I'm confused as to why there seems to be some underlying narrative around this video, and the comments, that white people somehow have an answer to these questions, because.... they don't. I'm pretty sure that she's crying profusely (and rightfully so!) because she doesn't understand, along with the rest of us, why she is part of a community of mothers and fathers who kill each other's mothers and fathers to a degree that is, literally, incomprehensible to every other community of people in the <b>nation</b> . If she is, indeed, thinking that white people are the reason for the inexplicable amount of arbitrary killing in <b>black</b> communities, then, whats more tear-worthy is the fact that she is surrounded by people who are lying to her. Don't teach her that she should be asking whites, or any other <b>ethnicity</b> , for an answer to her questions, because it's wrong to imply that, and we don't understand it either. It truly is absolutely heartbreaking, as she so strongly shows. Every community is praying that it comes to an end! yes. it got a lot of attention. yes it got a standing ovation. yes she made a point. but the problem is , did any change come from this. we give so much attention to these things and glorify them, then we do <b>nothing</b> about it. so many people have seen this video. so many people have given it recognition. 566K+ people have watched this. but no one has made a change. we need to gather together, as a <b>nation</b> , and don't demand a change. don't plea for change. make a change. we can't get anywhere by asking for everything. we have to stand up and do it. but one person, one human, one <b>black</b> man, one <b>black woman</b> , one white man, one white <b>woman</b> , one asian man of <b>woman</b> , one hispanic man or <b>woman</b> , one of any <b>ethnicity</b> identified by any <b>gender</b> or pronoun can do this on their own. we have to do it together. <b>nothing's</b> gonna happen if we leave it all up to one person. so yes, continue to give this recognition, yes continue to like share repost and do whatever, but don't just recognize it on the internet. put it into practice in the real world. we have to do this and we have to do it together. thank you. I don't think they are discriminated against in law. There are minority scholarship programs that favor racial minorities and women (institutional <b>racism</b> and <b>sexism</b> against white males), there are affirmative action quotas that favor racial minorities and women. Welp... oy. Where do i even start. I scroll the comments section as always... two sides of a debate that shouldve ended a long time ago. Two sides debating an issue that should be and is over with (atleast where i live). However the issue still rages on. Why am i commenting you ask? Well because im sick of this entire issue. Humans are quite the trivial species we continue to do stupid shit despite it not working. Were an insane species. 1. Every <b>race:black</b> , white, asian, hispanic, etc can be rascist. 2. There are laws in place that make rascism illegal. However theres also a thing called freedom of speech. So if someone makes a crack at your <b>race</b> its on their conscience. The only true time it should matter is when they tread upon your human rights. People say stupid shit. Debate what they say in a civilized manner. (It makes your cause appear more worthy and thus attract more individuals) or dont debate at all and continue on with life. 3. <b>black</b> lives do matter. But so do all lives. 4. Dont play the victim card. Your ancestors were treated as slaves. However so were alot of peoples. Remember them but dont play it as if your ancestors are you. You and them are seperate individuals. Unless YOU were abused physically to the extent they were then you have no right to say we have been slaving for the white man. Etc.etc. because you havnt.5. Feel free to dispute my points. Just do it civilized im sick of petty arguments. Humans need to wise up before were our own undoing....The girls brave. I dont know what shes seen (or if shes just been told what to say. unfortunately in our world some parents are just sick enough to do that) what i do know is that was brave. What a joke. She didn't say anything factual at all. Just a bunch of emotion she was taught by the media and family. Trane Sonic The following is an excerpt from Israel Cohen's (elite, Zionist Je ) book 'Communist tactics for the Twentieth Century,' written in 1912''We must realise that our Party's most powerful weapon is racial tension. By pounding into the consciousness of the dark races that for centuries they have been oppressed by the Whites we can mould them to our program. The terms "Colonialism" and "Imperialism" must be featured in our propaganda. In America we will aim for subtle victory while inflaming the <b>Negro</b> minority against the Whites, we will endeavour to Instill in Whites a guilt complex for exploiting the Negroes. We will aid the Negroes to rise to prominence in every walk of life, in the professions and in the world of sport and entertainment. With this prestige, the Negroes will be able to intermarry with the Whites and begin a process which will deliver America to our cause."	Negro	Ethnicity - Black	1/151	0.662

Preach Girl, Preach! This makes me so frustrated to see a little girl this young crying about <b>racism</b> . She should be happy and living a great life not mourning the dead and crying about her loss. This is not right!Whats the difference between a <b>black</b> person and a white person, whats the difference between a donkey and a horse, whats the difference between a glove and mitten, whats the difference between ME and YOU! Were both humans right? The only difference between humans is that some of us look different and have different cultures. We shouldn't be discriminated by the colour of our skin or what we wear or what we believe in or how we act. Now days i can't even walk in public without getting a strange look from someone. I can't go school without a student treating me differently to their white frineds. I mean when is this hamster wheel gonna stop ...Control our kids give them love... barry obama and you seem easier when us blacks are stating facts you seem ignorant and bias to the subject, probably wishing we were still in slavery and you mention 'black to Africa' as if the this land is the 'white peoples' when it was robbed from the Europeans and Indians, and let's not go there because who started incest since you 'white folks' love it having <b>sex</b> with your cousins what a shame this world has come to when a sad individual like brings down a <b>race</b> that you people strive to be. Emery Kennedy So you can be <b>racist</b> , but I can't?	Racist	Ethnicity - General	1/10	10.0
Emery Kennedy You don't understand that I am mad at cops too, they aren't perfect, but protesting in the way the BLMM has been is not going to solve the problem.I hate even calling people by there <b>race</b> , but we need to get blacks and whites to work peacefully together to get your point across the the police.Simply just calling people the word white or <b>black</b> is the first problem. We are all people. It shouldn't at all matter.	Black, Race	Ethnicity - Black, Ethnicity - General	2/81	2.469
You have clearly fed into the sensationalism of the media. The fact is there is more White on White crime than <b>Black</b> on <b>Black</b> crime. You should check official crime statistics and not depend on the media to educate you.	Black	Ethnicity - Black	2/40	5.0

Nick Ross The simplicity of your mindset is very alarming . What you just did is called deflection . Rather than accepting that police officers are here to "serve and PROTECT" ALL people! They're shouldn't be ANY cases of police officers murdering anyone because it's specifically their job to protect and not destroy . Random <b>Black</b> people aren't employed by the government and in such authority when they kill each other just like with the white community committing mass murder which no one seems to point out .	Black	Ethnicity - Black	1/88	1.136
Nick Ross no you're killed by way more by people than cops color doesn't matter look in history a lot of your maturity murderers were Caucasian people I'm not saying all Caucasian people murder people but I am saying that certainly wasn't all <b>black</b> people who murder people it's people. Doesn't matter about color	Black	Ethnicity - Black	1/54	1.852
