Just shaking my head over the "enemy of the US" comments and thinking that the USA as a nation can't be rescued. Please check : [LINK] and ask yourself a honest question. Are the enemies of the US responsible for this sinking ship? If your system is "the best" and you have the "best democracy" and further years of support for Israel and financing their wars are "American values" , then again explain your rising dept figure. You can't make the rest of the world believe anymore, that you topple anti-american governments in oil rich regions, just to bring democracy to that region. (Iraq,Libya,Venezuela) You need to steal from other nations because otherwise you would need to work as tough as the Chinese . Your governments are run by criminals and AIPAC (Israel) . When will the random American start to think real patriotic and to erase values which are pumped into their brains by their pro Jewish media (incl.FOX News) bringing mentioned dept clock once to explode. <p>I'd rather be alienated than to stand aside quietly knowing certain people I work with mean to do my country harm with in. Omar married her brother to becomea USA citizen. She also voted to give the families of terrorist life insurance in 2017. I thought for sure that all gov, officials would be fully vetted but clearly they are not. Why has it been made so difficult to remove a body from office when it's been found that they have broken the law? All high profile positions in gov, should require being a natural born citizen to even qualify to run for them.There is a good reason a President is required to be a natural born citizen, that same reasoning should follow suit in other positions. It appears we have had politicians over the years recieving a lot of money from cartels to keep open area's along the south border. Other wise there wouldn't be hundreds of miles of open border allowing drugs, human trafficking and illegal aliens from all over the world to enter our country. Common sence tells us we still have politicians funded by the cartels, causing innocent lives lost, the families of those victims lives forever destroyed, drug addicts galor, countless of thousands missing children,raped over and over again only to be sacraficed. Putting a uncalled for strain on our economy costing billions of dollars a month. All just so these politicians can get even more wealthy than they already are. How can you call her anti-Semitic? She is likely more Semitic than Netenyahu. The bible says the devil will deceive the world. First of all Semitic is not a group of people it is a family of languages indigenous to Africa. Aramaic, Arabic, Hebrew, Amharic, Tegli, and about 400 others spoken Africa. The Zionists rule our country and have infiltrated the Christian Church. Any bible scholar knows the Jews are descendants from the European Kazarian Kingdom. In 740 AD they converted to Judaism under King Bulan. For hundreds of years they ruled a region between the Caspian and **Black** Sea. They converted to Judaism the same way Donald Trump's daughter did. These imposters have no genetic, historical, or archeological connections to the Biblical Hebrews. The Christian church remains silent because if these European imposters are exposed; then people will ask who and where are the Hebrew Israelites. First of all they would look like Rep. Omar. The biblical Hebrews were Negros. Israel is in Africa despite attempts to redefine it as the middle east. Moses was raised as Pharaohs Grandson and all the Pharaoh's of that era were Negros. Pharaoh had order the murder of all Hebrew baby boys of Moses **age**. Their was no physical differences between Hebrews, Egyptian, and Ethiopian people. When Moses true identity was discovered he fled into the wilderness. While resting at the well he helped the Shepard girls water their flock. When they return home early their father ask them, " how is it you are back home so soon". They answered an Egyptian helped us. They thought he was Egyptian because Moses fled with the clothes on his back. He was still wearing Egyptian clothes. Moses married an Ethiopian **woman**. King Salomon and Sheba first born son Maliki became the first King of Ethiopia. European were desperate to white wash history. For this lie to work they had to make the Egyptians and the Israelites white. This served the Kazarian European Jews and the Christian church. In many European countries that were not invested in the exploitation of Africa and it's people; you find **Black** Madonna and Messiah. The Catholic Church decided to change the image of the Messiah. Pope Alexander VI commission a new European image of the Messiah. It was a big deal so a heated competition between DaVinci and Michelangelo ended with DaVinci winning the contract because he was rumored to be the lover of the Pope's son Cesare Borgia. The image of the Christ that is on a billion pictures is the **gay** son of Pope Alexander. Why would the Hebrew people ever go to Europe. When threatened they always fled to Egypt and when Jerusalem was destroyed by the Romans they fled in to south and west Africa where you can find the tribes today. These Africans pass the Genetic test and they still follow Hebrew traditions. The very first maps of Africa commissioned by European Kings shows a section of West Africa called the Kingdom of Judah. Now this is where the story gets interesting. When the slave trade started we are told other **African** sold other **African** tribes into slavery. The truth that will shatter all we know today is the first slaves brought to the Western Hemisphere were the tribe of Judah. Yes, the hated blacks of the America's are directly decendant of the tribe of Judah. The imposter Netenyahu stood before Congress claming Moses led his people, but Moses

<p>He called and over a million black men showed up.How can you call her anti-Semitic?</p> <p>She is likely more Semitic than Netenyahu. The bible says the devil will deceive the world. First of all Semitic is not a group of people it is a family of languages indigenous to Africa. Aramaic, Arabic, Hebrew, Amharic, Tegri, and about 400 others spoken Africa. The Zionists rule our country and have infiltrated the Christian Church. Any bible scholar knows the Jews are descendants from the European Kazarian Kingdom. In 740 AD they converted to Judaism under King Bulan. For hundreds of years they ruled a region between the Caspian and Black Sea. They converted to Judaism the same way Donald Trump’s daughter did. These imposters have no genetic, historical, or archeological connections to the Biblical Hebrews. The Christian church remains silent because if these European imposters are exposed; then people will ask who and where are the Hebrew Israelites. First of all they would look like Rep. Omar. The biblical Hebrews were Negros. Israel is in Africa despite attempts to redefine it as the middle east. Moses was raised as Pharaohs Grandson and all the Pharaoh’s of that era were Negros. Pharaoh had order the murder of all Hebrew baby boys of Moses age. Their was no physical differences between Hebrews, Egyptian, and Ethiopian people. When Moses true identity was discovered he fled into the wilderness. While resting at the well he helped the Shepard girls water their flock. When they return home early their father ask them, ” how is it you are back home so soon”. They answered an Egyptian helped us. They thought he was Egyptian because Moses fled with the clothes on his back. He was still wearing Egyptian clothes. Moses married an Ethiopian woman. King Salomon and Sheba first born son Maliki became the first King of Ethiopia. European were desperate to white wash history. For this lie to work they had to make the Egyptians and the Israelites white. This served the Kazarian European Jews and the Christian church. In many European countries that were not invested in the exploitation of Africa and it’s people; you find Black Madonna and Messiah. The Catholic Church decided to change the image of the Messiah. Pope Alexander VI commission a new European image of the Messiah. It was a big deal so a heated competition between DaVinci and Michelangelo ended with DaVinci winning the contract because he was rumored to be the lover of the Pope’s son Cesare Borgia. The image of the Christ that is on a billion pictures is the gay son of Pope Alexander. Why would the Hebrew people ever go to Europe. When threatened they always fled to Egypt and when Jerusalem was destroyed by the Romans they fled in to south and west Africa where you can find the tribes today. These Africans pass the Genetic test and they still follow Hebrew traditions. The very first maps of Africa commissioned by European Kings shows a section of West Africa called the Kingdom of Judah. Now this is where the story gets interesting. When the slave trade started we are told other African sold other African tribes into slavery. The truth that will shatter all we know today is the first slaves brought to the Western Hemisphere were the tribe of Judah. Yes, the hated blacks of the America’s are directly decendant of the tribe of Judah. Raul Tiangson By definition Farrakhan can't be anti-Semitic because Arabic speakers are semetic and Mecca is in a semetic country. I am sorry if you feel put down by my comments but I am tired of this lie. European Jews are not semetic. They are certainly decendants of the Kazarian Kingdom. They are converts that stole the identity of the true Hebrews. The true Hebrews are coming to an end of their second captivity. Yah is waking up the true Hebrews. Deep down in our genetics was embedded a wake up call. The bible says the Hebrew people would forget who they are. Does that sound like the Jews today. The bible says they will be slaves again after the Egyptian captivity. This is not going to be accepted by the church because the church white washed it's history to promote white supremacy. Europeans could not reveal that the Biblical icons including the Messiah were Negros and at the same time exploit the African Continent. I have no general hatred of European of Jew-ish people. I am a people person and really do love white people and Jews. It is those perpetrators who willfully deceive that should be exposed. The truth must come out and tho it contradicts everything we have been taught. When Martin Luther King had his vision he no longer feared death. <p>Levin is a fake Jew with loyalties to Israel. He is not a descendant of the Biblical Hebrews. Instead he is a descendant of the Kazarian Kingdom who under King Bulan converted to Judaism in 740 AD. You are not a Hebrews and your lies will reserve you a place in hell. Revelation 2:9 and 3:9 states very clearly these people are imposters. Jacob the father of the 12 Hebrew tribes was married to an Egyptian Negro. Moses was married to a Ethiopian woman. The Biblical Hebrews were Black Negros. Oh, they will say the Messiah had olive skin but I only know of two colors for olives; green and black olives is all I know and I am sure the people of the holy land were black people. This includes Egyptians and Ethiopian people. Now this cracke will call me anti-Semitic because average people don't know Semitic is a class of languages indigenous to Africa. Semetic languages includes Arabic, Aramaic, Hebrew, Tegri, Amharic and many other derivatives all of which are spoken by African people. These Zionist have put Jared Kushner in a position to push the Israeli agenda. Levin and Hannity are Jewish agents in this country. They say Israel is our allies but that didn't stop them from killing Americans when they attacked the USS Liberty kiiling many Americans with the intention of blaming it on Egyptians. So America would join them in fight against the arabs. No one seems to remember Israel spying on American and then passing that info onto the Russian government in exchange for more Jews being allowed to immigrate to Israel. Let's not forget how they were caught trying to get strategic info on our troop placements so they could pass the info on to insurgents with the intention of giving the Iraqi insurgents a better strategic advantage to kill American troops so there wouldn't be a chance we would consider more troops in the region. Trump will go to jail when all this is finished. Netanyahu or I should say Millenkosky which is his real name before his father changed his name to sound more Hebrew and not Polish. These Jewish imposters were a perfect substitute to distract from the true identity of the African Hebrews. On a personal note I pray for the destruction on Levin and Hannity. <p>Because there are many jews who still feel that America is a white Christian nation that did not and does not welcome them. They have a genuine distaste for whites and Christianity EVEN though this nation AFFORDED THEM so much and has so MORE THAN ANY OTHER NATION. No one had done more for the benefit of jews then white men. Now those same jews wish to claim otherwise and say "we did it all ourselves with white men trying to keep us down all the way, so let's beat them up."</p> <p>And they are. Jews run the left Democratic party. Kissinger is and was Bill and Hillary's mentor. Didn't you ever notice that with every "minority" group created, jews attach themselves to it. They always REMIND everyone through the news when covering "minority" stories that "remember us, remember the holocaust?" Even jewish writers changed the real story of Black Klansman to make the white partner a jewish man. They just have to surround themselves with "minority" groups that they play a HUGE part in creating so that they can get votes and protection. They have convinced many blacks that "You are being forced down. America is white racist run and they have it in for you." Jews reinforce the "persecution complex" in blacks for their own jewish gain. Jews and Judaism declared war on white Christianity a long time ago and have been working towards its end ever since HENCE mass 3rd world immigration, white guilting and shaming constantly in the press and in movies. They NEED "minorities" votes because they do not have the numbers themselves to accomplish what they want which is Jews on top, gentiles on the bottom, laws in effect to protect jews, like ANY and ALL jewish talk of jews conspiring, as "anti-Semitic" hate speech. As for blacks voting dem, it is mostly blacks who have been duped by jewish media lies that reinforce their black "persecution complex." The jews are the dividers and accusers, and it is for their own gain that they do so. Whether they understand they are destroying something great is another thing. It is like they are so passionate about being jewish and the world is theirs to rule that they completely missed maybe they were just envious and should have assimilated better. Their Talmud, which rabbis have to know and teach, preaches against gentiles, Jesus, Christians, non jews which is why the jews don't knock on gentile doors asking you to come learn with them from their holy books. Judaism IS anti-Christian at its core and it is the biggest secret kept in America and especially away from Christians. Jews also run the conservative right as jews don't care which side wins in election as long as Israel wins and jews win. Michael Paysour The bible also predicts the condemnation that you seem to be actively condoning. No I will not make judgement of a race that is what the Nazis did however I will speak against this hatred and animosity I'm seeing, that in my view is the true evil. Do you truly believe Isis is coming out of Israel? Is it there annihilation that those that condemn them want or perhaps removed from there land where they are surrounded by those bent on their deaths, imprisonment? I served in the military we never had any orders or notions that Israel was bent on our destruction but I don't forget what happened in the past either, the full details were never released and or redacted however there is of course a ton of conjecture. You seem to have all the evidence in your own statements that the Jews are evil manipulating lying imposters and if you wanna hate on them my man have at it. You can thank your leaders who thought turning away European immigrants for anyone non white European was logical. It was a jewish man around 1965 who wrote it up but I forgot his name. Diversity lead to separation into sub groups with competing belief systems and often incompatible cultures. Wiping "white identity" off the grid was the goal. You can see clearly how this LIE does not work out well when European countries have NO GO ZONES within their boarders. On top of that white Europeans are now paying through their hard earned taxes into welfare programs for another ethnic group to tap and to out procreate them and continue their own separatist religions, culture, and laws within the framework of the host nation . <p>Beware of the Islamic Religion! To paraphrase the late great Christopher Hitchens, knowing the religion of Islam preaches the Quran is the uncorrupted direct word of God. Christopher says: "at best the Quran is a mediocre book". What does that say to you? Having read some of the Quran myself there is nothing in the the book, that I could find, that goes beyond the knowledge of a 7th or 8th-century individual. So Christopher Hitchens was/is indisputably correct the book, at best is mediocre.</p> <p>Furthermore, Christopher confirms the Quran contained myths borrowed from the Christian and Jewish religion by 7th-century warlords to form the Islamic religion which in turn was used to control their soldiers and people they conquered. In conclusion, I point out the person most admired by Muslims is Mohammed who said: 'Kill all Infidels'.</p>	Nothing, Quran	Age - Youngsters, Religious Identity - Muslim	5/137	3.65

It's sad seeing all this reviews in YouTube how bad things they are saying about muslim or Islam religion. It's because of ilhan Omar's opinion that doesn't mean all Muslims and Arabs are the same. Let's not forget that every religion teaches respect and humanity. I'm sure the Islam religion teaches to respect the Jewish towra book and the christian bible book. I'm proud to be a Muslim woman, and I never hate anyone because of their religion. God bless America always in my opinion they are the only one who are making the world better today not just America but the world. Mia Mau Here is the problem. All Muslims believe the Quran is the direct word of God. Hence the reason the Quran is recognized foundation of the Islamic religion. Of course I do not believe that it is the direct word of God for number of reasons. One simple reason is I have yet to read a verse in the Quran that goes beyond the knowledge of a 7th or 8th-century individual. I mean, it is clear that Islam was created by warlords to keep control of their soldiers and people they conquered. The Quran is filled with intimidation to prevent Muslims from leaving the faith and this is confirmed by a well respected Muslim scholar. Anyone can have a good heart but if they follow a religion in which their God directly tells them to make all people submit to their Allah or they must pay a tax or ??? and the one person they respect the most says "kill all infidels". Bunch of cunning demagogues. There is no such thing as anti semitism. It's anti injustice and anti oppression that the so called leftist Democrats and other freedom loving people's across the world are up against. Is that wrong. But its very cunningly twisted to make it look that they are all 'anti-semitic'. It's a master plan to distract the world from Israel's, atrocities against the Palestinians of the West Bank and Gaza. Palestinians are subjected to the worst form of apartheid, hatred, violence, killings and terrorism by the Israeli government and army. The nation owns a stockpile of some 400-500 nuclear weapons apart from the latest hitech weapons which they use freely against unarmed Palestinians who have nothing but stones and cheap home made glorified firecrackers which are described as 'rockets', and they don't even explode. So stop lying and distracting the world from Palestine's real issue by constantly camouflaging the hidden truth of the ghastly brutal occupation and terrorism of Palestinians by the newly arrived East and West Europeans. Palestinians have been living in their homes since 13 centuries. So stop these lies and murders and of course distractions of 'anti semitism' bullshit. Alan Dershowitz, while refreshing and admirable in his seemingly non-partisan defence of civil rights, has some hypocritical allegiances. He talks about "fair weather liberals" regarding Roger Stone's indictment, but openly supports the Clintons, a serial rapist and both protected criminals, who sold US assets to the Russians for personal financial gain and political bribes and exposed unsecured and classified documents to the web, to name only two crimes. Remember that Dershowitz was implicated in the same Epstein sex scandal as the Clintons and Bill travelled multiple times, deliberately without security, on Epstein's Lolita Express. This is the kind of blackmailable filth that cements loyalties in politics. Conservatives should capitalise on but be very wary of Dershowitz; Trump's pro-Israel policy may be all that endears Dershowitz to the Republicans. The left-wing may eventually realise that their ostracism of Dershowitz is counter-productive and Dershowitz will be welcomed back to the fold, all sins forgiven.	Sex	Gender - General	1/152	0.658

