Reports like this never cite examples of these "...further inflammatory comments...", or "...vile attitudes towards the Jewish people..." Interesting. What exactly is the Labour party being accused of?Im not an atheist but criticism of any religion or cultural practice should be welcomed. No exceptions. And racism exists - of course it does. Humans would find any reason to hate one another, projecting all of their fears and insecurities because its less hassle than having to overcome them. To be completely unbiased, be good to see a report on hate crimes against Muslims, women, homosexuals...because discrimination doesnt just stop at the Jews!Nonetheless, there's some definite anti-jew comments here on YouTube. Other than the fact that a lot of business owners and successful decision makers across different industries are Jewish, what else have you got against the Jews?Oh and FYI, this "...Jews killed Jesus" stuff. Jesus considered himself a Jew. He loved the Jewish people. He titled himself "...King of the Jews", mate. Read your bible.	Racism	Ethnicity - General	1/167	0.599

Jewish people are genetic neurotic losers and comments like these are proof. They may be the smartest race on Earth, but their narcissism, their disgusting behavior, their racist attitudes of wanting a Jewish nation , yet the same time, attacking Europeans for wanting a country for their own, and they support mass immigration of third worlders and far left wing politics. When anyone talks about antisemitism rising there are some thoughts which must be considered and also some education, some knowledge is requisite. 1st who says antisemitism is on the rise, who is antisemitic and why. I need here say that I have spent many years and have done exhaustive study on the matter. Also I have gone through a number of phases, or some evolution on the subject. Being a 58 year **old** white Christian man who was raised in the Buckle of the Bible Belt in SW Georgia I used to listen to pro-zionist preachers, precursors to today's John Hagees, although Hagee was around when I was a young man as well who taught that Jews were God's " Chosen People". There were also pro-Zionists politicians, precursors to John Mc Cain. From buying into these being God's chosen, and thinking that they were damned near immaculate I got so disgusted that I went to the other extreme, i.e., I became a Christian Identist, who not only believed that people of European descent were the " Lost Tribes of Israel" but that Jews, all Jews, were the literal, flesh and blood children of the devil through Satan's seduction of Eve. These iare the conclusions that I've arrived at, rightly or wrongly; I no longer believe Jews, at least 95 of them, are the children of the devil. Even more, I don't believe the same 95 are even evil. On the other hand, I don't think they are any more chosen of God than any other people.(I must confess that I have come to question many of the Christian beliefs I once had, but I still believe in the love of Jesus Christ). I do know this from much study, including Jewish scholars like Henry Mackow and Israel Shahak, that the primary cause of antisemitism is caused by zionists(not all Jews are zionists and, surprisingly, perhaps, not all zionists are Jews). Before the beginning of WWII most Jews were against zionism. Many Jews, even in Germany, had assimilated and 75 of the time when a pracicing Jew married someone of another faith the children were raised in the other person's faith. What few people know, or will even bother trying to learn is that antisemotism is necessary to zionists, Jew or otherwise. How many people know that there were numerous opportunities to protect or rescue Jews from the horrors of the Holocaust? For example at one point the **Nazi** government was willing to allow hundreds of thousands of Jews to leave occupied Europe, but FDR and Churchill (whose mother, Jenny Jerome, was an American Jew) at the behest of their zionists masters like Baruch and Chaim Wiseman nixed the opportunity, only so the world's Jews would feel the need of a Jewish homeland. When the Jews moved into Palestine in 1948 immediately they went after more territory than the Balfour Declaration had outlined (Balfour and his cronies had no legal right to give away a foot of Palestine to stsrst with) and committed atrocities like those in Jordan at Dair Yadin where they slaughtered an entire village of men, women and children. Then again the Jews drove 700,000 Palestines from homes, farms and orchards they had lived in for 2,000. All these things were done, not by your Jewish family dentist or the judge who hears you in traffic court, but by zionist, Talmudic, Kabbalist Jews, like the Rothschilds, Warburgs, the Jacob Schiffs, etc.who only want one thing, i.e., complete control of the world. Already they control all of the world, except for a few Islamic states, like Iran,

Ruth Wisse once stated that these ppl are Vicious referring to the Arabs. She also stated that Israel never started war for us to ask Israel to initiate peace. The Arabs according to Ruth Wisse has declared a unilateral War on Israel for 50 years and according to her it is the longest war in Human history. She stated emphatically that we should take the Arabs at their word . They started the UNILATERAL WAR ON ISRAEL AND they have to celebrate RELIGIOUS TOLERANCE AND DIVERSITY BEFORE Israel can negotiate peace. Ruth Wisse also concluded that THERE IS NO SUCH THING as The Israeli-Palestinian conflict but there is such thing as a unilateral war by the Arabs on Israel. She smartly noticed that this conflict never mattered an Iota to any Arab. This conflict worked as a glue to glue the Arabs together making Israel a common enemy to rally the Arabs around this cause. all over the world has been "colonized" brutally to say the least and the natives unbelievably oppressed, some to near extinction. How do God hating political Atheists busy killing defenceless people and building an imperial state in the middle east, manage to represent some religious folks in London or Ethiopia? <p>When I was a kid, some Jewish families came to stay in the town I lived in. We were playing football with the boys until they tried to pinch the ball and we had to forcibly take it back. The next thing we knew, a police car arrived at the playing field. The boys ran over to it and pointed at us. The police came over and said there had been a report that a Jewish boy had been slashed with a knife!! One of the boys held up his hand to the copper which had a large cut that was maybe a week old and well on the way to healing in his palm. The police took one look at it and got back in their car and left. Yes, Jews are people too and so there are some of them that do bad things, and yes, some of those jews (people) that do bad things have a lot of power and have a huge impact. These things happen. TheIsraeli G when did he ever say that? And nevermind that; he probably does know them better than they know themselves. Jews never seem to entertain the thought of why they were kicked out of over 100 countries and targeted for genocide. They blame everyone except themselves and think we hate them because we're jealous of them. That we're jealous that their special little book named them the chosen people. Well it has nothing to do with that and more to do with what Jews have been unapologetically doing in other people's countries for thousands of years. The Jews have built for themselves a poor reputation as a people. Now that doesn't mean every individual Jew is a problem. Nothing is ever absolute. However, to deny the Jewish Problem is as bad as denying the flaws of capitalism, denying that racism exists, or denying that Muslim rape culture exists. Problems are never solved by ignoring them. ANTISEMITISM is a deceptive weapon word. It relies on a semantic bait and switch in which people are expected to believe that it means hostility or prejudice against Jews. Indeed a major propaganda effort has been made to get people to think of Antisemitism as a disreputable indefensible irrational frothing-at-the-mouth hatred of Jews for what? ... the shape of their noses? I don't know. But the way the term is actually used is to label Gentiles who resist Jewish power, influence, privilege or political agendas. It is an Orwellian smear, a libel, a canard. And when the lachrymose memory of Jewish historical suffering is evoked with all its "pogroms" and now especially the Sacred Six Million then it becomes a blood libel. The purpose is to disarm Gentile opposition to Jewish power. A psyop. Gaslighting. Old reliable.	Old	Age - Over 65s	2/137	1.46

