows that the best audience to target are intellectuals; those are people who are willing to seek the truth on their own without anyone else shoving ”the truth” down their throats (which is what the mainstream media does and wants for all people).3- When you have a corrupt government that is fucking up every aspect of the American society, who lies so blatantly, and that has been proven wrong on so many different occasions in the past 20 years, the people in this government lose their credibility. Their opinions about who’s right and who’s wrong becomes obsolete. It’s like letting a murderer be the judge of someone else’s trial who’s being accused of committing the murderer’s crime. Besides, your politicians criticize each other left and right all the time, why doesn’t it mean anything except when you want it to mean something? This is called cherry-picking in an argument. It’s an <b>old</b> and very misleading and misguiding technique, and it only works on people who aren’t smart or who lack any will to put some effort into learning the truth.4- Should I even comment on her using the congress as a social media? You argue that she fucked up because Trump said so. Trump...TRUMP! Have you even seen his Twitter account and how he uses it? Again, you’re cherry-picking. You’re smearing her for using social media, but you trust the opinion of your president, who uses social media more than any other politician in the history of America!5- You’re saying she’s putting Islam first and that she’s not doing anything to bring Americans together. Can you back this up with ANY facts or evidence? Because I can easily say the same about literally any other politician, and it wouldn’t mean shit without any evidence. You can say that it’s your opinion that she’s doing that, but you can’t state it as a fact without evidence. This is what the mainstream media does, so I don’t blame you for being brainwashed to think it’s an acceptable argument technique. But, in reality, it is not, and it means <b>nothing</b> but a fictional sentence as far as I’m concerned.I would appreciate a thorough answer and a constructive argument without misleading and deceitful techniques, if you don’t mind, and if you intend to reply :)Thank you.</p>	Age, Nothing, Old	Age - General, Age - Over 65s, Age - Youngsters	4/572	0.699

<p>suijurispeacemaker But the thing about US politics is that it affects people all around the world, as well as the American people, and the only way to make any changes in that is by being a part of these politics in order to change them.You say she should speak about America and its people, but that is what she's doing. Here are two ways to look at it:1- She's talking about AIPAC, which is a US based Israeli lobby that does, in fact, affect America and its people by influencing and controlling the policies that govern them.2- When she talks about foreign policies, she's also talking about something that drastically affects America and its people. America's foreign policies have two very major negative effects on its all Americans:A) The regime change wars that the US is committing against countries in the Middle East and in Latin America are effectively increasing the number of people around the world who hate America, who can in turn become terrorists, and who might then attack Americans in the US or in other countries around the world. The US has <b>nothing</b> to do with other countries' politics or regimes, and it has no place in policing them, especially when Americans don't want people from other countries being part of their government or affecting their policies. This is called sovereignty, and the US government should respect it in other countries as it wants other countries to respect it for them.B) The American government spends more on military than the other top 9 countries in the world, and for what? To change regimes in other countries and increase the amount of aggression that others have towards the US? This is severely counter-productive when you think in terms of National Security, so it's logical to think that there's an agenda behind it (war is a very profitable industry, and the biggest profiteers are the same people who pay millions of dollars to US politicians to sway their opinions and affect their policies, but that's an entirely different topic that we can talk about if you want). The point here is that all of this money that is spent on counter-productive "national security" could be easily spent on drastically improving the quality of life for all Americans, provide free health-care and education, and drastically raise the level of minimum wage for US citizens. That is the main reason why Ilhan Omar, as well as many other emerging US politicians are trying to take part in US politics and are actively speaking against wars, and it is the exact same reason why they're being attacked by both the left and the right, who are both profiting from lobbies who in tern profit from the wars that the US is waging all around the world.</p>	Nothing	Age - Youngsters	1/469	0.213

One of president Obama’s last acts as president with full support in both chambers of congress was the ratifying of \$38 billion dollars in aid over ten years to the apartheid Israeli state, currently under the right wing control of Netanyahu. This amounts to over \$10 million per day to a <b>nation</b> which currently provides universal health care to its citizens, offers 15 weeks to new mothers in paid leave and guarantees a higher education to all citizens at extremely low cost relative to U.S. standards. We are not allowed to even dream of such a social safety net for ourselves or our children, yet our taxes go towards securing those programs and more elsewhere. It’s interesting that all the comments here support Ilhan Omar, in a throroughly reasonable way and without any hint of anti-Semitism. In my view it’s a sign that the part of the American public that is still capable of independent thinking is far more mature, intelligent and humane than the Establishment political parties. It’s wonderful that there is this fresh and dynamic new generation that is involved in politics and that actually gets elected, like Omar, AOC and others, who aren’t afraid to speak out against the <b>old</b> taboos, like criticizing capitalism and Israel’s <b>ethnic</b> cleansing policies toward Palestinians. It’s also heartening that even the mainstream media are beginning to deal with these issues. Maybe in the end Trump’s presidency isn’t all bad because its sheer disgustingness has unleashed this healthy wind of change.	Ethnic, Old	Age - Over 65s, Ethnicity - General	2/134	1.493