Satan is a God too.How can you call her anti-Semitic? She is likely more Semitic than Netenyahu. The bible says the devil will deceive the world. First of all Semitic is not a group of people it is a family of languages indigenous to Africa. Aramaic, Arabic, Hebrew, Amharic, Tegri, and about 400 others spoken Africa. The Zionists rule our country and have infiltrated the Christian Church. Any bible scholar knows the Jews are descendants from the European Kazarian Kingdom. In 740 AD they converted to Judaism under King Bulan. For hundreds of years they ruled a region between the Caspian and **Black** Sea. They converted to Judaism the same way Donald Trump’s daughter did. These imposters have no genetic, historical, or archeological connections to the Biblical Hebrews. The Christian church remains silent because if these European imposters are exposed; then people will ask who and where are the Hebrew Israelites. First of all they would look like Rep. Omar. The biblical Hebrews were Negros. Israel was in Africa despite attempts to redefine it as the middle east. Moses was raised as Pharaohs Grandson and all the Pharaoh’s of that era were Negros. Pharaoh had order the murder of all Hebrew baby boys of Moses **age**. Their was no physical differences between Hebrews, Egyptian, and Ethiopian people. When Moses true identity was discovered he fled into the wilderness. While resting at the well he helped the Shepard girls water their flock. When they return home early their father ask them, ” how is it you are back home so soon”. They answered an Egyptian helped us. They thought he was Egyptian because Moses fled with the clothes on his back. He was still wearing Egyptian clothes. Moses married an Ethiopian **woman**. King Salomon and Sheba first born son Maliki became the first King of Ethiopia. European were desperate to white wash history. For this lie to work they had to make the Egyptians and the Israelites white. This served the Kazarian European Jews and the Christian church. In many European countries that were not invested in the exploitation of Africa and it’s people; you find **Black** Madonna and Messiah. The Catholic Church decided to change the image of the Messiah. Pope Alexander VI commission a new European image of the Messiah. It was a big deal so a heated competition between DaVinci and Michelangelo ended with DaVinci winning the contract because he was rumored to be the lover of the Pope’s son Cesare Borgia. The image of the Christ that is on a billion pictures is the **gay** son of Pope Alexander. Why would the Hebrew people ever go to Europe. When threatened they always fled to Egypt and when Jerusalem was destroyed by the Romans they fled in to south and west Africa where you can find the tribes today. These Africans pass the Genetic test and they still follow Hebrew traditions. The very first maps of Africa commissioned by European Kings shows a section of West Africa called the Kingdom of Judah. Now this is where the story gets interesting. When the slave trade started we are told other **African** sold other **African** tribes into slavery. The truth that will shatter all we know today is the first slaves brought to the Western Hemisphere were the tribe of Judah. Yes, the hated blacks of the America’s are directly decendant of the tribe of Judah. The imposter Netenyahu stood before Congress

Anti-Semitism is everywhere, literally everywhere. Anti-Semitism is definitely not common at in mainstream left circles. The vast majority leftists aren't fans of discrimination against one's religion/ethnicity. Not to say that they're aren't some leftist that don't like Jewish people/Israel. I'm sure there are some, just like there are some conservative that don't like blacks. It's a very small number of both people but nevertheless they exist. Politicians can change their stance on issues, when given more information/insight on a topic, this is a very normal part of politics. The rise of Anti-Semitism in the US during recent years is a concerning problem, but a leftist politician changing her stance on Israel doesn't logically conclude to that Anti-Semitism is becoming normal in leftist circles (Because truly is not). Muhammad abdallah said According to the Torah, there's no such nation called Palestine or as the Arabs can't even say Pa but Fa.. Theres only a community of people called Philistines (Palestines/Palestinians). And according to the Torah, GOD (YHWH) wanted them slaughtered. The Philistines/Palestinians were killed by Samson when he singlehandedly tore down the temple killing thousands of Palestinians. Ilhan Omar and Rashida Tlaib are Muslims and they are trying to have Islam take over not only the United States, but the world.Islam is their religion and the Quran is their bible.Both Congress women Ilhan Omar and Rashida Tlaib were sworn into office using the Quran .The Quran is Islam's bible. It is where they get their orders from.Below are some of the verses from the Quran where the Quran tells its followers what to kill non-believers, in other words, any and all non-Muslims which includes anyone who leaves the religion and even their own family members if they are not Muslims.The Quran chapter 47 verse 4 says:"So when you meet those who disbelieve [in battle], strike [their] necks until, when you have inflicted slaughter upon them, then secure their bonds, and either [confer] favor afterwards or ransom [them] until the war lays down its burdens. That [is the command]. And if Allah had willed, He could have taken vengeance upon them [Himself], but [He ordered armed struggle] to test some of you by means of others. And those who are killed in the cause of Allah - never will He waste their deeds."The Quran chapter 8 verse 12 says:"I am with you, so strengthen those who have believed. I will cast terror into the hearts of those who disbelieved, so strike [them] upon the necks and strike from them every fingertip."Verses in the Quran where it talks about killing nonbelievers.The Quran chapter 2 verse 191 says: "And kill them wherever you overtake them and expel them from wherever they have expelled you, and fitnah is worse than killing. And do not fight them at al-Masjid al- îaram until they fight you there. But if they fight you, then kill them. Such is the recompense of the disbelievers."The Quran chapter 8 verse 12 says:"I am with you, so strengthen those who have believed. Narendra B r u serious dude?? Allah & Quran is bigot??? Just compare the following verses of Holy Bible & Holy Quran ...& then tell me which book is bigotry:"There shall be NO COMPULSION in [acceptance of] the religion. The right course has become clear from the wrong." (Quran 2:256)'And let not the enmity and hatred of others make you avoid justice. Be just: that is nearer to piety' (Quran 5: 8)"If thy brother, the son of thy mother, or thy son, or thy daughter, or the wife of thy bosom, or thy friend, which is as thine own soul, entice thee secretly, saying, Let us go and serve other gods, which thou hast not known, thou, nor thy fathers.....thou shalt not consent unto him, nor hearken unto him; neither shall thine eye pity him, neither shalt thou spare, neither shalt thou conceal him: But thou shalt surely KILL HIM; thine hand shall be first upon him to put him TO DEATH, and afterwards the hand of all the people." (Deuteronomy 13:6-9)Well Narendra,There is no comparison whatsoever between what this world has seen the 'non-Muslims' do and what the Muslims have done. The two World Wars in which 70 million people were killed were 'Christian' wars.Then there is the occupation of Muslim lands and the exploitation of their resources, which was and still is happening at the hands of 'non-Muslims' of all religions. This should be borne in mind when speaking of the Islamic view of humanity and of love and compassion. Fair-minded historians should compare the Islamic conquests of other lands with the Crusades, for example, and what happened in each case. They will see a clear difference between compassion and cruelty, love and hatred, life and death.	Quran	Religious Identity - Muslim	4/294	1.361

Oh please, anyone who's informed or self educated on Hitler's political rise can clearly see the left is becoming the Nazi 's. Dr Hirschfeld was a German Jew who started the Science and research behind the sexual revolution. Germans from Berlin were being incredibly open about free love and with the rise of scientific research from the industrial revolution, he looked at it. He invented the word transvestite and started researching into trans people. Then the Nazi party rose and that kind of killed things. Why does Dershowitz think "it's a great thing" to have Muslims in Congress? Think what a Muslim is required to believe according to the Allah-dictated Qur'an. True Muslims take the Qur'an as their infallible guide. Quran verses 2:193 & 8:39 order Muslims to fight unbelievers until Islam is the only religion anywhere. It accordingly forbids Muslims being true friends of the unbelievers (Quran 3:28, 4:144) . Q 60:4 'There has arisen between us and you enmity and hatred forever unless you believe in Allah and Him alone.' Q 48:29 'Muhammad is the apostle of Allah. Those who follow him are merciful to one another and ruthless to the unbelievers' These beliefs are what Dershowitz thinks is great to have in our Congress? He should also know the extensive Jew-hatred historically and in the Qur'an: [LINK] It's certainly not great to have any religious zealots in Congress, esp one who believes there should be no separation of religion and state, which is what Islam teaches. Is Dershowitz going to believe a Muslim congressperson who claims she doesn't believe in these above Qur'an commands? Then IMO he's a fool.	Quran	Religious Identity - Muslim	2/187	1.07

Yeah - truthful to each other meaning fellow muslims - not to non-believers who are considered free game ! Islam will not or cannot coexists with people of other religions or faiths. Look at the religious minorities in muslim majority countries - they are or have been systematically wiped out to almost nonexistence. Hindu India is facing a growing threat from its own muslims . Google for yourselves the percentage of muslims in India after the partitioning in 1947 and today. In a few more generations, muslims will form almost 50 or more of the population of India. More than Pakistan and Bangladesh combined ! China has the foresight to see the dangers posed by Islam in the country and has taken proactive steps to protect herself from this - I prefer to use the term - VIRUS ! The Christian West is still deaf , dumb and blind to the dangers posed by islam. Really need to wake up before it is too late to do anything about it. For example, the UK already have muslim mayors in towns and cities across the length and breadth of the country. The mayor of London is muslim and so is the Home Secretary. Soon it will be the Police Commissioner and not too long after, the PM, Chancellor and Foreign Secretary. Think I'm kidding ? Watch this space ! SHARIA LAWS will become the laws of the UK. "Tolerance of intolerance" perfectly summarizes what's been going on for the last couple of decades here in Western-Europe. Muslim communities (now 10 of the population in my country) have extreme hate for everything and everyone that is non-muslim and does not align with Islam. But. anna dustmann I'm a Muslim dear. How do you have so much problems with the hijab? Mary the mother of Jesus(pbuh) wore a hijab? Does that bother you? The cross bothers me because Christians are celebrating something they believe Jesus(pbuh) was murdered on. If your father got the electric chair, would you wear that around your neck as well?How do you have so much issues with Islam or the Quran ? How are you saying that Islam is bad to women? Clearly you have not read your Bible! Which is typical of Christians. Christians have ZERO legs to stand on when it comes to women's rights. Everything you just claimed about Islam is a lie. Where does it say anywhere in the Quran that women are worth less than men? As a matter of fact men and women are mentioned exactly the same amount of times in the Quran . Mike Woodson What have I said that is misguided about Christians? Where did Jesus(pbuh) in his own words say that he is god and has come to die on a cross for anyone's sins? Nowhere in the Bible does Jesus say that. The Bible was written by anonymous people hundreds of years after Jesus. Nobody knows who actually wrote these gospels. Or why these gospels were chosen out of many other gospels that existed. The Bible says God does not die. Not even for a split second. Even if you still believe god died to sacrificed himself...What kind of sacrifice is it when he's only dead for 2 days? Btw the Bible said he should be dead for 3 days, but only 2 could be accounted for. I encourage you to read the Quran .	Nobody, Quran	Age - Youngsters, Religious Identity - Muslim	2/135	1.481

Chapter of Mary (Holy Quran)19:16And mention, [O Muhammad], in the Book [the story of] Mary, when she withdrew from her family to a place toward the east.19:17And she took, in seclusion from them, a screen. Then We sent to her Our Angel, and he represented himself to her as a well-proportioned man.19:18She said, "Indeed, I seek refuge in the Most Merciful from you, [so leave me], if you should be fearing of Allah ." 19:19 He said, "I am only the messenger of your Lord to give you [news of] a pure boy." 19:20She said, "How can I have a boy while no man has touched me and I have not been unchaste?" 19:21 He said, "Thus [it will be]; your Lord says, 'It is easy for Me, and We will make him a sign to the people and a mercy from Us. And it is a matter [already] decreed.' 19:22 So she conceived him, and she withdrew with him to a remote place.19:23 And the pains of childbirth drove her to the trunk of a palm tree. She said, "Oh, I wish I had died before this and was in oblivion, forgotten." 19:24But he called her from below her, "Do not grieve; your Lord has provided beneath you a stream.19:25 And shake toward you the trunk of the palm tree; it will drop upon you ripe, fresh dates.19:26So eat and drink and be contented. And if you see from among humanity anyone, say, 'Indeed, I have vowed to the Most Merciful abstention, so I will not speak today to [any] man.' 19:27Then she brought him to her people, carrying him. They said, "O Mary, you have certainly done a thing unprecedented.19:28O sister of Aaron, your father was not a man of evil, nor was your mother unchaste." 19:29So she pointed to him. They said, "How can we speak to one who is in the cradle a child?" 19:30[Jesus] said, "Indeed, I am the servant of Allah . He has given me the Scripture and made me a prophet.19:31And He has made me blessed wherever I am and has enjoined upon me prayer and zakah as long as I remain alive19:32And [made me] dutiful to my mother, and He has not made me a wretched tyrant.19:33And peace is on me the day I was born and the day I will die and the day I am raised alive." 19:34That is Jesus, the son of Mary - the word of truth about which they are in dispute.19:35It is not [befitting] for Allah to take a son; exalted is He! When He decrees an affair, He only says to it, "Be," and it is.19:36[Jesus said], "And indeed, Allah is my Lord and your Lord, so worship Him. That is a straight path." 19:37Then the factions differed [concerning Jesus] from among them, so woe to those who disbelieved - from the scene of a tremendous Day. <p>She is part of the Linda Sarsour Power group (see Sarsour’s FB) and during the election she was sponsored with the CAIR (terrorist Hamas org) lineup of Muslim candidates that ran alongside of Ocasio Cortez and Abrams from Ga. and all Sarsour’s posts show the anti Israel affiliate group having Jews pandering to Sarsour’s group of candidates. How can you believe a Muslim who states she is for Jews when the writings of Islam state that Jews come from apes and they are as Christians are which the Quran calls ‘pigs and dogs.” Who wants to vote for a candidate whose cult promotes that kind of hate for the human race or pander to a activist Sharia Muslim like Sarsour is, and Omar was and is part and parcel to Sarsour who links herself with the Bernie Sanders’ (uncle Bernie she calls him) leftist group and all these women who are part of that org. listen to Sarsour dictate to them. Sarsour even has to dictate to the ‘white women’ a special message because ‘white people’ are to be dummied down to be part of that crusade to make America bow to Sharia and Islam’s dictates.All of these candidates including Ocasio are there in Congress to bend the laws so that these radicals can make way for their own cult’s agendas so they are paving the way for those hostile agendas under the guise of helping women, illegals, blacks etc. People (even celebrities like Allyssa Milano) are being used to be part and parcel to this group but underneath it all the goal is to destroy the U.S. from within and make it bow to Islam’s agendas and the leftist communist group aka Sanders group, and the black activists, the illegals, and the women’s groups have united with Sarsour’s Power group (and remember that is CAIR in disguise) to vote for these Muslim candidates and black activist candidates that have leaned to this power group. Ultimately they are using each other to get a greater voice for each need each other to be a greater voice but buyer beware the common goal is to divide the Nation and let it fall to hostile agendas. Do see Laura Loomer (a Jewish journalist) approach this problem and she shows that in Minnesota the Somalian refugees are taking the monies to push for their own (Keith Ellison also) so they can use the State funds to help ONLY the Somalians. She confronts Omar, Sarsour, Milano, etc. In one video the American Indians are shown living in tents and cannot get Section 8 Housing or aid because all the money goes to the elite Muslim Somalian refugees. Same as in Dearborn Michigan with the no go Sharia zones. And furthermore how stupid are the women activists during the Kavanaugh hearings siding with Sarsour the organizer (one of them) to rally with her for Sarsour was the one who stated that she wanted to give Brigitte Gabriel and Hirsi Ali (Muslim woman spokesman against genital mutilation of which she experienced) an ‘ass whippin’ and ‘rip out their vaginas. So those women activists who were non Muslim who sided with a woman who is anti Israel, who favors an ideology that sponsors genital mutilation and that calls death for anyone who does not adhere to Islam, do note you are being used and lied to. Halley Jalal al Din al-Suyuti narrates Ibn Abbas, the MOST REVERED and TRUSTED narrator of tradition in the sight of the SUNNIS regarding his opinion of Al-taqiyya in the Quran verse: Ali Imran 3:28 "but not the Believers take for friends or helpers, unbelievers, rather than Believers if any do that in nothing will there be help from Allah; except by way of precaution that ye may guard yourselves from them. But Allah cautions you (to remember) himself for the final goal is to Allah. That Ibn Abbas said "Al Taqiyya is with the tongue only; he who has been coerced into saying that which angers Allah and his heart is comfortable(I.e. his true faith has not been shaken.) then (saying that which he has been coerced to say) will not harm him (at all); (because al taqiyya is with the tongue only (not the heart.))" (Book "al Durr al Manthoor Fi al Tafsir al Ma'athoor")Abu Bakr al Razi states " It is permissible to speak words of unbelief when Al taqiyya is mandatory." Ahkam al Quran " v2, p 10)Ibn Abbas stated "al Takia is the uttering of the tongue, while the heart is comfortable with faith which means that the tongue is permitted to other any untruth in a time of need as long as the heart is not affected and one is still a believer." When the followers of Muhammad are in a weak position they are allowed to lie and do whatever is expedient to survive even if it meant breaking every Prohibition in the Quran . Taqiyya allows mohammedans to become short or long-term sleepers to be able to use deception, misinformation, disinformation, to bring discord and anything else to collapse the kuffar until Islam is dominant and the kufr is subjugated. So little Sunni you are a liar!!!!!! And you just proved it. You know what is so funny is that the person that you're talking to could be an ex-muslim, could be a minority who's actually had to live under the oppression of Muslims, or could be somebody who has just spent the time to educate herself and not take it for the words of the media, SJW marxist propaganda and Muslim propaganda. Pinky Gpigs Honey ,when a person believes that over a quarter of the worlds population is out to ‘get’ them and ‘destroy’ them... that’s a bit of an irrational fear. You are nothing but an ignorant fool. You copy and paste from anti Islamic websites and pretend to be knowledgeable. When you don’t even know the back story of any verses. So many of these verses are taking about war situations. If Muslims actually wanted to kill the infidels, they would of done so a loooooong time ago.There wouldn’t be any ‘infidels’ left. All the sources you brought said taqiyya is when you are being coerced ,or it’s mandatory to save your life. So thank u for proving that taqiyya is not something a Muslim can do just for the sake of lying to the ‘disbeliever’. A Muslim is only allowed to lie if their life is in danger or their being coerced. Not to trick the disbeliever to get ahead. A Muslim has to follow the laws of the land their in.There is a back ground to this. But of course you did not provide it. You do know that Muslims ,Jews ,and Christians lived side by side for over 800 years under Islamic rule. Some of the oldest churches in the world are in Islamic countries. Guess what NOBODY DESTROYED THEM!	Nobody, Nothing	Age - Youngsters	2/225	0.889