Klaus BauerTotal nonsense. The Jews were hated in Germany be cause it is part of the European Gentile psyche and tradition to scapegoat and hate Jews. This irrational and sick hatred had been around for many centuries prior to Nazi Germany. And this hatred is still alive and well. Not saying that all European Gentiles suffer from this mental illness of Jew hatred but plenty do. And Jew haters like you are always seeking to justify and excuse your Jew hatred by coming up with ridiculous theories that put all the blame on us. So be it. But we are now armed and ready. FreeWillDoesn'tExistCan't compare to your Koran which I have actually read. First, it is almost impossible to understand because it is out of chronological order and consists of the rantings of a man (not God). Probably why you need Hadiths (biographies of Mohammed) to understand it. Second, the parts of the Koran that are comprehensible are often times filled with hate and aggression because, once again, these are merely the thoughts of a seventh century man. Yet you idiots believe that the Koran is actually something more than the invention of Mohammed and you practically pray to Mohammed rather than God. What can be more absurd than that. And you do essentially pray to Muhammad while pretending that you are praying to Allah. After all, why does one have to study the Hadiths which are biographies of Muhammad in order to understand the Koran (which is allegedly from God)? That only makes sense if you concede that Muhammad made up the whole thing (which he did). You don't see us Jews studying biographies of Moses in order to understand the Torah. Keira Str8 Keira, these Gentiles hate our race , as we were once a warrior's race . I am not fully Jewish, I am a Jewtile, and I put Yeshua HaMashiach (Jesus) before my heritage. But I love my Jewish brothers and sisters as if they were my own.The Gentiles hate the Jews because they blame the Jews for Zionism. In some aspects, they would be correct. The political Zionists are Jews - but not Jews as you are, rather they are Jews who believe in themselves and their own pocket, you know, the bankers. The same bankers who sacrificed our people for generations, funding Jewish persecution. They are like Jesuits (corrupted Catholics). Ma'am, I advise you look at what the New Covenant has to offer, for it has explained so much. Take pity unto the Gentiles, love them and forgive them, for how can we expect Adonai to forgive us, if we don't show forgiveness to others. There is a Satanic plot to overthrow the world's governments, I have studied this for years, I understand what is to be. Political Zionism is a newfound Satanism, funded by the wealthy elites - the Jews are just as much targets of them as the Gentile. These Gentiles seem to believe the common Jew is here to overthrow the White man in the West - no, they have it wrong. Now I advise the Goyims to check the Georgia Guidestones, it was built by a Zionist Freemason and it states "keep the earth's population at 500 million." They want complete Genocide on the entire world (including the Jews) where only the celebrities, the bankers, the philanthropists and the politicians survive. I have all the proof. By falling for that lie, you are affirming the plans of the Zionists and the Jesuits. My King is Jesus - Yeshua HaMashiach - I know what is to come. And when Yeshua comes back, every knee will bow and every tongue will confess His divinity. Your biggest mistake is blaming the common Jew for the actions of Zionists. You don't seem to blame Catholics for the actions of Jesuits. Why is that? Simply, because you hate Jews. You know, there are no differences between Jews and Gentiles - both as sinful as one another, both as prideful as one another and both as stupid as one another. I say this as a Jewtile - a distant descendant of the Jewish race , and an almost full blooded Gentile.If you think that the Zionists are the only ones doing wrong - then you are more stupid than I thought. Your camp is doing it too chief. But if you concern yourself with the plan of the hegalian dialectic Kalergi Plan, a predetermined problem, to create a reaction (you) and to make a solution (complete population control) then you are sadly mistaken. Don't forget, Zionists sold out the common Jew long before they sold out you. Perhaps you should worry about the Noahide law instead of a fake issue. RXI 6375 FYI Jews never killed nor betrayed Jesus, while true there were some arguments between the Jewish leadership at the time, there is no evidence in both The Tora(the Jewish holy book) and in the Christian Bible, if anything one of his followers betrayed him, I believe his name is Judas the betrayer....Anyway the Roman empire at the time and Judas as killed him, Not the Jews, OH and P.S the reason why people blame the Jews is because the followers whom created the christian religoun wanted to sort of forgive the Roman Empire because the empror paid a lot of money to thefollowers.... So hergo they made Jews a scape goat for the true reason of Jesus's death making exuses why to forgive the roman empire, there are quite hard pieces of evidences supporring it.Do you have A CONCREATE information and hard EVIDENCES rhat the Jews are to blame?and don't answer with a steryotype about Jews.... 1 I love how you say in one breath that every negative statement about the Jews is a false statement, that those who spread such lies are fools, and that basically it's all a "conspiracy," which is a misuse of the phrase and belies your lack of understanding, and then in the next breath you basically gave an extremely accurate explanation of how the Jews took over the banking system. Are you kidding me right now?By the way, Jew, your mastery of Hegelian dialectics is fascinating. Furthermore, I agree with you that it's not only the wealthy Jews or the rootless international clique who are our enemies. Plenty of our countrymen and indeed men in every nation join forces with the clique in order to assert power over their own countrymen. We call those people Freemasons, and they are in league with the Jews.But make no mistake, the Jews certainly are clearly the enemies of every race on earth, and they have made it their goal to exert power over all of us. I'm sure you're familiar with the Talmud and with the Kalergi plan, correct?The Protocols might be "a hoax," but it's strange how everything in them is coming to fruition. 1 Regarding Israel and the Palestine affair, your people have been without a nation for quite some time, and post WWII, it took our best men and the rest of Europe to essentially depose a people of land they had been occupying for millennia and hand it over to a people who had infiltrated our societies long before.I consider our support of Israel to be a point of weakness, not to mention a complete waste of taxpayer dollars, but the Zionist wet dream would not be but a sparkle in the eyes of a Jewish child if we had not granted it you. Why did we do it? Well, Christianity played a large role. This is why I say that Christianity is essentially Judaism for white people, because evangelicals have always had a soft spot for Jews. Geopolitics played a big part, but the region wasn't as much of a concern then. Now, much more.The reason they hate you is because you took their land. Should everyone have a land? Arguably, yes, but you lost yours. Had you wanted it back, you only had to but walk in and take it. Instead, your people got us to do it for you. Now, Israel is more of a money sink than anything. We pour billions into a state that essentially gets our best weapons and resources and gives us little but geopolitical clout in return. How much is one miniscule stable state worth when the securing of said state created conflict to begin with?I don't think I even need to elaborate on the fact that Israel is able to have the ethnostate that Europe isn't permitted anymore. Why? Because ethnostates are strong, and we aren't allowed to be strong. Our Jewish overlords want us gone, and for the most part, we're acquiescing to their dictatums.I find it rather dry that you complain about Israelis being killed and Palestinians being upset when you got us to take that land back for you. Or are they not allowed to attempt to take it back?Remember the scores of innocents that Mossad and Netanyahu have killed in the "defense" of your land. Perhaps now the whites can be allowed a little leeway when it comes to the displacement of native peoples from their land.	Nation	Nationality - General	1/384	0.26

