Nah Rom you are not old. You look like a young soul in an older body. You are how	Old	Age - Over 65s	1/21	4.762
you feel.				
Hey Rom. Since you brought up the subject of age, can you address the topic, "hitting	Age, Black, Lame	Age - General,	5/66	7.576
the wall" in relation to women and men aging. I hate to hear men dogging women for		Ethnicity -		
becoming something inevitable, older, as if their mothers and grandmother's didn't age.		Black,

Ageism. Racism, whatever isms. We cant just openly exclude people but America is finding more subtle ways to do this. It's just another way to remove ppl out of the conversation and ultimately exterminate them. The second leading cause of death in the us is now is suicide. Anyway stay strong folks, show some humanity for each other and acknowledge each other. Peace	Ageism, Racism	Age - General, Ethnicity - General	2/63	3.175
I did like the old Cats told me to do as a kid growing up in the ATL, 'kept waking up'. Next thing I know I was the older Cat, 50. I found out that everything they told me pretty much was right. Glad I listened to their game. Younger dude need to pull out coats to learn this Black man game like we did. It'll save em a lot of mistakes, time and money. The new generation that listen to all this mumble rap bs are the ones that started really disrespecting they elders. It's cool, they're going to look 60 at the age 30.	Age	Age - General	1/31	3.226
My response is the same when someone says something about being old, washed up, hit the wall or whatever. I'm like what was the other alternative to hitting the wall?? Death is the only way to forever preserve your youth. I'll take growing old. For me it's an opportunity to be here and watch any descendants I may have navigate life!! I can help to steer them down a better path than the one I took. I can help them when they need help. All four of my grandparents are still alive and they are 90+. I hope to be here for even longer than that! Here's to growing old	Old	Age - Over 65s	3/112	2.679

I fully agree with you Uncle Rom. I hope I live a long life and continue to look young for my age at 36. Mixed race relationships have been happening since the dawn of time.	Age, Race	Age - General, Ethnicity - General	2/35	5.714
Great point!! I've noticed that being older is more of a negative thing amongst us black people!! Young black people are quick to call you old to make it seem like your not important!! Seems like we have gotten away from respecting our elders!!	Black, Old	Age - Over 65s, Ethnicity - Black	3/44	6.818

It's unfortunate. Elders, especially Black ones, have shown they had what it takes to	Black	Ethnicity -	1/19	5.263
survive. They are a resource.		Black		
Today's youths only think about what is "instant" and now Most young adults don't respect their elders They cuss, talk nasty and are down right just ugly acting They tape and post "Everything" If you tell them there's a monster at the end of the road They will respond, how big is it and does it have a name? With age comes wisdom Is a saying you really don't understand until you have lived 40+ years" Keep on trucking" to the 50+, still doing it and doing it well There are a large number of adults < 50	m Age	Age - General	1/113	0.885
with serious illness and laying up in a Hospital bed Excellent Topic! Mr.Rom				
Unfortunately most don't realize that we all age until after 30, for some even 40. Delusion lacks foresight and many young Americans fail to plan beyond their upcoming weekend party. Times are certainly changing and aging is that truth that exemplifies our vulnerability as mortals. Aging in the past was seen as an honorable process but then commerce became one of the highest honors and corporations created anti aging creams, Botox and other illusions. The saying goes everyone wants to get to heaven but no one wants to die.	Age	Age - General	1/89	1.124
Well said. This is why I laugh when people mention women hitting the wall. We ALL will hit the wall. It's called aging! The only way to escape it is to die. Take care of your health (mental, physical, emotional, spiritual and financial) when you're young and you'll age gracefully. The older I get , the better I look , I'm 36 and I date tons of 18 years old girls that the younger guys will never have , I'm NPC BODYBUILDER COMPITTITOR and fitness model and as long as you take care of yourself mentally, physically, emotionally and spiritually, age will be just a number .