Halley , can Christians and Jews and Hindus practice their faith openly, build and maintain their worship places? NO. People can see for themselves what the Quran , Hadith, Sunnah, and other Islamic sources say themselves, fool! You don't like that you are being called out. Typical, same mantra from Mohammedans. Name calling, attacking others intelligence, next you will tell me that I need to be fluent in Arabic and then I need to come to an Islamic scholar to fully understand the clear super duper clear clear absolutely clear it couldn't be made any more further than clear word of Allah to fully understand Islam. The only thing that Islam gives is cognitive dissonance. I noticed you have not answered any question of mine about the fact that why is there a woman in prison for drinking in the Muslim only water bucket? Is it because she's unclean cuz she happens to be a Christian? Why don't you want to answer that? is it because the real truth of Islam will come out that Muslims think that they're Supreme and that everybody else is unclean like the prophet said? Will that let out your dirty little secret that you're not quite so tolerant as you're trying to propagate?	Quran, Woman	Gender - General, Religious Identity - Muslim	2/208	0.962
Halley, Christians and Jews were Dhimmi under Islamic rule for 800 years. Explain Dhimmi and would your precious bum be subjugated under it. Would you want to be treated like you treat kufr? Did you know that Genghis Khan even hated Islam and Mohammedans due to their intolerance of others that he practically wiped Mohammedans out. Mohammedans attacked Genghis Khan's clans unprovoked. It's a great illustration of Mohammedans shouldn't be feared and should be put back between the two mosques and crawl back into its hole as a Serpent does? Do you know who equated Islam as strange and equated it to a Serpent? That Islam will almost evaporate?	Bum	Social Class - Destitute	1/109	0.917
Halley you have many forms of deception in Islam and has nothing to do with being in danger. Husbands can lie to their wives. They do not have to tell them about other women they have sexually contracted themselves to. Though you don't have marriage in Islam. You actually have sexual contracts in Islam. Temporary "marriage" I.e. Prostitution (Mutah). You can try to pretty Islam up. Stick a pink bow on it. Douse it with smelly perfume. But Islam is still nothing but a pile of shit and the only thing it attracts are flies!	Nothing, Sexual	Age - Youngsters, Gender - General	3/95	3.158

American’s are asleep at the wheel: Lets look at the Quran , instead of getting our information from Soundbytes and propaganda clips. SURA 3:28: Let not the believers take the unbelievers for protectors rather than believers; and whoever does this, he shall have nothing of (the guardianship of) Allah, but you should guard yourselves against them, guarding carefully (taqiyyah/taqīyah). Talk to any Imam and they will freely tell you this... if they do not lie. I talked to one in the Capital City of Indonesia and he was extremely open and friendly with me. He had nothing to hide. He told me this: Muslims are permitted to lie: (1) to save their lives, (2) to reconcile a husband and wife, (3) to persuade a woman into a bedroom and (4) to facilitate one on his journey. Muslims are even permitted to disavow Islam and Mohammed if it is not a genuine heart-felt rejection. Muslims will tell you that concealment of a truth is not an abandonment of that truth if it benefits Islam. So, basically you can lie if you can justify that it serves Mohammad, and the ultimate goal of Islam, in making the entire world subservient to their religion, or they will kill you. Yes, it is radical...and Yes, they firmly believe in it with their entire being.... and Yes, Americans, Europe, and the West cannot fit that into their Ideological motif of "Lets just be all inclusive and get along" mentality. They just can’t think someone could be so "intolerant." It is like saying a wolf wouldn’t dare hurt the sheep, because it acts very similar to the sheepdog, and even looks like the sheepdog. This is not the type of people that follow America's founding religion. America is based and founded on Christian Judaea beliefs and will stand as such from now to the ends of the earth. America stands with Israel and always will. Jesus Christ is King of all kings and There is only one God. The God of Joesph and Abraham. All nations that will go against Israel will fall including USA if it goes against Israel. There is freedom of religion in the US and the United States Of America laws and government was created by our forefathers with the moral words of the Bible, Christ and The Ten Commandments. This nation will not follow any other religion to its faith as a nation or its government. Period. Jesus Christ is the Light of the world. The only light. The only way to God. When they get enough power the very first things they will get rid of are the core ideals of the libertard platform! It's like mice blindly supporting and defending cats! The Democrats believe that people vote according to the demographic they belong to or self-identify with. This is the very short definition of identity politics. They assume that victory if theirs if they can put together a coalition of demographics that results in a plurality of voters. 100,000 more Demo votes in swing states such as Florida, Georgia and the Rust Belt, and the Democrats would control the Senate and the White House. The DNC cannot afford to lose Sharpton/Ellison/Tlaib/Ilan/Waters Democrats or the Muslim-American vote. Hence DNC condemnations of Farrakhan and Sarsour will be very slow in coming.Dersh overstates the threat from the antisemitic Old Right. Really? Neo-Nazis are not conservatives? I seem to remember white nationalist Richard Spencer leading a rally after Trump’s election where he led the audience in chants of ”Hail Trump,” accompanied by fascist salutes. Watch it here if you haven’t seen it: [LINK] I also seem to remember Spencer organizing the Unite the Right rally in Charlottesville (Unite the RIGHT, not the left), the one Trump couldn’t quite bring himself to fully condemn. You know, the one where the conservatives marched through the streets carrying torches and chanting Nazi slogans such as ”Blood and soil!” and ”Jews will not replace us.” I remember James Allsup, president of the WSU chapter of College Republicans, was there and he posted a video where he almost jizzed his pants when he ran into Richard Spencer, ”Mr. Spencer sir, how can I help you sir, can I direct traffic for you sir.” It was humiliating, and put to rest the lie that Republicans and neo-Nazis aren’t joined at the hip. I also remember Allsup in the video speaking highly of KKK grand wizard David Duke, who was also at the Unite the Right rally. So, both neo-Nazis and the KKK were at the pro-Trump Unite the Right rally. What does that tell you?By the way, do you know about the Enabling Act of 1933? It was the piece of legislation that gave Hitler dictatorial powers. The Nazis did not have enough votes in the parliament to pass it on their own, so needed help from other parties. There were four other major parties in parliament at the time: DNVP (conservative nationalists), Zentrum (conservative Catholics), SPD (socialists), and KPD (communists). The two conservative parties voted UNANIMOUSLY in favor of the legislation, thus making Hitler dictator. The SPD voted UNANIMOUSLY against the legislation. The KPD would have voted against it, but all its members were under arrest or in hiding. So much for your revisionist BULLSHIT about the Nazis being socialists. ---	------	--	-------	-------

Dularr - "Of course Nazis were socialists" is not an argument. I presented actual evidence of the socialists and the communists parties opposing the Nazis and the conservative parties supporting them. Let me repeat the most crucial part: The socialist lawmakers voted unanimously against the Nazis and the conservative lawmakers voted unanimously for the Nazis. That is a matter of documented history. You presented no rebuttal aside from vague assertions. Then, just as now, Nazis align with the right. The Unite the Right Rally in Charlottesville was sponsored by and/or attended by neo-Nazis and the KKK. At the rally, they declared their support for Trump. Really, all you're basing it on is the word "socialist" in the Nazi name. If you knew history, you would know that the more socialist elements in the Nazi party (notably Ernst Rohm and the SA) were decisively purged during the Night of the Long Knives in 1934. This purge came at the urging of conservatives within and outside the Nazi party. Once it was over, conservatives were firmly in power. The Nazis had a friendly relationship with business, were anti-communist, against independent unions, aggressively privatized industries that had been nationalized in previous administrations (banks, railways, steel, shipbuilding, utilities, etc.). No socialist government would undertake aggressive privatization. Your argument is absurd and ahistorical.	Nazi	Ideological and Political Identity - General	3/218	1.376

Boys....Both of you are displaying exactly what trump has been peddling. Fear. You sound like you are just normal people but like Joel said the political slant (that Donny has based his existence on) is grabbing you. Fear is something that needs to be faced by every person personally. It is so easy to retreat to the camp that claims "us vs. them" because you are with people that say they are on "your" side. It is an over used analogy but that is literally how Hitler got a foothold in 1932. A base of 30 was enough to take over a country when the balance of people teetered on the fence, holding their noses because they needed jobs. What is missing is empathy. That doesn't mean feel sorry for them, it means put yourself in their shoes. I have no problem hating people, I have plenty of that but I base it on their actions not their color of skin. When I see white men walking into churches and synagoges and schools I have to ask who is the enemy here? They look like me. Fear is where they started.	Slant	Nationality - Chinese	1/191	0.524

This is the way it always has been and change has little impact on those who vote. People vote for Democrats because they believe it is the party of the people.Look no further than the black and brown communities. Now upon the scene we have a rising Muslim community and so they elect a woman to the Senate.Those belonging to the Democratic party vote on feelings and not facts. All is not lost for the other side since the blacks are coming to their senses and finally realized they have been used and abused. jhc VV Christianity is the only religion that has invoked multiple Inquisitions to annihilate the so called "heretics", "blasphemers" and "unbelievers"! Not even 60 years have passed since the last black man was lynched and burned alive on the cross by the white Christian "saviors" in America. Aarif Khan what are you talking about? Lol Christianity is the only religion that INVOKED multiple Inquisitions to annihilate the so called heretics, blasphemers, and unbelievers due to these acts not needing to even be invoked in Muslim majority countries, it isn't bigotry nor is it invoked since it happens as if it's natural in these societies. Is it the Christian majority nations that punish people for critiquing or simply questioning religion even on the internet or is it the Muslim majority nations? Is it Christians who will request for the government to punish you if you draw a picture of Jesus or is it Missing? Regarding Christian radicals, I'm almost certain that they're despised by the Christian demographic, find a survey that shows that 20 of Christians in the US or any Christian majority country support their acts instead of condemning their acts. If you're going to bring up the strawman of the last Black man who was lynched being committed by a southern racist Christian several decades ago then I can easily say that not even 1 year has passed since a Muslim has sold a Black man/we/child as a slave on Algeria or Libya..... <p>You stupid brainwashed fool.How can you call her anti-Semitic? She is likely more Semitic than Netenyahu. The bible says the devil will deceive the world. First of all Semitic is not a group of people it is a family of languages indigenous to Africa. Aramaic, Arabic, Hebrew, Amharic, Tegri, and about 400 others spoken Africa. The Zionists rule our country and have infiltrated the Christian Church. Any bible scholar knows the Jews are descendants from the European Kazarian Kingdom. In 740 AD they converted to Judaism under King Bulan. For hundreds of years they ruled a region between the Caspian and Black Sea. They converted to Judaism the same way Donald Trump’s daughter did. These imposters have no genetic, historical, or archeological connections to the Biblical Hebrews. The Christian church remains silent because if these European imposters are exposed; then people will ask who and where are the Hebrew Israelites. First of all they would look like Rep. Omar. The biblical Hebrews were Negros. Israel is in Africa despite attempts to redefine it as the middle east. Moses was raised as Pharaohs Grandson and all the Pharaoh’s of that era were Negros. Pharaoh had order the murder of all Hebrew baby boys of Moses age. Their was no physical differences between Hebrews, Egyptian, and Ethiopian people. When Moses true identity was discovered he fled into the wilderness. While resting at the well he helped the Shepard girls water their flock. When they return home early their father ask them, ” how is it you are back home so soon”. They answered an Egyptian helped us. They thought he was Egyptian because Moses fled with the clothes on his back. He was still wearing Egyptian clothes. Moses married an Ethiopian woman. King Salomon and Sheba first born son Maliki became the first King of Ethiopia. European were desperate to white wash history. For this lie to work they had to make the Egyptians and the Israelites white. This served the Kazarian European Jews and the Christian church. In many European countries that were not invested in the exploitation of Africa and it’s people; you find Black Madonna and Messiah. The Catholic Church decided to change the image of the Messiah. Pope Alexander VI commission a new European image of the Messiah. It was a big deal so a heated competition between DaVinci and Michelangelo ended with DaVinci winning the contract because he was rumored to be the lover of the Pope’s son Cesare Borgia. The image of the Christ that is on a billion pictures is the gay son of Pope Alexander. Why would the Hebrew people ever go to Europe. When threatened they always fled to Egypt and when Jerusalem was destroyed by the Romans they fled in to south and west Africa where you can find the tribes today. These Africans pass the Genetic test and they still follow Hebrew traditions. The very first maps of Africa commissioned by European Kings shows a section of West Africa called the Kingdom of Judah. Now this is where the story gets interesting. When the slave trade started we are told other African sold other African tribes into slavery. The truth that will shatter all we know today is the first slaves brought to the Western Hemisphere were the tribe of Judah. Yes, the hated blacks of the America’s are directly decendant of the tribe of Judah. <p>Yisroel Katz That seems kind of absurd. Mandatory Palestine existed as part of the British Empire for almost like half a century, and was occupied by the Ottomans for 100s of years before that. Arabs have been living on that land for nearly as long as Jews have. Intriguingly, a cursory glance at Wikipedia also suggests that the region was majority Christian for a long time before the turn of the 19th century. I don't think anyone should question the right of Israel to exist, since they won it fair and square, but that doesn't mean that you have to demonize the other side either.I think you should consider this. Dershowitz is being pretty disingenuous when he talks about the "anti-Semitism of the hard right". Obviously, that exists, but it's also a massive oversimplification in many cases. Based on your other comments on the vid, you seem to realize that Democrats aren't truly the friends of the Jews. From my reading of history, I don't think that the Jew has ever known a better friend than the white American evangelical Christian, at least in this current era. However, white gentiles are also starting to feel taken advantage of, since as you probably know, the majority of Jews lean liberal, liberals have taken an anti-white turn, and therefore many of those highly visible anti-white liberals are Jews. So, that is where that rise in anti-Semitism, which is real, is coming from. What I would submit to you is that you shouldn't dichotomize us into categories of "Zionist Christians" or whatever and the rest as "neo-Nazis". Instead, think of it like we want to renegotiate our relationship with the Jews, and try to approach us willing to have that conversation and with understanding as long we're not being overly hostile towards you. That "special relationship" between the white gentile and the Jew, whatever has worked for 70 years, obviously isn't working out so well right now. Non-Jewish whites are starting to feel taken advantage of, and that's only human. At the same time, Jews and white Christians together over the last century have built, bar none, the greatest civilization that the world has ever seen, which is why the rest of the world also wants a piece of that pie too. It would be a shame if we had to lose all that. I understand that you seem to be very proud of your people, your culture, and are probably sensitive to any threats to that. Which is an admirable trait. However, there are lots of Jews out there who are willing to make the difficult step of reaching out to us and having those tough conversations, so I just wanted to put it in your head that there are people like me out there and we're not all monsters. Fox News is not all-encompassing of all the conversations happening on the right right now. The powers that be, the ruling class, whomever they may be, divide us into arbitrary categories of Jew, gentile, Christian and atheist and Muslim, white and black, man and woman, straight and gay, etc., and then sell us a poison pill "diversity" as a solution to all those problems, but the reality is if we're going to unite and beat those people, it will still involve building bridges of our own as well.Sorry for the rant, but I hope I don't come across as a hateful person, I disagree with some of the rhetoric of very "anti-Palestian" Israel supporters but I also admire your passion. :) I would feel much safer with people like you on my side than not if shit ever hits the fan.</p>	Black, Gay, Woman	<p>Ethnicity - Black, Gender - General, Sexual Identity - General, Sexual Identity - Male homosexuality</p>	4/611	0.655