I'm a Canadian and as a child in 1970s Alberta I was very curious about WW1 and WW2. I wanted to know why it happened! So I'd ask my Uncles, who all fought over there during WW2 and they'd either say it was 'bad business' and that was the end of that conversation, or they'd flat out refuse to talk to me about it. Sadly all my Uncles were drunks and suffered severe PTSD in a time when there was no help for our loved and respected war Veterans. So they'd 'self medicate' with lots of hard booze just so they could pretend they were okay.Anyways, one Uncle did tell me something, that the bad business he spoke of was indeed bad business, he told me the jews were hard on people with their money lending and the high interest rates they charged, nothing was regulated. He told me hard working German folks lost their homes and/or businesses to jews because the fine print on a signed contract was as binding as the proverbial handshake. He told me that shaking someone's hand to seal a deal at one time was as serious as it got, it meant something even in a court of law, not like today where it means pretty much nothing . I remember those talks with my Uncle and I miss all my Uncles, they are all dead. As an adult I never once thought of researching the why of those wars till just a few years ago... <p>netanel steinberg answer the question. it's not complicated. The people who call themselves Jews are often atheists or far removed from believing anything the Bible says. Yet, will cite the Bible to manipulate others into accommodating or respecting their position. You refer to Christians as stupid, which is quite offensive because clearly they are mostly stupid for assuming good faith on the part of so-called faithful Jews. Which they are not by any stretch of the imagination. The truth is, the Jewish activity people object to is carried out by outright villains who hide behind claims of biblical promise, are protected by a community of nepotism and racist ideology . Meanwhile calling everyone else racist and sowing racial conflict everywhere. And, also, Mossad did 9/11. It's the truth. I'm not anti-Semitic. More and more people are waking up to this and other mischief carried out by SO-CALLED Jews. SO-CALLED. The constant aggressive victim act is only going to further aggravate people, too. But instead of heeding warnings to stop silencing and harassing every critic (see legislation around the world) the response is generally hutzpah to just double down and continue attacking regular society. I'm assuming your answer to my question is no.</p>	Racist	Ethnicity - General	2/202	0.99
<p>netanel steinberg no no, you are a liar. Shame on you. I do not justify the murder of anyone. Ever. There are laws against that. And the law of God forbids murder. But you neither believe in God nor his laws or words. Nor do you have any interest in truth.</p> <p>A few reasons why the so-called Jews get all the Jews into trouble.1. Usury2. Weaponizing Moral degeneracy via entertainment, music, politics.3. Subversive Political mischief in general (communism, for example) which has brought death and destruction to many. The Talmud itself just demonstrates the outright rejection of God in favor of new traditions. It's not the evidence of 9:11. Mossad did 9/11 because it brought the USA into endless military engagement with the 'enemies of Israel'. And there is plenty of evidence to demonstrate the point. The strongest argument so-called Jews have, to keep people away from the truth, is the aggressively instilled fear of being labeled anti-Semitic or a Nazi sympathizer (which often carries legal, professional, and social consequences). But there's really no going back once you see what's been happening. Just like there was no going back after seeing the truth about leftist ideologies, idols, atheism, etc. the truth about Zionist crimes and villains among so-called Jews is just another thing to get clear on. There are many areas that have been and need to be cleared up. This is just another area.</p>	Nazi	Ideological and Political Identity - General	1/239	0.418

michael cribb The smear campaign against Corbyn is A fine example Of Jews exerting way to much control then ironically claiming that any assertion relating to Jewish power is anti Semitic.Inverting the truth makes the most spectacular lie. And often that lie is harder to question so therefore becomes accepted as Truth. Probably find it in Statecraft and propaganda 101.Jews who want to protect themselves against anti semitism should stop supporting the horrendous terror state of Israel and political Zionism in general.Lord Rothschild was rad of the Zionist council when he received the Balfour Declaration. And to claim Zionism and Rothschild with all their war profiteering go hand in hand is now deemed anti semitic hate speech - as defined by our Zionist controlled media. Inverting of the truth again. Palestine didn't exist is now the Israeli trope peddled by Hasbara. Palestinians weren't a people. This is now the line they push: inverting the truth once again...The day that Jewish leaders start condemning this behaviour instead of supporting or turning a blind eye is the day that antisemitism will decrease and perhaps eventually disappear. Now watch the Zionists claim I'm anti Semitic for saying this.Of course those poor kids don't deserve that treatment it's disgusting. All minorities will experience something like this at some point. We don't need special laws and words (antisemitism) for when it is directed at Jews though.In America they are redefined anti semitism to include such broad issues it is dangerous and demonstrates Zionist power. Perhaps Jews are as indoctrinated as the rest of us if not even more? Antisemitism has been around as long as the Jews. It's part of human nature to be wary of the Jew. When I was a small child I heard my mother say to my father, "Did you know that the family across the road are Jews?". It always made me wonder what it is about Jewish people that gets them disliked all around the world. Strange but if you can't tell that someone is Jewish, you find yourself not having that prejudgement kind of attitude, but when they stand out as Jews, there's so much that sets them apart from society; their busy-body air, the out-of-place clothing, their nonchalance and superiority complex, but most of all, their religion. Muslims despise them most...Yet in Britain, only white, non Muslims are being encouraged to pretend they like Jews... My first job was delivering food for a Jewish family. They were lovely people and often invited me over for dinner. Yet their was nothing about them that made them stand out as Jewish, and that's my point. It's people that stand out in this manner that alienate themselves from the rest of society...	Nothing	Age - Youngsters	1/189	0.529

Thunder Emblem and why do you hate people that follow the Jewish religion? I dont 'follow' the religion (pray or anything) however I find it is much more affective to better myself as a human being through the betterment of myself. In all religions the vast majority are just following rules, not understanding the meaning of it, it's set up to keep people moral but it's called blind faith if not understood correctly and it is very destructive. But the same goes for any system in a country governed by laws, people lose the concept of morality as they just keep within the white lines, they are much more liable to be destructive if those rules are no longer enforced. That's the problem with guide lines, there comes a point where letting go of the 'crutch' is a healthy thing to do. As for your hatred, it's very delusional, have you ever interacted with a religious person (had a reasonable conversation or shared a meal?). Hatred is not healthy for you. In all societies there are good and bad people, but in general, historically, Jews have not been about enforcing their opinions on others as opposed to the christians or Muslims, who killed anyone in opposition who wouldn't convert to their ideologies. So where is the TRUTH in what you are saying?	Blind	Physical Identity - Physical (and Mental) Impairments	1/222	0.45