Jonathan Allen so you think a wall will stop drug smugglers?? You havent seen tunnels they use? Tou havent seen their ,and I'm dead serious here, submarines, you havent seen how the mules swallow drug filled balloons, you havent seen how they fill items in cargo containers on freighters? My point is with so much money to be made in selling drugs , the resources wasted on a wall is idiotic at best, and criminal at worst. If you're serious about stopping drug smugglers, just legalize all drugs. Instantly cartels will crumble, people will be happier, jobs will be created, prison population will decrease, tax revenue will increase, Overdose deaths will plummet, police forces will shrink, and addiction rates will drop. Yes , I know it sounds counterintuitive that addiction rates will drop but it's TRUE. A lot of the resources gained can be allocated to free treatment facilities. This is a no brainers. The main reason certain drugs are illegal is ignorance and lobbying by big pharma. Fact is, only 20 of EVERYONE who tries cocaine becomes addicted. No one who tries marijuana becomes physically addicted, pharmaceutical companies created the opioid epidemic for profit, if heroine was legal that would have never happened. chris sandoval Sorry Chris. I should have been more specific. The things I was referring. to were mentioned in previous tweets. 1 of them was "America will not be for white people"Anyway, she has a lot of anger in her and a lot of hate. She doesn't seem to have a great political mind. Things that are obvious to most people seem to be way above her. She's relying way too much on her Somalian voters in Minnesota and should be thinking about the future of the Democratic Party. It makes no sense to me to piss off every <b>race</b> of voter and 80 of the party who I guarantee are thinking about ways to get rid of her. She causes way to much damage and the reason Pelosi keeps on defending her is not because she likes her, but quite the opposite. She might be voted out or maybe they will restructure her district or maybe try and get her impeached through the tax fraud thing she got caught for. But who knows, she might become the new leader of the Democrat Party. I don't care for her because America saved her from a pretty shitty situation, but she doesn't feel privileged with her new Country and amazing job and great Salary. Seems to come off as a bitter person who is entitled to not only be here, but feels we should feel lucky to have her. Again, Im talking past tweets about the bad place America is but not a word about the countries people are fleeing from, so it's really hard to take her seriously. Sounds like America is not the worst Country in the world but in the top 5. I'm not sure if she said this, but you should read her tweets, if there is a <b>race</b> she hasn't offended it would be Somalian Blacks. I don't think she can get away with this for much longer. Virgil Pine Err no, the evidence is not Shapiro. The evidence is that she is saying things that, even by the definition put forward by government departments, are antisemitic. Criticising Israel is one thing, and its valid to do that. But to call into question the Jewish states right to exist, and to dog whistle to <b>terrorist</b> supporters is really, really bad. Even the NY Times which is a very Liberal paper said, "The <b>old</b> trope that Jews have secret powers to control other people. Virgil Pine I can't believe you are defending antisemitism! That's worse than defending white <b>nationalism</b> . It's not me saying that these tweets are bad, it's the [very Liberal] New York Times! And it's very different for an Orthodox Jew to say "I don't think Israel should be a state, let's go with a different idea" to "let's get rid of the Jews violently". Which is what the <b>terrorist</b> organisations want. Iran etc. wants to wipe Israel off the map, not just push Jews out. Go back and study what happened in <b>Nazi</b> Germany. By all means criticise Israel policy, but antisemitism is something different... and very dangerous. Omar's tweets are not just accidental tropes - she has a long history of hatred towards the Jews. I am from Europe, and if you didn't know, Jews are leaving ... precisely because of people like Omar and the growing violent threat against them. Fuck this <b>crazy</b> , Islamic radical! This confirms everything about the Democratic Party. The Jews are considered lesser beings because they're successful, well-educated, and have the only western-style democracy in the Middle East. Therefore, they cannot be a member of the dispossessed in the U.S. That leaves open season for <b>lunatic</b> fringe radicals, from Socialists to antisemitic Muslims, to launch constant attacks against them with Nazi-style tactics. The pro-BDS movement isn't just about pushing the right of Muslims to wipe Israel off the map, but also boycott Jewish businesses and communities - a tactic pushed by Hamas (terror group) and admittedly lifted from Hitler's playbook. The only time the Democrats give two fucks about Jews is when they can use them as a club to bash Republicans. They tell Donald Trump to denounce antisemitism, with his Jewish son-in-law, Jewish daughter, Jewish associates, American Embassy moved to Jerusalem, and declaring Jerusalem the capital. But Ilhan Omar and Talaib get to throw out all the antisemitic, pro-terror propaganda they want. AOC gets to pal around with Jeremy Corbin, a rabid antisemitic prick. VoltaireWhy do people always apologize after criticizing Israel or for saying the word "Jew" or for even saying Zionist? It may have been better to not say anything at all, for now, the subliminal guilt triggers are going off inside millions of people's minds, and it becomes harder to criticize any one or any group of Israeli or American or European Jewish zionists. Why don't we hear what Omar has said about the U.S. military being as bad as Al-Qaeda, or maybe that she says Israel isn't a democracy because its run by Jews? Or that she is friends with Sarsour, a hamas supporter, Hezobollah supporter, and anti-semite. Farakhan and the rest of the lot. You don't talk about them because it would ruin your narrative that evil is limited to a single side of the political divide. Shame... additionally, <b>Black</b> Israelites were not talked about with Covington and their Holocaust denying or antifa beating people and burning campuses, but we see some white inbreds that can't even make their own torch.