<p>Elpeo Puru Palestine was not a country it was a British mandate! That means that Britain controlled the area! Dershowitz is not a spokesman for the Jewish people! We are for morality as stated in the Bible! It is only the secular Jews who are Liberal who have disassociated themselves from their heritage and adapted alien ideas to Judaism! Mein Kampf and Arab nationalism - WIKIPEDIAMein Kampf has been pointed to as an example of the influence of Nazism for Arab nationalists. According to Stefan Wild of the University of Bonn, Hitler's philosophy of National Socialism – of a state headed by a single, strong, charismatic leader with a submissive and adoring people – was a model for the founders of the Arab nationalist movement. Arabs favored Germany over other European powers, because "Germany was seen as having no direct colonial or territorial ambitions in the area. This was an important point of sympathy", Wild wrote.[1] They also saw German nationhood—which preceded German statehood—as a model for their own movement.In October 1938, anti-Jewish treatises that included extracts from Mein Kampf were disseminated at an Islamic parliamentarians' conference "for the defense of Palestine" in Cairo.[11][1][12]	Nationalism	Nationality - General	1/137	0.73

He wasn't unracist, he was just LESS racist than the rest of his party! The bill divided and engendered a long-term change in the demographic support of both parties. President Johnson realized that supporting this bill would risk losing the South's overwhelming support of the Democratic Party. Both Attorney General Robert Kennedy and Vice President Johnson had pushed for the introduction of the civil rights legislation. Johnson told Kennedy aide Ted Sorensen that "I know the risks are great and we might lose the South, but those sorts of states may be lost anyway."Senator Richard Russell, Jr. later warned President Johnson that his strong support for the civil rights bill "will not only cost you the South, it will cost you the election". Jonathan Scheib The ties between Islam and politics cannot be compared to Christianity.Christians know that the Bible was written by men who weren't Jesus, and that the canon was arranged much later by the Church. So they think it is fallible, and can pick and choose the moral laws they prefer.Muslims believe the Quran is the literal word of god, as dictated by Muhammed himself.Jesus also supposedly said 'Give unto Caesar what is Caesar's'. This is one of the most important lines in the Bible. It means Christians can justify living as subjects, without having conquest as their real goal. Muslims only live as subjects when forced to - conquest is their ultimate goal.Islam cannot ever be truly non-political to nearly the same extent Christianity can. <p>Solan K Islam cannot be reformed. The Muslim has no need for a conscience, because Mohammed's example determines what is right or wrong. If he wants to rape a nine year old girl or slaughter a few hundred kuffar then he will not be bothered by a guilty conscience, because the 'perfect man' has set the precedents. Islam produces swarms of mindless mobotic clones programmed to emulate a seventh century psychopath. Islam cannot spread or even maintain itself without violence: violence to those who attempt to leave Islam, violence to those who criticise Islam, and violence to those who refuse to be subjugated by Islam. <p>Lynn Michael You call me a pathetic liar? You do not even know me. Hate is great must be one or your Christian slogans? Your Christianity is for sure NOT mine. I favour the Christianity of Jesus: love, inclusiveness, international/global visions, help the poor, turn your cheek (no violence and for sure full gun banning), healthcare for all (help the cripple), fight climate change. You seem to favour the economic right wing logic (help the rich), and some Old Testament hating texts (keep the (Christian) strangers out, as they are dangerous...). The problem with the Bible is that you can interpret it in many ways, as it has many contra-dictionary statements and visions. Some state that "Pro" life (anti women) anti abortion texts are crucial. I do not think so. In the past hating gays was also extremely important. It is not.....Helping the poor, and arranging inclusion is crucial. If Jesus would not have stressed that element Christianity would have been totally lost. The poor in the Roman Empire kept the religion alive (without them Christianity would have died out, as so many thousands of religions did), as it was stressing that they were important and they had to be helped.</p>	Cripple, Old	Age - Over 65s, Physical Identity - Physical (and Mental) Impairments	2/201	0.995

Democrats passed those discriminatory Black Codes and Jim Crow laws. Democrats supported and passed the Missouri Compromise to protect slavery. Democrats supported and passed the Kansas Nebraska Act to expand slavery. Democrats supported and backed the Dred Scott Decision. Democrats opposed educating blacks and murdered our teachers. Democrats fought against anti-lynching laws. Democrats passed the Repeal Act of 1894 that overturned civil right laws enacted by Republicans. Democrats declared that they would rather vote for a "yellow dog" than vote for a Republican, because the Republican Party was known as "the party of nig-rs." Democrat Senator Robert Byrd of West Virginia is well known for having been a "Kleagle" and a recruiter in the Ku Klux Klan. He personally filibustered the Civil Rights Act of 1964 for 14 straight hours to keep it from passage. Democrat Senators Sam Ervin and Albert Gore, Sr. (the father of former Vice President Al Gore) joined him in his efforts to defeat the bill. Democrat President Woodrow Wilson, reintroduced segregation throughout the federal government immediately upon taking office in 1913. Democrat President Franklin D. Roosevelt's first appointment to the Supreme Court was a life-long member of the Ku Klux Klan, Sen. Hugo Black, (D-AL). Roosevelt's choice for vice president in 1944 was Harry Truman, who was a member of the Kansas City chapter of the Ku Klux Klan in 1922. Roosevelt resisted Republican efforts to pass a federal law against lynching and opposed integration of the armed forces. Democrats supported and backed Judge John Ferguson in the case of Plessy v Ferguson. Democrats supported the School Board of Topeka Kansas in the case of Brown v The Board of Education of Topeka Kansas. Democrat public safety commissioner Eugene "Bull" Connor, in Birmingham, AL unleashed vicious dogs and turned fire hoses on black civil rights demonstrators. Democrats were who Dr. Martin Luther King, Jr. and the other protesters were fighting. Democrat Georgia Governor Lester Maddox (1967-1971) "brandished" an ax hammer to prevent blacks from patronizing his restaurant. Democrat Governor George Wallace blocked the entrance to an Alabama schoolhouse in 1963. He blocked the doors with his body, declaring that Alabama would be segregated forever. Democrat Arkansas Governor Orval Faubus (1955-1967) fought to keep Little Rock public schools segregated. Democrat Senator John F. Kennedy voted against the 1957 Civil rights Act. As President, Kennedy opposed the 1963 March on Washington by Dr. Martin Luther King Jr. He also had Dr. King wiretapped and investigated by the FBI. Democrat President Bill Clinton's mentor was U.S. Senator J. William Fulbright, an Arkansas Democrat and a supporter of racial segregation. Clinton served as an intern for Fulbright in 1966-67. Sen. Fulbright signed the Southern Manifesto opposing the Supreme Court's 1954 Brown vs. Board of Education decision. Do you think your garbage is collected by the boy scouts? I live in what used to be steel country and the mob is still hang on to what is left. In my state as early as six years ago Democrats was threatening people at the election poles. History repeats itself and when I seen Hillary on TV saying the Democrats will do whatever it takes to regain control I had flash backs. A few years ago antifa was demanding the sheriff offices in my state to release records on people with CCW permits so these people could be targeted, for what reason we still don't know. We have seen an up swing in anti-Semitic behavior. This also coincides with Obama bring in large numbers of Muslims. These Muslims are not choosing the Republican Party. Antifa, a democratic supposed organization, os constantly trying to violate freedom of speech. This is happening today. An other reason for a history lesson it because every single person of color tries to use it to justify their racist mentality, but when it is used to reflect habitual of a political party snowflakes have meltdowns. So make up your mind are we going to have a history discussion or not? Now you know why Obama tried hard to rewrite history, because Democrats was on the wrong side. You're deluding your self about that too.The hateful rhetoric you speak of is all coming from the Democrats and media. You let them spoon feed you what they want you to know. You also seem to think that this shooter being 'right wing', and since you've assigned me to the right wing, you seem to think that I have some responsibility to take. Not true in any way. Someone from an ill defined group of people does something bad, and you automatically assume every person in that group is bad too? Correct! I might want to point out though that this is in terms of the full number of dead, not the frequency of attacks. Remember, the only reason for that particular number of Right Wing attacks to be so high, is due to the 1995 Oklahoma City bombing. It's the second deadliest terrorist attack in U.S. history, killed 168 people and accounted for 77 of all the murders committed by Nationalist and Right Wing terrorists since 1992! There generally aren't a lot of politically motivated attacks in the US and that makes this a pretty crude statistic as it is difficult to measure. Daniel Vincent Mentioned earlier that he had no interest for left wing attacks or KKK attacks that happened decades ago, therefore it wouldn't be fair to put focus on Nationalist and Right Wing terrorists attacks that happened almost 30 years ago either! If one were to look at it from a broader perspective and go further back in time to Southern Democrats and Ku Klux Klan attacks, the result would look different. If one were to put all politically motivated attacks together from the last centuries and compare Left and Right Wing motivated attacks, there probably would not be a huge difference anyway, and most people on both the left and the right would denounce all these attacks despite which ideology inspired them anyway. I just brought this up as there seemingly was an interest for the most recent politically motivated attacks. I found it to be more relevant to this particular discussion. Also the endorsement to Obama was because the KKK preferred to endorse Obama than Hillary. David Duke, personally has said that he never will endorse her, he prefers a black president than her. Look, again, KKK members think that their race is superior to other races, they are against immigration and advocates of the 2nd amendment . <p>You have made a lot of points. Try to do only a few and so we can debate easily. I don't understand why you talk about drugs problem and homeless. The drug problem is the crime derived from making it illegal. Legalize drugs is not a good solution, but at least is not that bad as making it illegal. That was problem when alcohol was illegal in the 1920s. Again, I'm not a leftist , but about Trump , well, that guy is literally a racist, liar that doesn't care if he lies, because he will lie about the lie that he said. Someone that praises dictators like Putin, the guy from north korea, the one from China etc. By any stretch of the imagination Trump is person that respects the fundamental values of the Constitution about freedom , separation of power in government etc. He thinks that people should obey him I rig the game for it. Seriously, Trump, for me is at the bottom of the bottom. But if someone supports him , I'll like to know why. If they said, Trump after Hillary, ok, I maybe can understand that, but otherwise it doesn't make any sense for me. The point about the drugs addict and who is running it, I don't agree. Alabama and some of the states in the south are the poorest in the country. Those states are run almost by republicans. If fact, if you can say something is that the richest cities in the country are all left. New York, San Francisco, Seattle etc. Sure, you can say the same for poorest places, but I will debate that a little more. I agree fully with you about Antifa and other groups, but those people are very far to the left. The middle of the republican party is to far to the right. And , I don't know if you have notice this, but the whole world, is moving to the left, academy, industries etc, and the american right is way , way far to the right.</p>	Racist, alcohol	Behavioural Addiction - Alcohol, Ethnicity - General	2/343	0.583

rey well to start with the real reason the left has gone nuts. Trump. The crooked Clinton's screwed over Bernie, but that is OK because Bernie is a full blown Socialist. We can't have socialism in the US because it never worked in the past it will never work in the future. Socialized medicine is a different story. That works great in all the other industrialized nations. Hillary lost because of two reasons. First no one wanted an other Clinton in office then she threatened to destroy fossil fuels. With **nothing** to replace it with. When she said that she lost Ohio and Pennsylvania. She cut her own throat. You can't blame Trump for being in the right place at the right time. With the combination of the east sitting on the largest reserve of natural gas ever discovered. Republicans loosening the restrictions on the industry and the introduction of right to work laws. If you have not noticed, anyone that wants a job can have a good one. Trump's and republicans policies have created over 4 million jobs in a year and a half. For the first time in West Virginia sense WWII there are more jobs than sober people to fill them. Sense Trump has become president my income has more than doubled, real companies have came into my state because of right to work laws and I have the best health insurance I have ever had. Because I have seen this happen first hand I will vote for Trump in 2020. Right now I know of a dozen companies and plants beginning for drug free employees with pay and benefits to reflect that need. Democrats and unions could not do this in my life time. As far as legalizing drugs. For starters weed is not a drug it is an herbal supplement. Like mushrooms. I think people should be able to grow it like tomatoes and green beans. If people have open access to heroin they would be dying in the parking lots. We have a bad heroin problem and non junkies are not getting ambulance and first responder help that they need because they are all being use for overdoses. Can you imagine if you could walk into a store and buy LSD? I know alot about drugs, I have done my share of partying and I know people are to stupid to do drugs. In the tristate area where I live drugs are a small part of gang activity. Human trafficking is big. If you legalize all natural drugs that is great, weed is better for everyone than beer is. However you would have to crack down hard on the use, distribution and manufacturing of hard drugs. Get off the idea that addiction is a disease. You can't have people buying meth at the flea market. As far as guns go, let's start enforcing the laws already on the books. You can require people to take classes and qualification tests only if they are going to carry. You can't do it for ownership. Once you do that the government can change one little thing in the requirements and then violate the second amendment. I think making it 21 to but any firearm is a very good idea. All school shootings in the past 25 years have been done by kids under the **age** of 21. Kids are just not as responsible as they used to be. States need to update certain laws. The school shooting in Florida by a 20 year **old** formal student. He had 30 or so domestic violence calls from his mom. In WV you have one call you loose your right to own a gun. You can pass laws to restrict law bidding people from owning, using and carrying fire arms. Although I don't support the idea, cities should have different

<p>Dude, don't make paragraphs that long, also include line breaks :), it's more easy to read.It seems that we more or less agree on guns and drugs, so I won't talk about that.Let me start with the fact that Trump and republicans have created a lot of jobs. That statement is misleading. The average number of jobs per month created under Trump is lower than during Obama. In fact, Trump hasn't done anything , since 2010 all the numbers(jobs, unemployment, etc) in the economy have been improving. What Trump does is the same that always have done, take credit for things that he didn't accomplish. And also I will go a little further to tell you that even Obama wasn't the direct responsible for the state of the economy. In fact, we can attribute that to Yanet Allen , that was the head of the Federal Reserve during all of these years and was the one who implemented a excellent monetary policy. So, even if Hillary was the president or McCain or Bernie, the economy will stay more or less the same. The best job that a president can do for the economy is to not intervene. Also, you are not talking about the tariff that Trump have made that are costing billions to the economy and tax payers, because of his protectionist mentality. It's true that all politician lies. We do to. Almost everyone care about the truth, they will hide that lie, or try to deny it, because they care about what you think. But Trump and his people, they don't care about , they will lie, constantly, they will make fact in the air, they would lie directly to your face about the lie that they said. Look, suppose that you have a couple and that person is cheating on you. The normal thing is that they will deny it, because at some level the "respect" you. So, they will try no to do it again or be more careful. That is what a regular politician does. But now, suppose that the person cheated on you in front of your face. So you confront her and nothing happens. Again they will do it in your face, because they don't care about you opinion. And this is what Trump and his people does. And in my opinion, this is very dangerous, because for them there is no difference between true and lies. Also, look at what he does as president. He only goes to Fox News, because they trait him polite. How many interviews have had Trump with CNN, New York times etc. That is very wrong, he his doing the same that dictators do, and it's be interviewed by people that support you. Look at Obama, Bush, Clinton, Reagan, etc, all of them have done several interviews with people of the opposite side, and have defended their points of view. If you think that that is not dangerous i think that you don't understand how easy is to brake democracy and the american idea of freedom.</p>	Nothing	Age - Youngsters	1/511	0.196

I just want to make another point. You said that socialism was try it and was a failure. I think that you are talking about Soviet Union, Cuba, North Korea etc. By any stretch of the imagination, Bernie is a " communist ", in fact he will be someone in the middle of the political spectrum in a country like Sweden or Australia etc. And those countries are more "capitalistic" than US, look at the index of economic freedom. Bernie just want a safety network for people on the bottom, that is. The implication that you are doing from Bernie to communist is wrong. rey I know the president doesn't have as much to do with the economy as people think. However republicans support right to work laws and Democrats don't. I am living a middle class life now because of right to work laws. Trump is not my first choice as a president, I didn't even vote for him however he is all we had. Sure I wish I could resurrect Ross Perot. To tell me Trp is a racist you have to give me an example, because O don't see it. The media is just so bias they just attack. Trump is not going to be a dictator because you can only have two terms. The only reason Trump is on office is because there is no one else to vote for. There is a veteran from the southern coal fields of West Virginia, he is a democrat he ran for something and lost. I don't know what because I live on the North and didn't care. He claims he is going to run for the presidency. Maybe just maybe someone will be worth voting for in 2020. Until then I support Trump because he is picking Supreme Court Justices I like. People just need to calm down and remember there will be an other election. For me I what immigrants to enter legally, I want my right to work laws and I want very conservative supreme court judges. If a democrat can do that then they can have my vote. Sorry about the paragraphs and run-on sentences. I'm on a phone and can only see a small part of what I type. Let me put you some example that racist comments and thing that Trump personally have said: -He began his 2016 presidential campaign with a speech disparaging Mexican immigrants as criminals and 'rapists.' -He uses the gang MS-13 to disparage all immigrants.-In June 2017, Trump said 15,000 recent immigrants from Haiti 'all have AIDS' and that 40,000 Nigerians, once seeing the United States, would never 'go back to their huts' in Africa. -At the White House on Jan. 11, Trump vulgarly called for less immigration from Haiti and Africa and more from Norway.-He spent years suggesting that the nation's first black president was born not in the United States but in Kenya, a lie that Trump still has not acknowledged as such. -In 1989, Trump took out ads in New York newspapers urging the death penalty for five black and Latino teenagers accused of raping a white woman in Central Park; he argued they were guilty as late as October 2016, more than 10 years after DNA evidence had exonerated them.-A former hotel executive said Trump criticized a black accountant: ' Black guys counting my money! I hate it. ... I think that the guy is lazy. And it's probably not his fault, because laziness is a trait in blacks.'Do you agree that this indicate that Trump is a racist ? rey no that tells me he is racially insensitive. He no different than any other old white guy. Remember where I'm from. You don't know real racism . Of course he says things that maybe offensive to you. I had school teachers that SAID far more extreme things than that. I have heard video of Bill Clinton as governor say more than that. At 12 years old I had to return fire from my house at a bunch of inbred hillbillies because I was a target. The reason being I was a target was because I would help the black man that rented the house next to me collect fire wood. I know people that tried to burn a black family alive in their house. O have over heard sheriff deputies talk about black men that "committed suicide" in the local jail. I know a bar right now that will kill any blacks that try to enter. My sister dated a black man when she lived in Pittsburgh and got death threats from class mates she hadn't seen in ten years. Hell I got death threats because my sister dated a black man. I remember a local bike gang drug a black man to death with their bikes. No one ever was charged for any of these. Like I said you have never seen racism . Words don't mean anything. rey - "David Duke, personally has said that he never will endorse her, he prefers a **black** president than her." - OK, then that might prove a point that the KKK are not the same racists they used to be if they are willing to endorse an **African** American over a white **woman**. Endorsing a person for their inner qualities over their skin color!"Republicans think their races are superior to others and against immigration" - Sorry WHAT!!??