ONE SHOULD BE GOOD TO ALL HUMANS AND THE CREATION OF GOD TOO: ... Most of you don't condemn the Jews when they illegally kill and demolish Muslims homes in Israel...? Every thing has a time decreed...</p> <p>Care of Nature: Abdullah ibn Amr reported: The Messenger of Allah, peace and blessings be upon him, passed by Sa'd while he was performing ablution (washing hands and feet for prayer). Also, aside from some notes written by orientalists, Arabs, unlike Europeans, barely documented any numbers or any conditions of slaves in their lands, which makes it hard to see through that time. Anyways, I'm not justifying the Arab slave trade, but what I'm saying is that it was far better than the Atlantic. The Holocaust is their creation and concoction and who is the Cui Bono, the same thugs, Jew are the victims with other human.3. The conspiracy Theory propaganda words coined by their stooge CIA to cover the real killer of president J F Kennedy, as they kills their enemy, but they love to kill their friends more, remember 1st worlds ever terrorist attack on King David hotels in 1946, killing the British officers who stolen Palestine for these thugs, without the British might, these thugs never ever able to steal Palestine, so to say to them thank u, they blew the best friends of theirs and send them in body bags, that is the thank u from these Antisemite. They did that to American, USSN Liberty, an unarmed ship, their best freind ship which feed them and protect them, they bombarded the American unarmed ship to sink it in 1967 to blame Egypt and to drag USA and the west for their dirty wars to achieve their terrorist objective using the very people, the Christian, the Goim to achieve their objective to rule the worlds as they concocted to steal Palestine, and to destroy Middle East starting from Afghanistan/Iraq so be careful when's dealing with these thugs who wear the lamb clothes while they are the wolf, and the real Jew are the victims, 2 worlds war more than enough, we should expose these thugs while we have to protect the Jew.My advice to Those who love Jew, love Protection of Semite and want to prevent new Holocaust is to stop using the words:1. Antisemitism,2. Holocaust,and 3. Conspiracy Theory.replace it by the words Justice with zero tolerance, if you allow justice for all, Semite jew will be protected, but if we try to protect the weaPon of mass destruction, the Semitism, than you are protecting these thugs and victimizing the real Semite Jew,are u willing to go to next WW to protect</p>	Terrorist, Zero	Age - Youngsters, Religious Identity - Muslim	3/862	0.348

Muslims and Islam have ALWAYS hated Jews. Its not new. They may claim they lived in peace together but that was only when someone else was ruling over them... or when Islam was ruling over Jews. So long as Jews were submitting to Islamic rule - they had "peace".The reason the Islam hates Jews = because all of Islam claims all Jewish prophets in the old testament as their own (and even Jesus as muslim). For Israel to exist (and even just Jews existing) negates all of Islam and is finger in their eye because it proves Islam is fake and built off another's religion.	Old	Age - Over 65s	1/106	0.943

No one cares about Juden, as people. We did not care about them in National Socialist Deutschland: they did however declare war on Deutschland. Most of the world wants them to live thier own lives and shut up, live their religion, abide by their culture or whatever. However, the suspicion in the world is that much of the misaligned economies and personal wealth has been gathered by a few of these people which is causing huge unrest. Arabs and Persians are disgusted with this inequality to the point where they feel they must express this emotion on individuals. This is a political issue and it is to do with humanity and equal distribution of wealth: it is not race or religion. The concern is about the planet and resources. Believers would say they experience God. It depends how you describe God as and old white bearded man sitting on a chair or the forces of nature. Even scientist believe in Natural Forces. There is also a big question about evolution. Inanimate objects and live objects appear to evolve to higher and more complex level. From this people deduce this process has purpose. Allah in Islamic traditions is just described as time.Where I agree organised religion and religious orthodoxy causes problems as does utopian ideas. People are brainwashed in such organisations like Catholics hiding abuse. It is difficult to break the social norm in any group that even you belong. Indeed Palestinians often still use Jewish symbols above doors, follow Jewish Customs and on their graves. About 20 of peninsula Arabs have Jewish descent especially in Yemenis. In to the Desert was the obvious place to flee when the Romans came. Farmers did not as David Ben Gurion said. cool guy juice Agree with that. This is a key issue.Not all Jews are Zionist who support Israel, turning a blind eye to the evil the state represents in terms of its behaviour since its inception and the World Zionist organisation's behaviours before then.But the problem is most Jews do seem to support Israel unconditionally. They seem to have been more propagandised than the rest of us. Understandable with the holocaust being told as it is told... repeatedly in everyone's faces, with no mention of all the other genocides and massMurders that have taken place. We assume the holocaust narrative is to indoctrinate us gentiles but perhaps it's more about cementing the unconditional support for Israel and ZionismIn the Jews worldwide? Herman As a person who live in Poland I would say antisemitism in Poland is marginal. Have you ever been here?	Herman	Nationality - German	1/21	4.762

Herman: Well, Poland as a country never participated in the Holocaust. Germany is responsible for Holocaust. In fact actually Poland is the only country in Europe that during WW2 created a special organistion to help Jews which was called "Żegota". Also during German occupation Poland created underground courts which prosecuted traitors, collaborators and informators. Those polish courts were punishing to death polish traitors who acted against Jews so you can't say that Poland participated in Holocaust. There were only traitors who did participate in it and nobody is denying that but only less that 0,1 of polish population collaborated with Germans at that time so saying that Poland participated in the Holocaust as you did is just wrong and very inaccurate. The law that you mentioned was created to prevent false and inaccurate statements that could be misunderstood - mainly it was about the Polish death camps statement which suggests that death camps where polish but they were not. Some 600,000-700,000 Arabs have killed one another in the past seven years in the latest outbreak of this ever-ongoing conflict and millions more have become refugees. it has nothing whatever to do with Jews. Incidentally, your reference to Israel as a "pure jewish land" is a curious stretch, even for anti-Semites, since Israel has an over 20 minority population of Christian and Moslem citizens. Herman Browndog Yeah I know you find them pathetic, but perhaps they are more correct than you. Zionism is an ideology stemming from a non-religious mind. Nobody	Age - Youngsters	1/54	1.852
nnegromermaid: Well, can't imagine what sort of books you are referring to. You won't find any of this nonsense in a standard history such as "Peter Kenez's "A History of the Soviet Union from Beginning to End" which is very popular and easily obtainable on amazon.com. However, for this one (rather unimportant) question, why don't you simply Google "Jews in the Bolshevik Revolution" or "Jews in the Soviet Government"? You'll find that the proportion was about 5. Most Jews Russia in the early 20th century were religious fanatics living in scrubby ghetto villages in eastern Russia and western Poland, the so-called "Pale of Settlement." Few of them spoke Russian, and they didn't identify as Russians. The more educated Jews who lived in metropolitan areas were largely excluded from the armed forces, government work, or big business and had little political power. Nevertheless, if I were a Jew in Russia at that time, I would have most certainly empathized with the Bolsheviks and the early Communists. I can't imagine that Jews would have supported the Czar. Communism was an Utopian ideology and promised liberation and equality. It was only in the Stalinist regime that the Communist Party also turned anti-Semitic. Robbie Coombes it seems the gentleman isn't replying to you so I'll go ahead and reply to why I think that fascism gets a few things right, also, note that the things you hear about fascism in campuses and the media is only one perspective, one point of view, so I would like you to listen to me objectively, also I'm a German student so my English may not be too ideal.Fascism as an ideology focuses on having the government control aspects related to the country like the market, the banks, the companies, basically the government keeps an eye on everything related to the people in order to spot anyone trying to bribe themselves to the top.You may spot that corruption isn't very popular under Fascism the same way it is under democracy, this is because Fascist governments typically execute corrupt agents.Fascism also does not allow outsider companies and banks to sell their services to the people, instead it creates it's own corporations by and for the people with the goal of creating a healthier society, this is different than regular capitalism because capitalism doesn't care about your health or well-being, if a product makes money then no matter how harmful it is it will still get produced and consumed.Fascism refuses this and it also refuses letting outsiders give loans to your people because of usury, instead Fascism provides its own loans with no benefits, provided solely for the people to prosper.Other than this then fascism does sacrifice a bit of freedom, well, if your consider McDonalds and Nutella and the central federal banks to be freedom.Fascism also refuses alien ideals because it believes that they may be destructive, as I said, fascism has limited freedom compared to democracy, but that doesn't mean it's evil.People lived under good kings and bad kings.People live now under good and bad democracies.And if people wish to live under Fascism, then, it is their right. Robbie Coombes are Palestinians who want jews to die considered horrible people? Go around Palestine, everyone there wants to kick-start a Holocaust.Hate is bred this way.I'm sure Israelis do not hate Palestinians, but a string of events led to the displacement of Palestinians therefore Palestinians became racist towards their ennemies, the Israeli jews.It's the same thing with the native Americans, they were hateful towards the British because the British killed them and defeated them in war, therefore they became racist against the British.The Germans too felt persecuted by the Versailles treaty and the bankster jews who owned all German press and companies and squeezed germans of every scent they had after ww1 therefore the Germans began to hate jews, they first kicked them out, and later sent the remaining ones to prison camps along with war prisoners like poles and Russians.Do you see where I'm getting at? A dangerous path that this country is going down is that it does not make a distinction between anti-Semitic and anti-Israel.The two are not the same, people should be free to criticise a country based on its policies, internal & foreign.Today what is happening; is if a person takes an anti-Israel stance, they are labelled as anti-Jewish, which is simply not fair.Countries are run by parties which are run by people, people make mistakes. If criticism of those mistakes is outlawed by fear of being labelled racist , then we lay the road to a dark future where corruption goes unchecked. peace for all. Well, I think the problem arises in the perceived notion that some world Governments - particularly the USA - are heavily pro -Israel (which equates with pro -Jewish) in the minds of many. There is no doubt that the Jewish/Israel lobby (and how can you separate the two) is very powerful. Then there is the media! Rupert Murdoch - part Jewish and a Jewish/Israel supporter - has admitted that he uses his media empire to push HIS agenda. It could, also, be argued that the US support for "rebels" in Syria (prompted - many would say - by Jewish pressure) has lead to a humanitarian disaster for the region AND destabilised Western Europe. I'm not there all the time so not saying it doesn't exist but on this scale?Speaking to many Jewish people and athiest-jewish friends, the isolation is from within as with the muslim communities in Britain. I've only ever had one bad encounter with a Jewish person when I asked him for directions and he said 'you're not worthy of my time' and walked off. What an asshole that guy was.On the other hand I've been attacked and accosted many times while in predominantly muslim areas where I've been chased by a group of 6 or 7 20-25 year old muslim lads on my way home from work shouting 'no whites in this area after dark' they had sticks and throwing pieces of brick, I was bricking myself while running.Saying all that with Christianity on the decline, the disconnect between people is near complete. SamanthaS I'm identitarian married to a national socialist and I do hate the elite jews and feel they should all be hanged for treason against my people the white people. Sad thing is most of the 'conspiracy theories' about jews are true and they are making people who figure it out really angry. They sacrifice their own people, like you putting you in danger. I don't know how much you are willing to look into it but know then it will change your world. You shouldn't worry though on a day to day basis it is highly unlikely people will hurt you especially if you do not identify yourself as jewish. My husband or I wouldn't do a thing the media is making you scared for nothing . That said when national socialist regain power most of them I know want to expel or do worst to the jews. Thats why I know many jewish families are leaving europe. Because national socialism is on the rise especially among young people. I hope you have a good day	Nothing	Age - Youngsters	1/176	0.568

Jews aren't 'playing victims', just look at all the racist people over here attacking on them. People think Jews rule because they own banks and money, are you retarded?, that would be at most 1 or 2 families which happen to be Jewish, not an entire 25 million group of people, I saw poor jews living on the streets when I was in Israel, also most of the Jews in Israel and in the world are not even rich they are middle class. Also most bank owners in the world are no jews, for example the Rockefellers are not jews, Morgan is not jew, Murdock is not jew..etc Often ppl calling "jewish" those they hate, for example Kalergi was NOT jewish.. Does that remind you of any other religious group that are told the same..? A semite according to the english dictionary is a person or group of people who speak a Semitic language.. these can be called jews or arabs.. NO!.. because it sounds as absurbd as a person condemning the actions of the soviet union.. does that mean they hate all russians.?How could i stand for the liberation of one set of semites. So one can't be racist against Jews, a person can only be bigoted against us.Although I have zero respect for your Christian beliefs, I do appreciate your honesty concerning the accomplishments of the Jewish people. I just wish that you would also be as honest about the fact that Christianity is behind much of the Jew hatred in the world today. The fact that the Christian bible calls Jews the 'synagogue of satan' and says that we are responsible for killing your man god, are a few of the main reasons Jews have been so heavily persecuted over the last 2 millennium. U will be in hot water or in prison, here the Holocaust wether it happened or not, the sympathy evaporate when it replaced by Red tape, so either we should allow people access so they know the heinous crime and for sake of the victims, or we ban the taboo enforced on people's, and with it ban the use of Semitism words from the dict9, and replace it with the word of justice for all, here we can protect the Semite or none Semite, and take the privileges from those Antisemite Zionist who uses Jew for their narrow political objective. <p>”Hate crimes” or should we call them what they are ”crimes” have not increased, they’re just playing with statistics to support an underlying message that the UK is not what it once was, just because it wants out of the EU - which has nothing to do with Israel or the Jewish. In case you didn’t know they’re not in the EU.The UK has been multicultural for decades, even before the EU in 1993 and EEC in 1973. Does everyone forget the Africans from Ghana, Nigeria, Gambia, South Africa... In the 1940’s 50’s and 60’s, then Indians, Pakistani... In the 1970’s and the Chinese in the 1990’s. The EU had nothing to do with that, nothing about closing borders or keeping people out. We just want fair immigration and a level playing field for all.anti-Semitism is just a tool used to shame and silence a valid concern over EU immigration and it has nothing to do with the Jews or any other race, creed, colour or religion. Its just press and media manipulation.Every country has a minority that is unhappy with difference. A true xenophobe (if you look up the definition). In the UK a Jew is not really considered a problem and never has been, but as with any large collective there is always a small minority that can’t understand, handle or accept difference. That’s not hate, it’s intolerance and ignorance.Hate is a very powerful emotion and one that is attributed way to rapidly to others simply to demonise them. How about teaching instead of punishing... Whites are native to the lands above the tropic of cancer, blacks are native to the equator areas, and all other variations are native to the areas in between the equator and the 22.5° tropic of cancer....all people are natives. I think we need to look into the definition of anti-semitism. I condemn all forms of discriminatory behaviour towards Jews, such as slurs, violence etc. But some people accused of anti-semitism have merely expressed criticism of Israel. Is someone a racist for criticising the actions of the British government? Of course not, so let's stop this nonsense. We already know Corbyn has made enemies in Israel for criticising the Israeli government, this is merely a smear campaign. Funnily enough Corbyn launched an inquiry in April 2016 to weed out anti-semitism.	Racist	Ethnicity - General	1/90	1.111