There is no proof of the KKK donating \$20.000 to the Hilary Clinton, but there is no proof of any of the things you just stated either and they are factually wrong! I'm no republican, but the republicans judge people for their inner qualities and not their looks!

This is why the republicans want a merit based immigration system, which the democrats and the left in general have OPPOSED! Me and my wife are Immigrants and we are both treated differently according to which **ethnicity** and citizenship we have. As an example, for me as a Danish citizen, I can technically get a green card as soon as 3 months, whereas my wife, who is Chinese, has to wait more than 6 years, and even after so many years of waiting, it may still be rejected. Since the republicans started talking about the merit based immigration system, the left and the media have only showed disapproval for it! "The Democratic party 150 years ago is not the same that right now."

- Maybe you are right! But if they don't hold the same political opinions as they did 150 years ago, then they are not a "Democratic Party", as they wouldn't hold views of democratism. The Democratic Party these days are for open borders (globalization), gun control, high taxes, restrictions on freedom of speech, government controlled health care and government controlled education which are all Socialist views! My point is, peoples opinion can change, but an ideology will always remain the same! **Race** baiting and strategies like 'get-out-the-vote', is used by the left, purposely to divide our **nation** by angering and energizing the **black** voting bloc. It is a strategy that is predicated upon the belief that anyone who disagrees with Democratic policies are simply **racist**.

Under this premise, white men who are not Democrats are **racist**. White men and women who consider themselves independents, but agree with any of President Trump's policies, are **racist**. And yes, even white Democrats who are not all in with the 'resist and obstruct' strategy are now considered **racist**. Here are a few out of thousands of examples of the left displaying **racism**.Don Lemon who recently said, "The biggest threat to this Country, are white men". [LINK] Or how the left and journalists from leftist news networks, take Trumps words of "considering himself a nationalist", twist his words, and call him a white nationalist. <p>rey - "Let me put you some example that racist comments and thing that Trump personally have said:" -He began his 2016 presidential campaign with a speech disparaging Mexican immigrants as criminals and 'rapists.' - Very incorrect! He clearly said Illegal immigrants! You are twisting his words! "-He uses the gang MS-13 to disparage all immigrants." - In what way has he done so? As an immigrant, I'm pleased to hear he cares about national safety and security. When he speaks of MS-13, he makes it very clear! Hopefully, you as well would want to see Gang-members who are known to viciously slaughter people get deported or locked up. -In June 2017, Trump said 15,000 recent immigrants from Haiti 'all have AIDS' and that 40,000 Nigerians, once seeing the." - First of all, there is no proof of him saying this and the White House has denied that he said this! And you may not be aware, but Nigeria is a country not a race! Where is the Racism in anything you just cited? Do you even understand the word racism? A person who shows or feels discrimination or prejudice against people of other races, or who believes that a particular race is superior to another.Why would you even insinuate he's a racist in the first place? You sound like a very kind person, but if you have these things from Brainwashing CNN or MSNBC I would urge you to look around for news sources from both the left and the right! They constantly try and paint him as a racist, even though he's never been accused of being racist until he started running for president! If he's racist then why would he hire, elect and work with black Americans like Ben Carson and colored people in general. He's always been well known for his close relationships with many black rappers. I don't remember this perfectly well, but he also won that reward back in the 80s for being the first one to provide some sort of special care for the African American workers working under him. There is also the well known story of when he free of charge provided Jenifer Hudson and some of her relatives shelter at the Trump holdings after her family was gruesomely murdered in Chicago.The same people who denounce Trump for being a racist, hypocritically oppose Trump's plan for better school options for black children. There have been liberal commentators comparing Trump to George Wallace, the late Alabama governor who defended school segregation and stood in front of the white public schools with armed guards to keep the black children out. Trump is advancing the idea of school choice so that every child can attend a quality school, public or private. In cities such as Washington, D.C., and Milwaukee, the children who benefit from voucher and scholarship programs are predominantly black. Trump wants to increase by tenfold the number of black children who benefit from these vouchers and scholarships. And with that story where Donald Trump sent his own jet across the country, to pick up a sick child with family and medical people and then flew to NYC where the youngster got life saving treatment. Then flew everyone back to the west coast! All because the mother contacted him. Commercial airlines would not help the kid. No profit for Donald Trump and it probably costed Trump \$70,000 each way in fuel and other expenses. <p>Bro, can you write only two or three small ideas. This is too long. I never said that "Republicans think their races are superior to others and against immigration", I said that about KKK and white nationalists.I have seen a lot about Jordan Peterson, and fully agree with him. But people like Micheal Eric Dyson are very far on the left. My concern for the moment is that the middle of the right party is way way to the right, than the middle of the left party. You can see this contrast if you compare politics in USA vs other developed nations. I cannot answer all your points, in your next comment make only one or two, I think is more easier to make the discussion.You said that as you move to the extreme right more peace is granted. That is completely false. I share almost all ideas of the libertarian idea, but libertarian is not far right. Far right is nationalism, protectionism, racism, racial superiority. You look at Jordan Peterson videos, that is something very clearly stated. The reason why Switzerland hasn't attacked anyone is because they have only 8 million people and are a very small country.</p> <p>Look at united states during the all history. The problem is that the american constitution doesn't apply to other countries, so the government can do a lot of shit. By the way, the most "capitalistic " country is Hong Kong, as Milton Friedman said: "Hong Kong is the best example of laissez-faire capitalism ". Look at the index of economic freedom.</p>	Nationalism, Racism	Ethnicity - General, Nationality - General	2/262	0.763

<p>rey - You wrote "KKK members think that their race is superior to other races, they are against immigration and advocates of the 2nd amendment . Those things are a primary concern of people in the republican party". You directly insinuate that the KKK are republicans or at least they align with them. To insinuate, is just a way to get around directly saying something. Maybe this isn't really what you meant to say, but it is what you wrote. Minimum wage is just another thing to suppress economic freedom.</p> <p>Sanders wants to raise the minimum wage? Well that just once again shows how deluded he is! In fact all the countries that Bernie Sanders praise like Denmark(where I'm from), Sweden and Norway don't have a minimum wage! "You said that as you move to the extreme right more peace is granted. That is completely false. I share almost all ideas of the libertarian idea, but libertarian is not far right. Far right is nationalism, protectionism, racism, racial superiority." - I apologize if I wasn't clear! And looking at what I wrote I completely acknowledge I wasn't! I'm somewhat making a generalization. What I mean is the further right you go, the less government is favored contrary to the further left you go, the more government is favored. Therefor I put Libertarianism at the very end of the left-right spectrum as they advocate for less government than any other ideology. In Fact, traditionally they want to get rid of the federal government entirely. The Left-wing politics and right-wing politics are often presented as opposed! I didn't mean to refer to the "far-right" (or extreme right). But Far right and far left are not much different from each other, as they both promote racism and fascisms, segregating the populous and punishing the ones that oppose the government or people of certain skin colors and religions. Non of them therefor support small government. They both support big government to an extend where they could control the people, and I would even argue that the "Far-Right", is far left on the left-right spectrum. Nationalism does not belong under the "far right" though! Do a little research and you'll find it's normal right wing politics! "The reason why Switzerland hasn't attacked anyone is because they have only 8 million people and are a very small country." Sorry mate that is completely falls! Britains population was only 3.5 million people in the 16th century when they set out to concur the world, and they succeeded controlling half of it for hundreds of years. 70 percent of the Chinese population is either of Korean or Japanese descent. Despite the much larger population in China, these countries have numerous times invaded China and controlled vast areas of China. You may not know this, but my Country (Denmark), used to consist of both Denmark, England, Norway and Sweden and a big part of Germany. Despite the tiny population of Denmark, which was much smaller when the vikings where around, they were able to go to war with these countries and win! And in more recent history, all the countries in EU have small populations, yet all but 2 countries (Switzerland and Sweden) have been invaded or have had tyranny numerous times just in the last 100 years! And it's not a coincidence that both Sweden and Switzerland along with the US (Which hasn't had tyranny or invasions at all), has the highest rates of gun ownership in</p>	<p>Nationalism, Nobody, Old, Race, Racism</p>	<p>Age - Over 65s, Age - Youngsters, Ethnicity - General, Nationality - General</p>	<p>7/1430</p>	<p>0.49</p>

<p>Large, indeed :). At least all ideas are is split between paragraphs. I'll follow the same format than you to answer.Countries like Sweden and Norway, Denmark don't need minimum because in part the don't have the level of immigration that US has. It has been documented that low skilled immigration affects mainly low paying jobs, therefore the supply of people for those job increase. So , in a country(developed) were you don't have immigration , the "supply" of low skilled people tend to decrease with time. I don't agree that MW should be set at the federal level, but I would like that different states try it. For example, here in Washington state the MW is 11.50 and the unemployment is very low, around 4. So, for me if you raise the MW and the unemployment stay the same and nothing changes is good. Even when is true, that in the technical sense is suppression of "economic freedom", in fact, I thing that suppression of "economic freedom" is a little exaggerated, because for the person that is working on that there is no freedom. Also , remember that the market is not perfect, is the least bad of all solutions that we know. When I refereed to the example of Switzerland and its population, also I was referring to the fact, that compared with other countries is not that powerful. England, in its moment conquer half of the world because was the most powerful nation, as US is right now. Even if the state is small, national defense is owned by the state, I think that function is one of the basic functions for the state from the point of view of libertarians. But made the population vote for the decisions in a large country is very difficult. In my opinion the only way that you can avoid that the US government attacks other places is make a constitutional amendment to only attack in case of invasion or if a super majority on congress vote for that. About Hong Kong. I'm only talking about economic freedom, not press not political freedom. In fact you don't need political freedom to achieve economic freedom, Chile was an example, as Singapore is right now or Hong Kong. Those index of freedom of press etc are not made as the index of economic freedom is done. Those are made by surveys etc. The index of economic freedom take into account 5 factors: taxes, size of government , business freedom etc. It's not perfect but is widely used by a lot of economist etc. I agree also that since China took over Hong Kong economic freedom has decreased, but even right now, they are way more economically freedom that USA, low taxes, no tariff for importation nor exportation , very small government(something interesting is that Hong provides health care mainly through government), small deficit etc. Now about Trump and Sanders etc. Because Sander supported a place like Venezuela in some point you cannot discard him. Everyone at some points of their life support people that have done wrong things. Right now, you have Trump supporting the government of Saudi Arabia even when the US intelligence agencies have said that were they. But, he doesn't care if Saudi Arabia killed and ripped apart a journalist. For me that is way more dangerous than Sanders supporting Venezuela few years ago. This goes to the core of freedom and your principles. Something that I think that Trump doesn't have. <p>rey - I won't argue with your first reply, as I agreed with most of it. But in the next one you are factually wrong!"You said that "the more conservatives countries are the safest". Seriously, that is completely false. US has the highest crime rate country among the developed nations. It's around 5 deaths per 100 000 people. For example, Canada has 1.3 , UK 0.9, Spain 0.7 , Switzerland 0.7 etc." First of all Switzerland is far more Conservative and capitalistic than the US, so this ones again proves my point! But to compare a large superpower with 50 sovereign states, to small EU countries in such a generalizing manner obviously doesn't make any sense. The Tenth Amendment expresses the principle of federalism and states' rights, which strictly supports the entire plan of the original Constitution for the United States of America, by stating that the federal government possesses only those powers delegated to it by the United States Constitution. All remaining powers are reserved for the states or the people. This is why every US state is almost as different from each other, as the different countries in Europe. Every state is unique in its own way. They have their own governments, laws, culture, nature, accents, climate etc. Hence, the statistic you have presented, is profoundly generalized. When digging into those crude stats, which only reveals the median numbers of the US, you'll find many negative numbers, but you'll also find much better numbers! First of all general violent crime rate is rated higher in EU than the US. And states like South Dakota, Minnesota, Vermont, North Dakota, Montana, Main, New Hampshire, Iowa, Idaho Wyoming Utah etc. are very peaceful states with low crimes rates and they all have some of the lowest murder rates in the entire world all below 3 out of 100,000 people! And the ones with the lowest are New Hampshire 0.9 in 2014, North Dakota was rated at 0.6 in 2000, South Dakota was rated at 0.9 in 2000, Maine rated at 1.2 in 2000, Vermont 1.1 in 2010 etc. Some of them have increased and decreased over the years, but they are non the less extremely low, and only a couple other countries have similar low numbers. And ones again non of any of the states mentioned are left leaning states. The countries in EU with the lowest murder rates are Austria and Switzerland (Which also happens to be the most conservative) and the states in the US with the lowest crime and murder rates, as proven, are also among the most conservative US states. "China has less level of crime and murdered than USA. I only said this because every time that I ask a Chinese about this they said that they feel safer in China" - Sorry mate you can't win that one. China is a socialist dictatorial country, and they would never allow the real numbers to come out! Moreover the Chinese police don't even respond to 90 percent of calls. You can easily kill somebody in China and the police wouldn't care. My wifes' body is filled with scars from muslim gangs in China torturing her, beating her, cutting her with barber knives etc. For 10 years they stole hundreds of thousands of dollars from her businesses, controlled her life, and in spite of calling the police thousands of times, hireling lawyers, contacting global domestic abuse organizations, nobody ever did anything. The few times the police would show, they would say "it's not my job". <p>rey - Hey Rey. I've studied these stats a big part of my life! "I did the same in the EU and couldn't find any country with more than 2 murders per 100 000. In fact , UK and France who have garnered the media attention for very unsafe places in EU have 1.2 murders." - Well then you certainly didn't look carefully, because the murder rate for the European Union alone is 2.69, and if you included all of Europe including the high crime countries, the number would be much higher! Ukraine was rated at 6.34 in 2014, Montenegro, was rated at 4.46 in 2016, Latvia rated at 3.36 in 2015, Lithuania rated at 6.00 in 2015, Belarus rated at 3.58 in 2014 etc. not to mention European Russia, rated at 11.30 in 2015, which occupies almost 40 of Europe's total area. And the European portion of Turkey known as Thrace, and turkey overall being rated at 4.31 in 2014. France and the UK are not considered some of the most dangerous places in Europe at all, but London and Paris have very high murder rates! Both the UK and France have some of the lower murder rates in Europe. [LINK] [LINK] [LINK] The United States, with an average murder rate of approximately 5 per 100,000 is compared to a variety of Western and Central European countries (also sometimes Japan) with murder rates often below 1 per 100,000. This is, in turn, supposed to fill Americans with a sense of shame and illustrate that the United States should be regarded as some sort of pariah nation because of its murder rate.Note, however, that these comparisons always employ a carefully selected list of countries, most of which are very unlike the United States. They are countries that were settled long ago by the dominant ethnic group, they are ethnically non-diverse today, they are frequently very small countries (such as Norway, with a population of 5 million) with very locally based democracies (again, unlike the US with an immense population and far fewer representatives in government per voter). Politically, historically, and demographically, the US has little in common with Europe or Japan. And also remember, the vast majority of murders in the US come from very specific states! There where around 15.140 murders in the US in 2015. 1,861 where killed in California, 1,276 where killed in Texas, 1,149 where killed in Florida, 651 where killed in Pennsylvania, 611 where killed in New York state and 571 where killed in Michigan (Notice how 4 out of 6 of those states are also among the most left leaning states). Combined that's 6,119, meaning 40.41 or almost half of all combine murders in the US, comes from 5 states out of 50 US states! [LINK] [LINK] "Also, states like Vermont or Oregon that are very safe are not conservatives. These states are very liberals. The fact that the number of guns is high doesn't imply that are conservatives." - You do know that there is a big difference between liberal, leftist and democrat right. Most true liberals actually tend to be pro gun. Oregon is indeed a majority left voting state, but murder rates in Oregon range between 2-4. Not high, but not among the lowest either. Vermont (Murder rate between 1-2) is more or less a swing state I guess. They voted for Hilary in 2016, but Phil Scott won by more than 55 in the midterms, and all but one county (Windham County), voted red with some counties reaching 70 republican votes. "My only point is that crime is not related to be conservative. I am a First Nations American, what most would consider to be a pagan since I practice ancestral reverence and traditional worship according to my people. I do however have a degree in comparative religion, and the practicing Muslim person who is devoted enough to wear a hijab will not be a fair an impartial person in a position of authority, their creed demands anti-Semitic intolerance, they believe their father Abraham passed over the rightful heir of Ishmael (son with a slave) for Isaac (son with his wife) also Muhammad was shunned by the Jews with his prophetic writings so he started Islam. These are all well documented facts. If you do not convert to Islam you are thought of as an infidel. Again these are facts. I have no horse in the race or skin in the game I do not subscribe to any major religious sect. Devout Muslims do not want to do anything but conquer and convert. I earned a masters proving that. I would not refer to your beliefs as pagan, as all the native beliefs i know of are actually not far from a common religious belief of many. To me pagan beliefs were always very barbaric and i would not refer to native american religion as barbaric, now yes there were some customs that were barbaric but i was always taught that they were not really their religious beliefs but secular beliefs. Jonathan Scheib The Abrahamic indoctrination is strong with you. By definition First Nation spirituality IS pagan. Paganism is reverence to the natural world and the spirits therein. The Abrahamic faiths are the barbarous ones. The followers of the old ways, the true ways never waged war or engaged in slaughter for the express purpose of wiping out all other belief systems. Of course monotheism was only invented to enslave the masses by cutting them off from the natural world and the power that such a communion brings by labeling it as "evil" or "barbaric". In truth the leaders of the big three all practice the old ways in secret. Only the enslaved worship the false yahweh that was invented by LHP magicians to horde all of the magic for themselves.Of course I don't expect you to accept the truth. You will laugh it off. salamA I've seen it for myself at religious debates and your so called holy book and deity promotes animosity towards Jews and Christians. Quran 5:51(Yusuf Ali translation) "O ye who believe! take not the Jews and the Christians for your friends"	Quran	Religious Identity - Muslim	1/41	2.439