Why is there this exclusive term "antisemitism" for what is actually "anti-Jewism". The Arabs are a Semitic people, so why is it that Jews have a monopoly on this "antisemitism"?I think you will comfortably find that what people are REALLY sick and tired of is the constant moaning and whining about "antisemitism" especially when the phenomenon is not hatred of Jews per se but rather hatred of racist , nationalist apartheid policies pursued by the government of the entity currently known as Israel. With all this bleating, it's as if the Jews are forever the most persecuted people in the world! THEY ARE NOT. What about the Muslims in the UK who endure verbal and physical attacks? What about the Christians who endure similar? Yes, report attacks to the proper authorities. The problem is that the "antisemitism" propaganda machine has got people so afraid of being labelled as anti Jewish that they bend over backwards to appease and prove the contrary! ENOUGH! Not to say 'All Lives Matter' or anything but simply being brown means I get racial slurs pretty often and this is in Central London, I dress well and I don't wear any cultural or religious attire. You know what the difference is though? I can't change the colour of my skin much like other POC and as inconvenient as it may be to have people be verbally abusive, I get on with my day because I know I'm more intelligent than anyone who has the abhorrent mindset to be racist like that. This is not to say that anger or hurt over racism isn't warranted or that we should sit back and do nothing , but racism from what I have experienced and seen seems to be on the rise against most races, ethnicities, genders, sexualities etc. For some reason people seem to be becoming more backward. It's just slightly disheartening to know that it's taken discrimination towards a group of caucasian/olive-skinned people to get people really talking about racism again smh	Nothing, Racism, Racist	Age - Youngsters, Ethnicity - General	5/172	2.907

Because the policies they push for in their host countries hurt the native populations, and they have the opposite policies in Israel. They push for disarmament, mass third world immigration, globalist policies, but do the opposite in their country. In every western country they overwhelmingly lobby the other way. They control the banks, they control the media, they control Hollywood and the entertainment industry, and they denigrate and blame as much as they possibly can on the native populations, particularly Europeans (White Privilege is a Jewish concept pushed by Jews claiming to be white) using all of the above. At the central bank, they print money and loan it on interest. It's the active enslavement of everyone else. They're double dealing connivers. In their holy book it says that the gentile are cattle. They teach this to their children at a young age . They have a long history of attaching themselves to a host nation , robbing them of their wealth, eventually pissing off the host people enough for them to get kicked out (anudda shoah) and then they go on to the next country as woefully oppressed minority. They've been kicked out of hundreds of other communities throughout history, look it up. I could go for a while... Short answer is that they're smart, evil(immoral, inconsiderate, manipulative, selfish) people, and yes, everyone fucking hates them once exposed to them for long enough, and that has been the case for all of human history. Sure, there are a lot of Jews who don't fit this description, but it is true relative to other groups.	Age, Nation	Age - General, Nationality - General	2/263	0.76

Tell those people flashing cash off their Facebook Profile asking me to join The Great Illuminati through Rockefeller Records that the answer is, "NO!" <p>Pastor John Torell stated that he found a link between Jacob Frank, The Jewish Rothschild Bankers, and Professor Adam Weishaupt's Illuminati that Adam formed while attending The University of Ingolstadt. The Illuminati were a dark communistic secret society bent on taking over the world from within. They were also highly known for infiltrating top levels of The Freemasons and The Vatican long ago after their founding in May of 1776, the same year our U.S. Constitution was written here in The United States. The Illuminati also had sub-objectives. One was to rob children of their poor mothers. Of course, CPS does that often. Another sub- objective was to rob people of their property. Of course, bankers do that slowly with Interest that they charge. Of course, eventually widespread famine follows Hyperinflation as taught through Economics Class through college. Ever look at The National Debt Clock Online? Would you like for my to share my "Principles of Economics" book from college? I can share a link to that college book. Hyperinflation is caused when a nation can no longer pay down the principle on The National Debt and all that a nation can do is pay down partial interest on the National Debt. Prices on items increase faster and faster as money deflates in value to the point where inflation itself spirals out of control which is known as Hyperinflation. Money can become worth less than the paper it is printed on like what happened to Zimbabwe (recently), Yugoslavia (1992), Germany (1923), and is still happening in Venezuela today. Of course, another sub-objective by The Illuminati was to take control of the media in order to control the populous. Proofs of a Conspiracy was first written in 1798 but rewritten by The Americanist Classics (publisher) in 1967.</p>	Nation	Nationality - General	2/296	0.676
<p>Boomer I never claimed that there were no expulsions of the Jews in Europe. I am well aware of this fact even though I am not an expert on this matter (nor are you). What I was asking for was a reliable source to bolster the claim that Jews have been kicked out of 140 countries. Considering that in Medieval Europe there was nowhere near 140 countries in existence, I really doubt that anyone can prove that this outrageous figure is nothing more than a complete lie. The purpose of this lie, of course, is to make it appear that somehow the Jews were at fault for the behavior of Gentile Europe. Pathetic line of reasoning but one that many Jew haters try to hang their hat on to justify their sick hatred.</p>	Nothing	Age - Youngsters	1/133	0.752

Boomer You have not shown any evidence that Jews were expelled from 140 countries/kingdoms from the destruction of the Second Temple to the Age of Enlightenment. You certainly have not proven that there were ever 140 countries in Europe (today or in the past). You might have shown, based on mere internet research, that there could have been 140 countries in the entire world during the Middle Ages (I doubt even that). But your reliance on the internet shows that you have not done any real research on this subject and that you are hardly an authority in this matter. Neither am I. But I don't pretend to be otherwise. The bottom line for me is that this is not important. Some Jew haters pretend that the expulsions (however many) were the fault of the my ancestors entirely based on the assertion that the sheer number of kingdoms/countries that Jews were expelled from proves that it must be our fault. That being said, the higher the number of kingdoms/countries claimed, the more they feel that their idiotic assertion has some basis. So they are motivated to exaggerate or even make up numbers to justify their hatred. And that is what I was trying to point out when I asserted that the 140 country claim has no serious historical basis and you have not proven otherwise.	Age	Age - General	1/225	0.444