Intelligent Speculator I think an intelligent person as your self should not be so quick to cite one verse from the 6,236 verses in the Quran that says Muslims should not be friends with Christians and Jews. If that were truly the case, I think billions of Muslims and myself included would be committing a sin. This very specific verse refers to a time of the Prophet when the 'Jews and Christians were in open conflict with the Muslims, there were some Muslims who were more concerned about maintaining there alliances with the Jews and Christians at the expense of the Muslim community. The above verse is referring to such situations where Muslims with doubts in their hearts will ally themselves with the enemy.' So this does not apply to modern day society. Once again I have Jewish and Christian friends and I attend many interfaith events. I can assure you once again this is not about religion.	Quran	Religious Identity - Muslim	1/158	0.633
Intelligent Speculator Also, I have taken a closer look into many religions that I have studied in my world religions course and have found some of the most violent verses in the Bible and Torah. However, thats simply not fair for me take those verses out of context and use them in arguments or debates. Many of these verses are not taken literally and rightfully so. Here's an example; 1 Samuel 15:3: "This is what the Lord Almighty says ... 'Now go and strike Amalek and devote to destruction all that they have. Do not spare them, but kill both man and woman , child and infant, ox and sheep, camel and donkey.' " Now an uneducated person may be taken back by this but as my world religions professor taught us, you can't just look at a couple of verses and claim to know and understand an entire religion. salamA There is no such thing as a "modern day society" interpretation of the Quran in Islam. According to Ibn Kathir(1300–1373) who is an Islamic scholar and expert on Quranic exegesis, you are either a liar or you're a kafir."Allah forbids His believing servants from having Jews and Christians as friends, because they are the enemies of Islam and its people, may Allah curse them. Allah then states that they are friends of each other and He gives a warning threat to those who do this" –Ibn Kathir(1300–1373)	Quran	Religious Identity - Muslim	1/89	1.124

(Quran 2:62)O mankind! We created you from a single (pair) of a male and a female, and made you into nations and tribes, that you may know each other (not that you may despise (each other). Verily the most honored of you in the sight of God is (he who is) the most righteous of you. And God has full knowledge and is well acquainted (with all things). Shane Webber I'm Minnesotan. I worked in Minneapolis when the Somali migration began in the late 80s. I didn't find out what was happening to Minnesota until 2010, and I was routinely watching evening broadcast news, CNN and reading the Star Tribune. Now I don't use any of those news sources since I began receiving news about Minnesota from OUTSIDE Minnesota. We have been betrayed by Governor Mark Dayton who was voted in because of name recognition. He is nearly a falling down drunk now heavily medicated with psychotropics, as best I can tell from watching videos of him speaking to groups of Somalis. The broadcast media celebrated him, same with the newspaper. The news used to be fairly trustworthy back in the 80s and prior but the Star Tribune has become a rag with a nearly illiterate editor. Most articles have a byline that is a name that suggests their English is a second language. Minnesotans nearly gave Trump a win on Minnesota. Shane, I need to modify your comment that "Minnesota" doesn't care about its small town working class and farmers. Minnesotans have had their "Minnesota Nice" used against them by the Refugee Resettlement Industry and Minnesota Senators with their eyes focused on the economy. Now I live near the other large population of Somalis in Minnesota . . in Central Minnesota . . and I'm seeing evidence that the Somali males and illegal Mexicans are working in slaughterhouses. Looks like some Minnesota farmers are linked to the use of labor from poor countries. I really hate being around the Somali guys who can be so easily radicalized. The mall a mile from me experienced a stabbing assault on 10 shoppers by a Somali male who was described as one of the most assimilated! He was shot dead by an off duty cop on 9.17.16. I anticipate another outburst like that anytime now. But this influx is not the fault of ordinary Minnesotans. They have been duped and are waking.	Refugee	Nationality - General	1/332	0.301

<p>The problem is that members of free societies are ill-prepared to accept that an ideology such as Islam requires the calculation of their destruction even BEFORE Muslim believers begin to arrive onto their territories. Jihad does NOT begin with the beheading of Christians.</p> <p>The first, and perhaps the most important phase of jihad, is to compel masses of believers to infiltrate a host nation. Even if their numbers are not initially large compared to the number of secular citizens already living in that society the odds are immediately stacked against the survival of the host culture for the primary reason that civilized societies are always monogamous. Islam, however, encourages every male to have up to 4 wives and an unlimited brood with each. (Not too different from latino populations which are monogamous only ‘in theory’.)</p> <p>Within a generation or two the indigenous population of the host nation is dangerously out-populated by masses of people who drop the overall IQ level of that nation by considerable points. These are easily controlled, greedy masses that use their newly acquired, unearned ‘rights’ to compel a rapid political and cultural implosion of their host nations. Only when the demographic situation is sufficiently ripe does the second, more brutal phase of jihad begin.</p> <p>It is critical to remember that the objective of EVERY practicing Islamist is JIHAD. The ‘peaceful’ Muslim believer signs onto phase one of the process, to systematically parasitize and ‘seduce’ a culture, while the radical believer follows up with the all-out frontal attack of phase two. Those who take on the role of the first phase pretend to be ‘offended’ when one points out their imperialist intentions while the second phasers delight in the shocked expression on the faces of the victims they are about to sacrifice.</p> <p>Both groups are culpable. Both are equally dangerous to everything our forefathers fought, bled and died to provide us.</p> <p>Brigette Gabriel describes the takeover of (Christian) Lebanon: [LINK]</p> <p>True Islam (by William Federer) [LINK]</p> <p>(To every muslim who wants to do the ‘right thing’: It is your responsibility to read the Quran, Hadith and Sirra COVER TO COVER, in a language you understand and then to take full PERSONAL responsibility for your choice to serve your ‘god’ as well as for YOUR PARTICIPATION in the call to destroy the creations that better men have built. One came to set men free, the other to spring the final Satanic clampdown on all human expression and to relegate humankind to its fullest & final entropic bondage. The state of Israel is not the biblical Israel. The true Christian Church is the Israel of the Bible. I don't understand how all of you can ignore the very words of the Messiah himself, when he said to the Jews your temple lies desolate. When he said to the Jews that the message will go out to another people. And I can give you about another dozen off the top of my head up quotes from God himself about Israel and why the scepter will be given to another people because of their disobedience. You do realize that the Messiah of Israel is Jesus Christ, right? You do realize that those Jews murdered Jesus Christ? That's hardly a people who we're following the Messiah. They still can't get it through their thick heads that the Messiah and Jesus Christ are one and the same. Daniel 9:24- 27 makes it clear that Israel had a 490 year probation and if they did not come to the accepting of the truth and following God that the message would go out to another people. That the message would go out to the Gentiles. Those Gentiles are called the Christian church. What do you think Paul and Peter were? They were Christian. There's not two messages. Christ is not double-minded. The message went out in ad 34 to the Christian church. Israel is the Christian church or I should say the true Christian Church. That state of Israel is nothing but a political Pawn of the Roman Catholic Church which is the Antichrist, and apostate protestantism, Islam, Buddhism, and Hinduism are her daughters.	Nothing	Age - Youngsters	1/269	0.372

Master Samuels I have no problem with that in general, but just be aware that those people in Israel are not God's chosen people and they are under the control of the Antichrist power just like Islam. Brother or Sister, everything you see going on around you is nothing but one big huge drama being played out on the Earth. All of the politicians are the actors and we are the spectators. The Democrats and the Republicans are just following orders from the Jesuits. Donald Trump is just trying to destroy that Johnson Act so that they can mix church and state. Getting rid of abortion is a good thing. Overturning the ability for homosexuals to get married is a good thing. Bringing prayer back into public schools is a good thing. But it will not end there and that is the problem. They will continue to combine church and state until what we have is a repeat of what happened during the Dark Ages. Human nature will be human nature period over 50 million people were murdered because they wanted to know the truth about God period between Islam and Roman Catholicism that's how many people were murdered during the Dark Ages. That's why there was a Protestant Reformation. That's why the United States was settled by Christian running away from the persecution in Europe. The whole purpose of the United States was to get away from church and state relationship that Rome had with the European nations. So what? We're going to just go ahead and repeat that? Yes, that's what the Bible says is going to happen. So I realized that many of the things Trump is doing sounds good, but in reality him in the Democrats are working for the same people. The Democrats want to bring in a bunch of regulations because of it what they consider is climate change. This will also bring in a church-state relationship because the Roman Catholic Church and toast is backing climate change and so they therefore agree with the Democrats. So we have the room in church agreeing with Trump on some things, and then agreeing with the Democrats on other things. That's because they're running both parties. They only thing a Christian can do is listen to The Bible and follow God, because getting into the political Realm as a Christian is dangerous business.	Nothing	Age - Youngsters	1/397	0.252
I hope you are correct. But if one were to believe The Bible (which I don't) then they would accept that eventually Israel will be surrounded, cut-off, attacked by every nation on Earth, and then defeated. God said it would happen in Revelations. Who are we to say it won't? Everything is playing out the way it was meant to. Israel will rise from the ashes (if any of it is true) with The Trinity complete.	Nation	Nationality - General	1/76	1.316

<p>richarddr1234 you have the second part right, but I don't know where you're getting that first part from? I've been studying the Bible for 40 years and I've never seen any place that said that all men are going to be saved. That is called universalism and come straight from the pit of Hell known as the Jesuits. Brother, if you don't die daily to sin, just like Paul had to, then you can be lost. There is nothing in the Bible that teaches once saved always saved, and in fact it teaches just the opposite. Jesus said narrow is the way that leads to heaven and wide is the road to destruction. there is no sin in heaven or on the new Earth, so you must prepare yourself now to live without sin in heaven and on the new Earth. If we could all just send and go to heaven then there would have been no point for God to kick Lucifer Out of Heaven, and no need for Jesus Christ to die on the cross. Both of those things would have been unnecessary if we could just sin and still go to heaven. remnantofgod.org</p>	Nothing	Age - Youngsters	1/196	0.51
<p>Brian How sad. I'm assuming you are speaking of the plagues that have been promised for over 2 thousand years. These are the plagues from Revelations? So, older than 2 thousand years The plagues that have been used to frighten the uneducated, the lies so shamelessly used to control those same uneducated masses. I notice you like to quote and try to interpret that to what you want to hear. Have you ever preached this quote from Jesus? Quote "The church is within yourself". To think Jesus would look upon the current Christian church with anything other than disgust is pure arrogance. Jesus attacked the money changers in the temple for a reason. The Christian church for 17 hundred years has coveted, collected and forced payments from their "flocks" using that same threat you just did. Fear the Lord, obey my laws.In truth, you are celebrating "Christmas" because it was a chosen date in 325 A.D. (council of Nicaea) The birthday of the "head" bishop and coincided with the festivals of Saturnalia and the birth of Mithra the Persian sun god. NOTHING to do with any truth and absolutely nothing to do with Jesus. Your own records explain how the religion was founded on lies and self serving motives. Brian Then you must live a very blissful life. You blew any chance to be taken seriously with the claim of humans being here for 6000 years. How did you come to the 6000 guess? Your obvious rejection of your own church's records and blind acceptance of the core lies of your belief have led you down the path of darkness. Ignorance may be bliss to you but it is still ignorance. You, as I'm assuming you are a white male have as much as 4 neanderthal genes in your makeup. <p>O'Rileyfrom Cork brother, there are actually three comings of Jesus Christ. The first was obviously when the Son of God was born in a manger being fully God, but also fully human. The second coming of Christ is about to be fulfilled when the Lord Jesus comes in the atmosphere and reawakens those who are sleeping in the grave and are saved. Jesus Christ will not touch the Earth at his second coming. This is extremely important to understand because Satan is going to counterfeit the second coming of Jesus Christ. But he will not be allowed to fully duplicate it. This basically means that Satan will be walking around claiming to be God and performing miracles. These will not be some type of magician tricks, but actually supernatural miracles which will deceive most of those on Earth, especially the atheists. That is why the Bible says if they say that Jesus is in the mountains or in the desert go not out to see him because it will not be Jesus Christ. Jesus will not touch the Earth at his second coming. Jesus does touch the Earth at his third coming. The Bible says that he touches the Mount of Olives and it Cleaves to form a huge plain big enough to allow the city of Jerusalem to land in that area. When Jesus touches the Earth he purifies that section of the Earth so that the purified city of New Jerusalem will not be soiled by the sin and filth of this Earth. This third coming does not happen until the Millennium is over. So between the second coming of Jesus and the third coming of Jesus is period known as the millennium. So it would be impossible for you to wait for Jesus to come to that spot because if you're not in the city coming down with Jesus in the first place then you did not make it in the first resurrection at the second coming. At the second coming there are four groups of people. Those who are alive and saved. Those who are alive and wicked and lost. Those who are dead and saved. And those who are dead and lost. When Jesus enters the atmosphere of the Earth the dead in Christ will rise first to receive their new bodies and go to heaven for a thousand years. The wicked dead will remain in their graves for that Thousand Years. The wicked living will be killed by the brightness of Jesus Christ and they will try to run for the caves in the mountains but they will not Escape. They will lie when the earth dead for the beginning of that Thousand Years. The living saved will then rise up to Jesus after the others and receive their new bodies. Then they will all go to heaven for 1000 years. After A Thousand Years the city of New Jerusalem will come down out of heaven with the redeemed in it and land on a purified Mount Olive that has turned into a large plain. At this time Jesus will rise above the city of New Jerusalem and Shout to the Dead and they will arise out of their graves and also of the Earth where they laid. Satan and his Fallen Angels who have been on this Earth without anyone to tempt for 1000 years will now go around to these billions of people to tempt them to attack the city and take it from Jesus. We do not know how long this period will be but I imagine it will take a couple months or more because the Earth is totally destroyed at the second coming and they will try to attack the city with weapons. So they will have to make those weapons somehow. You will have some of the greatest generals and wicked men that the world has ever seen in one large army. <p>That's just a secular state it has nothing to do with Jesus Christ. Most of the people over there aren't even real Jews. Israel is controlled by the Pope and they should not even have that land. That land was guaranteed to the original Hebrews as long as they remain faithful to God. They ceased to remain faithful to God on numerous occasions, including being so rebellious that they started worshipping Baal. It got so bad that God allow the Babylonians to capture Jerusalem and take them into captivity for 70 years.</p> <p>But they did not learn their lesson and after captivity under the Greeks and the Romans they basically cease to be God's people any longer, culminating in the murder of the son of God. White Jesus said to them your house is left unto you desolate. After the murder of Stephen in a d-34 they cease to be God's people any longer. They can be saved as individuals if they accept Jesus Christ, but the message has gone out to the Christian church and that is your modern day Israel. I cannot understand how anyone can read the Bible and not come to this understanding. They let a thief and murderer go in order to murder their own Messiah. There is no separation between the Jew and Greek. That cannot be any clearer in the Bible. <p>S Mutib; Interesting but very inaccurate points. First...Africans were taken as slaves by other African tribes and Muslims during their conquests. True, Christians purchased and used people that were already slaves (which was wrong and indefensible conduct) but Christians did not go running around Africa or ther parts of the world scooping up innocent natives, that was Islam. Christians came together to end the practice of slavery, a practice that still exists in Islamic countries by the way.Second...There was no Native American 'genocide.' True, the native population was decimated when European Christians came to the Americas but that was caused by disease they had no immunities for, not an intentional attempt to eradicate them.Tribes fought wars to eliminate other tribes long before Christians arrived. Not withstanding passages about slavery in the Old Testament, (Christians follow the teachings of Jesus in the New Testament...no slavery in those teachings) it's still does not compare to a demand to Murder unbelievers and molest Children that is contained in the Quran. <p>S Mutib; A specious argument at best. What language a country speaks is not relevant when it comes to Religion. No Compromise Abortion is not a political issue because neither party has any intention of reversing RoevWade. Abortion is a tool the Republicans use during elections just to remind it's voters that Democrats are baby killers. It's the same with immigration at the southern border. Republicans will lie to its supporters about how the Dems are for open borders or they want illegals to come here freely to get their vote. These tactics of course are nonsense. A lot of Democrats don't believe in abortion but they think it's up to the woman to decide. Geert Termeer I live in Vermont... We have whole hospitals dedicated to Canadians who come here for healthcare because thier treatments were considered too expensive without high enough chance of success to be approved. Maybe look up those countries death panels and death lists issue. In those countries the government supports assisted suicide due to its cost savings. There is nothing moral whatsoever about universal healthcare. Oh and BTW, with universal healthcare, privacy laws go away. Your personal health records become government property. <p>IronskullGM Of course you have. If you can afford you go the best (e.g. Harvard for education), but it is all about "the people" (and only about "the rich"), so "the average" and that is, both for health care AND education BAD. People live FAR SHORTER LIVES IN THE USA. The system does NOT perform optimally. Of course some people fly into the USA to get the best treatment in the world. That makes the story even worse, as these extreme good hospitals are also in the statistics, which means that other hospitals are, on average, even worse. You are very very bad informed about ALL other countries. Again, there is NO country in the world, developed, with does not offer health care for all. NONE, accept the USA. Please do visit these countries, like Australia, Japan, Chili, Finland, Netherlands, Spain (which until not too long ago had even the best system), South Korea etc. etc. etc.. Hope you have been there and watched reality, as you seem to get your information from Elvis? Assist suicide due to cost savings? What a total nonsense and a disgraceful insult to very human systems for old people, who CHOOSE to do so. Perhaps you hate freedom, but IF somebody, after many and many years of intensive consideration and guidance, decides that life is finished, due to unbearable suffering, than a process is being started, including several doctors (and NO doctor is related to "cost savings systems", you might be confused with our bonus based drug prescribing doctors: that does NOT exist in the real world outside the USA?) than that can be done, and will be tested by the legal system IF ever any doubts, but as you know e.g. in the Netherlands there has only been one case of doubt, and that was studied for years, and at the end they found it was baseless. I understand you like people to suffer, and I really hope it never happens with you and your parents, as it is terrible. My mother had it, but did not opt for euthanasia, as her religion forbid her to. By the way, it is very naif to think that in US hospitals old people, at the end of their lives, without any chance of improvement are not sedated in order to decrease their terrible suffering. <p>IronskullGM The freedom of speech is nearly unlimited in Europe, as is self defence, but instead of shooting at each other, we try to talk (by the way most of the people I speak to say that they want to keep the guns, as if there comes a tyrant, they can act, but...nobody is acting now....and of course it is totally silly, as no gun can act against a tyrant, as we see now). No free gun laws (in not one singel developed country anymore!): That is why Europe is so much saver than the USA (far and far less killings, and far and far less people in prison). I am normally right wing, but it depends on the circumstances and differs per country. In the USA I would of course support Clinton, as she is a super experienced and bright person, versus the total moron trump is. Was e.g. NOT a fan of Mitterand, but also did not like Chirac, but liked Felipe Gonzalez, was NOT a fan of the Olaf Palme, but liked Wim Kok, was NOT a fan of Schroeder, but did like Kohl, adored Sa Carmeiro, but also Maria da Pinta Silga, and of course am a great fan of the prime minister of Serbia (Brnabic), and dislike PIS, Erdogan and Orban (our trump disasters), so more often than not I would vote right wing in Europe (which is more or less democrat in the USA, as republican would be considered as extreme right in Europe). We are CITIZENS, as most of us vote, not like in the USA, where only the more well off do vote, as it is made extremely difficult for poor people to vote (that is why there is always a total fake bias towards republican logic, not representing the USA people), and hence the democracy is a fake one, as money rules everything, not the people. It is again the same as with your Universities: you can make a nice story, but in practice the money has the power (now Wall Street, NRA, anti climate lobby, big pharma and billionaires, some other times some other lobby groups). Monarchs in Europe have NOTHING to say, so are more or less only a very appreciated binding factor (lets say: the opposite of Trump, or anti Trumps), which as such is a good thing for most of the countries, as we can vote them out with one vote, but democratically do not. <p>Geert Termeer - Geert Termeer - Free speech nearly unlimited in EU huh? Then please explain why thousands are arrested, punished, jailed, fined etc.in countries like Germany, Britain and Sweden for practicing basic rights such as free speech and self defense! It's horrifying that cases such as what's happening with Tommy Robinson, is just one of 12 every day in the UK alone! A very few EU countries technically do have a right to self defence, and to use firearms against criminal attackers. But with Most EU countries laws requiring guns to be Locked in a safe, unloaded, taken apart, and furthermore prohibiting what kind of firearm you can use and not use, and even how you may and may not use it, the most EU countries governments, have obviously rendered it impossible to use firearms for self-defense! And no matter how defenseless you are, elderly, young female, handicapped person etc. or if you're a person in grave danger receiving death threats, or if you live in nature with dangerous wild animals, concealed and open carry is illegal in all of Europe with the exception of Swizerland where you can carry only if valid proof of your life being in danger is provided.EU safer than the US? That is a joke right???!!! All but 2 countries in EU (Switzerland and Sweden) have been invaded or have had tyranny numerous times just in the last 100 years! And it's not a coincidence that both Sweden and Switzerland along with the US (Which hasn't had tyranny or invasions at all), has the highest rates of gun ownership in the world! Switzerland being the most interesting one, with more than 45 firearms per 100 people and more than 35 per 100 people of those, are either Simi or fully automatic military firearms. Switzerland remains the only country in the world where any citizen above 18 years old, after going through the background checks, can buy modern fully automatic firearms (Something you can't even do in the US)! Nobody dares to invade a country where almost every male citizen is armed! It is also for this reason the Japanese chose not to do a land invasion in the US. As Admiral Isoroku Yamamoto said "'We did indeed know much about your preparedness. We knew that probably every second home in your country contained firearms. We knew that your country actually had state championships for private citizens shooting military rifles. We were not fools to set foot in such quicksand". The safest countries also tend to be the most conservative countries that reject Socialism. Countries like the US and Switzerland. I as simple as that! States like South Dakota, Minnesota, Vermont, North Dakota, Montana, Main, New Hampshire, Iowa, Idaho Wyoming Utah etc. are very peaceful states with low crimes rates and they all have some of the lowest murder rates in the entire world all below 3 out of 100,000 people!I was born in Denmark. How free and happy was Countries like Denmark at this time? Undeniably not very free or happy from what my grandparents tell me as they lived through this. Strongly armed and free countries like the US and Switzerland on the other hand, have remained uninvaded, free, happy and prosperous for hundreds of years! So what about the freedom of choice. Denmark obviously has a VERY large government. Since so many here on this comment section are on the subject of healthcare, I would like to point out that the US has the highest quality healthcare in the entire world! The US has the lowest Hospital death rate in the world 15 out of the 30 best hospitals in the world are all in the US, and YES the health care is expensive in the US, because it's leading in medical innovation! Universal Health care suppresses the freedom of medical innovation, private doctors and hospitals etc. in EU. Good quality is not cheap, and most insurances and even medicare covers all prescription medicine and even such things as private physicians coming to your house is also "free" in the US. In the US you can choose from many hundreds of health care plans and you can even choose to have no health care plan at all and just pay the hospitals directly. In a country like Denmark, the health care IS controlled by the government, therefor a socialistic element. You get one mandatory healthcare plan, pretty much no choice or flexibility what so ever. Unless you're a millionaire and could afford a private insurance company in DK. But only royalties can afford that. That means it's dependent on the government and if the government is in bad shape the hospitals will be in bad shape. And back to the flexibility point, I'd like to take myself as an example. I've struggled my whole life with allergies, hay fever and rash etc. In spite of thousands of hospital visits, I've never received actual treatment for it because western medicine does not offer any cure for such internal illnesses. And even when I would do my own research and find my way to such things as immunotherapy, the doctors would deny me treatment, even though I had already paid for it through taxes. And I paid more than 65 taxes sometimes. Acupuncture is one of the few</p>	Nobody, doctors	Age - Youngsters, Nationality - General	3/959	0.313

<p>ALEXANDROS Sorry to hear about your private problems, but also sorry to tell you that you are NOT the world, and NOT form a country. There are other people living in countries, that is why there is research, which result in facts. E.g for safety: Iceland is nr 1, Denmark 2, Austria 3, Finland 4, Singapore 5, New Zealand 6 and let me select some other countries: 12. Norway, 14 Netherlands, 16 Germany. USA IS ON PLACE 52, next to Cambodia and Equatorial Guinea and Gambia. The top safest countries are mainly European. SORRY FOR REALITY. According to the World Happiness Report (under guidance of the United Nations) the top 10 happiest countries are (period 2015-2017): 1) Finland; 2) Norway; 3) Denmark; 4) Iceland; 5) Switzerland; 6) Netherlands; 7) Canada; 8) New Zealand; 9) Sweden;10) Australia. USA again NOT in the top. SORRY FOR THE FACTS. Now you probably, as a trump supporter, will say that the facts are not correct, and the world is not round, but there are many different indicators from many different institutes and they more or less come, of course, to the same results. I lived in the Netherlands and the thing I loved most was biking. Total FREEDOM. Having to take the polluting car to nearly everywhere is a disaster, and not only because of environmental reasons (by the way if you want to talk about KILLING: climate change is the real killer, with now over 7.000.000 deaths per year (by the way also there the USA is BAD in the listing). My mother was a Christian, and hence we were not even allowed to play with plastic guns (you know Jesus his preaching)! As for Switzerland: Switzerland thus has a relatively high gun ownership rate. There are no official statistics, and estimates vary considerably. It is the ONLY developed and decent country, which allows guns. ALL others banned it, and hence the killing rate dropped spectacularly in ALL these banning countries. Australia being the last one. Why Switzerland did not become a Somalia or USA is a very very interesting question. If you want to do a PhD, it might be a real interesting topic. On the lists of countries per NET income Denmark is nr. 7 and the USA is nr. 5, but if you clean that for inequality (removing the Koch brothers, Gates, Zuckerberg etc), than of course the average Dane earns FAR more than the average American. IF you clean that, again, for per hour work, than the difference is shockingly in favour of Denmark, which works far less hours and has far more paid vacation days. Now of course a lot has also to do with the Dollar exchange rate. Anyhow....your PERSONAL feelings are important FOR YOU, but obviously do NOT reflect total reality. So sorry for having to wake you up. You might want to start looking for real facts, as the sources you get them from are clearly WRONG. If you base yourself on Fox State tv, I can imagine where the bias comes from. If you base yourself on trump, of course also: than use the following rule, with now nearly 30 (!) lies a day DOCUMENTED the best is to do the following: Trump says something, the truth and reality is NEARLY for sure the total opposite. Wish you all the best with starting to study FACT and get rid of your frustrations somehow.</p> <p>Good luck with that!</p>	Guinea	Nationality - Italian	1/573	0.175

<p>Geert Termeer - Wow! You sir, take the cake! You are hands down one of the most naive and most hypocritical human beings I've encountered! You complain about me not stating sources, yet you go on yourself to make baseless claims without providing one single source! You kidding me? First of all, the general idea that you compare small individual EU countries to a huge superpower, where every single state is sovereign and has their own state government is absolutely laughable, and it once again proves you know squad about the US and that you've never lived here!OK here are some real stats and reality on safety, with sources!But first take note that many of the links I post are simply the broadcasters of the stats and are not the direct sources for these statistics. They originate from government institutions like FBI, CIA or Forbes, National center for health, British Home Office, Australian Institute of Criminology etc.As an example, general mortality rate is quite a bit higher in the UK, Lithuania, Ukraine, Italy, Poland, Sweden etc. and most EU countries as a matter of fact compared to the US, which clearly shows on the map, which link for I've added below .Death rate= Average annual number of deaths during a year per 1,000 population at midyear; also known as crude death rate.UNITED STATES Between 7-8 (2006) EST.EUROPE Between 9-10 (2006) EST.Source: [LINK] Updated CIA stats from 2017 show equal results where most EU countries rank between 9.20 to 14.60. A Lot higher than the US rated at 8.20. Crude death rate stats for individual US states do not exist.Source: [LINK] CRUDE DEATH RATE! That means it includes all causes of death. Including all kinds of homicide, car deaths, deaths through alcohol, cancer, old age, Infant Mortality Rate, Neonatal Mortality Rate etc. etc etc.And the notion that Europe in general is safer than the US is nothing but silly! How many world wars came out of the US? Non where even started by 2nd or 3rd world countries, they both came out of EU. How many Berlin walls have been build in the US? And how many times have the US had dictators or dictatorship? NON! EU has had more dictatorships in the last century than I can count, and many of them I've never even heard of! António de Oliveira Salazar in PortugalMiklós Horthy de Nagybánya in Hungary, Ioannis Metaxas in Greece, Colonel Georgios Papadopoulos in Greece Ion Victor Antonescu in RomaniaTodor Hristov Zhivkov in People's Republic of BulgariaAnte Pavelić fascist leader in CroatiaWojciech Witold Jaruzelski in Poland Nicolae Ceaușescu in RomaniaFrancisco Franco Bahamonde in SpainBenito Amilcare Andrea Mussolini in ItalyAdolf Hitler in Germanetc.Not to mention the generals in power that made Germany a dictatorship after WW1.This is just a few I could find from a couple of minutes of searching and I'm not even including the Soviet Union dictators, even though the western 23 of the Russia is located in Europe and European Russia occupies almost 40 of Europe's total area.Source: [LINK] And as late as yesterday, it seems Ukraine and Russia is on the brink of war ONCE AGAIN, opening fire at each other. And looking at a map, it's vividly clear Europe have more bombings, shootings and terror attacks in general. In fact if you compare 2015 and 2016 to the US, EU doesn't even look that much different from the Middle East.Source: [LINK] "According</p>	<p>Age, Nobody, Nothing, Old, alcohol</p>	<p>Age - General, Age - Over 65s, Age - Youngsters, Behavioural Addiction - Alcohol</p>	<p>5/1341</p>	<p>0.373</p>