<p>kfir Tixell Stop right there, Jews are an ethnic group, not a religion. I'm also from Africa so it isn't just Western European rule that's responsible for our pathetic state now. If we could pull ourselves up then we would.And see, the difference is that Christians (only the Western European ones as they experienced division upon division, the Eastern Orthodox have done absolutely nothing on that level and have suffered far more under the likes of the Ottomans and the Bolshevik Jews) actually acknowledge their wrongdoings, which is a huge part of how the Jews are manipulating them into destroying themselves meanwhile the Jews have no regard for the 'goyim' or for their actions towards us.And another thing, all of humankind has conquered and fought one another since time immemorial, it's no use trying to guilt-trip people over that. Heck they were quick to screech loudly about how Trump (who basically works for you people) used 'America First' as his slogan, and tried to make it out to be anti-semitic (which I now understand why). Back to my point about the danger your elites pose, moderates such as you are a shield to them, excusing their actions for no other reason than that you belong to the same tribe.Difference being that the Bible is mostly followed in terms of the New Testament, and the OT is pretty much the Torah. It's also not kept secret from anyone or watered down to conceal anything.As I've said before, there are many reasons I never wanted the JQ to be real or to have the answer that it does. I could bring up the good things your people have done, things that have a lot of value to me in particular, but they'd be smacked away as irrelevant in comparison to the bad. And they would be right to do so.Look, I can't say I hate Jews, nor that I like them. But whichever one of these is ultimately irrelevant in the face of what's truly going on with you all, and it's on this way that I must stay. To see what the real truth is in the end. All I know now is that you lot don't have the real truth on your side, with all the censorship, subterfuge, silencing, distortion of reality, and more. The American government, Saudi Royals and Deepstate, Pakistani Deepstate and Israeli Deepstate, along with the UK deepstate planned and executed the attack on the WTC on 9/11/01; Israel is a fiefdom or a puppet state of the international elite, despite the overwhelming power of the Israel lobby, Israeli military does not do something unless the US approves. On numerous occasions US deepstate operatives have gone against Israel, in fact Obama and his lib elit prog cognoscenti made the Iran deal and concessions to PA, this is something Zionists do not approve of, would you say that George Soros is anti-Establishment? No? then why did he attack Israel financially? why does he disapprove of the settlements and pays little to no attention to zionist causes? why is he hated by Likud and others? Im only explaining what the situation is. The Israelis are not in charge, no one is, the US and their attack dog/ward, Israel, are aligned with NATO which is a bulwark against th Eastern powers. There is nothing else. Normative statements are meaningless, the material conditions, and the Elite, determine geostrategic and geopolitical outcomes always. This is an iron law. All grass roots movements are rooted in elite backing or elite squabbles. Right now Russian and Chinese are at war with the West, we're in the middle of a cold war. <p>The actions of Israel and powerful Zionists is not a reason to abuse Jews on the street. Right wing people have been abusing Jews forever. Left wing people need to cut it out and we need to get back on the side of love for the Jews. Most Jews don't want war in Palestine and most want a peaceful solution. It's the fault of Zionists, Islamic terrorists and the Americans that we can't have peace. Condemn violence on all sides (as Corbyn does) and work for a peaceful solution, as Corbyn did in Northern Ireland. He's the only major politician who has made efforts to stop this.As for Zionist bankers. We don't only want to stop them but all of the powerful bankers and rich people fucking over the world. Don't simply target the Zionists and don't compliment them by calling them Jewish. Zionists are anti-Jewish in their attitudes, just as Islamic terrorists are anti-Muslim in their's.Media need to stop using this to attack Labour too. I've got Jewish friends who are really offended by it because if you're not a moron you're aware that Labour did far more for Jews around the time of the holocaust (during and after) and it was Clement Attlee and Russia who delivered victory over the Nazis (whilst idiots credit Churchill and the USA who played a small role compared). Ever since Labour have done more. And to this day, antisemitism comes much more from Tories and antisemitism consistently rises under Tory rule. A couple of Labour MPs say bad things? They were democratically elected and until there's public pressure, it's simply undemocratic to expel them. If they're bad, then people shouldn't vote for them as MPs. I would say the same for the countless racist, classist, homophobic, sexist, antisemitic and/or Islamophobic things Tory MPs have done. Forget a few passing comments, Zac Goldsmith ran a whole fucking campaign for the Tories on Islamophobic rhetoric. A campaign more filled with hatred than Donald Trump's or Nigel Farage's. Needless to say, in London, he lost.All hate is hate. And the media focusing on Labour's small antisemitic problem and ignoring the mass hatred on many fronts in the Tory party is in itself, antisemitic. The Tories who stood by and did nothing and actually encouraged the holocaust all the way until now. My Jewish friends are very offended by the media using antisemitism as a political toy. <p>Conclusion We have seen that there are no reasons, either anthropological or historical, for considering the Jews as other than a definite, highly specialized type of humanity. From their Bedouin ancestors they have inherited certain characteristics, of which some have been retained to a notable extent unaltered to this day. Their retention of these ancestral traits has been favoured partly by the circumstances of their history as a people and partly by the original momentum possessed by the traits themselves. Among the more salient of these traits we may name:— (a) The non-territorial sense of nationality and ethnic unity, which makes the Jews prone to disperse by choice and prone to suffer compulsory dispersion kindly. This trait, which has a nomad origin, also makes it difficult, if not impossible, for them ever to feel rooted in an ancestral soil as the territorial national feels. (b) The inability to grasp or accept an institution of property, in which mutual obligation is implicit, in which privilege is proportionate to responsibility, and in which the contribution of the community, either present or past, has made it impossible to isolate property as a possession to be enjoyed individually, or divorced from all ties or limitations. The nomad may know of a family contribution, but not of a communal contribution, to his property, and when he packs up his tent and his household goods, and drives his flock before him to a new pasture or a fresh oasis, he can recognize obligations to no man. (c) A distaste for those forms of gaining a livelihood, or of sustaining themselves and families, which involve manual or generally physical labour. The Bedouin is at bottom the antithesis of the horny-handed son of the soil, and his tastes differ accordingly. (d) A capacity for hardness both to themselves and others. An individualistic existence like that of the nomad necessarily involves periods of privation, hardship and lonely struggle often against equally individualistic rivals (e) A latent tendency to a democratic and Liberal outlook, which becomes active and militant when Jews are faced with the problem of establishing themselves among a Conservative people. This democratic and Liberal tendency has two possible roots — the habit of individual freedom and of owing obedience to no man in a nomad state; and the recognition by the Jews, when they find themselves faced by a Conservative people or a people organized on aristocratic lines, of the usefulness of siding with and supporting all those elements in the land which are undermining the Conservative and aristocratic traditions, and (f) A seniority over all those types of mankind which have had a relatively much shorter connexion with civilized and urban life. This has endowed the Jews with a superior shrewdness regarding all the circumstances and problems that are likely to arise in closely herded urban communities. (The psychological insight and the intelligence of the Jews may be merely other aspects of this seniority.) This trait, as we have seen, springs from the Jew’s millennial association not only with civilization but also a civilization of trading and urban centres. Further traits which manifest themselves as the result of the above innate tendencies, when Jews find themselves among a people more recently civilized than themselves or organized on an aristocratic, feudal, and mutualistic institution of property, are:— (1) A general intolerance of all the</p>	Ethnic, Nation, Nationality, Old	Age - Over 65s, Ethnicity - General, Nationality - General	6/1458	0.412
--	----------------------------------	--	--------	-------