<p>Geert Termeer - "climate change is the real killer, with now over 7.000.000 deaths per year (by the way also there the USA is BAD in the listing)." - What a top notch hypocrite you are, continuously complaining I don't provide sources and yet you haven't provided ON SINGLE yourself in any of your replies! US is "BAD" in this listing huh?</p> <p>they are on the top 20 least polluted countries in the world and states like Wyoming have the cleanest air in the world! Climate change is the "REAL" killer. HUH! First of all there is no way to prove that, and there is no way to prove if the climate wouldn't be changing if humans weren't here, as the climate has always been changing! Hard facts and actual death counts, DO exist on the other hand to prove how many have been killed as a direct result of Socialism. Billions of people have been killed from socialism and are being killed to this very day. In Socialist China alone, little children are killed by the hundreds of millions by the government or abducted and sold as sex slaves, or sold to pharماسutical organizations and hospitals where they are slaughtered and their vital organs sold to the highest bidder. In fact my wife from China, have lost several friends because of this and she has friends that have lost children and loved ones to it. I could never imagine what the total annual death toll would be, if all the numbers of dead could be compiled. Unfortunately anybody trying to do research on this in Socialist countries are often killed by the government. But if we look at democide, socialist and communist governments have from 1900 to 1999, disarmed and killed more than 262,000,000 civilians. Most professionals say it's far more though as most democides are kept secret. And if you include the soldiers killed, the number climbs way above 500,000,000 people. Source: [LINK] Source: [LINK] "As for Switzerland: Switzerland thus has a relatively high gun ownership rate. There are no official statistics, and estimates vary considerably." - Both right and wrong. More than 30 of the Swiss own either Fully or semi automatic military rifles. This is provable because they are registered! The reason why I say more, is because it wasn't required to register military style firearms until just recently, so there is a large percentage of non registered legally owned military firearms. And, the vast majority of firearms owned in Switzerland are "Hunting weapons". And they don't even require registration, so there is most likely much more than 50 firearms per 100 people! In fact, some estimate it to be as much as 60 per 100 people.Source: [LINK] Source: [LINK] "It is the ONLY developed and decent country, which allows guns" - If you are as educated as you claim to be, why is literally EVERY SINGLE sentence you write factually wrong? The countries where guns are completely banned are socialist countries like China, North Korea and Venezuela. You know which countries have the most gun ownership? They also happen to be the most developed countries with the highest living standards! Do you know that in the country where you live or used to lived, 45 out of 100 people own guns? Sweden, Norway, France, Austria, Canada, Germany, and Iceland all have more than 30 firearms per 100 people! IF you clean that, again, for per hour work, than the difference is shockingly in favour of Denmark, which works far less hours and has far more paid vacation days" - Is that why Americans are able to live in houses twice the size of the average EU sized house, and on the side of that own large pieces of land? And is that why Americans are often able to own several cars, that also tend to be far bigger than the average sized EU car. Nobody that I know in Denmark, family or friends, have ever gotten a paid vacation! The Income in Denmark is not worth much, when you pay more than 50 percent income taxes, more than 25 VAT/MOMS, 300 for electricity etc. etc. and a million taxes hidden in the system that most people don't even know about! More importantly, I've estimated that everything on average cost 3 times the price in Denmark compared to US prices. There is a reason why 50 percent of Danes try to buy most things from overseas. A few random examples. A shitty Volkswagen Golf R, cost more than 600.000 KR, and a Volkswagen Touareg, is more than a million KR. That's the same as what you pay for a brand new hand made 2018 Aston Martin (price is around \$ 250.000, or 1.25 million KR) or several 2019 Jaguar XJ price is only \$72,272! For contrast, the same 2018 Aston Martin model cost around \$1 million or 5.782.642 kr in DK. And the Jaguar XJ in DK is \$1.5 million or around \$280.000. I bought a Remington 870 express super magnum shotgun in DK. Good old make and model. Price in the US is 380\$ (2300 KR). In Denmark I paid 1310.24 US Dollar 8000 (KR) for the damn thing! A gallon of organic whole milk is 50 higher price in Denmark compared with the US! I live in a rather cheap apartment in the US. It's mainly low income people that live here, but many of the people that live in the building own two different cars and drive big luxurious SUVs or Chryslers. Many rich people in Denmark can't afford those cars. And it's not uncommon for Americans to own several houses. And the houses in the US are much larger and more luxurious than that of DK. Average size of houses built in the US is 2,700 square feet. Compare this to EU countries:Denmark: 1,475sf France: 1,216sf Spain: 1,044sfIreland: 947sfUK: 818sfSource: [LINK] Source: [LINK] But let's look at some actual statistics, of how much more money Americans really have compared to other countries. I know you like that, or maybe not?Studies from Forbes show that the poorest bottom 10 of the US earn more than the bottom 10 of Sweden, Australia, Britain, Germany, Poland, Japan, France, Italy etc. In fact the only country where the poor are doing a little tiny bit better, is in Canada. And this is of course just when you look at the US as a whole (which logically isn't fair). When you compare individual states, you will find even better rates, but obviously also worse rates from certain states. And the top 10 are doing far better in the US than in any other country from this survey, which is because of Capitalism that allow business, trade and manufacturing to thrive and allows the US to have the highest GDP in the world, and</p>	Nobody, Old	Age - Over 65s, Age - Youngsters	2/1149	0.174

<p>Geert Termeer - "Having guns does NOT protect you against invasions. That Japanese opinion must be totally nonsense, as Japan invaded country after country, island after island." - Japan prepared for a long war. However, they did hold out hope that a decisive victory at Pearl Harbor would lead to a quick resolution. Yamamoto, in particular, was pessimistic about Japan's ability to fight a protracted war with the U.S. and hoped for a quick peace. Years after the war, US Commander Menard and Admiral Isoroku Yamamoto sat down as allies and conversed. Someone at the table asked the Japanese admiral "Why, with the Pacific Fleet devastated at Pearl Harbor and the mainland U.S. forces in what Japan HAD to know was a pathetic state of unreadiness, Japan had not simply invaded the West Coast". Commander Menard would never forget the crafty look on the Japanese commander's face as he frankly answered the question.</p> <p>"You are right" he told the Americans. "We did indeed know much about your preparedness. We knew that probably every second home in your country contained firearms. We knew that your country actually had state championships for private citizens shooting military rifles. We were not fools to set foot in such quicksand."</p> <p>Switzerland and the US are the most armed countries on earth, and they are among the only countries, with the only exception of Sweden (which surprisingly also has a lot of guns), that hasn't been invaded or had tyrannical governments! That in itself is proof enough! And the point of an armed population is really not actually to actively fight back, it is to simply be there as a deterrent. That is why Switzerland purposely arm their citizens, and why the US has the 2 amendment in the first place!"Many of them with citizens with guns. In those days Americans did not have so much guns, compared to e.g. the countries invaded by the Japanese." - Are you kidding me! The Americans invented the gun! And back to the time you are talking about which is 70 years ago (as that's the last time they invaded China) the total amount of Firearms in the US was less, but there where actually more guns per 100 capita back then, ergo more gun owners in the US! And almost all Asian countries at that time, where dictatorial regimes that prohibited firearms and they still do to this day. As a man who's lived in China, I can tell you China has almost always been a shit-hole! The ONLY time China was a decent civilized country to live in, was under Sun Yat-Sen during Xinhai Revolution, and surprise, it is also the only time where China allowed its citizens to own firearms. You see Sun Yat-sen copied the capitalist idea of the US. Then Mao came, disarmed the populous, and mass-murdered more than 50 million people. Don't be ignorant, there is a reason why EVERY single dictator disarms the people before they take over, and it's happened as recently as in Venezuela!"I understand you want to shoot guns at cluster bombs and tanks." - Yet another Straw man argument! Where did I say that? "(by the way also your Switzerland was invaded by the Germans, I think even in several days?)" - Proof? Swiss neutrality was an armed neutrality. The Swiss haven't been involved in any wars since 1847, and they are famous for having had no invasions or tyrannical government for more than 600 years. You know I used to do the exact same thing your doing right now! I've been listening to politicians and scientist predicting the end of civilization for 10 years. They predict the end of the world every single year. If we go back to the 2008 estimates, we're not even supposed to be here right now! I used to warn my family about solar storms, and the poles melting. They keep telling us it's getting hotter, yet every year we also get colder winters. The climate is always changing, and it'll keep changing regardless if us humans are here or not. Remember during the last Ice age, when large parts of the planet was almost uninhabitable, homo sapiens (modern humans) and homo neanderthalensis (neanderthals) where still living in caves, but that dramatic climate change still happened. I'm not a denier of climate change! But if you choose to live your life like this, with your tail tucked up between your legs, you'll live a sad paranoid life! Trump has done the only right thing for the climate and nature in the US! Which is to give back thousands of thousands of acres of government stolen nature back to the people, so the government and some politicians in a suit thousands of miles away can't destroy it. [LINK] My grand parent lived In Denmark when Denmark was occupied as well.”Because that sounds like bullshit and you do realize that it was the demonization of minorities that made the holocaust one of the greatest evils out there, right?” - Social Justice is exactly what causes demonization of minorities! Social justice is a socialist term used by fascists. It was in fact promoted by German fascists and it refers to justice having to be applied to collectivist groups. So one could be adjudicated guilty by ones identity and punished accordingly because everything some jews did was because they were jewish. If one banker is corrupt all banking is corrupt and every banker should be made to pay. And being punished for ones identity and viewpoints, is undeniably what’s happening in many European countries, where thousands of people are punished or jailed for the practice of free speech! As an example, in the UK, it’s estimated that 12 people a day are arrested for saying something the government doesn’t like. [LINK] [LINK] It’s horrifying that cases such as what’s happening with Tommy Robinson, is just one of 12 every day in the UK alone!TheThought2be and anybody that sees this reply, If you aren’t informed on the Tommy Robinson case, I urge you to look it up, so you can see how countries like the UK treats it’s citizens when they arrest them for speech! Go to 7.40 in the video below where Tommy starts talking about his latest prison visit (most of it spend in solitary), for saying something the government didn’t like. [LINK] Or watch this video for the short version. [LINK] If you’ve watched this video, remember, Tommy is statistically just 1 out of 12 people every day having to deal with this, in this case in the UK!Social justice is a term not considered by people on the right apart from Freidman, and the only time he spoke of the term, he dismissed it as dangerous because it led to individuals, who were innocent, being punished for the viewpoints of an entire group. Thus a group could be dehumanized to the point the state could slaughter them in the twisted notion, that the state was protecting mankind. Social Justice was the justification for genocide by fascists and communists.”It had nothing to do with education.” - Is that a joke? The Education was a major tool by which the Nazis’ racial policies were promoted and implemented. The Schools where government controlled and it was made free. It was, as Kitty Werthmann put it, ”nationalized” which the direct definition of is: Transfer (a major branch of industry or commerce) from private to state ownership or control. Which is exactly what I said! [LINK] It’s true the Nazis had health care. They inherited the tradition from Bismarck, who set up the first national health system in the world (after unifying Germany in 1871).But there was a difference between Nazi health care and the systems under the German Empire and the Weimar Republic. Hitler rearranged the system under a strict regime of central government control, so all insurance-scheme managers reported straight to Berlin. Later — and not through the insurance companies [LINK] Isn’t this logical? Dictators always promise free stuff in order to brainwash the populous. In order for a government to become dictatorial and control a population, it’s certainly not done by removing power and</p>	Nazi, Nothing	Ideological and Political Identity - General, Age - Youngsters	2/660	0.303

I dont mean just ignorant of the facts, because that would go to the racist part of you, but just really stupid. NO president has dont nearly as much as TRUMP has for America. <p>Tabby Reed There is no Palestine nation. Palestine was a British territory. In 1948 a treaty was signed that would have formed the nations of both Israel and Palestine. The Palestinians refused to sign the treaty and instead declared war on newly formed Israel.</p> <p>Israel defeated them and annexed the unclaimed land. Had the Palestinians simply signed the treaty then they would have had a nation. But they didn't. This means that Israel has the legal right to exist. Now while you seem to be aware of the Christian prophecy, you seem to be unaware that the Qur'an (chapter 17:100 - 104) states that Israel is the land of the Israelites and that they are to dwell safely there until the Islamic End of Days. Which means it is actually anti-Islamic to claim that the territory belongs to the Palestinians. Ken Sharp I mostly agree with what you said, but will offer this differing perspective. Israel is the country that is the embodiment and representation of the Jewish people worldwide and while criticism of Israel is not inherently anti-Semitic opposition to it in most cases is. The anti-Israel stances typically promote policies that threaten Israel's national security and could result in it's destruction. A comparison might be that if someone were to harbor anti-Italian sentiments against the nation of Italy, and call for policies that jeopardize Italians could that person then claim to be a friend of Italians?Make no mistake, sentiments that are anti-Israel are in a lot of cases thin veils for closeted anti-Semitism, and there is no shortage of such hatred it merely comes in several forms. <p>alanguages How can you call her anti-Semitic? She is likely more Semitic than Netanyahu. The bible says the devil will deceive the world. First of all Semitic is not a group of people it is a family of languages indigenous to Africa. Aramaic, Arabic, Hebrew, Amharic, Tegri, and about 400 others spoken Africa. The Zionists rule our country and have infiltrated the Christian Church. Any bible scholar knows the Jews are descendants from the European Kazarian Kingdom. In 740 AD they converted to Judaism under King Bulan. For hundreds of years they ruled a region between the Caspian and Black Sea. They converted to Judaism the same way Donald Trump's daughter did. These imposters have no genetic, historical, or archeological connections to the Biblical Hebrews. The Christian church remains silent because if these European imposters are exposed; then people will ask who and where are the Hebrew Israelites. First of all they would look like Rep. Omar. The biblical Hebrews were Negros. Israel exists in Africa despite attempts to redefine it as the middle east. Moses was raised as Pharaoh's Grandson and all the Pharaoh's of that era were Negros. Pharaoh had order the murder of all Hebrew baby boys of Moses age. There was no physical differences between Hebrews, Egyptian, and Ethiopian people. When Moses true identity was discovered he fled into the wilderness. While resting at the well he helped the Shepard girls water their flock. When they return home early their father ask them, " how is it you are back home so soon". They answered an Egyptian helped us. They thought he was Egyptian because Moses fled with the clothes on his back. He was still wearing Egyptian clothes. Moses married an Ethiopian woman. King Salomon and Sheba first born son Maliki became the first King of Ethiopia. European were desperate to white wash history. For this lie to work they had to make the Egyptians and the Israelites white. This served the Kazarian European Jews and the Christian church. In many European countries that were not invested in the exploitation of Africa and it's people; you find Black Madonna and Messiah. The Catholic Church decided to change the image of the Messiah. Pope Alexander VI commission a new European image of the Messiah. It was a big deal so a heated competition between DaVinci and Michelangelo ended with DaVinci winning the contract because he was rumored to be the lover of the Pope's son Cesare Borgia. The image of the Christ that is on a billion pictures is the gay son of Pope Alexander. Why would the Hebrew people ever go to Europe. When threatened they always fled to Egypt and when Jerusalem was destroyed by the Romans they fled in to south and west Africa where you can find the tribes today. These Africans pass the Genetic test and they still follow Hebrew traditions. The very first maps of Africa commissioned by European Kings shows a section of West Africa called the Kingdom of Judah. Now this is where the story gets interesting. When the slave trade started we are told other African sold other African tribes into slavery. The truth that will shatter all we know today is the first slaves brought to the Western Hemisphere were the tribe of Judah. Yes, the hated blacks of the America's are directly decendant of the tribe of Judah. <p>You may not know this yet but it is the JUDEO-CHRISTIAN ETHIC that unites ALL good Americans. Many, many atheists have laid down their lives to protect it. In fact, many of the best defenders of the Christ mission have no interest in participating in the Christian faith. Certainly the holocaust survivors and their descendants continue to defend the ethic. Read on to understand the great principle that has made the United States of America exceptional above all others:</p> <p>While a nation that separates church and state can function, a nation that rejects basic Judeo-Christian principles is destined to devolve into banana republicanism. There certainly were deists among our Christian forefathers but they too embraced biblical morality because they understood it to be the highest of human aspirations. These are the 'Christian' principles that made this nation 'exceptional', protected us from corruptive practices and gave us the hope of LIBERTY AND JUSTICE FOR ALL for many generations. You would do well to know and value them:</p> <p>Ye shall do no unrighteousness in judgment: THOU SHALT NOT RESPECT THE PERSON OF THE POOR, nor honour the person of the mighty: but in righteousness shalt thou judge thy neighbour. Leviticus 19:15</p> <p>Ye shall have ONE MANNER OF LAW, as well for the stranger, as for one of your own country: for I am the LORD your God. Leviticus 24:22</p> <p>The end of our republic must begin with the fracturing of its SOCIAL CONTRACT, the ONE LAW for ALL unifying principle. Why is that? Because when the laws become skewed to place the most amoral, the least talented and the least trustworthy personalities ahead of the more deserving the problem is that these people are simply not equipped to preserve the system of equality that better men and women fought, bled and died to give us.</p> <p>A system of MERITOCRACY is the hallmark of a functioning republic. Ours was intended to be a nation grounded in the vision of EQUAL OPPORTUNITY for EVERY CITIZEN. Of course, we have been an admittedly unperfected work in progress for generations but, nevertheless, this vision has been humanity's greatest pride. Today it is being threatened with the secular vision of MATERIAL equity for all regardless of social contribution. This is the first step towards the return to a Dark Age tyranny that limits the hope of individual aspiration and allows the marginal access to positions of authority.</p> <p>Remember this, human glory has always been the gift of a very talented few forging the way for the masses to benefit. There is nothing wrong with hierarchy as long as each and every human being has the right to express themselves to their fullest potential, that is, until and unless they prevent their neighbor from doing so as well. For this very reason we must have the Judeo-Christian principles in place to protect every one of us.</p> <p>What we are experiencing today, however, is that an elitist few are demanding the controlled leveling of both mind and speech from the many that they perceive to be beneath them. A situation has been purposefully contrived in which the most morally insightful individuals in our nation are being routinely shouted down by self-pitying, arrogantly amoral masses that are undeservedly attempting to perpetrate a national theft against these well-intentioned people. The forefathers established this nation as a republic to prevent this very situation which they rightly described as 'tyranny of the masses'.</p> <p>The ONLY THING that will ensure that this situation does not repeat itself is the</p>	<p>Age, Banana, Nation, Nothing, Woman</p>	<p>Age - General, Age - Youngsters, Ethnicity - Asian (East-China, Japan, Korea, Philippines, Vietnam), Gender - General, Nationality - General</p>	<p>11/653</p>	<p>1.685</p>