<p>Prudence would, therefore, seem to dictate a policy of exclusion both of the Jew and his influence from all those departments of English life in which his influence may so alter the character of the nation as to make it lose all its specific qualities. Thus it would seem hardly needful to state, if we desire to preserve that character and those qualities, that the Jew should be excluded from all those positions in which the chance or opportunity occurs of fundamentally modifying the character and customs of the nation. For, whether intentionally or not, it would seem as if the Jew could not help modifying these national features in a non-Occidental direction. On the other hand, there are grave logical objections to these apparently obvious policies. (a) For instance, our data above have shown that ever since 1655 English life has undoubtedly become more and more Judaized — that is to say, that the people of this country and the life they lead have tended to approach more and more to Jewish standards or to standards under which the Jewish character flourishes. Would there be any sense in now excluding the ethnic Jew, when his Gentile counterpart, his Gentile pupil and slavish imitator is everywhere enthroned by his side, and in greater numbers than the Jews themselves? Is there any sense in excluding the creator of a culture if you retain his values? Modern English life is bristling with evidence of the victory of the Judaized Englishman and of Jewish values. What sense, then, would there be in so empty a gesture as excluding the ethnic Jew and retaining his Gentile understudy? What purpose would be served in excluding the Jew and in continuing to worship at the shrine of his idols? No exclusion of the Jews from the administrative or cultural life of England, therefore, could be more than a piece of shallow, hysterical patriotism, if it did not contemplate and include the far more fundamental but infinitely more difficult task of freeing the country of its wrong values. And all bodies of Englishmen who seriously wish to recover English civilization at this stage cannot be regarded as any more than emotional and hysterical flag wavers if they do not see the compelling need of that infinitely difficult task — the task of accompanying any gesture of organized reform by a frontal attack upon the Judaized elements in their kith and kin and their own Judaized values. (b) In addition to this necessary warning — the burden of which has been to some extent, though not wholly, overlooked in Germany — there is a further difficulty that requires stating, and it is a great difficulty which is peculiar to England as the head of a great empire. The difficulty arises from the complicated problem of administering even by proxy a vast area such as the British Empire, in which scores of different races have to be treated as legitimate British subjects. And it is very questionable whether, at this stage, we can revert to a policy which even the Romans considered injudicious, of withholding full civic rights from any ethnic unit within the length and breadth of the Empire. To differentiate our policy in this matter according to what kind of people we are dealing with, and to make one adverse exception in the case of the Jews, would hardly be practicable, more particularly as we know from history that the Jews received equal rights in the colonies long before they did in England. All of those quotes are false misinterpretations that do not come from the Talmud. I'm assuming you got all of this from antisemitic websites. Although he preached new things and was not accepted by the community, Jesus was a Jew. (you will disagree with me on that but most Christians and all Jews probably would not.) Please be aware of the fact that the actions of people living in a society thousands of years ago do not reflect the mainstream opinion of Jewish people today. If you are going to criticise Judaism based off quotations from religious books, you have to quote the Talmud, as it was written by Rabbis as an interpretation and is a largely accepted source of religious authority. Much of what was written in the Torah was contributed by ordinary men who do not hold religious significance who's outlook was reflective of the current culture therefore their opinions aren't really significant. I will also mention that there are morally questionable things in ALL of the religious books so if you are going to attack a religion based on quotes you found on a website, I hope you are holding other religions to the same standard. You also shouldn't hold everything in the Torah or the actions of Jewish people centuries ago against modern Jewish people. People interpret religion in different ways. Many Orthodox Jewish people, for example, are misogynistic and as a Jewish person I think it's gross but it's arguably part of that religion.Same with every major world religion except Sikhism. There are many conservative Christians who are homophobic and I think it's sad. I could find violence encouraged in every religious book but I will not use these things as an excuse to hate that religion as a whole or everyone who practices. There are faults on both sides. The Jews make no effort to integrate, in fact the opposite is more often the case, and people are scared of the things they do not understand. I don't think anti-Semitism, or more accurately anti-Judaism (the religion as Jews are not really a race), is obviously any worse than it was in the past. I remember at school, in the 1980s in Scotland, the only reaction to the holocaust I heard from the kids in my class was, "It's a crying shame! They should've killed ever last greedy Yid . Wasted opportunity. It's so sad!" The only other comments I heard were worse. I was sitting in that class suddenly in a state of shock. I never imagined such a reaction to the holocaust, but as I looked around the class I saw every last kid was in agreement with that horrific anti-Jewish sentiment. They all hated the Jews completely and absolutely, every last one of them, it was terrifying! They were nearly all Scottish protestants, from white and very middle-class privileged backgrounds, so the fact that they despised the Jews like that was really quite a surprise. There are a lot more Arabs and African and Chinese than white men, yet white men have disproportional presentation in key positions. So you are more like the liberals' diversity, where you have to have an presentation of all races/genders/sex in key position. If having too many Jews in key position bother you, then having even more white men in key positions should bother you too. Edit: That's also why black people and liberals hate Jews so much. No it's anyone who does not accept Jews in a higher position in any society, not just the western society. But everywhere the jew goes, he will be watched, he will at times be systematically stopped by becoming successful either by social pressure or other subtle forms of stopping the jew from succeeding either by the society disallowing the jew from being 'right' and always being 'wrong' even when he's right. Despite the Jew fairly and wholeheartedly trying to progress in the society. There will always be those groups of people who will try to stop the jews from gaining influence. The gentiles know about this, but now we do as well. So you better respect jews and show some sympathy instead of being so hateful and all so rejectful of jews. You can't keep on claiming the jews are there to stop you when in fact they have always been there to help, progress and contribute to YOUR society! Much respect for that. And there should be no respect for those who hates Jews and loves Hitler and the old days of Europe when a European Nazi was shaping their countries into extremist-fascism and extremist-nazism and Anti-Immigrationism and Anti-Multiculturalism. This exact reason is why Liberals have won the peace prize throughout time. The Alt-Rights were always the violent racist , Anti-semitic feces of Europe. The Liberals were the saviours and beauties and Moral Heroes of Europe. And they will always be. No matter how you look at it, history shows the truth and the truth is as I just told you. Good day. Why is C4 blaming JC's leadership of the Labour Party for the despicable antisemitism that has been on the rise since 2010?! It's as ridiculous as blaming the Labour leader at the time (who himself was Jewish). Such lazy journalism. What are you trying to achieve in just three minutes?!? Do a complete analysis of the religious and non-religious reasons, the social, historical and geopolitical contexts, etc. For example, is the UK more antisemitic than our European neighbours, or the US? How is it affected by a person's socio-economic status, race , religion denomination, etc? How have levels changed in response to Palestinian uprisings or bus bombings in Israel, etc? But no, that would mean doing real research, instead just say it is Corbyn's fault!	Race	Ethnicity - General	1/124	0.806

Hmm why does Corbyn seem to have one of his main policy positions, based on opposition to Jewish nationalism in a far away part of the world. He is not Jewish and he has no ties to Israel/Palestine. Not necessarily anti Jewish, but it makes you wonder why he has a special interest in Israel, but not in say South Sudan, Tibet, the Sahara region, Turkey/Cyprus, Turkey/Kurdistan etc. Why has he devoted a huge amount of time to Israel, which the UK does not even share a border with? He has also resisted a lot of pressure to not recant his position lolIt's actually christians who think jews are magically "better" than they are (read Freud) and this is the heart of much of the antisemitism from the middle ages till now. Ironically, studies into IQ proved that out of all the ethnicities, Jews actually WERE the smartest race , proving that all the white supremacist eugenics was BS (this also explains why Jews were generally more successful on average). Whites actually came third. It was Jews, East Asians (e.g. Chinese, Koreans, Japanese etc.) and then whites lol I think the mean difference was something like 14 IQ points, which is a gigantic difference in IQ. This is one of the reasons why Jews have won something like a third of all the Nobel prizes despite being 0.5 of the world population and much of it won during severe descrimination in the early 20th centur. Maybe for the "simple" fact that it is a illegitimate state which popped up out of nowhere on Palestinian land then expanded pushing the natives out further and further. Daniel Bostock "it's few and far between. The average Muslims hates Jews, the average white is indifferent."[citation needed] because at the moment I'm basing this on the assumption that you're a white man (which, of course, automatically makes you smarter than everyone else, to suggest otherwise would be racist) who knows all about the "average Muslim" and is totally not projecting their own opinion onto ALL average whites.
